LEO FRANK'S FATE NOW RESTS WITH HIGH TRIBUNAL

Stirring Speeches Are Made by Attorney General Felder for State and Luther Z. Rosser for Defense.

FELDER IS CRITICAL OF JUDGE L. S. ROAN

He Declares the Judge's Comments Had No Rightful Place in the Bill of Exceptions Filed.

The expression of doubt made by Judge L. S. Roan, the trial justice in the Frank case, was the subject of a scathing attack Tuesday morning from the Attorney General Thomas Felder in his address before the supreme court, where the fight for a new trial for the convicted man came to a close at 1 o'clock in the afternoon.

NO PLACE IN BILL

"That expression has no place in this bill of exceptions. The judge who uttered these words should not be allowed to impeach his own judgment as he has done. Neither should he be allowed to impeach the verdict of the jury which he, himself, approves. There is no evidence of doubt incorporated in this order of the court refusing to grant a new trial. This, and not an expression of the court's sentiment, is that which should be accepted by the supreme court."

ROSSER EXPECTS NEW TRIAL

Mr. Rosser's speech was begun at 11:37 o'clock. He said, in part: "Let me say, in beginning, that this verdict will be reversed. I am assured at the outset of this. First, let me draw a little scene which occurred at the early part of the trial. In the contest for the show of Frank's alleged perversion, the defense lost. At the judge's decision, the crowd broke out in a wild uproar like a blood-thirsty mob at a bull fight.

ORDER OF THE CARABAO APOLOGIZES TO WILSON

Letter Expressing Regret for Travesties and Satires on the Administration.

Washington, December 16.—Secretary Garrison and Daniels received today an explanation from Major General Aleshire, U. S. A., Brigadier General McIntyre, U. S. A., and Rear Admiral Howard, of the incidents at the recent dinner of the military order of the Carabao, which had aroused the displeasure of President Wilson and his cabinet.

These officers of the organization submitted copies of the songs and lines in the travesties and satires upon the administration policies and members of the cabinet, with a letter of regret that anything should have given offense.

Secretary Garrison will confer with Secretary Daniels tomorrow and a joint report will be made to President Wilson. Mr. Daniels said tonight his suggestion to Rear Admiral Howard that he decline to accept the presidency of the Carabao society in which he was recently elected, extended to other prominent officers in the navy.

Daniels Hears Criticism.—In view of the criticism of the recent dinner said Mr. Daniels, "I don't think it would be wise for any of the older officers to take offense at the Carabao society. When everything that is offensive or reflects on the administration has been taken out, it might be all right for them to take an active part."

Mr. Daniels pointed out that the president-in-chief of the Carabao society and navy could not permit reflections on his policies to be openly satirized by army and navy officers. He did not comment on the letter received from the three officers of the Carabao society, addressed to the secretary of the navy, follows.

"We have been appointed by the committee in charge of the Carabao dinner, military order of the Carabao, a subcommittee to submit certain data to the secretary of war requested by him."

The subcommittee also desires to express to you the deepest regret at the criticisms in the press of the recent Carabao dinner. The society, composed largely of army and navy officers, is greatly distressed that anything in its entertainment should be offensive to its invited guests.

That "Dum, Dum" Song.—"The principal song recited to have given offense was composed by soldiers on the way to the Philippines in 1899 and has been sung at Carabao dinners on similar occasions ever since."

"It was not on the program for the recent dinner, but was sung once, and, when asked for a second time, was refused by the officer presiding at the singing table. During the dinner there has always been present a number of interesting features and the songs have been practically the same on all such occasions."

"It has been stated in the press that the songs were known in advance. That is not the case. The songs printed this year is practically the same as some books heretofore printed, twenty-

nine of the thirty-five songs being the same, and the others have not been mentioned as being in any way objectionable.

"The printed statement that the performance, according to advance statements given out by the Carabao society, was designed to show the lack of sympathy for recent developments and tendencies in the Philippines government, is so absurd that it seems hardly necessary to deny it."

Very respectfully,
J. E. ALESHIRE,
J. B. HOWARD,
"FRANK MCINTYRE."

Keller Takes the Blame.

