Following the fight, in which he was badly beaten up, Johnson came out with a statement in which he declared that the Fulton county police force was worse than that of New York.

to kill her if she did not give him her jewels until she awoke in another room at the Dakota hotel and found herself terminated a murderess.

Congratulated by Son When the verdict was at last read she leaned forward and there was apparently no change in her condition. Claud Henderson, her son, grasped her hand. Others crowded around with hearty congratulations and she shook hands with them and then rushed forward to thank the men in whose hands her life had been placed. She had murmured words of thanks to two of them, when with a sudden start she went up and she toppled Deputy Sheriff Plennie Miner caught her as she was half way to the floor and she was taken into the judge's chambers where she soon revived.

A few minutes later Dr. J. S. Lieb

man her physician, was called to her and, after persuading her to remain in the ante-room for a while she was taken in a carriage to the hospital where she was attended by the doctor advised her to remain in perfect quiet for several days.

Woman Goes on Stand The case which had dragged along for two days went into its third day Friday morning and shortly after the court convened Mrs. Appelbaum was placed on the stand. She talked with out notes in a clear modulated voice that carried to every part of the room and appeared to make a good impression on the jurymen who leaned forward as if not to miss a word of what she said.

Tells of Domestic Troubles. The woman then went into minute detail in regard to her domestic troubles declaring that Appelbaum had been certain for months before her death that someone was following him with dangerous intent and it was this she said that caused him to flee from one place to another. She told of her attempt at suicide at which time she had left a note disposing of her effects and leaving her son a \$50 check Appelbaum one for \$100 and leaving \$50 for her funeral expenses. She declared that had she known on the night before that Appelbaum was to be bound in his handcuffs with his firm that she would have let him have the earrings which he believed he could pawn for \$800 and that if she had done this he might be living today.

Then Came the State's Rebuttal Following the woman's statement there came the state's rebuttal and Eugene Hazzard a negro bellhop at the Dakota was placed upon the stand to testify in the effort to show that Mrs. Appelbaum had no real threats to her husband. His testimony was rather hazy and Solicitor Dorsey declared that the boy was telling a different story from what he had previously told Colonel Brown who assisted the prosecution.

Following this the state called Cohen back and Solicitor Dorsey began to question him about his past and tried to show that he had furnished a list of bad characters. Attorney John Moore objected to Cohen answering questions about his past and was sustained.

Newport Landerford chief of city detectives then came upon the stand and told of his conversation with the accused woman on the morning of the death of Appelbaum. He declared that she had told him of a quarrel between them over some letters and also that she had said that if the man was dead it was God's work and not hers.

The state then closed its testimony and Attorney Brown, who had volunteered to assist in the prosecution made a twenty minute talk in which he outlined to the jurymen what the state contended it had proven.

Pathetic Plea of Little Susie Wolpert Keeps Policeman From Shooting. The pathetic plea of its tiny victim yesterday afternoon saved the life of a fox (trick) who had bitten 10-year-old Susie Wolpert at her home on a hilly street.

Unfairness is Charged. Attorney Moore reiterated his partner's charges of unfairness on the part of the state in the manner of conducting the case.

Only Doing Duty. Robert F. Lee said that the sublimest word in the English language is 'duty'. He continued, 'and I ask you to do only your duty, acquit the woman if you believe she is innocent but convict her if you believe she is guilty and render your verdict despite the fact that she is a woman for your act on this day will have a lasting effect on thousands of unborn characters.'

Following Mr. Dorsey came the charge of Judge L. S. Ross to the jury. He talked for twenty minutes and over the usual detail of explaining the different kinds of homicide but told the jury that if they believed the woman had killed Appelbaum while under a drug as her physician had stated, that they should hold her guiltless.

# WHITEHALL STREET REGRADING IS URGED

## Street Committee and Captain Clayton Make Inspection of Proposed Work.

If the property owners along Whitehall street fail to put through the regrading project from Trinity avenue to Cooper, it will not be through lack of enterprise and determination.

A committee appointed at the next meeting of the property owners when the project was first discussed, met with the street committee of council yesterday afternoon and after an extended discussion of the plans invited the committee and Captain E. M. Clayton, of the construction department, to make a thorough inspection of the street. Automobiles were placed at the disposal of the city officials and nothing was overlooked that had a tendency of impressing on the committee the necessity of making an early start.

According to plans outlined by the property owners it is the intention, at present, to regrade the street from Mitchell to Windsor. It has been estimated that the work will cost in the neighborhood of \$30,000, of which the property owners expect to raise \$20,000 in order to get an early start. It is reported that more than \$15,000 has already been subscribed, and the balance has been positively pledged.

Most of the members of the street committee declared that they were greatly in favor of the project, which will give the street an almost even grade from Mitchell to the railroad crossing. The committee will appear before the county commissioners again at an early date. Charles H. Black and others who are at the head of the movement say that the plans are in such shape now that all the city and county officials have to

# APPROVES PURCHASE OF NEW MOTOR TRUCK

## Mayor's Action Is Taken Over Protest of the Head of the Finance Committee.

Mayor Woodward said yesterday that he had approved the resolution of the street committee authorizing the purchase of a motor truck for \$3,500 over the protests of Chairman G. W. Humphrey, of the finance committee.

The truck is to be used in the construction department for hauling asphalt to various sections of the city where repair work is being done. The street committee had \$1,000 to its credit for the purchase of mules, and \$1,500 balance from Highland avenue and some other street. The committee figured that the purchase of a truck would save the city money in feed, time saved, and other incidentals, and advertised for bids. At the last meeting the bid of the Alco company was accepted, and a resolution was drawn and presented to council to authorize the purchase.

Finance Chairman Humphrey made a vigorous protest in council, last Monday. He took the position that the money should go back into the finance sheet, and the street committee make a requisition on the finance committee for the truck. His contention, although essentially correct, would have delayed the purchase of the truck. In other words, Chairman Humphrey did not like the idea of having the money spent without the sanction of the finance committee.

Mayor Woodward said Friday that he thought the money should have been authorized by the finance committee, but inasmuch as the purchase of the truck was all regular and in accord with the code, he could not send the resolution back without approving it.

