PRESIDENT WILSON ASKS MEMBERSHIP IN STATE CHAMBER

Nation's Chief Executive Declares That Georgia Is Setting an Example for the Other States of the Union.

78 TOWNS AND CITIES WILL HOLD BANQUETS

Reports Received at Headquarters of State Chamber Indicate That the Whole State Is Enthusiastic.

The White House, Washington, D. C., November 17, 1913.—C. J. Finken, President Georgia Chamber of Commerce, Atlanta, Ga., I wish the Georgia Chamber of Commerce every success.

WOODROW WILSON.

With the good wishes of President Woodrow Wilson, wired to the head of the Georgia Chamber of Commerce yesterday, Georgia Products day opens auspiciously.

Not any one section has any monopoly, as more than fifty counties are represented by the celebrating towns, while the natures of the menus are as varied as the products of the state itself.

At Clarksville it is openly boasted that 200 home-grown items will be found on the menu.

At Marietta an all-Decatur barbecue and dinner combined will be served with a list of speakers embracing some of the most noted agricultural workers in the county.

GEORGIA DINNER AT AUDITORIUM WILL SEAT 1,500

Largest Dinner Ever Staged in the State Will Take Place at 7 O'Clock Tonight.

ALBERT HOWELL TO BE THE TOASTMASTER

Mrs. John Marshall Slaton Is Preparing the Beaten Biscuits With Her Own Hands—Elaborate Menu.

The largest and most elaborate dinner ever staged in the south will be held at the Auditorium-Army to-night as Atlanta's part in the state-wide celebration of Georgia Products day.

There will be from 1,000 to 1,500 diners on the main floor of the Auditorium, while the boxes and galleries will be filled with ladies to hear the speaking.

The doors of the reception hall will open at 6:30 o'clock, and promptly at 7 o'clock the actual dinner will begin.

The first course will be on the table at 7 o'clock, but as the sales continued, and hundreds more of Atlantans desired to be present, it was decided yesterday afternoon at the meeting of the general committee in the chamber of commerce hall to increase the number of tickets.

All who have not yet obtained tickets and who desire to attend the dinner, can, therefore, still be supplied at the Elkin drug store, at Five Points, and at Coner's Whitehall store.

This is not exclusively a chamber of commerce function, nor exclusive to any organization; it is an Atlanta dinner, and one in which all classes of Atlantans who are interested in the city's progress and development are invited to take part.

The scene tonight will be one of the most magnificent ever enacted in the Auditorium. The magnificent decorations which were put up in place of the snow white linen on top of each napkin will be a beautiful red rosebud.

The tables will be lavishly decorated with low chrysanthemums and red poppies. Autumn leaves will also be used. Committee chairman, Mrs. Slaton, will be in charge, and a feature in charge, promises a gorgeous spectacle.

An Elaborate Menu. Owing to the fact that hundreds of good things to eat have been donated by individual producers and manufacturers, the dinner will be much more elaborate and bountiful than would be expected.

FINED \$71 FOR KILLING HER BROTHER-IN-LAW

Young Letha Perdue Shot Kendrick Before Second Bride. Pleaded Unwritten Law.

Huntington, W. Va., November 17.—Letha Perdue, aged 19, convicted last Saturday of involuntary manslaughter for having shot and killed James Kendrick, her brother-in-law, paid a fine today of \$75 and court costs, a total of \$71 and was released from custody.

Miss Perdue shot and killed Kendrick several months ago. She claimed that after the death of her sister, Kendrick's first wife, he had paid attention to her Kendrick was taken to a hospital stricken with fever. He later eloped with a nurse and it was in the presence of the second bride that Miss Perdue killed Kendrick.

NUDE BODY OF WOMAN DISCOVERED IN CELLAR

Clerk in a Pittsburg Pharmacy Under Arrest—Woman's Body Badly Bruised.

Pittsburg Pa. November 17.—The body of Mrs. Mayme Greinosen, aged 35, wife of Oliver Greinosen, a West End drug clerk, was found late today lying face-downward in a cellar in the cellar of C. Givens' pharmacy, in the south side.

The authorities doubt the story told by Sweeney as to Mrs. Greinosen's appearance at Givens' pharmacy, claiming it impossible for a woman, almost nude, to walk through a number of streets on a Sunday evening with the body dressed only in a short dressing sack, a white undershirt, both stockings and one shoe.

Blood Given in Vain In Effort to Save Girl From Georgia

Athlete Gives Pint of Blood to Miss Edith Thomas, of Savannah, Who Was Studying at Barnard College.

New York, November 17.—(Special.) Despite the heroic donation of a pint of blood made by Thomas Pinkerton, a Columbia student, to save the life of Miss Edith M. Thomas, a Barnard college senior, the young woman died this morning in the Presbyterian hospital.

Miss Thomas was one of the most popular students of the college. She is a daughter of J. M. Thomas, a prominent lawyer of Savannah, Ga.

Three weeks ago she suffered an attack of typhoid fever, said to have been caused by eating oysters. As the crisis passed favorably, the physicians at the hospital discovered that anemia had set in. Seven physicians worked over her for the last few days.

COUNCIL UPHOLDS VETOES BY MAYOR OF SALARY RAISES

Woodward Turns Down Increase for City Attorney Mayson and for Members of the Police Department.

Two vetoes by Mayor James G. Woodward—one seeking to increase the salary of the city attorney to \$3,000 a year, and another to add \$7,000 a year to the police department payroll—were sustained by council yesterday afternoon.

A third veto of a resolution permitting the Calhoun estate to erect a fence over the sidewalk and part of the street at Broad and Alabama, was overridden.

EARLY BLOCKADE OF MEXICAN PORTS BY UNITED STATES

Opinion General in Mexico City That Such Action Will Be Ordered by Washington Administration.

Mexico City, November 17.—Organization of President Huerta's new congress was completed today when enough senators were gathered to form a quorum in the upper house.

General Francisco Ponce was chosen temporary chairman of the senate and a committee on credentials was appointed. A similar committee of the chamber of deputies today began the work of revising the deputies' credentials.

Blockade of Ports Expected. The opinion is expressed in various circles here that the United States will soon inaugurate a blockade of Mexican ports.

NO SUMMARY ACTION EXPECTED AT PRESENT

If Crisis Is Forced That Will Result in the United States Taking Drastic Steps, It Will Be Caused by Some Action of General Huerta.

Washington, November 17.—That the United States, in its policy toward the provisional government in Mexico, is content to await the outcome of the steady pressure being exerted to bring about the downfall of the Huerta regime was apparent today in official circles here.

End of Huerta Expected. The president told callers during the day that while there had been some change in the Mexican relations to persons, there had been no essential change in the circumstances.

the only outlet from the capital, is giving considerable concern to the officials here, and it is said that any attempt to thus completely isolate Americans and other foreigners in the Mexican capital would result in a quick action by the United States to prevent it. Secretary Bryan had heard from some of his agents that the line of communication was threatened, but it was not clear whether the interruption was to be expected as a result of some decree of the Huerta government or from operations of the revolutionists, who have suddenly appeared in some places in the mountain country lying between Vera Cruz and the capital.

Orders for the second division of the Atlantic fleet to return to the United States remain suspended, leaving practically half of the fleet's battlehips off the coast of Mexico. It is said that the Mexican situation should assume a more critical phase when the time comes for the first and second divisions of the fleet to return from the Mediterranean cruise, a large number of these ships being ordered by Mexico to return to the United States.

Official denial was made at the white house of a report that Pan-American mediation of any kind had been offered to any faction. South American nations it was stated, had been informed of the same, but no one had expressed, in the main, their desire to support the American policy. Secretary Bryan has ordered investigation of the executions at Juarez, but has been unable to reconcile conflicting reports.

TEXAS IS THREATENED BY MEXICAN COLONY

Austin, Texas, November 17.—A threat to make Texas "answer to the whole Mexican people," unless mercy is shown Mexican ammunition smugglers arrested last September at Carrizo Springs, Texas, was telegraphed to Governor O. B. Colquhoun today by 17 Mexicans, under San Marcos, Texas, date. There were fourteen Mexican smugglers, and five of them are still awaiting trial. The telegram read: "Mexican colony protests against the persecution of the state of Texas in making against the Mexican revolutionists that were arrested near Carrizo Springs. They have been convicted against the law and evidence and given twenty-five years and six years in the penitentiary, and the other one was convicted at Cotulla by a prejudiced jury and given the barbarous penalty of nine years in the penitentiary. We will not stand by such barbarous state of things, and will appeal to the Mexican nation if your state wants to murder

men loyal to the human race and the liberty of oppressed people. We have noticed that the other men are going to be convicted and sentenced. I am hanged and we will tell you, Mr. Colquhoun, if such a thing happens, Texas will answer before the whole Mexican people in legal history."

The governor replies: "The rights of citizens of Texas, and I will protect lives and property with the means of my disposal. The laws of this state must be upheld and vindicated, and I desire to inform you that your threat to make Texas answer before the whole Mexican community is a threat to the lives and property of American citizens as a result of your threat that you will hold personally responsible under the law."

The Mexicans signing the telegram reside mostly in San Marcos and vicinity.

PARLEY WITH CARRANZA AT THE CRUCIAL STAGE

Nogales, Sonora, Mexico, November 17.—Obstacles developed since the fall of Juarez created a feeling of uncertainty as to the outcome of the diplomatic exchanges between the United States and the Mexican constitutionalist rebels.

Wilson's representative, William Bayard Hale, conferred twice today with Francisco Escudero, Carranza's minister of foreign relations.

It was evident that the capture of Juarez and other rebel successes in the interior had encouraged General Carranza's leaders to such an extent that they were contemplating the imposition of an embargo on the importation of arms was not as necessary as previously estimated.

On the other hand it appeared that the original expectation of the insurgents that the ban of the importation of arms would be met with more definite requirements from the Washington government.

The parley between Mr. Hale and Escudero reached a crucial stage last night. After a conference with Escudero he expected the negotiations to end within 24 hours, but he was disappointed.

He added, however, that there would be another meeting, personally, in the morning.

Since last night communications to Mr. Hale from Washington have been frequent and the staff of the consulate, assisted by Mr. Hale, to translate them today from the Mexican.

Escudero said tonight that he bases his belief of a result within 24 hours on the confidence he has in the negotiations, in which he said Mr. Hale had received impressions regarding what the constitutionalists believe necessary for the salvation of their country.

Another reason for hurrying the finale, he said, was the eagerness of the constitutionalists to continue their imposed task of crushing out Huertismo.

The wish to complete these negotiations soon, as we are eager to enter into the work of the reconstruction of Mexico, was the chief reason for the haste with which the negotiations are being conducted.

It is not absolutely necessary to the success of the revolution, we will win in any event."

MEXICAN REBELS LEVY ON OIL COMPANIES

Vera Cruz, November 17.—Rear Admiral Bouch, on board the United States battleship Louisiana reports that the Constitutionalists (Gov.) Aguilar has given the town of Tuxpan until next Thursday to surrender. Captain Stewart in command of the battleship Nebraska, reports that Aguilar controls all the country south of the Petatlan Aqueduct. Captain Woods says, professes to desire to protect American property, but is hostile to the English.

The constitutionalist leader at Tanguito says that in compliance with orders from General Carranza he intends to control all the oil fields and collect the revenues that now are paid to the federal government, and prevent the supply of oil to the United States. He has notified the Eagle Oil company that it must pay \$200,000 down and \$25,000 monthly. The insurgents number several thousands and have positions on all the oil properties.

The American women and children at Tampico are expected to reach Tampico tonight.

AUGUSTA BOOSTER FOR STATE CHAMBER

LaGrange, Ga., November 17.—(Special.)—LaGrange will observe to the fullest extent "Georgia Products Day" under the auspices of the Georgia Chamber of Commerce tomorrow night. An elaborate banquet will be spread at the Elmore hotel, at which President W. A. Reeves, of the local chamber of commerce, will preside. Colonel Bradfield will introduce the speaker of the evening to the audience, and Judge E. C. Kontz, of Atlanta, will deliver the address of the occasion. Every line now points to the most notable occasion of its kind in the state.

In addition to doing its own part in holding a "Georgia Products day" banquet, LaGrange is helping out the State Chamber of Commerce in a number of ways, among them being the furnishing of speakers for various parts of the state. The Atlanta Chamber of Commerce is sending Hon. Fuller E. Callaway to Greenville, C. Arthur Johnson, while Secretary Clark is being sent to Manchester as the main speaker of the banquet.

BIG LOAN MADE REBELS BY THE JUAREZ BANKS

El Paso, Texas, November 17.—General Francisco Villa threatened today to take over the Mexican Northwestern railroad, a property owned by Canadian capitalists. The officials did not themselves immediately repair and operate the line. The railroad line has been destroyed by both rebels and federalists and has not been in operation for several months. At a conference with Villa today the railroad officials decided to begin the repairing of the line instead of permitting it to be confiscated by the rebels.

