

Members of Vice Squad Will Be Placed on Beats To Help End Crime Wave

Police Commissioners Instruct Change in Order to Better Cope With Burglars and Highwaymen.

PLANNED FOR PROTECTION OF RESIDENCE SECTIONS Twelve Plain Clothes Men and Twenty-Three Supernumeraries Will Work From 9 at Night Until 5 in Morning.

There'll be fewer "uneasy" heads in Atlanta beginning next Monday night—possibly earlier—and burglars and highwaymen will find themselves engaged in rather perilous occupations.

Commissioner Andy R. King has secured the signatures of seven members of the police board to a petition which instructs Police Chief Beavers to relieve the "vice squad" of its duty of trailing indigent couples and watching cheap hotels, to give each man a uniform, a club and revolver, and instructions to scour the north and south sides of the city for the gentry who have been assiduously engaged in the practice of holding up citizens and robbing homes.

Seen End to Crime Wave. Commissioner King has worked out a plan through which he hopes will end the crime wave which has been spreading over the city. He proposes to take the twelve members of the "vice squad" out of plain clothes service, to which they have been assigned in the central and most conspicuous parts of the city, and put each member in uniform along with twenty-three supernumeraries recently appointed to the force and assign them to cover the north and south sides of the city from 9 o'clock each night until 5 o'clock the following morning.

King Discusses Plan. Discussing his plan, Commissioner King said: "Most of the robberies and crimes committed in the past few days occurred during the time while evening and morning watches were being changed. In other words, burglars and other doers took advantage of the hour between midnight and morning when the city is without police protection."

Chief Beavers' Stand. When asked for an opinion as to whether or not he favored the plan of Commissioner King, the chief said that he was not press agent for the police department, but police chief.

On Duty at Fire Stations. Commissioner King believes that some arrangement can be made between the fire and police boards whereby the men doing police duty at the fire stations will be allowed to make their places of abode at the fire house just as the firemen are required to do.

SLATON IS AT WORK ON SCHOOL BUDGET

Friends of the Bond Issue Feel Sure the Election of R. J. Guinn Will Be Help to the Movement.

Presentation of the needs of Atlanta's school system, in the matter of new buildings and improvements to some of the old plants, will be made in a report which Superintendent W. M. Slaton will make to the finance committee of the school board next Wednesday afternoon.

Work on the report was started Friday by Superintendent Slaton and Assistant Superintendent Landrum on the preliminary details of the report.

Encouragement was added to the interest in the proposed bond issue when the school board, at its meeting Thursday afternoon, elected Commissioner R. J. Guinn to the presidency of the board.

Friends of Bonds confident. President Guinn has been one of the strongest advocates of school improvements and reforms since he has been a member of the board, and positively favors the issuance of bonds to meet the growing demands of the school department.

There are but a few preliminary details in connection with the proposed bond issue to be perfected before an active campaign can be launched.

City Attorney James H. Mayan has been working on the ordinance, and according to the members of the committee appointed by council to confer with the city attorney, the ordinance would be ready for adoption by council Monday afternoon.

Receipts Should Increase. General Manager Dan Carey of the park department, says that with the magnificent picture projected by the year will jump to \$16,000, which will be more than sufficient to pay the interest on the investment in a new building.

HE ALLEGES RAILROADS CHANGED 25 DEMOCRATS

Moon's Charge Stirs the House During Debate on Postoffice Money Measure.

Washington, December 18.—(Special.) Representative John H. Moon, of Tennessee, chairman of the house committee on postoffices and post roads, today declared that twenty-five democrats had been hypocritically voted for the railroad bill.

Improper Influences Alleged. At the same time Representative Robert L. Hunt, of Texas, chairman of the rules committee, asserted that improper influences had been brought to bear upon that committee.

Bitter Attack by Moon. Representative Moon, in denouncing the bill, said: "But they change their minds at the command of the rural carriers, or the railroads. I think more of my country than of the democratic party, and if we are to return a democratic majority to the sixty-fifth congress in the name of God, let it be made up of democrats who stand by the republic and not by the railroads."

NEW RESERVE BANK ISSUES STATEMENT OF ITS CONDITION

The Atlanta federal reserve bank has issued the following statement of its condition as at the close of business December 18:

CHRISTMAS CHECKS FOR \$10,000 MAILED BY THIRD NATIONAL

One Atlanta bank, the Third National, has just paid out \$10,000 of Christmas savings to Atlantans who have accumulated it during the year.

36 YEARS IN PRISON FOR KILLING SPOUSE, WOMAN IS PARDONED

Hartford, Conn., December 18.—Mrs. Kate Cobb, of Norwich, who has been confined in the state prison at Wethersfield for nearly thirty-six years for the murder of her husband, was pardoned today. She was sentenced for life in 1879.

The pardon of Mrs. Cobb, now 65 years old, recalls one of the most sensational crimes in the annals of Connecticut. Her husband, Charles Cobb, was a collector of Norwich. He was found dead in January, 1879. Soon afterwards Mrs. Wesley Bishop, member of another prominent Norwich family, died suddenly. Both families were living in the same house.

COURT MUST PASS ON WHETHER DECEASED WAS MONOMANIAC ON SUBJECT OF HAVING HUSBAND SLAIN.

The question of whether the late Mrs. Barbara C. Dodd was a monomaniac upon the subject of having J. H. Garner, her second husband, from whom she was separated, maimed or killed, will have to be passed on again by the Fulton superior court, according to a decision of the state supreme court on Friday in the well-known Dodd will case, which was appealed from the decision of Judge Ellis.

The will ignored close kin of Mrs. Dodd and left the residue of the estate to Mercer college as an endowment fund for the aid of worthy young men of small means seeking an education.

PROGRESS IN WEST FOR THE ALLIES.

The allies' offensive in the west continues to progress slowly, according to the Paris communication, although the week indicate a considerable advance in Flanders and in the vicinity of Arras, where the allies seemingly are making their greatest efforts in the belief that penetration of the German lines would compel a general German retreat.

RUSSIANS RETREAT BUT DOUBT COVERS ACTUAL SITUATION ON EASTERN FRONT

Berlin Has Celebrated "Decisive German Victory," But No Details of the Battle Have Been Officially Announced.

