Two Thousand Sympathizers of Street Car Strikers Go After the Twenty-One Imported Men.

STRIKE-BREAKERS FLED TO SOUTHERN DEPOT And Left Asheville of First Train—Mob Tried to Storm Hotel Where Strike-Breakers Were Quartered.

Asheville, N. C., April 27.—Promoted a departure by the audibly uttered threats of a mob of two thousand people surrounded the hotel in which they were lodged, twenty-one strike-breakers brought here this morning by the Asheville Power and Light company for the purpose of taking the cars to the striking street car men, and a hasty retreat to the Southern depot in carriages this afternoon left the city.

Major Pleaded With Mob. Heroic work on the part of the local police department prevented the storming of the hotel in which the strike-breakers were lodged, and Major Rankin had to plead with the mob in person before his members would allow the strike-breakers to enter the carriages in safety.

STRIKERS ORDERLY. The strikers, eighty-seven in number, were orderly throughout the day but up to midnight tonight had secured no agreement, and the strike remains at about the same status as at the beginning yesterday.

PLEADS FOR BETTER SOCIAL CONDITIONS

Rev. F. M. Crouch Asks People of Atlanta to Forget Their Religious Differences.

That the people of Atlanta should forget their religious differences, and, regardless of denominations, plunge into the work of bettering social conditions here, was the contention of Rev. F. M. Crouch, field secretary of the joint commission on social service of the Protestant Episcopal church, of New York, from the pulpit of St. Philip's cathedral yesterday morning.

BEAVER BUYS STOCK IN RIVERSIDE ACADEMY

Of great interest in preparatory school circles and among prospective students is the announcement made Saturday that Professor Sandy Beaver of Stone Mountain, has bought a large block of stock in Riverside Military and Naval academy, and will assume active management of Riverside on the first day of June.

This announcement is one of the most interesting which has been made in preparatory school circles in recent years, for Professor Sandy Beaver is one of the best-known and most popular preparatory school principals in the south.

While a student at the university, Professor Beaver was a leader in athletics, and was elected captain of the famous baseball team of 1901, when only 17 years of age, and thus became the youngest baseball captain in the university has ever had.

Riverside Naval academy, located on the banks of the Chattahoochee river and Lake Warner, conducts the only preparatory naval school in this section, and an account of its splendid water facilities for aquatic sports, it has become known as "The Culver of the South."

COMMERCIAL FERTILIZER HAS BIG GEORGIA SALE

Reports from the headquarters of the various fertilizer factories and the mills which operate mixing plants in Georgia, located in Atlanta, indicate that the tonnage of commercial fertilizer which has been hauled from the oil mills and warehouses in this state during the week just closing has been one of the heaviest of the season.

The wet weather throughout the spring has put the farmers behind in their planting, and they realize they must depend, largely, upon a heavy application of commercial fertilizer to have their crop up and fruited in time to escape frost. The number of fertilizer bags sold by the department of agriculture indicates that the demand is expected to increase during the next few weeks.

President Returns From Outing Feeling Stronger—Busy Week Is Ahead.

Washington, April 27.—Rested after two days and a night of quiet aboard the yacht Sylph on the Potomac river, President Wilson returned to the White House tonight shortly after 9 o'clock.

The president, who was accompanied only by Dr. Cary Grayson, white house naval aide; his youngest daughter, Miss Eleanor, and a secret service man, gave out to the press the following official papers with him, and the Sylph's wireless was not used until late today, when a message was sent notifying the navy yard of the hour of return.

CLAN O'HARA TO BURY DEAD THIS MORNING

Clan O'Hara, 400 strong, are flocking to Atlanta from all directions for their annual memorial services in honor of those of their number who have died within the past twelve months.

All members of this clan who have died since the last annual burial have been stored in vaults for the interment which will take place today.

MAKERS OF CORDUROY WANT PRESENT TARIFF

Manufacturers of cotton corduroys, velvets and plushes have petitioned Mr. Underwood that the present rates of duty on these articles be continued, saying that the industry has prospered practically the growth of the last twelve years, and the total output is now only \$2,000,000 a year.

The process of manufacture is a difficult one, according to the petition, because the foreign operatives are much more efficient in the process of training local operatives; they have imported dyers, finishers and cutters from abroad.

FUND OF \$3,000 ASKED FOR SOCIAL WORKERS

Effort Will Be Made to Raise Today the Expenses of the Sociological Congress.

"A convention fund of \$3,000 before night," is the slogan of the 400 club, which comprises all Atlantans who are in sympathy with the Sociological congress and its fight for the solution of human problems, provided they prove their interest by a contribution.

