

THAW'S ATTORNEYS TO FIGHT BEFORE GOVERNOR FELKER

Will Get Personal Hearing Before Chief Executive of New Hampshire When Extradition Papers Are Presented.

THREE OF ATTORNEYS ALREADY AT CAPITAL

Court Hearing in Colebrook Is Dispensed With in View of Decision to Fight the Case Out at Concord.

Colebrook, N. H., September 12.—The protracted court battle denied Harry K. Thaw in Canada by his sudden deportation on Wednesday promises to be waged in New Hampshire. His newly-retained counsel hope to have a personal hearing before Governor Felker on the matter of extradition, and should extradition be granted they will carry the matter to the state supreme court on a writ of habeas corpus. Three of these attorneys—N. E. Martin of Concord, Willard H. Olmstead, of New York and Merrill Shurtleff, of Colebrook hurried to the capital today.

Sheriff Hornbeck, of Dutchess county, New York, wherein is located the Matteawan asylum from which Thaw escaped was en route here tonight with the requisition warrant signed by Acting Governor Givins. As the document must first be laid before Governor Felker, the New York lawyers were chagrined at the sheriff's mistake in heading for Colebrook. Upon his arrival he or some other representative of the state will be hurried to Concord.

Wednesday next according to Thaw's lawyers, they expect to have their hearing before Governor Felker. They estimate that three days will elapse before he can render a decision. If this is adverse, they will apply at once for a writ of habeas corpus. Argument on that would likely be postponed for another week.

Would Mean Long Delay. This would mean a long delay of weary waiting unless William Travers Jerome can engineer some coup. He has in mind now a plan to seize the fugitive in case his deportation is ordered and block efficiency of the habeas corpus writ by concealing from the Thaw council the identity of the individual to whom Thaw would be given in charge. The writ would have to be directed against the prisoners' custodian at the time and if Jerome could work quickly enough and with sufficient secrecy his plan might be successful.

In view of the decision of counsel to fight the case out at Concord, Thaw was brought into the city of Colebrook today. It is probable that on Monday he will be taken to the capital preparatory to the arguments for and against surrendering him to New York. The chief argument of his lawyers is that the extradition of Thaw is a charge of conspiracy—a charge which they contend New York never purposes to try him on. They will contend that extradition in such circumstances is a subterfuge and that there are precedents to sustain them.

Kidnaping Rumor Rife. Thaw left his hotel but once today to go to the barber shop. The sheriff and ten special guards accompanied him. Rumors of kidnaping were not down. The citizen of Coaticook, Quebec, who was denounced yesterday as a Jew, brought in the case of Thaw as a part of the day, and the anti-Jerome movement which resulted in his arrest on a charge of gambling, remained in Colebrook today in spite of the ill feeling his presence has engendered. He whizzed around in a motor car, and part of the day and this fact prevented Thaw from being taken for an airing this afternoon.

The sheriff had agreed to accompany the prisoner on a ride and Thaw and his lawyers were about to climb in the machine when he was rudely upset by this fact. Jerome said that he intended to put his foot down on the motor trip at once. Through his detective aide, John Lanyon, of New York, he impressed the sheriff with the inadvisability of such liberty for the prisoner and Thaw returned, disappointed, to his room.

On Monday next he was to have been produced before the king's bench in Montreal on a writ of habeas corpus. This was rudely upset by the action from the Dominion under orders from the minister of justice, but the writ will come up for argument nevertheless. It was said today that some of Thaw's Canadian adherents are planning to arrest him as he comes to Montreal, in the hope that the writ would be sustained. Failing in this, so the story ran, they purposed to put him aboard a yacht and eventually get him to Pennsylvania.

No Attorneys' Work. Thaw's lawyers on one and all, denied knowledge of any such plan and repudiated any intention of resorting to "strong arm" work. Mr. Jerome on his side said he was just as anxious to avoid anything irregular in connection with Thaw's endeavors, Thaw himself, it is understood, has refused two offers to aid him in another break for liberty. Apparently he got more than enough liberty of the kind in his wild ride on Wednesday and he placed his hope in the courts. It was reported that he was again trying to dominate his lawyers. This they denied. Ex-Governor William A. Stone, of Pennsylvania, came

HARDWICK RAPS CURRENCY BILL

Georgia Congressman Says It Will Cause Five Years of Inflated Credit and Then a Financial Crash.

By John Corrigan, Jr. Washington, September 12.—(Special.)—Representative T. W. Hardwick, of the tenth district, declared in the house today that the administration currency bill would cause boom times and inflation of credits and currency for five years and then a financial crash.

"I shall vote for the bill as a good democrat, because I believe in standing by the caucus," said Mr. Hardwick, but I will say, I did my best to change it in caucus.

"I make this prediction, and I want Mr. Glass, the author of the bill, to bear it in mind in years to come. If this bill becomes a law, as it doubtless will, you will have prosperity, expansion, more loans, more credits and boom times generally for five years. The goose will look high. But it is true of a nation as well as of an individual, that pay day always comes around.

Reckoning Day Will Come. "We will enjoy for five years having our notes discounted, redemptions and triple discounts. The country will be flooded with currency. There will be too great an extension on credit with overtrading and overspeculation until the day of final reckoning comes. We have made the sky the limit in this new currency issue, and God knows when too much of this paper has been issued, somebody will go to the United States treasury and say 'I want gold for this paper currency. You have promised to redeem it in gold or lawful money. I want gold, and that day how are you going to get the gold?'

Several republican members suggested that the government might redeem the notes in lawful money other than gold.

It would come in the end to the same thing," persisted Mr. Hardwick. "Practical Banking System. He declared that the republicans had established a national banking system, which at least had the virtue of getting gold into the treasury in time of need. He explained that this was accomplished by the simple method of providing that the present national bank notes might not be received at the treasury for payment of customs duties or federal reserve notes, as provided in the administration bill, may be used to pay all debts, public and private.

LIND BECOMES WORRIED OVER MEXIC SITUATION

Information Secured by Wilson's Representative Continues of Pessimistic Character.

Vera Cruz, September 12.—The passage through this port, under the eyes of the authorities, of men of prominence whose intention presumably is to join the rebels, the increased activity of the rebels in southern Vera Cruz and Campeche, the discovery of plots in Vera Cruz and rumors of plots, together with new dissensions in President Huerta's cabinet which have resulted in resignations, are developments in the Mexican situation which have not reassured John Lind, President Wilson's personal representative, that there has been improvement in the general situation.

Mr. Lind had two long conversations today with men who are supposed to be well informed, but their information was of the usual pessimistic character. Mr. Lind is keenly interested in the efforts of President Huerta to obtain the local banks' capital of 10,000,000 pesos. No definite statement has been received here that his efforts have been successful. There is little doubt, however, that Huerta will get at least a part of this money, and when this is spent it is reported on good authority that he intends calling upon the state governments to find means for furnishing the central government with 50,000,000 pesos.

Mr. Lind has not sent to or received any notes from either Washington or Mexico City recently.

Farmer Has \$2,000 Fire. Huntsville, Ala. September 12.—(Special.)—Jim Fick's home on New Market pike was burned last night. Everything was destroyed and the loss was about \$2,000. No insurance was carried.

Get Snappy, Happy Help. People with ginger in their feet answer Constitution Want Ads. Up on their toes, going and doing, are the workers who read The Constitution. Tell them about your store, factory or office. Slipshod methods and lazy ways around your establishment will give your competitor a big lead. MOTHER AND CHILD KILLED IN FIELD

Enraged by Wife's Refusal to Obey Him, Husband Shoots Her Down in Cold Blood. Slayer Still at Large.

Saginaw, Mich., September 12.—Mrs. Joseph Sampson and her 10-year-old son, Henry, were shot to death in a sugar beet field near Chesaning, and the authorities are searching for Mrs. Sampson's husband, who is alleged to have done the shooting.

It is asserted that Sampson returned today from Toledo and failed to find his wife at home. After a short search he located her and his son at a nearby farm. She is said to have refused to obey his command to return home with him, and it is alleged he shot her twice. A bullet pierced her left breast. The son ran toward his mother, it is said, and fell with a bullet wound near his heart.

Farm hands said that after the shooting Sampson handed his revolver to a bystander and walked away, announcing that he intended to notify the sheriff.

Tennessee Man Who Has Slept for Over a Month Awakes Sound and Well

San Jose, Cal., September 12.—Wright Keebel, of Tennessee, who fell asleep when he arrived on a visit to his uncle, R. E. Keebel, of this city, August 3, and had slept ever since, awoke today apparently sound and well.

SON FIGHTS BULL AS ANIMAL GOES FATHER

Mineral Bluff, Ga., September 12.—(Special.)—J. A. Pierce, a blacksmith of this place, was dangerously gored by a large bull, which up to this morning he had believed good-natured and had handled him with no thought of danger.

PARENTS FIGHT OVER BODY OF DEAD BABE

Newark, N. J., September 12.—The police of Newark and of Irvington, a suburb, guarded today the front and back doors to the home of Allen Krichman, a house built on the dividing line where lay the body of Krichman's 7-months-old child. Meantime Krichman and his wife, each with a retinue of supporters, planned to bury the baby in different cemeteries. Practically the entire neighborhood has taken one side or the other.

The child was to have been buried in Irvington, but the funeral was postponed because Mrs. Krichman feared her husband would steal the body. He wanted the baby buried in a cemetery in East Orange. When refused at attention to the house, Krichman chopped down the door, and the police of both towns were summoned.

CUTS WIFE'S THROAT FROM EAR TO EAR

Police Looking for Man Who Climbed Through Window to Slay Woman.

Savannah, Ga., September 12.—Henry Davis, 28, is at large tonight despite the determined efforts put forth by the city and county police to arrest him for the murder of his wife, Annie May Davis, at an early hour this morning.

Davis, who was employed as a fireman at a local hotel, climbed through a window into his wife's bedroom and cut her throat with a knife. The couple recently separated and jealousy is believed to have caused the deed. As Davis fled from the house after cutting his wife's throat he was recognized by his mother-in-law.

Henry Scales Loses Watch and Jewelry In New York Hotel

Prominent Cotton Broker, Who Is Well Known in Atlanta, Is Robbed by a Former Bell Hop.

New York, September 12.—(Special.)—That Henry Scales, one of the best known cotton brokers in the country, whose heavy dealings in cotton have more than once interested Wall street, was robbed of a Tiffany watch and jewelry worth \$500 while stopping at the Knickerbocker hotel was learned today through the arraignment of Dominick Vito, charged with the theft, in the Yorkville police court.

Vito, who lives at 138 West Forty-fourth street, pleaded guilty and was held in \$2,500 bail by magistrate McGuire.

Mr. Scales missed his watch and jewelry on Wednesday night and notified the hotel management. Detectives started an investigation and arrested Vito in a pawnshop. The detectives say that Vito not only had the watch and jewelry of Mr. Scales, but also jewelry worth \$1,000 said to have been stolen from guests stopping at the Waldorf Astoria. Vito at one time was a "bell hop" and accordingly is used to the ways of hotels and knows the best methods of robbing them. He registered at the Knickerbocker as a guest and obtained a room adjoining that of Mr. Scales. When he left his room Vito entered it and helped himself to the former's effects.

Mr. Scales is well known in Atlanta, New Orleans and New York.

At the time of the robbery Mr. Scales was en route from Asheville, N. C., where he had spent the past month with his parents, to the extreme north of Maine, where he intended putting in some weeks at fishing resorts, and had only stopped over in New York city to spend the day.

WHITEHALL WORK STRIKES A SNAG

City Attorney Rules Mayor's Conditional Approval Amounts to Veto—Measure Will Be Reintroduced.

A "joker" in the mayor's conditional approval of council's appropriation for the regrading of Whitehall street was disclosed before the streets committee Friday afternoon in that the city attorney has ruled that the mayor's conditional approval amounts to a veto.

The appropriation provided that the work on the regrading of Whitehall street should begin not later than October 15. In signing this the mayor added the proviso that the regrading of Whitehall should not begin until after the completion of the regrading of West Peachtree street and the work on Georgia avenue.

Inasmuch as the work of regrading West Peachtree street has not yet begun and it will be the first of the year at the earliest before the work on Georgia avenue is completed, it is a physical impossibility for the work to start on the Whitehall street work before October 15.

