leader of Onondaga county, had written asking them to meet Fowler at county democratic headquarters. They produced their checks, all payable to the order of Norman E. Mack. The contributions were made about the same day on which Seneca P. Hull, another up-state contractor, on whose testimony Fowler's indictment was based, made his contribution of \$250. All declared they would not have given the

Here are "front and rear views" of the Atlanta Chamber of Commerce industrial tourists, snapped by The Constitution's staff photographer Friday, when 200 business men found out some of the great things that Atlanta is doing. The "front" view shows the tourists just before entraining after inspecting the plant of the Armour fertilizer works. The "rear" view is of the crowd entering the yards of the Atlanta Steel works.

was made as the result of an energetic communication from Secretary of State Bryan to the British ambassador at Washington.

Sir Lionel Corden is said to have represented to his government that conditions were becoming so bad that fresh uprisings would be no surprise, and in event that they occurred, he doubted the ability of the American marines at Vera Cruz, even if so disposed, to afford proper protection. He then suggested sending a squadron, it is said.

Secretary Bryan, according to cablegrams reaching here, learned that the British ambassador to understand that the United States would regard the presence of a British squadron in Mexican waters undesirable, and as a result the order was changed to provide for one cruiser to proceed to Tampico or some other Gulf port.

**REAR ADMIRAL TOLD TO AID REFUGEES ON MEXICAN COAST**  
Washington, November 21.—After conferences today between Acting Secretary Roosevelt, Mr. Bryan, and the state department, Rear Admiral Fletcher was instructed to look after the safety of the refugees in the American consulate at Vera Cruz and, if necessary, to see them out of Mexican jurisdiction.

Some time ago Secretary Bryan directed the American embassy and the consular officers in Mexico to extend rights of asylum to Mexicans who appeared to be entitled to it, and the first demonstration of that purpose was the assistance rendered to General Felix Diaz.

It is understood that Admiral Fletcher will see the Madero party safely aboard a liner outside the Mexican waters.

**Punished by Teacher**  
**16-Year-Old Scholar**  
**Shoots Self Fatally**

Knoxville, Tenn., November 21.—Because his teacher refused to allow him to return to school after being sent home after a breach of discipline, Arthur Evans, 16, stepped outside the school building near Harbison today, and fatally shot himself through the head. Evans' father is a mine superintendent at Coalfield. Young Evans can live but a few hours.

**PLOT TO OVERTHROW PEKIN GOVERNMENT**

London, November 21.—A dispatch from Shanghai says the foreign authorities there have discovered documents which reveal a plot of wide ramifications to overthrow the Peikin government. The correspondent says the documents show that the revolutionists were promised the assistance of the troops stationed at Shanghai, Nanking and Hankow and in the Kiangyin and Wusung forts. Six of the plotters have been arrested.

**YOUNG CHILDREN SEE FATHER KILL MOTHER**

Kansas City, November 21.—Carl Beebe, a railway fireman, shot and killed his wife in his home in Kansas City, Kan., today. Two children, 5 and 2 years old, were in the room.

Mrs. Beebe brought suit for divorce last week alleging cruelty.

**GEORGIA TOWNS WIN R. R. RATE DECISION**

Washington, November 21.—Upon complaints upon the cities of Camilla, Sylva and Selma, Ga., that the Atlantic Coast Line and other railroads were discriminating in freight rates to the cities of the state, the Interstate Commerce commission ordered the roads to apply freight rates not discriminating.

**Dr. H. P. Howard Dies.**

Dallas, Texas, November 21.—Dr. Henry P. Howard, 52, medical director for the department of Texas, Confederate states of America, during the war here today. He was born in Washington, D. C., coming from the Maryland branch of the Howard family.

**Model School System.**

Washington, November 21.—Picturing the school system at Cary, Ind., as a model for the country, Representative Crosser, of Ohio, today introduced a resolution to have a house committee investigate it with a view to furnishing information to the country.

**Roy Cavender.**

Roy Cavender, aged 3 months, son of Mr. and Mrs. L. C. Cavender, 220 Echo street, died last night at Grady hospital. The body was removed to Bloomfield's undertaking establishment and the funeral will be held from there this afternoon at 2 o'clock. Interment will be in West View.

**Teddy Off for Chili.**

Mendoza, Argentina, November 21.—Colonel Theodore Roosevelt left here today for Santiago, Chile.

## DRASTIC TRAFFIC RULES ARE MADE

left in front of the entrance to office buildings, theaters, hotels, department stores and other entrances to places of congestion for any time longer than is sufficient to deliver occupants or goods intended for such building and the driver in charge of such vehicle shall move up promptly to permit others to arrive for like purposes.

Rule 5.—When a street car stops to take on or let off passengers all vehicles going in the same direction shall come to a full stop and not pass such car while standing, for such purpose.

Rule 6.—The word "vehicle" as used here-in shall include equestrians, led horses and everything on wheels or runners, except street cars and baby carriages.

Rule 7.—Drivers of vehicles and street cars shall at all times comply with any direction by voice, hand or whistle of any member of the police force as to placing, stopping, starting, approaching or departing from any place, the manner of taking up or setting down passengers, loading or unloading goods in any place.

Rule 8.—Drivers of vehicles and street cars must exercise all possible care not to injure pedestrians crossing the street. Pedestrians must not step from the sidewalk to the roadway without looking to see what is approaching, and they should not needlessly interfere with the passage of vehicles or street cars. Pedestrians shall cross a street at right angles, at a regular crossing, and shall at all times be under the control of a member of police force as to crossing a street.

Rule 9.—Before slowing up or stopping all drivers shall signal to those behind by extending the whip or hand horizontally, in turning while in motion, or starting to turn from standstill, a signal shall be given by indicating with the hand or whip horizontally the direction in which turn is to be made. Before turning ample warning shall be given and unceasing vigilance exercised not to injure those behind.

Rule 10.—One blast of a police whistle indicates that east and west traffic must stop and that north and south traffic may proceed. Two blasts that north and south traffic shall stop, and east and west traffic may proceed. Three blasts or more is a signal of alarm, and indicates approaching danger.

**Stop on Either Side.**

Rule 11.—Police, fire department, traffic emergency repair, United States mail and ambulances, when answering a call shall have the right-of-way in any street or through any procession. The driver of any vehicle on the approach of any fire apparatus shall immediately draw up and stop, and shall remain stopped until the fire apparatus has passed.

Rule 12.—The driver of a street car shall immediately stop his car and keep it stationary upon the approach of any fire apparatus. Street cars shall have the right-of-way between cross streets over all other vehicles. The driver of any vehicle proceeding upon the track in front of a car shall turn out upon signal and remain stopped until the street car has passed.