Every business man in Atlanta is urged to mail his subscription to The Constitution today, as the current expenses of the Sociological Congress can be defrayed by a popular fund, instead of resting on the shoulders of a few social workers of Atlanta.

The Atlanta spirit which raised a tremendous "convention fund" for the Shriners' convention over night for fostering an entertainment will not fall when it is asked to contribute to another cause, the cause of civic progress and humanity," said the chairman of the Atlanta convention committee last night.

NEW SHORTSTOP PLAYS TODAY

May Be Crackers' Utility

The Crackers' speedy little infielder, who may be carried as the utility man of the club this season, he showed up so well in left field Saturday afternoon, and has been hitting so timely, that if Williams happens to grab off the regular shortfield berth, Keating will probably be retained in utility roles and Dobard and Kernan dropped. Keating goes about his work in such a businesslike manner that he makes a hit with the fans, who have pulled for him every game he has played. They would much rather see him in the game than Dobard.

Crackers Play Volunteers Again Today and Tuesday; Then Off On Long Journey

The Crackers and Volunteers hooked up at Ponce de Leon park again this afternoon. This will be the second game of the series, the final game of which will be played Tuesday afternoon. Southpaw Gilbert Price will be star at the Volunteers by Manager Smith, with Joe Dunn handling his skunk back of the pitcher. Just what Bill Schwartz will send in against the locals is a matter of guesswork entirely. He may send Charlie Case, who only pitched to four batters, back at the Crackers, though it is more likely that Southpaw Williams will draw the assignment, so as to make it a southpaw duel.

Shortstop Williams, the youngster sent to the Crackers by Manager Clark Griffith, of the Senators, reported Sunday at noon. He is a slim fellow, built apparently for speed. With Newark, in the Ohio State League last season, he hit at a .324 clip and if he can keep up that clip in the Southern league, the attack of the Crackers is going to be further strengthened.

There is some doubt, however, of Williams staying here. Manager Smith presented him with a contract. Williams refused to sign at the figure the document showed. Bill told him to sign it or leave it. He has heard nothing from the infielder since.

"I am getting tired of these fellows demanding all kinds of salaries before they will sign what they have got," said Manager Smith last night. "If Williams gets in there and delivers the kind of ball I want at shortstop, then I may pay him the figure, but he'll have to sign at my figure first. If he doesn't, he can catch the first train back to Washington."

Batley's Foot Sore. Harry Batley's foot was still pretty sore Sunday. The speedy left fielder wrenched the big toe of his left foot in sliding into the bag Saturday. It all depends on how he feels this morning whether Manager Smith will ask him to play in today's game.

The line-up of the Crackers is, therefore, very much up in the air. If Williams does not play and Batley does, Keating will go to short. If Williams plays and Batley does not, Keating will go to left. If both fail to play, Keating will go to left and Dobard to short.

But Manager Smith believes that both Williams and Batley will be in the

Gulls Win Two.

Memphis, Tenn., April 27.—Mobile defeated Memphis in both games of today's double-header—6 to 2 and 3 to 0. In the first game, Robertson and Kroh were both hit hard, but the former had better support in the pinches. In the second contest, Cavet, Mobile's pitcher, was master at all stages. In the first game a sensational catch by Schweitzer prevented a possible Mobile tally. D. Robertson performed like service for Mobile. Love, of Memphis, is credited with five hits of a total of eight times up. He also accepted eight chances without an error.

SALLY LEAGUERS MOVING EVENLY

Early Results Find Little for Fans to Base Their Predictions On as to Outcome of League Race.

(By Associated Press.) The six teams of the South Atlantic Baseball league got into the 1913 pennant race in earnest during the past week, with the result that there was considerable shifting in the percentage column. There were no phenomenal developments, however, and in the outcome of the nine games played by each club to date fans find little upon which to base predictions of what special features the season may bring forth.

Heavy-hitting and numerous errors have characterized the play of all teams. In most cases ragged fielding has been the rule. The fact that errors have been so generally distributed, may be taken to indicate that when the teams roared into midweek form, some radical readjustments are like to be made in club standings. Exceptionally favorable weather has obtained, the first thirty-six scheduled games being played without a single postponement. Clear skies, too, have brought out unusually large crowds, tending to boost interest in the pennant race early in the season.

FOUR LEAGUES OPEN SEASON WEDNESDAY

The New York State league, the Central association, the Tri-State league and the New England league will open their playing seasons on Wednesday. This will leave only a few scattering leagues who have not opened their seasons as yet.

