

GEORGIA'S SOLONS FACING TEST WEEK ON TAX PROBLEMS

Way Now Clear for Action on Tax Bills and Payment of the School Teachers of the State.

GOOD OUTLOOK FOR END OF STATE'S DIFFICULTIES

Akin Urges Tax Reformers to Support the Lipscomb Bill With Committee Amendments.

This week will be the test week of the legislature in so far as its ability to cope with the tax problems confronting it and the treasury deficit arising out of them is concerned. By Friday night the people will know whether or not this general assembly is to revise the system of assessing property for taxation, the teachers will know whether or not they may expect more prompt payment of the obligations due them by the state in the future than they have received in the past, and the governor may know whether or not it will be necessary to call an extra session in order to avert a crisis which threatens to paralyze the governing functions of the state.

It all depends on what is done this week and that is up to the gentlemen of the legislature, particularly those constituting the house of representatives. An opportunity for statesmanship, outrunning the narrow confines of class or section or county and including in its breadth the welfare of all the people and the provision for the great future which awaits Georgia, is presented—such an opportunity as is given to legislative bodies only once in a lifetime. It is confidently expected that this general assembly, which has already indicated its readiness to respond to the public will in so many directions, will measure up to the occasion.

The Crisis is a Serious One.

The crisis which confronts the state is indeed a more serious one than the public has been led so far to believe, much as has been said on the subject lately in the press. The funds in the hands of the state treasury are practically exhausted, only comparatively small amounts can come in to supplement them before the ad valorem taxes for 1913 begin pouring in the last of December, and not a penny has been paid since the beginning of the fiscal year.

It is true that the legislature will probably pass this week, with scarcely a dissenting voice, a joint resolution authorizing the governor to borrow \$500,000 to tide over the present emergency until the end of the year. Now able lawyers differ as to the interpretation of the constitutional amendment of last year increasing the amount which the governor may borrow for temporary deficiencies from \$200,000 to \$500,000. True, the attorney general has rendered an opinion to the effect that this amendment authorizes the governor to make the loan at any time after the last of June, at which time he holds that the fiscal year of the state begins and the partial failure of crops last year, he did not expect to see any increase in the tax returns for this year. His best hopes would be realized if the figures for last year were maintained.

A Doubt Raised.

At best, a doubt is raised which either the legislature nor the attorney general can settle, but only the supreme court, and this doubt is not confined to the matter of borrowing so large a sum of money, particularly at a time when the money market is so stringent that borrowers find the best of security and with no real difficulties involved in the making of their loans find themselves tried down.

There is another matter of ominous significance which is well worthy the attention of the legislators at this time. Some weeks ago Comptroller General Wright announced that, owing to the partial failure of crops last year, he did not expect to see any increase in the tax returns for this year. His best hopes would be realized if the figures for last year were maintained.

Decreasing Returns.

Now the returns from a number of country counties are in and the

SLATON DENIES SENATE REPORT

Governor Says Statement He Would Be in the Race Next Year Is Unauthorized by Him.

The attention of Governor John M. Slaton was called yesterday to the published statement that he would be a candidate for the United States senate next year, to which he replied: "Any such statement is entirely unauthorized by me. I have never mentioned the matter to a human being nor have I thought of it. My whole time, energy and attention is now being directed to the saving of the good name of the state in the matter of its finances. "Beyond that I have no definite purpose other than to give the state the best there is in me during by term of service as its chief executive. I hope to have the support of all elements to that end and so far I am glad to say that I am receiving such support, regardless of past political differences in Georgia. "The preservation of the honor of the state in the matter of its finances and the necessity for refunding its bonds on such terms as shall be creditable to the state are of supreme importance and any governor with a proper recognition of his duty would consider these questions as superior to any personal ambitions."

"Beyond that I have no definite purpose other than to give the state the best there is in me during by term of service as its chief executive. I hope to have the support of all elements to that end and so far I am glad to say that I am receiving such support, regardless of past political differences in Georgia. "The preservation of the honor of the state in the matter of its finances and the necessity for refunding its bonds on such terms as shall be creditable to the state are of supreme importance and any governor with a proper recognition of his duty would consider these questions as superior to any personal ambitions."

"P. C." IN THE HEAVENS MEANS "PLOW CORN," NOT "PREACH CHRIST"

Aurora, Ill. July 27.—"Too many people who see the sign 'P. C.' in the Heavens think it means 'Preach Christ' when it means 'plow corn,'" said Vice President Thomas R. Marshall today in addressing 20,000 persons who had gathered at Moose Heart, Ill. to attend the laying of the cornerstone for a \$3,000,000 industrial school and home for orphaned children and the aged. The institution is to be erected by the Loyal Order of the Moose. "Out of the superior educational advantages of today," Vice President Marshall said, "one unhappy corollary has been the discovery of many persons who labor would make for the industrial advancement of the nation have conceived themselves fitted for fabled, nobler pursuits, and thus the progress they would have made in the work they are fitted for is lost." Governor Edward D. Ransdell of Illinois, Congressman J. C. Copley of Aurora, Ill., and Ralph S. Noyes, of New Jersey, supreme dictator of the house organization spoke at the cornerstone laying.

NEGRO IS LYNCHED BY HOUSTON MOB

Discovered While Robbing a Store at Dunbar, Black Had Seriously Wounded J. F. Hammock With Shotgun.

Macon, Ga., July 27.—After an all day search for a negro burglar, who last midnight shot down J. F. Hammock, a merchant of Dunbar, 15 miles south of here a posse tonight captured the negro in a swamp at Wellston and after taking him back to Dunbar, strung him to a pole in the heart of a negro settlement and ridled his body with bullets.

Mr. Hammock was brought to this city and lies in a critical condition at the Williams sanitarium, suffering from some fifteen wounds in his chest and breast.

Mr. Hammock shot a noise in his store Saturday at midnight and leaving his house nearby investigated. He saw a man working inside and commanded him to come out. The negro loaded a shotgun inside the store and came forth shooting two charges into the body of Mr. Hammock. The merchant fell to the ground. He recognized the negro.

Persons rushing to the scene after the shooting were given a description of the burglar and started at once on the hunt. The posse gained in size until tonight when the capture was made there were more than a hundred in the party. The pursuers had been led into Houston county by blood hounds that were placed on the track. Not far from Wellston some fifteen miles from the scene of the crime, the dogs came to a halt at the water's edge of a swamp.

Members of the posse walked into the water with their drawn revolvers. There in water nearly up to the negro's neck they found him. The negro was dragged from the swamp, placed in the automobile used by pursuers and taken to Dunbar, where the lynching occurred. Several hundred shots were fired into the body of the negro.

TRANSFUSION OF BLOOD HELPS MRS. PANKHURST

London, July 27.—Mrs. Emmaline Pankhurst, the militant suffragette leader, is rapidly improving as the result of an operation for the transfusion of blood to her from a healthy young suffragette. The operation was made necessary by the weakened condition of Mrs. Pankhurst following her "hunger strikes" in Holloway jail, from where she was released last week.

LEO FRANK'S TRIAL ON MURDER CHARGE BOOKED FOR TODAY

Judge L. S. Roan Announces That He Will Call Case at Nine O'Clock This Morning.

LAWYERS BELIEVE JURY WILL BE NAMED IN DAY

Legal Representatives Take Good Rest on Sunday in Preparation for Struggle That Begins Today.

