The sudden death of Dr. John B. Robins, pastor Trinity church, and the appointment of Dr. S. E. Belk, of Park Street church, to the position of presiding elder of the Gainesville district, caused changes in the pastorates of two of the largest and most important Methodist churches in Atlanta to be included in the appointments for the north Georgia conference, as announced in Elberton last night.

The Trinity pulpit will be filled by Dr. L. G. Johnson, who was sent to Atlanta by the Elberton conference from the Gainesville district. Rev. Wallace Rogers comes to Park Street church from Thomson, Ga.

While many changes were made in the smaller churches and in the positions of assistant pastors in Atlanta, the other large congregations, including the First church and St. Mark's church, will retain their pastors. Dr. H. M. DuBose and Dr. A. M. Hughlett respectively.

Dr. Johnson Well Known. Dr. Johnson, who will fill the Trinity pulpit, has spent the past four years in the Gainesville district. He is a man of about 38 years of age. Previous to his service in Gainesville he was pastor of the Park Street church and St. John's church here and is well known to Atlanta Methodists. He has also served the First church in Rome and the First church in Athens and is well known throughout the north Georgia conference.

Rev. Wallace Rogers, the new pastor at Park Street, is also well known in Atlanta. He is one of the younger pastors in the conference and at one time served at College Park. He was stationed at Thomson, Ga., for three years prior to the conference of this year.

LaPrade, Jr., appointed to Emory Park church, is a graduate of Emory college church, is a graduate of Emory university, at the latter of which institutions he made quite a record as a track athlete. DIED SUDDENLY.

MALVERN HILL DIES AFTER SUDDEN ATTACK

End Comes at Grady Hospital Where He Was Rushed After Being Taken Ill.

Most widely known members of the Atlanta bar, and prominent in Masonic circles, died last night at the Grady hospital, where he was rushed, following a sudden attack of acute nephritis. Mr. Hill, who had not been well for several days, was seized with the fatal attack about 8 o'clock at his home on Kuhns street, Inman Park. He never regained consciousness, and died shortly after 10:30 o'clock.

His wife and two sons, Malvern Hill, Jr., and Gordon Hill, survive him. Mr. Hill gained a considerable prominence through his work in connection with the famous South Carolina dispensary cases, at which time he was associated with the law firm of Anderson, Felder, Rountree & Wilson.

Mr. Hill, who was 49 years old, was born in Auburn, Ga. He was graduated at Newnan and came to Atlanta some twenty-five years ago. In the business and social life of the city he soon became well known and popular. He was a member of the Shrine and had long been a Mason. He had no funeral services have been announced. The arrangements were placed in charge of the Burkert-Stimmons company.

HE CLAIMS TO BE KIN TO MARY OF LAMB FAME

Lancaster, Mass., November 24.—Richard K. Powers, who claims close relationship to "Mary," who is the heroine of a nursery rhyme about a persistent little lamb, has just celebrated his 103d anniversary here. "Mary," whose full name was Mary Sawyer, was a cousin of Powers, he says, and her lamb was one of twins born on the Sawyer farm in March, 1814.

URGE THE RENEWAL OF OLD PROMISES

Atlantans Are Asked to Give to Oglethorpe What They Pledged to University Several Years Ago.

A vital move was made yesterday afternoon in the campaign to raise \$200,000 in Atlanta for the new Oglethorpe university. It will be recalled that nine years ago patriotic Atlantans subscribed over \$250,000 on a university plan that was not consummated. The failure to consummate it came neither from lack of money or lack of enthusiasm, but because of circumstances outside Atlanta and beyond Atlanta's control. The money then subscribed was consequently never called for.

The present Oglethorpe university plan is as near to the hearts of those very individuals as was the plan nine years ago. Numbers of them have come forward voluntarily to say that they will renew their old subscriptions for the new university, and so it was decided Monday afternoon to make a call upon all these former subscribers to renew their subscriptions at this time.

Majority Still Here. A few of the men who helped make that great former list of over \$250,000 have passed away. A few others have left Atlanta and the south. But the vast majority of them are still living in Atlanta, still directly associated with the city's best ideals and progress.

If you are among the subscribers to that former university plan, you are urged to get into immediate communication with The Constitution or with any one of the three Atlanta newspapers, and authorize the renewal of that old subscription. This has met with enthusiastic indorsement from leading men whose names appeared on that old roll of honor, and it is believed that thousands of dollars' worth come pouring in during the next few days.

In addition to this appeal to those who once before subscribed to the founding of a great university, but who were never called on for the money, a general appeal for subscriptions goes out to the whole community, and within a day or two a representative committee of 100 leading Atlanta men, headed by Captain J. W. English, will begin a whirlwind canvass, at which time he was associated with the law firm of Anderson, Felder, Rountree & Wilson.

Mr. Hill, who was 49 years old, was born in Auburn, Ga. He was graduated at Newnan and came to Atlanta some twenty-five years ago. In the business and social life of the city he soon became well known and popular. He was a member of the Shrine and had long been a Mason. He had no funeral services have been announced. The arrangements were placed in charge of the Burkert-Stimmons company.

Community Awakened. The whole community has awakened to the broadness and greatness of the plan. While fully understanding that Oglethorpe university is to be founded and conducted under Presbyterian auspices, they understand that it is to be a university in the true sense of that word—a universal institution, like Princeton, like Yale, like Harvard.

Those who wish their names enrolled among the subscribers to Oglethorpe university need not wait until they are called on by any committee. Additions to the subscription lists will be printed from day to day in the daily papers, and you can have your name and subscription immediately enrolled by phoning The Constitution or notifying this paper in writing.