Loans amounting to about \$100,000 were made to General Villa at Juarez by the two banks who are backing Villa gave the bankers assurances that he would refund the money to them if the revolt was successful. The money is being used in paying off the rebel troops and buying uniforms and provisions.

PLAZA COMMITTEE WILL PRESENT PLANS

Atlantans Will Appear Before W. & A. Commission Appointed by Legislature.

At the meeting of the Western and Atlantic commission at 10 o'clock this morning, in the senate chamber, a joint committee from the city council and the chamber of commerce will present the plans for building a plaza over the railroad tracks from Washington street clear across to Spruce.

The committee met yesterday and went over the plans drafted by Chief Clayton, of the construction department. The plans and estimates of the project were fully explained, and the committee, after hearing a discussion of a plan by W. A. Spell, track engineer of the Western and Atlantic railroad, decided to put Clayton's plan before the commission. These plans comprehend the erection of a plaza to cover almost the entire space, including viaducts and passages to admit vehicles to the tracks.

It is estimated that the plan will cost approximately \$1,600,000.

Engineer Spell's idea is to do away with the tracks between Frey and Pryor streets, and then lower the streets with a level. This, he explained, will be equivalent to a plaza resting on the ground.

The committee which will appear before the commission is composed of Councilman Claude L. Ashley, Captain R. M. Clayton and Wilmer L. Moore. The plaza committee also is a member of the Western and Atlantic commission, was appointed spokesman to present the project to the legislative commission.

At the regular meeting Friday night of the seventh ward improvement club a resolution was adopted endorsing the proposed plaza over the railroad tracks from Washington street to Frey street bridge, and recommending the establishment of a central market.

A committee of three was elected by the club to tender the good offices of the club to co-operate with the committee which has been appointed by the chamber of commerce and the mayor and city council.

The following gentlemen were elected: J. M. Williams, chairman; Dr. J. C. White, M. M. Anderson.

include anything relative to the withdrawal of the embassy.

Rumors that the charge had been ordered to leave persisted, although a emphatic denial was made at the embassy, and trains leaving for Vera Cruz were watched anxiously by Americans who have made up their minds not to delay their departure.

O'Shaughnessy goes.

Rumors of plots and intrigues were current throughout the day, but no facts were forthcoming to indicate that General Huerta was losing his grip on the capital. Reports from outlying points, especially in the north, were far from reassuring to the war department. Ciudad Victoria, the capital of Tamaulipas, the capture of which by the rebels, was denied last week by the government, is now admitted to be in a bad way, although not yet taken. It is conceded that the rebels, in large numbers, surrounded the city, and that a battle is imminent.

Passengers from that part of the country, who arrived here today, confirm the report that a battle is already in the hands of the rebels.

The government has not even conceded the capture of Juarez and although newspapers are still holding out hope to their readers that possibly the report of its capture by General Villa is not true.

EXODUS OF FOREIGNERS

The exodus of foreigners, especially Americans, continued today. The trains to Vera Cruz were jammed. It was asserted at the American embassy that new instructions had been received. Many American citizens who have reached here from smaller towns in the interior of Mexico declare that the situation has now reached its most acute stage. A number of business contractors here, whose headquarters are abroad, have received cabled instructions to send the women and children of their employees out of the federal capital.

A man arrived from Vera Cruz last night who claimed to be a messenger from John Lind, with what authority was not known, and who urged the immediate departure of all Americans—men, women and children.

All the ministers of foreign countries are still here, and it is not anticipated that any of them will leave their posts, even in case of intervention. Admiral Von Hintze, the German minister, declared today that he believes there is no reason for anxiety.

"A plan is being considered," he said, "by which armed intervention will most surely be avoided."

EDITOR ATTACKS UNITED STATES

The El Imparcial today refers editorially to the organization of the Mexican congress.

"It appears," says the El Imparcial, "that this congress displeases the mighty personage of the white house. He takes us for slaves, whereas we belong to the noble and brave race of Cuauhtemoc, the last Aztec sovereign of Mexico, crossed with blood of the indomitable and proud people whose monuments of glory rear themselves on the heights of the Andes."

"Our grand president, now unembarrassed by intriguers, stands more firm than a rock, and loses its independence and dignity without a supreme effort is worse than dead and merits eternal ignominy."

The article continues by saying that the writer cannot believe the yellowest will launch upon such an insane adventure as a war with Mexico.

EIGHTY MOONSHINERS TO BE TRIED AT ROME

Rome, Ga., November 17.—(Special.)—"The moonshiners' semi-annual reunion" is what Rome lawyers call the terms of United States courts here. Judge William T. Newman convened the November term this morning with Hooper Alexander serving as district attorney for the first time. Most of the week's session will be devoted to the trial of charges of illicit distilling. There are eighty cases of this nature on the docket. Many civil cases were settled and a number postponed on account of the absence of attorneys.

A Covington, a young attorney, formerly of Columbus, Ga., and William Rabuzzi, were given naturalization papers.

A number of court will probably last through the week.

GENERAL OBSERVANCE OF TUBERCULOSIS DAY

Washington, November 17.—Observance of tuberculosis day, December 7, promises to be more general this year than in the past. The national association for the study and prevention of tuberculosis established in 1904, has issued a circular today to direct the nation's attention to the necessity for a universal fight against the great plague and each year since recognition of the custom has been more widespread.

The association today made public letters from Cardinal Gibbons and Cardinal Farley endorsing the custom and expressing the hope that the national fraternity will succeed in conquering tuberculosis as it has yellow fever and smallpox.

The special dispatch in The Constitution giving notice of this has caused his friends, headed by his brother C. C. Clements, to become more active than ever in his behalf, and many petitions, letters and telegrams are being sent in an endeavor to have the decision changed.

"Care of the Baby" Stressed By Child Welfare Committee

Mrs. Victor Kriegshaber's committee of the child welfare exhibit, which in this same section of the exhibit in the Layden house, on Peachtree street, held an important meeting yesterday, and work will be begun by them on the very important section of the exhibit called the "Care of the Baby" section.

As the name would imply, this particular exhibit will not only be made through charts and illuminated illustrations, but there will be demonstrations, and real live nurses will show with real live babies just how they ought to be cared for, from the time they open their eyes in the morning until they are given back to sleep in the evening.

There are to be thirteen panels, 3 by 5 feet, illustrating the methods pursued by advanced caretakers of children, with cartoons, showing the significance of the registration of births, infant mortality, the difference between the babies fed on mother's milk and those fed artificially, and the necessity of regular hours of sleep.

Ten other charts will show the value of weighing the baby, how it should be bathed, why it should not be bothered with kisses, why it should be

given plenty of pure water to drink, how it can be kept free of colds. The most approved kind of toys will be shown, and there will be battles on hand to play with these toys.

In this same section of the exhibit there will be a complete small kitchen, where a nurse will demonstrate proper preparation of milk in cases where artificial feeding is necessary. There will be shown the home-made ice box, which the poorest family can accomplish, double boilers and the necessary pans, soap, towels, bottle nipples and all the accessories for feeding "Snookum," whether he be born with a silver spoon in his mouth or find himself less fortunate.

There will be exhibited here also the proper clothing for the young baby, with patterns of same; the right kind of bath and towels for him.

There will be baskets, crates and all sorts of devices related in various ways to baby's welfare, with even the size sheets he requires for his bed, and the little flat pillows which may be allowed him.

Miss Emily Chapin Coye, who has charge of the Child Welfare exhibit, is from Rochester, N. Y., and has had charge of the exhibit at the Na-

ional Conservative exposition, in Knoxville. She is installing the exhibit, and is being assisted by Mr. Louis Gregg and Mr. E. L. McGonigal.

Memorial Services.

Memorial exercises in honor of Louis Russ, whose funeral was held last Tuesday, were conducted at the Jewish Educational alliance under the auspices of all the young men's clubs affiliated with the public speaking department last night. The assembly was taxed to its capacity by the friends of the deceased. The program was under the supervision of Frank Letkoff, who delivered a stirring address. Other speakers were E. D. Frankel, the retiring president of the Debating club, H. Joseph Heyman and Attorney Leonard J. Grossman.

RESINOL IS THE EASY WAY TO GET RID OF PIMPLES

It is so easy to get rid of pimples and blackheads with Resinol, and it costs so little, too, that anyone whose face is disfigured by these pests is foolish to keep on with useless creams, washes or complicated "beauty treatments." Here is the way to do it.

Bathe your face for several minutes with Resinol Soap and hot water, then apply a little Resinol Ointment very gently. Let this stay on ten minutes, and wash off with Resinol Soap and more hot water, finishing with a dash of cold water to close the pores. Do this every morning and evening, and you will be surprised to see how quickly the healing, antiseptic Resinol balsams soothe and cleanse the pores, leaving the complexion clear and velvety.

Resinol Ointment (50c and \$1.00), and Resinol Soap (25c), stop itching instantly and speedily heal eczema and other skin humors, dandruff, sores, burns and piles. For free trial, write Dept. 33-R, Resinol, Baltimore, Md. Avoid so-called "substitutes."

FRANK P. GLASS NAMED SENATOR

Birmingham Editor Is Appointed by Gov. O'Neal to Fill Unexpired Term of the Late Senator Johnston.

Birmingham, Ala., November 17.—Frank P. Glass, editor of the Birmingham Post-Herald, was today appointed United States senator by Governor O'Neal to succeed the late Senator Joseph F. Johnston. Mr. Glass is one of the oldest and best-known newspaper men in the state and south.

Mr. Glass is a native of Alabama. An alumnus of Princeton. He founded The Blade, in Bibb county, in 1880, a year later bought the Selma Daily Times and in 1886 acquired half interest in The Montgomery Advertiser, the business editor of The Birmingham News two years ago. Mr. Glass is 52 years old.

Statement by Governor O'Neal.

In making the appointment, Governor O'Neal said:

"It is my opinion that the provisions of the seventeenth amendment did not deprive me of power to fill by appointment the vacancy in the senate of the United States on the death of Hon. Joseph F. Johnston.

"In the exercise, therefore, of my constitutional power and duty, I have this day appointed Hon. F. P. Glass United States senator from Alabama to fill the unexpired term of the late Senator Joseph F. Johnston.

"Mr. Glass has been for many years one of the leading journalists of the state. He has been held in high esteem in the advocacy of every issue or cause that he has espoused, and he is justly recognized as one of the most brilliant editorial writers in Alabama, yet in the conduct of every newspaper that he has conducted he has been guided by the highest ethics of his profession. Like every man who has a bold and aggressive spirit, he has made enemies, yet he has never sought to win favors by questionable methods or by abuse and misrepresentation for logic or argument.

Never Held Public Office.

"He has for long years rendered valued service to the party, and while he has never held public office, no one doubts by reason of his long and wide range of information, and his ability to represent creditably the state in the general senate, that in full accord and sympathy with the wise and aggressive policies of the party, he has rendered to it his personal friendship and confidence no enjoys.

"By reason of his long and valuable service to the party in the state, his high character and recognized ability, he has justly earned this evidence of confidence and esteem.

"I attach as part of this statement the brief recently prepared by Hon. R. E. Simmons, answering the arguments against my power to appoint and which in my judgment is convincing and that in reaching a conclusion on the proper construction of the seventeenth amendment I have been led to follow the opinion of distinguished lawyers rather than be guided by the advice of certain gentlemen of the press.

Will Glass Be Seated?

Washington, November 17.—(Special.)—Another knotty problem has been presented to the senate by the action of Governor O'Neal today in giving credit to Frank P. Glass to fill the unexpired term of the late Senator Johnston.

Governor O'Neal first appointed Representative Henry D. Clayton to this place, but the overwhelming sentiment of the senate was that the appointment was void. He was not a member of the senate, and he must call a special election or convene the state legislature to follow the action of the distinguished lawyers rather than be guided by the advice of certain gentlemen of the press.

WITH THE MOVIES

The Elite.

"Protes," a stupendous five-reel film based on the adventures of a beautiful woman spy, will be seen at the Elito theater today. This is one of the truly great pictures of the year. It is unique, daring, sensational and thrills the spectators from first to last. The story tells how an adventurous woman named Protes, who is in possession of a list of oracles as an international spy. She appears as a lion tamer in a circus, a woman of fashion and in half-dozen other disguises. This is a feature that everybody ought to see.

The Vaudeville.

"The Trail of the Lost Cord," a very beautiful two-reel American picture, will be seen at the Vaudeville today. It is an interpretation of the wonderful poem of the same name and the film shows Father Josef seated in a chair in the winter of his life. How the old priest sees himself in a young boy and in the winter of his life, seeing two younger loving hearts made happy makes a wonderful drama. Some fine comedy pictures will also be shown.

The Savoy.