After weeks of preparation by some of the most skilled legal minds in the state and after every point in the affair that has been made public has been discussed and threshed out by thousands of citizens, the case of the state v. Leo M. Frank, charged with the murder of little Mary Phagan, will be called at 9 o'clock today. The event after event has followed in rapid succession since the morning of April 27, when Atlanta arose to wend its way to church and read of the finding by police of the little girl's dead body in the basement of the National Pencil company, on South Forsyth street. Next Lee, the negro night watchman, who called the police, was arrested, and is still held. J. M. Gantt and Arthur Mullinax, two white employees, were then arrested, and afterwards freed. Then the young factory superintendent was taken into custody.

Then Conley's Affidavit.

Then came the arrest of James Conley, negro sweeper, who stayed in jail apparently unheeded until he burst forth with his sensational affidavits against the superintendent.

Frank was bound over by the coroner's jury on May 8, and Lee was bound over with him. On May 24 the grand jury indicted the white man, but took no steps in regard to the negro, against whom the solicitor later declared he had no case.

Although the case is to be called today upon the time agreed upon early in June by attorneys for both sides, when it was postponed in open court from June 30, the attorneys for the defense will make no statement to set at rest the persistent rumor that they will ask for a continuance. The state, however, which has announced ready all along, is still ready and anxious to go to trial, according to the solicitor.

Judge L. S. Roan, who is to try the case, announced Sunday in response to a query that he felt very well, and that he had recovered from his slight illness of the past week. He stated that he expected to call the case Monday morning.

Should Frank Leave the Tower for the first time since May 8 and appear ready for trial in court today when his case is called, it is expected that he will state that he expected to call the case Monday morning.

Concentrate on Jury.

To a proper selection of the jury lawyers on both sides have strained every effort since Thursday, when the panels containing 144 names were drawn. Every bit of history and every point that could be gathered about the men on the venire list has been learned.

The state has called in assistants for this and has been assisted by several experts. The defense has been at the same thing.

Among Atlanta attorneys who have discussed the matter it has been suggested that it might be impossible to secure a jury in this county, as so many men either oppose capital punishment, or have formed a conclusion already in regard to the crime. It is known that both the lawyers for the defense and for the state believe that they will have little trouble in this regard, and that the jury will be picked in about a day.

Either side might, upon sufficient showing, secure a change of venue, which would allow the case to be tried in another county, where it would be easier to get jurors who have not formed an opinion previously.

Atlantans who have been kept guessing since the investigation started will see the end in the next week or so if the case is tried, the importance of the various affidavits and of the testimony of the witnesses, many of whom are said to conflict.

What importance will be given to the Mincey affidavit which, if believed, would show that the state believes that Frank and would name Conley as the murderer, is a matter that will soon be known. At present, while it is known that the defense has this affidavit, it is not known how strongly they depend upon it.

That the state will make a Herculean effort to break it down and to prove that Mincey is not to be believed, should the affidavit be brought up, is already known, and it is said that Solicitor Hugh M. Dorsey has spent much time in investigating Mr. H. Mincey's life and history with this end in view.

On Trial for Life Today

STATE SHOULD NOT ONLY TEACH HONESTY, BUT SET EXAMPLE, SAYS GOVERNOR

That honesty is the first lesson which a state should teach her children and that she cannot teach this lesson successfully without first observing it herself, in the text of an able and courageous statement which Governor John M. Slaton gave to the Constitution yesterday.

In language that should be clear to all the governor declares that tax reform does not mean an increase of tax burdens. It only means that the burden shall be distributed equally so that each shall bear his just share. The only people who can have a fear of tax equalization are those who are shirking their share of the burdens under the present system.

Will Deal Fairly With All.

Those who fear that tax reform will augment their tax burdens should bear in mind that the burden should be borne by those who are bearing less than their share, and will inevitably tend to lighten the burdens of those—who constitute the bulk of our citizenship—who have been dealing fairly with the state.

The reform will aim first at placing on the tax books the large amount of property not returned. The bulk of such property comes within the classification known as invisible.

There may be excuse for the citizen who pays taxes on his realty at a too low valuation; in his favor it can be said that the property in question bears some of the burden. There is no excuse for the citizen who refuses to return property of an invisible nature, which enjoys, as much as does farm lands and city lots, the protection of government. In his case the reform will aim first at placing on the tax books the large amount of property not returned.

The legislators are good men representing Georgia constituency and they will meet the responsibility in a way that will especially renew confidence in the virtue and efficiency of representative government.

They, I am sure, will set a standard of moral rectitude for the state and will be as liberal in making appropriations as strict adherence to that standard will permit.

JOHN M. SLATON, Governor.

Uncle Sam Orders Mexico To Make Speedy Redress For Shooting of Dixon

MEXICANS FORCED TO FREE AMERICAN WHOM THEY SHOT

Immigration Inspector Dixon, Wounded Saturday in Juarez, Has Been Delivered to United States Authorities.

MEXICANS THREATENED BY AMERICAN CONSUL

Soldiers and Negro Implicated in the Shooting of Dixon Have Been Arrested by the Huerta Authorities.

El Paso, Texas, July 27.—Charles B. Dixon, Jr., the United States Immigration Inspector, who was shot in Juarez Saturday by Mexican soldiers, was released from the Juarez hospital and brought to El Paso today after a demand for his release and for the arrest of the men who shot him. Mexican Consul Miranda and Guillermo Corrales, former secretary of state of Chihuahua, also interceded for the release of Dixon, after conference with the United States officials, who represented to the Mexicans the grave impression that had been produced in Washington by the news of the shooting of the inspector.

The demand of Consul Edwards was in vigorous language. First telling the Mexican authorities that Dixon must be delivered up to his friends and permitted to be brought to El Paso without delay, the consul said relative to repatriation:

"I do not merely request the arrest of these men, but in the name of the United States government, which I have the honor to represent, I demand their arrest and their trial and punishment for this crime. My government will hold the military authorities of Juarez persons personally responsible for failure to obey this command."

Negro and Soldiers Arrested.

Arthur Walker, the negro whom Dixon was investigating when he was arrested, and the soldiers who made the arrest immediately were placed in jail, according to a report of Colonel Castro, commanding the Juarez garrison, to E. W. Berkshire, supervising inspector of immigration for the United States on the Mexican border.

Dixon was released to Mr. Berkshire and went to Juarez Saturday afternoon. His physicians believe he will recover.

Mr. Berkshire said tonight he made no demands on the Mexican officials, but had reported to his superiors the facts concerning the arrest of himself and Inspector Clarence Gately, when they went to Juarez Saturday following the shooting of Dixon.

Mr. Berkshire said that from what he had learned, the negro Walker, when he learned that Dixon was in Juarez investigating a white slave case in which Walker had been implicated, informed the Mexican officials that Dixon was there with a bottle of chloroform, ready to chloroform and kidnap him.

Target of Many Bullets.

When the Mexican soldiers had apprehended Dixon, they marched him to the suburbs of the city instead of to the military barracks or city hall. This, according to Dixon's statement, retarded the march and led him to suspect that he was going to be executed.

As a matter of self-preservation, he declared, he fled and became the target of many bullets, only one of which took effect, striking him in the back and penetrating his body. Another bullet struck his shoe.

Wounded, he was taken to the Juarez hospital by his captors, and there, under a military guard of three soldiers, he was kept from Saturday afternoon until late today, when he was removed to El Paso. The Mexicans refused even to allow the blood-soaked clothing that he removed, although they did permit Dr. Tappan, of the immigration office, to cut the clothing and treat the wound Saturday afternoon.

Bitter Feeling Against Mexicans.

Intentional at the Mexicans runs high in El Paso tonight, and the consul accorded Dixon has strained relations in this city between Americans and Mexicans as has no other incident attendant upon the present revolution.