Any subscriber to the old fund who does not recall the amount of his subscription can ascertain it by phoning the Oglethorpe office, Ivy 2586.

ALL IS ARRANGED FOR THE WEDDING AT WHITE HOUSE

Today Jessie Wilson, President's Second Daughter, Will Become the Bride of Francis Bowes Sayre.

CEREMONY PROMISES TO BE VERY BRILLIANT

Diplomatic Corps to Appear in Full Uniform—Entire Bridal Party Rehearses Ceremony in East Room.

Washington, November 24.—The flutter of happy anticipation over tomorrow's wedding of Miss Jessie Woodrow Wilson and Francis Bowes Sayre reigned supreme at the white house today.

Through the twilight hours in the softly diffused light of the east room the entire bridal party rehearsed in detail the ceremony of tomorrow. Later the young folks were entertained at a dinner and dance by the officers of the United States ship Mayflower, the president's yacht, aboard that vessel, anchored at the navy yard.

The elders—that is the relatives and members of the immediate families of the bride and groom—were the guests of the president and Mrs. Wilson at dinner at the white house. Secretary McAdoo was the only official present.

The guests were grouped together in the state dining room amid decorations of palms and lilies and under the brilliant glow of silver chandeliers and crystal pendants.

Just before the dinner as the younger set prepared to motor to the navy yard persons walking through the grounds caught a glimpse of the bridal party, the girls in handsome gowns and robes and the ushers, best man and groom in evening attire. It was a happy scene a reunion of conventional uniforms had rendered interest in the event and it promises to be as brilliant a function as has ever taken place in the executive mansion.

The diplomats wore conventional morning dress at the Revere wedding, for day Jules Jusserand, the French ambassador, at present dean of the corps, sent word to the diplomats that as a special compliment to the president the ambassadors and ministers would be expected to appear in their full uniforms. These, together with the uniforms of the military and naval aides, will lend a little more of the official atmosphere than was at first expected.

Today's rehearsal took place in the east room, where tomorrow hundreds of guests in handsome dress will be gathered. Earlier today the bridal party had been variously entertained by their hosts.

Secretary Bryan had given a luncheon for Dr. Willard T. Grenfell, the best man, at which clergymen of every denomination were present. Carriages and automobiles were passing to and fro rapidly in the white house grounds.

The wedding rehearsal. The bridal party assembled in the state dining room and to the strains of music from "Lohengrin" played by the United States marine band, they issued forth by twos, moving in slow step along the red carpeted corridors that borders the red and green rooms, and passed into the historic east room, where an altar erected in palms and flowers has been erected.

Charles Evans Hughes, Jr., and Dr. Gilbert H. Murray, the first two ushers, were escorted by a uniformed aide. They were followed by Dr. DeWitt Burton, Miss Clark and Benjamin R. Witt. First in the procession of bridesmaids were Miss Eleanor Randolph Wilson, the president's youngest daughter, and Miss Agnes White, of Baltimore; then Miss Angelina Mitchell Scott, of Princeton, N. J., and Miss Marjorie Brown, of Atlanta.

Margaret Wilson, walked alone, followed by the bride leaning on the arm of the president. The procession was

GRAFT TRIAL LEADS TO TAMMANY HALL

Murphy and Nephew Mentioned in Asphalt Scandal. Ex-Mayor McGuire of Syracuse Indicted—Has Fled.

New York, November 24.—James K. McGuire, former mayor of Syracuse, N. Y., and partner with his brother, George H. McGuire, in the business of buying state highway contractors, was indicted today on the charge of soliciting a campaign contribution from a corporation.

McGuire is said to be either on his way to or already in South America. Although a bench warrant was issued for him, the offense charged being a misdemeanor, is not extraditable and he can thwart the authorities as long as he remains abroad.

The indictment was based on testimony given before the grand jury by his brother and by Fillmore Condit, New York agent of the Union Oil company, of Condit says, that he had sought to obtain from the Union company a contribution of \$5,000 in return for paving the way for the company to sell asphalt to the state of New York. According to the testimony the McGuires were up to the commission of a graft call on all asphalt the state or state road contractors bought from the Union concern.

McGuire's Name Mentioned. McGuire's indictment preceded testimony at the John Doe inquiry this afternoon by which District Attorney Whitman sought to show that an effort had been made to bring influence to bear on Condit not to implicate the democratic party in testifying as to the alleged hold-up. The district attorney called as a witness Arthur B. Chamberlain, of New York, an asphalt commission broker, who is "personally acquainted with the defendant," and Charles F. Murphy, leader Tammany Hall, and Charles F. Murphy, "Jr.," the latter's nephew, who is a partner of George H. McGuire in the bonding business.

McGuire is said to be either on his way to or already in South America. Although a bench warrant was issued for him, the offense charged being a misdemeanor, is not extraditable and he can thwart the authorities as long as he remains abroad.

The indictment was based on testimony given before the grand jury by his brother and by Fillmore Condit, New York agent of the Union Oil company, of Condit says, that he had sought to obtain from the Union company a contribution of \$5,000 in return for paving the way for the company to sell asphalt to the state of New York. According to the testimony the McGuires were up to the commission of a graft call on all asphalt the state or state road contractors bought from the Union concern.

Chamberlain denied having made any such demand. He admitted having called Condit up, but said it was for the sole purpose of telling him that "we were arranging things at Albany so that the specifications would be fair and open to everybody."