Promoters of the Whitehall street work are seeking to overcome the situation by having the original resolution introduced in council at the next meeting after the passage of which they will endeavor to have the mayor sign it unconditionally.

YOUNG OXFORD PAIR, BACK FROM ATLANTA, ANNOUNCE WEDDING

Oxford, Ga., September 12.—(Special.)—Miss Sarah Thomas and Brooks Kitchens gave their many Oxford friends a pleasant surprise when they let it be known this week that they were married in Atlanta two weeks ago. An open-air ceremony was performed by Rev. Charles Middlebrooks, a former college mate of the groom, at East Lake. Miss Lucile Stephens, of Oxford, was bridesmaid.

Mrs. Kitchens is a daughter of Mrs. Paul Campbell, of Atlanta, and a granddaughter of Mr. and Mrs. Frank Means, of Oxford. Mr. Kitchens, who is a former Emory student, is a son of Mr. J. C. Kitchens, one of the most substantial citizens of Oxford. Mr. and Mrs. Brooks Kitchens will keep house this winter in the W. W. Stone residence on Braunham Heights.

FINE, BUT SKEERY, SAYS FARMER, 41; GETS FIRST SHAVE

Rome, Ga., September 12.—(Special.)—After having lived to the age of 41 years without ever having been shaved by a barber, Joseph J. Camp, a Floyd county farmer, received his first time in a barber's chair and had a "once over" have at Lindale yesterday. He described the sensation as "fine," but kinder skeery.

Camp entered the barber shop to see a friend and was boasting his familiarity with the edged tools of the trade. The friend offered to pay for his shave and haircut, the offer was accepted and Camp lost his distinction.

HONOR TO GAYNOR PAID BY ENGLAND; BODY IS IN STATE

Never Before Has a Casket Lain in Historic Town Hall of Liverpool Where Mayor Gaynor's Remains Rest.

PUBLIC OBSEQUIES WILL BE HELD SEPTEMBER 22

While Signal Honor Was Being Paid Memory of New York's Late Mayor Plans Are Laid for Tribute.

Liverpool, September 12.—The body of William Jay Gaynor lay in state tonight at the foot of the grand stairway of the town hall of Liverpool.

It was an unprecedented honor that Liverpool paid the dead executive of the American metropolis, for never before had anyone lain in state in the historic edifice. Covered with the Stars and Stripes and with the British union jack draped over its foot, the casket rested on a catafalque brought here from Westminster Abbey, London and on which was "reposed the bodies of many of England's most famous men. It was last used at the funeral of Field Marshal Lord Wolseley, in St. Paul's cathedral last March.

Standing in the great golden candelabra from Westminster Abbey cast a subdued light up the wide stairway and over the detail of picked men from the Liverpool police force, who stood guard all night about the catafalque, John Sutherland Harwood-Barner, lord mayor of the city, who is absent on vacation, had telegraphed the city officials to do everything in their power in honor of the dead mayor of New York, and they carried out their instructions in minute detail.

Great Crowd Greets Ship. When the steamer Baltic, on board which Mayor Gaynor died at sea last Wednesday, docked at 8:30 o'clock this evening the landing stage was cleared of all persons except the holders of tickets. A great crowd had assembled outside the dock gates. As soon as the gangplank was run out Horace L. Washington, the United States consul, accompanied by a delegation from the White Star line, went aboard the ship.

In the salon Mr. Washington met Rufus Gaynor, son of Mayor Gaynor, and expressed condolences on behalf of himself and the lord mayor of Liverpool.

Mr. Gaynor readily assented to the plan of the Liverpool civil authorities for the lying in state of his father. Acting on the request of Mr. Washington, the port authorities waived the formalities usual in the landing of the dead from vessels, and the body of Mayor Gaynor, in a plain wood coffin, which was covered by an American flag, was brought ashore as soon as the first-class passengers had left the Baltic.

The coffin was taken in charge by a London undertaker, sent to Liverpool by the American embassy, and placed in a hearse drawn by four horses, which was followed by the lord mayor's carriage, occupied by Rufus Gaynor and Consul Washington. The funeral cortege, escorted by a squad of mounted police, made its way through a dense crowd of quiet people, who bared their heads as the hearse passed to the town hall. The hearse was followed on foot by a woman in deep black, who had at her side a little girl. The woman declined to give her name, but said she was a friend of Mayor Gaynor's family.

Dignitaries Receive Body. The secretary of the lord mayor, assisted by a delegation of civic dignitaries, received the body at the town hall. When the coffin was placed on the catafalque one end of it was covered by a beautiful wreath of lilies, "deepest sympathy from the lord mayor and citizens of Liverpool."

Another wreath, composed of Easter lilies, bore a card inscribed, "The condolences of Mr. and Mrs. Horace Lee Washington."

The hall where the body lay was then cleared and Rufus Gaynor was left alone for a few minutes with his dead father. Afterwards Mr. Gaynor was taken to a hotel by Consul Washington.

When Mr. Gaynor had left the building the body was removed from the wood coffin and placed in a massive fumed oak casket. On a brass plate on the cover was the inscription: "William Jay Gaynor, September, 1847-1913."

Six policemen, who were relieved at intervals, stood at attention around the casket all night and will continue this duty until the body is removed from the town hall the morning of the sad homeward voyage on the Cunard line steamer Lusitania, on which a special mortuary chapel has been prepared. Eight uniformed quartermasters will form the guard of honor during the voyage.

Son at Point of Collapse. Rufus Gaynor tonight was on the point of collapse from grief and anxiety and was unable to give further details concerning the death of his father. He expressed deep gratitude for

The Judge Announces at 10 O'clock to Awaiting Crowd That No Verdict Will Be Reached Till Today—Prospects Brighter for Prisoner.

WOMEN WEEP DURING BITTER ARRAIGNMENT OF MRS. EDNA GODBEE

Indications Point to Verdict of Voluntary Manslaughter, Which Would Carry a Sentence of From Ten to Twenty Years.

By BRITT CRAIG. Millen, Ga., September 12.—(Special.)—That the jury was hopefully hung up and there could be no verdict until Saturday in the case of Mrs. Edna Perkins Godbee, slayer of her divorced husband, Judge Walter S. Godbee, and his young bride, and now on trial for killing the woman, was announced by Presiding Judge H. C. Hammond at 10 o'clock tonight.

Solicitor General R. Lee Moore expressed the belief at this announcement that the jury would compromise on a verdict of voluntary manslaughter, in which case a sentence of twenty years would be the limit of punishment. Mrs. Godbee expressed belief that the tie-up meant that she would be freed.

"I will attend church Sunday," she told reporters who sought for an expression from her.

Belief in a verdict of acquittal was freely expressed in Millen after the jurymen announced that they would have to retire for the night without coming to a verdict.

During the time from 8:21 o'clock until the judge made his announcement the courtroom was packed. People from the best society in Millen filed by the accused woman, each clasping her hand and speaking words of encouragement.

Outside of the rail which separates the spectators from the judge and jury, a dense throng had congregated. The air was suffocating and a man was overcome and had to be given medical attention.

Groups of women and girls chatted gaily and soft drink vendors passed in and out. The place had the aspect of a gathering to witness a championship ball game.

The light and cheerful air of the crowd seemed either to have affected Mrs. Godbee, or to have been caught from her own attitude. She appeared in the best of spirits and the only apparent difference between her and the throng was that she was inside of the rail and in the custody of officers.

Today's session of the trial was sensational as the first day. During Judge F. H. Saffold's speech in behalf of the accused woman scores of women broke down, many having to leave the courtroom.

The attorney pleaded dramatically for the restoration of the mother to the young girl, Sarah Godbee, whom there is no one else to bring up. The accused woman bordered on hysterics, sobbing while it looked as though she would be forced to go outside.

Every woman, twenty or more, who sat within the bar by Mrs. Godbee's side, wept copiously. There were many moist eyes among the men. Judge Saffold's speech will go down in criminal history.

A startling incident occurred during his address when he threatened to send to jail Colonel W. H. Davis, associate counsel for the prosecution, if Davis wrongfully interrupted him

COTTON REGAINED MOST OF ITS LOSS

Opening at Decline of 12 to 14 Points, Market Rallied in Afternoon and Closed Near the Best of the Day.

New York, September 12.—The reactionary movement of the cotton market during yesterday's trading was in evidence again early today but a sharp break in prices was recovered, and while the rally was not fully maintained the close was steady and unchanged to 4 points lower.

Weak Liverpool cables more favorable crop reports and bearish European trade advices seem to have been the cause of the early decline and after opening barely steady at a decline of 12 to 14 points the market broke to a net loss of 20 to 22 points late in the morning. This doubtless resulted from heavy liquidation in the market and was accompanied by a sale down while there was also considerable pressure from both local and southern sources which was supposed to be for short accounts.

Realizing a tapered off lower around 12.67 for December, or about 33 per bale under the high price of last Tuesday and the market steadied later, on trade reports that too much rain was falling on open cotton in the southwest and rumors that cotton crops sold earlier in the day had been absorbed by trade interest. There were also reports of a better spot demand from the south and the market advanced as rapidly as it had eased off, until December cotton sold at 12.92 or 3 points net higher and 25 points above the low level of the morning.

Realizing caused some clarity in the late trading and the market closed within 4 or 5 points of the best. Advances from the southwest clouding the effect of the continued rain were more or less conflicting and the forecast for colder weather was considered an important factor in the afternoon advance.

Spot cotton steady, middling uplands 15 1/2, good 14 1/2, sales 400.

again after having checked Saffold's address to investigate the record.

"I'll grant it now, but if you wrongfully interrupt me again I'll send you to jail," retorted Judge Saffold.

Counsel in Worried Clash.

A wordy clash also occurred between counsel for the prosecution and Judge Saffold when Attorneys J. M. Anderson and Colonel Davis resented an expression by the speaker relative to their connection with the case.

"I'd like to know why they are prosecuting Mrs. Godbee," blazed Saffold. "I'm here for the same reason as you," replied Judge Anderson. "And I'm getting a big fee," said Mr. Davis. "That's it," cried Saffold. "That's it, money, money!" He was cut short by Judge Hammond, who, rapping for order, cautioned the attorneys against the injection of personalities.

Six speeches were delivered in argument, three to each side. The address of Solicitor General R. Lee Moore was a scorching attack upon Georgia's homicide rate and of the rate throughout the United States. He also accused the courts of laxity and responsibility to a great extent, for conditions.

It was a forceful address, dealing with sentiment that has prevailed in the state of the arraignment of women for homicide. He cited a large number of instances where, he charged, women had been cleared of crimes purely through sentiment.

His speech was also fraught with human and dramatic interest and was blistering attack upon the prevalence of sentiment and feeling in modern justice. It occupied two hours or more of the afternoon session.

"The unadulterated law makes no distinction between man and woman," he said. "It is your duty to convict her because she slew Judge Godbee and his wife with malice aforethought and deliberation."

"The courts of our country are too lax. It is a great fault especially with our Georgia courts. The only country to compare with America in

its homicide rate is Italy, where hot blood runs rampant.

"In this country we have 115 homicides to every million inhabitants annually. In Germany there are thirteen, in France, twenty-seven, in Great Britain, even at that rate we excel Italy. Their homicide number 105 annually."

"You've got to set an example for the youth of the land. You've got to let your children know what that commandment means—Thou shalt not kill."

"It is necessary to convict for the moral influence it will exert in preventing the growth of crime."

"People Too Sympathetic."

"We are too sympathetic. That's the trouble with our modern justice. What is the purpose of human punishment?"

"The lesson it teaches is one, while the prevention it affords is another. But the greatest is to teach the youth of the land."

The law says that the one life must be taken for the other. All children of this section will recall in after years what became of the woman who did the shooting down at the postoffice and seeing the lesson her punishment teaches will learn accordingly.

"That's the motive of human punishment. Not that any one wants to enforce it, but because it must be enforced. There is a widely prevalent morbidness, especially in Georgia, that has created a sentiment sanctioning the laxity of punishment for women who maim and kill purely for the fact that she is a woman."