ALLIES IN THE WEST STILL ON OFFENSIVE AND GAINING GROUND

Advance, However, Is Very Slow, as the Operations Are Very Much Like Siege Warfare—Annexation of Egypt and the Sudan Is Announced by the British Government.

London, December 18.—Although there seems no doubt the Russians are retreating and that for the present an early invasion of Germany may be dismissed, considerable mystery surrounds the reported decisive German victory which Berlin celebrated last night.

SILENCE KEPT ON NORTH POLAND.

Vienna gives a few details of fighting in the east. The claim is made that the Russians have been driven from their positions north of the Carpathian mountains from Krosno to Zakliczyn, which would indicate that part of the southern line of railway in Galicia again is in the hands of the Austrians and that Piotrkow and another central Poland town have been stormed, but silence is maintained as to north Poland, where the German victory is said to have been achieved.

## EGYPT IS ANNEXED BY GREAT BRITAIN

The British press today naturally makes a feature of the annexation of Egypt.

Bombardment by a British squadron of Turkish fortifications in the Gulf of Saros, north of the Dardanelles, is said at Athens to have routed the Turks and inflicted heavy damage.

The British South African forces are soon to undertake a campaign against the neighboring German possessions. Premier Botha considers that the rebellion in the Union of South Africa has been crushed definitely.

### ALLIES GAIN ON WEST FRONT.

Paris, December 18.—The following official communication was issued tonight:

"We have gained some ground along the Downs at the northeast of Neuport. We have repulsed two strong counter attacks by the enemy at the north of the road between Ypres and Menin."

"The British troops have advanced slightly in the region of Arras. Our artillery has destroyed two heavy batteries in the region of Verdun."

"There is nothing of importance to report from the other parts of the front."

The war office this afternoon gave out an official communication as follows:

"The day of December 17 was marked, as we said yesterday, by an advance on our part in Belgium, where every counter attack undertaken by the enemy failed."

"In the region of Arras a vigorous offensive made us masters of several trenches. These are located at Aubry, LaBassée, St. Laurent and Blangy. At this last mentioned point the British front more than one kilometer long, almost all the first-line trenches of the enemy."

"In the region of Tracy-le-Val, on the Alsne, and in Champagne, our heavy artillery has inflicted serious damage."

"In the Argonne the Germans blow up one of our great mines, and endeavor to move out from their position with three battalions of infantry. The French attack, as well as the one they undertook at St. Hubert, was repulsed. As to the east of the front, the Vosges there is nothing to report."

**NO DECISION, SAYS BERLIN.**

Berlin, December 18.—(Via London.) The German war office this afternoon gave out an official communication, as follows:

"The fighting in Neuport continues favorable, but no decisive victory has been reached."

"The French attacks between La-Bassée and on the west of the valley of the River Somme have resulted in failure, with severe losses to the enemy. On the Somme the French lost 1,200 men in prisoners and at least 1,200 in dead. Our losses were under 200."

"In the Argonne forest our successful attack resulted in the capture of some 100 prisoners and a great amount of war material. There have been no important developments elsewhere on the western front."

"On the frontiers of east and west Prussia the situation is unchanged."

"In Poland we continue to pursue the retreating enemy."

**DEAD AUSTRIANS COVER GROUND.**

Paris, December 18.—In a dispatch from Nish, Serbia, the Havas correspondent says that the Austrians have re-established themselves in the vicinity of Podrinje, where the Austrian troops suffered severe losses. Prisoners affirm that the Austrian losses in the region of Podrinje are large and they exceed the losses in prisoners and wounded of the Austrians. The innumerable unburied bodies of Austrian soldiers found on the line of their retreat, which has been recent, was burned by the Austrians.

**BERLIN REJOICES OVER VICTORY.**

Berlin, December 18.—(By wireless.) The official press here today gave out the following items:

"The coincidence of the expedition to the English coast and the victory in the east continues to cause general rejoicing. Although the headquarters' report lacks details, the general expectation that the Russian defeat will prove to have been complete. From details already available it seems safe to say that the victory has freed Germany for a long period from any possible military danger in the east. The Austrians appear to have been driven from the Carpathians. The political effect of the victory is likely to be advantageous."

"While nearly the whole press considers Field Marshal Hindenburg's victory as an utter crushing of the Russians, the military critic of the Vossler speaks more moderately."

"The talk of a destructive defeat of the Russians, which has been in circulation in the last four weeks has suffered severe losses, but which always has been able to be destroyed under present conditions on a front of several kilometers."

"Vienna's report indicates that the Russians still are maintaining the aggressive in the Carpathians. It declares that they are retreating elsewhere."

**RUSSIANS BEATEN, ACCORDING TO VIENNA.**

Vienna, December 18.—(Via London.) The following Austrian official statement was made public today:

"The beaten Russian army forces are being pursued on the entire battlefield 400 kilometers wide (about 250 miles) from Krasno (Galicia) to the mouth of the Bzura river (in Poland) where it empties into the Vistula."

"The enemy yesterday was driven from his positions north of the Carpathians between Krusno and Tshibitz. On the lower Donajec river and our allies are doing battle with the enemy's rear guard."

"In south Poland our advance so far has been made without important fighting. On the 17th day before yesterday Przemysl yesterday were stormed. The heroic garrison at Przemysl has continued to fight in front of the fortress with success."

"The situation in the Carpathians has not yet substantially changed."

**LULL IN FIGHTING, RUSSIA REPORTS.**

Petrograd, December 18.—The following statement from the general staff of the Russian army was made public tonight:

"On the left bank of the Vistula an almost complete lull on nearly all of the front has replaced the attacks made by the enemy in the course of the night of few days. All of these attacks were repulsed."

"In connection with the advance of part of our troops toward the Bzura river (Russian Poland), and in view of the fact that the Austrians are continually receiving reinforcements in the Carpathians, we thought fit to reorganize the positions of some of our armies."

"We checked the offensive of the enemy yesterday in Western Galicia. On the front between Snick and Lisiko we have succeeded in halting the enemy. We have captured three thousand prisoners, several guns and mitrailleuses."