Chairman Orville H. Hall, of the street committee, says that he did not seek to put anything over on the finance committee by proceeding as the committee did in the matter. He explained that the repair plant ordered by the city is in transit, and will be ready for use just as soon as it reaches Atlanta. Therefore, it will be necessary for the city to have some sort of conveyance to transport asphalt from the cars to the places where it is to be put down, and as the city is short on teams it was thought best to buy the truck.

# ATTACKED BY MAD DOG

## Two Valdosta Boys Are Bitten by Canine.

Valdosta, Ga., April 25.—(Special.)—Much excitement was created in the northern part of the city this morning by a mad dog which ran amuck, bit two boys, several dogs and attacked a number of people who succeeded in beating it off. The boys bitten were Abe Galliviesky, son of a Jewish merchant, and a negro named Isaac Gardner. Rev. S. K. Gibson, negro preacher, beat the dog to death with a shovel while it was hanging to the Galliviesky boy's thigh.

A vicious attack was made by the dog in the morning on a lady who defended herself with her umbrella. The dog snatched the umbrella from her and dived into the pieces, giving the lady time to escape. The dog's head was sent to the state department of health this afternoon for examination to determine whether the animal was suffering from rabies.

# CHARGE OF PARTIALITY ANGERS JONES COUNTY

## Attorney's Claim That Wilburn Cannot Get Fair Trial There Is Cause of Comment.

Macon, Ga., April 25.—(Special.)—The people of Jones county are considerably wrought up over the claim of Attorney John R. Cooper, representing Niok Wilburn, the self-confessed murderer of James King, that his client cannot get a fair and impartial trial in that county because of the feeling that exists there.

Today Judge J. B. Park, who is presiding over the superior court there this week and next, poured oil on the troubled water in an address from the bench, in which he defended Attorney Cooper for the step he had taken in filing a bill of exceptions under the Felker act, passed by the legislature in 1911, to carry his motion for a change of venue to the supreme court of the state.

"A lawyer who will not use all the privileges he is entitled to under the law in behalf of his client, does not merit the name of lawyer," said Judge Park.

"The people of Jones county should not censure Attorney Cooper for this step. He is clearly within his legal rights in appealing the refusal of the court to allow him a change of venue," Attorney Cooper declared he is going to test the Felker act, which makes it mandatory upon the judge to grant a change of venue whenever it is shown there is any chance of violence being done a prisoner. Cooper claims he has shown this by the testimony of Wilburn's father and brother. The motion for a change of venue was denied by Judge Park Wednesday afternoon.

To Build New Grandstand.

Macon, Ga., April 25.—(Special.)—Council at noon today decided to build a new grandstand costing \$3,000 at Central city park, to replace the one destroyed last night by fire. The work is to start at once. The plan to build a grandstand to be used for races and baseball games was declared impracticable, and the plan to tear down the present race track grandstand was voted down. The city will collect \$1,250 insurance on the burned structure.

To Repair Spring Street Bridge.

Macon, Ga., April 25.—(Special.)—The work of repairing the Spring street bridge is to start within a short time, council at special meeting held today having authorized the public property committee to advertise for bids. The city now has a fund of \$16,000 for this work, \$6,000 having been given by the county commissioners to induce the city to take over the bridge, \$4,000 by the water commissioners for the privilege of laying their mains across the bridge, and the remainder from the general fund of the city.

"Silent" Convention to Meet.

The mayor's remarks to the delegates through the medium of his fingers.

Macon, Ga., April 25.—(Special.)—Memorial day will be fittingly observed in Macon by the city commissioners at the city auditorium, followed by a parade to the cemetery, where flowers will be placed on the graves of the departed veterans.

Previous to the exercises the daughters of the Confederacy will serve a luncheon in the recorder's court room in honor of the veterans and the latter will have seats of honor on the platform during the exercises. Judge Augusta Dady will be orator of the day.

# CREMATORY VOUCHER APPROVED BY ASHLEY

## But Mayor Will Not Sign the Check and the Treasurer Will Not Pay.

The voucher for \$50,000, representing the city's first payment to the New York Destructor company on the \$75,000 crematory plant, was approved by Councilman Claude L. Ashley, as chairman of the sanitary committee, yesterday afternoon.

The matter is now in shape to go to Comptroller Goldsmith and for him to draw a warrant and check on the city treasurer. Of course Mayor Woodward will refuse to sign the check, and Treasurer Peoples, it is understood, will refuse to pay out any money on a warrant until the supreme court passes on the validity of the contract.

Councilman Ashley held up the approval of the voucher for several days for a number of reasons. He said that he wanted to look thoroughly into every phase of the crematory contract, and again he wanted to be certain as to the attitude of the Destructor company toward union labor.

Councilman Ashley says that he also wanted to make an inspection of the work already completed. He is an engineer and in position to estimate whether the contractor has furnished the city \$50,000 worth of labor and material.

Under the contract of agreement, the city is bound to pay the company the amount of estimate approved by a number of reasons. He said that the amount of estimate made by Manager Dowd was for a little more than \$30,000, but City Attorney James L. Mayson ruled that under the ordinance authorizing the bond issue of \$50,000, no money could be expended until the contractor has done labor and material to the extent of \$50,000.

Superintendent Canham, who is in charge of the work, stated Friday that the first unit of the plant would be completed in June, and would be ready to burn garbage.

It was also the announcement that the strike of the brick masons, which threatened to tie up the brick work on the furnaces, has been adjusted. The Destructor company has taken the contract from the Griffin Construction company, outright purchase and twenty union masons were placed at work. All the steel work has been completed for the three units, and a great portion of the brick work in the furnaces is finished.

# SONS OF J. H. McGRATH WILL BE PALLEBEARERS

John H. McGrath, a native of Troy, New York state, who came to Georgia twenty-three years ago, along with Andy McElroy, James McWhirter and other finished stoneworkers, to take part in the erection of the Equitable building, the first of Atlanta's exclusive office buildings, died Wednesday night at the St. Joseph infirmary, where he had been a patient for three weeks past.

Within a short time after he came south Mr. McGrath was placed in charge of the preparation of the stone and marble work for the St. Luke hospital in New York, one of the finest structures of that kind in America. Mr. McGrath's work required his constant presence at the quarries in north Georgia, whence the marble for St. Luke's hospital came, and for that reason he made his home at Marble Hill, Pickens county, where he has since lived. It required four years to complete the St. Luke hospital work and during all that time Mr. McGrath gave personal inspection to every piece of stone sent from Georgia to New York.