"Then just think of the Chinese laws. There, whenever a bank fails, the president and officials are executed. There has been a bank known to fail in China for 900 years. The law is the controlling genius of our land. Without it we would fall. There is no necessity of having it unless it is to be enforced."

"There is a statue on the courthouse dome. It is the figure of a woman, blindfolded and holding a pair of scales, Justice, they call her. She is on the dome. Gentlemen, bring her into the courtroom, we need it here."

"Why should the solicitor want to stop crime by hanging Mrs. Godbee when she is innocent? The bullets tell the tale of truth in this case. Each one shows in Godbee's body that they were fired while he was advancing upon his prey."

"Godbee, Greedy Wife, Loving."

"Godbee aspired to greed and money. Mrs. Godbee to love and happiness. The two ambitions were disastrously incompatible."

"Godbee professed love to her and she loved him. They were only 18, and knew nothing of the finances, nothing of life. They were married. Within less than three months he had gained control of her fortune."

"That was the nature of the two people. Greedy and lustful, loving and affectionate, and after knowing their two natures, it is easy to see what caused that affair at the postoffice."

"After their divorce, Godbee tried to buy the devotion of his daughter, Sarah. He offered her wealth and his magnificent home. Mrs. Godbee loved the girl with the big and tender heart of a mother, oppressed and suffering, but her love did not equal that of her daughter's love for the mother."

"Godbee would have driven the family of his divorced wife to destitution if he could have alienated the affection of the girl. He tempted her with money, he offered her everything she could afford. She stuck to her mother, the mother who could raise her right and bring her successfully into womanhood."

"Godbee thought money more powerful than love. Mrs. Godbee thought love the greatest. It was his nature to try and buy a daughter's love with money. It was hers to retain that same love with parental devotion."

"It was just a question of the two inimical natures that caused that affair at the postoffice. The woman who was persecuted and oppressed, slew the man who persecuted and oppressed her. And the bullet holes in his body tell the tale. They show he was shot in advancing upon her."

Prepared for Killing.

Mrs. Godbee dabbed her handkerchief to moisten eyes in the courtroom this morning. When Attorney M. Dixon, assistant counsel for the defense, eloquently heaped praise upon her for shooting down a man who had slandered her character, she spoke in praise to Mrs. Godbee, "She deserves praise, she is worthy of it. I say all praise to her and any other woman who fires her revolver at any man who slanders her as Mrs. Godbee was slandered by this man."

It looked as though the prisoner would break into hysterics at another point in Dixon's speech, when he

pleaded with the jury to render a verdict of acquittal so that Mrs. Godbee might accomplish the supreme purpose of her life and educate her daughter, Sarah, who, when she grows up, will be a college-bred girl.

"This little girl of hers is her lone remaining delight. It is her duty and her desire to educate her and train her into the standard of womanhood of which she is worthy. I say it is her duty the mother. I'm satisfied you will."

The speech of G. C. Dekle, associate counsel for the defense, was fraught with dramatic element.

"I am proud to be able to appear in defense of Mrs. Godbee," he spoke. "I am proud of Mrs. Godbee, she is a woman deserving of pride and honor. She is not wholly responsible for the tragedy. It is not to be laid at her door, but to the door of the institution that she is a woman. There are no halfway grounds in this case. You must either convict or acquit her."

These words caused a stir in the court. They were uttered with fiery eloquence. At the close of counsel for the defense, there was perceptible agitation. The speaker turned to face his colleagues.

"Probably you will censor me for this; probably you won't. I say it because it is the truth. I say it because I am fully aware there can be no halfway grounds."

"I know this jury will not convict. It cannot do otherwise than acquit. Chivalry, if nothing else, will prompt them to this end."

Mild commotion spread over the courtroom and Judge Hammond was forced to rap for order before the attorney could continue his address.

"Mrs. Godbee is absolutely justifiable in the eyes of God and man. On the theory, if nothing else, that merely Judge Godbee's threats were necessary for her to prepare to protect herself and shoot on slightest provocation."

"No Unwritten Law Wanted."

"We don't need any unwritten law in this case. There are worlds of it that support everything we claim."

He said that presents and a shield to protect each other and that women shall protect, by all means, their character and reputation. You know, gentlemen, that that is woman's most sacred endowment.

To lose either is to be branded a prostitute. There has been no evidence whatever that controverts Mrs. Godbee's statement that the man she shot did not call her a harlot, a woman more fit for the tenderloin than the streets of respectable Atlanta.

"In addition to this, the evidence shows that Mrs. Godbee was a sufferer from paroxysms of grief and that, at times, she would be overwhelmed by realization that her husband had taken all her worldly goods, had left her bordering on destitution, and was, of later day, trying to alienate the affection of her children."

"The law says that if a man commits a crime, he is guilty, and this is just what we are contending. She had been inhumanly treated, her oppression at the hands of this man was insufferable. She was driven to frenzy."

"In the first place, she was married at the tender age of 18 years, right at the time where most happy girls of our land are playing dolls in blissful ignorance of the rough and troublesome course of life."

"From the very date of their marriage Godbee contrived to gain her fortune. He did it, and managed to get such complete control that her parents were even denied shelter in the parental home."

"You cannot convict gentlemen. You cannot censor her for her act in slaying a man who had vilified her character. I think that it is remarkable that she did not kill him when he first began spreading his pernicious stories."

Prosecution Praised Marksmanship.

Dwelling largely on the deliberation with which Mrs. Godbee had been slaying her husband and his bride, Judge A. L. Anderson, associate counsel for the prosecution, said in his address that Mrs. Godbee could be praised for one thing—the marksmanship. "I remember anything after Judge Godbee insulted her," he said, "and everything turned black. But she didn't miss a single shot from that six-chambered engine of hers. She stood in her tracks and poured five bullets that struck five vital targets and then walked to the doorway and fired a final shot that went through into the dying woman."

"In regard to Mrs. Spader's testimony, it is true, every word of it. She is a truthful little woman and she has no grounds whatever for telling a falsehood on Mrs. Godbee. And even at that, she was an unwilling witness. We had to handle her with gloves on the stand and the result was that she fell into hysterics."

"In reality, she tried to shield Mrs. Godbee. She strove to withhold parts of her story. And, after this very evident attempt, she is defamed and slandered by the defense for having told the truth on their client. I wish that all witnesses told stories as truthfully as was Mrs. Spader's. We would have more efficient courts to-day."

The speakers agreed upon brief addresses. None exceeded more than an hour except Attorney Dekle, who spoke for two hours and a half. W. H. Davis, leading counsel for the prosecution, spoke for less than thirty minutes. As Mr. Dixon began his address, he requested the court to give knowledge of the law on which Mrs. Godbee's counsel had based her defense.

"Thus far nothing has been mentioned of the particular law on which the defense is acting. I would like to know their attitude."

Judge Hammond ordered Attorney Saffold, senior counsel for Mrs. Godbee, to comply with the demand of the prosecution.

"The legal aspect of the defense," said Saffold, "is simply that Mrs. Godbee was justifiable in killing Godbee in self-defense and that the woman was killed purely by accident. Our plea is self-defense. There is no particular degree."

During his speech Davis arraigned Mrs. Godbee for not producing the letters and documents which she stated on the stand Thursday night were in her possession and which had come from some source unknown to her.

"The law says that when a person has evidence which would repel a claim of any kind and it is not produced in lieu of some inferior evidence, then the presumption is guilt is well founded. Consider Mrs. Godbee's statement inferior to documented evidence of any shape."

"My task, gentlemen, I feel, is but a slight one that all I have to do is to recall only a few facts and then sit down. The defense, in its argument that has produced the most favorable impression from the main issue, and instead of trying to show Mrs. Godbee justifiable, has devoted most of its energy in attacking Mrs. Spader."

"I don't know Mrs. Spader, but I do know a right smug about human life. I could tell readily that she did

"The Merry Countess" Scores Big Hit at Atlanta Theater

With the performance of "The Merry Countess" at the Atlanta theater Friday night, the Atlanta may be said to have really opened its season, for this show is truly up to the standard promised by the attractions that have been announced by Manager George.

Mabel Baker, in the leading role, with an unusual company, won the unstinted approval of a well filled house. The show itself, while announced as a musical comedy, more nearly approaches light opera than the former type of performance. And a cast of the caliber of the company is producing the higher type of show.

Mabel Baker, who is a woman of charming appearance, has a soprano voice of superb quality, and is of no mean ability as an actress. A star of the caliber of Mabel Baker has scarcely been heard in Atlanta outside of grand opera. Arthur Clough and Dale Winter both sing well. There is, in fact, not a voice in the entire company which is not above the average of those of the road show.

While the show is somewhat lacking in catchy airs, it does not fall short in really good music. It is well worth seeing.

NED MINTOSH.

Judge a Title That Clings.

(From The Washington Post.)

"When a man gets the title of judge it clings to him through life," remarked E. B. Gossman, of Cincinnati, as Judge S. S. Yoder, once a member of the house from Ohio, came down the Willard alley. "Whatever honors and titles come to a distinguished citizen later in life, if he has had judicial place, he delights to be called judge. He may have reached the white house, served as senator, in the cabinet, or foreign courts, but the title of judge is held dear to his dying day."

"President Taft is now called Judge Taft by his associates in college work at Yale. He was appointed on the superior court bench of Cincinnati years ago by Senator Forsaker, who has been a judge of that court only a few years before. Since then Forsaker has been governor and senator, but he, too, enjoys being called judge by old friends at home and Washington."

Others in Governor Hoadley's of Ohio, who defeated Forsaker in 1883, and was in turn defeated by Forsaker in 1885. Both were addressed as judge in their campaigns. Senator Goff, of West Virginia, would much rather be spoken of as judge than senator. Visiting New York democrats prefer to call Senator O'Gorman by his judicial title, William R. Day, who was secretary of state, was called judge while he served in the cabinet. The late William H. Taft, for many years in the house from Indiana, was known by no other title than judge. Allen G. Thurman, the "Old Roman," was known as Judge Thurman. He wanted to go on the United States supreme bench, but was once selected for it, but political enemies accomplished his defeat.

All About Prunes.

(Henry P. Dimond, in Leslie's.)

The prune in its fresh state is a beautiful bluish plum—either lusciously sweet or tartly sweet, according to the variety. The very sweet are the French, and the tart the Italian and German. While any variety of plum, having the requisite amount of sugar, will make a good prune, the great mass of production is confined to the varieties above named. California is the home of the prune in America, although large quantities are now produced in Oregon and Washington. But it is the climate of California, with its dry, rainless summers, warm days and cool nights, that makes it ideal both for producing and drying.

The first large prune orchard in California was planted in 1879, and today the state's crop is gathered from thousands of orchards representing nearly 5,000,000 trees in the aggregate, and the production in California alone has reached the enormous figure of 50,000,000 pounds of the fresh fruit must be gathered and dried, for it takes about 2½ pounds of fresh fruit to produce 1 pound of the dried or "cured" product.

Some idea of California's prune crop can be arrived at if we imagine the individual prunes laid in a line with the ends closely touching. This line would stretch more than 220,000 miles and it laid around the earth at the equator would circle it nine times with something to spare. Strung on a string less than half an inch apart this chain would reach from the earth to the moon and part way back again; if piled in a solid mass it would equal the weight of 100 to 120 to the pound the 20-40's being the largest and the 100-120's and over the smallest.

Think of all these individual pieces dropping from the trees and gathered by the orchardists of California, then spread on wooden trays and placed in the sun to dry in a climate where it rarely rains during July, August and September, the fruit drying season. Think of the thousands of orchardists and their helpers emptying this vast product into bags and boxes and the lines of wagons delivering it at the packing houses of the commercial packers and shippers, where, not only is each variety (sweet or tart) kept separate, but every fine prime time through mechanical "graders" to separate the commercial sizes, for prunes the world over are bought and sold on what is known as the "point" system (or size); that is, 40 to 45 to 50 to 55 to 60 to 65 to 70 to 75 to 80 to 85 to 90 to 100 to 110 to 120 to the point the 20-40's being the largest and the 100-120's and over the smallest.

Good Roads and "Back to the Land."

(Mrs. W. N. Hunt, in The Progressive Farmer.)