Said He Was Going to Tammany. Condit said in his testimony to the district attorney that he told Chamberlain of the McGuires' efforts to hold him up in August of last year and that Chamberlain said to him:

"I don't believe that the McGuires will without Fowler's aid, if you offer. I am going up to Fourteenth street (Tammany Hall) and see about this."

Chamberlain was very anxious to know who Chamberlain meant by "we," when he said things were being arranged at Albany.

"Oh, the asphalt industry," said the witness, "is a standard oil company, the United States Asphalt company, Warner, Quinlan & Co. and others."

Chamberlain denied having called up Condit's office yesterday and having told the telephone operator, George Barrett, that McGuire had "talked too much," and that he did not intend to remember anything, when called to the stand himself. Barrett, placed on the stand immediately after Chamberlain, swore Chamberlain made this statement to him.

Eight Contractors Held Up. Eight more state highway contractors testified today to sums they said they had contributed to the democratic state campaign fund in 1912 and 1913 at the request of Everett P. Fowler, the alleged Tammany "bagman" now under indictment for extortion. One of them, Isadore H. Falk, of Buffalo, said he gave \$150 in 1911, and \$1,500 in 1912. He declared he paid the money as a matter of "business policy" and not because they had any desire to help the democratic party. Falk testified that Fowler had told him he was down for \$500 in 1911.

"I said that was too much," testified Falk. "Fowler said, 'If you send any less than that I'll send it back. I went home and thought it over and sent him \$150. I made the check out to him.'"

"Did he send it back?" asked the district attorney.

"You bet he didn't," replied the witness.

Falk said Fowler came to see him in Buffalo in March, 1912, told him that he (Fowler) had been appointed deputy

BLOODY BATTLE IS RAGING BETWEEN HUERTA'S TROOPS AND THE MEXICAN REBELS

PEACHTREE EXCITED OVER A PISTOL DUEL

Four Different Calls Tell the Story to Police, Each in Its Own Peculiar Way.

Four excited telephone calls came to police headquarters last night about 10 o'clock from the vicinity of Peachtree and Seventeenth streets. The first was in the voice of a woman:

"Oh, please do send some policemen out here. A regiment of negroes are exploding firearms all over the neighborhood."

Another was the voice of evidently some calloused-neck gentleman who was trespassing along the aristocratic premises of Peachtree and Seventeenth. "Say, listen! Some guy's out here shootin' up the works. Y' better send along a cop or two. He'll penetrate the whole community."

The third was the voice of some sweet, young thing, who apparently had a holy horror of tragedies: "Oh, do send as many policemen as you can out Peachtree and Seventeenth. Some wild and terrible man has killed another and is still shootin'."

The fourth and last was from a conservative person, evidently a business man, which made it a point never to grow excited:

"You'll be minus a certain policeman on the Peachtree and Seventeenth street beat if you don't send out there quick and respectable atmosphere of Peacree street, had been accosted by Policeman McDaniels. The negro opened fire upon the policeman and fled into Seventeenth street.

McDaniels followed, emptying his gun at his assailant. The negro finally escaped after a chase of several blocks. His spectacular pistol duel with the policeman was witnessed by a number of Peachtree street residents, who had been attracted to their porches by the shots.

Federal Attack Delivered on Front, Right and Left of Villa's Forces in Effort to Retake Juarez.

OVER 10,000 SOLDIERS ENGAGED IN BATTLE

Reports Indicate the Rebels Have Repulsed Huerta's Troops—U. S. Troops Are Ready for Action.

El Paso, Texas, November 24.—At 11 o'clock tonight General Jose Inez Salazar's command is completely routed south of Saragosa and his capture is momentarily expected. General Pancho Villa has ordered his soldiers to take General Salazar alive so he may be publicly executed as an example to federal officers and federal sympathizers.

El Paso, Texas, November 24.—A general federal attack, front, right and left flank, delivered practically simultaneously this afternoon by Generals Salazar, Rojas, Caraveo and Landia, drove in General Francisco Villa's skirmish line and developed separate engagements below Baucha, on the west at Tierra Blanca, on the front, and along the border opposite Belen and Ysleta, Texas, to the east.

The frontal attack on the constitutionalists under General Villa began at 4:30 o'clock about twenty-five miles south of Juarez, according to an American chauffeur who reached Juarez at 6 o'clock this evening from Tierra Blanca. The artillery on both sides was engaged.

Desperate Battle Raging. Later reports stated that General Villa's western flank under command of General Rodriguez and Colonel Talamantes had engaged the federals at 5 o'clock.

These reports came from American employees of the Mexican Northwestern railroad, who reached Juarez tonight from Below Baucha. The reports stated that the federals were first repulsed in an attempt to break through the rebel lines but returned with reinforcements and a desperate battle was on when the Americans left.

Simultaneously with the report of the attack on the west came a report that the skirmish line of the constitutionalists on the east of Belen, Texas, was being driven in and the federals

Underneath the laughter and buffoonery of last night's presentation of the "Old Maids' Convention" at the Atlanta Theater there ran a deep undercurrent of real sentiment. The feature of the evening was the playing of the Tech school orchestra, whose numbers between acts were cleverly rendered and very entertaining. The orchestra, which consisted of about twenty pieces, was loudly applauded.

THANKSGIVING

For health and strength and happiness, and that measure of prosperity which has been meted out to each of us, let us be thankful.

A FOUR-IN-HAND FOR THANKSGIVING

Rich in Winter Colors Silks Fine and Rare

The fullness of these at MUSE'S

A wealth of color and richness of fabric to tempt the Oriental—that's the briefest and truest line we might write about our winter neckwear.