The Georgia-Alabama league will open its season May 5, the Southern Michigan and the Ohio State May 7 and the Empire State May 12.

Empire State League Opens First Season Next Thursday; Great Interest in All Towns

Waycross, Ga., April 27.—(Special.) Next week the Empire league, organized in Waycross last November, begins its first season. The opening games will be played Thursday. Waycross opens in Brunswick, American in Cordele and Thomasville in Valdosta. Advance dope from the members of the league report great enthusiasm, and indications are that there will be record-breaking crowds on hand to witness the games. Warm, clear days are predicted for the three opening games.

The Managers. Whitey Morse, formerly with Atlanta, more recently of the South Atlantic league, is manager for Valdosta, and has gotten together a speedy bunch of players. Eddie Keagan is manager for Cordele, and he has also secured a strong players—men who will make it interesting for all opponents.

Harry Webster is with American, and Charles M. Wahoo, the well-known graduate of Carlisle, past assistant coach for the University of Georgia, is manager at Waycross, and his team is one that will be in the race from start to finish.

Attendance Race. Waycross, Thomasville and American do not have any games at home until May 5, but great preparations are under way for record crowds on this date. By that time the attendance figures at Brunswick, Valdosta and Cordele will be known, and no effort will be spared to overcome the lead these cities are expected to get on May 4. A handsome silver cup is the prize the citizens are contending for, and each city says they have just as well as won the cup already.

WAKE FOREST NINE TO PLAY JACKETS TO PLAY JACKET

The Tech Yellow Jackets will play their first home game in three weeks this afternoon. The Wake Forest college team will have its opponents on Grant field, the contest starting promptly at 3:30 o'clock.

A game that will have a direct bearing on the outcome of the race in the Georgia Interscholastic Athletic association this year will be played at Stone Mountain today. The Riverside Military academy and the University School for Boys will be the contestants. Neither school had lost a game this season.

With Williams in the game at short today, things ought to break a little better defensively for the locals. And judging from his record, this boy can sting that old pitcher, too.

WHIFFS

May Be Change. A NEW SHORTSTOP may be in the pastime for the Crackers this afternoon. E. Williams, sent here by Clark Griffith, reported Sunday morning. If he and Manager Smith agree on terms he will be in the game this afternoon against the Vols. It is to be hoped he does, for he is sure to improve on the present occupant. Little improvement is necessary at that.

Send Him Back. IF DAYTON wants Dobard back it is our tip to send him back to the Central league. What he based his worth on to make it necessary for him to hold out as long as he did this spring before signing, has not been shown on the ball field. Dobard may eventually get going, but that is not the point. Humphill said the same thing about Pete O'Brien last season. He never started, and at least thirty games on the wrong side of the column were kicked away by him.

Hold The Lead. IT IS EASIER to make the other fellow pull you out of the lead than to try to pull him out. Manager Smith evidently thinks so, too. In securing a new candidate for the shortfield berth he is making efforts to strengthen the biggest gap in the club. And it is wisdom to strengthen while the club is going good and check any details that might result from one large lull.

Must Come Through. THE PITCHERS must deliver for the trip that is now starting the Crackers in the face, to prove successful. Brady, Price and Mueser have delly. Weaver will when his arm is fit to hurl a ball game. If neither Bausewein or Becker can show winning form, then the biggest gap of them all will be plugged up.

Are Much Better. THE STAFF is much stronger than the showing to date would indicate. Although the team has been winning regularly and doing all that could be expected of it, the hitting has been doing the work. When the present staff shows the form of which it is really capable, and with the hole at short plugged, the scribes in the other cities will not be talking so "sour grapes" like of the Crackers' winning ball games. The present clip will not be a circumstance to the clip the club will travel when the pitchers deliver regularly.

Pushing Us Close. MIKE FINN'S Mobile Gulls are pushing us closely. Winning a double-header yesterday from Memphis put them in the half game of which they lead. It certainly behooves us to crowd on our full steam in these two remaining games with the Vols and cop them both. Price ought to do it today. If Weaver is able to pitch, he can do it Tuesday.

Two Days Only. THE MANAGERS of the Southern league clubs have but two days in which to get inside the player and salary limits. If they want to make any experiments, they must do so today and Tuesday. Releases will come thick and fast in these two days. Three will be dropped locally in that time.

A Misstatement. THE NEW LIDS donated to the Cracker players for wearing the open top series with the Lockouts were not the gift of President Callaway, but of some enthusiastic local fans who entered with the major and had him make the presentation. The major's presentation made it appear as if they were personal gifts from the layman. Thus the incorrect impression.

