

LAFOLETTE LAUDS WILSON'S HANDLING OF MEXICAN SITUATION

Declares President Has Managed the Serious Situation With Splendid Skill and Diplomacy.

WILL HAVE UNITED BACKING OF CONGRESS

Wisconsin Senator Tells Why He Voted for Tariff Bill. Discusses the Currency and Tuesday's Elections.

"I have the highest admiration for the skillful and diplomatic way in which President Wilson has handled the Mexican situation," declared Senator Robert M. La Follette, of Wisconsin, when interviewed in his room at the Ansley hotel shortly after his arrival from Gainesville yesterday afternoon to fill a lecture engagement at the Baptist Tabernacle last night.

"The president seems to have won the confidence of the entire country by his management of a most difficult condition of affairs for our country. The situation is a serious one, and liable to grow more grave at any time, but I feel confident in asserting that, should the worst come, the president would have behind him the unanimous support of almost every citizen of this party. That is the sentiment of both houses, so far as I can see it.

"Congress Unanimous. "We may differ on matters of domestic concern, but when it comes to facing the enemies of our country we shall all be as one man. I believe that President Wilson will find congress ready, without a dissenting voice, to do anything that he may ask of them in solving a difficult problem that confronts us in Mexico.

"There was a disposition on the part of a few of the republican senators at one time to criticize the president on the ground that he had not been aggressive enough, but all that had been stopped. The more level-headed senators realized that such criticism would merely embarrass the president, without accomplishing any good, and they put it aside.

New York Election. Speaking of the effect of Tuesday's election in New York city, Senator La Follette said: "It seems to me that the triumphant election of Mr. La Follette mayor was a great victory for good government. I regard it as part of the general advance movement, the cleaning-up process that has been going on in all parts of the country, which has resulted in the present state.

"Personally, I do not know very much about Mr. Mitchell, but there are those in whom I have the greatest confidence who have been close to him, and they tell me that he is a very efficient man, well equipped in every way to make a great mayor. I feel very much gratified over his election.

The senator declined to discuss for publication the progress of his campaign in New York and Massachusetts Tuesday. He said that, owing to the attitude which he took last year when that party was organized, anything he might say might be misconstrued.

In speaking of the currency bill which is now pending before the senate, he was asked by a reporter: "Do you believe that the currency bill as it came from the house is a good measure?" "I believe that the currency bill as it came from the senate before its final passage, it will not be amended in such a way to make it a very good measure. There will be several features added to it which will make it a measure that I think is a very good measure than it now is. I think it will pass with the senate amendments, and will come a law."

The tariff bill. In reference to his vote on the tariff bill which has recently become a law, the senator spoke quite freely. "The bill was amended in such a way as to make it a public law, and I am very much pleased to see it become a law. I am also pleased to see that some of the amendments which were made to it were of a nature which I thought had been made too low. I would not have decided to vote for it if it had not been amended in such a way as to make it a public law, and I would have made the tax on wool 15 per cent higher. But I had to attend to other matters, and the Aldrich measure with all of its glaring frauds and inequities, was one of the things that I had to do, and I did my duty as I saw it when I voted for the bill.

The senator was greeted by very pleasantly the staff of a party of Georgians to Madison to inspect the state university when he was governor of the state. He said he remembered very pleasantly quite a number whom he had met at that time, and that he hoped to return some day to visit them on his trip to Georgia at this time.

Senator La Follette arrived in the city on the local Southern train from Gainesville, arriving shortly before 5 o'clock. He was taken at once to his quarters at the Ansley hotel, where he had not been very well for several weeks, and has undergone considerable strain on his lecture tour. His physical condition is such that he has devoted more time than usual to his lecture.

Lectures at Tabernacle. In his lecture on "Representative Government," to be given at the Baptist Tabernacle, last night, Senator Robert M. La Follette, of Wisconsin, addressed himself particularly to the subject of the tariff, and returned a very pleasant and interesting address.

He declared that he expected to devote all of his spare time, for the next three or four years, to work in the south along this line.

The senator was greeted by a reasonably large and appreciative audience. Charles E. Sheldon, vice president of the Young Men's Democratic club, president, and other members, William Schley Howard, of the fifth district, introduced the speaker.

ELECTED TO CONGRESS

JUDGE FRANK PARK, Of Sylvester, elected Wednesday to succeed Roddenbery as congressman from the second district.

MURPHY WAITING FOR ANOTHER DAY

"Tammany Hall Still Here," Says the Boss—No Intention of Resigning—Wall Street Had the Right "Hunch."

New York, November 5.—"There will be another day," said Charles F. Murphy this afternoon at Tammany Hall, speaking of Tuesday's election, at which Tammany was routed.

"Are you going to resign?" he was asked. "Who said so?" retorted the Tammany leader.

"Do you consider Tammany Hall destroyed?" "It is still here," was his answer.

Edward E. McCall, the defeated Tammany majority candidate, has gone to Hot Springs, Va., for a rest, according to an announcement made by one of his campaign managers today.

John Furroy, Mitchell, mayor-elect, said this afternoon that he could not be too emphatic in saying that the national administration had had nothing to do with his election.

"While the campaign has been very friendly to me and I have no doubt that he is pleased with the results," Mitchell said, "neither he nor anybody connected with the national administration took part in the city campaign. If the president had taken part in the campaign we would not have had the co-operation of the republican party."

"Mr. Murphy is a good loser," he observed as he read a telegram of congratulatory from the Tammany leader.

Wall Street Had a "Hunch." The "I told you so" sentiment was nowhere more prevalent today than in the Wall street district, where those who follow betting pointed to the accuracy with which yesterday's results were foreshadowed in recent wagers.

Only twice since 1888, it was declared in Wall street today, have the final odds quoted in the financial district been in error in foreshadowing the results of national, state and municipal elections. The exceptions were in the presidential elections of 1888 and 1892, in each of which campaigns.

JUDGE FRANK PARK WINNER IN SECOND

Elected to Congress by About 757 Plurality Over Rosco Luke—Judge Covington a Poor Third.

With three or four outlying precincts unheard from, Judge Frank Park, of Sylvester, was elected to congress today in a special election to fill the unexpired term of the late Congressman Roddenbery, of the second district. By a plurality of about 757 over Rosco Luke, mayor of Thomasville, his closest competitor in a three-cornered race, in which Judge W. A. Covington, of Moultrie, ran a poor third.

practically complete returns show: Park, 5,888; Luke, 4,631; Covington, 1,474. All candidates won in their home counties, Park receiving 1,370 votes in Worth and Luke 1,245 in Thomas, while Covington, according to incomplete returns, did not receive a support nearly as gratifying in his home county of Colquitt.

Park won seven counties out of the twelve in the district, Luke four and Covington only one, as follows: Early, Baker, Calhoun, Mitchell, DeKalb, Worth, Dougherty and Early. Luke—Tift, Grady, Miller and Thomas. Covington—Colquitt.

Sketch of Judge Park. Judge Frank Park, whose home is at Sylvester, and who has been elected to congress to succeed the late S. A. Roddenbery, has presided over the courts of the Albany circuit for several years. He is now serving his second term.

Before studying law he was a successful educator and a very interested in educational matters, being chairman of the board of trustees of the Second District Normal college at Tifton. He fitted himself for the practice of medicine when a young man, but gave it up to study law. He practiced in Atlanta at one time, but his record as a pleader and jurist has been made in his home county of the state. He was judge of the county court of Worth county before running for judge of the district court, at which place he defeated Judge W. N. Pence, who had been on the circuit bench for a number of years.

Judge Park is regarded as one of the most remarkable campaigners in the southern part of the state. He never tires and can cover more ground than any other man in the state. He is a man who ever sought to shake the voter's hand in southwest Georgia.

Park Carries Baker. Newton, Ga., November 5.—(Special.)—Official vote of Baker county in the special race gives Park 355, Luke 41, Covington 6. Park's plurality 225.

Luke Sweeps Thomas. Thomasville, Ga., November 5.—(Special.)—Official vote of Thomas county in the special race gives Park 255, Luke 41, Covington 163. Park's plurality 214.

Park Takes Mitchell. Camilla, Ga., November 5.—(Special.)—Official vote of Mitchell county for each candidate is as follows: Covington, 78; Luke, 62; Park, 68.

Full Vote in Tift. Tifton, Ga., November 5.—(Special.)—The full vote of Tift county for each candidate is as follows: Covington, 174; Luke, 410; Park, 325.

Luke Takes Miller. Albany, Ga., November 5.—(Special.)—Miller county official count gives Park 150, Luke 250 and Covington 75.

Park Takes Dougherty. Albany, Ga., November 5.—(Special.)—Dougherty county's official vote is: Park, 312; Luke, 217; Covington, 9. Park's plurality, 267.

Park Wins in DeKalb. Bainbridge, Ga., November 5.—(Special.)—With three small precincts missing, the full vote of DeKalb county is: Park, 405; Luke, 374; Covington 115.

Covington Gets Colquitt. Moultrie, Ga., November 5.—(Special.)—With four precincts missing, the vote of Park 145, Covington 588 and Luke 349.

Park Sweeps Worth. Sylvester, Ga., November 5.—(Special.)—Full vote of Worth county for each candidate was as follows: Covington 42, Luke 1,370 and Park 5,888.

Luke Carries Grady. Cairo, Ga., November 5.—(Special.)—Grady county for each candidate was as follows: Covington 46, Luke 874, Park 27. Luke's plurality 848.