I believe that the country is the place to bring up boys and girls and children out to the farm to live, and in the city will in future live in the country. But if they do it will be because the roads are good. I have a friend who married an Illinois farmer, and as she was accustomed to the city and a noisy life, she drove into the city every few days. A fine highway was built past their property and a few months ago they rented the city house, took their four children out to the farm to live, and now Mr. H. has an automobile and his wife brings him in to the office and the children to school. They have the pleasures and conveniences of the city and the freedom and health of the country.

Every splendid road is a cause for rejoicing because the task of getting the children to school or the whole family to church has been minimized. A regularly attended school of course is usually a good one. Therefore good roads influence education and religious sentiment. We are beginning to get splendid roads all through the south and the desire for a lost in thankfulness for what we have.

PRES. WILSON NOW AT SUMMER WHITE HOUSE

Springfield, Mass., September 12.—President Wilson passed through here this morning en route to the summer white house at Cornish, N. H. The trip was reminiscent of campaign days, for not only did the president ride on the private car "Federal" from which he made most of his back platform speeches, but he was accompanied by Secretary McAdoo, of the treasury department, Secretary Taft and Dudley Field Malone, third assistant secretary of state, all of whom were Mr. Wilson's traveling companions on his pre-election day.

Messrs. McAdoo, Tumulty and Malone left the president's train at New Haven and continued to Beverly, Mass., where they will confer today with Colonel E. M. Wilson, intimate friend of the president, and the latter will confer with the Boston collectorship and two other federal appointments in Massachusetts.

SENATOR THOMAS TO BE COMMENCEMENT ORATOR

By John Corrigan, Jr.

Washington, September 12.—(Special.) Charles S. Thomas, of Colorado, will probably be the commencement orator at the University of Georgia next June. His name was suggested by Senator Bacon to Chancellor David C. Barrow, and the latter immediately approved the suggestion and asked Senator Bacon to extend the invitation.

Senator Thomas was born at Darlington, S. C., and grew up in the Rutland district of Bibb county. He was a classmate of Jesse Willis, one of the most prominent planters of that section, who has frequently urged Senator Thomas to pay a visit to his old home.

The opening speech of Senator Thomas on water power, attracted considerable notice, and he was welcomed by his democratic colleagues as one of the coming debates of the senate.

Ancients Made Automotons.

(From The Kansas City Star.)

"Automaton figures, made to imitate the actions of living beings, are of early invention. Archytas' flying dove was formed about 400 B. C. Prier Bacon is said to have made a brazen head which spoke, 1264 A. D. Albertus Magnus spent thirty years in making another. A coach, and two horses, with a footman, a page and a woman inside, were made by Camus for Louis XIV. when a child in 1639; the horses and figures moved naturally, variously and perfectly. Vaucanson, in 1738, made an artificial duck, which performed many functions of a real one—eating, drinking and quacking; and he also made a flute player. The writing automaton, exhibited in 1769, was a pentagram worked by a hidden confederate. An automaton chess player, invented by Baron Kempelen, of Presburg, Hungary, 1769, and known as Maelzel's chess player," excited intense curiosity wherever exhibited for many years. This was also worked by a concealed person; so was the "invisible girl." Early in the nineteenth century an automaton was exhibited in London which pronounced several sentences with tolerable distinctness. The "anthropoglossus," and alleged talking machine, exhibited at St. James' hall, London, July, 1864, was proved to be a gross imposition. The exhibition of the talking machine of Professor Faber, of Vienna, in London, began August 27, 1870, at the Palais Royal, Argill street. The automatic chess player at the Crystal Palace in 1873. Psycho, an automatic card player, was exhibited in London in 1878. A comic hure was hunted at Haddon, near London, in 1878.

Shipboard Newspapers.

(C. F. Talsman, in Leslie's.)

Apropos of wireless it is now nearly fourteen years since the first wireless newspaper, The Transatlantic, which has been one of steady progress under the personal direction of Mr. Marconi on board the American liner St. Paul, on which the inventor was crossing from New York to Southampton. The subsequent history of shipboard journalism has been one of steady progress and expansion. Today, besides such ambitious north Atlantic publications as The Daily Bulletin of the Cunard line; Das Atlantische Tageblatt, of the Hamburg-American line, and The Ocean Times, of the White Star line, there are similar institutions on the principal liners running to Africa and South American ports, while the interesting Wireless Herald receives the annual voyage to Alaska.

The Transatlantic newspapers receive their wireless news shortly after midnight from the high-power stations at Poldhu and Cape Cod. The papers are set up by hand (in typeset with the exception of the headlines, which are set by a typewriter) and reach the "public" at breakfast time.

Smashing the Record.

(From Judge.)

"She broke the trotting record," said the hall clerk and slick. "Say, talk about your steppers! She made the rest look sick."

"What horse was that?" I asked him. "My daughter, 'twas," said he. "She broke the record, and she's a turkey trot, old she."

—Walter G. Doty.

The Only Way.

It is as important to keep up the roads after they are built as to build them. We have seen beautiful stone roads go to pieces in three or four years because the ditches at the sides were allowed to fill up and the clay to spread over them. It cost \$10 to repair them for every dollar it would have cost to keep them good by having nothing of the loss entailed by having poor roads instead of good ones. A state may spend as much money as it pleases building roads, but until it has worked out a system of road oversight and repair which will make some man responsible for each mile of road every day in the year, and give him funds and authority to keep the road good, bad roads will be common, if not the general rule. The wasteful and foolish "free-labor" system must be done away with; and in its stead must come provision, not for one or two workings a year, but for constant care and the repair of all damaged roads.

ROBBER'S ARREST EXPECTED SOON

Southern Express Officials
Believe Man Who Stole
\$71,900 Between New York
and Savannah Is Known

Savannah, Ga. September 12.—(Special)—Developments of the past 12 hours lead to the belief that the mystery which surrounds the theft of \$71,900 from a strong box being expressed from New York over the Atlantic Coast Line will be cleared up soon. The next development in the case promises to be the arrest of the suspected of having been responsible for the robbery.

A high official of the Southern Express company said this morning that arrests may be expected at almost any moment. Nearly every man through whose hands the money could have passed has been subjected to a severe examination. This express company official said there was in the hands of the detective information which identifies the robbers to an almost certainty. A small army of detectives is at work on the case.

Expect Early Arrest
Savannah, Ga. September 12.—(Special)—The Southern Express company declared today that the evidence leading to a solution of the robbery of \$71,900 in transit from the Chase National bank of New York to banks in Savannah and Vidalia, Ga., and expected an arrest soon will be made.

MITCHELL TO ANSWER SUMMERVILLE CHARGE

Deputy Sheriff Mount of Summerville, Ga. started to the city of Atlanta today to answer a charge of swindling and beating a woman. Mitchell was arrested September 9 on a charge from Summerville, Ga. on a charge of swindling and beating a woman. Mitchell was released later when no deputy appeared for him. Deputy Sheriff Mount put in an appearance and Mitchell was again arrested.

The police say Mitchell is wanted by the federal officers for using the mails illicitly.

MAY KNOW HIS FATE BY END OF NEXT WEEK

Governor to Finish McNaughton
Record Tomorrow—Doctor
Wires Thanks

There was a ring of genuine feeling in the telegram of thanks for its part in the recommendation for full pardon which Dr. W. J. McNaughton sent to the prison commission from his cell in the Chatham county jail yesterday. It said:

"I thank God and your honorable board for recommendation for full pardon. I knew God would not permit the innocent to suffer."

Governor Slaton's already working of the McNaughton case having spent the better part of two nights last night at the night before going carefully over the evidence. He said Friday that he had to finish the entire record by Sunday night. In reference to his working on the case on Sunday, Governor Slaton said the example of the late President Cleveland who declared that pardon cases were a work of mercy and therefore allowable on the Sabbath.

The governor will set a date for a hearing on the case probably on Monday. The hearing will be on some day later in the week. As soon as possible after the hearing the governor will announce his decision in the matter and it is not unlikely that the condemned man will know his fate by the end of next week.

LAST NARROW GAUGE ROAD TO DISAPPEAR

The last bit of narrow gauge railroad track is to disappear from Georgia in the immediate future. This is the branch of the Gainesville Midland running from Gainesville, Belmont through Winder to Monroe, 35 miles long.

The authorities of the road yesterday petitioned the railroad commission for permission to issue \$231,000 in bonds to be used with new bonds already issued as collateral for short term notes to the amount of \$325,000. The purpose of the issue is to change the track from narrow to standard gauge.

This change will mean the passing of a few gauge roads from Georgia. According to Campbell Wallace secretary of the railroad commission, he says that this piece of track is the last narrow gauge in Georgia.

SIGHT OF PRETTY GIRL CAUSED THIS ACCIDENT

Miss Waters of Griffin was slightly injured Friday when an auto driven by him in the middle of Whitehall street at Mitchell. His injuries consisted of a lacerated hand and arm and a dislocated shoulder. The driver, a young man, was giving a pretty girl the once over and failed to hear the warning auto horn.

Mitchell Is Indicted

The grand jury on Friday returned an indictment against John T. Mitchell charging him with attempted criminal assault upon a young girl. Mitchell was arrested upon a county complaint from a young girl living on Utley road. The attempted assault is alleged to have taken place September 8.

Hughes to Request Railroads To Report Cotton Movement

That the state department of agriculture will take steps in the near future to secure stated reports regarding the movement of cotton, such information to be given out weekly during the cotton season for the information of farmers and the public generally, was indicated by Assistant Commissioner of Agriculture Dan Hughes, yesterday.

He declared that something would probably be done in the matter as soon as Commissioner Price returns from Mississippi where he has been inspecting the boll weevil district with a party of Georgians interested in the subject. He is expected to be back the first of next week.

That statistical information regarding the movement of cotton would be of great value to the farmers, he has no doubt, said Mr. Hughes. The great difficulty that confronts us is to devise a plan whereby accurate information may be gathered with the means at our disposal. Unless the information obtained is strictly reliable it will of course be of little or no value.

Probably Best Plan
Probably the best plan that could be devised would be to obtain a list of all the warehouses in Georgia and send out reply postal cards to them each week. This would involve considerable expense as well as a large amount of time. The money necessary to carry it out we have not available just now and that naturally eliminates it from consideration.

Only Plan Feasible
There is another plan that I have in mind which might work almost equally as well and which I believe we can carry out provided we can get the railroad to co-operate with us. That is to have the roads furnish us

with weekly reports of the number of bales of cotton shipped from their various stations and their routes. They might save time and trouble by having their agents at the various shipping points furnish us with weekly reports directly on blanks to be furnished by the department. All that would be necessary would be the date and the number of bales shipped as well as the point of shipment then mail the card to us.

I have been advised to take this matter up with the southern railroad first as that system might be most disposed to assist us and I have about determined as soon as Mr. Price returns, and I can confer with him in the matter to get into communication with the railroads and see what they will do.

Other States May Follow
It has been suggested that it would be accomplished for Georgia alone to take this matter in hand unless the other states in the cotton belt can be induced to do the same thing. But some state has to start the movement and why not Georgia? I believe that if Georgia could take the matter up and do something with it the other states would see the benefit of it and would join in.

The real solution of the whole problem as I have said before is the establishment of a statistical bureau in connection with this department to co-operate with the bureau of statistics in Washington in securing information of all kinds of interest to farmers. That however would require legislative action and it may be some years before we can get the general assembly to see the necessity of it.

FOR MURDER OF CHUM YOUNG BOY IS INDICTED

Frank Barton Says He Was
Showing Friend How to De-
fend Himself in War

An indictment was found by the grand jury on Friday against Ralph Barton, a 14-year-old boy for the murder of his chum and playmate John Edgar some time in the early part of last July.

Little Ralph claims that the slaying was entirely accidental and that they were just playing when it happened. They were showing each other how they would defend themselves against a Mexican in personal combat should war break out between the United States and Mexico. Ralph struck at John with a knife and John stepped toward him as the blow was dealt receiving the full force of the knife when he had not intended to strike him at all. The stabbing occurred on Kennedy street.

While the grand jury was weighing the case of the child his mother sat outside the door and awaited the decision.

She was paralyzed for an instant when the news was broken to her and afterwards broke down and wept quietly. She believes thoroughly that her son struck the fatal blow in all innocence and in nothing but the best of feeling toward his chum.