**ANNULLED CONVICTION OF NICHOLAS AHLERS**

London, December 18.—Nicholas Ahlers, sentenced December 10 to death on treason charges, has been freed by a court of criminal appeal today annulling his conviction on the ground that the evidence did not show his action in aiding German reservists to reach their country was hostile to England's interests. The court, also held that the material point, whether or not the prisoner when he committed the alleged crime knew that he was committing an act not left to the jury in the way it should have been.

Ahlers, a naturalized Englishman, formerly was German consul in Sunderland borough.

## SURVIVORS OF EMDEN HAVE BEEN CAPTURED

Men Who Escaped When the Cruiser Was Destroyed Taken by British.

Paris, December 18.—The ministry of the marine announced today that the British auxiliary cruiser Empress of India, having captured the collier Emden, sunk November 10 by the Australian cruiser Sydney. These

the forty men who escaped to Cocos island and subsequently sailed away in a commandeered schooner.

Forty men of the German cruiser Emden were ashore on Cocos island when their vessel was overtaken and sunk by the Sydney. Under command of Lieutenant Muecke they commandeered a Cocos island schooner. A dispatch from Manila December 16 said they later captured a collier, on which they mounted two Maxim guns, evidently brought with them from the Emden, and began raiding commerce in the Pacific.

This report came through officers of the British steamship Malacca, which has arrived at Jolo. It has not, however, been confirmed from any official quarter. Where they captured the collier has not been divulged. The Malacca, fearing that she would be overhauled by this collier, made her way into Jolo without showing lights. This would indicate that the collier has been operating in the Pacific not far from the Philippine islands.

**BRITAIN RECOGNIZES FRANCE IN MOROCCO**

London, December 18.—Great Britain has recognized the French protectorate over Morocco and declared her adherence to the Franco-Moroccan treaty of March, 1912.

The Franco-Moroccan treaty of 1912 instituted a French protectorate over

Morocco with a French resident general, who exercises civil and military powers under sovereignty of the sultan. The treaty proclaimed the religious freedom of the people and gave France the right to enter into military occupation of any points for the maintenance of order.

Previously France and Germany had signed a convention whereby Germany's commercial and industrial interests were not to be impeded, and Germany undertook not to hinder the establishment of the protectorate.

**WHY GERMANS REFUSE TO FEED THE BELGIANS**

Question Is Discussed by Herbert C. Hoover, of American Commission.

London, December 18.—Critics of the American commission for relief in Belgium who have asserted that an attitude of impartiality would have left the burden of caring for the starving Belgians to the belligerent power responsible for their condition, were answered today by Herbert C. Hoover, chairman of the commission, in an address here. He declared that before the question of moral responsibility would be settled, starvation and violence would have finished war's work of desolation in the ill-starred little country.

"It is enough for America that seven millions of humanity are in the hoppers,

broken out in that country. It is enough for America that 7,000,000 of humanity are in the hoppers, passing between two gigantic millstones," said the speaker.

Mr. Hoover spoke at a luncheon given members of the commission by American business men, introducing him, Ambassador Page gave high praise to the work of the commission. He said it was the only link between the great belligerent nations and the farmer of the Mississippi valley.

Close Harmony Exists.

Mr. Hoover said close harmony existed between the commission and the national committee in Belgium. Describing the work of the latter body, he said:

"Its patron, protector and most ardent spirit is the American minister, Brand Whitlock, for whom the Belgian people cherish a justifiable and undying affection."

Food aggregating between \$7,000,000 and \$10,000,000 in value already has been delivered in Belgium by the commission, Mr. Hoover said, while thirty-two ships now on the way to Belgium will provide an adequate supply until February 12.

"I wish to say a few words upon the diplomatic situation in connection with this work," he said. "I make this statement in view of the discussion now raging around these points. The first thing I wish to make clear with emphasis, is that the Germans are not interfering with distribution of this foodstuff. Not one mouthful has gone down a German throat yet, nor do I believe it ever will. We have had nothing but help from the Germans."

"When we were asked to undertake this work the first question which arose in our minds was, Why don't the Germans provision the people of Belgium? We were told that under international law it is the duty of an occupying army to feed the civil population. We were told further by certain independent elements in England that in importing foodstuffs into Belgium we were relieving the Germans of their duty. We were told that we were performing unnecessary labor and in effect supplying England's enemy with foodstuffs. Furthermore, we were told it would be necessary for the occupying army to increase its force to put down any violence on the part of a starving population and that, therefore, Germany's forces would be occupied elsewhere on the firing line."

What the Germans Say.

"These are largely the views of the English soldier. The German soldier, on the other hand, states that the Belgians have no resources in England of their food supplies, that the civil population still possesses resources in Belgium which are being used for the return of industrial activity and that in taking the harbor of Antwerp the gateway was opened to the neutral world through which the Belgians could provision themselves. It also is said that nothing prevents the normal flow of trade and the revival of industry in Belgium except the British navy, and that, therefore, the moral responsibility for the starvation of this population rests with the allies. It is stated further that the moral responsibility rests by their hostility seriously hampered the German plans; that their continued hostility requires considerable forces of occupation, and that the Belgians refuse to operate the public services of their country, compelling the Germans to carry on these services with soldiers.

"For this reason, it is argued, the civil population still is resisting the allies, and since the allies have these benefits, they morally are obliged to support the population. Furthermore, it is said that while the German food supply is adequate to carry on the war to its end, it is not adequate to feed upon its back the additional load of feeding 7,000,000 persons their stores might be depleted seriously, and as their national integrity is at stake, they do not propose to do it."

"I am not offering either of these views as being my own. I could suggest dialectic replies to both. I am merely placing before you the arguments which is in progress among these clashing powers in reference to a matter which concerns the life of 7,000,000 persons, of whom 5,000,000 are women and children."

Moral Responsibility.

"Before the question is settled as to who is morally responsible for feeding the Belgians these people will have been starved and violence will have

Fish are no fresher because of cold weather, but they are finer in flavor.