He is survived by five sons, every one of whom has made his mark in the world. The eldest son, Mr. H. K. McGrath, is prominently identified with the Western Union Telegraph company; John J. McGrath, with the McCree Construction company; Rev. E. P. McGrath, ordained two years ago, is the minister at Sacred Heart church by Bishop Gubb, and who is now located at Jefferson, La.; George N. McGrath, well-known as a student of Chelsea McGrath, a student at Marist college.

Mr. McGrath was 62 years old. The funeral services will take place this morning from Sacred Heart church at 10 o'clock. Interment will be in West View. His five sons will be the pallbearers.

# CONDITIONS APPALLING IN SURRENDERED FORT

Entire Population of Scutari in State of Extreme Exhaustion From Lack of Food.

Cettinje, Montenegro, April 25.—Conditions in the fortress of Scutari on Wednesday last, when Essad Pasha, the Turkish commander, surrendered to the Montenegrins were appalling. The Turkish troops and the whole population were in a state of such extreme exhaustion from lack of food that Essad Pasha had been threatened with death unless he agreed to capitulate. When the victors entered they were surrounded by half starved men and women clamoring for food.

The hospitals also were in a horrible condition. Unburied and semi-decomposed corpses were lying about in the streets and in the houses many people were found dead or dying of exhaustion.

In the last few days of the siege whenever food appeared in public he was followed by groups of desperate famished natives demanding 'bread or surrender.'

The Montenegrins alleviated the distress of the stricken population but their own supplies were scanty. King Nicholas of Montenegro, has dispatched three boats to Scutari laden with provisions and medical and sanitary supplies.

Crown Prince Danilo commander of the Montenegrin forces telegraphed from Scutari that the Turkish garrison which was allowed to march out of the fortress with full honors of war consisted of 25,000 Nizams or soldiers of the active army, 5,000 Bashibazouks or irregular volunteers and 45 officers including a number of Austrians.

# COUNTRY WITHIN RIGHTS ON THE CANAL QUESTION

So Declares Richard Olney in Paper Before Society of International Law.

Washington, April 25.—Divergent views regarding the right of the United States to exempt its coastwise vessels from the payment of Panama canal tolls were expressed today in papers read before the seventh annual meeting of the American Society of International Law. Most of the principal speakers agreed however with Richard Olney former secretary of state who held this country was entirely within its rights as the owner of the canal, to make whatever rules it desired regarding the canal.

Equally divergent views are expressed as to whether the payment by the government of a subsidy equal to the amount of the tolls to American ships would be a violation of existing treaties. The right to grant subsidies when not expressly prohibited by treaty was not controverted.

In the discussions that followed, many of the extemporaneous speakers opposed the idea that the United States had a right to exempt its vessels from tolls and contended such an act would be contrary to existing treaties and would bring dishonor upon the country.

In his address which was read because of his inability to attend the meeting Mr. Olney declared that the full nations clause of the Hay-Pauncefote treaty meant only the customers of the canal and that since a nation could not be both customer and owner, the United States was not supposed to be included in the words 'all nations.' He expressed himself as opposed to referring the matter to The Hague because all nations were interested in the outcome but advocated at independent arbitration tribunal.

This view was opened by Crammond Kennedy of Washington who maintained that existing treaties must be kept and only changed with the mutual consent of the high contracting parties.

Great Britain he said would pay nearly one half of the total revenue of the canal and therefore had the right to be consulted especially in view of treaty obligations.

Chandler R. Anderson former counselor for the state department maintained that all discussion of the toll question must be limited to any discrimination against English shipping and that the fundamental question is whether the rules adopted by the United States under article 3 of the Hay-Pauncefote treaty on a basis of the neutralization of the canal were intended to apply to the United States as well as to all nations. Rear Admiral Charles Stockton retired president of George Washington University was of the opinion that the country was expressly included and closed with the significant statement that the best American jurists believe we are now violating several of our treaty obligations.

# RICH MAN'S DAUGHTER GONE, SEARCH STARTED

New York April 25.—The New York police department officially today began a systematic search for Romano Burden the 17 year old daughter of Gall Burden millionaire milk dealer.

Mr. Burden himself asked the police to take up the case.

Various but vague are the clues to the young woman's whereabouts. Reported yesterday to have returned to the New Jersey sanitarium where she disappeared Wednesday afternoon it now appears that the opinion that her return was one of expediency on the part of the sanitarium authorities and it is understood that neither Mr. Burden nor the family physician nor Mr. Burden's lawyers have the slightest idea where she is.

A girl answering in many ways the description of Miss Burden sailed from New York yesterday on the liner Cincinnati. To clear up the mystery a wireless message has been sent to the captain of the vessel.

# Fashionable Straws

A very perceptible change in the styles of Straw Hats is to be noted for this season.

The tendency in shapes is marked.

The crowns are higher, the brims not so wide and the bands are of narrow ribbons, the color of which may accord with your fancy, although green is newer.

The bows on the smarter hats are loose tied when worn at the side; or loose ends, French bows they are called, when worn at the back or on the quarter which is midway 'twixt the side and the rear.

The popular braid, the fashionable braid, if you please, is the sennit straw—coarse millimeter, and the rough-and-ready kinds which are still more fanciful and with much thicker brims.

This is the style tendency in Straw Hats for young men—and for those who feel young.

## Society and Opera Folk Out in Gala Attire for Joint Carnival

Today will be a whole holiday in Atlanta, one-half day because of memorial exercises, the rest of the time because of the closing festivities of Atlanta's greatest opera season. Yesterday was in the nature of a "back-day" reunion, for it seemed that all those who had for any reason ever left home had come back for the weekend and every train brought new visitors for the last three performances of the opera.

The social clubs kept open house, and the Georgian Terrace was the scene of a continuous social activity, with the opera stars the central figures.

Mr. Clark Howell entertained at the Capital City club at luncheon for Mr. Davies Warfield and the party of friends with him.

Mr. and Mrs. John Little entertained at luncheon for Mr. and Mrs. Ben Gathis, and in the afternoon there were many who attended the drill at Fort McPherson before going to the beautiful lawn fête given by Mr. and Mrs. Robert Maddox at Woodhaven.

The "Tales of Hoffmann" delighted one of the most splendid audiences of the week. Every box and every seat was taken, and there was enough beauty and chivalry to provoke poetry and song, rather than the mere report of the newspaper kind.