FREDERICK HALL TO PLAY AT AUDITORIUM

Frederick Hall organist of historic Christ church Philadelphia and one of the best known choir masters of that city is in Atlanta and will be the soloist at the free organ concert Sunday afternoon at the auditorium under Music Festival association auspices. Mr. Hall is perhaps the best known organist in Philadelphia and is arranging a brilliant program for his Atlanta appearance.

Mr. Hall is one of the organists who have come from various parts of this country and from England to appear in Atlanta in connection with the efforts of the Music Festival association to select a successor to Dr. Percy J. Sturges.

FIRST MEETING W & A COMMISSION SEPT 22

In accordance with an order issued by Governor Slaton yesterday morning the first meeting of the W & A Atlantic commission will be held in Atlanta September 22. At this meeting the commission can do little more than organize and possibly make some plans as to how it shall go about its work. There will be several meetings in Atlanta and possibly at other places along the road during the course of the next year. The commission will report its findings to the general assembly when it meets again next summer.

INDUSTRIAL HOME BOYS RUN AWAY FROM HOME

The Atlanta police are on the look out for three young hopefuls full of visions of red skins and heap blood who fled the Fulton County Industrial Home for Boys at Hapeville Thursday telling their chums they were on the way west.

The boys are Martin Bohler, J. P. Dillard and Grady Sedderfield.

Another State Depository
Governor Slaton on yesterday designated the Bank of Ashburn, a thriving state bank in the county seat of Turner county as a state depository.

THE DAY IN CONGRESS

Washington, September 12.—(Special)—The day in congress.

Senate.
Not in session. Meets Monday.

West Virginia strike inquiry committee continued hearing coal operators.

House.
Met at 11 a. m., continued to debate on currency bill.

Representative Anderson introduced resolution for commission to investigate legislative practices in the house.

Labor committee voted to favorably report bills regarding convict-made goods.

Former Representative James E. Watson denied charges against him made by Martin M. Mulhall before lobby investigating committee.

MONDAY SEALS DOOM OF STRAW LID HERE

If You Don't Buy New Hat To-
day You May Be Embarrassed Monday

Monday is the day which seals the doom of the straw lid in Atlanta for the season of 1913. Any hat seen on the streets of Atlanta on or after September 15, which is Monday, is liable to service as a foot ball to any passerby who feels at all playfully inclined.

Inasmuch as the day before Monday according to the 1913 calendar is Sunday when no stores are open it greatly behooves citizens to take the precaution of purchasing the new fall derby and fuzzy wuzzy. Saturday is a man's liable to find his pate exposed to the elements at a most embarrassing moment Monday morning.

Piedmont to Celebrate After Theater Season Opening Monday Night

At 10 o'clock next Monday night the Piedmont hotel will open its doors to its main dining room to the public with a big celebration in honor of the entire of the after theater season. It will be the first souvenir night of the year and two operatic stars accompanied by a five piece orchestra will amuse those whose yearning for entertainment has not been satiated at the various theaters which are all now in full swing of the 1913-14 season.

In addition to the music and semi-opera entertainment the celebration Monday night will mark the formal opening of the winter season which has been somewhat delayed by the hot weather.

As in many times past like celebrations were held in the Piedmont, guests in order to secure accommodations will be obliged to make table reservations in advance and no person will be admitted without a card.

The new orchestra which will make its debut to the elite of Atlanta Monday night is a carefully composed of boys coming direct from the east and is one of the best to be procured. Attractive souvenirs will be placed at every plate. Bells, horns and other noise making devices will be distributed to assist in the merry making and it is the intention of the management to make the occasion as much as possible an evocation of the carnival spirit of old Venice.

BROWN, GRAY & TRIPES FOR CONVICT GRADES

Now that a large majority of the convicts of Georgia are to be taken out of stripes, the people will be interested in knowing what they will look like in their new uniforms. The prison commission decided yesterday what these uniforms should be accepting the samples gotten up for them by the Atlanta Woolen mills.

First grade convicts will wear a uniform of heavy brown cloth cotton in summer and 50 per cent woolen in winter. Second grade convicts will wear a gray uniform of the same material while only third grade convicts will be attired in the regulation stripes. The prisoner's number will be stamped plainly on the back of each uniform as a means of identification.

Every prisoner will be placed in stripes on his entrance in the penitentiary and the stripes shall escape in his passage to the second and then to the highest grade will depend very largely upon his conduct.

THIRTEEN NO "JINKS," SAYS DR. McNAUGHTON

Savannah, Ga. September 12.—(Special)—Dr. J. W. McNaughton, for whom a full pardon has been recommended by the prison commission, regards thirteen as a lucky number. He surrendered on the thirteenth of the month, two decisions were handed down on the thirteenth in his case, he was refused a new trial on the thirteenth, and he expects to be pardoned in the year 1913.

"I'll never believe in the thirteen jinx," he said today.

Change Suburban Schedule Central of Georgia Railway

Effective September 14th, suburban train No. 108 will leave Atlanta 6:15 p. m. instead of 6:10 p. m. Arrive Jonesboro 7:15 p. m. (Adv.)

MAY INVOKE MOVIES TO BENEFIT FARMERS

Department of Agriculture Has
Cinematographic Lecture to
Offer at Small Cost

Moving picture lectures dealing with agricultural topics to be given in various towns of the state for the benefit of farmers is the latest plan of the state department of agriculture. As there will be some cost attached to the giving of the lecture, for which no provision has been made by law and which will have to be borne by the communities affected, Assistant Commissioner Dan Hughes is taking the matter up with the various communities to ascertain whether or not they are willing to stand the cost which will be small in each case. Upon the response received will depend whether or not the lecture will be given.

An Interesting Lecture.
The lecture is entitled the Dawn of Plenty and deals with the history and development of agriculture almost from the beginning of the world down to the present time showing how it is the basis of all progress and prosperity. Accompanying the lecture are moving picture scenes of agriculture in various ages from ancient down to modern times besides stereopticon slides showing modern phases of the industry. It is said the lecture and exhibition are not only entertaining and instructive but are of great value from a practical standpoint inasmuch as they illustrate the best known agricultural methods of today.

The department has an opportunity to secure this lecture at a very low figure—\$25 for each community where the lecture is given. This is less than half what it would cost the department if it should attempt to get up a lecture of this kind on its own hook.

EDGEWOOD AVENUE PAVEMENT DAMAGED BY SUBURBAN CARS

When the question of the damage being done the Edgewood avenue pavement by the heavy suburban cars passing over the tracks on that street came before the streets committee of council Friday afternoon President Preston Arkwright of the Georgia Railway and Power company appeared before the committee and declared that his company stood ready to tear out the tracks and put in new tracks with any sort of foundation that the city construction department might stipulate, and replace the pavement providing the city will furnish the necessary paving material.

This proposition was referred to the

construction department for the purpose of making a report on the conditions to the city attorney for a ruling as to whether the city or the street railway company is responsible for the present condition of the pavement and should bear the cost of new paving material.

The streets committee contended that the condition of the pavement is due to the lack of proper substructure for the tracks to carry the traffic of the heavy suburban cars.

The street railway company, however, is of the opinion that the condition of the pavement is due to the settling of the street where fills have been made.

Should it be found that the streets committee is right in its contention, it is probable that the city will protest against paying for the paving material.

**ALABAMA FUGITIVE IS
LOCATED IN HONDURAS**
Selma, Ala. September 12.—Theodore Lacey, alleged defaulting chief clerk of the Alabama state convict department, is in Honduras, according to a letter received from Arthur W. Donner, of this city, who says he met Lacey at Puerto Cortez, Lacey, who is charged with stealing \$90,000 disappeared last spring.

ATLANTA NEW YORK PARIS

The Store Will Be Open All Day Today

We Are Pleased to Announce That We Have Secured the Atlanta Agency for the Justly Celebrated Madame Irene Corset

Ever on the alert to better our service, to give to our customers the best and most satisfactory merchandise the markets of the world afford, we have taken another and notable step in the right direction by securing the agency for Madame Irene Corsets.

Madame Irene, the maker of Madame Irene Corsets, is rather generally conceded to be America's most potent corset style factor.

She spends half of her time in Paris, and there she sees and studies with the eyes and mind of a genius the styles as they are evolved—nothing that is worthy escapes—and Paris is the home of the artistic corset. And then she brings these ideas to America and gives us the style and beauty of the Paris corset in models built for the American woman.

The result is that Madame Irene today is the ranking maker of what we might term the finer corsets—and so Madame Irene Corsets come to Chamberlin-Johnson-DuBose Co.

That they show style points that have not yet been put into other corsets; that they are exquisitely and sturdily made; that they are designed along lines that mean at once comfort and poise, are points that a visit to our Corset Section right now will very happily and quickly prove.

Some of the marks of Madame Irene distinction this season are—

Elastic corsets, with no bones, and an inch and a half height of bust.

Tricot corsets, with two bones, and very long skirt.

Silk brocade corsets with free hips.

Silk brocade corsets with elastic lacing over the abdomen and tricot gussets over the hips.

Madame Irene Corsets may be had in models for every figure, and now, before the suits and dresses for fall are bought, is the time to get the model best for you.

They are priced from

\$5.00 to \$37.50

Chamberlin-Johnson-DuBose Co.

**Doff Your

GEORGIA LOOKS GOOD, WIRES JAMES D. PRICE

Commissioner Telegraphs Assistant of Crop Conditions in Other States

Have seen lots of cotton today ruined by boll weevil in Louisiana. Will inspect crops in Mississippi tomorrow. Georgia looks good to me. Have not seen any good corn since I left.

The above is the text of a telegram received by Assistant Commissioner of Agriculture Dan Hughes from the Commissioner J. D. Price from Jackson, Miss. yesterday morning. Together with Lee Wortham state entomologist and Phil Campbell of the office of Agriculture the commissioner is making an inspection of crop conditions in the boll weevil country.

Nothing could better indicate the extent of the damage to the cotton crop of Georgia this year than the fact that the boll weevil has not yet been found in the state. The crops are said to be generally above the average. An able telegram of the commissioner.

Discussing the peril of the boll weevil and the necessity of making preparations to meet its almost certain coming Mr. Hughes said Friday. With all that has been said about the danger of the boll weevil, it is a given fact that its appearance in a given cotton area means that our farmers do not seem to be yet sufficiently aroused to make the necessary preparations to meet it. Unless a section is prepared for it, coming the weevil will bring with it almost paralyzing effect. It is told by a farmer in northern Mississippi that his county town which had been ordinarily shipping 20,000 bales of cotton each year shipped only 1,500 the first year that the weevil arrived. The cotton crop in that section had been practically annihilated and the farmers were faced with starvation.

The only sure way to get ready to meet the weevil is by crop diversification. It is just as necessary to insure against disaster from the boll weevil by diversification as it is to insure against the ravages of a small pox scourge by vaccination. Means have been found which slightly check the ravages of the pest when it comes such as the planting of early maturing varieties of cotton but the only real protection for the farmer is to make himself financially independent of cotton. This he can do only by his attention to other crops.

Mr. Hughes spoke very highly of the great work that is now being done by the State College of Agriculture in connection with the department at Washington to educate the farmers of the southwest Georgia to meet the boll weevil which will most probably arrive next year.

First Lieutenantcy for McCabe

A commission as first lieutenant in the Irish Boy's Own Company 1st Infantry was signed yesterday by Governor Slaton for Michael Dwyer, a native of Savannah. The commission dates from August 13, 1913.

ASSERTS EUREKA HOTEL WAS DISORDERLY HOUSE

M. L. Rockmore Attacks Former Proprietor and Landlady in Defending Suit

Claiming that the Eureka hotel was a disorderly house and not a place of good character, as represented to him when he contracted to purchase the lease, Rockmore defended himself before Judge Pendleton Friday against Henry Ergens who sued him for a \$200 note as deferred payment in the Rockmore lost in Friday's action and immediately made a motion for new trial.

Rockmore testified that when he bought the business of the Eureka hotel from Ergens about a year ago, Ergens represented to him that it was a place of good reputation but that shortly after he took possession he found it to be nothing short of a public disorderly house. He stated that instead of having a transient patronage as he claims was represented to him, it was filled with lewd women who received men callers.

