

FEELING IS SHOWN ON THE EVE OF VOTE ON PANAMA TOLLS

Tillman Announces That He'll Support Repeal, But Bitterly Criticizes President Wilson for Springing the Question.

OLLIE JAMES Hammers ATTITUDE OF O'GORMAN

Although a Night Session Was Held, Senate Did Not Reach Vote—Final Action May Come Today.

Washington, June 9.—The senate today steadily forward toward final action on the tolls exemption repeal bill, but leaders tonight were unwilling to predict the day when a vote can be taken.

Even with a night session tonight, there was no certainty of a vote on the first proposition to be disposed of, the so-called Simmons-Norris amendment qualifying the bill.

Senator Tillman, of South Carolina, today made an unusual speech criticizing the president in vigorous terms for bringing the tolls issue before the country at this time and endangers the chance of the democratic party in congressional elections next fall.

Tillman Criticizes Wilson. Senator Tillman announced he would vote for repeal only because he felt his state party convention had freed him from the tolls joker in the Baltimore platform.

It staggers my common sense, and I have been unable to understand just why he projected the fight on his party at this time, he said.

It is of great importance to the democratic party to control the house at the next election, and I believe the party should have kept quiet until that election was over.

This speech came at the close of a day devoted to debate on the tolls bill. "Until this issue was pressed to the front the republic had been moving onward and upward," Senator Tillman declared.

There are so many things of more importance that the democrats ought to do, that I must say, in my opinion, it would be better for the part of the president. The democratic party, instead of presenting a solid united front, is split into contending factions."

Trusts at Roosevelt. The senator recalled that Theodore Roosevelt, "the great advertiser," had come home "delighted." Then he detected his attention to Senator O'Gorman, and reported as suggesting that in the next campaign the New York senator would have some difficulty in explaining why two planks so antagonistic as the tolls and ship subsidy planks were placed into the Baltimore platform.

Senator Tillman said the tolls fight had made it very unhappy for him. He would have a great deal to say to the people before the senate he charged his colleague, Senator McLaurin, with selling out to the republicans, and blaming the loss of the tolls bill on the insertion of the South Carolina constitution. For McLaurin's sake, a proposition for the tolls should obey their party platforms.

I would feel very unhappy if McLaurin would ever make me a part of prescribing physic for some which I myself am unwilling to take," added Senator Tillman, "and I am glad to hear that the recent South Carolina state convention of his party had adopted a resolution to repudiate the tolls bill.

Senator Root Is Attacked. Senator Smith, of Michigan, criticized Senator Root for favoring repeal of toll exemption and declared the general tariff act, which was put into effect by overwhelming American indignation.

I wish the senator from New York were here, so that I might ask him if he approved of his death," declared Senator Smith.

At that instant Senator Root entered the chamber and declared the tolls bill had been approved, which was a great relief to the people. "I did approve of his death, because it was a great relief to the people, and I hope for military protection of the canal," said Senator Root.

MANY AUTOISTS PAY FINES FOR VIOLATING CITY'S TRAFFIC LAWS

Notice to automobilists: Sixteen motorists were fined in the recorder's office yesterday afternoon for violation of the muffler cut-out ordinance. Fines of \$2.75 each, were assessed.

Among the list of names of the motorists who filed into Judge Nathan Grayson's court room in answer to summons of the court for the above infraction of the traffic laws, were those of many prominent citizens.

John Chapman, motorcyclist, paid a \$10.75 fine on the charge of Orville Anderson that he was speeding at forty miles an hour. The case against C. E. Hooks, a salesman living at No. 232 Peachtree street, was dismissed when he established doubt as to the noise being made by the muffler on his car or on another car.

H. B. Johnson, a clerk, of No. 57 Bona Vista street, was not in court, and forfeited collateral of \$5.75.

H. H. Greer, of McDonough, Ga., was arraigned on the charge of reckless driving, having broken the leg of a mule when he struck it with the fender of his auto. The negro driver of the mule appeared to be as much at fault as Greer, and as Judge Broyles felt sure the dead mule was not to blame for the accident, he dismissed the case against Greer, upon being told that he had paid \$300 for the mule.

Following is a list of the names of those defendants who were fined \$5.75: Joe Brown Connolly, No. 53 Ashby street, real estate dealer.

John F. Toole, No. 469 Peachtree street, manager of the Locomobile company.

E. E. Rents, No. 61 Brookline street, electrical engineer.

T. C. Johnson, Peachtree Road, student.

L. E. Humphries, Ponce de Leon apartment agent.

C. H. Henson, No. 94 Milledge avenue, merchant.

F. A. Burgin, No. 231 Myrtle street, insurance manager.

T. T. Wesson, No. 421 North Boulevard, automobile mechanic.

C. T. Swift, No. 1209 Peachtree street, moving picture manager.

J. H. Rnett, No. 49 West Eleventh street, butcher.

J. R. Garner, No. 548 Piedmont avenue, physician.

J. W. Madison, No. 842 McDaniel street, negro physician.

7 PROSTRATIONS FROM HEAT WAVE

Atlanta Experiences Hottest Day of Year—Mercury Goes Up to 97 Degrees. More Hot Weather Today.

While the sun beat pitilessly down upon the city yesterday, there were seven victims of heat prostration. This number was officially recorded at Grady hospital, to which each patient was removed. There were doubtless more that went by unrecorded.

This is a record for heat prostrations in the state. The heat likewise established a record for the present season. At 7 o'clock Tuesday morning the thermometer climbed above 95 degrees. At noon it reached 96, and in the early forenoon, an altitude of 97 was attained.

The mercury was bubbling around 97 and 98 when a busy little breeze tumbled in from the west and gave a slight relief about 4 o'clock. Clouds scudded through the sky and hopes were felt for rain, which fell in refreshing showers at 6 o'clock.

Weather authorities say that a record for heat has been made throughout the state, and that the hot weather will generally persist for several days. The forecast for today is more hot weather—even more excessive than Monday and Tuesday.

It was stated from the weather bureau late in the afternoon that the mercury would begin its ascent early this morning, and that by noon the temperature would likely exceed 97 or more. There are no prospects for rain.

Vigorous downpour drenched the city last night. It was accompanied by a short electrical storm. The rain, however, abated within thirty minutes. Late tonight the weather is cool. Three of the seven men prostrated are now in Grady hospital recovering. Four have been discharged.

The prostrations happened to four of the city's employees of the Williamson Lumber company, was overcome on Whitehall street Tuesday afternoon. He is still in Grady.

A horse, drawing a light buggy, succumbed to heat prostration in a parkway in front of 500 Marietta street Tuesday afternoon, and it was several minutes before the animal could be resuscitated.

97 Degrees in Macon. Macon is in the midst of the heat wave, the mercury going up to 97 degrees in the shade today, the highest it has ever been in June before, with one exception. In the latter part of June, 1908, the temperature reached 97 degrees, but this was in the shade and not recorded by the local weather bureau. Though rain has threatened several times recently, only a half of an inch has fallen during the entire month.

Slipped by Heat. Atlanta, Ga., June 9.—(Special.)—Eliana Cook, a colored farm hand plowing near Ocean Heights, 2 miles from Athens, dropped dead at noon today from the heat. This is the first death caused by heat in this section in twenty-three years. The thermometer registered from 92 to 96.

HEAT IS GENERAL THROUGHOUT COUNTRY. Washington, June 9.—Intense heat that caused suffering in densely populated districts continued today throughout that part of the country between the Potomac valley and the Allegheny mountains, yesterday's high records being eclipsed at many places. Chicago's temperature rose from 92 Monday to 96 today, while in Springfield, Ill., it rose from 89 to 96. Other points throughout the middle west sweltered under similar conditions. Memphis having an official temperature of 96, Nashville 96 and Louisville 96. At Wytheville, in southwest Virginia, the record June temperature of 92 was equaled.

Atlantic coast cities escaped the heat wave because of cooling winds. At Washington the temperature dropped from 96 Monday to 74 today. The weather bureau predicted warm weather in the middle west with rising temperatures along the Atlantic coast tomorrow.