Rule 13.—No vehicle shall proceed at any time at a greater speed than the law allows, and which is safe and prudent under the conditions then obtaining.

Rule 14.—No vehicle shall proceed at any time at a greater speed than the law allows, and which is safe and prudent under the conditions then obtaining. No vehicle shall emerge from an alley, walk, or garage at a pace faster than a walk. On all thoroughfares heavy and slow moving vehicles shall, as far as conditions permit, keep to the right near the curb in order to allow rapid moving and lighter traffic to proceed unimpeded.

Rule 15.—No one shall drive a vehicle that is in such condition as to be a hazard to the public, or which is so loaded as to be a hazard to the public, or which is so loaded as to be a hazard to the public, or which is so loaded as to be a hazard to the public.

## Every One of These Specials Flies Straight Over The Goal and Scores

As this great "squad" of special offerings "lines up" ready for action today, they will "sweep the field," for every one of them is good enough to make a "touch-down" in the public's estimation.

## The Last Saturday of the Special Thanksgiving Sales

Already the holiday stir is in this store. People getting ready for Thanksgiving and making Christmas plans. There are reasons why there will be an unusual stir and rush today, the special pricing of women's and children's apparel, etc.

### Only Four Shopping Days Before Thanksgiving.

Our alteration department is large and well equipped, but after all it is limited, so if you want to wear a new and becoming suit on Thanksgiving, it would be wise to select it today, that it may be properly altered.

This would mean satisfaction to you—therefore to us.

### Special Pricing of Women's Shoes

We have selected from regular stock three popular shoes for women, which we are going to sell at considerably less than the regular price today.

For instance:  
Black Satin Button Boots with black whipcord silk top—our regular \$4 Boots, at \$3.15 pair.

Very dressy Button Boots, patent leather vamps, with dull mat or satin tops; our regular \$5 Boots, at \$3.85 pair.

## A Regular Feast Day in the Downstairs Section---This Last Saturday of the Special Thanksgiving Sales

### Such Coats as These Are Rare at \$7.50

They are \$10 Coats.

You will agree with us, they are the best Coats we have ever offered at so low a price. The very latest styles, and of the most popular materials, astrakhan cloths and chin-chillas; taupe, brown, navy and black; smart, short lengths or full length—some plush collar, cuffs and large buttons, others have collar and cuffs of same material. They are new, stylish, \$10 Coats, priced for today at

\$7.50 Each

### Dolls! Reception Day

Dolls! It's a magic word, isn't it?

Other toys come and go—wonderful mechanical inventions delight while their novelty lasts, but the doll remains supreme.

From the time the first wee girly—as Kipling would say—cuddled a roughly carved block in her arms, to the lifelike bisque babies of today, the doll has been the one toy that satisfies entirely the mother-heart of a child.

And it would take a much less vivid imagination than that of a child to think of these lovely dolls as real.

And listen—dolls flirt! Truly, for they move their eyes in the most roguish fashion, for you must remember there are boys and girls among these cunning character Dolls dressed in gay or quaint costumes.

There are beautiful undressed Dolls at all prices, beginning with small sizes at 25c, on up to stately ladies at \$10.

The Dolls hold their first reception today, in their new home—the downstairs section—and we suspect that grown-ups, as well as children, would like to come.

Special for the opening day are—large, beautiful Dolls—21 inches high—jointed—pretty, curly wigs that can be combed—they go to sleep if you want them to; they have lifelike expressions, and you may choose blondes or brunettes—priced at \$1.

### A Feature of Special Importance \$6.75 for Women's \$12.50 and \$15 Suits.

Practical minded women will not be slow to take advantage of this opportunity to buy a good suit at less than half price.

One of the most extraordinary values our downstairs store has ever offered.

Suits priced at half, and less than half their regular value.

There are scores of good styles to select from; cutaway coats, some with velvet or novelty silk collar; all well tailored and lined;

## ALABAMA TAX RETURNS SHOW BIG INCREASE

States Income Will Be Nearly \$50,000 Bigger This Year.

Montgomery, Ala., November 21.—(Special.)—Taxable property for the year 1913 in Alabama is assessed at \$580,588,813, an increase of \$13,781,235 over the preceding year. The assessments will bring in revenue of \$2,773,327.25 to the state, or \$38,578.60 on the raises made in the assessments. Examiner J. T. Gorman shows these figures and many more in a report he filed with the governor late yesterday afternoon on the state tax commission for the fiscal year ending September 30.

In addition to the raises already made in the assessment for 1913, says the report, a number of raises, aggregating several millions of dollars, have been made before the commission for adjusting the commission for the year ending September 30. The raises are settled the assessment for 1913 will be increased several millions of dollars more.

"For the work of the commission in 1913 the state will receive at least \$100,000 additional taxes."

"The commission has also been instrumental in collecting \$48,733.12 in delinquent taxes for the year 1913, and \$22,971.73 for the respective counties."

The report shows that since 1910, the assessments of taxable property in Alabama have been increased \$72,029,197 by the tax commission, and upon this increase the state has received \$463,131.28. During the same three years, the commission collected \$250,443.30 for the state. Most of this money, the examiner states, both taxes and licenses, have been collected from corporations.

"For every dollar it has cost the state," he report says, "the commission has made the state \$10, and the county has collected several hundred thousand dollars, taxes and licenses, without any cost whatever."

While there has been much criticism of the commission law and some antagonism to its enforcement, it has accomplished much good, and without some such agency, or instrumentality, it would be very difficult to obtain a fair and just adjustment and equalization of taxes in Alabama.

The examiner reported that the expenses of the tax commission during the fiscal year were \$22,936.90, of which \$10,200 was for salaries of the three commissioners and the secretary. The books of the commission were found correct.

## THE FREE CONCERTS WILL BE RESUMED SUNDAY AFTERNOON

The free organ concerts are to be resumed this Sunday. The organist for Sunday afternoon is Hugo Phillips Goodwin, a noted Chicago musician who has been from a year in Paris where he was associated in study with the greatest of modern organ masters, Victor.

It will be recalled that after William E. Zouch was chosen as a successor to the late Mr. Zouch, and after a breakdown which rendered it necessary for him to withdraw from the appointment, the Municipal association, therefore, is planning to make another choice, and Mr. Goodwin is in the city as a candidate.

## SHORTER HOURS URGED FOR RETAIL GROCERS

At a meeting at chamber of commerce hall Thursday night, plans were adopted looking to shorter hours for retail grocers and butchers and their employees.

Harry L. Schlesinger, in a short but very interesting speech made it clear to his hearers that fewer hours and more heart interest from the employee is of greater value than longer hours with weariness and listlessness on their part.