On this ground he refused to pay a \$200 note in payment when due and Ergens sued. Rockmore also testified that Ergens and the landlady formerly employed by Ergens remained at the hotel several days after the transfer of business and that one morning when he knocked on her door he discovered Ergens in the room with her. The Ergens denied Ergens stated that his housekeeper, a former telephone operator about 25 years old and very pretty, Ergens was asked whether or not he testified that such was not the case but that the police frequently came into the hotel to get warm. Rockmore swore that after he took possession of the hotel two of the women who were staying there were arrested on charges of immoral conduct in other parts of the city.

BLIND NEGRO HELD AS BIGGEST BLIND TIGER IN BREMEN

Bremen, Ga. September 12—(Special)—What was considered the biggest blind tiger ever operated in this section was unearthed by city officers here Monday following which more than half a dozen arrests were made. It was a blind negro it is alleged has been steadily engaged in the traffic since about the year 1900 of the present year and the records produced in justice court reveal the charges that this blind tiger disposed of from ten to fifteen gallons of gin oil the principal part of his shipments being received at the Waco express office three miles away. A preliminary hearing before a justice of the peace at Bremen was held over to the Haralson county grand jury.

COURT WILL DECIDE SONG BOOK RIGHTS

W. M. Cooper, a resident of the state of Alabama, yesterday filed a bill in the federal court for the northern district of Georgia, a declaration that the state of Georgia had wrongfully and illegally made use of Cooper's song book. The record shows in the papers made of record Cooper avers that he had applied for and had been given a copyright by the government on "The Sacred Harp" in 1875 and 1876 and that J. S. James had infringed upon his rights by reproducing his creations under his own name. Judge Newman after reviewing the papers issued an order directing the parties interested to appear before him in his offices in the federal building Wednesday September 22.

MISS MILLER ON STAND ON PERJURY CHARGE

San Francisco September 12—Hazel Miller formerly stenographer for Attorney Charles B. Harris of Sacramento on trial jointly with Maury I. Diggs for alleged conspiracy to suborn perjury resumed today on the witness stand her account of the visit paid to the office of Harris by Nellie Barton also of Sacramento and a friend of Marsha Worthington.

The defense does not deny that this visit took place and that Miss Barton later bore a message from Diggs and Harris to Miss Worthington but contends that she carried friendly counsel only not instructions in perjury for which the Diggs-Cammett case. Nellie Barton the main witness for the government then was called.

Negro, 6, Kills Baby Brother

Cuthbert, Ga. September 12—(Special)—Crawford Wimberly, a respectable negro living in a town of about 100 people, came into town yesterday with some cotton. His wife being away he left alone at home only the smaller children. So after he was gone some negro boy in a pasture near the house heard the report of a shotgun and running to the house saw that Crawford's son who is 6 years old had in some manner got the shotgun and aiming at the baby about 7 years old pulled the trigger killing the baby instantly.

Bowdon College Opens.

Bowdon, Ga. September 12—(Special)—Bowdon college has opened with more than three hundred students with every prospect for hundreds of new pupils at an early date. This is one of the oldest institutions of learning in Georgia and her walls are hung with distinguished sons who claim her as alma mater. The Carroll County Boosters were here Thursday evening 100 strong. A brass band and many excellent speeches were the order of entertainment during their stay and every citizen present felt it was good to be in Carroll county.

Two Timely Sermons

Rev. Dr. Hugh Walker will preach two timely sermons next Sunday at the First Presbyterian church at 11 a. m. and 8 p. m. The morning topic will be "Developing the Spiritual Assets of Atlanta with friendly ment during their stay and every citizen present felt it was good to be in Carroll county." The evening topic will be "A New Lesson in An Old Garden." Seats are free. A warm welcome to all visitors and strangers.

MACON VOTERS BREAK REGISTRATION RECORD

Coming Primary Causes 5,000 to Register—Shows Big Growth of City

Macon, Ga. September 12—(Special)—The registration for the coming municipal primary passed the 5,000 mark today breaking all previous records. Back of the registration Macon people see more than just a heavy vote in the primary. They see evidence of the rapid growth of the city and figure that with a registration of 5,000 the total population of the city is now over 20,000. This usual ratio is about one voter out of every twelve inhabitants.

The negro population of Macon is about one third and only a mere handful of them are registered voters. The last government census only gave Macon a population of 10,663 and it has always been contended that the government did the city a rank in justice.

Must Pay Alimony Today

Macon, Ga. September 12—(Special)—Judge Matthews today ordered D. F. Arnold a contractor to pay his wife \$25 by 10 o'clock tomorrow morning or go to jail for contempt of court.

Arnold was held in contempt some time ago for failure to pay the alimony but Judge Matthews granted him an extension of time. This morning, Attorney S. W. H. H. reported that Arnold had been unable to dispose of his property and as Mrs. Arnold demanded cash he was unable to settle the claim.

Saloonists Fined Guilty

Macon, Ga. September 12—(Special)—J. Jones and L. L. H. Grace two saloon men today entered a plea of not guilty to the charge of selling liquor to a minor. The present term of the city court has seen more saloonists than any term in the last two or three years.

C. F. RAWLINGS DEAD

Head of South's Largest Dairy Kills Self at Sandersville

Sandersville, Ga. September 12—(Special)—Charles F. Rawlings, head of the South's largest dairy, committed suicide today at his home in Sandersville. He was 50 years old and had been in the dairy business for 20 years. He was a well-known and popular man in the community.

BANK WRECKER MAKES FIGHT ON REQUISITION

Albany, Ga. September 12—(Special)—The habeas corpus case of A. D. Oliver alleged claimant of a writ of habeas corpus, was argued today in the city court where it held Judge Clayton Jones for several hours last night. There is no way of telling when the evidence which is in the hands of the judge will be able to answer his question on which will have the question whether Oliver shall be returned to Mississippi.

"BIG TIM" SULLIVAN STILL MISSING FRIDAY

New York September 12—Representative Timothy D. Sullivan, who disappeared last Friday, was still missing today. Reports that he was in a sanitarium at New York under the care of a New York physician were declared by the physician today to be unfounded. An attorney for the committee which was put in charge of Mr. Sullivan's estate when he was alleged incompetent, testified today that the story of his death was a "hoax" and that he was still alive. This statement surprised Mr. Sullivan's friends, most of whom believed he was with it least a million dollars.

JANIN WOMAN FOUND LIVING IN HAVANA

Havana, September 12—Mrs. Leta Janin who was supposed to have been murdered in New York, her body cut up and thrown into the Hudson river and Vincent Flanck, who has been mentioned in connection with the case were today found living in a house in Havana street here. The couple said they had lived together in New York and had fled for Havana ten days ago after Flanck had had a dispute with Casper Janin the woman's husband, over the question of the Janins obtaining a divorce.

\$1 SUNDAY EXCURSION To Warm Springs and Return

via A. B. & A., at 8 a. m. from Union Station, September 14th and 21st.

Influence Actuating Crime, Point Stressed by Hammond

Millen, Ga. September 12—(Special)—Judge Hammond's charge was in brief:

Gentlemen by all means bear in mind your oath to consider this case absolutely without prejudice or bias. If you are personally acquainted with any facts of the tragedy or of the defendant or others connected with it, cast them entirely aside.

The accused must be given every benefit of a reasonable doubt. If you have any such doubt, acquit her. If you have none and are wholly convinced it will be your duty to convict her. You are not called to determine physical fact. It is not an issue that the bullets were inflicted by her. That much is admitted.

The question is the motive which prompted the act. You must determine the psychological influence which actuated the woman. Where there was no evil design you must find guilty. The bill of indictment charges murder and as a matter of law manslaughter. Before there is murder malice aforethought must exist.

The defense has set that up that the killing of the woman for whom the defendant is being tried was an

accident and that the slayer was justified by self-defense in shooting Judge Goodbee. If a person attempts to feloniously kill one person and by misadventure kills another, the crime is nevertheless complete.

Bare fear however, will not legally permit homicide. Revenge is a law of the jungle and not of Georgia and civilization. In considering defense for homicide you must be positive that the defendant acted from dread, fear or apprehension.

Manslaughter is a crime actuated by anger or jealousy without any deliberation whatever. The law is a human institution, applicable to all things and places. It is no abstraction but is made with regard to human nature and its frailties.

Provocation by word or gesture is not sufficient to lower the crime from murder to manslaughter. The forms of verdict and their effect shall be guilty sentence of death not guilty exoneration guilty with recommendation of life sentence guilty of voluntary manslaughter from one to twenty years.

The most sacred rights of the prisoner and the public commonwealth now rest in your hands. I have tried to aid you. Your verdict must be the truth and nothing but the truth.

SAVANNAH MAN DEAD FROM ELECTRIC SHOCK

Daniel Baron Breweryman, Put Hand on Worn Insulation on Electric Switch

Savannah, Ga. September 12—(Special)—Daniel Baron, head kettlemaker at the Savannah Brewing company, was instantly killed by an electric shock at 10 o'clock today. He took hold of a switch controlling the current which operates one of the engines in the brewing room and his hand came in contact with the wire. The current where the insulation had worn off. The current passed through his body electricuting him.

DEMOCRAT BECOMES CORDELE POSTMASTER

Cordele, Ga. September 12—(Special)—The commission of Dr. A. L. McArthur as postmaster at Cordele, having arrived yesterday, from President Wilson Judge J. G. Bantright who has held the office for several years under the republican administration relinquished authority in the office today and the new postmaster assumed his duties. It is understood that Assistant Postmaster S. L. Felder will hold his office in Judge Bantright will be in that position until that time when he changes whittier in the clerical force of the office.

AGED MAN IS KILLED IN CROSSING TRACK

Helen, Ga. September 12—(Special)—J. W. Grimes, aged 87, was instantly killed by Southern train No. 11 while crossing the track in north Helen this afternoon. He seemed to be looking at train No. 13 which was pulling a wide track for another train to pass. Mr. Grimes lived three miles north of Helen with his son, John Grimes. Many people witnessed the accident.

FATHER AND SON ARE CONVICTED TOGETHER

Shot-Up Town and Threatened Life of Marshal—Rioting Charge Still Stands

Valdosta, Ga. September 12—(Special)—R. S. Williams and his son Bob Williams the men who were charged with shooting up the town of Haylow, Ga. and threatening the life of Marshal Ben Worthington were convicted in Echols county superior court and sentenced today by Judge W. T. Thomas to one year each on the state prison farm.

The charge of rioting will stand against them and they may be tried later. They were indicted on the charge of carrying concealed weapons. No case in recent years has excited more interest in Echols county. The convicted men were regarded as desperadoes when arrested and citizens of Haylow stated before the trial that if they were discharged from custody the people in the little town had just as well move away as the Williams would come back and wreak summary vengeance.

ALBANY GIRL DIES AFTER LONG ILLNESS

Albany, Ga. September 12—(Special)—Miss Evelyn Darby, 17 years old, one of the most beautiful and most popular young women in Albany died here this morning after a long illness. She was the only daughter of Mrs. Pearl Darby. The body will be carried to Garland, Ala. tomorrow for burial.

Bremen Child Dead

Bremen, Ga. September 12—(Special)—Ruby, the 8 year-old daughter of Mr. and Mrs. W. L. Reese, died at the home of her parents Thursday morning after an illness of ten days. The interment took place in the Bremen cemetery.

UNLAWFUL CONSPIRACY CHARGED BY OPERATORS

Name of Secretary of Labor Brought Into Hearing—Says Big Sums Raised

Washington, September 12—In support of their attempt to show an unlawful conspiracy between the United Mine Workers and coal operators of western Pennsylvania, Ohio, Indiana and Illinois fields to stop the production of cheap coal in West Virginia, attorneys for the West Virginia operators today brought in the name of William B. Wilson, secretary of labor. In 1902 Wilson was national secretary of the United Mine Workers.

D. C. Kennedy, now secretary of the Kanawha Coal association, testified that Wilson in that capacity at a miners' meeting in Huntington ordered a strike in West Virginia fields. Mr. Wilson told us a strike was necessary in West Virginia to win the anthracite strike in Pennsylvania. testified Kennedy. He added that during the recent strike on Paint and Cabin creeks the miners in West Virginia raised \$8,000 while miners outside the state contributed \$15,000. Kennedy testified that "Mother" Jones was paid \$1,368 from June to November last year, according to the accounts of the mine workers.