Another one of the big 101 Bison dramas will be seen at the Savoy today. It is entitled "The Wild of the Wilderness" and shows the adventures of Christian missionaries and explorers among the savage tribes of the Northwest. An exciting trip through the "Terrible Turk," said to be one of the funniest of the season, will also be shown at the Savoy today.

The Alamo No. 1.

"The Escape of Jim Nolan," a two-reel Selig drama, will be seen at the Alamo No. 1 today. It depicts the adventures of a modern Irish character in a way that will appeal to the masses. It is a powerful dramatic story, full of the nature of the sons of the emerald isle. Some fine comedy pictures will also be shown. The comedies seen at the Alamo are steadily becoming more popular with motion picture patrons.

The Alamo No. 2.

"The Port of Missing Women," a Selig drama, will be seen at the Alamo No. 2 today. It is a powerful dramatic story, full of the nature of the sons of the emerald isle. Some fine comedy pictures will also be shown. The comedies seen at the Alamo are steadily becoming more popular with motion picture patrons.

The Alcazar.

"Levi and McGinnis," the funniest pair ever seen in motion picture comedy, have agreed to appear in Atlanta at the Alcazar today. They will be seen at the Alcazar today in an imp picture, which tells how they both run for the state of Georgia, and finally become a heartless but beautiful leader in the desert. She is eventually eliminated to the old life with "Ewanney" and "His Last Fight." Vitagraph will also be shown.

HE KILLED RABBIT, BUT SHOT HIMSELF

Rome, Ga., November 17.—(Special.)—A load of shot intended for a rabbit, found a resting place in the leg of James Richards, a young Roman, who is now in a local hospital, in danger of losing the leg.

A rabbit crossed his path, and in his excitement he clubbed his gun, and struck the rabbit on the head. He laid the bunny low, but when he hit it, the gun discharged its load into his leg.

Woman Found Dead.

Rome, Ga., November 17.—(Special.)—Mrs. J. H. Amerson, aged 55, was found dead in her bed here yesterday morning at the home of her stepson, R. F. Thomas. Her death is supposed to have been due to heart failure. She was prominent in the work of the Daughters of America and her funeral was conducted by that organization. Her body was sent to East Lake, Tenn., for interment, as that was her former home.

HEAD PERFECTLY BALD WITH ECZEMA

Side of Face Almost Solid Sore, First Rash, Then Water Pimples, Itched and Burned Badly, Cuticura Soap and Ointment Soon Cured.

R. F. D. No. 8, Maryville, Tenn.—"My baby, when three months old, took eczema on his face and head. His head and one side of his face were almost in a solid sore. The eczema at first was kind of a rash and then it broke out in water pimples and they would burst and looked very badly. It would itch and burn so badly that he could not rest at all and his hair just all fell out at once till his head was perfectly bald. He could not sleep at night and was very cross.

"I tried _____, and other remedies without any relief at all; he only got worse all the time until I used Cuticura Soap and Ointment. He had great relief the first application. The first night my baby rested fine and was cross no more. I would bathe him with the Cuticura Soap and then apply the Cuticura Ointment twice a day, morning and night. He was soon cured and his hair began to grow back and now he has just beautiful fine hair and has no sign of eczema." (Signed) Mrs. H. D. Clabough, Jan. 28, 1913.

For treating poor complexions, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. A single set is often sufficient. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

*Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

GEORGIA PRODUCTS DAY This Tuesday, November 18, 1913

Let us remember the day to keep it green. Let us think of it as the banner wand to invoke the magic—PROSPERITY. Long may it wave! Let every man of Georgia "save the day," salt it away, preserve it, remember it, honor it, and then "cast down your bucket where you are!" Supporting a thing of certainty is placing an investment where you can't lose. Supporting the Georgia Chamber of Commerce is taking an insurance policy on Georgia Prosperity. Every man who takes a hand in his state's advancement holds his own and helps his neighbor. He can't help his neighbor without helping himself. Georgia has been in a recognized state of interesting growth for forty years—Now let her bloom! Tonight three score and ten Georgia towns will gather their best men at dinner. They will eat Georgia food stuffs and fruits—the best on earth—and talk of plans to make them better. Our own Georgia state is so self-sufficient in such products that we may "eat, drink and be merry" within our own gates, with no cry for help. We have only to cast down our buckets where we are. State-wide inspiration comes from the glad news—and the proofs thereof—that Georgia has just gathered the greatest crop in the years of her history. Broad acres of bare brown cotton stalks, and brawny branches that sprawl over miles of furrowed orchard lands, tell of work well done and stand in stolid silent support of the "bloom" that made for 1913 prosperity. Will the men of Georgia go and finish the job?

Each Atlanta diner will find at his plate tonight a coupon good for a pair of RADIUM Sox — MADE IN GEORGIA. Bring it to Muse's tomorrow and get your pair.

RESINOL IS THE EASY WAY TO GET RID OF PIMPLES

It is so easy to get rid of pimples and blackheads with Resinol, and it costs so little, too, that anyone whose face is disfigured by these pests is foolish to keep on with useless creams, washes or complicated "beauty treatments." Here is the way to do it.

Bathe your face for several minutes with Resinol Soap and hot water, then apply a little Resinol Ointment very gently. Let this stay on ten minutes, and wash off with Resinol Soap and more hot water, finishing with a dash of cold water to close the pores. Do this every morning and evening, and you will be surprised to see how quickly the healing, antiseptic Resinol balsams soothe and cleanse the pores, leaving the complexion clear and velvety.

Resinol Ointment (50c and \$1.00), and Resinol Soap (25c), stop itching instantly and speedily heal eczema and other skin humors, dandruff, sores, burns and piles. For free trial, write Dept. 33-R, Resinol, Baltimore, Md. Avoid so-called "substitutes."

WOMAN ASKS DAMAGES FOR FALL FROM TRAIN

As she was leaving a Southern railway train at the Terminal station in Atlanta, on which she had ridden from Greenville, S. C., August 24 last, Mrs. N. C. Alexander's dress came in contact with a nail, or some other obstruction on the platform of the coach, which caused her to fall bodily from the coach platform to the hard floor of the Terminal station, a distance of about 3 feet, and to so injure her physically that she was confined in the Atlanta hospital for weeks, says papers filed yesterday in the federal court by Mrs. Alexander's attorneys.

But from August 24, the date of her fall from the coach at the Terminal station, up to September 21 she was a hospital patient, and, therefore, unable to earn her usual weekly wage, and that her inability to do so was due to the negligence of the Southern railway. It is for just time, doctors' bills and hospital expenses she asks, together with what other award a court may see fit to make.

ATLANTA'S CHANCE GOOD FOR OPEN AIR SCHOOLS

Atlanta stands a chance to get an open-air public school next year. Whether the city council lends its moral assistance or not. There is now \$1,000 in bank to the credit of the open-air school, derived from the sales of Red Cross Christmas seals last year made through the public school children of Atlanta.

VERDICT IS EXPECTED IN THE COLLIER CASE

A NEW ERA IN GEORGIA.

This is Georgia Products Day. Tonight in counties throughout the state representative Georgians will assemble at public dinners, the menu cards of which will contain Georgia products from nibblers to nuts.

The Constitution knows of no more convincing manner to impress the significance of the organization's work, and the development tonight, than to cite the circumstances of the banquet in Dooly county tonight.

Mixing brains with effort, there is hardly one farm in Georgia that could not duplicate the achievements of the farm in Dooly.

If the farmer is to be the gainer from living at home, what about the state at large? The possibilities are positively a challenge to the imagination.

Of course, the chamber of commerce regards agriculture as just one phase of its activities. It is going, also, to establish more factories, more schools, more enterprises generally.

The situation is aggravated by the exigencies growing out of the inevitable parking of automobiles upon the narrow streets in the center of the city.

come from operating it as a business and not as at present as a speculative and unscientific gamble. Wherever Georgians gather tonight, then, and entuse over the smoking board, they may know they are participating in the birth of a new era for their state, one thronging with such possibilities of development and wealth and advancement as to baffle even the prophecies of the arch-optimist.

A GREAT PROJECT'S GROWTH.

The following telegram to The Constitution from Thornwell Jacobs at Mobile reports the forward status of a project that has been advanced with so little striving toward the spectacular that few Atlantans appreciate its significant progress toward crystallization.

Mobile gets behind movement to re-establish Oglethorpe university in Atlanta with a total subscription of over \$3,500.

The story of the revival of the Oglethorpe university movement is one of the most ambitious, plucky and amazing chapters in the south's educational history.

The first and natural impulse was to consolidate the several small Presbyterian societies in this territory, so that their combined strength could command the facilities and equipment impossible in isolated institutions.

The impressive total of subscriptions recorded in his telegram does not by any means tell all the story.

There has been so little noise and fanfare about the enterprise that few Atlantans realize how near it is to consummation.

What has become of the joint committee on traffic regulation from the city council and the chamber of commerce?

The problem the committee set out to solve is one of the most important and imperative now facing the city.

It is doubtful if another city in the country, regardless of size, is confronted with traffic complications approaching those with which Atlanta is plagued.

It is certain is hard luck for a professional game bird like Mr. Bryan to be thrust into the vortex of the Mexican situation.

The American masses revel gratefully in the decreased cost of living, due to the lowering of duties on champagne and apolinaris.

lems of a great city, and developed them so swiftly that few people recognize the gravity of the situation. Matters cannot long go on in their present undefined manner.

A NEW ERA IN FULTON.

The county of Fulton and the city of Atlanta stand a first-rate chance to become models for the country, from the standpoint of adult-probation.

Increasingly, the country over, the principle of probation is coming to be recognized as one of the cardinal characteristics of constructive penology.

The old penology took the criminal in hand, treated him after an ironclad and inflexible formula, and turned him loose as a beast of prey upon society.

The new penology treats offenders as human beings. If the offense be not deadly it does not imprison the man or woman.

Mr. Weltner is ideally qualified for the work. By temperament he is sympathetic, without inclining to maudlinism.

It is a notorious fact that much of this money did not come out of the earnings of the persons fined.

No age has any type particularly predominant, from the point of view of age.

On the other hand, the pendulum does not swing to the discarding of men in middle years or the advanced decades.

It is significant that there hasn't been a revolution in South America since the colonel touched the dock.

Some of the editors who are clamoring for Mexican intervention ought to be drafted for the ambulance corps.

It certainly is hard luck for a professional game bird like Mr. Bryan to be thrust into the vortex of the Mexican situation.

The American masses revel gratefully in the decreased cost of living, due to the lowering of duties on champagne and apolinaris.

It's a safe assertion that every single woman in the land would surrender a year's income for one look at the Wilson wedding presents.

ATLANTA KEEPING THE PEACE—NO. II.

By PHILIP WELTNER. Secretary Prison Association of Georgia.

One hundred and seventy-six thousand, seven hundred and fifty-three dollars and thirty-six cents—this is the total in 1912 from the miserable characters appearing in Atlanta's police court.

Table with 3 columns: City, 1912, 1913. Rows include Providence, Detroit, Atlanta, and Atlanta's aggregate fines.

The above table is not more extended, because in most cities the authorities consider a review of the work of the recorder's courts as irrelevant to their own.

It raises this question: Are fines levied with a view of punishing offenders, or to defray the cost of the police department?

The present attitude of the government," so express factors declare, "presents a curious spectacle unparalleled in the history of administrations.

We feel that whatever the future of the express companies may be, the service of the people should be maintained.

Editor Constitution: Your editorial in Sunday's issue on the proposed "Peace Jubilee" was held in Atlanta next summer, is timely, and the writer, for one, thoroughly indorses the idea.

Nothing could be more appropriate than to celebrate the fifth anniversary of the Battle of Atlanta by a Peace Jubilee here, the same as was done at Gettysburg this last summer.

It should be made a national and an international affair, if possible, and no one should think because we celebrate fifty years of Peace and Amity between the sections that we are forgetting the heroic fortitude and immortal achievements of the men of the south of the sixties.

It would be a most befitting honor to them to hold the Peace Jubilee proposed.

The World's Mysteries

WHO ORDERED ALEXIS KILLED? The sudden death of Alexis, the son of Peter the Great by his first wife, Eudoxia, has always been and is still shrouded in mystery.

The death of Alexis is one of the darkest chapters in the history of Peter the Great, a monarch whose achievements as a civil administrator, reformer and general entitle him to a high rank among the really great rulers of Europe.

When Alexis arrived back in St. Petersburg he hoped to be kindly received like a repentant son, but in this expectation he was disappointed.

BAPTISTS GATHER FOR ANNUAL MEET

Over Seven Hundred Delegates Expected in Gainesville—Will Receive Royal Welcome.

By Rev. A. C. Hendley.
Gainesville, Ga., November 17.—(Special.)—Delegates have been pouring into this city since noon and about 450 are already consigned homes and fully 700 are expected by Tuesday noon in attendance upon the ninety-second annual convention of the Georgia Baptists. Automobiles are meeting every train, and many delegates have had their assignments for several days by mail. Through this method they are soon despatched to their homes, which avoids the usual delay experienced upon occasions of this kind.