HEAT WAVE MARKED BY MANY TRAGEDIES. New Orleans, June 9.—The heat wave which has gripped Louisiana and Mississippi this week, reaching its maximum today, has been attended by a series of tragedies, including suicides, accidents and homicides. Within the week six attempts at suicide have been reported to the local police, none of which was successful.

At Baton Rouge, La., today a negro from an automobile had been crazed by the heat, jumped into a wagon and plying a whip to the horse drove rapidly through the streets until he suddenly fell dead.

Although no records have been broken here, the government weather bureau today reported a maximum temperature of 95 degrees, the hottest weather of the month. At Jackson, Miss., the maximum today was 93 degrees, and a similar high record for the month was reported at Natchez. The territory surrounding Jackson has had but one light rainfall within forty-five days and crops are beginning to suffer.

THREE DEATHS AT CHICAGO. Chicago, June 9.—Three deaths and a score of prostrations were reported to the police today, the third day of the season's first hot wave here. The official temperature on the street was 98 degrees, 1 degree less than the June record. The government thermometer above the federal building registered 100 degrees, but the city's thermometer was 1 degree lower.

CRAZED BY HEAT SHE WALKED INTO RIVER. Kittanning, Pa., June 9.—Temporarily crazed, it is believed, by the heat, Miss Anna D. Fisher, 46, walked into the Allegheny river here today and was drowned. George Butler, 41, helped her from the bank and exhaustion while washing his hands.

VOTE TO BE FORCED ON LIQUOR ISSUE

Congressmen to Go on Record as to National Prohibition—Special Rule to Permit Debate of Ten Hours.

By John Costigan, Jr. Washington, June 9.—(Special.)—The house of representatives will be compelled, within a few days, to record its attitude on the question of national prohibition.

There will be much squirming and wriggling to avoid the issue, but the word has gone forth that the prohibitionists will not be balked. Underwood Favors Vote.

A special rule providing for ten hours' debate, after which a vote shall be taken on the Hobson resolution to amend the federal constitution, was provided for in a resolution offered today by Representative Cantrell, of Kentucky.

Representative Oscar W. Underwood said today that the "trust" would favorably consider. He is favorable to a vote, although in his recent campaign for the senate he was aligned with the anti-prohibition forces in Alabama.

The Hobson resolution must receive a two-thirds vote of the senate before it will be submitted to the states for ratification. It is not believed that this majority can be secured. A canvass of the house made several weeks ago showed almost an even division in the question of national prohibition.

Liquor Men Force Issue. The liquor forces are said to be forcing the issue now, while Representative Hobson is holding back and attempting to delay action, realizing the disadvantage to his cause of an adverse vote. For the contrary reason, the anti-prohibition element want a vote, believing the failure of the resolution will kill all prospects of national prohibition.

The prospect of an early vote on prohibition caused a great flurry about the capital. Members of the committee were reticent tonight, but it is understood they will pass on a revised resolution proposed today by Representative Hobson, of Alabama, to meet opposition to the amendment he submitted some time ago on the ground that it violates state rights.

The Proposed Amendment. As revised, the proposed new article in the constitution reads: "The sale, manufacture for sale, transportation for sale, importation for sale of intoxicating liquors for beverage purposes in the United States and all territory subject to the jurisdiction thereof, and the exportation for sale thereof are forever prohibited, except by the states within their respective jurisdictions shall have power to enforce this article by all lawful legislation."

Prohibition on Amendment. Wichita, Kan., June 9.—As a party we do not oppose the national constitution amendment introduced by Congressman R. P. Hobson to prohibit the manufacture of liquor, but we do believe it is not the final or the fundamental step in the prohibition movement," declared Howard E. Kershner at a state conference of prohibitionists today. Mr. Kershner is chairman of the state central committee of the party.

The amendment itself, he continued, "would not mean prohibition. It would necessitate statutory laws to enforce it."

GREATER TECH DAY IS BIG SUCCESS

Department Stores of City Donate \$1,400 to the Fund. Other Subscriptions Are Not Given Out at Present Time.

Greater Tech Day in Atlanta was a complete success. Although the executive committee, following their announcement at the first of the campaign, are not announcing the subscriptions which have so far been received, members of the committee expressed themselves yesterday as gratified at the progress which was made during the day.

Yesterday and today, graduation day for the seniors of Tech, were set aside by the committee for the days in which the united effort of the regular committees and the business men who had volunteered for the two days were to be exerted.

The great department stores of the city have set their approval upon the movement and have donated four hundred dollars to the campaign. This is the only subscription received yesterday which has been given out by the executive committee of the campaign.

The following letter was received by J. R. A. Thompson, chairman of the executive committee, announcing the decision of the various department stores to make donations.

"J. R. A. Thompson—Dear Sir: Believing that the campaign to create a Greater Tech appeals peculiarly to the merchants and business men of Atlanta, it gives me great pleasure to advise you that the six following dry goods firms: J. F. Allen & Co., Chamberlin-Johnson-DuBois Co., Davidson-Paxon-Stokes Co., J. M. High Co., Kealy Co., M. Rich & Bros. Co., have decided this morning to subscribe the amount of \$1,400."

"We believe that the business interests of Atlanta realize the importance of this movement to Atlanta, and we trust that they will subscribe so liberally to this fund that you will speedily receive \$10,000 in Atlanta."

"With best wishes for your success, I am, Yours very truly, BEAUMONT DAVISON"

There was no meeting of the committee yesterday or will there be today. The time will be spent in canvassing the prospective donors throughout the city. A meeting will be held Thursday at noon, and the results of the two days' canvass will be reported.

Leaders Confident. The leaders are confident, however, that the result will be gratifying to the friends of Tech, and will tell a story of a reception of the project worthy of Atlanta.

Leading business men joined in the Tech pageant and paraded through the principal streets of Atlanta yesterday afternoon. Two hundred students, led by the Tech band and the senior class, bearing banners urging the support of the Greater Tech movement, marched from the campus through the business section of Atlanta as a demonstration for Greater Tech. The placards borne by the students were worthy of note. One of them, a sign fifty feet long, bore in letters three feet high the legend, "Georgia's Greater Tech."

A group of students bore separate letters, which spelled in white and gold the words "Greater Tech." Among them were the names of the donors.

NEW PLAZA PLAN MAY BE CONSIDERED

Capitalists of Jacksonville Will Offer to Put Up 18-Story Building and Depot on the State's Wall Street Property.

Ambitious plans which contemplate the erection of buildings which will cost approximately \$4,000,000 with a plaza extending from Forsyth to Washington street as an adjunct, have been prepared by Jacksonville capitalists and will be presented to the legislature at its approaching session.

Sketches and blueprints are said to be in the possession of Guyton McClelland of Atlanta, and several city and state officials and civic organizations have been approached, it is understood, with a view of having the plans substituted for the plaza project which Mayor James G. Woodward and aggressive Atlanta business men are preparing to submit to the legislature.

According to a brief outline of the scheme presented to Wilmer L. Moore, former president of the Chamber of Commerce, the Jacksonville capitalists propose to erect an eighteen-story building on the site now occupied by the Union station. The scheme is to make the building a terminal station, and also a depot for the proposed post department for the United States government.

Gift to State. As an inducement to the legislature to permit the use of its railroad property, it is understood that the promoters of the scheme are going to give the state the revenue from the railroad building. It is estimated that the revenue will amount to \$250,000 a year, which will be sufficient to pay the interest on the state's indebtedness.

At Whitehall street it is proposed to erect a store building, and at Forsyth street it is planned to put up an industrial building similar to the building now being erected by Mr. Candler in Baltimore. Other details of the scheme have not been made public, but it is certain that the scheme has been approved by the legislature.

The Jacksonville promoters are in earnest in certain for the reason that already several leaders in the legislature have been approached. The plans were recently shown in the Kimball house. Several Atlanta men are said to be deeply interested.