Francis E. Kamper, O. T. Camp, J. C. Ratney, B. G. Gardner, S. O. King, J. J. Evans and M. F. Boisclair all made short talks on their experience with employees, proving by such experience that shorter hours will be of benefit, not only to employer and employee, but to the housekeeper in the make-up and delivery of the goods.

It is earnestly desired that the grocers and butchers will attend a general meeting to be held in December, this meeting will launch plans for a big battle to be waged in January, 1914, which all retail grocers and butchers and their employees will be invited.

## CHARGE OF PREJUDICE AGAINST MURFF JURORS

Great Crowd at Trial of Girl Charged With Killing Lover.

Crowley, La., November 21.—Another sensation helped to intensify the feeling in the murder trial of Dora Murff today when the prosecution charged that Michael Muller, one of the jurors, was prejudiced. The district attorney said he had witnesses to prove that two days before Murff was accepted as a juror that he said he never could convict a person under like circumstances. The defense will fight the new phase of the case and a trial was postponed until Saturday morning.

Judge William Campbell late yesterday added an air of mystery to the proceedings when he suddenly adjourned court for reasons he said he would not divulge. People crowded into the courtroom this morning and heard the reason when the charge against Muller was made. A coincidence in the Muller feature is that Muller's father was shot and his slayer was acquitted.

Eighteen-year-old Dora Murff is charged jointly with her half brother, Allie Duval, and her stepfather, James Duval, with killing J. M. Delehaye, who had been attentive to her. The girl says she shot him but the state will try to place the blame directly upon James Duval.

## Georgia Products Day To Be Made Statewide Holiday, Present Plan

Make Georgia Products day a state holiday and annually observe the occasion with banquets, parades and other means which will impress upon the people of Georgia the wonderful resources of the state, is the idea advanced by a number of prominent Georgians.

President Wilmer L. Moore, of the Atlanta Chamber of Commerce, and Robert F. Maddox, former president and both impressed with the idea and may take it up to work out the details.

The day is now being known as "Georgia Products Day," and to make this day a state holiday, Georgia products would be made a public to what their state has. On that day also the various observances in the form of parades and dinners would be held.

## RULES FOR ASSESSING PANAMA CANAL TOLLS

Washington, November 21.—Rules proposed for assessing tolls on ships in the Panama canal, were issued today in a proclamation signed by President Wilson. They strictly define the cargo capacity of various types of shipping and in general are more stringent than the rules of the Suez canal. In some respects they are more stringent than the rules of the Suez canal. In some respects they are more stringent than the rules of the Suez canal.

## AMERICAN EXPORTS BREAK ALL RECORDS

Washington, November 21.—Experts of the department of commerce compared today American exports for the year ending next month with all records. Exact figures are available for only nine months of the year, but the statisticians declare the value of manufactures sent abroad over the last year will be fully \$100,000,000.

Automobiles and railway coaches are among articles showing a great advance in popularity. The growth of the trade is especially evident, the experts add, in Canada, South America and certain European countries.

**NO BIG WEDDING CAKE  
AT WILSON NUPRIALS**

Washington, November 21.—Anyone supposing the white house will resemble a huge shop during the next few days will be disappointed, because hundreds of letters pouring into the executive offices asking for a piece of the cake indicated the widespread impression that it would be an extravagant exhibition of baking. To comply with the requests, white house officials would have to get a hundred cakes.

## IN DEBT, OUT OF WORK, HE COMMITS SUICIDE

Some Friends Think Love Affair May Have Also Figured in Powell's Death.

Because of increasing indebtedness and his inability to find employment, Norman Powell, aged 28 years, of Gordon, Ga., committed suicide Friday morning at 11 o'clock in his rooming house, 27 West Harris street, by firing a pistol ball into his head directly behind the right ear. Death was almost instantaneous.

Mrs. Carlton Brooks, the daughter of Mrs. William Fulk, who operates the boarding house, was in the room at the time of the tragedy. The weapon used by Powell is the property of Mr. Brooks.

Mrs. Fulk stated that she was unaware of any love affair which might have caused the act, but the number of the suicide's acquaintances told of a girl named "Lucille," of whom he often spoke, and a number of letters testifying with endearing expressions signed with this name, were found by the police to substantiate this testimony.

The story of this death, as related to the police by Mrs. Brooks, is as follows:

"I was standing with my back to him, when he turned and saw me. He was holding a revolver belonging to my husband. I asked him what he was doing with it and he replied that he just felt nervous, and I turned back to the fire."

"I immediately heard him mutter 'I guess I'll wipe the slate clean now,' and a second later I was horrified to hear a shot."

"I rushed in time to see him fall on the bed, and then I began to scream. Two minutes later he was dead."

Mrs. Fulk stated that she liked Powell very much, and that she had endeavored to treat him as one of the family. She does not believe that his death was the result of brooding over a love affair.

"He was a nice boy and just like one of the family," said Mrs. Fulk. "He used to work in a drug store on Luckie street, but lost his job some time ago and has been unable to find another. He pawned his watch, and when we found that out, we gave him money with which to redeem it. That's how much we thought of him."

**His Family Well Known.**

The Gordon hotel at Gordon, Ga., is conducted by Powell's parents, and an uncle is an officer in the People's bank of the same city.

One of the pathetic circumstances of his death is the finding of a letter on a postcard received from his mother two hours before his end. It read:

"I am glad that you are having a good time in Atlanta. Be sure and be the good boy that you always have been, and come to see us again soon. All of us are well. Lovingly, 'Mother.'"

A coroner's inquest held over his body Saturday afternoon at 1 o'clock resulted in a verdict of suicide. Funeral arrangements will be announced later.

## New Passenger Depots Adorn Walls of State Railroad Commission

A new sort of picture gallery has been installed by the railroad commission. This is made up of pictures of the new railroad stations that are being built in various parts of the state under the orders of the commission. The pictures are hung on the walls of the commission's meeting room, where they may be inspected by all who have business with the commission. Among those which have already been installed are the depots at Farmington, Fayetteville, Newnan, Barbersville and the Central station at Cedartown. Judging by the pictures, the nearest and most attractive depot to be built lately is that at Barnesville.

## SANFORD COLLIER SUIT MAY REACH JURY TODAY

The suit of Sanford G. Collier against his two brothers, George W., and John W., may reach the jury this morning. The hearing began today in the city of Judge Ellis, who is hearing the litigation. Sanford Collier alleges that by fraud he was forced to sell his tenth interest in his father's estate for much less than its value.

## CHALKED "VOTES FOR WOMEN" ON WALKS

Washington, November 21.—Miss Lucy Burns paid a fine of one dollar in police court today for chalking the white house sidewalks with "votes for women."