Park Carries Early. Blakely, Ga., November 5.—(Special.)—Official count of the election gives Park 322, Luke 252 and Covington 183.

Total. Park, 5,888; Luke, 4,631; Covington, 1,474. *Incomplete.

LOCKER CLUB CASHIER HELD UNDER \$300 BOND

Police Claim Whisky From the Metropolitan Was Secured for Houston Man.

The first blow against illegal operations of locker clubs was struck by the police shortly before midnight, when J. A. Cheney, cashier, and two other men were arrested for an alleged illegal transaction that involved the Metropolitan, a prominent club located at Forsyth and Mitchell streets.

Cheney was held under \$300 bond and charged with violating section 1630, which pertains to the city liquor ordinance. The same charge was docketed against the two other prisoners, who gave the name and addresses so J. L. Parks, aged 47, a bartender, living at 121 Nelson street, and M. A. Trout, aged 37, living at 175 Spring street. Two hundred dollars bond was required for the latter two.

Parks and Trout were arrested early in the night by Plain Clothes Police. Cheney was brought to headquarters several minutes after midnight. After a conference with Chief E. L. Jett, Cheney was released on bond. He has been cashier of the Metropolitan for a considerable while, and is well known throughout the city.

Parks Bartender at Childs. The charge against the three men is based on what the police allege to have been the illegal securing of whisky by a person not a member of the club. Parks is a bartender in the bar of the Childs hotel. The police declare that he dispensed Trout to the Metropolitan to obtain an amount of whisky for a citizen of Houston, Texas, who was passing through the city.

Parks, the police say, sent Trout, who is said not to be a member of the club, to the Metropolitan with an order for the whisky. Trout, returning, is said to have turned the whisky over to Parks, who, in turn, gave it to the Houston man. Just how the police became acquainted with the transaction they will not divulge.

They aver, however, that this is not the first offense of this nature of which the Metropolitan has been guilty. They declare that they will have other occasions to produce in court this afternoon at 2:30 o'clock, when the cases will be put before Recorder Broyles.

Deaf the Transactions. Parks and Trout, it is said, deny the police charges.

STUDENTS OF TRINITY YELL FOR FOOTBALL

They Urge Ben Duke, Benefactor of Colleged, to Allow Them to Play the Game.

Durham, N. C., November 5.—Following a mass meeting in the interest of football tonight four hundred Trinity college students marched through the streets of Durham yelling for football.

The students went to the home of Ben Duke, of the American Tobacco company, and one of Trinity's chief benefactors, to urge him to allow them to play football.

Miss Mary Duke sent word that her father was in bed "but everybody in the house is for football all the time," she said. Mr. Duke finally sent a message saying "I have nothing to say against football, personally I am not against football. Methodist institution in this state and does not allow football. Trinity students say there will be no more athletics at Trinity unless their demand for football is granted.

CONGRESSMAN LEE AT ANSLEY HOTEL Congressman Gordon Lee, of the seventh district, and Hon. Herbert Clay, of Marietta, solicitor general of the state, were in the city this afternoon. Dick Dorbita, of Marietta, are registered at the Ansley. United States Senator Robert M. La Follette is also registered at the Ansley.

transacted, Cheney, however, admits that he allowed the whisky to be turned over to Trout on an order from Parks. Inasmuch as Parks, who maintains a locker in the Metropolitan, had sent for supplies that were contained in the locker, he was legally entitled to whatever he might order.

J. A. Smith, manager, and other officials of the club were subpoenaed by Attorney Lee to appear in court this afternoon. A searching investigation will be made by the police, they say, all of which will be based on numerous complaints which have been turned in at headquarters against operators of locker clubs, which the complaints are said to accuse, are of illegal nature.

Owing to the recently agitated official sentiment concerning locker clubs and beer saloons of Atlanta, the arrests last night created considerable interest and are expected to draw wide attention this afternoon when aired in the police court.

MEXICAN CHARTS RECEIVED BY 17TH

Officers at Fort McPherson Believe That War With Mexico Is Now Matter of Time Only.

Officers of the Seventeenth Infantry of the United States regular army, stationed at Fort McPherson, last night received by special messenger from Washington information which has set the post in a furor of excitement.

The messenger, it is understood, placed in the hands of the commanding officers almost 100 different maps. These maps and charts, he said, are the most modern and the latest compiled by government agents. They show the exact contour of all Mexican territory, together with every fortification on the Mexican coast and border. All of the weak points, where an attack can most effectively be made, are designated. Special instructions to the effect that classes of officers in the post graduate division be at once organized for the study of the maps were given by the officers to mean that intervention is now only a matter of time.

Army men last night, when approached by the Constitution reporter, were guarded in their remarks, but they did not deny that they had received the charts. Many of them stated that they would like to talk, but it was strictly against orders. One officer said that it was possible he could give the reporter a hot story.

Special drills are being called daily at the fort, and at a recent demonstration the United States army, with all guns and ammunition loaded in wagons, in less than fifteen minutes.

War Would Mean Hard Campaign. Officers are well aware that to take Mexico City, if war were at once declared, would be one of the hardest tasks ever undertaken by the United States army. It would require a force of 100,000 men, and would be a long and costly campaign. The United States army is well equipped for the task, but it would require a long and costly campaign.

Japan Might Step In. Another possibility, according to the officers at the post, which confronts the United States is the not unlikely possibility that Japan might attack the United States. Japan has been known in army circles at present that Japan is most hostile and is only waiting for an opportunity to attack the United States and thereby acquire additional territory.

Army men realize that if intervention in the Mexican situation is ordered by the government that it will depend upon the regular army to do all of the fighting. One officer last night expressed the opinion that it was not unlikely that orders would be issued to the United States army to do all of the fighting. One officer last night expressed the opinion that it was not unlikely that orders would be issued to the United States army to do all of the fighting.

LEADER OF THE BAND IS SOUGHT FOR THE LOCAL PENITENTIARY By John Corrigan, Jr. Washington, November 5.—(Special.)—A leader of the band is needed at the United States penitentiary at Atlanta. This is not a tip for some gifted musician to commit a crime against the federal statutes. The government is willing to pay the right kind of a man to go out and direct the prison orchestra.

An examination for the place, which pays \$200 a year, will be held by the civil service commission on December 15. The examination will be held at the theory of harmony and the science of musical composition, he must stand the examination usually given a clerk.

MOVE BY HUERTA CALMLY WAITED BY WASHINGTON

Administration Officials Still Refuse to Shed Any Light on the Last Note Sent to the Mexican Dictator.

HUERTA ASKS FRANCE TO TRY MEDIATION ROLE But France Will Do Nothing That United States Doesn't Want Done—Extreme Secrecy at Washington.

Washington, November 5.—Waiting for word from Provisional President Huerta—this was the attitude of official Washington today in the Mexican situation.

Administration officials still refused to shed any light on the last communication, which conveyed to General Huerta the desire of the United States that he eliminate himself from the tangled situation.

Their attitude was that to discuss publicly the delicate phases of the problem might defeat the ends being sought.

The feeling in the national capital is none the less one of intense interest, especially as to what course will be pursued if General Huerta declines to abdicate. It was evident from those who talked with President Wilson about the situation today that he was calmly awaiting developments. He has told his friends that he would continue to solve the situation by peaceful means, and would not be disturbed by predictions of armed intervention.

The belief is general here that the situation is being worked out with extreme secrecy in diplomatic channels, and that only when some tangible conclusion has been reached will there be any official announcements. There was no collective opinion in official circles as to what Huerta's reply to the American representations might be. No one ventured predictions, and so far as could be learned no intimation had been received as to Huerta's future attitude.

HUERTA ASKS FRANCE TO ATTEMPT MEDIATION Paris, November 5.—The French foreign office was asked informally today by the Mexican foreign office, if it was disposed to mediate between the United States and Mexico.

The French government has taken the attitude that it will do nothing until further advised as to the policy of the United States toward Mexico, and then nothing which might be unwelcome.

Washington, November 5.—The French ambassador here, M. Jusserand, has received no instructions from his government to take any steps toward mediation between the United States and Mexico, though the embassy would be the natural channel for such steps.

The French government were to decide to use its good offices at this stage, the usual procedure would be for Ambassador Jusserand to sound Secretary Bryan to first learn if such overtures would be favorably received. The powers have been sufficiently informed of the inflexible determination of President Wilson to accomplish the retirement of Huerta, and the clear proposal of mediation, doubtless would be based upon that understanding, and would be shaped toward composing the situation in a way that Huerta himself might be disposed to accept.

Secretary Bryan said of the Paris dispatch: "In the absence of official advices from the French foreign office, I am unwilling to make any comment. My only interest among the first of the European governments to accord to the

U. S. CRUISER CHESTER ORDERED TO VERA CRUZ

Washington, November 5.—The scout cruiser Chester at the Philadelphia navy yard was ordered today to prepare to sail for Vera Cruz immediately. The Chester is not a heavy fighting ship, but swift and valuable for dispatch and scout duty. Of lighter draft than the big warships now at Vera Cruz, she will be able to join the smaller craft in shore.

The Chester has the highest power wireless apparatus of any ship in the navy. With her apparatus Washington and Vera Cruz will be in direct touch constantly by medium of the great wireless towers at Arlington. The official view is that the Chester is being sent to Vera Cruz principally as a means of instant and official communication.

SOUTHERN TO PUT ON NEW TRAIN TO N. Y.