At the meeting of the plaza committee to the editors of the Atlanta newspapers called by Mayor Woodward and held in his office Tuesday at noon, it was stated that a Doctor Miller was anxious to show the plans to the plaza committee evidently with a view to having them adopted. The plans in lieu of the project which is being worked out by local citizens, Mayor Woodward admitted that he had been approached by a gentleman in regard to the property controlled by the city. He had invited the representative to appear before the committee. The gentleman was not present during the conference.

Provisions of Gift. Although the plans will conflict with the plan of the local committee, it was anticipated that Atlanta's long discussed improvement will be jeopardized to carry out the plans briefly outlined above will mean the commercialization of the property controlled by the city. The legislature cannot authorize the use of the property for purposes other than for railroads.

With the Jacksonville scheme formulated, the Atlanta plaza committee realizes that it must go before the legislature with a proposition which will be more attractive, and with this end in view Mayor Woodward appointed a committee composed of Judge John S. Candler, John W. Grant and Wilmer L. Moore to start work at once on a campaign. This committee will confer with Captain R. M. Clayton, City Engineer, and Wilmer Moore, architect who originated the plaza idea, and will develop a plan which will be attractive and at the same time conform to the law and conditions as will report back to the general committee.

It developed during the conference that Atlanta will be forced to make some concessions to the state to get the privileges of approving the "Tech." Captain Clayton suggested that inasmuch as the state is cramped for room at the capitol and at the auditorium, the city would do well to trade with the state, that is, to agree to erect a building at Washington street to serve as an annex to the capitol and as an arsenal.

Favors First Plan. Mayor Woodward expressed himself as being opposed to changing the original plan, and advised the committee to stick to the first proposition which contemplated the erection of a depot and office building and plaza only.

The committee was assured of the hearty co-operation of the general committee, and the conference adjourned.

The following were present at the conference: Mayor James G. Woodward, City Engineer Clayton, John W. Grant, capitalist; James R. Gray, editor of The Journal; Victor H. Krieger, engineer and dealer in builders' supplies; Dr. E. L. Connally, capitalist; Clark Howell, editor of The Constitution; Walter G. Cooper, secretary of the chamber of commerce; Keats Speck, managing editor of The Georgian; Claude L. Ashley, city councilman; John S. Candler, alderman and mayor pro tem; Wilmer L. Moore, former president of the chamber of commerce; Charles H. Kelley, city alderman.

NO HUERTA AGENT TO BE TOLERATED BY UNITED STATES

Mediators Strike Snag in Regard to the Method of Naming the Proposed New Provisional President.

NO SORT OF RECOGNITION TO BE GIVEN TO HUERTA. The Washington administration contends that if General Huerta is permitted to name the foreign minister, who by constitutional succession would be elevated to the presidency, even though the selection be made here, such an act would be construed as recognition of the Huerta government.

On this issue the mediating plenipotentiaries came to a flat disagreement late today.

Developed a Snag. For more than two hours the mediations of American delegates argued in vain and it was apparent what hitherto had been considered a matter of detail suddenly had developed a snag. The Mexican delegates had not discussed the point at any length with the mediators—when the latter took it up with the Americans. Although the three-South American diplomats argued strongly from the Mexican viewpoint, there was good reason to believe tonight that the Mexican delegates would not insist on this arrangement if they found the United States absolutely determined against it.

One Mexican delegate insisted that the Mexicans regarded the form of transition as a technicality which could be dispensed with if the American government found it impossible to agree to the method suggested by the Mexican delegates.

The mediators contended with vehemence that the forms of the Mexican constitution should be preserved. The American delegates are understood to have pointed out that the constitutionalists certainly would not agree to a plan of transition which legalized Huerta's status. Also the American government, it was declared, could not extend what would be tantamount to recognition if Huerta actually appointed his own successor.

Possibility of Compromise. There is a possibility that a compromise will be agreed on. Pedro Lascurain, minister of foreign affairs under Madero, could be reappointed to the cabinet and succeed to the provisional presidency and then appoint a foreign minister the man agreed on by all parties for the new provisional executive. Lascurain is persona non grata with the constitutionalists, but it is believed there would be objection from them to the brief tenure of office in order that the transition might be effected constitutionally.

Predictions that an agreement soon would be reached were abandoned today in quarters hitherto optimistic for a quick conclusion. The counter proposals of the American government to the Mexican plan have not yet been taken up with the Mexican delegates, though they received them from the mediators earlier in the day.

The day's conferences were so taken up with details of the peace plan that for the moment the question of constitutionality was left for tomorrow.

tutionalist representation was forgotten. The answer from General Carranza to the last communication of the mediators is not expected materially to alter the mediation situation, as it is authoritatively known that no armistice will be declared by the constitutionalists—a condition on which the mediators are insistent, and without which the constitutionalists cannot hope for admission.

Rebels in New Government.

The mediators believe the claims of the constitutionalists for participation in the provisional government can be taken care of in whatever final agreement is reached here, and that it matters little whether representatives of General Carranza appear at the conference. The American delegates maintain that certain concessions should be made by the mediators to allow Carranza to have his agents here.

In today's discussion of the form of provisional government the American delegates are understood to have told the mediators that inasmuch as Carranza had been moving forward toward undoubted military conquest of Mexico City it seemed essential that the constitutionalists be given an ample share in the new government. The mediators are not averse to this, but are unwilling to transfer the Mexican government at one fell swoop to the constitutionalists. They think that in the general elections which should follow shortly after the new provisional government was installed the Carranza faction very likely would emerge triumphantly. For the present however, they think that General Huerta should be allowed to retire with dignity and

not be compelled to turn over his power directly to the constitutionalists.

No Indemnity for United States.

Mexico will not be asked by the United States to pay war indemnity. The Huerta government has learned through the American delegates that the Wilson administration will be content to have set up in Mexico a stable government to succeed Huerta rule.

An intimation that the United States would demand reparation for the losses sustained at Vera Cruz or expect to be repaid for the heavy expenditures already made in an attempt to pacify Mexico was given to the Mexican delegates soon after the conference opened. This made it easy for the opposing delegates to meet harmoniously.

BELIEVED CARRANZA WILL BE REPRESENTED.

Washington, June 9.—Every indication in Washington today pointed to some form of constitutionalist participation in the Niagara Falls mediation conference tending toward the settlement of international differences affecting the Huerta government as well as the internal troubles in Mexico. It was expected that the definite position of Carranza would be communicated to Niagara Falls before many hours.

Some of the constitutionalists here in touch with their leader insisted tonight that Carranza would not consent to an armistice, but that he would agree to peace proposals as they relate to establishment of a provisional government. Carranza's position was represented by the mediators, who stated that Carranza would be allowed to participate in the provisional government to the satisfaction of the constitutionalists.

Should Carranza refuse a cessation of hostilities, it seemed improbable here that he would be forced to resign. He is expected to be received in the mediation conference.

Wilson and Bryan Hopeful.

While the mediators and Mexican delegates were deliberating today on peace plans furnished by the Washington government President Wilson, Secretary Bryan and John Lind who represented the state department in negotiations with Carranza's representatives here conferred later Secretary Bryan declared that both the president and himself were hopeful of constitutionalist participation in ultimate plans for peace in Mexico.

It was learned that some features proposed by the administration here which differed from the peace plan originally submitted by the mediators and the plans of the Huerta commission were added to present the constitutionalists. Administration leaders believe a compromise might be reached which would be acceptable to Carranza.

Should it be necessary for the mediation conference to recess pending separate negotiations with Carranza, it is thought here much could be accomplished toward composing the internal Mexican situation and that tripartite participation in the second stage of mediation could follow with Huerta, Carranza and the United States represented.

Rafael Zubarran Carranza's agent here announced tonight that again he had been unsuccessful in his efforts to get direct telegraphic communication with General Carranza at Saltillo and that as a result it was probable that no word from the first chief in regard to the mediation negotiations would be received before tomorrow.

The Ammunition Question.