The Mexican officials of Juarez, both municipal and military, however, refused to make any statement concerning the course of action taken by them after it became known that Dixon had been seriously wounded by federal soldiers. It is persistently rumored here tonight that constitutionalists under Villa will turn to Juarez immediately and force an attack against that city for the incidental purpose of avenging the fate of Dixon, and strengthening their claim for recognition by the United States.

Demand Is the Most Drastic in Phraseology That Has Been Made by the Wilson Administration.

COURT-MARTIAL ASKED FOR HUERTA SOLDIERS

Release Is Also Demanded of Bissell and McDonald, Held by Huerta's Soldiers in Chihuahua City—Incidents Considered Serious.

WASHINGTON, JULY 27.—Strong representations, the most drastic in phraseology that have been made since the present American administration came into power, were made to the Huerta government in Mexico today.

The United States government demanded not only the prompt arrest, courtmartial and punishment of the Mexican federal soldiers who shot Charles B. Dixon, an American immigration official at Juarez, Mexico, but the immediate release of Charles Bissell and Bernard McDonald, mining managers, imprisoned by federal soldiers at Chihuahua City, and said to be threatened with execution.

INCIDENTS CONSIDERED SERIOUS

So serious were these incidents regarded in official circles that they overshadowed largely the theoretical considerations of policy which the visit of Ambassador Henry Lane Wilson has brought to a climax.

The ambassador himself was so exercised over the developments in Mexico that he dictated two strong telegrams, one to the embassy at Mexico City and the other to the American consul at Juarez, and while Secretary Bryan slightly modified their tone, they were approved and promptly dispatched.

Ambassador Wilson declined to discuss the affair, but he will probably explain his views on such happenings when he meets President Wilson at 2:30 o'clock tomorrow afternoon for a general examination of conditions in Mexico.

President and Ambassador to Confer.

The president carefully studied Ambassador Wilson's long report today, and after an early conference tomorrow with Secretary Bryan will be prepared to inquire of the ambassador what remedies he would suggest.

In the meantime the ambassador would give no inkling of the recommendations he has in mind beyond the general statement that his plan would conserve the friendly relations between Mexico and the United States, and protect likewise the interests of American citizens in the southern republic.

The ambassador's experiences with outbursts against American citizens, such as those against which the American government today lodged a protest will make him an important factor in whatever policy is adopted toward the Huerta government on account of yesterday's developments at Juarez and Chihuahua.

American Demands Very Pointed.

The demand that the soldiers at Juarez be court-martialed and that the guilty be punished is a much more pointed and radical demand than has been voiced by the American government.

Although McDonald, who is Bissell's fellow prisoner at Chihuahua, is reported to be an English subject, the demands for protections covered both individuals and the American consuls at Chihuahua was ordered to go to the extreme of precaution to prevent harm from befalling the two mining men.

Secretary Bryan was at the state department for a short time today conferring with subordinate officials in the Latin-American division. He stated that the telegrams ordering an investigation constituted the only actions that would be taken for the present, but that the American government intends to pursue its injuries vigorously.

Case of McDonald and Bissell.

Telegrams corroborating press accounts of the shooting at Juarez reached the state department today.

JUDGE TAKES BATH AS JOKING FRIEND SWELTERS IN VAULT

Perry, Ga., July 27.—(Special)—Thinking to play a joke upon Judge F. H. Skellie yesterday, a friend slipped into the ordinary's office and hid in the vault. Not knowing he was the victim of a "joke," the judge locked the vault at noon and went home to dinner.

The presence of the man in the vault was not discovered until 1 o'clock and as the judge was taking a bath at that time it was 1:30 o'clock before he could return to the courthouse with the key. The friend was then released after his incarceration of an hour and a half, covered with perspiration and in no mood for further jokes.

ESCAPED CONVICT SENDS BACK HOUND WHICH TRAILED HIM

Athens, Ga., July 27.—(Special)—Will Barrett, a white man serving a five-year sentence for cutting a horse trader in this city some time ago, yesterday sent back to the county convict camp a bloodhound which had been used in tracking him. Barrett did not "come back" with the dog.

Barrett escaped several nights ago. The hounds were sent out on the trail but all of them abandoned it save one little young dog, which pursued the faint track beyond the following guards. A brother-in-law of Barrett brought the hound back to the camp yesterday and conveyed a message from the fugitive to the effect that he was well and doing nicely and didn't wish to add dog-stealing to his crimes and sent, therefore, the young hound back with his compliments.

Weather Prophecy LOCAL THUNDER SHOWERS.

Georgia—Local thunder showers Monday and probably Tuesday; light to moderate various winds. Virginia—Local thunder showers Monday; the probably fair except showers in southeast. North and South Carolina, Florida and Alabama—Local thunder showers Monday and probably Tuesday; light to moderate various winds. Mississippi—Generally fair in north; local thunder showers south portion; Monday and probably Tuesday; light, variable winds. Louisiana—Generally fair in west; local thunder showers in east; Monday and probably Tuesday. Tennessee—Local showers Monday in east and generally fair in west portion; Tuesday fair. Kentucky—Generally fair Monday and Tuesday; slightly cooler Monday. West Virginia—Showers Monday and Tuesday; fair, warmer.

There is little information about the status of McDonald and Blease. It appears that they were enroute to Parral in an automobile to bring out refugees when arrested at Santa Fe.

While the demands today were directed toward the Huerta government the constitutionalists, according to reports here, are making every effort to gain favor with the United States by affording all possible protection to Americans and their interests.

TORREON AND SAN LUIS POTOSI CAPTURED BY HUERTIST FORCES

Not only Torreon, but the city of San Luis Potosi, capital of the state of that name, has been captured by constitutionalists according to Lieutenant Colonel Luis Hiercasillas, of the constitutionalist forces, who arrived in Piedras Negras early in the morning. It is reported but not verified, that the cities of Cuallan and Matatlan in the state of Sinaloa, have surrendered to the rebels.

The constitutionalists attacked Torreon last Sunday morning. The fighting continued all of Monday and part of Tuesday, the rebels surrendering on that day. The constitutionalists captured a carload of ammunition, many rifles and machine guns, and 1,500 prisoners. Losses were unknown but were heavy on both sides.

At San Luis Potosi, Hiercasillas said, the constitutionalists captured and captured the local provisions and ammunition of war.

GENERAL HUERTA HOPES FOR AMERICAN RECOGNITION

Mexico City, July 27.—Great hopes that the United States will recognize Mexico have been aroused here by statements in a number of the newspapers alleged to have been made by Ambassador Wilson to the effect that he has received information that recognition will be assured.

The news secretary of the Ministry of Mr. Wilson and the state he has taken since his arrival in the United States with regard to Mexico.

El Paso, which on the day of the departure of the rebels, were told by Washington characterized him as an enemy of Mexico, now is positive in its praise of him.

A feeling of optimism prevails in the revolutionist circles, but there is keen interest in what the conferences at Washington between President Wilson, Secretary Bryan and Ambassador Wilson will effect.

BATTLESHIP SOUTH CAROLINA RETURNS TO MEXICAN WATERS

Galveston, Tex., July 27.—The United States battleship South Carolina sailed back to Mexican waters tonight, after a stay of ten days in Galveston.

The battleship was ordered to leave there after she had been used to receive the South Carolina is bound for Tampico.

The Mexican is expected here this week. The battleship is expected to be some time ago by the navy department.

EARLY ATTACK ON JUAREZ BY THE REBELS

El Paso, Texas, July 27.—American newspaper men who visited Colonel Terribile Ortega's constitutionalist camp at Guadalupe, 47 miles south of Juarez, were told by Ortega that it is General Francisco Villa's intention to proceed to an attack on Juarez within a few days.