"Atlanta Special" Will Make Initial Trip November 17.

Through the efforts of the Atlanta Chamber of Commerce a new train, to be called "The Atlanta Special," running from Atlanta to New York, and

from New York to Atlanta, is to be put on the Southern railroad. "The Atlanta Special" will make its initial trip on November 17. The train will be modern in construction, all steel coaches, with special Pullman and sleepers, which have all the latest appliances as they are just out of the shops. The Atlanta Special will leave New York at 4:35 p. m. and arrive in Atlanta the day following at 5 p. m. It will leave Atlanta daily at 11 a. m. and will arrive in New York at 12:26 noon the day following. This train, it is anticipated, will do much toward gaining tourists for Atlanta and will afford Atlanta people plenty of Pullman space in traveling to and from the metropolis. The train will be run independent of trains Nos. 27 and 28.

FLORAL AUTO PARADE NEXT TUESDAY TO BE SPECTACLE OF UNUSUAL BEAUTY

Between 2,000 and 3,000 Decorated Machines Will Be Seen in the Line on That Day.

What will be perhaps the largest and most magnificent spectacle ever seen in the southern states will be the floral automobile parade of the great southern automobile show. The show opens in the Auditorium next Saturday afternoon and the floral parade will be held on next Tuesday. Some idea of the proportions of this parade may be gained when it is pointed out that not less than 2,000 automobiles, perhaps 3,000 will participate in the parade. J. K. Gewinner, chairman of the floral parade committee, has sent out invitations to every automobile owner in the city asking him to participate in the parade. Local decorating concerns are being swamped with rush orders for the decoration of cars. Wire orders are being sent east

daily by these concerns for more decorating material. Committee of Judges Named. The winners of the prizes will be decided by a committee of judges comprised of seven of the leading business men of the city. This committee is as follows: Wilmer L. Moore, president of the Atlanta Chamber of Commerce, F. J. Paxson, a member of the retail dry goods firm of Davison-Paxon-Stokes company, Colonel Robert J. Lowry, president of the Lowry National bank, Colonel W. L. Peel, president of the American National bank, Robert F. Maddox, vice president of the American National bank, Walter Rich, treasurer of M. Rich & Bros. company, and Forrest Adair, of the real estate firm of Potriest & George Adair. The judges' stand will be erected on Peachtree street directly by the side of the line of march of the parade so that the judges may see each car as it passes in review. The parade will form at Whitehall and Mitchell streets and proceed up Whitehall and Peachtree streets to Ponce de Leon avenue, where it will turn and come back down Peachtree street, thus passing the judges' stand twice. As the parade makes the turn at Ponce de Leon the occupants of each car will be given opportunity to see each of the other cars in the parade as they pass. The whole of Whitehall and Peachtree streets will be gaily decorated with flags, streamers and bannets in honor of the show and the parade. Contractor Sheppard, chairman of the floral parade committee, is being rushed with orders for the decorations and giving out information to the exhibitors may have their cars decorated.

Interested in Auto Parade. Top row, left to right: J. K. Gewinner, Colonel Robert J. Lowry, Colonel W. L. Peel. Bottom row: Forrest Adair, Robert F. Maddox. Mr. Gewinner is chairman of the parade committee, while the other four are members of the judges committee.

CITY OFFICIALS ARE TAKEN TO TASK BY COMMISSIONER WINN

Commissioner Winn, of the board of county commissioners, severely criticized city officials during a meeting of the county board Wednesday, charging that the city had acted unfairly in the matter of the Whitehall street regrading project. Commissioner Winn declared that the city had hauled away fifty carloads of stone used in the old foundation of the thoroughfare in addition to several cart-loads of Belgian blocks. It was charged that an agreement had been made between the city and county whereby the stone was to be stored on a vacant lot and used in the regrading process. A resolution calling upon the city to have delivered all of the material necessary for the repaving of the street was adopted.

HEADACHY, COSTIVE, BILIOUS,—"CASCARETS"

Liver and Bowels Are Clogged. Clean Them Tonight! Feel Bully!

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system, is absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

The Muse Full Dress

The limitations of Evening Dress might be summed up in two words—black and white. Every man knows and abides this regulation. You can see for yourself that only infinite care, an eye for fine details and the few refined innovations can save a man in Dress Clothes from the oblivion of equality.

Which is a roundabout way of saying, "Come to MUSE'S" for he who discriminates in favor of the finest in Evening Clothes goes where it is possible to exercise this very natural desire for exclusiveness.

Alongside the average full dress garment, a Muse Full Dress Suit is contrasted as sharply as is the white linen against the black cloth.

In a social sea of white shirt fronts Muse Evening Dress saves you from the oblivion of equality.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and our food is rich. Our blood is filled with uric acid which the kidneys seek to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have hemorrhoids when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

STERILIZATION LAW DEFEATED IN OREGON

Portland, Ore., November 5.—Virtually complete returns from yesterday's referendum election in this state today showed that all legislative enactments referred to the voters were approved with the exception of the bill providing for the sterilization of habitual criminals. That measure apparently was defeated, although a recount of the vote may be necessary to determine the result. The workmen's compensation bill carried two to one. The "wets" and "drys" divided their contests about equally. Salem, the state capital, went "dry" by so narrow a margin that the election probably will be contested.

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, promote its growth and make it soft and glossy. To half a pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 2 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look young and younger. It is also fine to promote the growth of the hair, relieve itching and scalp diseases, and is excellent for dandruff and falling hair.

discussion and exposition of the new tax adjustment law. His speech was greatly enjoyed, as was evidenced by the frequent and hearty applause. At the request of Superintendent of City Schools J. C. Dukes, the governor attended the opening exercises in the chapel this morning and made an instructive and excellent address which was happily received by the pupils. Governor Slaton's visit was short, as he had to leave on the noon train for Atlanta. He received a warm welcome and made many new friends here.

STOKES RECEIVER

CHAUFFEUR'S ARREST
ORDERED BY COURT

Brehm Forfeits Bond When the Case Was Called—Knocked Girl Down.

Another move was made in the police campaign against reckless automobilists when Recorder Broyles Tuesday afternoon ordered B. E. Brehm, chauffeur for Otto Von B. Dinzelhof, a well-known attorney living on West Peachtree, arrested and locked up in police headquarters. It was the Dingelhoff car, driven by Brehm, which ran down and pinned Miss Mary Hughes, of 17 West Cain street, several weeks ago at Peachtree and Pryor streets. Brehm was arrested and released under bond of \$200. His case was set pending the recovery of Miss Hughes and was called yesterday afternoon at 2:30 o'clock. The chauffeur did not appear. The bond was forfeited. Judge Broyles instantly ordered Policeman L. B. Milam to re-arrest the man. Brehm was arrested. His case will be reset upon his arrest. This reckless driving must stop, said the recorder. "Entirely too many accidents are occurring. Offenders must be taught a lesson, even though we have to resort to drastic means. It was as a result of the accident to Miss Hughes that Brehm narrowly escaped violence at the hands of a mob that gathered at the scene. The girl was knocked beneath the wheels of his car and dragged several feet. It was thought at first that she had been killed. Brehm was asked by a number of men to go to the address to which Miss Hughes had been taken in his car. He was followed by a big crowd of men and boys. The police were called in to disperse the gathering.

A. COHEN IS FINED
FOR MASHING EPISODE

Mrs. Clements Acted Under Instructions From Husband in Keeping Appointment.

A deep-laid plot to ensure an alleged masher, in which the pretty wife of J. D. Clements, a contractor, did a nifty bit of detective work in her automobile, was aired in police court Wednesday afternoon when A. Cohen, manager of the People's Credit Clothing company, was arraigned on a charge of disorderly conduct. Mrs. Clements appeared with her husband as prosecutor. She testified that Cohen, at least twice a month, had annoyed her with telephone calls, endeavoring to make appointments with her at uptown points. For these many months, she declared, both she and Mr. Clements had striven to catch this man, without success. Tuesday night, she told, an unknown man called her over the telephone, saying that he was the person she had met at Whitehall and Alabama streets that afternoon, asked her to meet him at the same corner that night at 9 o'clock. Mrs. Clements, according to her story, hung up the phone and conferred with her husband, while the man, the other end of the wire, was kept waiting. "Make the appointment," she says he told her, "and we'll catch that man tonight." "Very well, then," Mrs. Clements says she told her sampler, "I'll meet you there at 9 o'clock." Police headquarters was notified, and Detective Eugene Coker was detailed to help catch the man. Coker arrived at Whitehall and Alabama streets just as Mr. and Mrs. Clements drove up in their automobile. Mrs. Clements stepped out of the car, while Coker stationed himself on the northeast corner. Presently A. Cohen, who came from the opposite corner, stepped to the automobile and, in few words, with Mrs. Clements, stepped from the car. According to Mrs. Clements, Cohen slipped Cohen over to the detective, who gave him a copy of charges for disorderly conduct. Cohen stated in court that he merely wanted to see Mrs. Clements in order to collect for a few dollars that he had been calling her previously. Judge Broyles imposed a fine of \$25 on Cohen, through his attorney, immediately certified the case, and will fight it in the higher courts.