Do you know of a single operator in Ohio, Pennsylvania, Indiana or Illinois who has contributed a penny to organize West Virginia?" demanded Attorney Bantright for the United Mine Workers. Kennedy admitted he did not, and also that mine owners in four other states had fought unionizing West Virginia.

College Dinner.

A beautiful event of last night assembling a gay little group of the college set was the dinner given by Mr. and Mrs. William L. Moore at their home in compliment to Miss Bertha Moore, a senior this year at the high school. Mr. Clark Howell, Jr., who returns to the University of Georgia, and Mr. Howell Foreman, who returns to Harvard.

The party included Misses Bertha Moore, Caroline Nicolson, Lillian Stephens, Dorothy Arkwright, Virginia Lipson, Miss Detheridge, Margaret McKee, Gail Hoke Smith, Messrs. Clark Howell, Jr., Howell Foreman, Robin Adair, Carl Scipio, Percin Nicolson, Robert Forrester, Chauncey Butler, Fairfax Montague. The decorations were a picturesque arrangement of the pennants of the several colleges represented at the dinner—University of Georgia, Georgia Tech, Harvard, Vanderbilt and Columbia and their colors with those of the high school among which red and yellow predominated gave the color theme for the table.

The oblong centerpiece was a mirror of weathered wood, around which were set silver baskets filled with yellow and red and purple dahlias each basket tied with one of the college colors.

At each place were cups with scarfs in the college combinations and at intervals on the table were cups on gold stools and other cups peeping out of little green trees with red blooms. The place cards were in French figures of boys and girls on fans and other cards were passed which afforded much fun each card having some comic rules of good manners at the dinner table. The less were cups, rowing boats, flying silver pennants on which was the word "Goodbye" and with the cups were funny little number hiefs for favors. Miss M. C. was a hostess her gown a black and white lavender satin.

School Gul Luncheon

A box lunch of young girls were the guests of Mrs. W. L. Williams at luncheon yesterday.

FIVE CHILDREN TO WORK FOR

Quite an Undertaking For a Lady But Mrs. Wright Doesn't Mind Now

Asheville, N. C.—Mrs. Minnie Wright of R. F. D. No. 1, this city, says I don't think there is any medicine made that would have done me the good Cardui the woman did. I have five children to work for and I praise Cardui for giving me the good health to do it.

I was in a delicate condition on account of a relapse of measles which left me in a bad shape and I also had severe headaches and backache. Was in too bad a fix for anyone to live it seemed to me.

I was told that my only chance was an operation but I decided to try Cardui instead. I only took two bottles, and now I am well and strong again.

I don't believe there is any medicine on earth that will help suffering women as Cardui will. I have already gotten several ladies to try it, and I am going to continue to recommend your medicine.

For more than 50 years Cardui has been successfully used in the treatment of women's ills. It has been found to relieve women's pains and strengthen women's weakness.

If you are a woman and suffer from any of the ailments peculiar to your sex, we urge you to give Cardui a trial. It has helped more than a million women in the past half century, and will do the same for you if given a fair trial.

Your druggist sells Cardui.

N. B.—Write to Chattanooga Medicine Co., Ltd., 111 S. Adams St., Chattanooga, Tenn., for special instructions on your case and 64-page booklet "Home Treatment for Women" sent in plain wrapper.

CLASSMATE OF FRANK WRITES WARM DEFENSE

New York Physician Declares Frank Was Noted in College For His Clean Morals.

Dr. Morris J. Clurman, A. B., graduate of Cornell university with Leo M. Frank and now a resident of New York, writes the following letter to The Constitution in reference to the case of his classmate:

Editor, Constitution: I trust you will honor a New Yorker with a little space in your newspaper and thereby yield me an opportunity to express candidly and in an absolutely unbiased manner what I know concerning the character and past life of Leo M. Frank, who is now convicted to die for a horrible crime that was committed in your city.

As a classmate of Leo M. Frank at Cornell and as one who for four years while at college and for some years thereafter came into intimate contact with him, I feel particularly and peculiarly qualified to speak with authority concerning the character and previous reputation of Leo M. Frank. While at Cornell Mr. Frank was regarded with uniform respect by both the members of the faculty who knew him and by his fellow students who loved him for his many qualities. His warm heartedness and his readiness at all times to help a friend in need were suddenly asked to believe that he is guilty of a crime of the foulest possible nature. Knowing Frank as I do, I cannot but believe that a colossal mistake has been made and that guilt has been fastened upon an absolutely innocent man. If I thought for an instant that Frank was guilty I would not raise a finger to save him. I have carefully followed the course of Frank's trial in the Atlanta papers and cannot see how he was convicted upon the evidence presented.

Just consider that the evidence was entirely circumstantial and that the strongest points of incrimination were based upon the word of an irresponsible negro watchman. That the unsupported word of a negro who at the trial was proved to be a perjurer and a criminal should be used effectively to convict a man of enviable reputation and standing is something that passes understanding.

Here are the facts. We know that Leo Frank has been married only a short time and that his wife was ideally happy. The implicit faith of his wife in him testifies to that fact. This must be constantly borne in mind, especially when we consider the character of the crime. Can it seem natural or probable to reasonable human beings that a young man who has everything to live for who is very happily married who is blessed with the respect and love of many friends and who has always enjoyed a spotless and unblemished reputation should suddenly commit the very worst crime that is possible in all the categories of crime? Such a state of affairs is irreconcilable and inconsistent with all knowledge of human nature. Only a man absolutely insane or degenerate could be guilty of the crime for which Frank was convicted. And all the evidence points to the fact that Frank was absolutely normal on the day of the crime. Does that seem natural? Does his behavior during the trial and since his conviction appear to be that of a man guilty of such an atrocious crime? A man who could be the perpetrator of such a horrible crime would have been bound at some time previous to betray his evil nature to his intimate friends and acquaintances. But I do not know of a single stigma

that could be attached to him by any of his classmates or friends.

Even the prosecution will acknowledge that Frank is a highly intelligent man. Does it seem probable that if he were about to commit rape and murder on an innocent child, he would coolly ask a negro watchman to be on the lookout while he was committing the crime? Would he be likely to ask a negro to help him carry the dead body of a little girl into the cellar of the factory or to burn her body in the factory furnace? Would he not be more likely to keep the nastily crime hidden and secret from all the world? Would he not have disposed of the dead body himself without taking into his confidence a negro watchman? Would a man guilty of such a crime be capable of assuming the normal behavior and cheerful confidence which has never deserted him during and since his trial?

I submit these questions to the people of Atlanta with the utmost confidence in their sense of justice. I cannot believe that they will be satisfied with the sending to his death of a good man because of the unsupported word of a negro perjurer, jail-bird and criminal. I cannot help feeling also that the prosecuting attorney in his zeal to obtain a conviction went beyond the limits of fairness and distorted the facts.

To the people of Atlanta I submit again that the worst tragedy of all is to execute an innocent man and "then" discover the glaring innocence when it is too late. And I would state everything that I possess and that I hold dear in life upon Leo Frank's innocence.

MORRIS J. CLURMAN, A. B. M. D. New York September 9, 1913.

Sue for \$3,449.65 Damages. Declaring that the Morrow Transfer and Storage company of Atlanta, had damaged the Great Northern Paper company, a corporation of Maine, attorneys for the non resident company yesterday filed with the clerk of the federal court a suit against the Atlanta concern demanding \$3,449.65. The papers declare that the Great Northern company had \$10,000 worth of paper stored with the Morrow Transfer and Storage company in Atlanta in January last, and that on the 28th day of that month the place was flooded with water, resulting in a damage to the stock in the amount asked for—\$3,449.65—and a further sum of \$209.31, used in sending a representative of the company to Atlanta to assist in disposing of the damaged stock to the best advantage.

JUDGE CHOSEN TO TRY LOS ANGELES BANKER

Los Angeles, September 12.—A conference of Los Angeles county judges with counsel for George H. Bixby, millionaire banker, charged with offenses against young girls, resulted today in the selection of Judge B. F. Bledsoe, of San Bernardino county, to hear the case. Judge Oster, who sentenced a woman involved in the charges against Bixby, was objected to by the defense. Trial will begin next Monday.

For Day Luncheon and Evening Dinner

You can make a satisfying luncheon of Faust Spaghetti—delicious, too. As a side dish for the evening dinner it adds zest and savor.

Faust Spaghetti is very nutritious—it is rich in gluten, the food content that makes muscle, bone and flesh. A 10c package of

FAUST SPAGHETTI

contains as much nutrition as 4 lbs. of beef—ask your doctor. Comes in air-tight, moisture-proof packages. Write for free recipe book.

POLICE ARE SEARCHING FOR BELLE MILLER

The police have narrowed the hunt for pretty Belle Miller of 342 Wheeler street, down to one man married, whose whereabouts they are now diligently seeking.

The Miller girl left home Tuesday. It was known she was to meet the married man that afternoon at Five Points. Her distracted mother has not seen her since.

At first the police were inclined to the belief that the girl was the victim of white slavery, but investigation of the case brought to light the fact that the man with whom the girl had been keeping company was married and has lived in Atlanta for some time.

If the couple are apprehended the mother says she will deal harshly with the man who took her daughter from home.

DUBOSE WILL ANSWER CATHOLIC PRELATE

At the morning service in the First Methodist church on Sunday the pastor, Dr. H. M. Dubose, will deliver the second of two discourses on The Triumphs of Protestantism. These sermons are being delivered in answer to the statement recently made by a Roman Catholic prelate that Protestantism is a demonstrated failure. A large congregation heard the first of these addresses.

Miss Sarah T. Croley.

Miss Sarah T. Croley aged 19, daughter of Mr. and Mrs. V. J. Croley died at her home in College Park Friday morning. She is survived by her parents and two brothers and one sister. The funeral services will be conducted from the family residence this afternoon at 3 o'clock. The interment will be in College Park cemetery.

Mrs. Lottie Gray Browne, Miss Kate Blatterman, piano, Miss Sarah Adelle Eastlack, organ, Wilford Watters, Miss Sylvia Spritz, voice, George Lindner, violin, late of the Cable building, and Walter P. Stanley, piano, late director of music at the college, have removed their studios to the Atlanta Institute of Music and Oratory, 20 East Baker street, Ivy 6886. (Adv.)

Two changes were recorded in the American league standing yesterday, a new runner-up and a new leader being recorded.

WHIFFS

Will Be Heavier
TECH, even with her green material, will be better able to cope with her opponents on the gridiron this season than at any time during the past three years. Judging from the new men that have reported those who make the team will boost the weight average of the Ja Kets considerably. The Tech eleven of 1933 on present prospects will be at least ten pounds the man heavier than the 1932 aggregation which for its weight was the best team in the south.

Same Complaint
THE COACHES at all the southern colleges seem to have the same complaint this fall—lack of seasoned material. It is more uniform than here and there and the reason thus far in advance gives promise of better and more closely contested games than ever in the history of the gridiron sport in the south.

Second Wind
THE SENATORS of Clarke Griffith have taken on their second wind and they are set full sail a ter the Naps and the Athletics who are ahead of them. The prospects are bright for the Senators overhauling the men of Joe Birmingham but an eight game margin for Connie Mack crowd here and there and the side of the campaign much less with the end only a few short weeks away.

Settle a tie
THE ATHLETICS and the Giants will not only battle for the world's championship but they will settle a little tie existing between the two. They have in a two world's series played the first and second games and the victors in the first clash and the Mackies in 1931. Some rare base all ought to be furnished to settle the tie.

Splendid View
ATLANTA FOOTBALL fans offer a splendid view of the fall season. Georgia Tech, Auburn, Mercer and Virginia will be seen in action on a local field. It looks like the best card for football contests that have ever been staged locally.

Are Now Free
THE LOOKOUTS are now free to dicker with a manager for the 1934 campaign. Kid Elberfeld has handed in his resignation which was accepted and in doing so he will be the owner of the Atlanta Braves. He did not want to dicker with a manager until he found out that Elberfeld's resignation had been accepted. He would have given the Atlanta Braves to the Braves back at him or the like that they hired a manager before letting him go.