The newspaper men say they counted more than 1,000 soldiers in the Ortega camp. While they were there a detachment of five hundred mounted men under Colonel Garza arrived from Cuahuila to join Ortega's army.

Ortega claims to have 1,500 men. They have plenty of arms and ammunition and several machine guns, Ortega claims.

HUERTA IS BEING OBTAINED BY MEMBERS OF CABINET

Mexico City, July 27.—It is stated officially that Rufino Reyes, minister of justice, will resign in favor of Ortega that it is General Francisco Villa's intention to proceed to an attack on Juarez within a few days.

EIGHTY REBELS ARE KILLED BY THE PURSUING FEDERALISTS

Mexico City, July 27.—Eighty rebels of Castillo Bello's command were killed or wounded in the fighting between the pursuing federalists in the state of Chapas, according to official reports received here.

CHINESE REBELS SUFFER DEFEAT

Loss of the Hu Kow Forts a Serious Blow — American Marines Guard Foreign Settlement at Shanghai.

Pekin, July 27.—The capture of the Hu Kow forts by the joint land and naval attack Friday night, is regarded as the most important news which reached Peking today from the scene of the rebellion in the south.

The capture of the forts on the Yang-Tze river in Kiang-Si province, and the river now is clear for the northerners to Nanking, where the forts held by rebels prevent the fleet passing.

The southern troops on the Tien Tsin Pukow line are retreating southward from Iron Mountain, evidently fearing that General Hsu, at the juncture of the grand canal and the Yang-Tze will participate with the northern forces and cut their communications.

Hsu's command has been regarded as practically an outlaw band, but both sides are now willing to accept his assistance. It is thought the decisive combat at the rebellion may be fought at Nanking.

Disarming the Rebels. Shanghai, July 27.—In accordance with a proclamation issued Sunday, the military police, reinforced by a strong body of Shanghai volunteers, went today to the rebel headquarters at Chapel, immediately north of the foreign settlement boundary, where they disarmed 30 soldiers and two officers, and took six 3-inch guns.

There was no actual resistance on the part of the rebels, but for a brief period a conflict seemed imminent. The rebels, however, were deterred by the firm attitude of the municipal police.

Detachments of American, British, Japanese, French and Italian blue-jackets, at the request of the municipal police, were sent to the settlement and the Chapel boundaries.

The rebels Saturday morning captured the Lienshang, a Chinese admiralty yacht, which, it is believed, was bringing supplies to the rebels.

The departure of transports from the Foo points to the probability of a battle at the Wu Sung arsenal.

During the last thirty hours all has been quiet at the rebel headquarters. The rebels have been employing leisurely time in constructing wire entanglements on the roads.

Wu Ting Fung, former Chinese minister to the United States, is actively engaged in negotiations for peace, but the northern generals are not empowered to treat with him, as Shanghai forms only an item in the general situation.

According to the municipal police, the northern generals have resolved to fight only if they are attacked.

Owing to the escape of all prisoners to the United States, intelligence in the native districts, surrounding the foreign settlements is increasing. There have been several cases of incendiarism for the purpose of plunder.

The Chinese are loud in their denunciation of the Japanese whose assistance is held to have been mainly responsible for the success of the revolt. There are wild rumors in circulation that the Japanese have promised Japan by the rebels and it seems undeniable that some material assistance in the way of money and military instructors has been lent the rebels.

The Japanese government's attitude, however, seems most correct and it is doing its utmost to remove all grounds for reports that it expects to bring about through the success of the rebels.

Philanthropists have organized efficient relief measures and fugitives will be given food and shelter.

London, July 27.—A dispatch to a news agency from Shanghai says foreign naval detachments have disarmed the Shanghai rebels, and that Chinese troops are being rolled the borders to prevent looting.

According to a dispatch to The Daily Telegraph from Shanghai, dated midnight Sunday, an armistice has been agreed upon to permit negotiations between leaders of the rebels and government forces.

The correspondent says there was no fighting Saturday or Sunday, and that the rebels are leaving Shanghai defeated.

It is now generally admitted, says The Daily Telegraph's Peking correspondent, that the situation cannot be held by the rebels.

Admiral Nicholson's Course Approved. Washington, July 27.—Officials here approve the course of Rear Admiral Nicholson, commander of the Asiatic fleet, who refused to send a guard of marines to the central China port of Hankow, where Americans had become apprehensive because of the disorders in China.

Admiral Nicholson has reported to the navy department that he has been ordered to send British, German and French commanders, all of whom advised him against furnishing the guard.

The request for marines was made by the Chinese government, through the legation at Peking. In transmitting the request to Admiral Nicholson, Acting Secretary Roosevelt authorized the commander of the American squadron to use his discretion in the matter.

As Ku-Ling is on elevated ground it is said not to be in immediate danger except from stragglers. The gunboat Helena, the American vessel nearest Ku-Ling, is in the central China Yang-Tze river and officials here point out that if Admiral Nicholson sent any of her small complement of marines to Ku-Ling, the vessel might become an easy prey of the warring factions.

At the navy department it was said today that Admiral Nicholson had done his full duty in offering an escort to the gunboat Helena, who might wish to leave Ku-Ling.

American Marines on Guard. Shanghai, July 27.—The United States auxiliary cruiser, Rainbow's gunboat, the Hual river, is in command for a demonstration, are now guarding the foreign settlement, with the men from other foreign warships.

The Rainbow was struck three times during the fighting on Friday.

The whereabouts of Dr. Sun Yat Sen, one of the leaders of the revolt, is unknown.

The Standard Oil company's houseboat was captured near Stow Chow. Much of the money on board was taken and the boat was released.

Rebels Fleeing Back. Nanking, July 28.—When the rebel uprising began the southerners were

LEADERS OF CHINESE FACTIONS

YUAN SHI KAI DR. SUN YAT SEN

The province of Fukien has seceded from the Chinese republic, according to a dispatch to the state department from Consul Fowler, at Fuzhou.

Fukien borders upon Kwangtung and Kwangsi, the two provinces which have already thrown off allegiance to the Peking government.

The legation at Peking reports that the local government of Canton in the Kwangtung province, proposes to send 15,000 troops north within a week to engage

the government forces. The provincial assembly has confirmed Chen Chung-kuang as military governor of the Kwangtung province, and has appointed him commander in chief of the army which is to proceed against the northern forces.

The declaration of independence by Kwangtung province is taken to mean that Dr. Sun Yat Sen, former provisional president of China, is leading the revolt. Dr. Sun was on the point of starting a revolution last April.

Weather conditions will be watched closely, but they are not likely to have their full effect because they will have no influence at all on the pending condition figures.

Rain is still needed in the eastern belt but most sections of the western belt can get along without it.

Good rains in Texas and Oklahoma would lead to heavy short selling but, at the same time, much moisture in the central and western belts would probably enable the bulls to obtain many bull weevil complaints.

Government Report Will Be Made Next Friday—Little Change Is Expected.

New Orleans, July 27.—The cotton trade this week will be chiefly concerned with the August condition figures, which will be issued Friday morning at 11 o'clock, New Orleans time.

These figures will give the percentage of condition of the crop on July 25. It is impossible yet to say what brokers and operators are expecting for this month, the market has been very slow in making up its mind what to look for.

It is safe to say that no one looks for any great variation from last month's figures. A month ago, on June 25, the percentage of condition was put at 81.8. The fact that a large part of the belt suffered, although not seriously, from droughty conditions for a part of the month leads some bulls to look for a slight deterioration in condition, although conservative people, even among the bulls, are not willing to admit that the news from the belt would indicate a lower condition than last month.

Among the bears, there are a few who look for considerable improvement, but probably the more conservative element would be satisfied with 82.5. All this only reflects the guesswork that is going on. In a day or two general expectation may be altogether different from anything that is indicated now.