With placards in the window of every business house, "Welcome to Our City, Georgia Baptists," and practically every home thrown wide open for the comfort and entertaining of the delegates, the atmosphere seems fraught with "welcome" and everybody feels easy and at home.

While there will be a meeting of the officers of the ninety-eight associations of which the convention is composed tonight, the convention proper will not open until 9 o'clock Sunday morning, at which time the convention will be called to order by the president, Dr. John D. H. Hines, who is one of Georgia's greatest parliamentarians, and immediately go into organization.

The first Baptist church, where the convention will meet, is a handsome granite structure, with a seating capacity of about 2,000, the erection of which incurred an expense of about \$50,000.

GEORGIA DINNER AT AUDITORIUM

Continued From Page One.

served under ordinary circumstances for \$2. The menu will be as follows:
Purée of Tomato
Whipped Cream
Mixed Pickles
Barnesia Young Onions
Roast Turkey
Chestnut Dressing
Creamed Potatoes
Baked Corn
Baked Corned Ham
Deviled Eggs
Chicken Salad
Georgia Beaten Biscuits
Crisp Fried Potatoes
Tip Top Biscuit
Neapolitan Ice Cream
Block's Butter Wafers
Kamper's Roasted Coffee
Cigars
Valde's Cakes
Some Valuable Souvenirs.

A number of valuable and attractive souvenirs will be placed at the plate of each diner, and the original ticket has on it ten extra coupons, entitling the holder to various Georgia-made products absolutely free, such as a gallon of mineral water, a pair of socks, a box of crackers, a glass of jelly, and so on.

The speaking program for the evening will be as lavish and attractive as the menu. President Wilmer L. Moore, as head of the Atlanta Chamber of Commerce, will introduce Albert Howell, the toastmaster. Mr. Howell's eloquence and wit is expected to contribute materially to the joy of the occasion. Mr. Howell will introduce the various speakers, including Governor John M. Slaton, Mayor Woodward, Hon. Fuller E. Callaway and others.

While Governor Slaton will contribute to the occasion by his presence and his speech, the governor's wife, Mrs. John M. Slaton, first lady of Georgia, is hard at work this morning contributing her share to its success. She is helping prepare with her own hands the old-time beaten biscuit which will be served on this occasion from a famous recipe which she had from her mother, Mrs. John M. Grant.

One of the most talked about features of the dinner is the Georgia dress contest for which W. H. Wright, Jr., has offered a prize of \$20 in gold. This prize will be won by the man who comes to the dinner most completely clothed in Georgia-made apparel.

A number of contestants are expected to appear with everything from Georgia from shoes, socks, underwear, and so on, up to their hats and stick pins in their ties.

The list of those who have already made arrangements to be present includes, in addition to leading Atlantans of all classes, a hundred or more prominent out-of-town guests. The success of the dinner rests assured, and the direct credit will be due particularly to the "general committee" which has had the work in charge, composed of the following gentlemen, with Wilmer L. Moore, ex-officio member:

W. H. Wright, Jr., J. R. Bachman, J. K. Orr, Jr., L. E. Rogers, Ivan E. Allen, Milt Saul, V. J. Lowenstein, O. T. Camp, J. L. Barnett and L. D. Hicks.

Of course, in this magnificent accomplishment it has been necessary for the organizers to have had fully the co-operation of the merchants and manufacturers of Atlanta and vicinity. Here have been accorded generous aid from many sources, all of which will be acknowledged in due form.

COUNCIL UPHOLDS VETOS BY MAYOR

Continued From Page One.

Assistant City Attorney Ellis, members of the aldermanic board were barred from voting two-thirds of the members voting is necessary to override a veto.

Alderman Nutting questioned the count after Mayor Pro Tem. Warren announced the result, and attempted to have the matter taken over again. Mayor Pro Tem. Warren ruled that the vote could not be retaken, but announced that a member could ask for a verification. Councilman Smith raised the point that the aldermen did not vote, and the city attorney ruled that the veto was not entered.

"Then, I'd like to know if the matter cannot be reconsidered," Alderman Nutting again put in.

Matter Disposed Of.
Assistant City Attorney Ellis ruled that the matter had been finally disposed of, and Alderman Candler succeeded in partially restoring council to a state approachable by calling a special order of business.

On the policeman's salary bill, Councilman Smith raised the point that the aldermen did not vote, and the city attorney ruled that the veto was not entered.

Twelve voted against the mayor and seven with him. Those who sustained the veto were Councilmen Wardlaw, Lynch, Knight, Colcord, Ashley, Humphrey and Kimbrough.

Councilmen Humphrey and Ashley were the only members who voted to sustain the mayor's veto. The resolution authorizing the blocking of the street committee, informed council that its action on the veto would be an indication as to its future policy.

Alderman Maddox declared that if council does not give property owners permits to erect fences they will go to Birmingham and Chattanooga and other "seaport cities."

After the veto had been disposed of, Alderman Nutting offered a resolution authorizing an increase in the salary of the city attorney effective in January, 1914, from \$2,500 to \$3,500 a year. The resolution was referred to the salary committee.

Councilman Mason offered a resolution providing for an increase to \$90 per month to the salaries of police officers.

An ordinance, signed by seven members of the general council, was introduced to create the office of purchasing agent, at a salary of \$1,800 per annum, the appointee to be selected by the mayor, controller and finance committee, and all supplies purchased through the agent be subject to their approval.

Will Veto Measure.
Mayor Woodward will veto this measure if it reaches him, he says. Chief Clerk Graham West, in the comptroller's office, is filing the duties of agent with the city clerk. The office is being created for political purposes.

A petition by the Peters Building company was offered as an objection against the erection of the proposed new \$2,800 public utility station on the Whitehall street viaduct. The petition was referred to the park board.

The vacancy on the library board, caused by the resignation of T. B. Gay, secretary, was postponed at the request of Councilman Knight. W. L. Ragsdale was elected as a trustee from the ninth ward to succeed J. K. Johnson. J. B. Bloomfield was elected a member of the cemetery commission to succeed Robert Otis in the second ward.

Councilman turned down the request of Ivy street property owners for a refund of \$7,500, which represents a balance left over after paying the costs of paving, grading and incidentals. The petition, which was filed by Joel Hart, was committed to the street committee after Alderman Candler and Councilman Ashley declined the request. The petition should be paid by the city, Alderman Candler charged the property owners with charges in being by demanding a return of the money.

Adopt Report.
The report of the water board and board commission, which contained a recommendation that the balance of the bond money of \$75,000 be used in building down water mains on streets other than those provided for in the bond, was adopted.

Alderman Ragsdale offered an ordinance to prohibit smoking in theaters. It was referred to the ordinance committee.

For more than thirty minutes council was forced to treat with the matter with the electric lights.

BURNS RESULT IN DEATH OF YOUNG MACON GIRL

Miss Mattie Barkley Dies After a Week of Intense Suffering.

Macon, Ga., November 17.—(Special.)—Miss Mattie Barkley, a 15-year-old girl, died this morning as result of burns sustained a week ago when her clothing accidentally caught on fire while she was standing in front of the grand jury back and limbs were badly burned and, at the hospital, where she was taken, little hope for her recovery was held out from the beginning.

Miss Barkley was the daughter of Mr. and Mrs. E. H. Barkley, of Reiff Home avenue. The funeral will be held tomorrow.

Saloon Men Disturbed.
Macon, Ga., November 17.—(Special.)—Local saloon men are considerably disturbed by the report that the grand jury which is now in session intends to use the evidence secured by the Macon Law Enforcement League in the crusade to close the saloons under the injunction plan, on which to base indictments for violating the state prohibition law. If this is done, the indications are that every saloonkeeper in the city will be indicted.

Judge Mathews did not announce his decision in the injunction suit against the saloon men, but he is expected to consider the case, and it may be several days yet before he decides it.

Patrolman Suspended.
Macon, Ga., November 17.—(Special.)—Chief of Police W. B. Chapman today suspended Patrolman T. A. Middleton, on the charge that he was drinking intoxicating liquor while on duty. Patrolman Middleton has been on duty hearing before the police committee of the city council, and his request has been granted. The hearing took place some time during the present week.

The charge is based on the accusation of Middleton Saturday night and later released from the barracks by Chief Chapman. The woman claims the police officer was intoxicated at the time he arrested her.

State Chamber Charter.
Macon, Ga., November 17.—(Special.)—Application for a charter for the State Chamber of Commerce was filed in the Bibb superior court today. No capital stock is mentioned in the petition, which specified that Macon shall be the domicile for the organization. The executive offices are located in the state in Atlanta or any other city in the state the directors shall specify.

Rev. Callaway Called.
Macon, Ga., November 17.—(Special.)—Rev. T. F. Callaway has been called to the pastorate of the First Baptist church in Macon, to succeed his brother, Rev. J. W. Callaway, who has been called to the First Baptist church in Dublin, and who has accepted. So far Rev. T. F. Callaway has not decided whether he will accept the position, as he does, the institutional work of the Tabernacle church will be continued.

Kappa Alpha to Meet.
Macon, Ga., November 17.—(Special.)—The annual convention of the Kappa Alpha fraternity of Georgia, Alabama and Florida is being held here at the Dempsey hotel being headquarters. About fifty delegates are in attendance and the chairman of the convention, J. L. Darby from service. These three officers were on duty one day last week when Rosemary Hester, a young man who had pleaded guilty to a misdemeanor, made his escape by quietly walking out from the sheriff's office.

Another sensation was rumored in the case of Bailiff Robert L. Willis, who is being held to be tried on a charge of murder. Willis shot and killed Luther Hawkins, a young man who was fleeing to escape arrest because he did not pay a \$500 tax bill. The Willis case was set for trial last Thursday, but one of the state's main witnesses, H. E. Davis, failed to appear, and the case was continued until today. Davis was with Hawkins when he was shot. The witness is a resident of Manchester, Ga., left for Columbus last Wednesday. It is rumored that the witness is a former Bailiff Grover Willis and L. V. Lock met him at the depot and advised him that it would be in his best interest not to tarry in Columbus. He has not shown up, and when the Willis case is called today it was again continued. The instance has not been reported to the grand jury.

WRIGHT PREDICTS END OF SALOON IN ATLANTA
Savannah, Ga., November 17.—(Special.)—"I venture the assertion that within thirty days the crusade against the saloon will be on in Atlanta, and it will only be a question of a short time until the crusade will be abated and the laws of this sovereign state upheld," declared Seaborn Wright in an address at the Savannah theater tonight. "The spirit of anarchy stalks at large," he continued. "It is time that every community in Georgia where the prohibitory laws are violated and urge the Christian people to take advantage of the opportunity which they have for putting a stop to the violations."

Of Interest to Auto Owners.
The Georgia Machinery Company, in the rear of 58 East Hunter street, has just installed the latest OXYGEN-ACETYLENE WELDING machine. We can repair broken articles made of all kinds of metals: Cast iron, wrought iron, steel, copper, brass, bronze, aluminum, etc. When the work is good and strong as when new. This is a great saving in cost and time, especially when the otherwise parts would have to be ordered from a distance.

We are also prepared to remove carbon from cylinders at a small price. This can be thoroughly done in a few minutes and very much improve the running of autos. In fact, they run like when new. Anyone interested is invited to call and see the plant.—(adv.)

FACES TWO COURTS IN A SINGLE DAY
Columbus, Ga., November 17.—(Special.)—George Courtney, colored, who was today bound over by Recorder Pateley on the charge of burglary, was immediately escorted across to the county house, where superior court is in session, entered a plea of guilty and was sentenced by Judge Gilbert to ten years in the penitentiary.

How's Your Town?
If it's a town with the push and the pride to want to get ahead the first thing to do is to make it a good place to live in.

Is it the kind of place the young fellows will stick to and be proud of and want to rear their families in?

If it is lacking in CORRECT SANITARY CONDITIONS it will never get over into the growing column.

Sanitary living is the right of the people. It is the just inheritance of the little child. It is the safeguard of the population.

If your town is a breeding place for sickness you and your neighbors will have to pay the price.

If the water supply is contaminated the health of your people is menaced.

If your lighting is inadequate your boys and girls will be the losers. Darkness isn't good for the morals any more than for the eyesight.

It's our business to better and boost the town that is alling.

WARRANT FOR MURDER AGAINST JESSE COONER

Macon Clerk Was About to Make Bond When Warrant Was Sworn Out.

Macon, Ga., November 17.—Just as Jesse Cooner, the clerk who shot S. L. McWilliams Saturday night, was about to give bail this afternoon a warrant was issued by Justice R. B. Hall charging him with murder.