Later Dr. Joseph M. Keller, secretary of the Carabao and the only member of the committee not now in active service, announced that he was responsible for the issuance of the advanced matter to the press concerning the banquet. He said when the members of the subcommittee wrote their letter, they did not know what he had sent out and that the advance notices did contain no allusion to the Carabao reference to moving picture film portraying a Filipino colonel and former despot as being made governor of a province.

Dr. Keller said the advance matter was prepared hurriedly and this sentence would have been eliminated on careful inspection.

MAN WHO NEVER SERVED GRANTED FULL PARDON

Springfield, Ill., December 16.—Maurice Enright, sentenced to life imprisonment for the Altman murder in Chicago, and Joshua Tedford, the former Chicago policeman, who escaped severe penitentiary sentence through a clerical error, were pardoned today.

Enright was convicted in 1911 of the murder of Vincent Altman. The killing grew out of the labor war. The pardon board said:

"We are of the opinion that Enright probably is innocent; in any event the doubt as to his guilt is more than reasonable."

Tedford was convicted in 1903 on a charge of conspiracy to defeat justice and given an indeterminate sentence. A clerk failed to give notice to the sheriff directing a commitment and Tedford was never called on to serve the sentence.

With sentence hanging over him Tedford obtained employment in a big State street store and in the ten years since his conviction has risen to a high place of confidence in the establishment.

DR. MORTON PARDONED BY PRESIDENT WILSON

Washington, December 16.—Dr. William F. Morton, who served a term in Atlanta penitentiary with Julian Hawthorne for complicity in mining stock-selling frauds, has been pardoned by President Wilson to restore his civil rights as of December 10.

Dr. Morton's pardon was asked by many citizens of New York and several prominent physicians who pointed out that under the state laws he would be debarred from earning his living in the profession of medicine unless his civil rights were restored. President Wilson's action was taken on those grounds, officials here explained today, and no such action was taken as to Hawthorne because the necessity was not acute.

ITALIAN WORD CAUSES DISAGREEMENT OF JURY

Paterson, N. J., December 16.—After deliberation lasting all night and well into this afternoon, the jury trying Carlo Tresca for inciting silk mill workers to riot informed the court that it was unable to agree upon a verdict and was discharged. Tresca, one of the five Industrial Workers of the World leaders indicted for inciting a riot or similar offenses, was remanded to await decision as to whether he would be placed on trial again. The meaning of the Italian word "Battuti" as Tresca used it in addressing the striking silk workers, last night, puzzled the American jury. The question that made it difficult for the jury to agree was whether Tresca, when he said "battuti," urged the audience to "hit" or "strike" the police, or merely to "beat" or "conquer" them.

NEW JUDGE NEEDED IN THE BELLO CASE

Vicksburg, Miss., December 16.—The first session in the impending trial of State Senator G. A. Hobbs, indicted jointly with Lieutenant Governor Billo on the charge of soliciting and accepting bribes, came late today with the announcement by Judge Hays C. Moulter, that he had recused himself as the trial would extend over his term as judge, which expires December 21. Senator Hobbs' trial was set for today. The prosecution had announced its readiness, but another delay was granted when it became known that witnesses only in this (Warren) county had been served with summonses. The sheriff was instructed by the court to telegraph authorities in counties where other witnesses reside to ascertain what service had not been made and to hurry them.

BLACK HAND THREATS UNHINGED HIS MIND

Pittsburg, Pa., December 16.—Temporarily insane by reason of black hand threats, George Bert, said to be a merchant of Chicago, was found in a cell at police headquarters here today with gashes in his throat and his wrists cut.

Bert was arrested in the union station while wandering through the waiting rooms muttering to himself. A policeman, believing him to be intoxicated, took him to the police station.

When called for a hearing Bert was found almost dead from loss of blood. Papers in his pockets, the police say, disclosed that he had fled from Chicago a week ago to escape the black hand. Police Surgeon D. E. Sahle said Bert would recover.

FOR KILLING WHITE BOY NEGRO WOMAN IS HELD

Stoneville, N. C., December 16.—Mary Eliza Mitchell, negro woman from near Madison, N. C., was rushed to jail here in an automobile last night when she was charged with the murder of a white boy, 12 years old, who had been lynched by citizens of that community for the killing of a Jewish parish, a white boy, 12 years old.