Much depends upon what the private crop reporting bureau put out. On July 25, last year, the condition was put at 76.8, three years ago at 89.0 and three years ago at 75.5.

Weather conditions will be watched closely, but they are not likely to have their full effect because they will have no influence at all on the pending condition figures.

Dr. Starnes Says Farewell At Sunday Organ Recital

Atlanta's Organist and His Wife Generously Applauded on Their Final Appearance.

The organ recital at the auditorium Sunday afternoon was the farewell appearance of Dr. Percy J. Starnes in Atlanta. A large audience was present.

Fittingly enough Mrs. Starnes, who by reason of her fine coloratura soprano voice has won unstinted praise from the music lovers of Atlanta, appeared on the program with Dr. Starnes. Both were greeted by bursts of applause every time they appeared on the stage and were enthusiastically cheered.

The program was one of the most elaborate and beautiful that has been heard at any organ recital in Atlanta. The audience was particularly pleased with Dr. Starnes' newest composition, heard Sunday afternoon for the first time, which is a musical setting for Hood's songs, "A Lake and a Fairy Boat."

The writing specially for Mrs. Starnes, whose rendition of it was highly appreciated.

At the end of the program Dr. Starnes came upon the stage and in short speech thanked the people of Atlanta for the friendship and co-operation they have lent him during the three years he has been connected with the Atlanta Musical Festival association.

Dr. and Mrs. Starnes will leave Atlanta about August 1. They have several propositions from various cities under consideration, but have made no definite decision as to where they will go. No arrangements have yet been made to fill Dr. Starnes' place.

MORTUARY. S. H. Jenkins, Columbus. Columbus, Ga., July 27.—(Special.)—The funeral of S. H. Jenkins, a prominent Muscogee county citizen, for many years a resident of the Ptolemy community, was conducted today from the Methodist church at Midland. Six nephews of Mr. Jenkins were the pallbearers. He was buried with Masonic honors. The deceased was 66 years of age and a confederate veteran. He was widely known in this section of Georgia.

Mrs. Exa Scoggins. Mrs. Exa Scoggins, age 38, died at the residence, 69 Ashland avenue, at 10 o'clock Sunday morning. She is survived by her husband, D. H. Scoggins, and four children. The funeral will be from the residence at 2 o'clock this afternoon. Interment will be in Greenwood.

CURRENCY REFORM WILL BE ENACTED

Democratic Leaders Assure President of Favorable Action—Differences May Be Settled by a Caucus

Washington, July 27.—President Wilson has received further assurances from leaders in congress that his program of currency reform will receive favorable action at this session of congress.

Rapid progress has been made in the tariff bill in the senate and the president and his congressional advisers have been encouraged at the prospect of the passage of the tariff bill much earlier than had been expected.

While the democrats of the house currency committee have found it impossible to agree on the Glass-Steagall currency bill the house leaders and President Wilson believe the measure can be passed in the senate without delay.

It is believed the bill will be taken into a caucus with the risk of the president's leaders.

The tariff bill has a 3-1 vote in the senate and is expected to pass.

THE SWISS GUARD

SAYS GEORGIA NEEDS WAYWARD GIRLS' HOME

Garland M. Jones' Bill Will Come Up for Final Action This Week

The house bill to establish a home for wayward girls in Georgia is scheduled to come up for final action this week.

The bill is now in the hands of a special subcommittee appointed by the appropriations committee to ascertain the minimum amount of money necessary to establish and maintain such an institution.

The bill was originally referred to the penitentiary committee which investigated it fully and recommended it for passage.

Mr. Jones pointed out that such situations were not in the experimental or theoretical stage.

DRUMMER

SUNDAY SCHOOLS RISE TO AVERAGE OF 320

Gain of 64 Per School Registered Over Last Year, When Attendance Averaged 256

Soaring to an average of 320 people in each Sunday school the various churches of Atlanta made the best Sunday school record yesterday of the entire summer to date.

The total attendance at the twenty Sunday schools entered in the publicity agreement was 6,399 while the figures for the same Sunday last year totalled 5,121 making a gain of 1,278 or 25 per cent.

The gain of 64 over last year's average attendance which was only 256 on this day.

March attention has been attracted to the steady climb of the Central Presbyterian Sunday school which stands second on the entire list this Sunday being attracted only by the First Christian. The complete report follows:

NEGRO SHOTS LINEMAN; THREE SUSPECTS JAILED

W C Merk Is Mortally Wounded on Sunday Near Lithonia, Ga

W C Merk, 30 years of age a lineman for the Georgia Railway and Power company, was mortally wounded by a bullet fired by a negro named Royal Watson Sunday afternoon near Lithonia.

It is said that the shooting was done without any provocation whatsoever.

The sheriff of DeKalb county spirited the negro and two others who were implicated away to Decatur, where they were jailed fearing a lynching.

Merk was taken to the Georgia Baptist hospital in Atlanta.

ORTHODOX PREACHERS SCORED BY DR. ROBINS

'They Were the Ones, After All, Who Crucified Christ,' Says the Trinity Pastor

That orthodox preachers and sanctified folks are the worst enemies to the cause of Christ was the statement of Dr J B Robins pastor of Trinity Methodist church in a sermon Sunday morning.

And by that I don't mean he added 'the preachers who are really orthodox or the people who are really sanctified but the preachers who are proud of their orthodoxy and the people who are proud of their sanctity.'

The orthodox preachers were the men Christ pushed aside when He came to this earth—and they were the ones after all who crucified Him.

Christ in calling men to preach His gospel and establish His kingdom on earth didn't call men who thought they knew it all.

We need that sort of men today. The men who get closest to the hearts of their fellow beings and lift them out of the mire.

Another dress, another skirt, another waist, and the cost will be only a fraction of what you would have expected.

ALL STEEL, ELECTRIC LIGHTS AND FANS—Service Unexcelled—TO RICHMOND, WASHINGTON and NEW YORK

EDITED BY Dick Jemison

Rube Marquard won his ninth straight game. The Cubs appear to have regained that formidable stride again. The Giants look better than ever with him right.

WHIFFS

Not Understandable. BASEBALL is a funny game. It is impossible to do it out. That's what makes it so fascinating. Take the case of the Crackers, for example. All season they have been doing all right, murdering all kind of pitching but being handicapped by bad pitching from their own side of the fence. Now when the pitchers show signs of coming around the hitting falls off.

Just a Slump. THE CRACKERS have just been in a batting slump for the past week. It is not those uncouth and cunning lines of baseball that no one can ever figure on. But the slump will be a last night longer. Such a crowd of hitters as the Crackers have proven themselves to be cannot be held in check very long. Making it as a pitcher in a day long game that is the proper method. It is probable that after this slump the team will hit its stride and maintain it to the end. It is to be hoped that the hitting slump will not last so long as it has.

Lacked the Pitch. AT MEMPHIS in Montgomery the Crackers had a chance to break the hitting slump with a timely swing. It was the work of the pitcher. The pitcher looks like it is capable of delivering a good article of ball until the end of the game. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

The Bright Side. WE PROPOSE to look on the bright side of things. In this dark and dreary outlook we will see what light there is to be seen. The pitcher is capable of delivering a good article of ball until the end of the game. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

Don't Give Up. CLING UP on the left wheel and on the right wheel. The race has over a month yet to run with a long stretch of it. The race is only five weeks away. There is a lot of time to be made. The letter is not slipped. It is a whole lot.

Will Help Most. THE RETURN to hitting from Wallop Smith and Walter Johnson will be the best. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

Will Help Us. EVERYONE who has seen this fellow look like a champion. The Crackers made a ten stroke when they landed him. The best of the Crackers considers Love the best left hander in the league by a long jump.