INVITATIONS ISSUED
TO WILSON WEDDING

Washington, November 5.—White house messengers were busy today distributing invitations to the wedding of November 25 of Miss Jessie Wilson and Francis Bowes Sayre. About 400 invitations were sent out, approximately 250 of them being directed to residences of Washington. The local invitations were delivered by messengers from the white house, while others were mailed. The invitation list necessarily is limited to the capacity of the east room, where the wedding will take place. The ambassadors and ministers in the diplomatic corps, members of the cabinet and supreme court of the United States, and prominent officials constitute the greater part of the invitation list, though many personal friends of both the Wilson and Sayre families are coming from various parts of the country.

RECALL OF LICENSES
EXPLAINED BY DAVIS

In view of the fact that there has been a good deal of misunderstanding among prospective hunters as to the meaning of a letter sent out by the new game commissioner, Charles L. Davis, his county wardens calling in all the bird licenses on hand, Mr. Davis gave the following explanation of the matter yesterday: The licenses were called in only that certain corrections might be made in the opening and closing dates for hunting the various game. These changes were necessitated by the Federal law, which went into effect October 1. The calling in was, of course, only temporary, and as soon as we can have corrected licenses printed they will be sent out to the wardens. I expect to have them ready by Friday. There had been quite a number of applications made to county wardens for their licenses for licenses, and when they found that they could not be obtained, some of them grew uneasy and feared they had lost a part of the hunting season. There is no need for alarm, however. The licenses will be ready for use in the first part of the hunting season for birds does not open until November 20.

COUNTY TO ADVERTISE
FOR FURNITURE BIDS

The county commissioners at their Wednesday meeting authorized the architects of the new county courthouse to advertise at once for bids for the furniture and lighting fixtures to be installed in Fulton county's million-dollar temple of justice. On motion of Chairman Shelby Smith it was also ordered that the unsightly board fence now surrounding the new courthouse building be torn down at once and bids asked for the repaving of the sidewalk along Pryor and Hunter streets.

HADEN TO ADDRESS
SALESMEN SATURDAY

President C. J. Haden, of the Georgia State Chamber of Commerce, will speak to salesmen next Saturday morning at 10 o'clock. His subject will be "Georgia's Productive Resources." Every salesman would be much interested in this matter, it affecting them probably more than any other similar body of men. The meeting will be held under the auspices of the Atlanta City Salesmen's association. Every day is urged to be present, and the wholesale houses are specially requested to send as many representatives as possible.

WHY HUERTA WAS SNUBBED.

A distinct minority among American newspapers are inclined to cavil at Mr. Wilson because of the Mexican situation.

Passing by the fact that the ferocious and treacherous methods of Huerta, as exhibited at every stage, eliminate him as the proverbial "strong man" even with the assistance of the United States, there still remains an obstinate practical phase which has nothing whatever to do with morality.

Had we given countenance to a man who had risen by methods pursued by Huerta we would have established a thoroughly incendiary and dangerous doctrine.

It comes glibly to the tongue to say we ought to have taken the "easiest way" out of the Mexican crisis by supporting Huerta.

A LESSON FROM BULL RUN.

Particularly applicable to the Mexican crisis is the tactical and strategic study of the lesson of the battle of Bull Run, made by R. M. Johnston, assistant professor of history in Harvard university.

The Constitution is not an advocate of a top-heavy and burdensome military establishment. Such a policy is opposed to the spirit and institutions of this country.

one knows just how our present inadequate army would fare at the start in case of trouble with Mexico. The problem is an entirely strange one, and has altered radically since Winfield Scott marched triumphantly to Mexico City.

The contention of Professor Johnston is for a proper army as an insurance against war. In other words, it is better to treat war, as we treat so many diseases, by the abortive method.

A NEEDED HIGHWAY.

Officials and citizens of Muscogee, Meriwether, Harris and Talbot counties have launched a movement to link Columbus with Warm Springs by a well-paved and graded highway.

A valuable feature of the proposed road is that it will constitute virtually the last link in the capital-to-capital route between Atlanta and Tallahassee, Fla.

Taking precedence even of the interstate character of the proposed highway is the fact that the linking of Columbus with Warm Springs will also link Atlanta with Columbus.

As to the local effect, the testimony of L. A. Scarborough, a county commissioner of Muscogee, is adequate.

The development at Columbus is important upon its own merits. Of added encouragement is the way in which it illustrates increasing attention to the vital factor of county co-operation.

A REALLY STRONG MAN.

The student of history-in-the-making has a rich field for contrasts between China and Mexico and Yuan Shi Kai, the virtual dictator of the Chinese empire, and Huerta, the tottering dictator of the Mexican republic.

The parallel is grotesque. The title of Yuan Shi Kai to offer himself as a "strong man" has been tested by many decades and crises repeated.

Porfirio Diaz is to winter in Mexico. The winter quarters of Huerta are more problematic.

A Story of the Moment

By WALT MASON, The Famous Verse Poet.

CHARMS OF WINTER.

"I'm always glad to see winter coming," remarked the retired merchant, "and the more it rips around the better I like it.

"Cold weather has that effect on a young man," replied the hotelkeeper. "He wants to climb the telephone poles and smash the plate glass windows as he goes along.

"I'm a good deal of a chump about most things, but I never try to receive my guests. All the old men in town have the habit of stringing into this hotel, chewing my tooth-picks and drinking my expensive ice water.

"When we had that cold spell last winter old Quackebush used to come in here every day and back up against the radiator to thaw out, and comb a lot of ice and snow out of his whiskers, and say it was a glorious morning, and tell how all-fired frisky he felt; and all the time his old wooden teeth were chattering, and his nose was blue, and there was gooseflesh all over him.

"When I was young I enjoyed cold weather as much as a horse enjoys oats. I hated to stay in the house for an hour. When I'd be out in the cold wind for awhile my cheeks would be rosy and my eyes sparkling, and I looked and felt like an Apollo.

"I don't go outdoors unless compelled to by the police, and then I get back in again as soon as I can, and shiver the rest of the day. When I go to bed I pile about a ton of blankets and get into the warm bed, and shut all the windows, to keep the stale air in, and when I rise in the morning I don't take a cold bath.

FOR GRANTED.

By GEORGE MATTHEW ADAMS

You cannot afford to take a single thing For Granted in this world. For you are never sure you won't trip your toe at some critical point and be given a scar that will mar and disgrace the record of your entire life.

The fellow who habitually takes things For Granted? He's the fellow no one can afford to trust.

You, who depend upon your cleverness and ingenuity to carry you through into success, thousands like you have drunk bitterly from the cup of Failure.

THAT SALMON LOAF.

We are taught that it is more blessed to give than to receive, but it is very gratifying to me to receive the following splendid recipe for salmon loaf.

Flake the contents of a can of salmon and crush the bones. Butter a quart baking dish or porcelain pan and place a layer of the fish, cover this with a layer of small oyster crackers, do not break them.

My recipe for salmon loaf is to mix the yolks of three eggs with the contents of one can of salmon. Season with pepper, very little salt, melted butter and two tablespoons of lemon juice. Make this into a loaf by adding sifted cracker crumbs until the mixture is firm enough to hold its shape.

One cup of fish to every two cups of mashed potatoes is the rule. If the salmon has been creamed, so much the better; it will make the balls richer.

Potato pancakes with salmon is very fine. Add the yolks of two eggs to two cups of seasoned, mashed potatoes.

RIO JANEIRO.

By GEORGE FITCH, Author of "At Good Old Swash."

Rio Janeiro is one of the world's greatest surprises to those who believe that America ends at Key West, and that south of that point the Indians are still fighting off the descendants of Pizarro and other eminent hold-up men.

Those who have not consulted an atlas since 1897 and who have known Brazil merely from its tree are inclined to wonder what the land of the future has for a capital.

These beliefs would create a good deal of amusement in Rio Janeiro, which is a city of about a million up-to-date people situated between the shores of Brazil on the Atlantic ocean, and so far from the Amazon river that many of its inhabitants have never heard of it.

Rio Janeiro's real name is "San Sebastiao do Rio de Janeiro," but the full name is only used by the lecture circuit.

The Big Things are supported by the Little Things. Few things just "turn up." The great man is a Composite.

Editor Constitution: "The Atlanta spirit" by the bold stroke of engineering skill can solve two important municipal problems.

On a level with Whitehall street bridge over the railroad tracks from Pryor street to the west end of the Austell building. In the center of this space erect markets for fruits, vegetables, eggs, butter, poultry, fish and meat.

One difference between Yuan Shi Kai and Huerta as dictators is that one can get away with it and the other can't.

The World's Mysteries

THE CAUSE OF POET COWPER'S MADNESS.

William Cowper, one of the greatest of English poets during the second half of the eighteenth century, was a peculiar mixture of genius and fanaticism.

When Cowper was 32, and still living in the Temple, came the sad and decisive crisis of his life. He went totally mad and attempted suicide. What was the cause of his madness? There is a vague tradition that it arose from leontousness, which, no doubt, is sometimes the cause of insanity.

His virtuous love of Theodora Cowper, his cousin, was scarcely compatible with low and gross amours. Generally, his madness is said to have been religious, and the blame is laid on the same foe to human nature, the mixture of the sacred and the profane.

Was his malady, then, merely due to the delicacy of constitution and weakness of digestion, combined with the influence of melancholy surroundings? When the crisis arrived he was living by himself without any society of the kind that suited him; he had lost his love, his father, his home, and, as it happened, also a dear friend; his little patrimony was fast dwindling away and his outlook was altogether dark.

MAKING WAR ON THE ROOSTER AS A PUBLIC NUISANCE.

Editor Constitution: I attach hereto a circular issued by the Missouri State Poultry Experiment station, the slogan of which is "Swat the Rooster."