The judge proposed to release Miss Burns on her personal bond not to repeat the offense which is a violation of the city ordinance.

"I want this thing settled and over with," said Miss Burns, as the court made it a dollar and she left the center of admiration of her suffragette sisters.

**PISTOL TOLER IS GIVEN  
14 YEARS IN SING SING**

New York, November 21.—For carrying a pistol in violation of the Sullivan law, Antonio Concha, an east side gunman, was sentenced today to fourteen years' imprisonment in Sing Sing.

## COMMITTEE COMPLETES PROBE OF CHARITIES

A final meeting of the chamber of commerce probing committee which is looking into the conduct of the Associated Charities was held late Friday afternoon in the offices of the secretary of the benevolent organization in the Gould building.

The meeting was marked by a review of the books of the company, a scanning of the expenditures during the past fiscal year and a general discussion of the method of handling charity cases brought to the attention of the Associated Charities.

The probing committee will make its report sometime during the next week to the chamber of commerce officers.

## Negro Indicted for Murder.

The grand jury held a short session Friday and handed down a score of indictments. There were no prominent cases reported. Only one murder

case was gone over by the probers and a bill was returned against William Hastings, a negro, for the murder of another negro.

## MUNICIPAL COURT GETS TEMPORARY QUARTERS

The new municipal court of Atlanta has established temporary offices in the old city hall, on Pryor street. Clerk Miller is in charge of the office, and is busy buying supplies for the new tribunal which is scheduled to get down to business on the first of January.

At the meeting on Thursday of the rules committee of the new court, the members of which were appointed recently by Colonel Reuben Arnold, president of the Atlanta Bar association, the committee could not finally pass on a single rule to be used by the judges of the new court, and adjourned to meet again next week.

# DENNY AND SMITH HAVE WORDY TILT

## Friday's Sessions of North Georgia Conference Marked by Number of Thrills and Sensations.

Elberton, Ga., November 21. (Special.)—Today in the North Georgia conference, which is now in session here, was one of thrills and sensations in several instances. Bishop Candler, of Atlanta, who was here for the first time, presided over the conference, and announced his resignation as president of the conference, which was unanimously accepted.

Later a sensational tilt occurred between Bishop Collins Denny and Professor Rembert G. Smith, of Emory college, regarding the time at which a resolution should be adopted for discussion, and the election of delegates to the general conference.

The final session of the day was the anniversary of the Asbury Mounting Brotherhood, whose purpose is to remount any preacher member of the conference who has died during the year. This anniversary occasion is always made an occasion of great merriment, and is looked forward to with much interest by the members of the conference.

**Missionary Rally Day.**  
Sunday, November 23, is Missionary Rally Day in the various churches of the Georgia conference. The Georgia conference society will have charge of many services during that day, and the churches are urged to vote to women's work.

# McCOMBS SEES FINISH OF PROGRESSIVE PARTY

## Says Republicans Will Be Chief Contenders Against Democrats in 1916.

Washington, November 21.—William F. McCombs, chairman of the Democratic national committee, after a conference today with President Wilson, announced that he believed the republican party would be the chief contender with the democratic party for the presidency in 1916.

"The recent elections," said Mr. McCombs, "have served to strengthen a conviction I have had since the last national election that much of the progressive party would be absorbed either by the democratic or republican parties, and that the next national political conflict would find the republican party the principal opponent of the democrats."

Mr. McCombs and the president discussed the general political situation for more than an hour, after which the national chairman asserted, was not brought up in any way. Before calling on the president, Mr. McCombs conferred with Representative Doremus, of Michigan, chairman of the democratic congressional campaign committee, regarding plans for more active co-operation between the congressional and national committees.

# BATTLE BETWEEN LIFE AND DEATH

## Ridgely Lady Tells of Her Fierce Struggle and How She Finally Won.

Ridgely, Tenn.—"If it had not been for Cardui, the woman's tonic," says Mrs. Jennie Estes, of this town, I honestly believe I would have been in my grave today. Therefore, I want to say something good for Cardui, but I can't begin to say enough.

I was sick abed with womanly troubles, from February until October, and was in very bad condition. I was treated three or four times a week, but it did me no good.

I battled between life and death, and my husband thought surely I would die.

One day, I thought I would give Cardui, the woman's tonic, a trial. I had no confidence in it, at all, but bought a bottle. In a few days, I was up and doing my housework. Now, I have gained 15 pounds and feel as well as I ever felt in my life.

I advise all sick and suffering women to try Cardui. It cured me when all other medicines failed.

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headaches, backache, pains in arm, side or limbs, or any other symptoms of womanly trouble, you are urged to try Cardui, the woman's tonic. We think it will help you.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for special instructions, and a large bottle, home remedy, for women, sent in plain wrapper, on request.

# SOUTHERN FOOTBALL TITLE AT STAKE

Edited By  
**DICK JEMISON**

Auburn and Georgia battle here today for the southern football title. Harvard and Yale battle in Cambridge for the eastern football title.

## Georgia and Auburn Settle S. I. A. A. Football Championship at Poncey Today

### Georgia Is in Prime Condition—Upset of Dope Last Year Makes Red and Black Supporters Hopeful.

By Dick Jemison.

The football championship of the Southern Intercollegiate Athletic association will be settled today, and as is proper, the game will be played on an Atlanta gridiron, the only logical place to play any championship event.

The contesting elevens, the University of Georgia and the Alabama Polytechnic institute (Auburn) are the only undefeated teams in the Southern Intercollegiate Athletic association this season.

Seventeen years ago these two teams met under the same conditions, and the University of Georgia team, coached by Glenn Warner, now famous as coach of the Carlisle Indians, won the title.

### Each Has Won Title.

Auburn won the Southern Intercollegiate football championship in 1903. Georgia won it in 1896. The game today, therefore, will not only settle an old rivalry between the two schools and settle the football championship of the Southern Intercollegiate Athletic association, but it will settle the question as to which team will win an S. I. A. A. title twice.

There is always the possibility of a tie. But eliminating that possibility, the three things mentioned above will be definitely decided by today's setting sun.

The interest in today's game is the greatest that has ever attended a football game in the South. Locally it is a fitting climax to the most successful season of football games ever staged in Atlanta.

Ten thousand fans attended the Georgia-Tech game at Grant field last Saturday afternoon. At least that many, and probably half as many again, are on hand for the great contest this afternoon.

### Student Bodies Coming.

The rival student bodies are coming to the game en masse, headed by their famous football teams. They are prepared to make the walking ring with their college cheers.

The Athens contingent leaves Athens this morning at 8 o'clock, and will arrive in Atlanta shortly before noon today. A special train will take the Georgia team, their band, their student body and hundreds of Athens football fans.