Mrs. Edmund Leighton Tyler, of Anderson, Ala., who was the guest of honor in the box of Colonel and Mrs. Lowry, was the recipient of many attentions and a cordial welcome from her Atlanta friends.

Mrs. John Hersey, the charming guest of Mr. and Mrs. John Marshall Slaton, was the honor guest in the box party entertained by Mr. and Mrs. John D. Little, and was with them afterwards at the club. General and Mrs. Mills were with Mr. and Mrs. Clark Howell, and Mrs. Frank McPherson was the honor guest in Captain English's box.

Mrs. Marie Graham, of Chicago, was the center of admiration in the box party given by Mr. and Mrs. J. J. Spalding. She will be entertained at luncheon today by Mrs. John D. Little, who will have as her guests also Mr. and Mrs. Henry Worthan, of Macon, arriving today.

Mrs. S. W. Dick entertained at the opera, and the club afterwards, her lovely guest, Mrs. Christopher, of Nashville.

Colonel and Mrs. Peel entertained a group of the opera stars, and Mr. and Mrs. John Murphy entertained in honor of Mr. and Mrs. Ben Gathis. Mr. and Mrs. Hugh Richardson entertained for Mr. and Mrs. Lee Richardson, and Mr. and Mrs. E. H. Inman entertained for Mr. and Mrs. Frank Harman. Mr. and Mrs. Mills Lane, of Savannah, were the guests of Mr. and Mrs. Clark Howell. Miss McClellan was the guest of Mr. and Mrs. Burton Smith in their box, and Mr. and Mrs. Frank Owens entertained for Mrs. George Lancaster, of Chattanooga.

Mr. Cater Woodford had in his box Mr. and Mrs. Nottingham, of Chattanooga.

Mr. and Mrs. Reed Hobson entertained Mr. and Mrs. Gregory Smith, of Mobile, and their lovely daughter, Miss Gertrude Smith. Judge Gaston Gunter, of Mobile, was also in their box.

One of the most admired women at the opera was Mrs. Robert Jackson, of Nashville who was in the box party given by Mr. and Mrs. Robert Maddox and Mr. and Mrs. W. H. Kiser. Mr. and Mrs. E. T. Brown entertained for Miss Ewing, of Nashville, and Mr. and Mrs. Cam Dorsey entertained for the Misses Adams. Among the Nashville ladies being delightfully entertained while in the city were Mrs. Walker Edwards. She is accompanied by her daughter, Mrs. Bell, and will remain until the end of opera. Mrs. Edwards is president of the Women's club of Nashville, and one of the recognized leaders not only in social life but in the various zones of work done by organized women.

Mrs. Leonard Phinizy, of Augusta, was one of the most beautiful women at the opera this week. She was the guest of Mr. and Mrs. Clark Howell Wednesday evening, and of Mr. and Mrs. Albert Howell last evening, and entertained by them afterwards at the club.

## At the Capital City Club.

Following the opera performance last night, the stars of the evening were entertained brilliantly at the Capital City club by the officers and directors of the Atlanta Musical Festival association. The party occupied the center table in the ballroom, converted into a banquet hall. There were three hundred guests enjoying the hospitality of the club. Each table was decorated in bright-colored flowers, and an orchestra played popular airs.

Toasts were proposed to the opera stars, who responded, and there was singing and pronounced good cheer to add to the happiness of the evening's pleasure. Those entertained at parties were: Mr. and Mrs. Maddox, Mr. and Mrs. Murphy, Mr. and Mrs. Grant, Mr. and Mrs. Little, Mr. and Mrs. Dickey, Mr. and Mrs. Brandon, Mr. and Mrs. Atkinson, Mr. and Mrs. T. ## Negro's Body Found.

Hampton, Ga., April 25.—(Special.)—An aged negro, supposed to be about 60 years old, was found by a train crew just below Hampton near the track. It is thought he fell from a passenger train passing at 8 o'clock a. m. for Macon. Papers were found in his pocket that gave the name of Will Clait, Powersville, Ga. About \$14 was on his person.

## LOSS OF \$25,000 IS CAUSED BY MIDDAY FIRE IN AUGUSTA

Augusta, Ga., April 25.—At 12 o'clock today fire broke out in the Perkins Manufacturing company plant between Sixteenth and Fourteenth streets and before the blaze was extinguished the damage to the lumber plant and adjoining property was \$25,000.

The fire was fanned by a strong breeze from the south and burning embers set a large warehouse on fire, 200 yards away, causing it to be almost a total loss. The firemen got the two fires under control after an hour's fight. Only a favorable wind kept the entire Perkins plant from being destroyed.

Two firemen and a policeman were overcome by the heat.

## Stars Are Given Ovarions In the "Tales of Hoffmann"

The height of the diverting was Offenbach's "Tales of Hoffmann," as presented by the Metropolitan Opera company last night. Its brightness, sometimes merges into melody, its frequent comedy, with just enough of the pathetic to give a necessary contrast, and its tragedy, as quickly dispersed as tears drowned in laughter, made a whimsical mélange that was an auspicious appetizer in the last group of the season's operas. None of the music requires an analytical diagram to make it understood. It is plainly meant to be merely entertaining, and it is successful. Richard Hageman conducted, and brought out the interesting fact that there are some very pleasing things in the opera besides the familiar Barcarolle, which was played in such manner it would have painted its own scene if Venice in the moonlight had not been there in the background. Dinah Gilly and Bori were the sensations of the evening. Gilly appears only in the Venetian scene, his role Dapertutto, and his one song—a song that will stand out as a memorably beautiful event in the whole week of opera. The wealth of sweetness which illuminated his every tone the intensity which vitalized the well-voiced voice and figure, the quiet command of man and singer, while he held his audience rapt with a song whose rhythmic flow of melody was unaided in its effect by any dramatic or showy subterfuge, was the best proof of the baritone's art. And it is significant, by the way, that the two great ovarions of the week have followed upon this same quiet character of song which is no little indication of good taste on the part of the public. The performance had to be held for the applause, and after the curtain Gilly was recalled again and again to hear shouts and bravo's in the midst of the furor of clapping. Lovely little Miss Bori the audience was unwilling to let out of sight when her scene was over, and no wonder, for she was a delight to the eye, while her singing strengthened the very happy impression she had made in "Manon." The trio between Bori, Carl Jörn and Leon Rothler was the brilliant feature of the opera. Jörn and Rothler both cordially received on this, their first appearance of the week. Jörn's reliable, beautiful tenor was a happily dominant factor throughout the evening's success. Heppel, Borcia and Maubourg in brief roles, and Segurita in a double role did conspicuously good work, and Reiss added new laurels to his comedy achievements.