In Fan Colony. PRESIDENT Woodrow Wilson is now a full-fledged member of the fan colony. His attendance at the game in Washington and his apparent interest in the games and his enthusiasm when the Senators were winning put him in the good graces of the fan colony of the capital. It has been given an ovation upon every appearance.

Poor Old Hans. HANS WAGNER is a poor old man. He has only been able to hit for thirty years of service. The Pirates need a better hitter. Fans all over the country will be pleased to learn that the great Dutchman is not out of the pastime for any great while as first reported.

MAJORS RUNNING SMOOTHLY NOW

Sifting Down to Normal Now. Rain Absent During the Past Week—Naps Are Going Good.

New York, April 27.—Major league baseball was favored with good weather during the last week, and the schedule was played out with but few breaks. The teams in the east took full flings at each other. Of fifty-one games scheduled, only three were postponed, although three tie games in the National league added to the already long list of double headers that will come with the season's advance.

The steady grind accelerated the leveling process in each section. This week marks practically the last of the sectional play, for within the next ten days the western circuit of the National league begins their invasion of the east, while the American league's eastern contingent starts its travels around the western circuit.

In both leagues, already there is a pretty race on for leadership, with the struggle in the National league slightly the closer to date.

The New York procession in the older organization, with Chicago, Pittsburgh and Philadelphia pressing the champions closely. The Quaker contingent and rather a poor week, looking ground rapidly in their races with the Giants, who took two of the four games played, while of the two that ended in a tie, one had been played to a finish in their favor, when an umpire's ruling brought matters back to even.

Both Chicago and Pittsburgh have shown class, and at present are fighting it out between them to determine which may have at least a temporary advantage in position. Johnny Evers' men have done better than many expected.

Of the second division teams, Brooklyn is just now making the best showing, its four victories with but two defeats, putting it substantially ahead of the week's play. St. Louis reversed this record and Huggins' contingent is thereby not so far ahead as it might be of Cincinnati and Boston.

Senators Taste Defeat. In the American League Washington tasted defeat this week for the first time since the season started, and only managed to break even on the six days play.

The Bostonians profited by their visit to the national capital, pulling away from the bottom of the percentage table rapidly, even by only splitting honors with the Senators. The latter by the same series had to surrender first place to the fast traveling Athletics, who now hold the honor by a good margin. The Red Sox seem to be gradually hitting their stride.

The fine work of the Cleveland team was a big feature of the week in the younger league. With five victories to their credit and only one defeat, Birmingham players have put themselves right up with the leaders and top even the Washingtons as the week opens.

Chicago only split even last week and started this week with a loss. St. Louis Browns are still leading the results, but the latter have expectations. One Ty Cobb played a large part in these, as the noted holdout has finally come to terms with the club, and will get into the game shortly, and materially strengthen the team on both offensive and defensive lines.

Supporters of the New York Americans have had few victories, so far, just two to exact. Manager Chance, however, is trying out the various combinations possible with the material at his disposal, and already has managed to bring in new blood, the hint that other important purchases or trades are impending is in the air, with developments expected shortly.

Brown 3, White Sox 0. Chicago, April 27.—Chicago was unable to do anything with Hamilton today, and St. Louis shut out the locals in the final game of the series. The White Sox pitched a double and a wild pitch netted another in the fifth. The day was chilly, and there was a small attendance.

TOMMY LONG TOPS LOCAL BATSMEN

Speed Merchant Is Hitting Close to .400 Mark—Alpermann and Agier Best Run-Getters.

The Crackers are hitting at a 297 clip as a club, including the game played after the Nashville Volunteers Saturday afternoon. In fifteen games they have scored 87 runs, an average of over five runs to the game. They have made 47 hits, an average of nearly ten to the game.

Tommy Long continues to lead the club with the stick, with an average of .377, with Wallie Smith in second place and Harry Welchone third. Graham, Alpermann and Dunn are also in the select 300 class. Long and Smith have pored twenty hits each, and lead in that respect. Agier and Alpermann are the leading run-getters with fourteen tallies each. Here are the figures:

GEORGIA BUNCH HAVE BUSY WEEK

Play Tennessee and Vanderbilt at Athens—Teams Just Back From Long Western Trip.

Athens, Ga., April 27.—(Special.)—The University of Georgia baseball team has mapped out a strenuous schedule this season. The team is just back from a week's rest on the southern college trip, and a rest Monday, will get into action again.

The Vanderbilt Commodores come for games Tuesday and Wednesday. These games will have a direct bearing on the southern college title, and derbitch has been mopping up in her section just as Georgia has done here and the results of the games will do much towards deciding who will fly the college bunting.