The Auburn delegation will arrive about the same time. They will not be so numerous, perhaps, but they are coming about 500 strong, with all the noise-making implements that man has invented.

The Auburn eleven arrived in Atlanta at 8 o'clock last night, and have headquarters at the Georgia Hotel. The Georgia team upon arrival this morning will make their headquarters at the Georgia Hotel.

### Auburn Favorite.

Auburn rules as the favorite. She has ruled as the favorite for some time. All the "experts" are picking her to win. A special train will take the Auburn team, their band, their student body and hundreds of Auburn football fans.

The Auburn delegation will arrive about the same time. They will not be so numerous, perhaps, but they are coming about 500 strong, with all the noise-making implements that man has invented.

### Auburn and Georgia Elevens at Atlanta.

Manager Homer George of Theater Will Have Football Teams as His Guests.

The Auburn and Georgia football teams will be the guests of Manager Homer George of the Atlanta theater tonight. They will occupy the boxes. Tonight is the annual "football night" at the Atlanta theater and football men from all over the South, supporters of both teams, and football fans will be on hand.

The rival elevens will occupy opposite boxes and between acts there is sure to be some good old fashioned cheering that makes the hearts of the fans glad.

The attraction at the theater tonight is the Eugene Walter dramatization of "The Trail of the Lonesome Pine," with Miss Isabelle Lowe in the title role.

### Gaffney Heads Doves.

Boston, November 21.—James E. Gaffney, of New York, who has been president of the Boston National league baseball club today. Plans for the removal of the grounds to another part of the city have been abandoned.

with Georgia's showing against the same team at Grant field last Saturday, the better rounded machine. But the Tech game is hardly one that can be used to show the relative strength of the two elevens. Neither played its best football.

### Auburn Heavier.

Auburn will enter the game with a heavier and stronger eleven. The advantage in weight, especially in the line, is said to be the reason for the majority of the experts naming the Auburn team to win the title.

There is one decided point. In the Tech game, Auburn showed the better endurance. They made their points towards the latter part of the game. Georgia, on the other hand, seemed to weaken towards the end.

This looks like Georgia was not in the best of condition for a grueling battle. This should help Georgia, however, as the coaches have had a week instead of holding back on the chance of their going stale.

The Auburn team, on the tip-top of their game. One can gamble on such a condition. It, therefore, remains to be seen which of the two elevens will be the better team to throw away all previous showings this year and play it as an even game when they meet at Poncey de Leon.

### A Comparison.

Auburn will have the better line of

### Auburn the Heavier, Rules the Favorite in Advance of Game—Odds Are Only Slight, However.

forwards from tackle to tackle. The odds are about a standoff. In the backfield the Georgia quartet should rank higher than their Auburn opponents.

What ought to happen in this game probably never will. The two elevens will be keyed to their highest concert pitch and will be battling with a desperation. The least little slip may undo all the good efforts of a preceding ten minutes of play. Then again, both may play brilliant football with the same always in doubt.

Any team that has to face a team with Hob McWhorter in the backfield has a job on its hands, regardless of the dope that may point the other way. So, there you are.

### Their Last Games.

Captain Bob McWhorter, of Georgia, and Captain Kirk Newell, of Auburn, are playing the last football games of their careers. They are marked men. Will they star?

Under these conditions, despite the fact that the opposing elevens will be laying for them, it is our candid opinion that both Newell and McWhorter are going to make the gray-haired banker an alumnus of one of the schools forget his dignity.

The two men are entirely different types. Newell is on the speed of a rabbit, and good side-stepping and dodging to get away. McWhorter, not so fast as Newell, dodges and dodges as well and has the power to shake off tackler after tackler.

These two men are certain to be given the very best of protection by the rival elevens. Their men are going to endeavor to give them every opportunity to run with the ball. The interference that will be furnished them will be very high impenetrable by an opposing tackler.

Some have the dope and we had it too, that McWhorter and Newell would not star, but after thinking the matter over carefully, it is our candid opinion that these two football heroes will be heroes tonight. One will be a greater hero than the other. We will know the answer if yourself. We've lost our nerve.

### Other Stars.

Auburn will flash to the gaze of the Atlanta football public four fullbacks of equal ability. Hart, Christopher, Biles and Harris. This will give Auburn in her line smashing attack an advantage at first glance.

But in Newell and Crump, Georgia will show a couple of mighty useful line smashers herself and when there is Hank Malone, who can hammer a set of forwards pretty well himself. It's a standoff there.

In the rear, the backfield Padgett and Crump (when the latter is running from halfback around ends and not hitting the line) should surpass Arnold and Kearley.

This will leave it right up to the lines. If the Georgia line can cope successfully with that fine line of forwards that Auburn will muster, then the dope is mislead.

As for the punting of the two elevens, Louisville, of Auburn, seems to be a shiner better than any man that Georgia can muster, unless she has quietly developed a better kicker than she showed against Tech.

All in all, it's going to be SOME game.

And may the best team win. Go to it.

## Eastern Football Climax Reached Today When Harvard Meets Yale at Cambridge

### Yale Eleven Has Shown a Come-Back Spirit That Only Yale Elevens Can Show When Demanded.

Cambridge, Mass., November 21.—(Special.)—The climax of the eastern football season will be reached tomorrow afternoon when the teams of Harvard and Yale universities trot into the stadium of Soldier's field to play the thirty-fourth game between the elevens of these famous New England educational institutions.

Time was when the teams of Blue and Crimson jerseyed players met with goal line uncrossed and sole possessors of the right to play for the eastern football championship, but football conditions and fashions have changed since the days of Hefflinger and mass play.

As a consequence Yale enters tomorrow's contest with a season's record marred by defeat and scoreless ties with minor college elevens, while Harvard, undefeated, has the prestige of the season.

Notwithstanding this unusual situation there is not the slightest lessening of interest or rivalry in the meeting of the famous elevens, and the scene of enthusiasm and excitement that have preceded this football battle for the past twenty years are being re-enacted here and in Boston tonight with added vim and vigor.

### Boston Riot of Color.

The colors of the two competing universities flutter from windows and doors throughout the residential and business sections for miles around. Commercial window dressers have excelled all previous efforts in their displays, combining the complete setting for one of the greatest gatherings in the long annals of Harvard and Yale football contests.

Hotel accommodations are at a premium, and songs and cheers of both the Yale and Harvard cohorts rise from the Hub and its suburbs. Fair weather and a fast field alone are not enough to attract the thousands of the greatest gatherings in the long annals of Harvard and Yale football contests.