A Strong Point. LOVES is a strong point. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

The 'Break'. ONE RUN in the first inning was the break. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

No Complaint. DESPITE the fact that the game was a hard one, the Crackers have no complaint. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

Polo at Fort. THE MILITARIANS are a good lot. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

Shut-Out Games. WHITE WASH games have been frequent. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

Even Break in New Orleans. NEW ORLEANS broke a record. It is probable that the pitcher will be in the hands of the Crackers in three games previous. While other strengthens our belief that it is only a natural slump.

Other Results. SOUTHERN LEAGUE. Mobile 2, Atlanta 1. Montgomery 4, Chattanooga 2. Nashville 3, Birmingham 2. New Orleans 2, Birmingham 1.

IN PRETTY PITCHERS' BATTLE GULLS WIN FROM CRACKERS; DUNN PINCHED FOR CURSING

By G J Flournoy

Mobile Ala July 27.—(Special)—Before three thousand people Mobile took the opening game of the series from the Crackers 2 to 1 in a closely contested game. It was Hogg against Dent and both pitched in fine form but hits were bunched by the locals in the fourth on two sacks which with a double steal netted No. 10 runs. Atlanta put one over the fifth on a two sack and two in field outs.

Dunn was arrested for cursing behind the plate and despite pleas of the local players was taken from the lot by the police under orders of Police Chief Greenhaw. Mobile failed to get a man on in the third when Clark sniped but was caught off by Dunn to Agler. McGill got a assist. Hogg flew to the hit but struck Hogg's bat pasted the ball down first line just over the stick for two bases. McGill going to third.

This hit was what caused Dunn's removal from the lot by the officers. The local players requested that he be allowed to finish. Chapman was called from right and Price sent to that position. Stair flew to left.

How Wares Came. In the fourth Odell singled. Faulet (out) to Clayton. Robertson singled and Odell made third on the hit. It worked a successful double steal. Seim hit flew to Long who made a great run in almost the line. Clark drove Robertson home on a two sack to right. McGill came from Dent to first.

For the Crackers Chapman led off in the fifth with a double to left and an out to first. Chapman was out and scored on Dent's slow grounder. Stair for an out to first in the sixth the visitors had a fine chance for a tie or an Adler walked and McClonch sacrificed Odell to first but he hit but failed being juggled on the line whereon four players got an assist on the double play the only one of the game.

Clark and Agler hit for a clean score and Chapman and Long figured in the fielding. Smithless Wright. Manager Smith of the Crackers after the game said to your representative that he had no grievance against the local ball team for the operation of Dunn. He said that the team was allowed to finish the game.

Smith said that Dunn in arguing over the hit ball with Umpire Wright remarked "I know G—D— well it was a foul but that Umpire Wright did not put him out for this." Smith asked that Dunn be allowed to continue as he had done until the game was badly crippled. The game was delayed fifteen minutes during the struggle in an effort to have the officials allow Dunn to finish the game.

Dunn was allowed to continue to the city arena and up east at headquarters for bond on the charge of disorderly conduct. The arresting officer said the complaint was Assistant Prosecuting Attorney Tidwell to start who said he heard Dunn curse.

A FAST TRIO OF OUTFIELDERS.

The locals outfield, whose work has been erratic in spots and brilliant in others but which on the man compares just as well as any other outfield in the league. What faults they may have in the field these boys make up for with the old stick. Hitting covers a world of fielding errors. Tommy Long (on the left) has hit over 300 all season and is at present the leading run getter of the league, with every prospect of breaking the league run getting record. Harry Welchone (in the center) is leading the local team with the bat and the league in number of hits made, besides making a bid for the league batting leadership, which he held last season. Welchone has just as good a chance to register more hits this season than have ever been registered before as Long has to break the run-getting mark. Harry Bailey (on the right) is away off his stride. No one seems to know why. He is trying his hardest and honest efforts are sure to eventually bring success. At least we hope so.

"BIG SIX" MATTY IS REAL LEADER

Humphries and Demaree Have Higher Percentage, But Have Been in Fewer Games. Washington Southpaw Has Won 11 Straight Games. Walter Johnson in Second Place—Plank Third.

Joe Boehling, Clark Griffith's young southpaw leads the American league hurlers with an unbroken streak of eleven straight wins. Walter Johnson is second with 22 wins and Plank, Brown and Bender have won two thirds of the Senators games.

Table showing pitching statistics for American League pitchers including names like Johnson, Plank, Brown, Bender, and their respective win-loss records and percentages.

JOE BOEHLING HAS UNBROKEN LIST

Washington Southpaw Has Won 11 Straight Games. Walter Johnson in Second Place—Plank Third.

Table showing pitching statistics for National League pitchers including names like Johnson, Plank, Brown, Bender, and their respective win-loss records and percentages.

LEAGUE'S HEAD PRAISES LOVE

The following telegram from President J. F. Redus of the Cotton States League is well explanatory. Dick Jemison, Sporting Editor of the Constitution on account of several missing score sheets it is impossible to give a complete record of Pitcher Love's record. Love is supposed to have won at least 70 per cent of his games for the season. I consider Love the best left hander in the league and as soon as possible will give you complete data.

Table showing batting statistics for American and National League players including names like Love, Johnson, Plank, Brown, Bender, and their respective batting averages and statistics.

JACKSON AND CRAVATH STILL HARD HITTERS

Chicago and Cleveland are the two best clubs in the American league. Jackson and Cravath are still hard hitters.

Table showing batting statistics for American League players including names like Jackson, Cravath, and their respective batting averages and statistics.

NATIONAL LEAGUE

Dodgers Win Two Cincinnati July 27.—Brooklyn took both games of a double header from the locals here today the first by a score of 10 to 4 and the second 8 to 1.

Table showing pitching statistics for National League pitchers including names like Johnson, Plank, Brown, Bender, and their respective win-loss records and percentages.

MILAN AND MARSANS PILFER MOST SACKS

Joe Moran of the Washington speed merchant and Joe Marsans of the Cincinnati are the leading base stealers of the league. They are pilfering most sacks.

Table showing batting statistics for American and National League players including names like Moran, Marsans, and their respective batting averages and statistics.

QUAKER CLUBS TOP OTHERS IN FIELDING

The Athletics and the Phillies lead the fielding in the American league. Quaker clubs are top in fielding.

Table showing fielding statistics for American League teams including names like Athletics, Phillies, and their respective fielding percentages and statistics.

CRACKERS HOME THIS THURSDAY

Play Five Games With Nashville Vols in Three Days. Then Off on Final Jaunt of the Year.

By Dick Jemison. Three more with the Mobile Gulls one day on Tuesday and the final Wednesday and the Crackers return to their home lot again.

But the home stay will be of only three days during on. However plenty of baseball will be crowded into those three days with the Nashville Volunteers as the opponents of the local team.

A double header is on the schedule for Friday. The game the last trip of the Volunteers to Atlanta makes it necessary that it be played on this time and it is the final visit of the Vols to Ponca de Leon this season.

Last Road Game. Here is the schedule of the final road trip. August 4, 5, 6—Chattanooga. August 8, 9, 10—Nashville. August 11, 12—Birmingham.

Retaining home with the Crackers for the first time this season, that will last until the 14th. In the next twenty six games all will be played in a row of the local grounds and every team but the Nashville Vols visiting the local grounds.

If on the final visit to the Crackers can go a 100 per cent clip return to the home lot. The small distance away from first place that they are now 1 1/2 games a couple considerable heading to keep them away from that race which if completed will be Bill Smith's bid for Atlanta.