**FRENCH YELLOW BOOK ATTACKED BY GERMANS**

Berlin, December 18.—(Via Amsterdam and London).—The official press bureau today gave out the following: "The Norddeutsches Allgemeine Zeitung, commenting on the French yellow book, copies of which have just been received, says that it consists of documents obviously selected and prepared to prove Russia did not provoke the war, to place the responsibility on Germany, to create dissension between Germany and Austria, and to turn neutral nations, especially Holland and Denmark, against Germany."

"It can be stated that the pretended official German secret report concerning the increase in the German army, which the French war minister is said to have received in March, 1913, is only a clumsy invention," this newspaper says.

**NO BRITISH WARSHIPS SUNK BY THE GERMANS**

London, December 19.—(12:16 a. m.) The admiralty has issued a statement denying that any British warships were lost during the recent raid by a German squadron on the east coast of England.

That the British destroyer, Hardy,

was among the warships which engaged the German squadron that raided the east coast of England last Wednesday was disclosed by an admiralty casualty list issued tonight.

The list shows that two men were killed and fifteen wounded aboard the Hardy.

London, December 18.—An Amsterdam dispatch to Reuter's Telegram company contains a German official statement, which claims that some of the British destroyers, which attacked the German raiding squadron off the British coast, were sunk. The communication follows:

"The retreating cruisers were attacked by four British destroyers, one of which was sunk. Another disappeared badly damaged."

"At another point another English destroyer was sunk."

Select your Christmas handkerchiefs here for this good reason—the values are supreme.

We have made cold, hard, critical comparisons and we have found the evidence to substantiate our claim.

The most recent comparison was a man's 25c handkerchief from what is considered the one store in New York that is most critical of its merchandise. Theirs was almost as good in quality, but was more than an inch smaller than ours at the same price.

And so it is!

Over One Thousand Pairs At Two Special Prices

Black and White Satin Slippers—ever-popular opera model, Louis XV heels. Made of smooth, firmly woven, full-bodied, luster-finished, pure-dye satin, loomed to stand the strain of hard wear.

Products of our factory's most faithful constructive capacity. Not a detail slurred. You'd have to be a trained Shoe expert to fully sense the beauty, the harmony and the solidity of these SATIN SLIPPERS. Look at them very closely—observe their daintiness and nicety.

\$4.00 Quality—including pair of Slipper Trees, SPECIAL AT . . . \$2.95

\$5.00 Quality—including pair of Slipper Trees, SPECIAL AT . . . \$3.40

They are susceptible to all forms of decorative treatment. If you don't wish plain Slippers—all you need do is to add a buckle, a bow or a rosette and the artistic effect will be complete.

Every woman knows the broad "adaptiveness" of SATIN SLIPPERS. They are appropriate for every SLIPPER use except street wear. Ideal for dancing, for evening, for party, for reception, for theater.

These Slippers fit perfectly. They won't slip. They are practical and their artistic relation to women's dress is faultless. Grand values.

Don't get the notion that this SHOE business is to be built up on "bargain" sales.

Nothing is farther from our ideas and calculations.

We will never nudge you with a reduced-price advertisement unless it represents something of very large and vital significance.

It is exceptional for a store like this to secure over one thousand pairs of Black and White Slippers at two prices.

And every pair was made expressly for us—and for this sale.

In one of our factories there are operatives who specialize on Satin Slippers. They are adepts in the delicate and intricate processes of producing elegant Slippers.

When business slackened a bit, it was decided to make a large quantity of STAPLE SATIN SLIPPERS, in order to keep the organization intact—to prevent the operatives from scattering—and it was also decided to create a market for the Slippers by selling them at about cost.

Paris, December 18.—An optimistic report of the condition of the treasury and of the general financial situation in France was made to the appropriations committee of the chamber of deputies today by M. Ribot, minister of finance. The minister declared the nation's

YOUR LUNGS ARE THEY WEAK OR PAINFUL? Do your lungs ever bleed? Do you have night sweats? Have you pains in chest and sides? Do you spit yellow and black matter? Do you continually hawking and coughing? Do you have pains under your shoulder blades? These are regarded symptoms of LUNG TROUBLE

financial reserves were such that "she can regard without anxiety the prospect of prolongation of hostilities." M. Ribot appeared to explain the 1915 budget. He told the committee that the government had advanced to other countries these sums: To Belgium, 250,000,000 francs (\$50,000,000); Serbia, 50,000,000 francs; Greece, 20,000,000 francs; the Bank of Montenegro, 500,000 francs.

Total Subscribed. The treasury on September 1 had in circulation 427,000,000 francs of treasury bonds. This was increased before the end of November to 540,000,000 francs, the total authorized under the government's decree of October 1. However, the government on December 2 authorized an increase to a total of 1,400,000,000 francs. The total of national defense bonds subscribed for now exceeds 1,000,000,000 francs.

have diminished 47 per cent. This is attributed to the large number of consumers called to the colors, voluntary restraint of the people, early closing hours and prohibition of the sale of absinthe. Tobacco receipts have diminished 16 per cent.

FREIBURG DAMAGED BY BOMBS FROM AIR Paris, December 18.—A Havas dispatch from Belfort says: "Despite German denials, it is clearly established that recent aeroplane raids from Belfort were productive of real results. Six bombs were thrown on Freiburg, Baden, December 4. On December 9 the flotilla flying 2,000 feet high amidst a storm of shells from the German gun threw eighteen bombs, of which fourteen caused enormous damage. The leading aeroplane was struck by a shell splinter and several bullets grazed the gasoline reservoir, breaking some of the stays, without, however, impairing the stability of the machine."

EDITORS OF BELGIUM SUSPEND THEIR PAPERS Amsterdam, December 18.—(Via London)—Efforts of General von Bissing, new German governor of Belgium, to induce the leading newspapers of Brussels and Antwerp to resume publication have failed. Editors of the newspapers informed the governor that so long as Belgium's king was absent from the country and the German censorship continued the papers would not be published.

NAME OF CAPT. BRUCE IN THE CASUALTY LIST London, December 18.—The name of Captain the Hon. Henry Radharst Bruce of the Royal Scots guards, appears in tonight's casualty list. Captain Bruce, the eldest son of Lord Abercromby, married the Hon. Henriette, an American actress, whom he met while she was playing in London.