Worlds of it, too—there's no end to the beauty, no limit to the variety. Dozens and dozens of patterns and designs are shown, till your very eyes tire with the brilliant parade, and your brain marvels about the genius of silk weavers.

Reds, blues and browns radiant with life, or the deeper tones, rich and impressive, gracefully intermingled and flecked with gold.

Silks that show every fine thread in the intricate weaves, silks heavy with richness—the finer ones of foreign make. Flowing and Four-in-Hands, with a generosity of material.

Nothing is so handsome for a gift at Thanksgiving—nothing so profitable as choosing a few of these now—for gifts to best friends at Christmas.

50c to \$5— GEO. MUSE CLOTHING CO.

Beavers declared his relentless war on vice in this city in September, 1912. Miss Appleyard was induced by the Men and Religion Forward Movement to accept the matronship of the Martha home.

CHAMBERLIN-JOHNSON-DUBOSE COMPANY Atlanta New York Paris

Luck For a Limited Number of Women Seventy-five \$37.50 to \$50 Suits \$25.00

But only seventy-five of them. Three times seventy-five such suits would not be too many. They are smart, brimful of style. Such suits as the woman of fashion picks out with a smile of satisfaction.

It happens that the price is \$25.00 instead of \$37.50 and \$50 because a maker whose name commands respect (perhaps tinged with a bit of envy) in suit circles closed his regular fall season with this sale to us.

This was just last week. But the details tell the good news, that these are the bright, just-minted coins of suitdom.

You will find— Striped duvetynes, velours de laine, uncut cloths and broadcloths, in navy, Copenhagen, green, brown, plum and black.

Fur trimmings grace most of them. They are fashioned into rather short and nobby cutaways, all differing from one another in more ways than there are suits. Skirts are draped. To us it appears to be the suit event of the city thus far this season. Early choosing will be best.

Have you seen this new Toy Store? It is a wonderful show! By all means, see it now while varieties are greatest.

## Reset the Family Jewels For Daughter's Christmas

Old jewels, reset, distinguish fashionable toilets. Family heirlooms are the most prized of all jewels. Often a diamond of rare beauty or a string of famous pearls are so set or mounted that they would not harmonize perfectly with the present modes.

It delights artists in jewelry to work on such rare gems. Unsuspected values frequently reveal themselves in family jewels under the hand of a master craftsman.

Bring your old jewels to the Eugene V. Haynes Co. Daughter would appreciate fully, as a Christmas present of delicate sentiment, her mother's old diamonds polished, with scratches removed and facets revived until the liquid pools of scintillating light seem greatly deepened.

Our collection of richest gems were brought here for the Southland's Christmas and set in the handsomest store in Dixie. You can buy here to better advantage than in New York.

## Handwriting Expert From New York Here For Lee Will Case

Additional sensational testimony is expected today in the hearing of the Lee will contest following the introduction, late Monday, of David H. Carvalho, the noted New York handwriting expert, as a witness in the suit.

It is alleged by the contestants of the will of the late Mrs. Emma G. Lee that the wealthy woman who left an estate valued at something over \$50,000, never signed the document which she never signed the document which Mrs. Maude Lee Thompson and Mrs. Claude Lee stamps. The will is being contested by Mrs. Lattie Lee, the wife of the well-known local physician who alleges that she holds a will dated three years before her mother's death which makes her sole heir. The two other sisters declare their will which is a few weeks before the mother's death, is valid.

The admission of Carvalho as a witness came late in the afternoon and the lawyers on both sides Judge Bell finally admitted the witness, but no testimony was taken as court was ready to adjourn. It is alleged that Carvalho will state today that the will held by the contestants was not signed by the late Mrs. Lee.

The case has been on trial for several days past and will probably last through the present week.

## WEATHER IN ATLANTA TO BE COLDER TODAY

Those amateur forecasters who flood the local weather bureau with hints of cold weather for this week can collect today from Forecaster von Herrmann.

For, as the shades of night were being pulled down last evening the wind started to blow, the blast came more or less chilled and overcastless men and wrapless women scurried for shelter.

Today will be clear but much colder, according to official weather prognostication. Temperatures below freezing are not expected within the next 48 hours at least. The lowest the thermometer is expected to drop is 40 degrees, but the cool wind will probably not make them imagine that old winter has at last come on the job.

The present cold snap will be of short duration, so it is said, and by the end of the week and maybe on Thanksgiving day itself warm weather and sunny sky may again grace the vicinity of Atlanta.

## CONLEY'S LAWYER WILL ASK IMMEDIATE TRIAL

Attorney William Smith will today in the criminal suit of the superior court make formal demand that his negro client, Jim Conley, the factor whose whose testimony convicted Leo Frank of the Phagan murder, be given immediate trial.

Following a conference late Monday between Attorney Smith and Solicitor Dorsey, Smith announced that he would waive any trial for his client and await the court's decision as to whether his man shall be sentenced to a misdemeanor or felony charge.

The indictment against Conley charges him with being an accessory after the fact in the murder of the Phagan girl. Attorney Smith has declared openly that there is no law on the statute books in this state under which his client can be convicted and has hinted that all the court can do is to let the man go free.

If Attorney Smith succeeds in having Judge Ben Hill place the negro on the trial bench, it is probable that he is to have solicitor Dorsey and Attorney Smith argue the points of law in the case when the court will pronounce sentence.