The Parish boy, with other children, was playing near the Southern railway road tracks. Some of them left a small wagon on the track and the Mitchell woman is said to have entered it to remove it. The boy declined. A second time, it is alleged, she gave Parish orders to remove the wagon and she entered it, shot and killed the boy, she declined, whereupon it is said, the negroes drew a revolver and shot her. The woman was held in jail, identifying the woman as the person who shot him.

The coroner's jury held the negro woman responsible for the boy's death, feeling run rich and she was spirited away in an automobile by the sheriff, who had been summoned.

RADIUM CERTAIN CURE FOR FORMS OF CANCER

So Imminent Physicians Declare—Radium Bank Proposed for Philadelphia.

Philadelphia, December 16.—Stimulus has been given to the movement for a radium bank in Philadelphia by the announcement made last night by Dr. Howard A. Kelly, of Johns Hopkins university, and Dr. Robert Abbe, of New York, that the word cure can now be properly applied to the radium form of treatment of cancer. Physicians today are discussing the statement made by these two physicians that the power of the Gamma rays of radium over certain forms of cancer is not only wonderful but almost unbelievable.

Dr. Kelly exhibited photographs of patients before and after being cured and told of the cure in forty-eight hours of a man suffering from malignant cancerous growths on the face and head.

The physicians were careful to state that the cure can at present be applied only to superficial cancer in its early stages. What the mysterious element may accomplish in advanced and internal cases is a matter for further experiment, they said.

REMEDY IS SOUGHT FOR LAW'S DELAYS

London, December 16.—A number of striking proposals to lessen delay in the law courts are made in the final report of the royal commission, which has been studying the problem for some time.

It is proposed to do away with grand juries, to reduce the long vacations to two months, to hold no assize unless there are three prisoners, and to have judges in London sit for longer hours. A "speedy trial list" is to be formed of cases where there is no defense. Judges are to be retired at the age of 72, or after six months' absence.

Judges are to be allowed to retire after ten years' service on the condition that they serve if called upon during such period as would make up fifteen years' service. Pensions after five years' service or less are to be \$7,500 with \$1,000 a year extra for each extra year's service, the maximum being \$17,500 for fifteen years' service.

NOTHER BREAK IN COTTON MARKET General Liquidation Main Factor in the Decline. Rally in the Late Trading Recovered Most of Loss.

New York, December 16.—Reports of bearish private spinning returns were accompanied by another sharp break in the cotton market today, with prices making a new low ground for the movement, and a reversal of general liquidation and scattering pressure. The decline was checked around 12.30 for January by evening and reports of a moderate demand across spinners calling and there was a rally of 10 or 15 points in the late trading, which left the market finally steady at a net loss of from 10 to 15 points.

The opening was steady at an advance of 1 to 2 points in sympathy with relatively active cotton which some buying may have been encouraged by reports that prominent English stations believed the season's requirements more likely to exceed than fall short of early estimates. There was a rally of 10 to 15 points in reaction after yesterday's sharp break, and following some rather irregular trading the market sold about a 7 to 10 net higher.

It seemed, however, that no depression under received liquidation and toward midday the market weakened under reports that a prominent English station had bought only the amount of cotton wanted to December 13 at 12.75-12.90 bales. This was very near the official statistical bureau, indicating 12,800,000 bales wanted to December in quantity for buying, which could be readily reconciled with the day's official estimate of 12,800,000.

At any rate, prices broke very nervously under received liquidation and pressure, with the active months selling about 12 to 15 points lower. Some of the morning seemed to be coming back to the ring on this decline, but price later started to decline again, and was partly inspired by reports that interior spinning was not following the decline in futures.

There were wires from Memphis indicating a decline in the cotton factors in that market were covering their tables, but on the other hand, some of the spinners seemed to be interested in the fresh supply at the lower prices. The relative calm in Liverpool to the continental buying. Spot cotton was 11.15. No sales.

New Orleans, December 16.—The cotton market today was a scene of confusion and price changes. The fluctuations were favored to the long side, but bears became active in the afternoon and made almost a full recovery to the level of yesterday. The recovery in meeting the demand from the source.