Here is the list of home games arranged in order as far as possible as the season ends. The Vols have not been definitely decided upon.

Table showing the schedule of home games for the Crackers, including dates and opponents like Chattanooga, Nashville, and Birmingham.

TEAM MATCH RACE AT MOTORDROME

Ten Riders Will Speed Thirty Miles Tomorrow Night. Race Promises Much Excitement.

A team match race, with the ten riders paired in five teams will be the feature event at the local motordrome tomorrow night.

This event promises to be even more exciting than the Marathon last Friday night. All ten riders will be in the race at the same time. They are riding on the flat at the bottom ready to jump in and take a whirl when it looks like the partner is slipping or in the event something happens to his machine.

The teams will be announced tomorrow. Also complete details for the rest of the program which will include match races and the usual te and finals in the sprint sprint. The teams in the ten leading riders are in the race at the bottom ready to jump in and take a whirl when it looks like the partner is slipping or in the event something happens to his machine.

Table showing the names of the riders participating in the team match race, including names like Collins, Lobert, and others.

COLLINS AND LOBERT BEST RUN-GETTERS

Pittie Collins and Hans Lobert are the leading run-getters of the major leagues. They are the best run-getters up to and including the games played July 23.

Table showing batting statistics for American and National League players including names like Collins, Lobert, and their respective batting averages and statistics.

ATHLETICS AND PHILLIES HIT BALL THE HARDEST

The Philadelphia Athletics and the Philadelphia Phillies are the hardest hitting teams in the major leagues. They are hitting the hardest.

Table showing batting statistics for American and National League players including names like Athletics, Phillies, and their respective batting averages and statistics.

MOTOR RACES AT MOTORDROME

Motor races at the motordrome. Tuesday 29th, 8:15 P.M.

AGREEMENT PREDICTED ON CURRENCY MEASURE

Supporters of Administration Scheme to Force Insurgents to Show Down.

Washington, July 27.—Confronted by apparently irreconcilable differences among democrats of the house banking and currency committee on the pending currency bill, the administration tonight changed its plan for getting the measure through the committee and the house.

The scheme of Chairman Glass to take the unfinished bill out of the hands of the committee democrats and send it to the democratic house caucus, which failed on Friday, was abandoned after Chairman Glass today conferred with President Wilson.

The bill will be kept in the conference of the committee democrats this week according to the new plan, and they will be forced to vote on the essentials of the measure. The administration supporters believe they will be able to out-vote the so-called insurgents by ten to four, or eleven to three.

Representative Bagdadie who offered the Henry Bagdadie Insurgent Amendments to the bill. Representative Bulkeley, of Ohio. Representative Bagley, of Texas and Representative Neeley, of Kansas, are the four members listed as doubtful. If the disagreement of these four cannot be disposed of by discussion and argument, they will be voted down. Then the administration will decide what further course to pursue with the bill.

The administration forces apparently were encouraged today and advanced the belief that the president, despite the unhappy outlook, would be able to get his bill through both ends of the capitol practically unchanged.

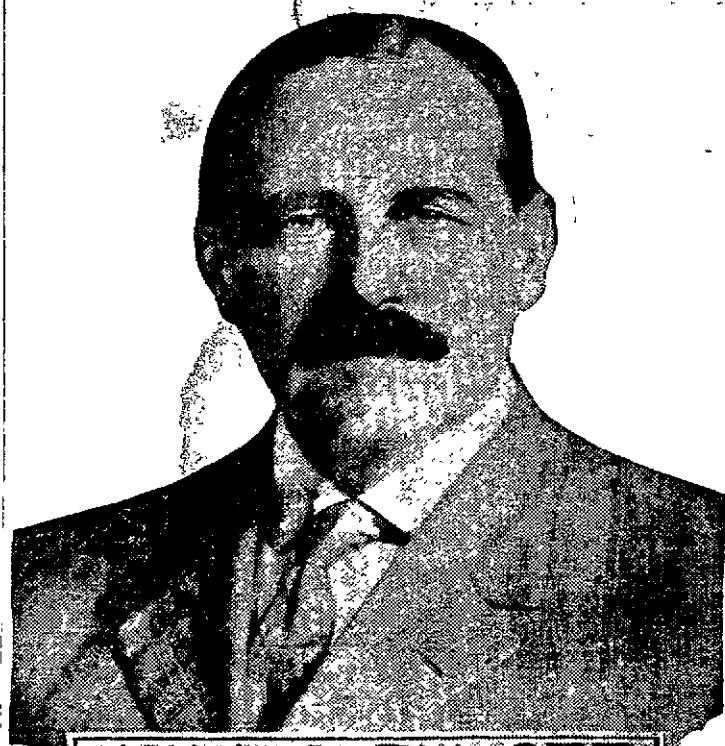

In a statement issued tonight Chairman Glass said:

"While there seemed to be cause for discouragement some days ago, leading me to entertain personally the belief that progress might be better facilitated by going to the caucus with the bill, I am now confident there is a possibility of a substantial agreement among members of the committee and that we shall probably in another ten days be able to report the administration measure with some of its details altered, but none of its essentials materially changed."

"The president has not changed his attitude as to the necessity for currency legislation at this session, nor altered his position with respect to the main features of the bill under consideration. Moreover, I feel warranted in making the declaration that a safe majority of democratic members of the banking and currency committee of the house, when it comes to the test will stand with the administration."

MAN WHO SUCCEEDS MELLON

HOWARD ELLIOTT

Howard Elliott, president of the Northern Pacific, succeeds Charles S. Mellon as head of the New Haven Mr. Elliott has been getting \$75,000 a year as president of the Northern Pacific about a year and a half ago when he was receiving \$50,000 in the same capacity he was offered the presidency of

the Missouri Pacific at a salary of \$100,000 a year and refused the offer. It was believed then that he was waiting for a chance to get back into railroad work in the east. Though not a native of New England, he was brought up in Cambridge, and spends the greater part of his summers there. Most of his close friends are in New England.

GIRL KEPT DEATH PACT, BUT MAN CHANGED MIND

Rose Fivanson Was Left to Die Alone by Her Lover.

Boston, July 27.—A suicide pact is believed to have led to the death of Rose Fivanson, aged 20, of Hartford, Conn. who was found in a hotel room today, a victim of poisoning. The police are looking for an unknown man who was registered with the girl at the hotel last night.

This morning the man, who seemed ill, went to the hotel office and inquired the address of a doctor. Half an hour later groans were heard from the room and the girl was found near death.

A fragment of paper clutched in her

hand bore the name "G. W. Man, Shelburne, Ind." and asked the police not to blame "Billy."

"I am tired of the life I am leading and am doing this with a clear mind," the note said.

The girl was taken to the city hospital where she died. The police think the pair intended to die together, but that the man after his first sip of the poison changed his mind.

Crackers' Daily Hitting.

HE ATTACKED CHURCH ON THE EVE OF TRIAL

Rev. Charles Davidson Had Been Summoned to Appear Before Episcopal Court.

Richmond, Va., July 27.—(Special.)—The sensational attack of the Rev. Charles Steele Davidson, of Charlottesville, Va., upon the Episcopal church, after burning his vestments and prayer book in the presence of a negro mammy, at the gates of Monticello, the tomb of Jefferson on Friday, brought from Thomas H. Wilcox, chancellor of the diocese of southern Virginia, the following telegram:

"Norfolk, Va., July 27.—Mr. Charles Davidson's attack upon the Episcopal church, made on the eve of the convening in Norfolk on Monday of the court appointed by Bishop Randolph to hear certain charges made against him, was to say the least ill timed."