Early in November Captain the Hon. H. B. Bruce, of the Argyll and Sutherland Highlanders, was reported killed, and as there was no officer of that name in the British army list it was surmised that the name of the deceased was meant. The report from London shows this surmise was erroneous.

BRITISH SHIPS DESTROY BARRACKS OF THE TURKS Paris, December 18.—The Havas agency has given out a dispatch from its Athens correspondent, who quotes a message from the island of Crete to the effect that the recent bombardment by a British fleet in the Gulf of Suros immediately north of the Dardanelles, completely destroyed the Turkish barracks on shore and seriously damaged the fortifications. The Turkish garrison, panic-stricken, fled to the interior.

FRENCH PARLIAMENT MOURNS SLAIN MEMBERS Paris, December 18.—There will be a number of empty seats in both houses when the French parliament meets on December 22. Those of Senator Emille Raymond and Deputies Pierre Gouyon, Edouard Nortier and Paul Frenet, who were killed in battle, will be draped in crepe.

There are a number of senators and deputies in the territory occupied by Germany, and the French government has been trying to communicate with them through the Spanish embassy in Berlin, but so far unsuccessfully. Among the members is one of the deacons of the senate, the academician Alfred Messier. Others include Senators Charles Noel, Georges Ermant, Charles Seblino, Joseph Dekova, Gustav Dron and Auguste Potie, who are mayors of the cities they represent in parliament and remained at their posts. Deputy Pasqual, a territorial lieutenant in the active French army, is another who will be absent. He was taken prisoner at Maubeuge. Deputy Busy, the mayor of Lens, will also be absent, as he is believed to have been shot by the Germans.

GERMANY MADE PLANS TO TAKE SWITZERLAND Paris, December 18.—As proof that Germany made plans to annex Switzerland. The main prints photographs of German 30 and 20 pound stamps, across which are printed in black letters "Schweiz, Ten Centimes," and "Schweiz, Twenty-five Centimes." The editor claims he has stamps of this kind in his possession.

BRITISH PROTECTORATE PROCLAIMED OVER EGYPT

Prince Hussein Named Sultan to Succeed Abbas Hilmi, Until Now Khedive.

London, December 18.—A British protectorate over Egypt was proclaimed today. Prince Hussein Kemal has been appointed sultan, and has accepted. He is an uncle of Abbas Hilmi, until now khedive. The French government has recognized the British protectorate over Egypt in which France formerly had such important interests, and in return Great Britain has given notice that it adheres to the Franco-Moorish treaty of 1912, which gave France a protectorate over Morocco.

Letter to Prince Hussein. In a letter addressed to Prince Hussein on his appointment, the British acting commission for Egypt, Lord Milne Cheetham, details the efforts which he says England made to avoid war with Turkey, but which were frustrated by the war party and the Ottoman cabinet. Mr. Cheetham states that there is ample evidence that Abbas Hilmi was thrown in his lot with the enemies of Great Britain, with the result that the rights over the Egyptian territory were given to the British.

In inviting Prince Hussein to accept the office as the prince of the family of the late Abbas Hilmi, the British commission has made it a condition that the prince should accept all responsibilities for defense of the territories under the new sultanate. The British government is entitled to protection by Great Britain that with the disappearance of Ottoman suzerainty the restrictions placed by Turkey upon the numbers and organizations of the army will disappear, that the relations with foreign powers will be conducted by the Egyptian subjects in Cairo and that the religious convictions of the Egyptian subjects will not be affected.

No Hostility to Caliphate. In connection with his letter the commissioner, in a statement tonight says that in declaring Egypt free from the influence of the Caliphate Great Britain has been animated by no hostility toward the Caliphate, and that in no way will the British government prove the Mahometan institution the new sultan will have the government's support. The commissioner made it clear after the war treaties will be revised, and that "in such measure as the degree of enlightenment of public opinion may permit" the government will be associated with the task of government.

Many have expressed the opinion that a clearer definition of Great Britain's position in Egypt will accelerate progress toward self-government in that country. Abbas Hilmi arrived in Vienna today, according to advices received in London.

Egypt has been placed under English protection as a result of the state of war arising from the actions of Turkey. This announcement was made in London. The suzerainty of Turkey over Egypt is annulled and the British government is obligated to adopt all measures necessary for the defense of Egypt and the protection of its inhabitants and interests. Sir Arthur Henry McMahon has been appointed King George's high commissioner for Egypt. Egypt, while nominally forming part of the Turkish empire, has in the past been virtually a province of England. The khedive of Egypt, Abbas Hilmi, has sided with Turkey and is now said to be confined at Vienna with Austrian authorities.

The most important work of a department of agriculture lies not in instructing the farmers how to raise a bigger yield on a given area, but how to profitably market their products.

DR. SMITH CHARGED WITH SELLING HEROIN

Druggist Bound Over on Evidence of Colonel Guthrie, His Alleged Victim. Cal Guthrie, the young automobile salesman, who was recently sentenced to the state farm for twelve months, has furnished evidence to the detectives as to where he bought the "dope" he used, with the result that Dr. E. Smith, a druggist of 54 Decatur street, was bound over by Recorder George E. Johnson Friday afternoon, under the charge of selling it.

His bond in this case was assessed at \$10,000. The state farm has a bond of \$500 for the grand jury on the claim made by the detectives that he had perjured himself in furnishing testimony in the case of another person.

Cal Guthrie admitted to Judge Johnson that he had used heroin, which is said to be six times stronger than cocaine for over a year. He said that he had been making a living by stealing overcoats from office buildings and paying them. He was given a year's sentence for this offense.

PLAN HOME-COMING DAY FOR YOUNG MEN HELPERS

Sunday will be homecoming day for the young men helpers class of Sunday school. The old members who have formerly attended the class or those who have visited it in the past are expected to turn out in big numbers and enjoy the special program which has been planned as follows: Six 5-minute talks, "Echoes of the Past," W. V. Ozell, "The Wheel Horse," W. C. Mansfield, "Working and Playing," Miss Wesley, "The Class and the Church," Dr. Charles O. Jones, "The 1915 Leaf," W. H. Lemmond, "Closing," Mrs. Hartwell Spauld.