Additional and temporary stands erected at the open end of Harvard's towering stadium have increased the seating capacity of the stadium to approximately 44,000. Every ticket was disposed of days ago, and record receipts of approximately \$20,000 are assured. The few coupons that have reached the speculators are bringing high prices for the privilege of the stadium's capacity would not satisfy the demand for seats.

### Harvard Favorite.

So far as the actual play is concerned there is a wide difference of opinion regarding the contest and its outcome.

### ATLANTA SOCCERS TO PLAY LITHONIA TEAM

The opening game of the Georgia soccer league will be played at Lithonia this afternoon when the Atlanta and Lithonia elevens, old-time rivals, meet.

This will be the first of several soccer games to be played in Atlanta and Georgia during the winter months. Auburn, Chattanooga, and Birmingham being booked for games here at later dates and the Atlanta and Lithonia teams going there for games also.

The line-up for Saturday's game is as follows:

ATLANTA	Position	LITHONIA

come. On the general form of the season Harvard should rank as a strong favorite, since the Crimson elevens have been much more impressive than that of the Blue. Harvard, although scored on by several opponents, has defeated decisively every team on its schedule, with the exception of Princeton, and has never been defeated until the final eleven that forced Yale to the limit to win.

The one question that checks Crimson optimism is the physical and mental status of the Yale team as it takes the field tomorrow. The Eli elevens have shown flashes of great power at times this season. Frequent shifts in line and backfield have retarded the development of the team, and defeat after defeat has sapped their spirit.

During the past two weeks, however, a host of famous veterans have rallied to the call of the Blue and worked steadily to drill into the team the finer points of Yale football. The result has been a complete change in the team's spirit.

The success of this last-hour effort to raise the eleven to the usual standard of Yale football teams was shown to some extent in the contest with Princeton last Saturday.

### Yale Not Weak.

Improvement was noticeable in the few games during the last week, and Harvard coaches and adherents are not being carried away with the idea that the Yale eleven of tomorrow will be as weak or as poorly generalized as the one that was defeated by Colgate and held to no account by Maine and Washington and Jefferson.

Harvard supporters also are troubled by the thought that perhaps the Crimson forwards will not prove as dependable in the final test of the season as was the case a year ago. The game against Princeton demonstrated that

### Harvard Rules As Slight Favorite By Reason of Better Showing For the Entire 1913 Season.

the Crimson line was far from being invulnerable, but ridge shifts after that contest, which brought Hardwick from halfback to end, Storer from end to tackle and Hitchcock from tackle to guard, appeared to materially strengthen the rush line.

Braves who took Hardwick's place in the backfield, also strengthened the secondary defense, and unless there are changes at the last moment in the combination, it will fall to the lot of these reorganized elevens to battle for the Blue and Crimson.

### Betting Odds Small.

Due to these eleven-hour shifts and the well-known ability of the Yale elevens to rise in their might against Harvard, betting odds against the Crimson have been small and fluctuating. The Crimson backers have lost most of the money they have bet, and the odds small and fluctuating.

Harvard has yet to defeat Yale in the stadium at Soldier's field. Several times in the past the Crimson elevens have been thought to be an overwhelming favorite over the Blue, has been either checked or defeated by the Crimson, and play of Yale teams in the closing contest of the year.

All these conditions and circumstances are being taken into consideration by the Harvard adherents, who are cautioning each other and the players regarding the danger of overconfidence. It is but natural, therefore, that this feeling of uncertainty should affect the wagering from Harvard standpoint and disappoint the hopes of Yale supporters who looked for sizable odds against the Blue.

It is demonstrated by the history of the past thirty-three games that Yale is never defeated until the final game which terminates the game. Although Harvard won the initial contest played in 1878, the Cambridge university was unable to keep up an even percentage of victories in succeeding years. In all the games since 1878, Harvard has scored but six victories to Yale's twenty-two, while the remaining nine contests resulted in ties. There were no games in 1877, 1883, 1886, 1888 and 1896.

### FOURTEEN COLLEGE RUNNERS COMPETE IN ANNUAL RACE

New York, November 21.—Long distance runners from fourteen colleges and universities will start in the sixth annual cross-country championship race of the Intercollegiate Association of Amateur Athletics of America, to be held on the Van Cortlandt course tomorrow afternoon with Columbia as host. Michigan is the only western institution represented. The eastern teams include Brown, Colgate, New York City college, Columbia, Cornell, Dartmouth, Harvard, Massachusetts Institute of Technology, Pennsylvania, Penn State, Princeton, Syracuse and Yale.

The course is about six miles in length. Preliminary events have not served this fall the usual purpose of making any one or two teams stand out prominently as likely winners, and the title appears to be very much in doubt.

### BASKETBALL.

Horse Guard Regulars Defeat Specials, 38 to 8.

The Governor's Horse Guard Regulars won from the Governor's Horse Guard Specials last night, 38 to 8. The game scheduled between Companies E and A was not played, neither team appearing on the court.

The Regulars entirely outclassed the Specials and played team work to good advantage. Rhodes led in the scoring. Floyd played the floor brilliantly and shot four field goals. The entire Regular team played championship ball throughout the entire forty minutes of play.

For the Specials, O. Grice scored 4 points and H. Graves and Brodson two each. Eight men were used by the Specials during the game. Grice refereed the game in good style.

### Polarine

Perfect Lubrication Under Any Heat

—at any motor speed

Heat is the test that gives you the value of a motor oil. A lubricant that runs thin under heat is costly. Friction increases, parts wear, power diminishes.

Polarine assures a perfect lubricating body under heat. Penetrates every crevice, yet body is always the same.

Gives your motor more power. Minimizes friction, hence does away with costly process of frequent tearing apart of motor—reduces repair bills. Saves its cost in a year's time.

## BILL SMITH BACK, HAS LOT OF NEWS

Bought Ambrose McConnell to Play Second-Wellchance May Be Named Captain of 1914 Team.

Manager Billy Smith, of the pennant-winning Cracker, has returned to Atlanta after a sojourn in the east and west, attending the world's series, the minor league meetings and a visit to his home in Georgia.

Smith has been over with news, both good and bad, and promises to have plenty of free several players and expects to land them in a few days.

Some of the news is as follows: All of it, it is thought, will fill a book.

**Second Sacker Signed.** Ambrose McConnell, the fast little second sacker, has been purchased from the Toronto club by the Atlanta Cracker. McConnell played here last spring with the Toronto club against the Cracker.

McConnell played in the big leagues with the White and Red Sox. He has always been a grand fielder and a fast runner.

It has always been an wonder how he got out of the big leagues. The Cracker if he and Billy can come to terms, Bill don't believe he'll have any trouble.

The deal for First Baseman Covington, of the St. Louis Browns, has been made. The Atlanta Cracker has been offered an option on the Atlanta team. Bill was hit in calling it off, as Covington only hit .118 for the Browns.