**"Billy, the Kid."**  
(At the Lyric.)  
The popular actor, Berkeley Haswell, is said to have scored a big hit in "Billy, the Kid" in the verdict of the recent engagement in New York. He can be seen in "Play and Act" were not only well remembered by the critics, but the theaters at which the play was presented were packed at each performance. The play is a wholesome one, let at the same time it is as full of dramatic climaxes as a nut is full of meat. The scenes are all laid in the great southwest, New Mexico, and are presented in four acts. Star and play will be the attraction at the Lyric next week.

## 20 YEARS EACH GIVEN YEGGMEN

Miller, Flynn, Thornton and Harris Found Guilty of Breaking Into Dahlonga Bank.

Dahlonga, Ga., April 25.—(Special.)—Convictions and sentences of twenty years each were secured by the state today against the four men whom it is alleged broke into the Lumpkin County Bank at one o'clock on the morning of February 14 and were frightened off just after they exploded the safe. The jury which convicted them recommended that the offense, which was technically that of burglary, be treated as a misdemeanor, but Judge J. E. Jones, presiding, stated that he could not follow the recommendation and in pronouncing his sentences treated the cases as felonies. Through their attorneys the prisoners immediately filed motions for new trials and the cases will go before the court of appeals.

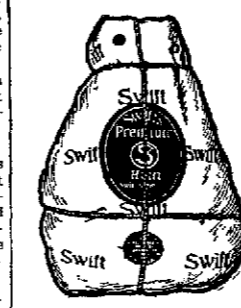

Charles Miller, William Flynn, William Thornton and J. M. Harris were the names of the men who were captured two days later at Ellijay, Ga., and near whom were found dynamite, pistols and a key to the bank door. They were brought to Atlanta for safe-keeping so high was the current of public feeling against them at the time. The men were declared here to answer the descriptions of professional yeggmens and it was said that they had operated through Chicago, Detroit and several other cities in that section. This has never been conclusively proved.

**Remarkable Features of Case.**  
The case was a remarkable one, according to lawyers and citizens who followed it closely. The state was able to produce no witnesses who could identify the men on trial as four of the five who were frightened away at the time the town was waked up by the explosion in the bank. The men, when found, had nothing on them to identify them with a bank robbery and there was no conclusive evidence that they had any connection with the stuff found in the field near Ellijay. Through the entire case, however, a strong chain of circumstantial evidence was forged around the men and public spirit was strong against them.

It was proven by one witness that two of the men had been in town on the day previous to the attempted looting of the bank and this with circumstances surrounding their capture and actions formed the basis for the conviction which the state secured after a hard fought case.

**Case on Trial Four Days.**  
The case occupied the better part of four days and the jury was out from one o'clock on Thursday until ten o'clock Friday morning, the men remaining out 21 hours. In picking the jurors, a list of nearly 300 names was exhausted before twelve men could be selected who would acknowledge their lack of bias.

In going into the case 25 witnesses were examined for the state and none for the defense and the records show as large an amount of detail as almost any court records in Lumpkin county.

## CHINESE LOAN DEAL TO BE SIGNED TODAY

English, French, Russian, German and Japanese Bankers Ready to Close Contract.

Peking, April 25.—The five-power \$125,000,000 loan contract has been completed and the bankers representing the English, French, German, Russian and Japanese groups expect that it will be signed tomorrow. The minister of finance, who had been persuaded to return to Peking to sign the loan, reached here tonight on a special train from Tientsin, whether he had fled a few days ago for asylum. It is believed President Yuan Shi Kai will be guarded behind the walls of the forbidden city, is having difficulty in retaining the members of his cabinet, swing to their fears that their lives are endangered. The Kwo Ming Tong, the dominant political party, is fearful that the loan may complete Yuan Shi Kai's dictatorship. The senate today succeeded in electing a president and vice-president and the house of representatives promises to do likewise tomorrow. If the house seems imminent in doing so, it is expected that Edward Williams, the American charge d'affaires, will present to Yuan Shi Kai next Monday the formal recognition of the republic by the United States government.

Although civil war between Yuan Shi Kai and the Kwo Ming Tong party seems imminent, there is no other representative head of the republic than Yuan Shi Kai but they cannot elect any rival presidential candidate until the president's powers be because of for many months Yuan Shi Kai has been carefully substituting his own officers for hostile officers in the army. Also it is known that he is capable of repeating the military pressure he put on the previous parliamentary bodies.

## RAIN PROMISED TODAY AND COOLER WEATHER

Rain and a little cooler weather is predicted for Saturday, the last day of a week of fine grand opera weather. But in view of the fact that already rain has been prognosticated for the last three days and failed to show up on scheduled time, the meteorologists are hoping against the prospect. The thermometer hovered about 75 degrees for most of Friday, furnishing fairly comfortable weather for the visiting crowds in the city.

At night he will lecture to men only in the college Y. M. C. A. auditorium on the subject, "White Slavery and the Methods Used by Panderers."

## CHINA CONCERNED OVER ALIEN LAWS

Would Be Affected as Well as Japan by Proposed Anti-Land Laws in the State of California.

Washington, April 25.—Secretary Bryan is not expected to spend more than a week at Sacramento conferring with Governor Johnson and the state legislature over the proposed anti-alien land laws. From semi-official sources today it was said that Mr. Bryan expected to present the views of President Wilson and do all possible to remove friction between the United States and Japan over that legislation in time to be back in Washington May 7.

In official circles the energy with which Japan has protested against the enactment of the pending alien land-holding legislation in California has served to obscure the fact that many Chinese would be affected by such laws, though not in proportion to the Japanese residents. The Chinese legation here, though noting the facts, has refrained from lodging any protest at the state department, while awaiting instructions from Peking as well as the issue of the negotiations between America and Japan regarding the question of alien land ownership.