The history of this class dates back several years having been organized by James Armstrong, in old Trinity church on Whitehall street. For a time Miss Fusha Wesley was teacher, and recently Mrs. Hartwell Spauld, before her marriage was Miss Armstrong, has again taken charge of the work of instructing young men in the lesson on Sunday morning. The exercises will begin promptly at 9:30 o'clock and a special program will be a musical program which promises to be very enjoyable.

Fine Program Is Announced For the Big Charity Benefit

Arrangements are about completed for the benefit to be given in aid of charity by the Motion Picture Trades club Sunday at the Grand and Forsyth theaters. The tireless efforts of the committee to make this event the greatest of its kind ever given in Atlanta are about to be rewarded. The program of vaudeville acts alone, to say nothing of the many reels of motion pictures, assures those who attend a treat. The most satisfactory part of the affair is the knowledge that every cent taken in will be used to make many poor and needy families happy and comfortable this coming Christmas. Of course this performance is free but a voluntary collection will be taken up at the door and the promoters of this worthy event expect to realize a sum sufficient to do great good in Atlanta.

The program of vaudeville acts is as follows: At the Forsyth matinee Aurora, musical act, Guy Harris, singing comedian, Clark and Clark, singing and dancing, Sternway quartet. At night Jay Kelley and Miss Sweeney, society dancers, Miss Frank Pearson, soprano Yorkie and King, black-face comedians Lamey and Combs, comedy and burlesque, Sater and sister, society dancers, Lot and Bates, in songs, Shale and Johnson, pianologue, Kireher and Brownning, baseball act. At night Anthony and Gallagher company in a tabloid musical comedy Harmonious trio in songs, Inez and Odey, singing and dancing, Lynch trio, songs.

The performance will begin at each theater at 8 p. m. and run continuously until 10:30 p. m. No intermissions and no act or picture will be repeated. Among those who will assist in the orchestra are Earl Wiley and Mr. and Mrs. Joseph Bracewell.

The first large party of the holiday season was the afternoon tea given by Miss Mary King, at her home, the occasion a compliment to her guest, Miss Margaret Gage, of Birmingham, and to her sister, Miss Louise King, who is home from school for the holidays.

The plan of the entertainment was elaborate in detail and picturesque with the Christmas decorations. An orchestra provided bright music, and a dainty repast was served.

The guests were received in the drawing room, hostess and guests of honor grouped before a massing of palms. The mantel was half concealed by holly, and poinsettias rose out of the red-berryed foliage.

In the reception hall palms and holly were massed effectively, and on a great Christmas tree, shining with tinsel and red lights, were favors for all the guests.

In the dining room the sideboard and mantel were decked with ferns, mistletoe and growing hedges, and the table was brilliant in crystal and white and green. The cloth was cov-

ered with snow, which sparkled in the lights from the chandelier, these lights seen through a big parasol made of tinsel and silver. The handle was wound with tinsel, and around its base were white carnations. The service was all of crystal.

Miss King was becomingly gowning in white Olga crepe draped with green chiffon embroidered in silver roses.

Mrs. William Akers wore white Olga crepe draped with seafoam net embroidered in silver.

Mrs. James Thompson Williams wore lavender crepe and silver lace.

## Beautiful Tea-Dance Is Given To Three Popular Debutantes

In compliment to Miss Isolene Campbell, Miss Rosalie Davis and Miss Josephine Mobley, popular members of the debutante set, Mr. and Mrs. John Murphy entertained at a beautiful tea-dance at their home on Peachtree street yesterday afternoon.

The guests, bidden at 5 o'clock, were received in the rose drawing room. Mrs. Murphy was assisted in entertaining by her lovely young daughter, Miss Julia Murphy, and her sister, Miss Gattins.

Later, dancing was enjoyed in the ball room on the third floor, where the decorations presented the picturesque of a flower garden.

On the top of the Newell posts at the head of the staircase, two begonias laden with pink blossoms, gave the color note expressed in all decorations.

From the center of the ceiling hung an umbel-shaped silver frame-work hung with garlands of pink and white flowers, among which showed tiny electric lights.

A large mirror were gilded old-fashioned gowns, from which shined enchantment carnations, while in each of the alcoves, on each side of the ballroom, was a pedestal, on which was a gold basket, filled with roses

and carnations. The orchestra played behind a lattice hung with bamboo and roses. At the other end of the ballroom, on the top of the Newell posts, the decorations still in pink, and silver platters filled with dainty sandwiches and sweets. The cakes were embossed in roses and baskets of roses and silver candelsticks with pink shades completed the decorative effect.

Mrs. Murphy's becoming toilet was in turquoise blue satin, the corsage embroidered in sequins the same color.

Miss Julia Murphy wore a charming toilet in apricot-colored silk with tulle draperies of tulle. Miss Isolene Campbell wore a Parisian toilet in blue broad silk, made with Louis XV. coat of the same.

Miss Rosalie Davis wore a quaintly fashioned gown of brocade silk and tulle, the flounces on the skirt finished with bands of gold lisse.

Miss Josephine Mobley's dancing gown was artistic and combined satin and tulle in the popular flesh color.

During the afternoon, Miss Hooper and Mr. Cook, of New York, danced a group of fancy huncs tabl with the grace and they also demonstrated a number of the new dances.

The occasion was one of the most enjoyable of the season.

TWO ATTEMPTS MADE TO BURN EDWARDS' HOME

Milledgeville, Ga., December 18.—(Special)—An attempt was made Wednesday night to burn the country home of Warren Edwards, former postmaster of Milledgeville. The house was found to be on fire about 1 o'clock in the night, the fire starting from under the front steps. It was extinguished, having been discovered before it had made much headway.

Dogs were secured from the prison farm, which adjoins the place of Mr. Edwards, and put upon the trail of the marauders. Two negroes were tracked and captured but proving to be men of good reputation they were released on yesterday.

Last night a second attempt was made to burn the house. The first was discovered and dogs again put on the scene. The dogs went in the same direction, but stopped before they reached the negro home, where the men were detained the previous evening and refused to go further.