The purpose of this circular will give you a definite idea of what Missouri is trying to do for the poultry industry of that state.

Tennessee and Kentucky are going hard after their respective roosters to get them to leave the state by the third Saturday in May, 1914, "Rooster Day."

I want to state in this connection that the main loss is to the farmer, and not the dealer. You must realize that the dealer has to anticipate this extreme loss of rotten eggs where he buys on a straight case-count basis and consequently makes his prices very low.

After the hatching season is over there is no longer any reasonable excuse for keeping the males with the laying hens.

It is a mistaken idea that a fertile egg has kept in a warm room for several days in order for the germ to begin to develop.

When the farmers of this state get to producing infertile eggs during the summer months, they will as a result, eventually get a much higher price for their eggs.

These rules are: 1. Give the hens clean nests and plenty of them. 2. Gather eggs at least once daily (twice during hot weather).

FAVORITE RECIPES OF DISTINGUISHED WOMEN

By MRS. JAMES MUDERMOTT, Wife of Congressman McDermott, of Illinois.

(Copyright, 1913, for The Constitution.) Frequently every housekeeper is confronted with the necessity of preparing a meal for unexpected guests, and sometimes the visitors happen to be people whom she knows but slightly, and it behooves her to make a special effort.

Stew a chicken until quite tender, allow it to cool, strain and remove all bones and bits of gristle and cut meat into small pieces. To a quart of sweet milk, thickened with flour, add a tablespoonful of butter and a can of mushrooms.

While it is preferable to use a fresh chicken, in case of a hurried meal or a late supper when the markets are closed, boned chicken is a useful answer just as well, and the same formula may be used.

Penalties of School Congestion.

Editor Constitution: There has been quite a stir about the congested condition of schools.

I have had the school problem in Atlanta forcibly presented to me by contrast with schools of Salt Lake City, Utah, my former home.

This one all-important question, the question that left unanswered, means the probable stunting of thousands of children's minds and bodies.

When she answered in the affirmative I expressed to her my amazement and spoke at length about the drawbacks a normal child encounters when handicapped by such crowded conditions and also remarked to her that I hoped my child (who is a healthy child) would not give her too much trouble.

Now, what is the result to both pupil and teacher, when a child, who is somewhat slow at length about the drawbacks a normal child encounters when handicapped by such crowded conditions and also remarked to her that I hoped my child (who is a healthy child) would not give her too much trouble.

I am anxious to see first of all the crowded condition in the schools somewhat ameliorated, then to see the ruddy faces returning from school-life in Atlanta is really the sun in every child's existence.

FAMILY WORSHIP ALMOST UNKNOWN

Lack of Services in Home Described as Crying Need of Presbyterians of Georgia.

Rome, Ga., November 5.—(Special.)—The sixty-ninth session of the Synod of Georgia, now in full swing at the First Presbyterian church, is proving to be a very progressive body in the number of important matters affecting the denomination. At the opening meeting the delegates showed a disposition to shatter precedents by offering the position of moderator to two laymen, Dr. W. C. Carson, of Atlanta, and Henry R. Getchius, of Columbus. While the rules of the church permit the election of a layman to the highest office in the gift of the synod, the two elders named refused to accept the office and it finally went to Rev. A. A. Little, of Atlanta, by a unanimous vote.

Another radical step was taken when the gathering on Wednesday by a large majority accepted the report of the committee on family prayer. The report declared that the family altar was practically unknown among the Presbyterians of Georgia, and until this condition was remedied there was little hope for the growth and progress of the church. A family altar day, the second Sunday in January, of each year, was set aside at which it should be the duty of each minister to preach on the subject of family prayer. The synod recommended that every church officer should have family prayer in his home, and that every means for the taking of a church census to discover how many Presbyterians are in each church and regular services at the family altar, it was decided to push the movement further, the distribution of literature, stressing the importance of this form of worship.

Theological Seminaries. The need of revision in the curriculum of the theological seminaries of the church was stressed by Dr. Thornton Whaling, president of Columbia Southern College, Columbia, S. C. Dr. Whaling insisted that the course of study now mapped out by the theological seminaries was not elastic enough and that a greater freedom in the choice of elective studies should be allowed the students. In this manner he declared his belief that the number of students in the seminaries could be increased. He pointed out that the rapid growth of technical and scientific courses in the colleges and preparatory schools of the country would of necessity bar a number of students from the theological seminaries if a rigid adherence to the classical course were insisted upon. He suggested that the seminaries on Tennessee, Mississippi and Louisiana were giving favorable consideration to the proposed change, and the matter was referred to the committee on theological seminaries.

Young People's Work. Reports from the women's societies were showing a distressing weakness in young people's work and also a decrease in the amount of contributions. According to the report there are 142 women's societies with 891 members, 47 young people's societies with 271 members, and 11 junior societies with 100 members. There were 52 mission study classes, and during the year 20 new societies organized, and there were 100 young people's societies. These societies to the work of the church aggregated \$25,081, a decrease of \$10,000 from \$35,081, although the per capita is more than 37 per cent.

During the session heard an address on "The Layman's Responsibility" by the Rev. C. A. Rowland. During the session there was a report on "How the Individual Church May Become More Effective." Speakers on this subject were Rev. J. E. Smith, Rev. E. D. Smith, of Nashville, who spoke on "Stewardship," at the night session and through Thursday and Friday. The main topic of tomorrow is the cause of foreign missions.

The synod session will take a recess at 3 o'clock tomorrow afternoon for the purpose of visiting the Berea college and other colleges. They will be taken to the college campus in automobiles as the guests of the Rome Chamber of Commerce.

One hundred and forty-seven delegates have registered, and it is expected that the session will be an interesting one through Thursday and Friday. The main topic of tomorrow is the cause of foreign missions.

During the day messages passed between officials of the building trades union and Contractors' Walker, but nothing was accomplished, as the representatives of organized labor made it emphatic early in the day that they would return to work only when assured that the contractor would adhere strictly to the contract made when the previous strike was adjusted. The contractor countered by referring his visitors to the sub-contractors on the different branches, while the representatives of the crafts out asserted that they knew nothing of sub-contractors that the contract made was between the building trades union and the contractor.

The brick layers, the plasterers, the electrical non-union workers and non-union painters, a large percentage being negroes, were in no way whatever molested during the day.

Mableton Store Robbed. Mableton, Ga., November 5.—(Special.)—The store of Frank Gann was broken into last night and robbed of a large amount of goods. Thieves entered from the front door by breaking the lock with a branch stolen from a section car. The sheriff is making an investigation.

STATE CHAMBER BEING FLOODED WITH MENUS

Mayor Smith, of Macon, Among Those Making Suggestions for Products Day.

It looks as if Georgia has some menu-mad, judging from the reports from the offices of the Georgia Chamber of Commerce, in the Hart building. A few days ago President Haden and Acting Secretary-Manager McKinney permitted the announcement to be made throughout the state that a prize of \$10 would be given to the Georgia product that could be served at the "Georgia Products Day" dinners on November 15. The Atlanta hotel men got busy announcing their menus, and the houses were flooded for several days with menus from the women of Georgia. Mayor-elect Bridges Smith, of Macon, has suggested one of the cleverest menus yet seen, though there is no doubt that if any Georgian attempts to even sample each of the lands and the portables on his list the doctor in some Georgia city will have a man's job on hand before daybreak November 19.

DIRECTORY ISSUED OF MEMBERS OF ATLANTA CHAMBER

A directory of members of the Atlanta Chamber of Commerce is being compiled by the chamber is fresh from the press, and is one of the most complete business directories ever gotten out in this city. It contains not only a complete list of members alphabetically arranged, but also a complete business classification of the membership. Copies of the directory will be sent out to all the members of the Atlanta Chamber of Commerce. The foreword of the directory contains a list of important facts about every member of the body, and states in brief just what the organization stands for. The directory, it is predicted, will in a short time become indispensable to Atlanta business men. It is a most complete business directory and is a credit not only to the men who produced it, but to the chamber of commerce.

DODD RECEIVER FOR MAU-HANNEMAN CO.

Harry Dodd, well-known Atlanta attorney, was yesterday named by the referee in Bankruptcy Percy E. Adams as receiver for the George Mau-Hanneman company, a corporation conducting a bakery on Garnett street near Whitehall, against whom involuntary proceedings in bankruptcy were filed Tuesday. The referee in bankruptcy fixed the receiver's bond at \$3,000, while he asked the petitioning creditors, Oglesby Grocery company, \$1,147.17 claim; C. E. Wilson company, with an account amounting to \$556.04, and a M. C. Wilson company, assessing a debt in the sum of \$212.26, to make an indemnifying bond for \$2,500.

U. S. ARBITRATION ACT IS ATTACKED BY TEAT

Union Leader, Formerly of Atlanta, Says Measure Is Unfair to the Employees.

Washington November 5.—(Special) Hardy O. Teat, formerly of Atlanta, acting vice president of the Brotherhood of Locomotive Firemen and Engineers, is in Washington attempting to settle a dispute on the Cincinnati, New Orleans and Texas Pacific railroad and the Alabama Great Southern. An agreement has been reached in regard to increased wages, but the disputants have been unable to agree on rules for the arbitration of the federal arbitration act was sharply criticized by Mr. Teat, who said it had been ineffective. He cited the award in the fifty-four eastern railroads rendered last year as a case in point. The terms of the award were not carried out by the carriers within the twelve-month period, so the men as engineers were concerned. "The men on the Cincinnati, New Orleans and Texas Pacific railroad are now in a state of lockout, and the arbitration act, but will not consent to arbitration," said Mr. Teat. "The working men of the Newlands act is but a device to get the men out of their jobs. It provides that an appeal may be taken to the arbitration board from the decision of the board of mediation within twenty months. But the organizations would be put to heavy expense beyond its time without violating the act. They cannot stand it. Interest in the new act is great, and I am preparing to offer in amended form the

A Doctor's First Question Is "How Are Your Bowels?"