It is apparent, however, that the situation is viewed with deep concern, developing as it has at the very moment when the United States government is about to encourage the Chinese people by extending recognition to the infant democracy. Specific treaty guarantees, it was pointed out, would give the Japanese property owners a decided advantage over the Chinese in protecting their rights in the event of discriminatory legislation.

The number of Chinese in California is said to be very much smaller than commonly supposed. According to a report of the immigration commission, owing to the stoppage of immigration, the return of many of the Chinese to their own country and the migration of many others in California to the east of the United States, their number in the west has materially decreased in the last decade. Even in 1906 there were only 84,000 Chinese in the whole of the continental United States, about 40,000 of whom resided in California.

## SATISFACTION IN TOKIO OVER MISSION OF BRYAN

Tokio, April 25.—Satisfaction is generally expressed here over the decision of President Wilson to send Secretary of State Bryan to Sacramento to consult with legislators there over the proposed alien land ownership legislation. The majority of the Japanese newspapers adopt a more tranquil tone today, but the widely circulated Osaka Mainichi, an independent newspaper, in a war-like spirit, points to the Japanese fleet as "no toy," and says that if forced to action by discriminatory legislation, it is capable of vindicating the national honor.

# WHIFFS

## Campbell Still Going.

"BILL" CAMPBELL, Mobile's hefty heavy, has a knack of spilling dope. Southern scribes banded out a lot of disconsolate stuff about "Bill" not being able to come through after the League received at the hands of major leaguers in the pastime series. Campbell is a wise guy. He did not let his record in games that added nothing to his glory or the P. C. columns, and when the season opened he was fit as a fiddle. He pitched three games for the Gulls and his work indicates that he is not through—not by a half-inch.

## Dress Up Umps.

BAN JOHNSON has another "press agent" stunt incubating in his spacious noodie. He wants his umps to appear on the field in immaculate white flannel on "special occasions." The stunt is worthy of consideration. It will lend dignity to the game and will result in better umpiring and a greater degree of respect on the part of the player.

## Think It Over.

TURN BACK the pages of baseball history and you will find nearly all the pennant-winning teams in the big leagues had one catcher on their roster who has done the bulk of the catching. In Atlanta the busy little catcher for the Sox in 1906 and Schmidt was the boy with the big mitt in nearly all the games played by the Tigers in 1907. King brought the Cubs out of many a tight hole in the series of 1908, and in 1908 when the Cracker romped, Gibson was in nearly every game. Meyers was the whole show with the Giants in 1912. There you are. Think it over.

## Britton-More Frame-up.

JACK BRITTON and Pat More were thrown out of a Philadelphia ring the other night for not trying in a six-round bout. Britton is bigger than Pat and possibly he didn't want to hurt him. However, the crowd was entitled to a real show, regardless of sentiment. That ten minutes in the ring looks like a long one. Leach Cross knocked all sorts of buns and biscuits out of Joe Mandot, the French market. Tommy White, the champion, and Charley White, evidently for the purpose of letting Joe Thomas grab off a little change, were thrown out of the ring out of Joe and incidentally put a crimp in Joe Golden's desire to get a bout between Joe and Freddie Welch in Atlanta. Welch is likely to see a match between "Packer" McFarland and the English champ, provided Packer will agree to accept \$1,250 which offered Thomas by local promoters.

## Tommy Walsh's Lemons.

TOMMY WALSH is the prize lemon-picker and stands a chance of getting in bad with the Crescent City fight fans if he lets the prizefighter ring idols get whipped. Leach Cross knocked all sorts of buns and biscuits out of Joe Mandot, the French market. Tommy White, the champion, and Charley White, evidently for the purpose of letting Joe Thomas grab off a little change, were thrown out of the ring out of Joe and incidentally put a crimp in Joe Golden's desire to get a bout between Joe and Freddie Welch in Atlanta. Welch is likely to see a match between "Packer" McFarland and the English champ, provided Packer will agree to accept \$1,250 which offered Thomas by local promoters.

# HUTCHESON FANS SIXTEEN TIGERS

Knoxville, Tenn., April 25.—(Special.)—Pitcher Hutcheson, of the University of Tennessee, struck out sixteen batters in the game with Sewanee here this afternoon, and the locals won by the score of 4 to 2. It was three up and three down for the visitors until the eighth inning, when a base on balls, a double and a single netted them two runs. Sewanee never got a runner to second base until the eighth inning, and then after two men had been struck out, a new strike-out record for college pitchers in this city was established by Hutcheson.

# MICHIGAN AGGIES BEATEN AGAIN

Lansing, Mich., April 25.—(Special.) The University of Georgia baseball team made its debut in the South when it defeated the Michigan Aggies this afternoon, when they took an abbreviated contest by the score of 4 to 0. The game was called after the sixth inning, when rain began to fall in torrents. Hitchcock, who did the twirling for Georgia, had the Michigan farmers at his mercy during the six rounds, granting only one hit in that time. Georgia's holding was extremely wobbly, the infield pulling no less than five errors. Georgia took advantage of the Michigan bobbles. In the fourth inning the southerners scored three runs by mixing hits with the errors. In the fifth Peterston's wildness added another run.

# "Wallop" Smith's Big Hickory Routs Chattanooga in Most Weird Game Ever Seen Here

By Dick Jamison.

Managers Smith and Eberfeld used every body in the line-up Friday afternoon but the bat boys.

The game, if it could be called such, was a conglomeration of everything good and bad, principally the latter.

It was the most putrid exhibition of the great American pastime that has ever been witnessed on a baseball loving public, locally.

The Cracker won 10 to 7—the Lookouts inflicted the worst putridness could be inflicted. Umpire Breitenstein judged that it was entirely too dark to continue when the last Cracker was retired at the end of the stand-up session.

For this he has our sincere thanks, despite the protests of the disgruntled Kid Eberfeld, manager of the Tennessee entry in the Southern league pennant chase.

**Darkness Ends Fray.**

When the proceedings were brought to a close by the ruling of the arbiter, the course of the ball could hardly be followed from the press stand. When it becomes too dark to see from this point of vantage it is certainly too dark in the shade of the bleachers.

Twelve players were used by the Lookouts and fourteen by the Cracker. Others would have been used by the Lookouts, no doubt, had they been available.

Coveleskie for the Lookouts and Musser for the Cracker started the game. The former lasted four and one-third innings, the latter three and two-thirds.