Friday and Saturday the University of Tennessee will be here. FLAMES GET BETTER OF TEMPERANCE TALK AND A GREEK FEAST

Dublin, Ga., April 27.—(Special.)—A fire, a red-hot temperance lecture by W. D. Uphaw, and a Greek feast were all staged in Dublin at the same time this afternoon, with the result that the fire brought an abrupt end to the latter two.

The fire broke out in a Greek restaurant, near on Jackson street, about 1:30 o'clock, and before the fire department could reach the scene had spread over the entire lower floor and burst out the front. It required some quick work on the part of the department to prevent its spreading to the building adjoining, but they got control of it before it had done more than get the lower floor and damaged the front of the second floor to a small extent. The greatest damage upstairs being from water. The building is the property of Mrs. Katie Leopold, and it is damaged about \$2,000, covered by insurance. The restaurant belongs to Leo Foulke, who was enjoying a feast when the fire broke out downstairs, the whole company immediately hastening down and aiding as much as possible in putting out the fire. The fire was first seen in the ceiling near a partition in the rear of the restaurant, and spread rapidly that nothing could be moved out.

W. D. Uphaw was lecturing in the courthouse about half a block from the restaurant when the alarm was turned in, and he, to use his own expression, "was raking some-backed blind tigers with a currycomb," but the fire got the best of him, and his audience hastily left to view the conflagration.

BLACK UNCLE TOO MUCH FOR GRAND JURY PROBER Thomasville, Ga., April 27.—(Special.)—It having come to the ears of the grand jury in session here during the past week that there were several illicit stills in certain sections of the county, they decided to go into an investigation of the matter. Several witnesses were examined, who, it was thought, might have some knowledge of the localities where the "moonshine" was made, among them being an old colored "uncle."

"Now, uncle," said one of the grand jury, "we want you to tell us if you know of any stills around where you live."

"Yes, sah; I knows er r good many arround dere," was the reply. "Well, uncle, can you tell us the name of an owner of one of these stills?"

"Yes, sah; Mr. Blank, he owns one not fur fum my house," said the old man.

"Can you tell me just exactly the place where Mr. Blank has his whiskey still?" asked the grand juror, eagerly. "Whiskey? He don't make no whiskey; he makes turpentine." And at the reply the questioner who had thought the witness had been playing a little as though cold water had been dashed on him. After explaining the difference between some stills and other stills he returned to the attack, however.

"If there should happen to be a whiskey still anywhere in your neighborhood, you would be very apt to know where it was, wouldn't you, uncle?" he asked, confidentially. "Yes, sah; I shud wud, 'cause ways I'd try mighty hard ter find out, fer hit wud save me havin' ter send so much ter Jacksonville." The witness was dismissed.

VAUDEVILLE AT FORSYTH FOR SUMMER SEASON There is keen interest in the establishment of vaudeville again at the Forsyth. The Forsyth is an ideal vaudeville theater, built for that purpose and equipped with every modern convenience, and even in the last report the theater-goer is not so far away from the stage that a performance cannot be enjoyed.

In the opening bill there are headliners and features coming direct from the most exclusive vaudeville houses. For next week the head-liner will be Gus Edwards' "Kid Kabaret," the latest vaudeville production of the master of song writers. This is a combination of boys and girls who sing Mr. Edwards' newest song hits in a most delightful fashion.

It is assumed that one of the song hits will be Frank L. Stanton's "You've Got to Stop Picking on My Pickaninny." Others on the bill will be Bella Stone, the pretty comedienne, and Max Hart's Six Steppers.

Oil Steamer Sinks. Baton Rouge, La., April 27.—The Standard Oil steamer Guthrie, one of a fleet of six Standard Oil steamers in the port of Baton Rouge, sank today near the wharf, and four of her crew of twenty-five are missing. It is believed they were drowned.

"Will you get me a maid?" The call came by phone. We put it up to The Constitution's Classified, and now there is peace in one more home.

BLAMES PARENTS OF J. A. APPELBAUM

Widow Declares That She Loved Man She Was Accused of Murdering and She Always Will Love Him.

Seeking with a woman's love to take the blame from the shoulders of her loved one, Mrs. Callie Scott Appelbaum, cleared by jury trial of the murder of Jerome A. Appelbaum, her husband, declared Saturday as she stood in the courtroom in West View cemetery, that the treatment of the man's parents had been the cause of his wrongdoing.