Mr. Edwards is at a loss to understand the affair. He does not know of any reason for the attempted crime, and as for the men arrested, he does not know why they should wish to do him harm. They were both negroes of good character and had no trouble in getting bond. The only evidence against them is that they were tracked by the dogs. The fire was started in both cases with kerosene.

Burckles, E. A. Davidson, E. S. Harris and V. T. Walker.

Chief Cummings and Councilmen E. G. Humphrey and Frank Pendleton have extended an invitation to residents of the eighth ward and from other parts of the city to visit the house and inspect the equipment, which is the finest in the city. The house was completed some months ago, and the engine purchased through the diligent efforts of the two eighth ward councilmen, with the co-operation of Chief Cummings. The crew was selected from among men who have been in the service for years, and who have proven their worth as fire-fighters.

GRAND JURY ABANDONS INVESTIGATION OF CLUBS

After Returning Two No Bills, Jury Adjourns for the Term.

Again the grand jury's probe of looker clubs, instigated by the Anti-Saloon league, collapsed yesterday when the jury returned two no-bills against the Theatrical and Metropolitan clubs, and thereafter adjourned for the term. No decision was reached in the investigation of the Piedmont Driving club. A number of witnesses were called in the looker club cases, including Chief James L. Beavers and Detective Chief Newport A. Lanford.

Following Friday's session the jury went before Judge Pendleton, asking that he discharge them from further duty in accepting the jury's presentments, Judge Pendleton praised the body highly for its effective campaign against the alleged bond syndicate. A number of suggestions were made by the jury, among them being requests that the county jail be outfitted with an insane ward and padded cell for emergency cases, for the appropriation of \$3,600 annually for secret service agents in the police department, and for plans for the caring of drug victims in the county jail. The jury also recommended that both

LID CLAMPED TIGHT. Prohibitory Tax on Billiards and Pool at Cordele.

Cordele, Ga., December 18.—(Special)—The new administration clamped the lid on lighter in Cordele by their act on last night of placing a tax on pool and billiard parlors that is considered prohibitory. Heretofore the business tax on pool parlors has been \$25 for the first table and \$10 each for all additional tables. The new administration has raised the tax at \$1,000 for the first table and \$500 for each additional table. The owners of such parlors in the city are considerably wrought up over the action of the officials.

G. M. C. Closes.

Milledgeville, Ga., December 18.—(Special)—The Georgia Military college closed for the Christmas holidays on Friday, the 18th, the students leaving for their homes on Saturday. The holidays will continue until Tuesday, January 5.

The term just ended has been a very satisfactory one in every respect. The barracks and boarding department have been filled to the limit and President Horton expressed himself well pleased with the work done and progress made as well as with the spirit with which both students and faculty have gone through their duties. It is expected that the spring term of the college will be unusually well attended since all the old pupils will return and a number of new ones will come in.

MRS. LESLIE FILES AMENDED PETITION

Says the Divorce Petition of Her Husband Is Desire for Revenge.

Charging that she is now deprived of the money with which she supported two sisters, one of whom she was educating in college, by the loss of her position as head clerk of the city school system which loss she attributes to the 'scandalous accusations' made by her husband, Mrs. Ethel Leslie yesterday filed an amendment to her divorce petition against G. L. Leslie.

Mrs. Leslie now asks for alimony and attorney's fees. She accuses her husband of falsely and maliciously charging her with dissipation and scandalous conduct purely as a stroke of vengeance for the divorce suit she filed against him several months ago. She likewise avers that she lost her position with the school system on account of the sensational charges. Mrs. Leslie declares in her suit that she made \$150 monthly, all of which sum she contributed to the support of two younger sisters, the elder of whom she was sending to college. Her own livelihood she avers, was gained from \$27.50 monthly rental of property she owns in Kirkwood.

'The gift to send the dearest friend—' Go to your nearest news-dealer, hand him \$3.00, and give him the name and address of your best friend with the request that he have THE LITERARY DIGEST sent to him for a year. Most of us have a friend living at a distance whom we feel like remembering at this season. Why not give something that will not only furnish a momentary thrill of gratitude, but, coming once a week for the next year, will furnish 52 reminders of your thoughtfulness? One well-known manufacturer has made it a habit for the past eighteen years to send us a list of from fifteen to twenty-five friends whom he remembers in this way. THE LITERARY DIGEST is the distinct American mouthpiece for all sides of great events. It does not express opinions of its own; it gathers all the opinions on important subjects as published in the press throughout the world, and prints them in an absolutely impartial manner. It is Public Opinion crystalized. A million thoughtful readers depend upon it weekly for all the facts in the War News, with Maps, Cartoons, etc. They glean from it the latest developments in Science, Invention, Politics, Religion, Art, Literature, Drama, Sports—every topic that has an interest for mankind—except the sordid or vicious. Big Professional and Business Men, Scores of Them, are Writing: 'I would hardly know how to do without it.' 'Meets the needs of the busy man as nothing else does.' 'I like it because I prefer the simple truth once a week rather than a daily hash of horrors and crazy rumors.' 'It is impartial without being dull, and thoroughly interesting without being sensational.' 'If I was confined to two papers, one would be the local daily and the other 'The Literary Digest.' 'I could not get along without it.' 'There are two things indispensable to my comfort—'The Literary Digest' and my dinner—the 'Digest' first.' 'Dear old 'Digest!' I have known it ever since its first appearance and hope to keep up our acquaintance till death do us part!'

COTTON COVERING.
The Constitution publishes today a copy of a significant statement with which the Rock Island system of railways is broadcasting the country with reference to the substitution of cotton for jute commercial wrappings.

It is to the interest of every railroad in the south to enlist in the movement to increase the consumption of cotton in this manner.
If there is to be a nation-wide substitution of cotton for jute, burlap and other wrappings, the movement must be inaugurated in the south.

AN AROUSED ENGLAND.
The German naval foray against Great Britain may, in the long run, prove to be a bad instead of a good investment for the Kaiser.

CHEATING THE CHILDREN.
During the recent cold spell fourteen classes in the city schools, ranging from the high to the grammar schools, were dismissed almost as soon as they assembled because of insufficient heating facilities.