Simple Remedy That Guarantees Good Bowel Action.

Trace the origin of the common ills of life and almost invariably you will find that constipation was the cause. It is not to be expected that a mass of fermented food can remain in the system beyond its time without vitiating the blood and affecting the nerves and muscles. In congests the entire body. The results are colds, fevers, piles, headaches, and nervousness, with its accompanying indigestion and sleeplessness. There is only one thing to do, and that is to remove the trouble. It is outside aid is necessary. You will find the best of all outside aids a remedy that many thousands are now using for this very purpose, called Dr. Caldwell's Syrup Pepsin. Many hundreds of letters are received by Dr. Caldwell telling of the good results obtained, and among the enthusiastic letters is one from Lieut. G. W. Vaughan, of 623 W. North St., Decatur, Ill. He is 72 and has had a bad liver and stomach since he came out of the army. He never succeeded in getting anything but relief about every thing beyond its time without vitiating the blood and affecting the nerves and muscles. Caldwell's Syrup Pepsin. He is never without a bottle in the house, and he is never without good results. It has untold advantages over pills, salts and the various coarse cathartics and purgatives, for while these do but temporary good, Syrup Pepsin cures permanently. The effect of its action is to train the stomach and bowel muscles.

BRITISH AMBASSADOR GOES TO WASHINGTON

Boston, November 5.—After a few days spent here, the British ambassador, Sir Cecil Spring Rice, left tonight for Washington. The ambassador has improved in health recently, but his physicians insist that he spare himself as much as possible until he has fully recovered from his debilitating illness. Lady Spring Rice preceded him to the capital. The ambassador came here Saturday, following a cold snap, that made the summer embassy at Dublin, N. H., uncomfortable. He was accompanied to Washington by Sir William Tyrrell, private secretary to the British secretary for foreign affairs, Sir Edward Grey, who will be the guest of Sir Cecil for another month.

32 PERSONS KILLED AND 40 WERE INJURED

Melun, France, November 5.—Thirty-two persons were killed and forty injured when the Marselles-Laris express was wrecked by collision with a local train here late last evening. The bodies were not all recovered until this afternoon. There were no Americans among the passengers. President Raymond Poincare and Louis Masse, French minister of commerce and ports, today paid a visit to the wreck scene, afterward going to the hospitals where the injured are being cared for. The two statesmen subscribed \$1,000 as the nucleus of a fund for the assistance of the families of the victims.

WORKMEN'S COMPENSATION BILL

Mr. Teat opened the fight on this measure and as the result of the pressure of Congress, in the Hart building, and then by rail; trainmen elsewhere, the measure was blocked. The new Sutherland bill will increase the schedule of payments for injuries. Railway laborers seek an amendment which would permit them to seek redress either under the common law or under the new statute, whereas now the proposed new act is compulsory.

"BOBBIES" HOODWINKED BY SYLVIA PANKHURST

Suffragette, by Clever Strategy, Announces Formation of Corps to Protect Militants.

London, November 5.—By a clever stratagem which completely hoodwinked the large force of police sent to prevent her from speaking, Miss Sylvia Pankhurst was enabled to announce at the Bow Baths, in the east end of London, the formation of a militant volunteer corps organized under command of Captain Sir Francis Vane, a Boer war veteran for the protection of militant suffragettes and labor unionists. Miss Zella Emerson, of Jackson, Mich., presided over the gathering. Just as the meeting was called to order the statement was made that the residence of George Lansbury, former socialist member of parliament and a warm supporter of the militant suffragettes, was surrounded by police. The crowd rushed from the baths and from a large number of foot and mounted police around Lansbury's house, with a tactical in front of the entrance. Miss Pankhurst arrived on the scene and was uproariously greeted as he entered his home.

Lights Extinguished. The lights in the house were extinguished and suddenly a woman rushed from the doorway and sprang into the arms of a militant member of the militant police, proceeded to Bethnal Green. There Miss Daisy Lansbury, daughter of the ex-socialist member, stepped out much to the discomfiture of the police. Meanwhile Miss Pankhurst entered the baths practically unobserved and only disorder was caused by an attack by the women on a few reporters who were suspected of being detectives. Miss Lansbury and Sir Francis Vane followed Miss Pankhurst to the platform. Mr. Lansbury verified that he proposed to establish a labor training corps. Having adopted a huge netted club, Sir Francis said he was prepared to use that weapon wherever he saw women injured in labor disputes, or where the oppressed are aided.

Based on Uter Model. The general staff of the organization will be drawn from officers who have served in the army and women are eligible for the ranks. Miss Pankhurst said the plan was based on the Uter model, which protected the same immunity from government interference as Sir Edward Grey, the Uter leader, made his escape after a lively battle with the police who drew their clubs. The Uter retained its stocks and the Uter was that several of the belligerents were injured, among them Miss Pankhurst, who was knocked down and injured about the head. She, too, was arrested, being carried away by sympathizers.

COST OF LIVING SO HIGH IT'S DIFFICULT TO LIVE

Kansas City, Mo., November 5.—The cost of living in the region of Kansas City has increased 38 per cent in ten years while the wages of skilled workers have been augmented a fraction more than 26 per cent according to conclusions reached by George A. Trayer, agent of the department of labor. "For the unskilled laborer, Trayer said, there has been almost no change in wages. The supply being greater than the demand, wages have not increased. The common school has proved a factor in increasing the cost of living by teaching higher ideals until we cannot live as we did several years ago. It is the unskilled laborer who is in necessity. In my own state, Virginia, where the piano used to be considered a luxury, it now is regarded as necessary. The sixteen-year-old daughter of a man earning \$10 a day, if she has had average training, desires a piano. He must buy it for her on the installment plan."

Single Tax Adopted.

Pueblo, Col., November 5.—By a majority of about 500 Pueblo voters, adopted the single tax for municipal purposes. Under the charter amendment adopted, the taxes for the city expenses will be raised by the assessment of lots alone, without regard to the value of improvements. State, county and bond redemption taxes will be collected under the state laws by the old system.

Tech May Spring Surprise; Coaches Have Even Barred Students From Practices

The Tech Yellow Jackets are planning a surprise party for the Auburn and Georgia elevens, which they play on the next two Saturdays.

But these two elevens will not be the only ones who will be surprised. The Tech student body, local friends of the team, local sporting writers and the general football public of the city will also be taken to a surprise.

Coaches Holman, Devora and Alexander are working the men at a fast clip this week behind closed gates.

Secret practice has been held before this season, but at the practice this every one except a member of the varsity, subs, scrubs or freshmen teams has been barred from the field.

Mystery Spirit.

A spirit of mystery pervades the flats. No one knows what the Jackets are planning or what they may pull off this Saturday. No attempt has been made to solve the mystery, except by being ready and willing to wait until the day of the game to see just what the Jackets possess.

The coaches have something up their sleeves or they would not maintain this mystery about their practice. Evidently they have some hot plays that they do not want any one to get wise to, even their most ardent supporters.

The Jackets showed such a startling reversal of form in the Sewanee game—form that caused the college to turn its space to be devoted to the eleven throughout the south—that they have been rated as the best of the southern honors this season.

Having found themselves, the coaches probably thought it best for every member of the team that they go to work in a spirit of football, with no more around that could detract attention from the matters close at hand—football.

Another Mystery.

The personnel of the Tech eleven for the Auburn game is another source of mystery. There may be a few changes in the line-up between now and Saturday, but these changes will be kept a secret until the last hour.

Whether Tackle Nance and End Johnson, the regulars, will play on the right side of the line, will be able to get back into harness for Auburn, is another mystery. One day it is re-

AUBURN ALUMNI WILL HAVE MEETING TODAY

Dr. E. J. Sprattling, president of the Auburn Alumni club, has called a meeting of the Alumni Association at the University club.

At this meeting plans will be discussed for attending the football game with Georgia Tech at Grant field Saturday afternoon.

SIX TEAMS ARE TIED IN THE BICYCLE RACE

Boston, November 5.—The bicyclists participating in the six-day race at the top of the list. Six teams were bracketed in the lead at the end of the twenty-sixth hour of the race.

Two teams were eliminated and another created tonight by withdrawal of New York, who broke a collarbone in an accident last night, retired. Bob Shears, an Australian, quit. The "Grass" Ryan, of Newark, and Frank Corry, of Australia, teamed up, accepting a handicap of one lap behind the leaders. The Kopytsky-Koefie and Coburn-Carmen combinations were two laps behind the top six.

ORDERED TO PAY \$17,400 TO HEAL GIRL'S HEART

St. Paul, Minn., November 5.—For alleged breach of promise, William R. Edwards, a wealthy St. Paul lumberman, must pay \$17,400 to Miss Ada M. Cox of Rockton, Ill., according to a verdict rendered in district court here today. Last year Miss Cox was awarded a \$10,000 divorce, but a state supreme court reversed the decision and ordered a new trial.