Players who succeeded Coveleskie, walked one batter, were killed, Bauseweln, who succeeded Musser, also only pitched to one batter. More for Atlanta finished the game.

These pitchers are credited with a close by the ruling of the arbiter, the course of the ball could hardly be followed from the press stand. When it becomes too dark to see from this point of vantage it is certainly too dark in the shade of the bleachers.

Price pitched grand ball, especially in the seventh, when with third and second occupied and only one down, he pitched a double, a single and a walk, the only good form of any of the twirlers of the afternoon.

Each team used a pinch hitter. Both failed. The Cracker's pinch hitter added more in place of the pinch hitter and using a man to run for the pitcher.

More, who had one of the best days of their careers. Changes in lineups were so frequent and made so quickly and then changed again that it is hard to have any idea of what today they should certainly be excused.

Manager Eberfeld's military tactics failed to make a hit with the crowd. He pulled more than a dozen from the evident intention of saving the same by the rain route.

The Cracker's pinch hitter, who took his eleventh batting in the sixth inning, when a big thunder cloud covered the city. Beck pitched well for Nashville, being especially strong when men were on bases.

But in all the weirdness of the afternoon, all the work of Walling Willie Smith stood out in bold relief. The Cracker's big third sacker's massive work featuring the pastime.

The former Cardinal rapped out three clean bingles in four attempts. But he did not have the wallop that spread so much joy.

Each clout sent two runs clattering across the platter. He also put Tommy White in position to score between second and third.

When Eberfeld muffed up Cove's leave, Joe scampered to third. Welch, who had been working with a slashing two-sacker to left, counting Joe and sending Whitley to third.

Long hit to third and Whitley was back on base. The game being run down Welchone went to third and Long to second. "Wallop" poked his first pinch smack, counting Joe and sending Whitley to third.

The Lookouts got one in the over. With one gone, King bounded one over Dobard's head. Eberfeld fanned on the wild pitch, King scoring to second. He scored on Elston's single to right.

The Lookouts grabbed the lead in the seventh by sending one over. Musser opened up the inning by sending one over. He took second on a wild pitch and counted on Street's triple to the scoreboard. Street was stealing home when he lined one safe to left, scoring him.

King singled to center. Coyle going to third and when Welchone let the ball go by Coyle counted and King went to second. Eberfeld smashed one through Smith, scoring King.

At this stage, Musser was yanked and Bauseweln sent in. With Bauseweln holding the ball, Eberfeld started second. The big pitcher then threw the pellet to center field and the Kid came, all the way home.

**Crackers Tie It.**

The Cracker tied it up again in their half of the fifth. With one gone, Welchone got a free ticket. Bailey hit him to third with a hard smash to right.

Eberfeld yanked Coveleskie at this stage and sent in Sumners. After Rudy had walked Long, Eberfeld's sacker, he yanked Rudy and sent Forrest More in.

Smith delivered for the second time with a smash to right for a base. Welchone and Bailey clattered across the pan and Long pitched to first.

Graham was sent in to bat for Dobard. He popped a foul to Street. Wallon went to second on the catch and when Street scored.

Bauseweln greeted More with a snarp single to right to start the Cracker's sixth. Agler walked, sending him to second. Alpermann bunted, King scored and when he fumbled, the bases were full.

**Wallop Again.**

Welchone worked More for a free ticket, forcing in the tying run. Bailey

hit to Eberfeld and Long hit to Eberfeld, forcing Agler at the plate.

Wallop Smith stepped up to the platter and drove out his third stogie, sending Alpermann and Welchone clattering across the pan.

Joe Dunn started the seventh with a rap past Eberfeld for a bingle. Price sacrificed him to second. Alpermann stepped on at Eltick, which he booted, and Dunn failed.

As it was getting too dark for anyone to see, Umpire Breitenstein called the game.

# TY COBB SIGNS, TERMS A SECRET

Application Will Be Made to the National Baseball Commission for His Reinstatement at Once.

Detroit, April 25.—After a conference with President Navin this afternoon Tyrus Cobb, centerfielder of the Detroit American league baseball club, attached his name to a 1913 contract. The terms were not given out. Application to the national commission for Cobb's reinstatement has been immediate.

Cincinnati, April 25.—"Other than having been informed that Cobb had signed with the Detroit American league team I know nothing about his case. I naturally will have to wait until a formal application for reinstatement has been made and have delved into the details before I can say anything."

This statement was made by August Herrmann, chairman of the national commission, today.

# WILL PUSH PROBE OF BASEBALL TRUST

Washington, April 25.—Ty Cobb's agreement with the Detroit baseball club is the subject of a proposed congressional investigation of the so-called "baseball trust." Today Senator Gallinger conferred with members of the rules committee to learn what the chances were for hearings on his resolution as soon as the bill is disposed of.

Hardwick, of Georgia, declared he had abandoned his intention to introduce a similar resolution because of the agreement between Cobb and the Detroit management.

"Kid" Wilder, contrary to expectations, did not pitch for Lake City, the team putting up a half dozen different men during the game.

# Schwartz's Nashville Vols Is The Attraction Today; Game Starts Promptly at 4

Bill Schwartz and his Nashville Volunteers will make their first appearance of the season at Ponce de Leon park this afternoon, the game starting at 4 o'clock.

The "boy manager" has a hustling, hustling club—one that will make the Cracker extend themselves to the utmost to get away with a majority of the games of the series.

More has demonstrated the series in Nashville. The Cracker won the first game by a 3 to 2 count; the next was a close one, the Vols 2-2 and 2-0—while the last contest was the only one in which a topside score was the result the Cracker winning 9 to 1.

Nashville Vols have the best fielding base club in the league. They have made less errors than any club in the circuit, and with splendid pitching and a few timely hits they have been playing a jam-up article of baseball all season.

Fitcher McManus is a recent acquisition of the Vols hurling corps, giving Schwartz one of the best-looking staffs in the league, and one that will result in the Cracker plenty of trouble in this series.

McManus will probably make his debut against the Cracker this afternoon. Fitcher will work against him. The probable batting order of the two teams will be as follows:

# PRESIDENT WILSON SEES SENATORS WIN

Washington, April 25.—When President Wilson heard today that the Washington team was playing its last home game before departing on a month's trip, he instructed Secretary Tumulty to close up the engagement list and hurry to the ball park.