**Welchance Captain.** Harry Welchance has been tendered the position of field captain of the Cracker. Manager Smith awarding the league's leading hitter with this position. Welchance will probably accept the position.

Manager Smith says that Flanagan, the new outfielder, is a wonderful ball player. All he lacks is a little aggressiveness. This, Bill, with all his pep, can easily install.

First Baseman Bibbe is a corner. So Bill has been informed by every ball man he has talked to. Bibbe is a thrower and his left handed and is about Mickey Coyle's size.

As for Catcher Hildebrand becoming a Cracker, Manager Smith states that he has made no trade for him as yet, and he is looking for infielders at present—not catchers.

**Agter Lones Savanna.** Bill brings word that Joe Agter, the Cracker's great first sacker, has met with a great misfortune. Joe had accumulated quite a tidy little nest egg and put it away in the bank in his home town in Beach City, Ohio.

The bank collapsed the other day. Larry Schaffly, the Virginia league manager, lost \$2,000 in the same bank. Charlie Starr, captain of the Mobile team, lost \$900 in a bank failure in Florida.

Bill reports that Hub Northern, former Lookout, has been purchased by the Peicans, and that Clayton Perry, of Nashville, has been sold to Omaha in the Western League.

To show you that Bill is not all baseball the first question that he fired at us over the telephone Friday night was: "Who do you like, Georgia or Auburn?" Bill is one of our best young football fans.

With the manager back on the job, things should live up somewhat in the baseball world now.

## COMMODORES REST

McGugin Fears Varsity Eleven May Go Stale.

Nashville, Tenn., November 21.—For fear of Vanderbilt's varsity eleven coming overtrained before the Thanksgiving game with Sewanee, Coach McGugin has called up on him practice and is contenting himself with workout secret plays. The last scrimmage was Wednesday, and there will be no more till Monday or Tuesday. McGugin is working mainly on the line. Neither Vanderbilt nor Sewanee plays tomorrow.

## TO TRY TO STRAIGHTEN SENATORIAL TANGLES

Washington, November 21.—Efforts to straighten out senatorial tangles arising under the new direct election amendment to the constitution and to clear up the situations now existing in Alabama and Maryland will be made tomorrow by the senate committee on privileges and elections.

The reindexter resolution, which would extend present laws governing the election of congressmen to cover the direct election of senators, will be taken up by the committee with a view to securing immediate legislation in congress.

The appointment of Frank P. Glass as senator from Alabama by Governor O'Neal is believed by many members of the senate to be contrary to the authority contained in the new constitutional amendment. In the Maryland case a question has arisen to whether the election at which Blair Lee was chosen was properly authorized by the legislature.

## WEALTHY AMERICAN NABBED IN ENGLAND

London, November 22.—John Elliott, said to be a wealthy American who recently took possession of a fine Georgian residence with 600 acres, known as Lammewood house, in East Devonshire, where he lived with two young daughters, was arrested today on charges preferred in the local court. The proceedings were in secret and the nature of the charges against Mr. Elliott was not made public. He was, however, remanded and taken to the Lewis jail.

## MISSIONARY COMMITTEE VISITS DUTCH QUEEN

The Hague, Netherlands, November 21.—The committee of the world's missionary conference under the chairmanship of John B. Mott, of New York, concluded its session today, and on a special invitation visited Queen Wilhelmina at the royal castle near Apeldoorn. Her majesty provided a special train and entertained her international visitors at luncheon, after which Chairman Mott fully explained the objects of the committee.

## NO NEW YEAR FUNCTION AT THE WHITE HOUSE

Washington, November 21.—There will be no New Year's reception at the White House today, President Wilson said today that during the holiday recess of congress he would take a ten day vacation. Where he will go was not announced.

The white house New Year's reception is a historic institution at Washington.

## M'COMBS AND HIS BRIDE LUNCH WITH PRESIDENT

Washington, November 21.—William F. McCombs, the democratic national chairman, and his bride, who was Miss Dorothy Williams, of Washington, took luncheon with President Wilson today. After luncheon the president had a conference with Mr. McCombs on politics.

## RIVERSIDE ACCEPTS G. M. C.'S CHALLENGE

Willing to Play Off Tie at Athens, Monday After Thanksgiving Day.

Gainesville, Ga., November 21.—(Special.)—Riverside Military academy has accepted the challenge hurled at her by the Georgia Military college for the football teams of the two schools to play off their tie game of last week in Atlanta.

Riverside accepts the challenge, but modifies the conditions somewhat. They desire that the game be played at Athens, Monday after Thanksgiving.

Instead of at Macon, Ga., on December 3. Riverside makes this change in conditions by reason of Athens being closer to both schools than Macon.

Other words, it is a more central point. Riverside is willing to share the gate receipts on the basis of mileage traveled by the two teams.

Specifics December 1 instead of December 8, as the latter date is considered too long a time to wait.

## AT THE THEATERS

### "Trail of the Lonesome Pine."

(At the Atlanta.) This afternoon a matinee will be given at the Atlanta theater. The play, "Trail of the Lonesome Pine," in the leading role of this play, has made a big hit, and it is expected she will be greeted with a sold-out house today.

It will be the last appearance of Miss Lowe in the part here. Incidentally, it will be football and college night at the Atlanta.

and hundreds of college boys and girls will assemble to pay their respects to the actress and to the Georgia and Auburn football teams which will be guests of the theater management, the winners occupying the boxes.

### May Irwin.

(At the Atlanta.) Seats are now selling for the engagement of May Irwin at the Atlanta. Miss Irwin comes Tuesday and Wednesday in her new comedy, "Widow by Proxy." She is the same jolly May Irwin as in the past, and during the run of the performance sings several songs in her own inimitable way.

Miss Irwin is surrounded by a New York company and has been winning much enthusiastic praise. The comedy is one of the funniest in many years, and keeps the audiences in roars of laughter.

### Keith Vaudeville.

(At the Forsyth.) Matinee and night performances today at the Forsyth will end a week that has been one of the most successful in the history of the popular theater. For the week starting with matinee on Monday the headline feature will be the roller skating girls, a sextette of stylish pretty girls who are most clever on the roller skates.

Another feature will be the appearance of Francis Dooley and Corinne Francis in their original comedy act. There is no better fun-maker in the profession than Dooley.

Albert Perry and company, in a splendid comedy play, "Reno and Back," Harry Lamore and company, a troupe of English entertainers, "Reno and Back," and vocalists, and Williams and Wolfus in a musical addity will be among the strong numbers.