R. H. Williams, a nephew of the dead merchant, obtained the warrant. The coroner's jury charged Cooner with voluntary manslaughter. The nephew declares, it is said, that it is a plain case of murder, and states he is going to aid the state in prosecuting the clerk.

Probe of United Cigar Stores.
Washington, November 17.—Investigation of the United Cigar Stores company by the house judiciary committee was asked today by Representative Reilly, of Connecticut, in a resolution seeking information whether the company does business in violation of the anti-trust law.

COLUMBUS BAILIFFS ARE IN HOT WATER
Columbus, Ga., November 17.—(Special.)—There was a big shakeup among Muscogee county bailiffs late this afternoon when Judge Gilbert of the superior court, acting on the recommendation of the grand jury, dismissed Bailiff Homer Mason, Willis and J. L. Darby from service. These three officers were on duty one day last week when Rosemary Hester, a young man who had pleaded guilty to a misdemeanor, made his escape by quietly walking out from the sheriff's office.

Another sensation was rumored in the case of Bailiff Robert L. Willis, who is being held to be tried on a charge of murder. Lock met him at the depot and advised him that it would be in his best interest not to tarry in Columbus. He has not shown up, and when the Willis case is called today it was again continued. The instance has not been reported to the grand jury.

The reported conduct of the two bailiffs is being investigated.

WRIGHT PREDICTS END OF SALOON IN ATLANTA
Savannah, Ga., November 17.—(Special.)—"I venture the assertion that within thirty days the crusade against the saloon will be on in Atlanta, and it will only be a question of a short time until the crusade will be abated and the laws of this sovereign state upheld," declared Seaborn Wright in an address at the Savannah theater tonight. "The spirit of anarchy stalks at large," he continued. "It is time that every community in Georgia where the prohibitory laws are violated and urge the Christian people to take advantage of the opportunity which they have for putting a stop to the violations."

Of Interest to Auto Owners.
The Georgia Machinery Company, in the rear of 58 East Hunter street, has just installed the latest OXYGEN-ACETYLENE WELDING machine. We can repair broken articles made of all kinds of metals: Cast iron, wrought iron, steel, copper, brass, bronze, aluminum, etc. When the work is good and strong as when new. This is a great saving in cost and time, especially when the otherwise parts would have to be ordered from a distance.

We are also prepared to remove carbon from cylinders at a small price. This can be thoroughly done in a few minutes and very much improve the running of autos. In fact, they run like when new. Anyone interested is invited to call and see the plant.—(adv.)

PROHIBITION BEATEN IN ALLIANCE DEBATE

Advocates of prohibition were defeated in the debate held under the auspices of the public speaking department of the Jewish Educational alliance last night. The anti-prohibition debaters were Sam Eplian and Harry Rittenbaum, and their opponents were Frank Lefkoff and M. A. Cohen.

Proceeding the debate Sam Eplian was elected president of the debating club. M. Ginsberg, vice president; H. Rittenbaum, secretary; D. Gilstein, treasurer. The future work of the public speaking department was discussed by Leonard J. Grossman, H. Joseph Heyman, S. D. Frankel and M. Zabin. The attendance exceeded the capacity of the assembly room, and considerable interest was manifested in the announcement that arrangements are under way for several out-of-town debates as well as for a prize contest to be held on December 21, in the auditorium at the alliance.

Conspicuous Nose Pores

How to reduce them

Wring a cloth from very hot water, lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once when your nose feels sensitive. Then finish by rubbing the nose for a few minutes with a lump of ice.

Woodbury's Facial Soap cleanses the pores. This treatment with it strengthens the muscular fibres of the nose pores so that they can contract properly. But do not expect to change in a week a condition resulting from years of neglect. Use this treatment persistently. It will gradually reduce the enlarged pores until they are inconspicuous.

Get Woodbury's and try this treatment tonight. Try Woodbury's also for general toilet use. See what a delightful feeling it gives your skin.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

Souvenir Day at Nunnally's

In appropriate celebration of "Georgia Products" Day, a dainty souvenir box of Nunnally's Fine Candy will be given to each patron of our soda fountain today between ten a. m. and six p. m.

The reputation for quality which has made Nunnally's Candies famous has extended to our soda fountain beverages.

An impression prevails among a great many people that, owing to the expense of maintaining such exacting cleanliness and unusual service, our prices are higher than those charged at most fountains. We consider this a com-

pliment and appreciate the attention which these features have attracted; at the same time we feel that in justice to ourselves, we should publicly state that our prices are not higher than the average, notwithstanding the unusual quality and service offered.

Our Ice Cream is made of pure, rich, certified cream, fresh every day. A bountiful measure of this delicious Ice Cream, together with whipped cream and pure syrup flavors, go into every ice cream soda served at our fountain.

We serve Coca-Cola straight—just as it should be served—and will make it mild or strong to suit your taste.

Alabama and Georgia Colleges Settle Southern Championship On Local Gridiron Saturday

The football championship of the south rests with the states of Alabama and Georgia. The Alabama Polytechnic Institute at Auburn, Ala., and the University of Georgia, at Athens, Ga., will represent the rival states.

The game will be played in Atlanta. Whether it will be staged at Ponce de Leon or at Grant Field has not been decided as yet. Tech has tendered the teams the free use of her field and it is more than likely that they will settle the football supremacy there.

These eleven have eliminated all other contenders for the Southern Intercollegiate Athletic Association football title and enter this game, undefeated by a season.

Nineteenth Meeting.

This will be the nineteenth meeting between the two eleven, but the first time the meeting will decide the football championship of the S. I. A. A. Auburn has won of the previous meetings, Georgia 7, and 3 have resulted in ties.

If Georgia is able to win the game and the southern championship, the Auburn eleven will be tied with the Auburn eleven in the number of victories for a period of 21 years standing.

Georgia has never been champion. Auburn won the championship in 1908. This is her second chance at it.

There are many other little side issues that will attract considerable attention to the game, chief of which will be the backfield duel between Capt. McWhorter and Newell, recognized as the best halfbacks in the south this season and sure to be unanimous choices on all-southern eleven.

No Injuries.

As far as can be ascertained, Auburn came out of the game with Vanderbilt in excellent shape. The hard game wrought no havoc in their ranks other than the usual amount of bruises and stiffness.

Add to this the fact that Auburn will have "Babe" Taylor, their 100-pound end, in harness Saturday and the Alabama Poly will face the Red and Black with their strongest line-up of the season.

Georgia came out of the Tech game in good shape with the exception of Carey, who was tackled fiercely at one time during the game and forced to leave the day.

Four other players were hurt a trifle, but to no such extent that it will prevent their playing against Auburn and it is not definitely reported that Carey will be unable to play.

From present indications, both teams will present their strongest battle front with every man in condition for the game of the day.

Record Crowd.

A record crowd is sure to attend the game no matter where it is staged. Atlanta fans have had the opportunity of witnessing a championship football battle and they are sure to seize the opportunity.

The student bodies of the two schools will probably attend the game, with their bands and add to the din that is certain to be raised.

Auburn will be a trifle heavier and will probably be a very slight favorite, though the prevailing odds at the present writing seem to be even money.

All the details, such as ticket scale, selection of officials and field and other minor incidents will probably be decided and announced through the press today.

A Speedy High School Eleven

The Columbus Industrial High School football team, which has been playing good football this season. Some of these young stars will enter Tech in the near future.

Yellow Jackets' Condition Good; Practice Today

No practice was held yesterday as the man deciding to give the boys another day of rest to recuperate from the hard game with Georgia on Saturday.

Practices will be resumed today and will go on steadily for the Clemson game, the final battle of the season, which will be staged on Turkey Day.

With the exception of Cushman, every man on the team came out of the game in good shape.

An elbow dislocated and will probably be out of the game for the remainder of the season.

Johnson Back.

But Talley Johnson is in uniform again, and unless he is hurt in some of the scrimmages, will be back at the end of the season in the Clemson game, playing offensive end and defensive half.

This fellow is the best defensive man that the Jackets have had in ages and has been in the Auburn and Georgia game Tech supporters are confident that some of the runs in that game would have been stopped off short.

Johnson is an aggressive football player, a fierce tackler and a man that keeps his head from the start until the finish.

Tech is satisfied with the showing of the new line-up, and with the experience that they gained by being under fire in this game they are confident of being in great trim against the Tigers.

Clemson Strong.

Tech is not underestimating the Clemson game. The Tigers, according to reports brought to Atlanta by football men who have been keeping track of their progress, are showing a greater improvement than any team in the south.

Their showing in recent games is proof of such a statement and when they line up against the Jackets on Turkey Day, they will be at the top of their game.

But Tech will be more formidable also. Therefore it is a toss up.

DODGERS RELEASE MANAGER DAHLEN

Report That Fielder Jones Would Succeed Brooklyn Leader Is Denied—Name New Leader Thursday.

New York, November 17.—Manager William Dahlen, of the Brooklyn National League Baseball club, was today given his unconditional release by the club and he is negotiating with a minor league club. His successor will be announced next Thursday.

Reports have been current for several weeks that Manager Dahlen would be released. Fielder Jones, former manager of the Chicago Americans, has been prominently mentioned as the coming manager of the Brooklyn.

Jones Denies Report.

Portland, Oregon, November 17.—Fielder Jones denied today that he had negotiated with Brooklyn, although he admitted having had a talk with Charles Ebbets, president of the Brooklyn club, at the minor league meeting in Columbus.

"Ebbets made me no offer," said Jones. "You are too high-priced a man for me," was his comment and I told him I would not want to get back in the game unless I obtained a big contract."

All-Southern Team This Season Shows Power in Attack

By Dick Jenkinson.

With the end of the southern football season but ten days away, it is in order to take an all-southern aggregation, just to start an argument. Others will be chosen and the writer may be laughed at.

The team chosen below is heavy, fast and experienced and will show an attack that should surpass the attack of any of the all-star teams in the south in the past. It's defense should also be a superb one.

Best Eleven Possible.

In fact from every angle, with the possible exception of the kicking, this eleven would be able to hold its own with any team not only in this section, but in any part of the country.

Here it is:

ENDS—E. Brown (Vanderbilt), and Robinson (Auburn).

TACKLES—F. Brown (Vanderbilt), Turner (Georgia).

GUARDS—Thigpen and Pitts (Auburn).

CENTER—Morgan (Vanderbilt).

QUARTER—Paddock (Georgia).

HALFBACK—McWhorter (Georgia), Newell (Auburn).

FULLBACK—Harris (Auburn).

For subs we would offer, for the line, the new line-up of Georgia, and for the backfield, Sicks, of Vanderbilt.

One Shift.

Note that Pitts has been shifted from center to guard. This is by reason of our unwillingness to shove him off the team in place of Morgan. Pitts at center played as aggressive a game as any guard and better than any other guard in the south, with the exception of his teammate, Thigpen.

The line of this team would weigh close to 190 pounds average. The backfield would be light as a feather, but mighty speedy, great broken field runners and good plungers.

Unless some one is injured in the scrimmages this week, the Riverside eleven that lines up against Sewanee on Friday will be the same that tied G. M. C. on Saturday.

NEGRO FOOTBALL TITLE WILL BE SETTLED HERE

Morehouse college, of Atlanta, and Fisk University of Nashville, will stage a football game in Atlanta Friday afternoon at the former's campus starting at 2:30 o'clock.

This game will be for the colored football championship of the south. Morehouse defeated Fisk for the title last season and the latter is after revenge.

SEWANEE-KENTUCKY GAME IS CANCELLED

Nashville, Tenn., November 17.—Efforts to arrange a game for today between the University of the South and Central of Kentucky were unsuccessful, the latter being unable to go to Sewanee. Saturday's game was prevented by a railroad wreck.

Riverside Getting Ready For the Sewanee Military Academy Game Friday

Gainesville, Ga., November 17.—(Special.)—The Riverside Military Academy eleven is none the worse for wear for its last game with the Georgia Military College eleven at Atlanta on Saturday.

This game resulted in a tie 20 to 20, with the Riverside eleven morally a victory. But the locals are willing to play the Milledgeville eleven, again at some later date.

Riverside is now getting ready for the game here Friday with the Sewanee Military Academy. The eyes of the state are on the game, as it is said to be one of the best if not the best in the state of Tennessee. Riverside realizes that the eyes of the prep football world of Georgia will be focused on her in this game and she is going to endeavor to make good.

Unless some one is injured in the scrimmages this week, the Riverside eleven that lines up against Sewanee on Friday will be the same that tied G. M. C. on Saturday.

GOVERNOR STANTON NAMED TO GO TO WATERWAYS MEET

Governor Stanton yesterday named S. Guyton McLendon, of the railroad commission, a delegate to the National Deepwaterways convention, which is in session in Jacksonville this week, beginning today. The convention will continue its sittings until Thursday and many important matters are to come before it in view of the expected early opening of the Panama canal.

McLendon has been selected to deliver an address at the meeting.

Other delegates to the waterways convention were named by the governor some time ago.