The president has attended four of the five games the team has played here since the beginning of the season, and the "fans" feel he is one of them. He applauds vigorously when Washington makes a good play—officially forbids that a president should "root" and looks disappointed when the umpire's decision favors the visiting team.

Today's game the president stood up and cheered when the Washington team tied the score and forged ahead in the eighth.

As he left the park he was given a great ovation. He has been sitting in a box in the upper tier and though the crowd jammed the aisles, they voluntarily made a path as he passed out with his daughter, Miss Wood. All the athletes and members of the party entered a white house motor there were more cheers, "come again, come again" and loud expressions of approval came from the "fans."

The White House itself is always astir on an afternoon when the home team of the Washington Nationals could get away went to the game and those who stayed behind eagerly heard the reports in the columns of the press. When the break came in the eighth the entire force of clerks swarmed to the box and congratulated the players.

Somebody said after the game that President Wilson was sorry the team was going away. "I'm not at all sorry," declared Major-General Underwood of the house with emphasis when he heard it. "Congress will be able to do business now."

# SOUTH ATLANTIC.

Gulls 3, Peaches 1.

Macon, Ga., April 25.—Inexcusable infield errors, in which every member of the Macon infield except Pope figured, gave today's contest to Charleston 3 to 1, and made Martin's really great pitching go for naught.

White Ridge was particularly bright, while eight men, he was able to lighten up in the pinches of which there were many. In the first inning, starting with Frysack at second base, and ending up with three consecutive bobbles were made which scored two runs.

The third was scored when Baumgardner dropped an easy fly with two down and a man on base.

Temporary stands seating 500 people had been erected in the morning, and the afternoon nearly 1,000 people saw the game, which was played while chain-gang workers cleaned up the charred remains of the grandstand. A much larger body of the old crowd held today and it was decided to put a big force of men to work at once on the grandstand, permanent stand on the site of the old one.

# Scouts 10, Foxes 7.

Columbus, Ga., April 25.—In a hitting game, frequented with errors, Jacksonville took the second game of the series by the score of 10 to 7.

The crowd for Columbus gave eight hits and seven runs in three innings, and was relieved by Wood.

Score: R. H. E.  
Jacksonville 004 000 000-12 7 2  
Columbus 000 000 000-7 12 7

**Indians 5, Babies 4.**

Savannah, Ga., April 25.—A ninth inning rally netted Albany four runs in the final game of the series here today, and tied the score, but the locals, aided by a pass, nosed out with two down in the last half of the inning and won 5 to 4.

Armstrong weakened in the ninth, after pitching good ball up to that time. Adams, who supplanted him with the heavy load, forced in two runs, tying the score, and then retired the next three men to face him. A double play by Hamilton and Guss, and strong hitting featured.

Score by innings: R. H. E.  
Albany 000 000 004-10 2 2  
Savannah 000 000 111-5 8 2

# NEW KIDS GIVEN BILL'S CRACKERS

President Frank E. Callaway, Enthused Over Showing of Team, Gives Each an Order for Bonnets.

President Frank E. Callaway, of the local baseball club, one of the most enthusiastic fans in Atlanta, has given the new kids in the Cracker an order for a "new lid."

When the Cracker left to open the season in Chattanooga the local president said, "Boys, if you win two out of three up there I'll give each of you a new hat."

The reason the Cracker walloped the Lookouts so thoroughly in Chattanooga and again on the home field can be plainly seen now.

The orders were issued yesterday afternoon. Take a look at them today.

# MERCER DROPS ONE TO AUBURN BUNCH

Donahue's Men Bingle When Bingles Mean Runs, and Cop 5 to 3.

Americus, Ga., April 25.—(Special.) One who expected this afternoon witnessed the defeat of Mercer at the hands of Auburn in a well-played game, the score resulting 5 to 3 in favor of the Alabamians.

The Baptists counted once in the fifth inning. Cochran was hit by Driver, Will sacrificed him to second and after taking third on Noble's error, Roddenberry's grounder and scored on Rice's out, Major to Davenport.

Auburn had the bases choked in the second, but two force hits at the plate and an out at first killed this chance.

The Alabamians crossed the plate twice in the fifth chapter. Major singled, stole second; Harris singled, scoring Major. Irwin's bad peg to third allowed Harris to score.

Major counted in the sixth on his hit and a walk, a sacrifice and Davenport's hit.

Williams was hit on the hand in the eighth. Major ran to him and scored on Irwin's bad peg to second. The Stroudmen had a batting rally in the eighth and came near overtaking their opponents. Cochran, Driver 8; first base on balls, off Hunt 2; off Driver 1; wild pitches, Hunt 2; passed balls, Irwin 1; Williams 2; errors, Cochran 3, Wagner 2, Umpire, Otte, of Americus.

STOCKS WERE WEAKER ON LACK OF DEMAND

Several Issues Made New Low Records for Year—Bonds Also Weak.

New York, April 25.—Pronounced weakness developed today among a number of the less active stocks.

Several issues made new low records for the year were made, and in some cases prices are approaching the low points touched during the panic of 1907.

The principal issues were sustained by the less stable industrials and by shares of railroads the maintenance of whose dividend rates has become a matter of some importance.

Rumely issues were conspicuously lower. The preferred, which closed yesterday at 45, opened 11 points lower today and subsequently sold under 52.

The common broke to 23. International Harvester, Illinois Central, Northwestern, Southern Railway preferred, Chesapeake and Ohio, and American Tobacco were others of the long list which touched new low figures for 1913.

The market leaders held up well during the greater part of the day, in spite of frequent losses of 2 to 5 points among the less prominent shares. Movements of such stocks as Reading, Union Pacific, Steel American, etc., were irregular and comparatively narrow until late in the session, when they gave way with the rest of the list, losing a point or so.

Sentiment was bearish and talk of dividend reductions and other unfavorable developments was common, but there was little in the way of concrete new influences to which the course of the market could be ascribed. The entire lack of genuine demand for either stocks or bonds is the depressing feature of the situation, even the recent irregularity of bond prices having failed to give rise to investment buying to an appreciable extent.

The first of the March reports of western roads appeared today and presented a marked contrast to the unfavorable statement of eastern lines, the latter having reported a net increase of \$244,000 and Southern Pacific of \$563,000.

Bonds lost ground again with acute weakness in some issues. Total sales, par value, \$2,125,000. Panama 3c declined 1-4 on call.