Chancellor Wilcox declined to give particulars as to what the charges against Davidson contained, but it is known that Davidson has written several letters reflecting upon the Bishops of the Episcopal church of Virginia.

A telegram from Charlottesville tonight states that Rev. Mr. Davidson is preparing to hold a series of meetings in a theater in that city, and will be aided by a choir selected from all denominations, and from the Salvation Army. An Episcopalian it is stated, will be organist.

PERJURY IN LYNN TRIAL

Negro Blash Admits He Gave False Testimony.

Dublin, Ga., July 27.—(Special.)—A big surprise was sprung in the Lynn case here when Raymond Blash, a negro, and one of the most important witnesses for the prosecution, was arrested and lodged in jail on the charge of perjury, and will be tried probably at the term of court which convenes here Monday.

In the trial of Mr. and Mrs. A. L. Lynn here in February for the killing of F. M. Hightower, at the Lynn home, Blash was working at the rear of the house and saw Lynn enter the back door just before the shooting took place and leave hurriedly just after the shots were fired. He stuck to the story all the way through and his testimony was one of the strongest links of the chain of evidence introduced by the prosecution. Since the trial, however, Blash has stated several times that what he swore was not true.

This arrest will have the effect of getting a new trial for Lynn, it is claimed by his attorneys here, S. P. New and George B. Davis, and they state that the entire case will probably be reopened. In the meantime, pending the disposal of Blash's case, preparations are being made to carry his case to the supreme court of the United States on other grounds.

WHISTLES WILL BLOW TO CALL BACK STRIKERS

Effort Will Be Made to Operate Copper Mines Under Military Guard.

Calumet, Mich., July 27.—Whistles will blow and call back to the copper mines those employees of the companies who are willing to work tomorrow morning if the operators carry out the wishes of the state military authorities in control of the strike zone. Decision to attempt a general resumption of work was reached at a conference between company representatives, Sheriff Daniel Crum and General P. L. Abbey today, the officials pointing out to the operators that with the entire organized militia of Michigan guarding the Houghton company mines, their requests for protection had been complied with and that the state could not afford to have the companies play a waiting game in an attempt to "starve out" the union men.

While this conference was in session the union leaders were addressing a mass meeting of several thousand men, women and children in a skating rink in Laurium, urging the miners to stand fast. The meeting adopted a protest against the presence of troops, in a communication addressed to Governor Ferris. This was carried to Lansing tonight by C. E. Mahoney, vice president of the Western Federation of Miners.

Sunday was a day of demonstrations by the military as well as the unions. While the strikers and their families were marching through the streets, a battalion of infantry under Major Kramer was sent through Laurium. Thousands of spectators watched the rival parades, but the crowds were apathetic.

Speeches in five languages were made at the meeting, the chief address coming from Guy R. Miller, a Colorado member of the executive board of the federation. Miller pleaded for "industrial justice," asserting that the companies had violated fundamental ethics in refusing a conference with representatives of their employees and criticizing indirectly the action of Governor Ferris in sending troops into the country.

Pumplin was renewed at some of the mines today, notably the Wolverine and Quincy No. 8 shafts. No trouble developed as a result of these activities during daylight hours and tonight every shaft house in the county contained a detachment of troops. James A. Waddell, of New York, who represented the Guggenheim interests during the copper strike in Utah several months ago, arrived today to take charge of the company's interests in this section. He said it had not been decided whether non-union workers were to be brought here.

TENNESSEE WOMEN MOVE ON WASHINGTON

Nashville, Tenn., July 27.—Mrs. John E. Turney, chairman of the legislative committee of the Tennessee Equal Suffrage association, heads a delegation of suffragettes, who live here tomorrow night for Hyattsville, Md., where they will meet representatives of the other states of the union for the purpose of marching on Washington.

WEATHER TO BE FAIR DURING PRESENT WEEK

Washington, July 27.—Except for local thunderstorms, generally fair weather is predicted for the coming week by the weather bureau, and no unusually high temperatures are expected.

"A moderate depression now extending from the lower Missouri valley northward to Lake Superior," said the weekly bulletin tonight, "will move eastward, attended by local thunderstorms during the early days of the week from the Ohio valley and lower lake region eastward. The showers will be followed by rising pressure during the remainder of the week."

"Over the central and western portions of the country generally fair weather will prevail, although local thunderstorms are probable early in the week over both slopes of the central and southern Rocky mountains. A cool wave that now covers the northwest will spread eastward and southeastward in modified form."

THOUSANDS SEE DIVER DIVE TO HIS DEATH

St. Louis, July 27.—Within view of thousands of spectators Oscar E. Stuber, a professional diver, leaped from the center span of the unfinished free bridge into the Mississippi river and was drowned today. His body never reappeared after the 100 feet plunge. Stuber had twice successfully dived from the Eads bridge into the Mississippi. He undertook the performance today on a \$75 wager. It is believed the force with which he struck the water rendered him unconscious.

GOV. CRAIG IS IGNORANT ABOUT RATE AGREEMENT

Asheville, N. C., July 27.—Commenting upon the dispatch from Norfolk last night to the effect that the North Carolina corporation commission and the representative of the railroads had reached an agreement on the North Carolina rate trouble, Governor Craig tonight said:

"I know nothing of the result of the conference at Old Point Comfort between representatives of the railroads and the corporation commission, except what I have seen in today's papers. Whenever Mr. Travis, as chairman of the corporation commission, shall submit to me any basis of settlement I shall carefully consider the same and pass upon it after mature deliberation."

"This is a matter of the highest importance. It affects the welfare of all the people of the state and it has received the attention of the men of the state most interested in our prosperity. A public sentiment has been aroused that demands a just settlement of this question, a settlement just to the railroads and just to the people. If these differences are not adjusted before the meeting of the special session of the legislature, I feel sure that that body will take vigorous action to remedy the injustice that the people of the state have suffered by discrimination against them in freight rates."

27 PERSONS INJURED WHEN CARS OVERTURN

Boulder, Colo., July 27.—Twenty-seven persons were injured, some seriously, in a wreck on Switzerland Trail, near here today when four cars filled with tourists overturned.

The cars were on the Rio Grande, Boulder and Western railroad. Among the probably fatally injured were Mrs. Martha Chalfont and Miss Blanche Chalfont, Shinneston, W. Va.; Mrs. John Henson and Laura Pearson, Chicago. All suffered internal injuries and cuts from breaking glass.

Rome Buys Central Station Electric Current For Her 4,000,000-Gallon City Pump

ROME'S CITY PUMPING STATION

The City of Rome, Georgia, will hereafter use CENTRAL STATION ELECTRIC CURRENT of the GEORGIA RAILWAY AND POWER COMPANY for motive power in its 4,000,000-gallon (daily) city pumping station. The contract has just been signed and the ELECTRICALLY-DRIVEN PUMP will displace the old-fashioned steam pumps now in use as soon as the necessary mechanical changes can be made.

The City of Rome made this progressive move advisedly. Every other form of power capable of driving the city pump was considered along with ELECTRICITY from the Central Station. The city council and the mayor had frequent and lengthy conferences with representatives of every kind of machinery suitable for pumping purposes. Finally, however, on the advice of one of the foremost engineering firms in the South, Messrs. Solomon & Norcross, of Atlanta, Consulting Engineers for the City of Rome, the mayor and council decided to reject all other methods and install CENTRAL STATION ELECTRIC CURRENT as the most economical and most reliable power obtainable for the city pumping station.

The contract with the City of Rome for this power specifies the standard rates and service of this company, the rates and service ANY MUNICIPAL INSTITUTION OR BUSINESS ENTERPRISE MAY USE ADVANTAGEOUSLY WHEREVER POWER IS NEEDED.