Whether Judge Hill will allow the negro to be in the courtroom is not yet known. It is within the power of the court, even upon formal demand, to hold a prisoner over for the next session of court. In Judge Hill's court the negro will not necessarily have to be tried until some time in January.

## THREE MEN ARE HURT AS SCAFFOLD FALLS

None, However, Sustain Bad Injuries in Spite of Fifty-Foot Plunge.

Three men fell five stories when a scaffold collapsed on the Healy building yesterday afternoon, and neither sustained injuries greater than slight bruises and abrasions. One was able to be carried home in a cab, while the other two were taken to Grady hospital.

W. H. Harris, a carpenter, 50 years old, living at 122 Nile street, was bruised slightly about the face and shoulders. Mervin Taylor, a negro helper, living at 16-A Hunnicutt place, was hurt by a splinter which projected through his teeth. He was hardly bruised otherwise.

Newman slightly bruised. The lesser injured of the three was S. A. Newman, of 38 Boulevard, who suffered only a few minor bruises about the hips. He was caught home in a cab. All three, it is thought, will be able to return to work within a few days.

No account can be made for the accident except that the weight of the three men was too great on the frame scaffolding which they were erecting. Newman and Harris were building the structure and were assisted by the negro, J. It was to be used by the masons in filling the flooring and was being constructed across the elevator shaft.

All three were standing upon the structure when it collapsed, precipitating the bodies of the men toward the ground. The bodies of the men butted downward a few inches ahead of the planks and woodwork. On the second floor an elevator was standing motionless.

Body Bounced Off. The body of the negro struck the roof of the lift and bounced off, continuing in its fall. The body of Newman struck an iron brace that stood at an angle, and slid down to the bottom.

Harris' fall was unbroken to the bottom of the shaft. All three bodies lay crumpled in a heap, while the falling planks and woodwork of the scaffold rained about them. Only one of these obstructions struck either of the men.

The negro was unconscious when reached by rescuers. He recovered, however, before the arrival of the ambulance and was able to speak for moments. Newman, however, arose and limped away before the arrival of aid.

Hospital surgeons considered it remarkable that neither man was not injured internally or did not sustain broken bones. The fall was at least 50 feet or more, and the bottom of the shaft is constructed of concrete and iron.

Grady hospital reported after an examination, however, that neither Harris or Taylor would have to remain longer than a day or so.

FIGHT OVER CURRENCY UNDER WAY IN SENATE

Senator Owen Speaks for Administration Measure—Says It Will Stop Stock Gambling.

Washington, November 24—Under the present system the bank reserves of the country are concentrated largely in New York, where they are loaned in speculative accounts on the New York stock exchange. Senator Owen asserted today in a debate on the administration measure to regulate currency in the senate. He declared that the administration bill as reported by the democrats of the banking committee would remedy this condition. He reviewed the details of the bill and urged that by the creation of a market for discounted commercial paper and by mobilizing the reserves in public utility regional banks the measure would remove the great dangers of the present financial system. New York Holds Reserves. Declaring that at present New York bankers who hold a large percentage of the country's reserves are forced to place those reserves in call loans on the stock exchange the senator said: "We are advised by the representative New York bankers that the great banks there would be glad to have the system improved by the establishment of federal reserve banks strong enough to furnish money on demand against good commercial bills, and thus enable the member banks to withdraw their funds from the stock exchange—which has become the most gigantic gambling establishment in the world—and place such funds in the service of legitimate industry and commerce. This will be one of the great benefits of the pending measure that is, it will withdraw from the gambling enterprises on the stock exchange and bank reserves of the country and enable such reserves to be used for the commerce of the nation."

Governor Slaton Makes Address On "Advantages of Education"

The education committee of the Atlanta Woman's club, of which Mrs. Spencer Atkinson is chairman, was in charge of a delightful program at the regular meeting of the club yesterday afternoon. The meeting was opened by the president, Mrs. A. P. Coles, who held a short business session before the first speaker, Governor John M. Slaton, was introduced. Governor Slaton's subject was "The Advantages of Education," a broad, exhaustive topic, in which he touched upon the utilitarian as well as the aesthetic side of education, and illustrated his remarks with many instances from history, past and present. He spoke of the great part women took in the work of education, especially those in charge of young children, and paid a tribute to the Woman's club and its educational achievements. Prizes Students' Aid. Governor Slaton was followed by Mrs. H. B. Wex, custodian of the Students' Aid Foundation, who spoke with great enthusiasm of the Students' Aid, giving a brief history of the work and some of its accomplishments. During its short life it has helped educate thirty-two girls, it has loaned \$2,500, and it is anxious to swell its help money to \$10,000 in order that it may help more young people to help themselves toward acquiring an education.

Mrs. John K. Otley spoke of the various schools in which the Woman's club takes an active interest, mentioning the Tallulah Falls Industrial school, a state federation enterprise, which from fifty to sixty children are educated under the direction of Mrs. M. A. Lipscomb. Incidentally Mrs. Otley said that the Georgia federation owned and operated a school of its own, it having already paid for the school building and the cottage for teachers at Tallulah Falls. The other institutions which the Woman's club school, the Poplar Springs school, the

## GOVERNOR TENER WILL BE THE "REAL BOSS"

### When He Assumes Duties of National League Chief Executive Upon His Election.

New York, November 24.—It is believed in sporting circles here that Governor John K. Tener, of Pennsylvania, who is expected to be elected as president of the National Baseball League at the annual meeting, which will be held on December 9, would, if elected, at once become "the real boss" of the league's affairs, although he will draw the salary as league president until the expiration of his term as governor, January 1, 1915.