"He had many faults, and I know it," she said, referring to the disclosures of his past life, which were brought out during the trial at which her life was at stake. "With all these faults, I loved him, and always will, and I know that if Jerry had known when he killed himself (if he did that) that he was going to leave me in a position to be accused of being his murderer, that he would have taken some way to try to get me responsible for his death."

Claude Henderson, the woman's young son, led Saturday morning to resume his position in Montgomery, Mrs. Appelbaum, after she left the hospital, where she had been in the infirmary, where she was taken Friday night, following her collapse when her acquittal was read.

She declared that she would remain a day or two in the hospital, and after that she did not know what she would do, except that she must go to work and earn her living. She said that she had rather stay in Atlanta but for the fact that she would at ways be a marked woman, and that she could not live and hear herself referred to as "that woman was tried for killing her husband."

"There is one thing that I do want to accomplish before I leave, and that is to try to express to the fathers of the kind and considerate way in which they treated me," she said. "They were gentlemen, every one of them, and I want to thank the jurors, too, for the fact that they before I fainted from pure joy."

WITH THE THEATERS "A Butterfly on the Wheel." (At the Atlanta.)

Tonight the Long stock company begins its second week at the Atlanta theater, playing the sensational divorce production, "A Butterfly on the Wheel," the definite advertisement in Atlanta in the past. This play is a great success, but was a Shubert production and not booked at the Atlanta.

Miss Long and the members of her company will have had been the object of giving a fine performance, and every indication points to an enthusiastic reception of their efforts. Miss Long will be the first to reach the stage, and the leading man, assumes the role of the prosecuting attorney in the spectacular court scene. Other members of the organization have parts which will be given Wednesday and Thursday.

"Billy, the Kid." (At the Lyric.)

Of the many successes in dramatic plays which have been produced the past six years, those with their scenes laid in the western country have appeared in the most numerous. One of the best of these is "Billy, the Kid," with its scenes placed in the great southwest of the United States, and it is said to tell a story that appeals to all classes of amusement lovers. Some of the scenes are said to be especially realistic. "Billy, the Kid," which will be played in the leading role, will open at the Lyric tonight for a week's engagement.

Keith Vaudeville. (At the Forsyth.)

Keith Vaudeville at the Forsyth this week has a treat that theater-goers have been waiting for. For thirty-two weeks this sort of entertainment has packed the Grand, and its return to the Forsyth means hurry to get seats. The opening bill is of seven acts, the very best quality of the Keith sort. Sophie Barnard, Lou Anger & Co., in the delightful one act musical play, "The Song of the Heart," will be the great attraction. Charles Richards, the famous English comedian and eccentric dancer; Bud and Nellie Helm, the cleverest children in vaudeville; Gabby, the artistic pose artist; Misses Merial and "Just Two Girls;" Honors and LaPrince, French gymnasts; and Burr and Hope, in a novelty playlet, make up the bill.

GIRL FOUR YEARS OLD BADLY HURT SUNDAY. HIT BY MOTORCYCLE

Willie Belle Kellie, aged 4 years, lies at the Talmadge infirmary today with a broken thigh, fractured collar-bone and badly bruised face and body as the result of being run over by a motorcycle yesterday morning near Inman yards as she toddled to Sunday school with her older brothers and sisters.

Louise McCord, aged 14, son of E. L. McCord, of Inman yards, was riding the machine that struck the child, and it is stated that he was going rapidly down grade at the time. He lives in the same neighborhood with Mr. and Mrs. J. D. Clemmons, step-father and mother of the child, and his arrest has not yet been ordered. County Officer C. C. Heard is making an investigation in the case.

The accident happened about 5 o'clock on the Marietta road, and the child was taken to the home of her uncle, N. I. Baker, where she was attended by Dr. W. R. Cross of Inman yards, before she was rushed to the hospital. At a late hour last night her condition was reported as not necessarily fatal, although decidedly precarious. It was stated that she was apparently resting easily.

Wreck on Coast Line. Klamath, Fla., April 27.—An Atlantic Coast Line passenger train from Tallapoosa to Jacksonville ran into a mine at a place called Boggy Creek, five miles north of here today. The engine remained on the track, but the tender, two baggage cars and two day coaches were derailed. No one was injured further than being badly shaken up.

FOR BETTER ARMY GARRISON PLEADS

Secretary Says There Are Too Many Posts and that Army Is Not Getting the Proper Training for War.

Washington, April 27.—In a statement tonight Secretary Garrison, pointing to the American army scattered in small units throughout the country, impossible of coalescence for practical instruction in the larger tactical measures of battle, urged the immediate assembling of brigades and divisions periodically and temporarily in times of peace for war training, pending the adoption of a governmental policy for the adequate distribution of the army.