The subject of ammunition from the United States for the constitutionalists continued a matter of official concern. Cabinet deliberations resulted in an order from Secretary of Commerce Redfield to hold up a cargo of ammunition on route to Galveston aboard the Morgan liner El Sud for trans-shipment to Tampico. Constitutionalists leaders were surprised to learn of this action, but they were pleased to learn there had been no interference with the loading of the Humboldt-American steamship Arcadia at Baltimore. This ship took \$10,000 worth of ammunition consigned to Hamburg, but the Baltimore collector reported that he regarded the clearance as a subterfuge.

The Ward liner Antilla from New York with her cargo of ammunition for Carranza is due at Tampico tomorrow. Huerta having suspended the blockade of the port, the Antilla's cargo having returned toward Puerto Mexico, some officials expressed the opinion that the cargo would not be interfered with. The idea suggested yesterday that through moral suasion the Antilla's commander might be induced to return to New York, appeared to have been dispensed by the statement from the steamship line that nothing would prevent the discharge of the Antilla's cargo except instructions from Washington.

GUNBOATS OF HUERTA VANISH FROM TAMPICO

Tampico, Mexico, June 8.—(By Way of Brownsville, Texas.)—President Huerta's so-called blockading squadron which arrived off Tampico this morning, vanished from view without having an opportunity to establish officially the proposed blockade against this port.

The two Mexican gunboats, the Bravo and the Zaragoza, hoisted anchor and steamed southward at 12 o'clock accompanied by the American cruiser Tacoma and the gunboat Sacramento. Their destination was not stated, but it was supposed to be Coatzacoacoas.

Immediately after the arrival of the Mexican gunboats in morning the Admiral Mayo in command of the American naval forces here summoned the captain of the Zaragoza aboard the battleship Minnesota and informed him that instructions of the utmost importance had been received from Washington with orders to communicate the same to the Mexican commander.

Details of these instructions were not revealed, but it is understood that the Mexican captain that the information the government would not permit any interference with the traffic of the port nor permit the Mexican gunboats to enter the Panuco river.

The only communication from shore with the gunboats occurred during the afternoon when a tug went out to the Zaragoza with a consignment of supplies which offered the proposition that both vessels transfer their allegiance to the constitutionalists.

The Mexican gunboats lay at anchor four miles off shore with the Tacoma and the Sacramento under way and under the command of the Minnesota and the San Francisco lying at anchor about a mile away.

Neither the Zaragoza nor the Bravo assumed anything like a hostile attitude the rigging of both being festooned with clothing.

Washington, June 9.—Admiral Bagge reported today from Vera Cruz that the Mexican gunboats Zaragoza and Bravo had passed there returning from Tampico to Puerto Mexico following General Huerta's suspension of the order to blockade Tampico.

ANTILLA TO DISCHARGE CARGO AT TAMPICO

New York, June 9.—The Ward liner Antilla, laden with ammunition for the Mexican constitutionalists will discharge her cargo at Tampico tomorrow morning without interference according to the opinion expressed today by A. G. Smith, vice president and

general manager of the Ward Line Steamship company. Mr. Smith said in flat contradiction of Washington dispatches and other reports that the Washington administration had prevailed upon the Antilla's officers to stop voluntarily the discharge of the ammunition.

Smith said he had received no instructions from Washington, but that any instructions would be obeyed.

Smith said that the cargo of ammunition on the Antilla said today that it was sold for New York and that the passengers and crew had no cartridges was loaded into the steamship's hold.

HUNGRY WOMEN TO QUIT BESIEGED MAZATLAN

On Board U S S California, Mazatlan, June 9.—(Via wireless to San Diego, Cal.)—Moved by the plea of scores of starving women who begged him to end the sufferings of the populace by surrendering the city, the military governor of Mazatlan issued an order today permitting all non-combatants who so desired to vacate the city. In answer to their pleas the constitutionalist army which has been besieging the port for months

REDUCTION IS MADE IN EXPRESS RATES

Railroad Commission Revises Rates for First Time Since 1892.

After three years of exhaustive investigation and study, the state railroad commission of Georgia at yesterday's meeting passed its final order in the interstate express rates which the commission considers the most important work it has done in the last five years.

A particular importance is the portion of the interstate express rates for grown fruits and vegetables and other necessities of life providing a rate of 60 per cent in lieu of the regular rate of 75 per cent.

The commission adopted for Georgia, with modifications, the general scheme of block rates made effective by the interstate commerce commission on interstate traffic, thereby bringing about uniformity in the rates of interstate express rates and in classification of the different commodities that move by express.

A modified subblock system of classifying express rates was adopted by the interstate commission as its effect on Georgia traffic.

Illustrating the modifications made by the Georgia commission of the interstate commerce commission's plan of classifying interstate express rates, each interstate block is subdivided into sixteen subblocks and rates constructed for transportation between subblock points rather than between points in the interstate block or between points in Georgia.

The effect of these modifications has the effect of very materially reducing rates on short haul traffic between Georgia points.

First-class express rates in Georgia under this method, commence with 50 cents for parcels for Georgia distances, instead of 65 cents per 100 pounds, as proposed to be made effective on interstate shipments for the same distance.

Food and drink commodities are rated in the interstate block at 75 per cent of first-class rates. This percentage has also been followed by the Georgia commission in fixing second-class rates except that it has been the purpose of the commission to protect the growers of grown fruits and vegetables, and certain other food and drink articles, and in lieu of a rate of 75 per cent of first-class rate made effective on interstate commerce commission shipments has been the same percentage for Georgia shipments that such articles shall be transported at 60 per cent of the first-class rate the commodities on which this reduced rating is applicable being as follows:

Apples, beans, beets, berries, berry plants, cabbage, corn (green, on ear), clams (in shell), cantaloupes, coca cola, cucumbers, fish (experimental) net weight, minima as follows: Standard boxes 100 pounds standard flour barrel 150 pounds standard sugar barrel 200 pounds ginger ale, mineral water, oyster (in shell), onions, peaches, peas, pears, pep-to-lac, potatoes, pop soda water and similar aerated or carbonated beverages, tomatoes, turmps and vegetable plants.

First Revision in Years.

The express rates in Georgia had not been revised since 1892 and as a consequence were extremely antiquated and inefficient.

Credit for the present revision is due to J. Prince Webster the commission's rate expert who for the last three years has devoted a large part of his time exclusively to this work. He has attended practically every hearing before the interstate commerce commission on the subject of express rates and has interviewed the state commissions and attended hearings in dozens of states. Of this and the rates set by the states he prepared a comprehensive digest which largely guided the commission in preparing its order.

COLOMBIA RATIFIES PACT WITH AMERICA

Bogota, Colombia, June 9.—The Colombian congress in special session today ratified the treaty with the United States by which Colombia is to receive \$6,000,000 and certain concessions in the settlement of the Colombian dispute between the two countries over Panama.

In both the senate and the house ratification of the treaty met with opposition from a small minority. They expressed an anxiety in providing an increase in the money payment and reserving for arbitration the claims of the United States based on the Panama railroad and its contract payments which amounted to more than \$30,000,000.

The vote in the senate was 1 and in the house 5 to 1. Municipalities outside the country transmitted resolutions to congress in favor of a settlement with the United States whose friend ship they pointed out would be for the best interests of Colombia.

Since the signing of the treaty last August the interests of foreign affairs and the American minister American representatives of large manufacturing interests, report that commerce has taken a decided advance in favor of imports from the United States in Colombia, the economic sentiment largely has disappeared.

VOTES FOR THE WOMEN FAVORED BY FAIRBANKS

New Harmony, Ind. June 9.—The ballot in the hands of woman has not been a fire brand, but a steady wholesome influence, declared Charles W. Fairbanks, principal speaker tonight at the centennial celebration here.

What divine patent do men monopolize, political power, he continued. The right of women to vote in their own country has been an experiment has not proven disastrous. The rights of the republic have not fall for the sake of a celestial speaker. Contrary ordinary progress has been maintained.