THE FOUNDATION FIRST.
The plan to add a summer vacation school to the public school system, the idea being to aid backward children or children who failed of promotion, is per se an excellent one, with one qualification.

Other school buildings are disintegrating.
Where, this year, fourteen classes had to be dismissed, it is probable next year twenty or more will have to lose time from their studies because of the frigid atmosphere of the barns in which they are housed.

Money makes the war go.
Remained for the early shopper to discover that prices sometimes emulate the weather in getting down to zero.

grades scholars fall of promotion, for one cause or another. If the scholar is the child of a parent of means, a private coach can be employed and the deficiency remedied. The child of the average parent has no such recourse. The summer vacation school is intended to remedy this defect.

AN A-I OMEN.
If there is one concern in the country that is unemotional in its judgment of business conditions as they apply to publicity, that concern is the Standard Oil company and its subsidiaries.

Officials of the Standard Oil, after an unsentimental analysis of the situation, have announced that every indication points not only to returning prosperity, but to a business boom in the south.

FRANCE GETS RELIGION.
An interesting report that has come from the scene of conflict in Europe is to the effect that tribulation has shaken the proverbial French skepticism, substituting for it a sentiment of religion.

ROADS GET ADVANCE OF \$30,000,000

The Commerce Commission Grants Further Increase in Freight Rates to Eastern Lines—Harlan and Clements Dissent.

Washington, December 18.—Further increases in freight rates were granted to the eastern railroads today by the interstate commerce commission...

Except on lake and rail traffic, coal, coke, iron ore and certain other traffic upon which the commission heretofore has fixed rates adjudicated "reasonable"...

The roads east of a north and south line drawn through Buffalo, Pittsburgh and Charleston, W. Va., won by today's decision the increases other than upon the traffic excepted...

The majority of the commission held that the roads had established in the latest hearings a greater need of additional net income than ever before.

Chairman Harlan, in his dissenting opinion, held that sufficient aid had been given the roads by the August decision, and that the findings of the majority were "entirely wrong."

Commissioner Clements based his dissent upon what he regarded as the inability, in law, of the commission to take cognizance of anything but the normal rates other than their justice and reasonableness.

Welcomed as Very Important.

In administration circles the occurrence of the case was regarded as of vast importance. President Wilson issued no formal statement, but the white house officials were greatly pleased over the decision...

The roads on which no increase was allowed represent about 55 per cent of the entire volume of freight handled by the roads.

In the eastern district 10 per cent of the entire volume of freight handled by the roads, is 5 per cent bituminous coal, 5 per cent coke, 5 per cent ores.

In regard to the increase in freight rates allowed in this ruling by the interstate commerce commission as it affects the roads...

Joint rates between official classification territory on the one hand and southern territory on the other...

STAMP TAX REQUIRED, THINKS A. O. BLALOCK

The Ruling Given Him Differs From Opinion of Congressman Howard.

Collector A. O. Blalock, of the department of internal revenue, has wired to the commissioner of internal revenue in Washington for confirmation of denial of the message sent to Governor Slaton Thursday...

Mr. Blalock stated Friday that county officials must, according to the treasury decision, pay taxation upon bonds on going into office.

Collector Blalock, however, states that the treasury decision of November 19, 1914, rules thusly:

"Bonds given by public officers, such as sheriffs, clerks, registers or recorders of deeds, treasurers of counties, cities or towns, and public officers of like character are required to be stamped."

This ruling is decision 2061, section 78. Immediate information is expected from the commissioner of revenues.

CHARITY CONCERT AT MILLEDGEVILLE FOR CITY'S POOR

Milledgeville, Ga., December 18.—(Special.)—A sacred Christmas concert for the benefit of charity will be given at the Milledgeville Methodist church on Sunday evening...

CUBAN AMNESTY BILL VETOED BY MENOCA

Havana, December 18.—President Menocal today vetoed the amnesty bill introduced by congress December 17. The measure was designed to effect the release of General Ernesto Asbert...

Without his signature, the act would be null and void. The president's veto is dangerous precedent.

NEGRO PUT TO DEATH FOR ATTACK ON GIRL

Port Deposit, Ala., December 18.—Will Jones, negro, was hanged from a gallows this morning...

Prior to this outbreak Mr. Gardner said: "I am here to ask you to appropriate for the full number of new ships recommended by the general naval board."

"I am sorry to say that Secretary Daniels, in his recommendations to congress, has cut the naval board's building program for this year almost exactly in two."

ENGINE CREWS REDUCED BY HUGE LOCOMOTIVES

Chicago, December 18.—Testimony further to impress the western railroad wage arbitration board with the fact that the use of huge locomotives has thrown many engine men out of employment was adduced here today...

It was asserted that only a small percentage of the eliminated engine men would be given positions in round-houses and shops because it was determined that engine and shop forces also were reduced.

BATTLE OF WORDS AT NAVAL HEARING

Gardner's Insistence Causes Uproar at Committee Meeting—Gardner Denies He's Working for Armament Makers.

Washington, December 18.—Public hearings before the house naval committee ended today in an uproar when Representative Gardner, of Massachusetts, a witness, demanded that committee members say whether they questioned data he had submitted to prove the nation's military unpreparedness.

Mr. Gardner's insistence so angered Representative Witherspoon, of Mississippi, that he quit the committee room. A series of questions put immediately afterwards by Representative Gray, of Indiana, aroused Mr. Gardner's resentment and the meeting broke up abruptly.

Representative Gardner vigorously resented what he said was an imputation that his campaign for investigation of the military situation was in the interest of manufacturers of war materials.

"I move that the hearings be closed," said the Mississippi representative. "I am tired of this outrage."

Chairman Padgett asked him to withdraw the motion, but he persisted, and when Mr. Gardner renewed his request for an expression of opinion, left the room.

Mr. Gardner read a newspaper article which said it was intimated at the white house that the general board came from people allied with producers of war materials.

"Now," he said, "I am tired of general talk. I am tired of the country what you need and ought to get. You say, 'I am tired of this. Get up, Mr. Gray, and prove your facts.'"