Epitomizing his idea, the secretary said: "I hope that war may never come, but in the present stage of civilization we must recognize the possibility, and it is with this idea in mind that I say I believe it will be well for us to have our legislators would make provision for the annual assembling of at least one division as a school, wherein our officers might be given that practical training which is so necessary to develop educated generals and staff officers. We may not need a large army, but it should be one which in organization and training is as nearly perfect as it is possible to make it. Whatever is spent is not bringing its full efficient return. And this applies to thought, skill and training, as well as to money."

Discussing the question of a future military policy for the United States, Secretary Garrison said it seemed to be agreed that there were entirely too many posts in the present army, and that many of them were not where they were useful or desirable under existing conditions.

"Whether this situation should be remedied, he continued, "by concentrating the army into a few quiet, large posts or into only as many as would permit a regiment at least to be quartered in each, I have not as yet formed any definite conclusion in my own mind. Much may be said effectively upon each side of this question. I hope, when I get the time, to give this matter my most earnest consideration, with a view to reach a conclusion that is best for the army, which, of course, will be that which is best for the country."

The statement set forth the primary object which he impelled former Secretary of War Stimson to reorganize the army into the existing scheme of brigades and divisions as follows: "The need of making a development of commanders, their staff officers and organization to the higher tactical units, which heretofore had always been done in times of stress and confusion, and which had been the result of hostilities begun; and, second, the higher tactical training of the commanders, their staffs and the organization so as to make them effective."

"The concentration of the army, so far as the first object is concerned, has been accomplished," the statement continued, "the accomplishment of the second object of the order will not be an immediate or easy of execution. Owing to circumstances over which the army has no control, and as a result in large measure, of the necessities which in the past may be said to have been vital to the development of our country, the army is stationed in many posts and in many commands. This scattered condition prevents that practical training of brigades and divisions which is so essential for war purposes."

"Until some such plan can be worked out, it will readily be seen how important it is that at least a certain number of units be assembled temporarily for the purpose of what may be called war training."

Irrespective of the purpose of the temporary concentration of the present division in Texas, under command of Major General William H. Carter, and considered only as a school, the secretary said the expense will be borne by the regular army, and the responsibility will rest the responsibility for the lives of our soldiers in camp and their conduct in the field."

The secretary said that the value of divisional organization and training can be given, he added, then to compare the prompt and easy concentration of the present division in Texas, with the cumbersome and slow assembling under the old organization of the provisional division sent to San Antonio two years ago.

NEW WATERWORKS PUMP BOUGHT BY VALDOSTA

Valdosta, Ga., April 27.—(Special.)—The city council has let the contract for a new waterworks pump, which will double the capacity of the plant. The new pump was bought from the First Iron works, Dayton, Ohio. It is a large compound centrifugal compressing pumping engine, and will have a capacity of 3,000,000 gallons every twenty-four hours. The cost of the pump is \$10,000. It is estimated that the new pump will take care of the increased demand of the waterworks system of twenty years or more.

He Will Brave the Far North To Study the Blond Eskimos

New York, April 27.—Vilhjalmur Stefansson, the Arctic explorer, landed in New York today from the steamer St. Paul to perfect plans for his four years' exploration of the far north under the auspices of the Canadian government. The steamer took a quarantine late last night and docked this forenoon.

On his last trip to the northland, Stefansson discovered the blond Eskimos and took a party of fifteen to the object of the expedition would be further study of those people. "We wonder what they are," he said in speaking of this new race. "It cannot be that they are mixed with Whalers. They may be blond from environment, or they may be related to the Greenland Eskimo."

In the Stefansson party that will sail in a 24-ton steam whaler for the north the first week in June by the North Pacific and Bering straits, will be twelve scientists, including

James Murray, the biologist, and Dr. Forbes McKay, a surgeon, who were members of the last Shackleton expedition; Dr. Fritz Johanson, the zoologist; Henry Beauchat, a French anthropologist, and Dr. Edward James, an expert in the anthropology. Dr. M. Anderson, of the American Museum of Natural History, will be second in command. In addition to the scientists there will be a crew of fifteen under Captain C. T. Pederson.

Much time will be spent in a study of the direction and speed of ocean currents and of salinity. The explorers expect to send the ship back to the land of the blond Eskimos every winter and take to lodges in exploration work. The course will be due north from Herschel Island at the mouth of the Mackenzie river, and after new land has been gained, a base established the ship will leave the explorers there if passage through the ice is not too difficult.