ANNISTON WINS TOURNEY

Rome, Ga., November 17.—(Special.)—In the third of a series of golf tournaments between the Anniston Country Club and the Conasa Country club, Anniston won on its home links, by a net score of 13 up. There were ten in each team. By winning this match Anniston has taken two and Rome one. A fourth match will be played here this winter.

RICE PLANS CAMPAIGN FOR BIRD PROTECTION

Plans whereby the southern headquarters of the National Association of Audubon societies will be established in Atlanta are rapidly under negotiation. James Henry Rice, Jr., field secretary of the national association, was busily engaged Monday in calling on prominent Atlantans and interesting them in the work, and stated last Monday night that he is well pleased with the progress thus far made. A meeting will be called within a few days, at which a definite campaign for bird protection will be mapped out.

FEDERAL COURT IN ROME

The United States court for the northwestern division of the northern district of Georgia, Judge Newman presiding, opened yesterday morning in Rome for the trial of the case involving the criminal docket—all but one case charging violations of the Internal Revenue laws, Judge Newman, however, named by Colonel Howard Thompson, United States marshal for the northern district, John Steward, federal clerk of the federal court for the same district, with Stanton Henley, as his assistant, and Hon. Alexander J. Henley, district attorney, with John Henley, his first assistant, left Atlanta Monday morning in time to reach Rome for the regular court hour.

GEORGIA FEAST LAUDED BY PRESIDENT WILSON

Woodrow Wilson wants to be a member of the Georgia Producers' Commerce. This is what he indicated in a telegram to President Charles J. Davis. It is generally believed that Mr. Wilson will be elected a member by a unanimous vote. In preparation to the work of the organization.

The telegram from Washington was sent through Georgia Producers' Commerce, which is to be celebrated Tuesday, the twelfth annual meeting of the association slated for Atlanta. Curtis B. Johnson, of the Knoxville Sentinel, heads the committee named to arrange a plan looking to widespread publicity as to the entire south, the plan to be reported at the annual meeting.

GENERAL R. K. EVANS WILL RETURN TODAY

General R. K. Evans, commander of the department of the gulf, is due to return to Atlanta today, following a lengthy absence. Part of the time the commanding officer has been on inspection duty and the latter part of his stay was given over to a rest on his Mississippi plantation.

Lieutenant A. Evans, of the commanding officer, returned Saturday and Mrs. Evans will return Tuesday with General Evans.

CHINESE QUESTION SERIOUS IN PANAMA

Panama, November 17.—The Chinese question assumed a serious turn in the republic of Panama today. All the Chinese merchants who operate and retail in this city, in Colon and at points in the interior, numbering more than 1,500, acting according to a pre-arranged plan, closed their places of business after posting notices stating that the doors had been shut for the purpose of taking an inventory.

The demonstration was an effort to compel the Panama government to recede from its program relative to the new registration law. This law compels Chinese residents to take out new certificates of registration and pay an additional fee or tender themselves liable to deportation.

The closing of the small stores has already entailed considerable hardship on the poorer classes to whom the Chinese sell butter, lard, rice and other articles in small quantities valued as low as 2 1/2 cents—a trade the native merchant does not care to handle. Much annoyance has also been caused by the non-delivery of laundry. If the laundries are not re-opened within a reasonable time the police have been authorized to take action.

The Russian government today announced its decision to allow Chinese men to be issued to all provincial governments to proceed with the arrest of

IN THE EMPLOY OF ONE FIRM FOR 72 YEARS

Alexandria, Va., November 17.—In the employ of one firm continuously for 72 years was the record of Joseph F. Johnston, who died here today at the age of 83 years. Johnston went to work for a tannery establishment here when 11 years old. He remained with the concern and lived to see it pass under the control of several branches of the same family.

Arrested for Smuggling

Mobile, Ala., November 17.—Charged with smuggling Chinese into the United States through the port of Mobile, Thor Strom, second mate, and Mike Thomas, cook, on the Acrawie steamship Alm, were placed under arrest here by the United States marshal Sunday. May Chee, one of three men alleged to have been smuggled in, identified Strom and Thomas as the two men to whom he and two other Chinese men had paid \$200 each to bring them into this country from Mexico.

CAPTAIN F. M. COCHRAN PROMOTED TO MAJOR

Friends of Captain Franklin Miller Cochran, of the Fifth infantry, will be glad to know that he has been advanced to the rank of major in the adjutant general's department. The promotion was announced by Adjutant General Van Holt Nash yesterday.

Captain Sidney L. McCarty, chaplain of the Fifth infantry, has resigned. Captain McCarty lives at Thomasville.

The Why of Detroit

The supremacy of Automobile manufacturing in America is Detroit's by a big majority.

Millions of dollars pour into her coffers every year from this one industry.

Skilled workmen flock by thousands to the opportunities she offers.

The payrolls from her factories are making Detroit one of the richest of America's rich cities.

How did she do it? The answer is found in the attitude of Detroit's citizens toward Detroit's FIRST Auto factories.

Those Michigan folks were willing to be convinced that Detroit could make as good joy wagons as were made anywhere.

They talked them—they tried them—they bought them.

Now, it's not such a long jump from the things in which we like to ride to things in which we have to walk.

Shoe manufacturing is a new industry in this section. Atlanta is the pioneer.

We sell only made-in-Atlanta shoes for Men and Boys. You'll be proud of the style, quality and finish of them.

Our connection with this right-at-home factory gives us the most efficient fitting service in Atlanta.

We don't ask you to buy a pair of Atlanta-made shoes through patriotism; we would like you to come by and look them over. If you find just the style you like, try them on; if they fit perfectly, try them out. That's all.

CLEMSON SWAMPS MERCER ELEVEN

Tigers Roll Up a 52 to 0 Count on Baptists, Assuming Aggressive and Keeping Macon Eleven on Run.

Macon, Ga., November 17.—(Special.)—Clemson swamped Mercer today, 52 to 0. Mercer didn't have a chance. It was evident from the first of the game that Clemson was too strong, but Mercer fought gamely to the end.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it out to the bladder, where it often remains to irritate and inflame, causing a burning sensation, or acting up on irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse. In such cases, there is difficulty in voiding it.

The first half Mercer received the kick-off and rushed the ball straight down the field to Clemson's 5-yard line, but failed to carry it over.

Charles Green, a Central of Georgia passenger train porter, yesterday hid up and overpowered a negro who was hiding on the forward platform of the baggage car and will collect a reward of \$150. The prisoner was wanted in Early county to answer a murder charge. He was armed, but Green overpowered him.

Waycross Postmaster Sends in Resignation

Waycross, Ga., November 17.—(Special.)—Carrying out a prediction made a week ago, Postmaster Charles F. Murphy, who took office ten and a half years ago, today sent in his resignation, effective December 31, unless the post-office department sees fit to designate an earlier date.

First Vice President of State Chamber

Mr. Murphy's resignation was voluntary, and in his letter he states that he names December 31 because he feels that the usual holiday rush of business here would be handled with greater ease with an experienced man in charge than if a change were made at this season.

First Vice President of State Chamber

His position will be filled by Harvey C. Bunn, who is Congressman Walker's selection for the place.

TRAFFIC CONGESTION REPORT IS NOT READY

Council Will Probably Take Action on Proposed Ordinance at Next Meeting.

No action was taken by council yesterday afternoon on the proposed traffic ordinance, which was intended to regulate the parking of automobiles in the downtown streets.

Following general complaints from the merchants, and particularly from Chief W. B. Cummings, of the fire department, a committee was appointed by council and by the chamber of commerce to draft an ordinance to remedy the congestion. John W. Grant, of the chamber of commerce committee, and chairman of the joint committee, stated Monday that an agreement in regard to the terms of the ordinance had not been reached by the committeemen and that the ordinance would be redrafted and presented to the council at its next meeting. As at present proposed the ordinance would form a zone, taking in certain downtown streets, and in that zone no automobile would be allowed to remain for over 30 minutes at a time.

The ordinance was drafted by W. D. Ellis, Jr., assistant city attorney, but had not been agreed upon by all the members of the committee in time for it to go to council. The intention now is to redraft the ordinance and put it before a meeting of the committee for acceptance or rejection in time for the next meeting of council. Suggestion for clearing away the congestion of traffic in the downtown streets, where the condition is apparently growing worse each day, are also to be embodied in the new law, which has been generally urged by business men and all interested in local conditions. The two committees into whose hands the work of framing up an ordinance has been placed consist of the following: John W. Grant, W. H. Kiser and Forrest Adair, chamber of commerce committee; John S. Candler, A. R. Corbald and W. G. Humphrey, council committee.

JAPANESE PERSIMMONS GROWN IN ATLANTA

Japanese persimmons is the successful venture of Dr. George F. Payne on his young farm at Ponce de Leon and Bonaventure avenues. The first product was picked yesterday afternoon, three ripe, luscious persimmons that create moisture in the palate at sight. They are the size of normal tomatoes and are undoubtedly the largest ever grown in the city. The successful growth of this fruit in northern climate is considered phenomenal.

RACE QUESTION SHAKES EMPIRE

Colonies of Great Britain in Arms Against East Indians — Indians Resent by Striking in South Africa.

Durban, Natal, Union of South Africa, November 17.—East Indian residents of Natal today declared a general strike, which was accompanied by rioting and the burning of sugar plantations. The police force is insufficient to deal with the rioters, and white women and children are in a state of terror. Troops have been ordered to the disaffected districts. In Durban itself practically the whole East Indian community struck work and became so aggressive that a demand was made for the proclamation of martial law. In the country districts hundreds of acres of sugar cane were burned. The revolt of the East Indians was brought about by the exclusive laws which have been passed in Natal, hitherto been passive, but developed today into violent action.

London, November 17.—The question of the British East Indians again has reached an acute stage, nearly every dominion and colony to which these British subjects emigrate either barring them or have legislation which effectually prevents them from entering or remaining in those places. The imperial government, having to day in the government of the crown colonies than it has in that of the dominions, has taken steps to make the life of the East Indian in those colonies more bearable. A commission composed of a member of the British Indian government and an East Indian of industrial experience is now visiting the crown colonies to which indentured immigration is still permitted. The commission will make a thorough investigation into the conditions of employment of East Indians and generally into their position and treatment in those colonies.

In the dominions the imperial government, which would have East Indians treated as are other British subjects, is faced with exactly the same difficulty as the federal government at Washington has in connection with California's anti-Japanese legislation. The people of the dominions insist on having "white men's countries." Barred in Australasia. In Australasia, East Indians, like all other Asiatics, are being barred out under the operation of the new law which empowers the state governments to make the entry of immigrants conditional upon their ability to pass an examination in a European language. In New Zealand there is a similar nature is being prepared. It will be noticed that not English but "any European language" is the test. In South Africa to the many other disabilities imposed on East Indians another has been added—a denial of the high court. This declares that the wives, even if sole wives, are not wives before the law of the union if they have been made so under rites which are polygamous marriages.

In Canada, East Indians are still refused admission in spite of an arrangement which Lord Hardinge, viceroy of India, has reached with the Canadian government by which special permits are to be issued to East Indians desirous of visiting Canada. As in South Africa, East Indians who have acquired domiciliary rights in Canada are not allowed to bring their wives and children into the country. This Canada accomplishes by a provision in the immigration law, which requires that they shall reach Canada by an unbroken voyage from British India. As there is no direct steamship communication between the two countries, this provision cannot be met. British Columbia is further embarrassing the imperial government by threatening more legislation to keep out, not only British East Indians, but subjects of England's ally, Japan.

JUDGE FREES MAN TO SAVE A FAMILY FROM STARVATION

Because John T. Cornwell, of Fanin county, who was convicted in the United States court last Monday and sentenced to three months in the Fulton county jail and to pay \$100 fine, is needed at his home to keep his wife and children from starvation, Judge Newman issued an order suspending the entire penalty, provided Cornwell would go home and care for his family.

Cornwell had been indicted by a federal grand jury for violating internal revenue laws, and when Judge Newman passed sentence the prisoner declined to tell the court why sentence should not be passed upon him and went quietly to jail to serve out the three months. When Judge Newman reached home from Atlanta the latter part of last week he found on his desk a letter informing him that Cornwell's wife and children were in need.

Judge Newman gave the case a close consideration, and before leaving Atlanta for Rome Monday morning, issued an order suspending Cornwell's sentence.

\$200 IS STILL NEEDED TO SAVE BLIND SCHOOL

J. K. Orr, chairman of the campaign committee in charge of the work of raising the \$3,000 fund with which to raise the debt on the Institute for the Blind, declared late Monday night that there was still about \$200 needed to complete the fund.

"The afternoon papers were somewhat in error concerning the fund," declared Mr. Orr, "as we have not checked up the books and found when we do so, we will find some contributions that have been printed twice, thus making the fund less than announced."