GEORGIA WOMEN ARE IN EVIDENCE

Five to Address Federation of Women's Clubs—Suffrage Question Likely to Cause Warm Fight in the Convention.

By Mrs. Harvie Jordan.

Chicago, June 9.—(Special.)—Hosts of women are gathering in Chicago for the twelfth biennial convention of the general federation of women's clubs. There are twenty delegates from Georgia in attendance. Five speakers from Georgia will be represented on the program. Mrs. Z. E. Fitzpatrick, state president and Mrs. Bolling Jones general federation secretary will each speak of her department of work. Children's conferences will be the subject of the address by Dr. Frances Bradley of Atlanta. Dr. Carolyn Geisel, chairman of public health will make an address. A memorial to Mrs. H. C. White, Georgia's lamented president will be presented by Mrs. M. A. Lipscomb, of Athens.

Advocates of woman's suffrage are quietly working in favor of the adoption by the convention of a resolution endorsing suffrage for women.

Suffragettes Claim Victory.

It is rumored that the suffrage leaders will put forward a candidate to the national office of the general federation secretary as general federation president.

The equal suffrage element of the federation today claimed victory in a preliminary skirmish. The skirmish took place in a secret meeting of the general council of the federation yesterday morning. The majority of those present expressed themselves it is said in favor of all women's suffrage. Every effort will be made to have representation in convention on an equality with non-political clubs.

Women's clubs are allowed to send delegates and the state organizations with which they are affiliated also send their representatives. It is expected that the suffrage clubs individually may appoint delegates, their practical participation in the general council is said to have indicated yesterday that it would favor the admission of the suffragettes from state equal suffrage organizations.

Every train today brought delegations and the headquarters was busy with details connected with their welfare. A bit of gossip was that real practical the most striking gown ever worn during the hard working daily sessions, but that a notable blossoming forth will take place at the reception at the Art institute Thursday night.

In spite of resolutions against French styles it is said that on that occasion imported from Paris will be exhibited for the first time.

SUFFRAGETTES PLAN MARCH ON ASQUITH

London, June 9.—King George and Queen Mary enjoyed the brilliant state ball at Buckingham place tonight without interruption by suffragettes. There is every prospect however of a renewal of the oft-repeated scenes at Westminster tomorrow when Sylvia Pankhurst and other militant leaders will march with a bodyguard of supporters to demand an interview with Premier Asquith. The interview will certainly be refused. A great force of police had been detailed to keep order.

The general public no longer views the suffragette activities with tolerance and the presence of police is needed to protect suffragettes from the anger of crowds. This was witnessed on two occasions in London today when women selling the militant organ "Suffragette" were mobbed.

Miss Pankhurst's friends have tried to dissuade her from joining in the procession to Westminster tomorrow, fearing too great a strain on her over-taxed health.

Miss Pankhurst protested that nothing would deter her and it was decided that she should be carried shoulder high in the procession.

WOMEN WIN VICTORY IN LOUISIANA SENATE

Baton Rouge, La. June 9.—The bill providing for the submission to the voters of Louisiana of a constitutional amendment permitting women to serve as members of public boards was unanimously recommended for passage tonight by the senate joint judiciary committee. The measure passed by a change of sentiment from two years ago when an identical amendment passed the senate by one vote and was later defeated by a narrow margin at the polls.

Speaking in advocacy of the bill before the committee tonight, Miss Leu Gordon of New Orleans widely known suffragette and club woman charged that a fraudulent count had been registered in New Orleans against the 1912 amendment in some instances.

In one district she said, the vote was 170 for and 5 against. The return was 6 for and 170 against. They just switched it around.

ROOSEVELT AND PARTY LUNCH WITH ALFONSO

Madrid, June 9.—King Alfonso and Queen Victoria were the hosts of ex-President Roosevelt today at a luncheon at their summer palace at La Granja, forty miles from Madrid.

Colonel Roosevelt and his party which included Ambassador Willard, Mrs. Nicholas Longworth, Kermit Roosevelt and his fiancée, Miss Belle Willard, and Captain Norton E. Wood military attache proceeded to the palace in automobiles. Many titled persons were at the luncheon.

The Spanish king and the ex-president are old acquaintances having met for the first time at the funeral of King Edward VII in London and the colonel is an admirer of King Alfonso's democratic ways. During the three hours they spent together they found much time for a discussion of Spanish history of which the colonel has been a close student.

To the question of a Spanish news paper man, "How do you like our king the colonel made a careful but uncommunicative reply. He referred to Spain in flattering terms and deplorable conditions. He stated that he would support French in common usage on account of the development of South America.

Preparations for the wedding of Kermit Roosevelt and Miss Willard have been completed. The wedding ceremony will be the Duke of Alba and Senor Osma's. The witnesses at the religious ceremony will be Colonel Roosevelt and Ambassador Willard.

There was a family dinner tonight at the embassy which is guarded as a matter of precaution.

IMPORTANCE OF FAITH STRESSED BY BRYAN

Pennington N. J. June 9.—William J. Bryan, secretary of state delivered the principal address at the seventy-fifth annual commencement of the Pennington school here today. The importance of faith was his theme.

Mr. Bryan pointed out how all great movements religious or political had been founded on faith and added: "If you require to accomplish anything in this country you must have faith in our form of government. It is spreading throughout the world. In an interview prior to his address Secretary Bryan described the senate rule providing for unlimited debate upon all matters before it as a plot to have the strongest Plutocracy been founded on faith and added: "If you require to accomplish anything in this country you must have faith in our form of government. GRAND JURY TO RESUME PROBE OF FRANK CASE

Operations of Detective Burke and Wrenn Will Be Investigated.

The Fulton grand jury will this week resume its investigation into the Frank case and is expected to probe into the alleged irregular operations of Detective C. W. Burke and Jimmy Wrenn, the two investigators whose names were involved in numerous charges made at the hearing for a new trial.

It was announced yesterday that within the next two or three days Attorney William M. Smith will file his application for a new trial for Jim Conley, the convicted negro accomplice. Work is progressing on the motion, and it is expected to be finished by tomorrow.

Conley's counsel expressed confidence that a new trial would be gained. Although refusing to divulge any of them, he stated that there were forty grounds contained in the application.

GEORGIA PRINTERS MEET IN SAVANNAH IN COST CONGRESS

Savannah, Ga., June 9.—(Special.)—With concerted interest and enthusiasm that made up for the deficiency in numbers, delegates to the third annual convention and cost congress of the Georgia State Typothetae met here today.

Much of the work laid down in the program was done. The visitors went to Tybee in the afternoon and were the guests of the Savannah Typothetae at a fish supper.

There are about twenty-five visiting printers present. Many more than this had assured officers of the organization they would come, and others are expected tomorrow.

Meyer Davant's remarks in welcoming the printers were tended to make them feel that the city had a special interest in pleasure and the success of their convention. The mayor pointed to Savannah's way of handling the liquor question as typical of the city and its people's frank and open methods in all matters. He referred to the prohibition law as "a doubtful act of legislation" that had forced the problem upon the state.

R. A. Magill, of Atlanta, responded to the mayor's address. During his talk he once confused the names of two cities, Savannah and Atlanta. When reminded of his mistake, he quickly reported that "Neither should feel bad when confused with the other." Others who spoke along the same lines were E. W. Burke, of Macon, and E. P. Mickell, of Nashville, Tenn.

SAVANNAH COPS RAPPED BY MRS. WEATHERS

Savannah, Ga., June 9.—(Special.)—The Savannah police and police court were assailed before Mayor Davant yesterday by Mrs. L. T. Weathers, secretary of the Society for the Prevention of Cruelty to Animals, called at the city hall to enter a vigorous protest against the failure to punish cases she has made recently.

Mrs. Weathers has been spectacular in her operations. She will leave early in the fall to be the paid worker of the society in Chicago, her reputation having been made through a well-known monthly publication.