It is understood that, if elected, Governor Tener would find time to visit league headquarters in this city at least two days each week and to be an active member of the national baseball commission upon automatically becoming part of that baseball court of appeal.

While Secretary John A. Heydler will probably be given more authority than any other member of the national baseball commission, it would become his duty to vote with President Ban Johnson, of the American League, for a chairman of the commission, who is elected annually.

August Herrmann, owner of the Cincinnati Reds, has been the chairman since 1903, and he is again the sole candidate for re-election.

When Mr. Tener completes his term as governor of Pennsylvania, it is expected he will move his family to this city, and that he will devote his entire time to league affairs. In recent years he has kept in close touch with the league, and he has seen the Philadelphia Athletics win two world's championships, and he is well up in the fine points of the game.

Athens, Ga., November 24.—(Special.) Three exciting ten-round bouts will be staged in Athens on Thanksgiving night. The bouts will be between Mike Payne and Mike Meyer in one round, and between Mike Meyer and Mike Payne in two rounds. The bouts will be staged in the evening and the game most plentiful.

## Sand Glass to Keep Time in Boxing Bouts Is Latest Scheme of Eddie Keavin's

Boston, November 24.—(Special.) Eddie Keavin, the manager of Jimmy Walsh, has been experimenting with a device to take the place of a watch in boxing bouts. It consists of a slender glass tube, containing red sections, and the sand runs from one section to the other downwardly in exactly three minutes. The principle of the device is that when the sand reaches the bottom of the glass, the fight is over. Keavin believes the glass could be enlarged and put over a ring for the benefit of the entire audience. Eddie recently tried it in Brooklyn with success.

Appearances are not only deceitful; they are expensive to keep up.

## Jackets-Tigers Game Has Dopesters Worrying Some; Looks Mighty Even Fray

### PLAYS LAST GAME.

The Tech-Clemson game at Grant field Thursday afternoon has all the dopesters worrying some trying to figure out the possible winner.

A month ago, it looked like a practice romp for the Jackets. But the last three weeks have changed this.

Clemson held Auburn to a 20 to 0 field goal victory on Saturday. Her last game resulted in a 5 to 0 victory over Georgia, a team which Tech beat 33 to 0.

If these figures spell anything, the dope is with the Clemson boss, but it is not.

Tech was beaten by Georgia in the first quarter of play. After that they visit the Red and Black to a standstill, while Georgia made her points on Clemson in the last period.

To our notion, the teams appear to be about as evenly matched as two teams can be. Both know a lot of football now after a season of learning and both will be at their very best Turkey day, better than they have been all year.

Clemson has been coming fast and are now said to be a mighty formidable eleven. The Jackets suffered a let-down after the Georgia game, but the week of practice has put them in trim again.

With Johnson backing up the line for the Jackets, they will present the strangest defense that they have been able to muster this season. All of the other colleges are lined up in a form and, against the Tigers, the Jackets will line up with every man ready for the battle of his life.

Clemson will have an asset, however, that the Jackets cannot show, a field goal kicker, who can be counted on with almost the consistency of a bricklay. His name is Logan and he has been booting them in every game this season.

Reports from both camps are to the effect that the last scrimmage of the season will be engaged in this afternoon and only a light signal drill will be held Wednesday afternoon. The Clemson team will leave for Atlanta Wednesday and Thursday morning the student body will leave Clemson for Atlanta, headed by their band, to cheer the Tigers on the field.

Clemson has not won a game since 1907 from Tech. Captain Homer Cook, Ed Johnson and Al Johnson, who graduate this year. Three years they have been on teams that have defeated Tech. They have won a fourth team to turn the same trick.

Both of the contestants have a perfect record in this league, and as old-time rivalry is intense between the two schools, the referee will be a grand game when the referee blows his whistle for the start.

Boys' high has lost only one game so far this season, and that was against Keweenaw in the first game of the year. The team improved wonderfully after that battle, and proceeded to beat up the Prep league with their playing.

Boys' high defeated Stone Mountain and North Georgia in the first game of 52 to 0, while Tech high defeated the former 32 to 0, and the latter 27 to 0. Both of them defeated G. M. A. 6 to 0. According to the above comparison Boys' high would look to be the favorites, but it must be remembered that Tech high defeated River side and Locust Grove, two of the strongest prep teams in the state.

Both of them defeated G. M. A. in three weeks, and during that time they have been practicing hard, and the league has been playing in the best of form. Coach Wood has had his team out every afternoon improving their technique. Once he sees a new play, he has it in his pocket. Every man is in good condition, and fairly itching for Thanksgiving.

Tech high, on the other hand, has also been practicing and the game has been put up against Stone Mountain just the way they played against Bonair Fraser. They also have some trick plays that they will use against Boys' high, as that is the last game on their schedule.

## WALTER JOHNSON DID NOT MAKE A BOBBLE

In the official fielding averages of the American league just closed, the item worthy of note is that of the pitcher, Walter Johnson, of the Washington Senators. Johnson hurled in 51 games during the season, and in fielding his position, did not make a bobble. He had 21 out outs and 82 assists.

## OUTSHINES BRICKLEY. Centenary Captain Registers Nine Goals From Field.

Shreveport, La., November 24.—(Special.) Charles Brickley, the Harvard captain, who led his team to a 60 to 0 victory over the Centenary college team, who kicked in nine goals from the field, was outshined by Walter Johnson, of the Louisiana Baptist college Saturday.