"We shall take about two days yet to raising the fund, and we feel certain at the end of that time that we can report back to the general committee of the institute that their financial troubles are over temporarily, at least."

The fund was swelled on Monday by voluntary contributions from several out-of-town people. There were also several donations received from Atlanta business men. The "S. V. C." society vaudeville entertainment, which will be staged shortly at the Atlanta theater, will add to the fund. The money already raised and placed the blind institute on a firmer financial basis than ever before.

SWINDLER GETS \$11,000.

Local Sleuths Engaged on St. Petersburg Case.

Local sleuths were employed Monday afternoon by the Southern Express company to apprehend the clever crook who on last Saturday swindled the express company of \$11,000 from the St. Petersburg, Fla., office. During the busy period Saturday a well-dressed man, who was a traveling auditor of the company, walked into the St. Petersburg office and announced that he was there to check up. He was given the freedom of the office, and all the negotiable paper was turned over to him in order that he might make a full and complete report. He failed to return after lunch, and becoming suspicious the agent made an investigation, with the result that all of the negotiable paper, to the amount of \$11,000, was found to be missing.

The South has never before seen anything like the SOVEREIGN success because the South has never had another cigarette like SOVEREIGN. "Quality Tells."

In recent years many new cigarette brands have been failures in the South — because you cannot fool Southerners on quality.

A Southern smoker will not change his brand unless you show him something absolutely better. That's just what SOVEREIGN has done. Result—nearly 100,000,000 a month sales the 18th month on the market!

Southerners have found in SOVEREIGN better tobacco—their favorite Southern-grown, Old Belt, Virginia-North Carolina leaf—but smoother and mellow as the result of careful aging and blending.

Southerners have found in SOVEREIGN greater enjoyment—the cigarettes don't smoulder and "go out" between puffs, but burn evenly, because they are rolled in the most expensive cigarette paper ever imported from France.

SOVEREIGN sales are growing 10,000,000 a month—there's nothing half-hearted about Southern enthusiasm.

The California Limited

gives you three delightful sightseeing days in Southwest enchanted land

While California retains the romance of early Spanish days, yet it is truly modern. Here are great resort hotels, perfect auto roads and a summer ocean—to tempt the traveler away from winter. En route, stop off and visit the Grand Canyon of Arizona, the world's wonder.

The California Limited is an all-steel Pullman train, exclusively for first-class travel. Runs daily between Chicago, Kansas City, Los Angeles, San Diego, Oakland and San Francisco, with Pullman for Grand Canyon. Fred Harvey dining-car meals are served.

Four other Santa Fe trains to California. Three run daily; these carry standard Pullmans, tourist sleepers and chair cars; all classes of tickets honored.

The Santa Fe de-Luxe, between Chicago, Kansas City and Los Angeles, runs once a week in winter; America's finest train—"extra fast, extra fine, extra fare."

The only railroad under one management through to California; double-tracked half-way; safety block-signals "all the way."

"Unless God forgets the 'Hills of Habersham,' and the sun ceases to shine and the rain to fall, your investment in the Habersham Commercial Orchards will grow beyond the dreams of avarice."

IF you seek an investment safe as Government Bonds and many times as profitable, the facts set forth in this page will interest you. You have worked for your earnings; now put your earnings to work for you. They will make you independent, if you give them the right job.

Booklet Issued by the Clarkesville Board of Trade Says:

"Apples grow to perfection in Habersham County, Ga. One orchard near Clarkesville, only eleven years old, paid over \$1,000 in one year."

Secure Your Savings With Georgia Apple Lands And YOUR Money Will Work for YOU

THE "Hills of Habersham," famous in song and story, are fast becoming the "Apple Garden Spot" of the World

In many places mammoth apple trees two feet in diameter grow wild in the woods, the result perchance of stray apple seeds dropped by the lone traveler three-quarters of a century ago. NOWHERE ELSE IN CHRISTENDOM would they have lived and flourished; yet here they stand in the mountain fastnesses, living monuments to hidden treasures that await only the skillful hand of Modern Horticulture to be converted into wealth. Habersham county is 80 miles north of Atlanta. It is the center of one of the richest Apple sections on the globe, besides being magnificent in scenery, in health-giving ozone and pure cold water. Beautiful Tallulah Falls, "Georgia's Playground," fast becoming one of the most famous mountain summer resorts in the United States, is on the line between Habersham and Rabun counties.

THE HABERSHAM ORCHARD AND IMPROVEMENT COMPANY owns seventeen hundred and fourteen acres of choice land in the very heart of this great Apple region. The property is seven miles

from Clarkesville, eleven miles from Tallulah Falls and five miles from the far-famed Nacoochee Valley.

We are developing here a mammoth Apple Orchard of 600 acres. If you have faith in Georgia's resources, if you want to help *keep at home* a portion of the vast sums we contribute annually to the enrichment of the Apple growers of the Northwest, and, above all, if you want to invest your earnings, LARGE OR SMALL, where they are SURE TO MULTIPLY and yield you a handsome yearly income, we offer you a part, a partnership in the development of this GREAT COMMERCIAL ORCHARD. Unless God forgets the "Hills of Habersham," and the sun ceases to shine on them and the rain to fall, your investment in this enterprise will grow beyond the dreams of avarice.

The Apple Industry in Georgia is sure to become second only to Cotton, and that in an incredibly short time. It will bring millions of wealth into the state and do much to win for Georgia and the "New South" that commercial prestige to which they are entitled. It is certainly an unbusinesslike and thriftless policy for the South to continue to enrich other sections and pay freight for 2000 miles on enormous quantities of apples, WHEN NATURE HAS ENDOWED US WITH EVERY ADVANTAGE OVER THEM IN SOIL, CLIMATE AND NATURAL CONDITIONS.

You are secured by a profit-participating mortgage (6% guaranteed until the bearing period) on valuable Apple Lands worth NOW several times the amount invested, and increasing in value every time the sun sets. We have our own personal fortunes invested in this enterprise and your interests and ours are mutual. We can't protect ourselves without protecting YOU, the holder of the mortgage.

THE Trust Company of Georgia, one of the most conservative banking institutions in the State, has accepted the Trusteeship for the Bond-holders and holds a trust deed to the property in their interest.

Our Offer to Investors:

1 One of our First Mortgage Gold Bonds covers 30 trees of the finest Standard winter varieties. It cost \$200.00, or \$6.66 per tree and may be paid in cash or in monthly payments.

2 All payments, as made draw interest at 6 per cent (interest payable to you semi-annually, January 1st and July 1st) for four years from date of first payment, after which the Bond participates in the

earnings of the Orchard as follows:

- (a) The first earnings go to the Bond-holder until he gets 6 per cent on money invested.
- (b) The Company gets 20 per cent.
- (c) 20 cents per tree then goes to the sinking fund.
- (d) All the balance of the earnings go to the Bond-holder, in addition to the first 6 per cent.

In other words the Bond-holder gets 80 per cent of the net earnings of the Orchard and the Company 20 per cent, with the exception of 20 cents per tree which is set aside as a sinking fund.

3 At the end of 30 years from date of first payment, the Bond holder's original investment of \$6.66 per tree will be returned to him.

THE most conservative financier in Christendom would approve this security as *Gilt Edged*.

Invest monthly every dollar you can spare in this growing enterprise, and you will soon build up an independence that will be "high price" proof.

Don't allow your income to be limited to a monthly stipend or a Saturday night pay envelope. Saving is easy after you get the habit. PUT YOUR EARNINGS TO WORK.

HOMES ARE WANTED FOR 1,000 YOUTHS

Many Atlantans Have Already Volunteered to Take Care of Some of the Members of Boys' Corn Clubs.

Wanted—Atlanta homes for 1,000 Georgia Corn club boys for three days. Apply by letter or telephone to Atlanta Chamber of Commerce, giving name and address.

Atlanta last year took 700 corn club boys into their homes. More homes were offered than there were boys to fill them. This year more homes will be needed than last, as approximately 1,000 corn club boys are coming.

Governor John M. Slaton Monday expressed the hope that he would be able to be here both to entertain some of

the boys and also to give a special reception at the mansion.

"In all the speeches I have recently made in Georgia," Governor Slaton said, "I have never failed to commend the corn club work both for its educational value and its importance in increasing the productivity of the soil."

Wants to Entertain Them.

"I am exceedingly anxious not only to entertain some of the corn club boys in my home, as Mrs. Slaton and I have done the last two years, but also to give them a reception at the executive mansion, and if I can possibly get back from New York, where I go on business the latter part of this month, I shall do so. I shall certainly make every possible effort to be here."

Paul Campbell, head of the corn club and farm demonstration work in Georgia, representing the United States department of agriculture, while in the city said that on his recent visit to Washington the thing most commented upon was the action of Atlanta citizens in opening their homes to the corn club boys.

Voluntary offers.

Mrs. George C. Walters, of 650 Edgewood avenue, was the first to offer to take two of the boys this year into her home.

Other voluntary offers which have come to the chamber of commerce, in advance of the appeal for homes for the boys, are as follows:

L. B. Sanders, 339 North Boulevard, 2 Mrs. Thomas K. Henry, Myrtle street, 2 Mrs. Linton C. Hopkins, 121

East Fifth street, 2; Mrs. Mary M. Raoul, 708 Peachtree street, 2; Mrs. Cam D. Dorsey, 264 Prado, Ansley Park, 2; J. L. McCollum, 15 Peachtree place, 2; Mrs. H. W. White, 170 Gordon street, 2; Mrs. W. A. Parker, 434 North Boulevard, 2; Mrs. J. J. Spalding, Peachtree street, 2; Mrs. Anderson, Battle Hill, 2; Lee Hagan, 260 Ponce de Leon avenue, 2; Mrs. Mollie R. Wilkinson, 1052 Peachtree street, 2; J. N. Ragsdale, Oakland City, 8—total, 34.

More than 400 homes will be needed to take care of the corn club boys who are coming this year, and any who are willing to take are requested to notify the Atlanta Chamber of Commerce, telephone Main 796.

DAVIS NOMINATES SIX U. S. GAME WARDENS

Names Sent In by Mercer Lost in Shuffle and New Deal Is Asked For.

In response to a letter from Dr. T. S. Palmer, acting director of the biological laboratory of the department of agriculture at Washington, State Game Commissioner Charles C. Davis has nominated six men for appointment as federal game wardens. The names, which were sent to Washington, were as follows:

M. B. McKinnon, Brunswick G. R. Rossignol, Savannah, W. H. Lanier, Jr., Augusta, W. L. McKip, Athens, R. H. Grier, Columbus, an d Jesse W. Bates, Macon.

Just before relinquishing his office, former Commissioner Mercer sent the names of a number of men to Washington, but the appointments were held up, and Commissioner Davis was asked to furnish nominees. Two of the names named by Mr. Mercer were in other names later, as there will be more than six federal game wardens needed in Georgia.

Police to Enforce Law.

Mr. Davis has conceived the idea of enlisting the services of the county authorities in helping to enforce the game law. He has addressed a letter to the board of county commissioners of each county, asking them to permit the members of the county police to be sworn in as game wardens. He will also confer with Chief Deputy Smith of the Fulton board, with a view to having the members of the county police in the counties where they are deputy game wardens in those counties which have no county police systems. Mr. Davis will seek to have the sheriffs and their deputies assist in enforcing the law.

PRINTERS INTERESTED IN HOLTON INJUNCTION

Georgia printers evidenced considerable interest in the temporary restraining petition filed Monday by Mrs. E. L. Knowles against George W. Holton, formerly of Cincinnati but now of Atlanta, asking that Holton be restrained from carrying on the printing business here. Judge Fendler, before whom the order was argued, signed the temporary restraining petition and set the date for a hearing on the permanent injunction for next Saturday.

According to Mrs. Knowles Holton was engaged in business with her in Cincinnati when she bought him out. He signed a contract in which he agreed for a period of five years not to engage in the printing business in Atlanta, Nashville or Cincinnati. Recently, alleges Mrs. Knowles, Holton bought an interest in the Howard Printing company here, under his wife's name, and was later elected secretary and treasurer of the concern, which handles railway printing.

Mrs. Knowles came here to open up a business and found, so she says, Holton in business as Chairman. When she discovered this she immediately asked for temporary injunction.

ATLANTA NOW ENJOYS TRAIN TO NEW YORK

The "Atlanta Special" the Southern railway's new New York Atlanta train, started on its inaugural trip Monday, pulling out of the terminal station promptly at 11 o'clock. This is to be Atlanta's own train and will leave every day on time as will be made up here, and will wait on no connections. The "Atlanta Special" is a solid Pullman train, having Pullman sleeping cars between Atlanta and New York and observation parlor car between Atlanta and Greensboro, N. C. Sleeping cars between Charlotte and New York and Asheville and New York will also be handled on this "Dinner" cars operated between Atlanta and Greensboro and Washington and New York will serve all meals.