Given Carte Blanche
MIKE FINN'S signing as a manager of the Atlanta Braves from the front of the Georgia Tech stadium. Mike was interviewed with a manager of his club by some media men director. In the announcement of his signing by the Braves, Mike makes it clearly understood that Mike will have free reign. Now if the Braves will let him have his way, Mike will come near delivering.

Mysterious Johnny
JOHN DOBBS, the peppery manager of the Montgomery Billikens, has been alluring Johnny. He will not let the Billikens next season. He understood that he was going to take Elberfeld's place at Chattanooga but as John has stated that he is dicker with Elberfeld, this is not certain. Mike is the only other club that has a manager but Johnny denies that he is going there. Wonders what Johnny is doing. He is just a secret. This mystery is for press bait purposes.

Pretty Soft
BACH SWAT that is in Langford's Boston. The John Leslie John on the South African club in New York recently netted \$140,000. Langford is charged with three times he got \$10,000 for the job. It is soft.

Very Considerate
ONE of the most considerate in the major leagues is the Washington Americans. They are very considerate in the matter of Washington. The public has been called upon so much recently to be considerate in the matter of the fans. I feel that the fans are very considerate in the matter of the fans. I feel that the fans are very considerate in the matter of the fans.

QUERIES ANSWERED

Understand that the sport of football will endea to solve all its problems pertaining to a fair game of sports.
Dick Jensen's sport is editor of The Constitution. Way did not Al Demaree play with Atlanta when signed several years ago—L. L. I.
He refused to report and the club could not take him report so they traded him.
Dick Jensen's sport is editor of The Constitution. What's Pat C. Thompson's batting average in the season? How many runs did he play in? What team gets the best chance? 4 runs, 1 strike, 6 runs. The players Atlanta will lose this season—M. C.
1. Graham batted .30 and a led 979.
2. No one is in the lead.
3. Hollins is a Cincinnati. Smith Thompson a Detroit and possibly a man by drift. Each of these is possible of the club and will be sent back.

Senators Pass Yankees

Crackers Even the Count; Score Enough in the First Inning to Win the Game

By Lester Barnes
Knoxville Tenn September 12—(Special)—Atlanta evened up with Knoxville this afternoon by taking the second game of the series 3 to 2. The victory was not earned how. The ball out pitched Price and out for two errors by Third-sacker. The error in the opening frame which was responsible for the three runs made by the visitors would have made the Smith plan. The Knoxville fell on Price in the seventh inning and scored two runs before anybody was retired but were not quite able to tie the score.
Knoxville had nine men left on the bases against three for the Crackers. The fielding honors were carried off by Shortstop Blisland and Second Baseman Smith who accepted twelve and ten chances respectively without an error.
Three first double plays by the locals and one by the visitors also featured.
In the first inning Agler first up, he first on Cleveland's error and long, followed with a double. Welch fouled out to Wallace and Smith hit an easy grounder to McElveen who threw to third catching Agler between third and home. After chasing Agler for a little while, Welch dropped the ball and Agler scored.
After Blisland flew out to right, Hotland doubled scoring Long and Smith. But for Cleveland's two errors no runs would have been counted.
The locals scored their runs in the sixth when McElveen's error and a ball and scored on Hummel's triple. Hummel also scored on Wallace's single but Hall, on an attempted bunt, forced Wallace at second. Knox reached first on Price's error, but was forced at second by Wynne who was in turn forced out by Burke.
The Score.
KNOXVILLE ab r h po a e
Knox 1b 5 0 1 1 1 0

Wild pitches Hall Price. Hit by pitched ball Smith by Hall. Double plays Smith to Agler, Clunk unassisted. McElveen to Cleveland. McElveen to Hummel. Left on bases Knoxville 3, Atlanta 1. Time of game 1:42. Umpire, Womble.

RAPID PROGRESS MADE ON TARIFF BILL FRIDAY

Little Difficulty Experienced in Agreeing Upon Agricultural Schedule

Washington September 12—Democratic conferees of the senate and the house made rapid progress today on the tariff bill approving earthenware and glassware schedules with slight changes the sugar schedule with its free sugar provision and the date for the new rates extended to March 1, 1934. The tobacco schedule the wool schedule and all the agricultural schedules with the exception of the proposed banana tax and the counter-vailing duty on wheat.

In the metal schedule the conferees struck the first snag and after several hours discussion the entire matter was passed over to be taken up later. Majority Leader Underwood and the other house conferees insisted that the senate should recede from its action in placing ferro manganese, pig iron, steel ingots, slabs and blooms on the free list. They contended that too much revenue is sacrificed and there is a growing opinion that the senate conferees eventually will agree to small revenue duties on these articles.

Contrary to the general expectation little difficulty was encountered in the agricultural schedule. The house conferees agreeing quickly to free cotton. However the dispute on the counter-vailing duty on wheat is yet to be settled.

As to the banana tax it is generally known that the president wishes it should be stricken out. This would mean a loss of revenue of approximately \$10,000,000 a year. In all of the schedules slight changes were made. The senate receded from amendments where decreases in rates were made. This policy it is said will be maintained throughout the conference. Underwood insisted that the revenue which has been lost out of the bill.

The house schedule the general rules were approved but action on the proposed tariff bill internal revenue tax, excise tax, and foreign trade sweeteners was deferred. In the earthenware schedule the senate receded from some of its amendments in increasing the rates on higher grades of mica.

FLAGMAN NEAR DEATH ON FIRST ROAD TRIP

Birmingham Ala September 12—(Special)—On his first trip out as flagman in the service of Georgia railroads, Sam Barnes of this city narrowly escaped death yesterday afternoon on the road when a box car on which he was riding toppled over. As it was the car was caught by two big trucks and only his ankle was badly injured.

Petition in Bankruptcy

A voluntary petition in bankruptcy filed with Deputy Clerk Henley of the federal court yesterday by R. H. Lashy of Atlanta. The petitioner, who is a manager writes his liabilities at \$21.34 without any assets.

WEST POINT STAR WILL COACH 17TH

Lieutenant Devore Believes He Will Be Able to Turn Out Winner at Fort McPherson

Of interest to football fans in this section is the announcement coming Friday from Fort McPherson which states that Lieutenant Devore, U. S. A. former West Point football captain and all American tackle is to coach the Fort McPherson eleven this fall. Lieutenant Devore was recently assigned to the Seventeenth Infantry and arrived in Atlanta Friday afternoon.

The largest and best squad in some years has turned out for the fall practice at Fort McPherson and under the coaching of Lieutenant Devore who is considered by a number of gridiron experts to be the best tackle of his time an eleven to be feared by all contenders for southern honors will probably be developed. The first game on the schedule for the soldiers is set for September 27 when they will battle with the Georgia Tech huskies on the Grant Park field.

Anniston Golfers Busy

Anniston Ala September 12—(Special)—Anniston golfers have secured the services of a professional instructor and are having daily practice preparatory to a challenge that they will issue to a team from the Coosa County club of Rome this month. The matches will be played in Rome.

IN MEMORY OF THE GULLS.

They hit the pill.
Almost at will.
And drove good hurlers
From the hill.
And then—they met Atlanta.
They pulled down swats
On sundry lots
With never a sign
Of yellow spots.
And then—they met Atlanta.
They pilfered sacks
Like maniacs
From all rivals
In their tracks.
And then—they met Atlanta.
They would have won
The confanon.
And been acclaimed
The champions.
Had they not met Atlanta.

Win From Jackson Badly Hurt

Atlanta Tennis Stars May Win Cotton States Titles; Challenge Rounds Today

By Carl Taylor
By defeating Ed Carter in the final round of play in the Cotton States tennis tourney Carleton Smith captured the present tourney, and will meet Lee Allen Brooks of Birmingham in the challenge round today. Mansfield and Smith will meet Brooks and Bartlett for the championship in men's doubles today. They earned that right when they defeated Ramspeck and Orr in the final round Friday.

The finals in the consolation singles between Harry Hallman and L. M. Wilson will also be played off today.

Hard-Fought Match.
The match between Ed Carter and Carleton Smith was certainly a hummer. Both of these players had won their matches throughout the tourney by large scores. It was predicted that the match between these two would be for blood and the match lived up to the prediction. Smith won the first set very handily in 6-2. He seemed to have everything in his set.

The second set Carter came back strong and forced the set into deuce before Smith won 8-6. In this set, Carter's net playing and smashes were the saving grace. Smith's backhand stroke served him beautifully, and his place shots were very puzzling to his opponent.

The third set started off with Smith leading but Carter quickly overcame this and forced this set into deuce also. The play by both contestants was strong and drew forth applause at several instances from the gallery that followed the play.

The Doubles Match.
Mansfield and Smith had little difficulty in downing Ramspeck and Orr in the final round of the men's doubles. They won very handily in straight sets, 6-4, 6-3, 6-4.

The only redeeming feature of the losers game was the returning of Carl Ramspeck and Jackie Orr's occasional brilliant cross court shots.

A surprise was sprung in the semi-finals in doubles yesterday when Ramspeck and Orr defeated Harry Hallman and Hardy Hall in straight sets 6-1, 6-2.

These two boys are looked upon as the coming stars of the year and were expected to put up a better fight against Ramspeck and Orr than they did. Only at times did they show the class of tennis with which they have both been winning throughout the tournament.

Today's Card
The play for today has three matches scheduled and two will all three be hummers.

The event is the singles match between Carleton Smith of Atlanta and Lee Allen Brooks of Birmingham. The winner of this match will be the champion of the coming year and have a leg upon the handsome cup that is offered to the one winning it three times.

Second in importance is the doubles match between Mansfield and Smith of Atlanta and Brooks and Bartlett of Birmingham. The winners of this match will also win a cup offered to the one winning it three times.

Last but not least is the final match in the consolation singles between Harry Hallman and L. M. Wilson. The winner of this match will also win a cup that becomes his property.

Yesterday's results
Men's Singles (Semi-Finals)
E. V. Carter Jr. defeated L. S. Mansfield, 6-2, 6-2.

Carleton Smith defeated Ed Carter, 6-2, 6-7, 7-5.

GEORGE ADAIR TO PLAY BLANTON

In the Finals for the Atlanta Athletic Club Golf Championship at East Lake Today

By Carl Taylor
George Adair will meet R. G. Blanton in the final round of play for the championship of the Athletic Club for the ensuing year. He won that right yesterday by defeating C. V. Rainwater 3 up and 2 to play.

Perry Adair continued his winning by large scores when he defeated C. J. Holditch 4 up and 3 to play. He is playing a great game now and should win the cup in the second and third rounds.

Winter friend won the cup offered in the third flight yesterday by defeating W. C. Warren in the final round of play—up and 1 to play. The match was close and hard fought throughout.

Only one match has been played in the semi-finals in the fourth flight, and was won by G. L. Simpson from R. O. Richardson very easily by the score of 6 up and 4 to play.

The match between Adair and Blanton will be a hard fought affair. It is done in true Adair was the low scorer in the qualifying round, with Blanton as the runner up. The match will be played off by tomorrow night. The results through yesterday.

FIRST FLIGHT (Semi-Finals)
George Adair defeated C. V. Rainwater, 6 up and 2 to play.

R. G. Blanton defeated W. R. Tichenor 1 up.

SECOND FLIGHT (Semi-Finals)
Perry Adair defeated L. J. Holditch, 4 up and 3 to play.

W. C. Warren defeated W. Markham, 6 up and 4 to play.

Winter friend defeated H. M. Asher, 1 up.

(Finals)
Winter friend defeated W. C. Warren—up and 1 to play.

FOURTH FLIGHT (Semi-Finals)
G. L. Simpson defeated R. O. Richardson 6 up and 4 to play.

A Simple Turn

Attached Cuffs that Turn

THE Columbia Culturn Shirts

They double your shirt service and halve its laundering. You simply turn over the soiled cuffs—which gives you a clean pair. No trouble whatever. No difference in appearance from the regular attached stiff cuff. A new feature in an old brand—Columbia—sold everywhere since 1875. Plain, pleated and dress shirts, fadless fabrics. \$1.50 and up.