ROBERT V. BOWEN DIES Funeral of Prominent Fitzgerald Man Held Sunday.

Fitzgerald, April 27.—(Special.)—On the evening of Memorial day, ripe with years and good deeds, respected and loved by all who knew him, Hon. Robert Vincent Bowen departed this life. Mr. Bowen was born in Rowan county, N. C., in 1827, his father being William Bowen, a native of Rhode Island. In 1859 he married Miss Mary Louise Reid, of Wilcox county, and settled on a farm at the mill. At the commencement of the civil war he enlisted in the Forty-ninth Georgia, and was elected second lieutenant, serving through the war at the close of which he returned to Wilcox county, where he shortly became engaged in lumbering and mercantile business. In 1884 he owned and operated a line of steamers on the Ocmulgee river, and later seeing the need of transportation facilities, undertook the building of what was then known as the Abbeville and Waycross railroad, which became later the Seaboard from Abbeville to Fitzgerald and Ocala, and was the first road to reach Fitzgerald after its location.

It was to a great extent, due to Mr. Bowen's efforts that the colony was located at this point, he being one of the directors of the American Tri-

C. M. FOUCHE IS DEAD AFTER LONG ILLNESS

Rome, Ga., April 27.—(Special.)—C. M. Fouché, aged 62, died this morning after a long illness. The funeral and interment will be held Tuesday. Surviving him are two sons, Ross and George, and one daughter, Miss Louise Fouché. The deceased was one of the best known men in Floyd county.

Address all letters intended for this Department to Col. R. J. Redding, Editor of Farms and Farmers' Department, Griffin, Ga.

WHY NOT SIGN YOUR NAME? If you do not sign your name and address, I cannot send a personal reply by mail. It is a cardinal rule with newspapers and journals that all communications of whatever character must be signed with the full name of the writer in order to escape the waste basket, on the one hand, or secure prompt attention on the other hand.

hour or so after concluding a meal. It is not to put them to work inside of half hour after they conclude a meal. I strongly suspect that the cause of the trouble lies in the food, or water, etc.

How to Address a Letter to F. & F. Again, the editor resides in Griffin, Ga., and not in Atlanta, Ga., and all letters intended for him should be addressed accordingly to the above address, Constitution, Atlanta, Ga. There is a standing request at the head of this Department that when a farmer sends a letter signed only with initials he cannot send any more letters by mail, but "in the next issue," or "next Tuesday," if however, the editor sends the earlier issue in which the reply may appear is from eight to twelve days distant, he will use his water to grow a crop.

PLANTING AND FERTILIZING CORN, ALABAMA. To J. Henry Burgess, Rutledge, Ga. If I read your letter correctly you frequently refer to the fact that the same having been run in cotton the past two years. You have now laid out the land in 5-foot rows and budded on three furrows with four furrows of two-horse plow and then opened out the ridge left in bedding with a Mallow plow, put down about 200 pounds of bone meal per acre, and mixed the clay with a one-horse Hyman, two furrows, and followed with "light cut" plow, and then with a one-horse plow.

ECZEMA OF MILK. R. W. R. Alabama. He is referred to the reply to C. E. Cowland, under the above head in The Tri-Weekly of April 14th.

TOP DRESSING ALABAMA. A nice alfalfa patch and will be very much obliged if you will kindly give me a recipe to top dress it.

LYMPHATIC COLIC. C. C. Boyer, Columbia, S. C. I have a three-year-old colt that has swelling in his hind legs, almost to his knees. It swells up during the night, apparently, since it is better in the morning, and when exercised they become normal. They seem to be normal, but I am not sure.

TICK-DIPPING VAT. E. M. Jordan, Center, Ala. I have decided to build a dipping vat for the eradication of ear ticks, and wish you to give full information as to how to construct such a vat. What in the dipping vat, where can it be obtained? The vat is to be purchased from a drug store, or can it be made from common fat? Would the vat have to be filled with fresh solution and fresh water for each dipping? The vat is to be constructed of wood, and I wish to know the directions for tick eradication are too much in detail to be well understood without the illustrations drawn to scale, accompanied by a list of materials and their quantities, by addressing your own state veterinarian, Dr. C. C. Cary, Auburn, Ala. Also drop a card to "Bureau of Animal Industry," Washington, D. C., in request of a free copy of Circular 183.

MAKES NOT THIRTY. Jno. J. Howell, Columbus, S. C. I have a pair of hares I bought last fall. I fed them on corn and oats at first, but I found that they did not seem to thrive. They eat the grain very well, but eat very little rough food. I have since changed their diet and they are thriving.