The "New York and New Orleans Limited" which takes the places of the four established New York Atlanta and New Orleans Limited, also made its initial run out of Atlanta on its new schedule Monday, leaving promptly at 11:50 a. m. and leaving at 12:30 p. m.

The establishment of these new trains gives the Southern railway four fast through trains to New York daily and affords Atlanta travelers the choice of leaving for the city at 11:00 a. m., 11:00 a. m., 12:05 p. m. or 2:45 p. m., as may suit their pleasure.

OVER 200 WILL TRAVEL ON "INDUSTRIAL TRAIN"

From acceptances returned to W. H. Leahy, secretary of the industrial bureau of the chamber of commerce, it is estimated that the number of people not seen in a city who have indicated their intention to come to the Georgia Industrial Special, which will visit the manufacturing plants around Atlanta next Friday, will have some 200 passengers at the very least.

Secretary Leahy is particularly elated over the fact that some manufacturers from out of town, who are interested in knowing what Atlanta amounts to as a manufacturing center, have indicated their intention to make the trip.

A number of Atlanta women will also be in the party, and special arrangements have been made for their comfort. The special will leave the Union passenger station at 9 o'clock in the morning and return at 5 o'clock. Dinner will be included in the round trip fare, and will be served at the Atlanta stove works. The train will travel over a number of interesting and will take in practically every manufacturing plant in and around Atlanta.

ATLANTA NURSE NAMED ON EXAMINING BOARD

Governor Slaton yesterday named Miss L. M. Johnson, of Savannah, and Mrs. Leach, of Atlanta, to places on the state examining board of trained nurses for terms of three years each beginning September 23, 1913. Mrs. Leach takes the place of Mrs. E. S. Tupman of Savannah, who retired. Mrs. Johnson is reappointed for an additional term of three years.

Hannemann in Bankruptcy.

Julius Hannemann, a large stock holder in the George Mau-Hannemann company, bakers, on Garnett street, near Whitehall, yesterday filed with Deputy Clerk of the federal district court, a voluntary petition in bankruptcy. Ten days ago an involuntary petition was filed with the bankruptcy department of the federal court by creditors of the George Mau-Hannemann company. It was shown that George Mau had retired from the company some time before the involuntary petition was filed. Mr. Hannemann lists liabilities aggregating \$113,000. The record of liabilities show Mr. Hannemann's full indebtedness, individually and as a member of the corporation. Describing his assets, \$30,000, the papers show they are in the stock of the George Mau-Hannemann company.

CONLEY'S TRIAL WAITS ON THE SUPREME COURT

Judge Hill Will Not Dispose of It Until Frank Case Is Settled.

Despite the assertion of William M. Smith, attorney for Jim Conley, that he would demand an early trial for the negro sweeper, whose testimony did most to convict Leo Frank of the murder of Mary Phagan, it was reported late Monday that Judge Ben Hill, of the criminal branch of the superior court, would not place the case for trial until after the retrial motion now before the supreme court was disposed of.

Judge Ben Hill is setting on his own initiative in the matter and his position is opposed to that of both counsel for the negro and Solicitor General Dorsey.

Solicitor General Dorsey wishes to dispose of the charges against Conley and have him sentenced and sent to the penitentiary.

On the other hand, while just as anxious for trial, Attorney Smith wants to have his man freed. Last week, Attorney Smith declared that there was no law on the Georgia statute under which his negro client could be tried. However, many learned attorneys have since pointed out several sections of the criminal law which apply over Conley's case.

Conley's trial, on charges of being an accessory after the fact in the Phagan murder, was supposed to come up on Monday. There was no mention of it made about the criminal branch of the superior court and according to attaches, Judge Hill himself passed over the case until he hears from the higher courts.

MISS ROBERTS TO GIVE LECTURE ON IMMIGRANTS

"The Immigrant in Our Midst" will be the subject of an address by Miss Emma Roberts, at the interdenominational meeting of the Home Mission society, at the First Presbyterian church, at 2:30 o'clock this afternoon. The meeting promises to be of exceptional interest, and an invitation is extended to all who wish to attend.

PASTORS INDORSE WORK OF PRESIDING ELDER

At the regular meeting of the Methodist preachers of Atlanta, held Monday morning, resolutions were adopted endorsing the work here of Presiding Elder W. P. Lovejoy and urging that he be returned to this district by the coming conference.

The testimonial was drawn up by

Revs. Charles O. Jones, S. R. Bell, Frank S. Hudson, C. V. Weathers, A. M. Hughtlett and H. M. DuBose.

The resolution endorsing Dr. Lovejoy was in part as follows:

He has gone in and out among us in

brotherly love and helpful co-operation, he has been aggressive in advancing the interest of Atlanta Methodism, especially in missions and local church extension, he has stood bravely in his place in interdenominational, social and civic work, he has pro-

noted a beautiful harmony among churches, preachers and laymen, and we believe that under his tactful and wise leadership Atlanta Methodism has made substantial advance during the last two years, and a high promise of greater achievement for the future.

SOUTHERN COTTON AND LIQUIDATION

These Were Causes of Decline in Cotton—Market Closed Steady, But at Net Loss—Spot Cotton Quiet.

New York, November 17.—The cotton market opened today under liquidation and southern selling. Trade buying was less active and the market seemed to be unsettled by a bearish view of outside conditions, such as the restriction of immigration, and reports of labor troubles threatening to spread in New England textile circles. Reports of increased spot selling in the cotton market suggested that part of the southern selling here was in the way of hedging, and rumors of full spinning returns for the last period may have encouraged local bears. CHILDLESS MARRIAGES DISCUSSED BY DOCTORS

Responsibility Placed by Dr. Dowling—Education Is Suggested for Parenthood.

Lexington, Ky., November 17.—Five hundred physicians and nurses are here for the first session of the Southern Medical Association's annual convention. Several other southern organizations interested in practical hygiene are to have meetings here during the association's convention.

The feature of today's session was an address by Dr. Oscar Dowling, of the Louisiana state board of health, who declared that 27 per cent of non-premeditated childless marriages and 15 per cent of sterility in married life was due to the husband's incapacity as a result of venereal infection.

Dr. Dowling suggested education for parenthood, restriction of marriage and prevention of reproduction by certain classes as a means of establishing higher ideals in American family life. He said that within the last decade many interested in the welfare of the child and youth have seen the folly of allowing girls and boys to grow up in ignorance of everything pertaining to reproduction and parental responsibility.

The Louisiana physician asserted that society's attitude of silence over everything pertaining to sex was passing and that a single standard of morality for men and women was becoming a practical principle. He urged that the physical body was increasing, and that the mind should be kept in line with the function of reproduction as a privilege there would be fewer to sell their inheritance for a mess of pottage.

South Needs Vital Statistics. The most important public need of the south today is reliable vital statistics, according to Dr. Cressy L. Wilbur, chief statistician of the census bureau, Washington, D. C. He was the principal speaker at a preliminary to the opening here tomorrow of the seventh annual convention of the Southern Medical Association. The conference this afternoon and tonight considered various important subjects, including the "relation of the negro to public health," the night subject, and hookworm, milk inspection, etc.

Dr. Wilbur commented on the progress made in southern states in recent years in the way of vital statistics legislation. He urged the importance of the selection of state registers, and that the comparative allowance of an independence of action permitted Sunday Ad appears on back of Society Section.

Clearing the Decks for Christmas

MONDAY, December 1st, starts the Xmas rush. Since it is just 10 short working days away, we must get ready. Warehouses and store houses are bursting with holiday goods clamoring to be shown. We must have room. Space, however, is at a premium. Already we have moved the trunks and baby carriages upstairs; given up the white goods section to leather goods; shunted the dress patterns to a corner. Other changes are anticipated. Holiday goods have the right of way. We must clear the Decks.

To this end, we inaugurate this sale wherever we offer

New and Desirable Merchandise to the extent of \$100,000 or more for about \$56,000

Every department in the house contributes to this sale. The appended items are typical of the bargains you will find throughout the store. Sale starts today with the opening of the doors; ends Saturday night at 6 o'clock.

HUERTA TO BE OFFERED CONTRACT TO LECTURE

S. Russell Bridges Going to Mexico City to Make Deal With the Dictator.

Washington, November 17.—(Special.)—S. Russell Bridges, president of the Southern Alkali and Lye Association, is expected to return to Mexico City today to secure a letter of introduction from President Wilson to Victoriano Huerta, whom he wishes to visit for a series of chautauque lectures.

While here Mr. Bridges closed contracts with the Mexican government for the sale of chautauque lectures. He is expected to return to Mexico City tomorrow to see Huerta and ascertain whether he will accept an engagement to deliver a series of lectures. I think this will help solve the present troubles in the republic to the south of us.

Murfreesboro, Tenn., who discussed "The Negro Problem With Health Boards," and Dr. H. D. Stewart, of Monroe, N. C.

Negro Doctor Barred.

Numerous others then discussed phases of the question, including P. D. Robinson, a negro doctor, who curtailed his remaining objection to his registration to hearing him, and whose observations were expunged from the record.

JACKSONVILLE GREET FRIENDS OF WATERWAYS

Jacksonville, Fla., November 17.—Formal greetings by local commercial organizations are tonight featuring the delegates to the Atlantic Deepwaterways' association's sixth annual convention. Several special trains have arrived in the city, bringing delegates from the north and east. The coastal steamship lines will also tomorrow deliver a quiet and comfortable service.

Palatka, Fla., November 17.—The sixth annual convention of the Mississippi to Atlantic Inland Waterways Association convened here this morning with hundreds of delegates and visitors from all over the United States. The United States senator from Florida, who is president of the association, was the principal speaker. Addresses of welcome were delivered on the part of the state, city of Palatka, Putnam county and the board of trustees of the meeting. An extensive session will adjourn Tuesday night, and the delegates will return to Jacksonville in a body, there to join hands with the Atlantic deepwaterways' association, which convenes in that city tomorrow.

TRIPLETS ARE NAMED FOR WOODROW WILSON

Washington, November 17.—(Special.)—An enthusiastic Woodrow Wilson supporter in Missouri has given each of his triplets part of the name of the president. The full appellation, Thomas Woodrow Wilson, is divided among Herbert Thomas Booker, Hubert Woodrow Booker and Hobart Wilson Booker.

WILSON'S AID IS ASKED FOR CONDEMNED WOMAN

New Haven, Conn., November 17.—The Fairhaven Women's Political Union sent a letter to President Wilson today requesting him to use his influence to save Mrs. Beattie J. Wakefield from hanging next March for the murder of her husband.

VETERAN OUTFIELDER SOLD TO GALVESTON

Memphis, Tenn., November 17.—Rudy Baerwald, for seven seasons the mainstay of the Memphis outfield, was released today to the Galveston club of the Texas league. Baerwald, 31 years old, former Atlanta star, is manager. First baseman Dunkle, of the Roanoke club, has been purchased to replace Captain Abstein.

Robbed Bank of \$100,000.

Pontiac, Mich., November 17.—Ralph E. Jossman, defaulting cashier of the First National State Bank of Pontiac, near here, was today sentenced to serve from seven to twenty years in the state prison at Jackson. Jossman had been taken for his own use more than \$100,000 of the bank's funds. The affairs of the bank are now in the hands of a receiver.

EARTHQUAKE TESTS PANAMA CANAL

Stability of Gatun Dam Proven by Shaking of Land Foundations.

The recent earthquakes at Panama have demonstrated conclusively the stability of Gatun Dam. Great structure that holds in check the waters of the Chagres river and forms the largest artificial world. Gatun Dam is nothing whatever a mill dam. It is not a high, straight wall of masonry by an artificial hill with a gentle slope, but a hardy, recognized as a dam at all by the world.

Gov. Glynn Fighting High Cost of Living

New York, November 17.—The high cost of living puzzle will be up for attempts at solution again this week at a conference arranged by Governor Martin H. Glynn, with the heads of the railroads over which most of the state's food supply is transported and with a number of economists. The conference will mark the state executive's first step toward the formation of a new legislative plan to reduce prices of foodstuffs in New York state.

Governor Glynn's interest has been aroused particularly by the New York members of the American commission which went abroad last June to attend the congress of the International Institute of Agriculture at Rome, and which also made a comprehensive study of food supply in Europe. The report of this commission is expected to be placed in advance at the disposal of Governor Glynn, will be presented to President Wilson and subsequently to congress, early in December.

A Happy Bald Headed Man

Well-Known Politician Nearly Bald Now Has Heavy Growth of Hair.

Tells How He Did It.

A western politician, well known on account of his baldness and ready wit, surprised his friends by appearing with a heavy growth of hair; many of his old friends did not know him and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the remarkable growth of my hair to the use of the following simple recipe which any lady or gentleman can mix at home: To a half pint of water add one-half ounce of the following simple recipe Compound and 1/2 oz. of glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store for a very little cost and mixed at home." (Adv.)