The police do not know the law, she declared, and she said, it seemed impossible for her to get a conviction in police court, although she arrayed enough witnesses to try a murder case. Mayor Davant gave her the assurance that he would have Chief of Police McDermott give any instructions to the police that might be necessary for the officers to make cases against violators.

She asked for instructions to the police to make cases against violators of the law applying to cruelty to animals. He informed her, however, that it rested entirely with Recorder Schwarz as to the construction of the law and the disposition of the cases.

HARRIS STILL MISSING; NO CLUE CAN BE HAD

No clue whatever has been found to the whereabouts of J. C. Harris, of 354 Highland avenue, who disappeared from his home early Sunday morning, shortly before the hour of daybreak, by the score of city detectives who have been working to solve the mystery.

Mrs. Harris declares that she believes her husband's body can be found on the bottom of Piedmont lake, and pleads that this lake be dragged for it.

She states that she has a premonition that her husband drowned himself, as he often made threats to do so, and before leaving wrote two notes to his attorneys, instructing them to dispose of his property and give the proceeds to his wife.

T. S. FELDER ADDRESSES BIG CROWD AT BLAKELY

Blakely, Ga., June 9.—(Special.)—Thomas S. Felder spoke to a large and representative crowd in the courthouse today. He was introduced by Rev. O. L. Jones of the Baptist church. Mr. Felder held the crowd from start to finish.

Design and style in clothes are not the same thing; though without correct designing, correct style is impossible.

Style is a matter of correct detail; lots of small and seemingly unimportant matters enter into style; but correct design is a matter of the general lines; without that, nothing is right.

RACE TRACK GAMBLING BARRED BY LOUISIANA

Legislature Defeats Measure to Permit Restoration of Horse Racing.

Baton Rouge, La., June 9.—Attended by excitement not witnessed here in years over a measure in the legislature, the Louisiana house of representatives tonight at 5:30 o'clock defeated the bill that would have made horse racing in Louisiana possible. The vote was 35 to 20 in a motion to indefinitely postpone, and was equivalent to killing the bill outright. Only five members of the house were absent.

Those for and against the measure had sent workers from all sections of the state to Baton Rouge and this force was augmented by the arrival here yesterday of a special train bearing almost 200 men from New Orleans. These were working for the bill.

At each session of the legislature since 1908, when horse race gambling was abolished in Louisiana, there has been talk of introducing a bill to regulate and restore the sport. Not until this session was such a bill put forward, however. Four weeks ago the Reinhardt bill was introduced. At first it was not generally believed that it would pass. It was introduced by one against it, women's organizations took action and ministers preached against it.

Those against the bill made no attempt to marshal their forces to win in the vote. When a motion was made to advance it to third reading and passage, this was amended indefinitely by postponing the amendment carried.

The Reinhardt bill provided for the national system of betting and a state commission to govern races.

H. L. Van Meter Denies He Stole Lavalliere; Says It Was a Gift

When the cases of H. L. Van Meter, dancing teacher, and his pretty dancing partner wife, were called in the city municipal court yesterday, Mrs. A. L. Hoover, of 233 South Pryor street, who accused Van Meter of stealing a \$150 diamond lavalliere and a \$50 diamond stickpin from her house while there for the purpose of teaching her his modern dances, failed to appear to prosecute the accused parties.

Instead of her presence, a doctor's certificate was presented, declaring that she was too sick to appear.

On the other hand, Van Meter declared that Mrs. Hoover gave him the lavalliere as a token of appreciation for his teaching her his art.

The Van Meters were arrested in south Georgia cities last week at the instance of Nathan Sinkovitz, a Decatur street pawn broker, at whose shop Mrs. Van Meter pawned the jewel for \$50.

Van Meter's record in Atlanta is being investigated, and it has been found that he has passed a worthless check on a clerk in the office of DePeor & Dunwoody, and also passed another worthless check on Dr. H. M. DuBoise, pastor of the Elmer Methodist church, who is at the present time out of the city, and therefore the amount of the check could not be ascertained.

Bond for Van Meter was assessed at \$1,000, and for his pretty dancing partner, \$500. Neither had been bailed out up to a late hour last night.

TARRYTOWN OBJECTS TO ROCKEFELLER BRAND

Tarrytown, N. Y., June 9.—Advocates of free speech who have recited their grievances against Tarrytown because of the refusal of the board of trustees to grant permits for public street gatherings last night, listened to the grievances Tarrytown holds against them.

Village President Pierson told Upton Sinclair, Leonard Abbott, Theodor Schroeder, Frank Lova and George Hiram Mann, who appeared as petitioners for permits to hold street meetings, that Tarrytown's chief grievance was that the village had been referred to by them as "John D. Rockefeller's town." This assertion, President Pierson declared to be unfounded, as Mr. Rockefeller owned no property and had not made the village.

"We have a love for free speech," Mr. Pierson declared, "and we object to being advertised as opponents of free speech. We don't want to settle this great issue of the United States. We are only a quiet little village."

Then it was explained that the streets of Tarrytown belong to the abutting property and are only subject to traffic control by the trustees, who cannot grant permits to hold meetings in them.

Suggestions by several of the trustees made it appear however that Tarrytown had decided to establish a free speech forum in a vacant lot, permission for the use of the lot would be obtained from the owner. The visitors were told the trustees would give further consideration to the question.

SISTER LOUISE DIES AT PACIFIC GROVE, CAL.

Macon, Ga., June 9.—(Special.)—News has reached Macon of the death of Sister Louise, formerly head of the Appleton church home, of Macon, at Pacific Grove, Cal., after a three weeks illness.

Sister Louise came to Macon from Tullahoma, Tenn., nearly twenty years ago, by two years ago left the Appleton Church Home here on advice of physicians. The many girls who have passed out from the home will learn of her death with regret, for she had been a mother to many of them. The body had been taken from Pacific Grove to Hanford, Cal., where the funeral will occur Thursday.

PHI KAPPA PHIS HOLD BANQUET AT TERRACE

The Georgia Tech chapter of the Phi Kappa Phi, the great national honor fraternity, held its annual dinner Monday night at the Georgian Terrace hotel.

Among the honorary initiates were Mrs. Murphy Cantelero, Mrs. H. Harris and Mrs. Phineas V. Stephens. Mr. Candler delivered the Phi Kappa Phi oration later in the afternoon at the Y. W. C. A. Gilbert H. Boggs, president of the Tech chapter, presided over the meeting and an introductory address was made by Dr. Matheson.

MERCER PLANNING TO DISPOSE OF LAND TO GAIN REVENUE

Macon, Ga., June 9.—(Special.)—The new executive committee of Mercer university, which was named by the board of trustees at a meeting last week during the annual commencement, to take the place of the quadruplet committee which was abolished, has decided to dispose of several thousand acres of land owned by Mercer just as soon as the new business managers of the institution can be decided on.

"Mercer has a great quantity of land from which she is deriving small revenue and we figure that by selling the land and reinvesting the money we can double the income," said Dr. John Mercer, the new president, a member of the new executive committee, following the first meeting of the committee.

"The board has decided to sell the land for the present, if it is properly investigated. Her endowment totals about one million dollars."

The committee has elected Timon Bowden, of the Macon baseball team, for president and one of the athletic directors will be chosen shortly.

The committee has also ordered the first payment on the Deceusky lands to be made to the trustees of Mercer and the people of Macon as an extension for the campus. The tract comprises 120 acres.

The board of trustees will meet on June 23 to receive an answer from Dr. Bowden as to whether or not he will accept the presidency of Mercer.

11-YEAR-OLD BOY HELD BY POLICE AS MASTER CROOK

Savannah, Ga., June 9.—(Special.)—After having searched back into her own and her husband's family tree for a long time, a detective indicated they had the least leaning toward Kleptomaniac, Mrs. D. C. Brinson, mother of Joseph Brinson, aged 11, who is being held by the police on the charge of burglary, has come to the conclusion that her boy's waywardness is the result of bad companionship.