## NATIONAL GUARD FIVES CLOSE SEASON SOON

The season of the National Guard basketball league is drawing to a close. The fifth regiment is playing to close the fifth season, which was winning almost caused the league to be a going failure, but interest is growing again.

The Governor's Horse Guard Regulars meet Company A on Friday night. The game will be played at 8 o'clock. The game will be played at 8 o'clock. The game will be played at 8 o'clock.

Perhaps the most interesting game of the week is the one for Friday night between the Governor's Horse Guard Regulars and Company E. These teams are each fighting for a berth in the first division. Of all the games scheduled for this week, this one is most probable to be played.

From a girl's point of view, an engaging talker is a man who asks her to marry him.

## COMMITTEE NAMED FOR GOLF TOURNEY

### Bill Farnsworth, Jack Cohen and Dick Jemison to Arrange Gentry Trophy Details.

ALBERT LOACH LOEB. Tech's team captain, who will play his last game of football against the Clemson Tigers at Grant field Thursday afternoon.

Colonel W. T. Gentry, of the Southern Bell Telephone and Telegraph company, has named Jack Cohen, of The Journal; Bill Farnsworth, of The Georgian; and Dick Jemison, of The Constitution, as the committee to work out the details of the golf tournament for the newspaper men, to be played in the near future.

Mr. Gentry has given a handsome silver trophy as the first flight cup in this event, all the details of which he has left to this committee to arrange.

The committee will meet today or Wednesday and arrange all the details, naming what course it shall be played on, and the handicaps, make the pairings and arrange all other details for the present tournament.

Probably the same details of the tournament for the Atlanta trophy, played by the newspaper men recently, will be worked out in this tourney.

## PICKS COBB TO LEAD AMERICAN WITH BATT

### Shortstop Weaver, of White Sox, Says Georgian Is in Class by Himself.

"All this talk about Eddie Collins being a better ball player than Tyus Cobb is rot," declared George Weaver, Sox shortstop, now on the world tour, who is only one day away from pulling off more stunts than Collins. Joe Jackson, Clyde Milan, the Washington outfielder that led the American league in stolen bases, and several others that are supposed to be Cobb's equals, put together. Cobb's stunts are all pulled off in his own mind, and he shows them how.

"I know for a positive fact that Cobb did not do it in the way he did in previous years. The week before he passed Joe Jackson in the batting order, he told me that this week would be his ahead of Jackson in the batting column. Cobb was 13 points ahead of me, and I was 13 points ahead of Detroit, when Cobb wants to win, isn't he never behind me. He has led third and score nine times out of ten. Unless the pitcher, catcher and basemen are very much excited with the results of their football season. Again they are busy training for the big Thanksgiving game with Gordon, which game is enough to engage their attention just now. This game will be played on the home ground, and is going to be a great football event. It will be witnessed by the largest crowd that ever saw a prep football game in Georgia.

## FIELD TRIALS HELD. Winners Announced in Georgia Association Meet.

Waynesboro, Ga., November 24.—(Special.)—The twelfth annual meeting of the Georgia Field Trials Association was held here today. A number of entries were made and after a day's work over the famous grounds near the city, the judges announced this evening the winners as follows:

For the present, however, athletics in Milledgeville are not much disturbed by all this talk about an after-season game, for as a matter of fact they never do create very much enthusiasm, and furthermore, Georgia Military college is very much excited with the results of their football season. Again they are busy training for the big Thanksgiving game with Gordon, which game is enough to engage their attention just now. ## GEORGIA-VANDERBILT GAME NOT POSSIBLE

### Sewanee Game Thanksgiving Day Will Give Commodores All Football They Need.

A football game between Vanderbilt and Georgia for the second place honor in the Southern Intercollegiate Athletic association is not possible.

It has been reported that such a game might be played in Atlanta at Ponce de Leon next Saturday. But it is out of the question. Vanderbilt has a game on Thursday, their final game of the season. Their final game would not, and would be foolish to schedule, take on Georgia, two days after such a game.

The game would be interesting, however, but there is hardly a chance of its being staged.

## FOOTBALL "ROOTER" YELLS SELF TO DEATH

Sparta, Wis., November 24.—C. E. Simpson, brother of the latest hit man for football, in Sparta, is a victim of his love for football. On Saturday he was one of those who cheered loudest for the Sparta team, which was winning 60 to 0 from the Grand Rapids team. One of the candidates against it for the state championship. When the Spartans made the final touchdown, Simpson fell in an attack of apoplexy. Today he died. He was 51 years old.

## AUBURN CONGRATULATED BY RED AND BLACK TEAM

Athens, Ga., November 24.—(Special.) Indication of the good feeling existing between Georgia university and Alabama Polytechnic, whose football team took the championship away from Georgia, and in sportsmanlike acknowledgment of the fair and square defeat the following telegram was sent tonight to the Auburn team "on bouquet" and signed the Georgia team:

## HARVARD WON TITLE WITH FIED GOALS

### In Princeton and Yale Games, No Touchdowns Scored—Opponents Did Not Either.

Boston, Mass., November 24.—It is regarded as an index to the new order of things in football that Harvard, winner of first place in the rating of eastern teams this fall, has won this honor without scoring a single touchdown in either of the two most important games. Harvard defeated Yale and Princeton by field goals entirely, notwithstanding the fact that the Harvard team has the most points scored by any team in the country, and is made still more remarkable by noting that Yale also made no touchdowns against Harvard, or Princeton, and Princeton by field goals entirely.