White Sox 7, Giants 1.

El Paso, Texas, November 5.—The Chicago Americans defeated the New York Nationals 7 to 1 here today. Mathewson pitched the opening inning for New York and was succeeded by Hoegne.

Score: White Sox—320 900 50x—15 15 7. Batteries: Scott and Schalk; Mathewson, Hearne and Meyers.

GEORGIA FRESHMEN WILL PAY R. M. A. TEAM

Brilliant Gridiron Battle Will Be Fought at Gainesville Today.

Gainesville, Ga., November 5.—(Special.)—A brilliant football battle will be staged here tomorrow afternoon, when the Riverside Military Academy and Georgia freshmen lock horns.

This game will develop into a sensational battle as both elevens are noted for their open style of play and their ease on the offensive.

Riverside will probably carry the game in their possession. Bill Townsend in their backfield, as much of a margin to Riverside as the University of Georgia varsity has in Bob McWhorter.

Townsend is the best punter and kicker in the South. He has demonstrated his ability by defeating the Georgia eleven at Atlanta twice last year.

But the margin is going to be so slight one way or the other that local fans will be kept on their toes to the game with keen interest.

G. M. A. VS. BOYS' HIGH IN IMPORTANT GAME

Winner Will Have Second Place in the Prep League Cinched.

One of the most important games of the Prep league will be played Friday afternoon at Gainesville. The G. M. A. eleven takes on the bunch from the Boys' High school.

The winner of this game will have second place cinched, and if High School is successful they will have a chance to win the prep league. Tech High School ruined G. M. A.'s hopes last Friday, when they defeated them 8 to 0, in one of the hardest-fought battles that has been played so far.

High is in great shape for this game, and will give G. M. A. all that they are looking for in the football line. Coach Wood has had the squad out every afternoon for the past two weeks, practicing to strength their team has had with the Tech scrubs, and also the Georgia freshmen. Wood has given them the best of his coaching, and they will play G. M. A. to a standstill.

High School has been hurt badly this season by injuries to their star players, but with what "Old Man" Hard Luck did not get, they have gone to work, and together a Prep league team.

G. M. A. while somewhat disheartened by the defeat handed them by Tech High School, will not let this defeat prevent them from strengthening their team, and win out over High School, and also their second place in the Prep league.

Coach Henderson has had them practicing hard every day in the football line. The Georgia freshmen, as well as anybody in Atlanta, and as the team is fighting now as they never did in any of the games they will put up against Boys' High will be well worth anybody's time to watch.

The game will be played at Gainesville, on Friday afternoon, and will start promptly at 3:30 o'clock. A small admission fee of 25 cents will be charged.

Virginia Eleven Considers Bob McWhorter Greatest Half Back in Entire South

Captain Bob McWhorter, the brilliant halfback of the University of Georgia eleven, is being praised by the University of Virginia football team.

The Virginia eleven is being praised by the University of Virginia football team. The Virginia eleven is being praised by the University of Virginia football team.

"We came south prepared to see a good halfback," said one of the players. "But we did not come south prepared to see the greatest halfback that we have ever played against. In the South Atlantic states, we considered Costello, of Georgetown, the best in halfbacks in a broken field, but this McWhorter is as much better than he as Costello is better than every one else in that section."

Pretty nice tribute to Bob, and every word of it deserving, too.

WELCHONCE WILL BE GIVEN BIG TROPHY

Kavanaugh, in Official Figures, States He Leads the League by a Six-Point Margin.

Harry Welchonce is the official batting leader of the Southern league for the past season, the Crackers' center-fielder topping Dave Robertson, of the Cubs, by six points according to the official figures promulgated by President Kavanaugh.

At the start of the season George "Honey" Evans, the minstrel man whose minstrel will appear at the Atlanta theatre at the Georgia-Carolina fall ball game, announced that he would give a handsome silver trophy to the Southern league batting leader.

Welchonce won this trophy after a brilliant fight with Dave Robertson, of the Cubs, at the Georgia-Carolina fall ball game at Atlanta. The trophy will be presented in Atlanta. Bill Smith will probably accept it for the center-fielder.

SUPPLY MEN MEET IN ANNUAL CONVENTION

Executive Committee Is Given Automobile Ride Over the City.

The executive committee of the Southern Supply Dealers in session in this city yesterday afternoon enjoyed automobile rides about the city and a light repast was served in their honor at the Piedmont Driving Club.

The annual convention convened yesterday morning at the Piedmont hotel. About thirty members were in attendance, which included representatives from Georgia, Alabama, Florida, South Carolina and Texas.

The morning session was held behind closed doors, as will be the meetings to follow on October 12 and 13. About 100 credits and other business matters were discussed. The South Atlantic Supply Dealers' association, which is a part of the larger organization, whose territory embraces Georgia, Alabama, Florida, South Carolina and Texas, also held a convention at the Piedmont.

Both organizations have voted on the next annual meeting will be held, and it is probable that this action will be ratified in a joint session of the two bodies today.

GLUCEIN ADVANCE

Short Selling Carried to Point Which Strengthened Market's Position and Covering Caused Prices to Advance.

New York, November 5.—Although the stock market today was under virtually the same influence as those which depressed prices recently, there was a general advance. Trade reports, especially from the steel and iron industries, were anything but encouraging, and the Mexican situation reached a point where the street was prepared for heavy losses.

Gibert & Clay.

New York, November 5.—Selling today in smaller volume than recently and as demand showed improvement, but prices advanced some 15 points. Both European and domestic spinners gave the market a gathering gloom on the part of the cotton crop.

John F. Black & Co.

New York, November 5.—The market felt the effect of several private reports of a decline in the amount of cotton ginned during the month of October, and the amount ginned during the same period of the year. Unless the government report shows a crop and an advance in the price of cotton, the demand appears to equal supply at 1 1/2 cents for spring delivery.

Hubbard Bros. & Co.

New York, November 5.—The market opened steady after our holiday. Liverpool cables reporting cotton there in good spot demand, trading work in the market particularly active, was on a fair demand, checked by the expectation of a new production for Saturday, is estimated at about eight and one-half million bales.

TOURS PLANNED BY SURGEONS' CLUB

Progressive Step Is Taken When the Georgia Doctors Effect Formal Organization.

One of the most progressive steps taken in Georgia medical circles in recent years was the formal organization last night at the Hotel Ansley, of the Georgia Surgeons' Club.

The new organization, which opened its first annual gathering in this city Wednesday morning, with simultaneous clinics at the Grady hospital and Atlanta Medical College, completed the work of declaring itself an integral part of the scientific world of the commonwealth, following a delightful banquet served during the early part of last night at the hotel.

Prominent surgeons from every part of Georgia sat at the banquet table in the assembly room of the Ansley.

One of the biggest developments of the visit here of the medical men was brought to light at the dinner.

During February of next year the Georgia Surgeons' Club will visit New Orleans in a body, and, while in the Crescent City, attend the clinics at the many hospitals there, which afford much more clinical material than the local field affords.

This visit will be but the start of

a number of such medical junkets which will extend through the medical centers in such cities as Baltimore, Philadelphia and New York.

Prominent Physicians Speak.

Following the dinner an interesting discussion of subjects timely in Georgia medical circles was indulged in.

Dr. W. F. Westmoreland, as principal speaker of the evening, addressed his colleagues on "Diseases of the Stomach." Dr. Westmoreland is a recognized stomach specialist all over the south, and his discourse was deeply appreciated, and received with much attention. Dr. J. H. Noble, also an Atlanta physician, and Dr. W. W. Battey, of Rome, Ga., discussed the "Gall, Bladder and Liver" in interesting monographs. Dr. F. W. McKee, of Atlanta, gave a short address on "The Coccaem and the Appendix," as did Dr. H. S. Monroe, of Columbus, Ga. Drs. J. N. Ellis and E. G. Ballinger, of Atlanta, addressed the assembled club members on "The Kidney," their papers being interesting and enlightening.

The papers, which were read, were followed by a more general discussion, in which Drs. M. L. Boyd, J. H. Horsey, C. W. Roberts, A. J. Money, J. S. Moore, J. M. Peor and Y. A. Little expressed their medical views.

The officers named at the tentative formation of the surgeons' club a year ago were re-elected to head the organization for the ensuing year. They are: C. C. Davis, of Atlanta, president; Thomas J. McArthur, of Cordele, vice president; and R. M. Harbin, of Rome, secretary and treasurer. The executive committee, also named a year ago, was continued in office. The members of the committee are: Dr. S. G. Goldsmith, chairman; G. E. White, of Savannah; and W. W. Battey, Jr., of Rome.

Today is the last day of the gathering of the medical men here, and will be marked by a continuation of the clinics which were held yesterday. Prominent surgeons will demonstrate operations in various hospitals. The visiting surgeons will attend these various clinics, which will be held in what might be called "groupings," as

each clinic will bring out special operative features of interest.

Today's Program.

Today's program follows:

8:30-10:30—Dr. F. W. McKee, Piedmont sanatorium—Surgical. (By invitation.)

10:30-12:30—Dr. S. S. Barnett, Grady hospital—Gynecological.

12:30-2:00—Dr. W. F. Shallenberger, Montague Boyd, office Candier building—Gynecological Demonstration. (By invitation.)

2:00-4:00—Dr. E. G. Jones, Grady hospital—Surgical.

4:00-6:00—Dr. A. L. Fowler, Atlanta Medical College—Genito-Urinary.