Detective Cohen made the arrest today after he had picked up a clue to the burglar who had been in the possession of the Rosenhoff Feed company, West Broad street. Cohen says from the looks of the job it appeared to him to be the work of a "master hand" or, at least, of a rogue who had been in the game for some time and was thoroughly versed in the methods of a burglar.

The child confessed in frank manner. He said he had taken an ice pick and forced an entrance into the store, and had robbed the cash register of \$7, all the change in it, a Mexican dollar and a Bremen's picnic ticket. His most recent offense was to crawl under the bed and watch his mother put away her small allowance on her regular income and then to emerge after she had left the room and take this.

TIDE OF IMMIGRATION ROLLS HIGHER THAN EVER

Washington, June 9.—Immigrants arrived at American ports at the rate of more than 2,900 every week during the first ten months of the fiscal year of 1913 and indications are that by June 30, when the fiscal year ends, the greatest number of immigrants ever admitted during any year will have entered.

Statistics of the bureau of immigration for April and the ten months ending with April, show 119,385 were admitted. The fiscal total for the ten months was 1,038,956. Should May and June arrivals equal the number of the same two months in previous years, the 1914 total would be approximately 1,510,000 immigrants, the greatest number arriving in one year heretofore.

Immigrants from southern Italy during the ten months numbered 220,125, while those from the north numbered 48,297. Hebrew immigrants were second in number, there having been 115,641 admitted. Poles were third with 107,574. Of other races there were: Germans, 56,072; English, 43,726; Russian, 20,082; Croatian, 11,616; Slavonian, 33,326; Ruthenian, 32,676; Scandinavian, 29,546; Japanese, 7,422; Chinese, 2,012.

During the ten months 25,391 aliens were deported for various reasons.

HE'S PERMANENT GUEST OF A STEAMSHIP LINE

New York, June 9.—Nathan Cohen, 35 years old, bids fair to become a permanent guest aboard steamships of the Lampo and Holt lines. Cohen has his birth certificate permitting his deportation to Russia in found. Cohen is confined at Ellis Island, where, in this year, he was picked up by the police of Baltimore and sent to Ellis Island. He was found to be an undesirable alien and ordered deported.

The Lampo and Holt line took him to Porto Barrios, Brazil, where Brazilian authorities refused to receive him. A citizen, returned to let him land. Then he was sent to Russia, his native country, but was refused admission there because he had no papers proving that country his place of birth.

The man was accordingly brought back to this port.

MACON SALOONKEEPER FINED \$1,000 AND COSTS

Macon, Ga., June 9.—(Special.)—In the city court today, Police Chief Devlin, a local saloonkeeper, was found guilty of violating the state prohibition law by selling beer. He was fined \$1,000 and costs. He was fined \$1,000 and costs. He was fined \$1,000 and costs.

On May 6, 1913, Cohen arrived here from Santos, Brazil, in March of this year, he was picked up by the police of Baltimore and sent to Ellis Island. He was found to be an undesirable alien and ordered deported.

The Lampo and Holt line took him to Porto Barrios, Brazil, where Brazilian authorities refused to receive him. A citizen, returned to let him land. Then he was sent to Russia, his native country, but was refused admission there because he had no papers proving that country his place of birth.

LYONS PRACTICALLY CERTAIN TO ACCEPT

Will Confer With His Church in Louisville Before Fully Deciding.

Dr. J. S. Lyons, pastor of the First Presbyterian church, of Louisville, Ky., who has been tendered the pastorate of the First Presbyterian church of Atlanta, declared Tuesday that although he has not fully decided to accept the invitation of the Atlanta church, he is almost sure he will do so.

Dr. Lyons left for Louisville last night. "It will be several days," he said, "before I reach a conclusion. I will have to consult further with my church."

Criminal Action Against Young Groom Dismissed In the Municipal Court

A thrilling elopement, in which the bride and groom barely outdistanced the irate father-in-law, culminated yesterday in an interesting criminal action in the municipal court, when Mrs. J. L. Phillips, of 85 Luckie street, had H. H. Easterland arraigned for failure to pay his board bill.

The case was dismissed by Judge T. O. Hatbeck. Easterland, who is a youth in the employ of a concern having offices in the Candier building, told the court the romantic story of his elopement from Knoxville a month ago, when he stole away his bride, Miss Annie Herndon.

The elopement necessitated a 6-mile flight across country to escape the girl's father, who followed in an automobile, he stated, and the couple were forced to flee to Atlanta without their personal effects. He had written his father-in-law repeatedly, he told, to have him send his wife's trunk and his own, but had received no response.

He declared he had had no intention of beating his board bill, and that the cause of his delay in paying it was from the expenses he had incurred in purchasing clothing for his bride and self. The charge was dismissed.

A. C. BRISCOE, President Southern Shorthand and Business University.

THE SPECIAL SCHOLARSHIPS INCLUDE THE \$55 BOOKKEEPING, \$55 SHORTHAND, AND \$25 COST-ACCOUNTING COURSES, ALL COMBINED FOR ONLY \$67.50

This Great Educational Bargain to Close Very Soon

The South's Most Progressive Business School Pleases Many Patrons With a Great Offer.

In celebration of the twenty-fifth anniversary of the Southern Shorthand and Business University, of this city, under the same management, Messrs. A. C. Briscoe and I. W. Arnold placed on sale, a few days ago, a limited number of scholarships worth \$135 each at the extraordinarily low price of \$67.50, just one-half the regular rate.

These scholarships include the \$55 Bookkeeping course, the \$55 Shorthand and Typewriting course, all combined for only \$67.50.

While these combined course scholarships are being sold at the never had being reduction named, either the \$55 Bookkeeping course or the \$55 Shorthand course may be obtained at \$15.

This is the greatest educational bargain ever offered. It's a great bargain, because it is made by the "Southern," the South's most popular and progressive Business College.

Those desiring to avail themselves of this extraordinary offer, should call or write for scholarship without delay, as the limited number placed on sale are going rapidly, and this unusual offer will be withdrawn in a short time.

About June 25, the Southern will give an elaborate reception in honor of its 25th anniversary, and it is the purpose of the managers to have present the new pupils who secure these special

SHORTHAND A USEFUL AND FASCINATING ART

By A. C. Briscoe. Standard phonography is a very fascinating art. To be able to take down rapidly the words of a speaker is an accomplishment of very great value. The art of short writing was used as far back as the days of Cleopatra, but it was left to Mr. Isaac Pitman, of England, to invent what is known as Modern Pitman's Phonography. For this great gift to mankind Isaac Pitman was knighted by the Queen of England.

the court reporters of the United States use some form of the Pitman system of shorthand, is an evidence of its great superiority. The further fact that one-half of the three-fourths of the court reporters using Pitman's shorthand are Graham writers, is a strong argument in favor of the superiority of the Graham system over the other forms of the Pitman system. Mr. Graham manifested a wonderful amount of intelligent study before he launched his system before the public, and the consequence is that no one has ever been able to surpass it. The Graham system is really a classic in the field of shorthand, and the study of it improves and disciplines the mind. Hundreds of systems of shorthand have been thrown upon the market, and are being thrown upon the market, but it can be safely asserted that the good systems of shorthand can be counted on the ten fingers, and we can almost say on the fingers of one hand. The claims of the authors of the modern systems of shorthand are too absurd to be seriously considered. Whom would suggest that all seekers after phonography adopt the tried and true Graham Pitman's System? The Graham-Pitman Shorthand has been taught for 25 years at the Southern Shorthand and Business University.

I. W. ARNOLD, Vice President Southern Shorthand and Business University.

scholarships, together with its hosts of other pupils and friends.

Twenty-five years ago Messrs. Briscoe and Arnold organized the "Southern" with an enrollment of twelve pupils and three operating machines. Their good systems, approved methods and honest dealings, built up the school year by year until its annual enrollment now reaches 600 pupils, and its typewriting equipment numbers six or seven hundred machines.

Prospective pupils are requested to ask Atlanta business men about the Southern. It's an easy matter to select the best school if the proper method of investigation is made.