The absence of the touchdowns is made still more remarkable by noting that Yale also made no touchdowns against Harvard, or Princeton, and Princeton by field goals entirely. ## PHONE MERGER SOUGHT TO FIGHT LEGISLATION

Chicago, November 24.—Testimony to the effect that one of the purposes of the American Telephone and Telegraph company in desiring a merger with the independent companies was to present a better front against undesirable state legislation was given at the anti-trust hearing in Chicago today. Charles E. Brickley, the phenomenal Harvard player, with five goals in one game, one placement lift, carried off the undisputed honor of being the most brilliant star of the eastern players.

Mr. Valentine was testifying about a meeting here when the independents were addressed by Theodore N. Vall, president of the American Telephone and Telegraph company. Mr. Vall, during his talk, said that one of the benefits of the merger would be a better front against undesirable state legislation was given at the anti-trust hearing in Chicago today.

He added that he, the independent, all over the country stood nearer to the legislature than they did, and that we could handle them better. In fact, he proposed that in the event of the merger, the handling of the legislature would be turned over almost entirely to them.

There was mention of several legislatures that needed handling. The Texas legislature, I remember, was here in the city, and the American company hadn't been able to do much with that one. The handling of the legislature would be turned over almost entirely to them.

The lining up and handling of all the other local boards within the state was to be put to the test, as I recall the suggestion of Mr. Vall.

### Hair Grew 4 Inches in A Few Weeks

#### A St. Louis Lady Increased the Length of Her Hair Four or Five Inches in a Few Weeks With This Simple Home Recipe.

A well-known St. Louis lady, after using a simple recipe on her hair which she mixed at home, made the following statement: "Without exaggeration, my hair has grown four or five inches. The recipe she used is as follows, and any lady or gentleman can mix it at home: To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 1/2 oz. of glycerine. Apply to the scalp two or three times a week with the tips of the fingers. It not only promotes the growth of the hair, but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes it soft and glossy. These ingredients can be obtained from any drug store at very little cost and mixed at home.—(adv.)"

MORE ESTIMATES OF COTTON CROP

They Were All Bearish and the Market at Decline on November and December. Other Months Up.

New York, November 24.—Conflicting estimates of the crop seemed the cause of considerable irregularity in the cotton market today. An early bearish report, connected with the department of agriculture, estimated the commercial crop at 13,265,000 bales, and reports that the export expert had increased his estimate from 13,550,000 to 13,910,000 bales.

The market opened steady at a decline of 1/2 to 1 point on gold during the morning. The population, foreign straight selling, local cotton and other factors, however, were not sufficient to overcome the bearish impression of sentiment.

DECREASE SHOWN IN WHEAT SUPPLY

This Caused Prices to Advance One-Eighth to One-Quarter-Corn and Oats Closed at Declines.

Chicago, November 24.—Wheat rose in price today, influenced, to some extent, by a decrease in the visible supply. Closing figures were steady at 1/2 to 3/4 net advance. Other grades showed a decline, compared with Saturday night—corn 1/4 to 1/2 up, and oats a shade to 1/4 up. In provisions the outcome was 2 1/2 to 7 1/2 gain.

Special attention by wheat speculators was given to the visible supply as the decrease of 217,000 bushels made a decided contrast with 3,334,000 bushels enlargement at the corresponding time twelve months back. The total is now only 4,500,000 bushels more than last year's aggregate. It was also pointed out that the Canadian visible had fallen off, and had become smaller than last year's available supply.

Corn ranged lower on account of larger production in Argentina. Weather was predicted, and advices from Missouri river centers told of heavy Canadian shipments on the way to Chicago. Threshing, however, was of scanty volume.

Chicago Quotations—The following was the range of prices on the Chicago exchange yesterday: WHEAT—Open, High, Low, Close. Prev. Dec. 88 1/2, 88 1/2, 87 1/2, 87 1/2, 87 1/2.

STOCKS SLUGGISH ALL THE SESSION

Duller Day in Quarter of a Century—Not One of the Favorites Moved Either Way One Point.

New York, November 24.—Trading all the day was dull on the stock exchange. It is necessary to go back a quarter of a century to find a duller market than today's. Most of the time the ticker was silent. Not one of the favorite stocks moved up or down as much as a point.

The best that could be said of today's market was that the undertone was irregularity with evidences of renewed heaviness among the metal stocks, but the small early losses were soon recovered and, in most cases, the leaders made fractional advances.

News from the steel and copper markets was that the undertone was irregularity with evidences of renewed heaviness among the metal stocks, but the small early losses were soon recovered and, in most cases, the leaders made fractional advances.

THREE-DAY MAN HUNT ENDS IN LYNCHING ATLANTA STRIDES FROM DAY TO DAY

Athens, Ga., November 24.—(Special.) That a sensational lynching occurred three miles east of Loganville, in Walton county, last Friday morning, was learned here last night, after having been kept quiet for three days.

Thursday afternoon of last week, Mrs. H. W. Reed and her pretty 18-year-old daughter were seated in the front of their home located three miles east of Loganville, when, without warning, a negro burst in upon them. He had his bare feet, having removed his shoes previous to entering the house. He demanded money and threatened both Mrs. Reed and her daughter.

The daughter ran from the room and returned to her father's side. The girl aimed at the negro, but before she could pull the trigger he leaped through the window and fired at the fleeing negro. The shot was wild and the negro, who was wearing a red coat, ran toward the road farm, near the field which he had just left. He was told to find Mr. Reed, who was at the time in Loganville on business. Carter says.