The main feature of the day was the gasp in connection with the advance in the early trading. It was held about 12.30, the chief of which was that one private burrow was selling to December 13, 12.80 on a short bid. The advance in the showing gained for the period. The private burrow would show 750,000 bales, gained during the period was 99,000 bales. The reports caused much confusion among longs and led to much liquidation.

WEATHER DEPRESSED ATLANTA QUOTATIONS. MOST OF SESSION Government Estimate of the Winter Crop Caused Weakness Early in Day, But Market Closed Firm.

Chicago, December 16.—Surprise over the government's enlarged estimate of the winter crop had a depressing effect today on wheat. The market, although firm at the close, was 3/4 to 1/2 under last night. Corn finished 3/8 to 1/2 net higher and oats with a gain of 3/8 to 3/4. The outcome of the session was unchanged to 5 cents down.

Despite active buying for a group of strong commission houses, wheat suffered a material setback as soon as trading began. Gradually, however, prices hardened, a leading expert saying the government had overestimated the yield at least 35,000,000 bushels. The bears were further checked by statements that eastern wheat stocks are 8,000,000 less than the total a year ago.

Overgrowth in fall sown fields southwest tended to make speculators cautious regarding chances of a winter freeze. Some attention also given to cable assertions that the prospective surplus had shrunk 7,400,000 bushels.

Corn traders more than recovered from their sentiment, however, and threatened to raise the bid. The idea gained ground that a billion bushels of corn would be available for feeding grain, compared with five months back, indicated a coming scarcity despite heavy receipts of 100,000 bushels.

Oats rallied by falling off in contract stocks here. Shorts were also weak, but the market was not firm. Generous receipts of hogs acted as a handicap on the provision market.

Chicago Quotations. The following were the closing quotations on the Chicago market: WHEAT—No. 1 hard, 91 1/2; No. 2 hard, 89 1/2; No. 3 hard, 87 1/2; No. 1 soft, 85 1/2; No. 2 soft, 83 1/2; No. 3 soft, 81 1/2.

ATLANTA QUOTATIONS. WITH THE STOCKS Tendency of Market Was Upward and the Popular Stocks Closed Near the Best of the Day.

New York, December 16.—A better feeling prevailed today in the stock market. Although the general investment stocks were continued, with sharp declines in spots, there was no return to the old level. The market was unsettled by the generalist's hesitation for a time, but it finally broke away from the influence of weakness in a few stocks and sought a higher level.

The market closed with a gain of 1/2 to 1 point. The tendency of the session was generally upward and the close found the popular issues near the best prices of the day. Reports from the steel trade, which have furnished much ammunition for reports of a general recovery in the iron and steel industry, were also encouraging.

It was said on good authority that the steel industry was making a recovery and that many of the mills were operating at full capacity. This news was a great relief to the market, which had been depressed by reports of a general decline in the steel industry.

The market was also helped by reports that the government was planning to increase its expenditure on public works. This news was also a great relief to the market, which had been depressed by reports of a general decline in government spending.

CONFERENCE TO FORM FARM LIFE COMMISSION. By State Chamber of Commerce With View of Combating Boll Weevil.

A conference, with the view to forming a Farm Life Commission for Georgia, was held in the offices of the commissioner of Agriculture, J. D. Price yesterday under the auspices of the Georgia state chamber of commerce. Those present were Professor E. C. Branson of the Athens Normal school; Dr. A. M. Sibley, state college of agriculture; J. Phil Campbell, organizer of the Georgia corn club; Martin V. Cain, secretary of the state agricultural society; E. Lee Wortham, state board of entomology; and J. D. Price, commissioner of the state agricultural society, who expressed regrets at their enforced absence.

Among the chief objects which such a commission would work for would be the fight against the boll weevil, greater diversity of crops and the growth of earlier maturing cotton. Reports of boll weevil ravages in Louisiana, Mississippi, Alabama and Texas were informally discussed and it was agreed that the commission should have a program of greater diversity of crops and the raising of earlier maturing cotton. The commission would also have a program of greater diversity of crops and the raising of earlier maturing cotton.

The state chamber of commerce proposed tentatively the following program of action: Organize every county into a county committee of farmers, business men and churches, and take individual houses and churches under their protection.