### "The Bachelor Baby."

(At the Lyric.) "The Bachelor Baby," Francis Wilson's comedy success, the attraction at the Lyric next week, is founded upon the suggestion that a confirmed bachelor, and more than all a child hater, has been left by his brother the care of his only offspring, a little girl, along with a legacy of considerable money.

Francis Wilson is the author and the stellar role is entrusted to Henry Bunker, who has supported some of the biggest stars of this country. The baby part is played by a little girl, Mimi Tivani, who has electrified audiences and managers by her acting. Comedy and tragedy she depicts with equal facility and with a facility hardly expected in one so young.

### "Hearts of the Blue Ridge."

(At the Bijou.) With the two performances today the Jewell Kelley company will conclude its thirteenth week of uninterrupted success at the Bijou. Next week an extraordinary strong play is announced in the first production at Atlanta at popular prices of the western border drama, "A Cowboy's Girl." The scenes of the play being laid on an Arizona ranch near the Mexican border. It promises the introduction of many interesting characters.

Monday night ladies will be admitted free when accompanied by an escort holding a paid 20-cent ticket, purchased before 6 o'clock.

### "Isle of Ping Pong."

(At the Columbia.) So great has been the success of the Broadway Brothers during the week of engagement in the "Isle of Ping Pong," that the management has decided to hold the company which includes Charlie Gramlich and Helena Hall, over for a second week. Beginning with Monday matinee at 2 o'clock, the company will produce "In Old Mexico," a tawdry musical burlesque, with new scenery, costumes and electrical effects, and promises the most wholesome and interesting show of the season.

## AT THE MOVIES.

### The Alamo No. 1.

Mr. Bunney—heaven bless him his happy humor—will be at the Alamo No. 1 today. He is the most famous and most popular of all motion picture comedians, and will be seen in a Viagraph picture, entitled "The Schlemmer." This is one of the funniest offerings in which Mr. Bunney has been featured since his return from Australia to the movies. It is a picture you cannot afford to miss, and one that will make you chuckle all over with laughter. Mr. Bunney's comedy, entitled "Broncho Billy's First Arrest," will also be shown.

### The Alamo No. 2.

The wickedest and cruellest phases of modern commercial despotism are shown in a powerful two-reel biograph picture, entitled "Men's Law," which will be seen at the Alamo No. 2 today. "Are the days of despotism over when our omnipotent money god can so sway the wheels of destiny that thousands of helpless men, women and children may be thrown defenseless upon the world?" So the editorial questioned. It served only as an impetus for the author's public opinion by philanthropy, while he continued to satisfy his own lusts at the expense of other lives. A Lubin picture, entitled "The Harmless One," will also be shown.

## PROTECT THE BIRDS

### RICE URGES AUDIENCE

James Henry Rice, Jr., field secretary of the National Association of the Audubon Society, addressed an enthusiastic audience of local bird lovers at the Carnegie library last night. Mr. Rice has come to Atlanta to establish southern headquarters of the Audubon society.

Many prominent people attended the lecture and the speaker was warmly applauded when he declared that it was impossible to have a bird without passing on the slaughter of birds, but that it was possible to eliminate the slaughter of birds by educating the public and by convincing them of the value of what great extent the birds serve us. This, he declared, was the work of the Audubon society.

Mr. Rice stated that the state of Georgia contained 100,000 square miles and that there were ten birds to every square mile. "Each bird," said he, "eats or destroys 200 insects per day, making the total number of insects destroyed per day amount to 150,000 bushels. Think what this means for seven months, and what it would amount to in seven years! It is a serious matter, and if it were not for the birds, the insects would eat us out of house and home."

"The only reason the boll weevil has made such a terrible inroad in Texas and played havoc with the cotton in a number of southern states is because the birds in those sections have been almost entirely wiped out," said Mr. Rice. "I remember ten years ago, when on a visit to Fort Worth, Texas, that on an average fifty carloads of prairie chickens were being shipped to northern points daily. Other birds were slaughtered just as inhumanly and today we are suffering from it."

## CAPITAL INCREASED TO HANDLE BUSINESS

Half Million Dollars Added to Capital of Premier Motor Manufacturing Company.

At a meeting of the interests comprising the Premier Motor Manufacturing company, of Indianapolis, last Saturday negotiations were completed that have brought to this concern increased capital in the sum of a half million dollars, thus making available means for handling the increased business of the company.

The Premier Motor Manufacturing company began business in Indianapolis ten years ago, starting with modest capital and gradually increasing its output with each succeeding year.

From a small plant it has grown to one now covering practically two city blocks. In 1906 the Premier company was one of three or four concerns that realized the demand for six-cylinder automobiles, now practically universal among the higher priced cars.

With the introduction, last year, of a car now known to the trade as the Premier "Little Six," the business of the company doubled, hence the demand for increased capital.

To Meet Increased Demand. H. O. Smith, president of the Premier company, said: "Notwithstanding the fact that we have accumulated a surplus of about \$50,000, the business of the Premier company has grown to such proportions that we simply had to meet the demand for more capital with which to handle it expeditiously and well. With the bringing out of our 'Little Six' car we were confronted with a new demand from the motor buying public. Its popularity surprised us and made its face altered trade conditions. Our business more than doubled itself last year. Now, with a half million dollars additional

capital at our command, we can go forward and heed the public's call. "There have been many unpleasant rumors regarding the automobile industry not only in Indianapolis, but each year the industry has faced new conditions, all of them surprising in their nature. With each passing year the country has absorbed an increased number of automobiles. With the industry thus showing a substantial growth each succeeding year it is unfortunate that rumors of a damaging nature have found such ready passage from tongue to tongue. "I am confident that before January 1 the activity in the automobile business will clearly indicate to the rest of the business world that it is in a healthier and better condition than it has ever been. I believe that as many cars will be built and sold during the coming year as in the past. And the business will proceed in a sturdy, conservative way that will prove it one of the real bulwarks of American manufacture."

## 10-Pound Yam.

Cordele, Ga., November 21.—(Special.)—The potato crop in Crisp county this year has been exceptionally good, the fields being larger and the quality and size of the potatoes above the average. J. T. Pergall, who as well as being a successful farmer, is a member of the Cordele police force, is displaying a large specimen of the "yaller yam" weighing ten pounds. It was grown in the same vine with three other large potatoes, the four weighing twenty-two pounds.

## Quail and Turkey Plentiful.

Cordele, Ga., November 21.—(Special.)—Many hunters of Crisp county took advantage of the opening of the game season for hunting quail and turkey. The run of the quail, which were plentiful last night, some of the hunters killing the full number allowed under the law. A number of fine gobblers were also taken by the hunters. Both quail and turkey are reported unusually plentiful in all parts of the county, and the good effects of the game law are more apparent by far than last year.