6:00-8:00—Dr. J. G. Earnest, Grady hospital—Gynecological.

8:00-10:00—Dr. L. C. Fisher, Davis Fisher sanatorium—Surgical. (By invitation.)

10:00-12:00—Dr. W. B. Emery, Wesley Memorial hospital—Genito-Urinary.

1:00-3:00—Dr. Michael Hoke and Dr. P. G. Hodgson, Grady hospital—Orthopedic.

GOV. GLYNN TO PROBE HENNESSY CHARGES

Albany, N. Y., November 5.—Fresh from the New York majority fight, John A. Hennessy, state investigator, visited Albany today, and made arrangements with Governor Glynn for a renewal of investigations into Hennessy's charges of graft in various state departments.

Hennessy also caused to be issued by Highway Commissioner John N. Carlisle a statement that Carlisle's recent denial of a charge that \$8,000,000 in state highway funds had been wasted in the last year was meant in no way to reflect on any statement by Hennessy. Carlisle also said that Hennessy's work in the department had been invaluable.

Governor Glynn was called to New York today and could not confer with Hennessy at length. It was agreed, however, that they will meet again Monday. Hennessy then will present all the evidence he has in relation to graft, and suggest new ways of ferreting out the corruption which he charges exists. The governor promised publicly that he would see that the criminal charge Hennessy could substantiate would be prosecuted. He said:

"If Hennessy has any facts to substantiate his charges, am going to learn them. I submitted to Hennessy all the reports I had in my possession. Hennessy learned, I think, that I did not have as much material as he thought I had. Some of the records, Hennessy said, must have been submitted to the Frawley committee or taken to other departments."

AT ATLANTA TONIGHT

Dixon in "Leopard Spots." (At the Atlanta.)

Tonight Thomas Dixon, author of "The Leopard Spots," noted play, will appear at the Atlanta theater in the leading role of this new production. The "Leopard Spots" will be supported by an excellent company which has been carefully selected. The decision of Mr. Dixon to play the leading role was made after he had received numerous requests from Atlanta friends to appear here in anticipation of his appearance here and was received with intense enthusiasm. Mr. Dixon will be the star of the play. His sincerity and intensity which only an author has the right to create, will be shown. Mr. Dixon will appear at each of the four local performances, but after this week Thomas Dixon, Jr., will play the role.

NEW FEATURE WRITTEN INTO MONEY MEASURE

Washington, November 5.—An entirely new feature was tentatively written into the administration currency bill today by the senate committee after a full day of heated wrangle.

The new scheme would provide for the centralization of one-half of the resources to be held by the regional banks in the proposed new system. This proposition would be placed under the complete control of the federal reserve board and would be located in Washington to be administered for the aid and convenience of the entire banking system. It was first set forth in the proposition was modification of a plan proposed by Senator Reed, of Missouri, who suggested it as a means of compensating for the differences among members of the committee.

Senator Reed and Senator Hitchcock joined in the plan, which was opposed by Senators Owen, Pomerene, Hollis, O'Grady and Sherman.

Senator Owen was plainly agitated over the progress of affairs in the committee. After the federal reserve board was formed, he declared that if given an opportunity he would demonstrate to the public the merits of the plan. He declared he was willing to be convinced and it was arranged that the senator should make an argument of the point tomorrow.

"This plan would deplete the resources of the various regional banks to a degree which the supporters of the scheme have not thought of," said Senator Owen, after the committee adjourned.

"The matter is still pending. After the vote on the Reed amendment the committee will report on the plan through the administration plan for bank control and ownership of the regional banks, but any such plan will be taken up again tomorrow."

Talk of a possible democratic caucus to consider the progress being made by the committee quieted down today when the administration committee reported the position that a caucus would not hasten the disposition of the bill. Administration senators, however, just now are not in a hurry to make a move in the situation following today's vote by the committee and some action on the part of the house and senate leaders was expected.

President Wilson sent for Senator William D. Hoar, of Vermont, a member of the banking and currency committee, tonight and discussed the situation with him. The senator declined to talk of his visit, but it is understood he has a compromise plan which he would like to see adopted. Mr. Hoar is said to have been endeavoring to interest many democrats and which would retain most of the features of the bill. It is believed the president told Senator Weeks just what parts of the house bill he planned to amend and what essential and what features of it he regarded as debatable.

GROCER IS INDICTED ON CHARGE OF ARSON

Macon, Ga., November 5.—(Special.)—C. L. Lewis, proprietor of a grocery store, was indicted today by the Bibb county grand jury on the charge of arson, it being alleged that Lewis had set fire to his store after urging his neighbors to take out fire insurance. Captain W. R. Joyner, state inspector, was before the grand jury today and it was chiefly on the evidence submitted by him that the indictment is based.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre With Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. It will also relieve itching, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur will bring your hair back to its natural color. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as Wyeth's Sage and Sulphur Hair Remedy, thus avoiding a lot of mess.

While wispy, gray, faded hair is not so attractive as naturally dark, our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, you will naturally, so softly, you just dampen a sponge or soft brush with it and draw this later to your hair, it will bring back its natural color at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes luxuriantly dark, glossy, soft and luxuriant and you appear years younger.

GEORGIAN PRESIDES OVER NUT GROWERS

Houston, Texas, November 5.—The National Nut Growers' association began its annual convention here today for a three day session. The secretary of Agriculture Houston will deliver an address Friday night. His topic has not been announced. Charles Van Duzee, of Cairo, Ga., president of the association, presided at today's session.

AT THE THEATERS

"Last Days of Pompeii." (At the Atlanta.)

Next week will follow after the famous Paquot motion pictures of "The Last Days of Pompeii." This set of pictures are in eight reels and is one of the most wonderful ever made. It cost more than \$200,000 and the number of people who participated at the Atlanta is for Monday, Tuesday and Wednesday. A matinee will be given each afternoon.

"A Girl of the Streets." (At the Bijou.)

In the selection of "A Girl of the Streets" the Bijou Theater is drawing immense crowds to all theaters, telling a story of love and human interest and showing the devotion of the wife for her husband when he has lost his position at the bank and his home has to be sold to satisfy a mortgage. Clever work is being done by Miss Rosa Morris as Betty Binola, the girl of the streets, and by Tommy Teeter, the young detective, impersonated by the vaudeville number which will be seen each week with matinees daily at 2:30 o'clock.

Columbia Theater.

If applause counts for anything, then "My Country, 'Tis of Thee" and "The Princess La Clair," at the Columbia burlesque theater, have caught the popular fancy of the crowd. For at each performance the principals and chorus have been forced to respond to repeated encores. The vaudeville number which include Beach and Beach, Ben Stanton and others, are far above the average numbers.

Keith Vaudeville. (At the Forsyth.)

It may not be the greatest vaudeville show that has ever been presented in Atlanta, but the Forsyth's bill this week is equal to a majority of the best that have been presented in any city. The bill includes "Atlanta's busiest theater," and their home has to be sold to satisfy a mortgage. Clever work is being done by Miss Rosa Morris as Betty Binola, the girl of the streets, and by Tommy Teeter, the young detective, impersonated by the vaudeville number which will be seen each week with matinees daily at 2:30 o'clock.

"Truxton King." (At the Lyric.)

"Truxton King" is a good story, has been welded into a play and will be presented here at the Lyric next week. The theater-goer is said to have been longing for romance that young Truxton King (Robert Taylor) is participating in the fight for a throne. Miss Hayward, the dramatist, has made a special study of the life of the king and is thoroughly acquainted with his skill in building empires.

NEGRO SNATCH THIEF IDENTIFIED BY GIRL WHOSE BAG HE STOLE

Pretty Miss Lilla Rogers, a dark-haired and bright-eyed girl of 19, who lives in the apartments, 215 Ivy street, stood before Recorder Broyles yesterday afternoon and identified a negro youth, Henry Winn, as the snatch thief who had robbed her of her handbag on October 2 at Forrest avenue and Courtland street.

"That's the boy," she exclaimed, as the negro was brought into court. "I would never forget him. There is no mistake about it."

She testified that Winn, as she was waiting across the corner of Forrest avenue and Courtland, had stepped up behind her and snatched the bag from her. She struggled to retain it, but the strength of the thief overpowered her and she screamed for help. She had started out of sight.

Policeman Y. T. Allen was detailed to the case. Obtaining a good description from Miss Rogers, he traced the negro to his home in Darlington, South Carolina, and a receipt identified as Miss Rogers'.

Winn was bound over under \$1,000 bond at a charge of robbery.

Q. & C. DOUBLE-TRACKING Seventeen and Half Miles New Second Track in Service.

Cincinnati, Ohio, November 5.—Seventeen and one-half miles of new second main track has just been completed and put in service on the Cincinnati, New Orleans and Texas Pacific railway (Queen and Crescent Route), between Brangler and Crittenden, Ky., giving a total of one hundred and six miles of second track in operation between Cincinnati and Chattanooga.

Vice President T. C. Powell announced that work is rapidly progressing on the remainder of this particular stretch of about twelve and one-half miles, which, when completed, will give the C. N. O. & T. P. Double track a point just below Williamstown, Ky., a distance of 188 miles from Cincinnati.

With this new track and other second track stretches at various points in operation, the Queen and Crescent route will have nearly one-third of its line between Cincinnati and Chattanooga double tracked, an improvement which will greatly facilitate the movement of the heavy traffic handled between the south and the west by the Queen and Crescent Route and the Southern railway.