Don't fail to act at once, if one of these low-priced scholarships is desired. It pays to attend a school of long standing and favorable reputation, the courses a position may readily be secured, and a higher salary more easily obtained.

Hold a Free Scholarship in Another College, But Attended the Southern.

A young man in Alabama was presented by a friend, with a full Ohio, part-time scholarship in another Atlanta Business School, but after coming to the city, visiting the various schools, and making a personal investigation of their equipment, facilities, and business and moral standing, he enrolled at the SOUTHERN, preferring to pay his regular rate for a scholarship, to attending the other school absolutely free of cost.

A lady, holding a part of a similar scholarship in a Business College in another city, recently visited the Southern, and, after settling a pending question with her, "Where is the best Business School?" She unhesitatingly paid the full price and withdrew the Southern.

ATLANTA WILL DEFER TO SISTER CITIES

Clear Field to Be Given Outside Bankers at Chattanooga Meeting.

That Atlanta will not take the initiative in the matter of selecting the personnel of the federal reserve bank for this district—at the meeting which will be held in Chattanooga on Thursday, was made apparent at the meeting of the Atlanta Clearing House association Tuesday afternoon.

Sentiment among local bankers is that inasmuch as Atlanta was selected as the site for the bank, representatives from this city should give the banks outside of the city an absolutely clear field. However, contingencies may arise at the meeting which will change the plans of local bankers.

The Chattanooga meeting has been called by J. P. Hoskins, president of the Chattanooga Clearing House association. All banks in the district who are members of the Federal Reserve association, whether of Groups 1, 2 or 3, have been invited to attend the meeting which has been called for the purpose of selecting directors.

Call for Meeting.

Following is the call issued for the meeting:

"It is self-evident that the personnel of the board of directors of the Sixth District Federal Reserve bank will be of most vital importance, both to all our member banks and to the general business interests of the south. Every precaution should, therefore, be taken to select such men only for membership on that board as are fully equipped to perform its duties.

"Believing that this selection should be made only after full and free discussion and not in any haphazard manner, we have decided, after consultation with other cities and with their promised co-operation, to invite all banks in the district, whether of Groups 1, 2 or 3, to assemble in this city (Chattanooga) at the Patten hotel, at 10 o'clock on Thursday morning, June 11, to fully discuss the situation and, if they then see fit, to make nominations for any or all six places in Classes A and B in such a manner as may then be adopted.

"We would suggest, in the meantime, that all banks refrain from making nomination. We would appreciate your writing us at once whether we may expect your bank to be represented at this conference.

All Will Be Represented.

Joseph A. McCord, vice president of the Third National bank, stated Tuesday afternoon that he expected every national bank in Atlanta would be represented.

Mr. McCord spoke at the meeting of the Clearing House association. His subject was the federal reserve act with which he is intimately acquainted, being one of the few bankers in Georgia who favored the law from the time it was launched at a convention of the American Bankers' association some years ago.

In order to give members of banks and their representatives a comprehensive understanding of the method by which directors will be elected at the Chattanooga conference on Thursday, Mr. McCord has sent out the following letter:

"Dear Sir: We are in receipt of your letter of June 6, asking for information regarding the coming election of directors of the Reserve Bank of Atlanta. In reply, beg to say that you have, no doubt, received blanks from the organization committee, one of which is

for your board to name one of its members, or some other officer, or clerk, as elector, to represent your bank. One of the blanks is for the nomination and you so desire, of a man to be director for Class A of your group; you being in Group 2, the other is for the nomination by your board of directors for a candidate to be director in Class B, Group 2.

"You being in that group, you can exercise your right to nominate a director if you so desire, or you can omit that if you do not care to put forth the name of any candidate. Your elector's name will have to be certified by the cashier of your bank, or if he be the man that is named as elector, by some other official of your bank, and the seal of your bank placed thereon, together with specimen signature of your elector. This must be forwarded to the organization committee in the envelope furnished for that purpose, without stamp or postage, within ten days from date you receive it. After that has been done, they will tabulate all of the names and will then publish the list of all of the candidates in the various groups, and will send it to the man named by you as elector, names of nominees for Class A director and Class B director for your group. He will then have the privilege of withdrawing his name, or receiving it, within ten days after receipt of that information to vote for his first, second and third choice in Class A, also to vote in Class B. He doesn't have to leave his office to do that; simply fills out the blanks for Class A and Class B, signs his name to these blanks, and returns them to the organization committee in Washington within the ten days after he has received from them the list of candidates nominated in your group. That completes your work in the nomination and election of these directors."

Selections Made.

Some of the member banks have already made selections of directors. Some of the candidates are L. P. Hillyer, of Macon; Edward Jane, of Jacksonville; C. F. Kendall, Jacksonville; Dr. P. W. Sanders, New Orleans; G. H. Malone, Dothan, Ala.; W. R. Coles, Nashville, W. H. Milton, Marianna, Fla.; M. W. Foote, Hattiesburg, Miss.; J. B. McCrary, Decatur, Ga.; W. H. Haselinger, Birmingham; Judson L. Hand, Pelham, Ga.

Secretary of State Will Ask for Many Changes in Auto Law

Secretary of State Phil Cook, in his annual message to the general assembly, will recommend a number of changes in the state automobile license law, among which are the following more important:

To require motorcycle owners to pay only \$3 license tax instead of \$5, which is the amount required of automobile owners, who have much larger amounts of capital invested in their machines.

To require owners of automobiles registering as late as August to pay only \$2.50, inasmuch as their licenses expire in the following March.

To provide a special rate for manufacturers and dealers, since they usually have a large number of cars on hand which are little used and the licenses of which are not transferable to a purchaser.

To require owners having sold a registered car to make a report of same with name and address of new owner to the secretary of state.

To require a state license, at a fee of \$2, from professional chauffeurs.

United States Army Sergeant Will Be Tried For Alleged Frauds

The country-wide fraudulent operations of a United States army sergeant came to a close in Atlanta Tuesday, when John Walsh, who, it is alleged, has operated as an "army shoe tester" throughout the south and the west, at the same time fleecing many army officials and recruiting station officers out of small sums of money, amounting in the aggregate to several thousand dollars, was taken into custody by Special Agent Louis Baley, of the department of justice, bureau of investigation.

Walsh is charged with impersonating an army officer with intent to defraud. He was arrested at Fort Myer, Va., last Saturday, after having traveled from coast to coast, representing himself as a United States army officer detailed to test shoes worn by the soldiers.

Recently he is charged with forging a worthless check of \$25 on the recruiting officers of the Atlanta station.

After his arrest he was carried to Washington, where he was stripped of his uniform and given a suit of civilian clothes.

From Washington he was brought to Atlanta for trial before the federal authorities here for his recent illegal transactions.

NICK WILBURN CASE WILL BE HEARD TODAY

Governor John M. Slaton has set Wednesday morning as the time of hearing of the demurrer to the committal of sentence for Nick Wilburn.

The plea will be presented to the governor by Attorney John R. Cooper. He read a letter from Mrs. Frank Wilburn, of Eastman, wife of the brother of Nick Wilburn and daughter of James H. Kink, whom Nick Wilburn slew, pleading for commutation on the ground of youth and inexperience.

The clemency of the governor is the last hope of Wilburn, whose execution is set for Friday in Jones county, to which place he has been removed, and where he is now under the death watch.

COMPROMISE REACHED ON THE JUNE BUDGET

When Council Meets Monday the Sheet Will Doubtless Be Adopted.

When council meets on Monday the June budget will probably be adopted because at a meeting of the finance committee yesterday a compromise was agreed on and the sheet will have the approval of every member of the committee.

The compromise was reached when Alderman C. H. Kelley consented to allow the committee to take \$4,000 from the Pryor street improvement fund with the understanding that he is to have the money back in October. To make the sheet balance and provide funds to take care of the various departments, January appropriations were cut as follows: Oakland cemetery, \$501.87; asphalt repair fund, \$9,000; Pryor street, \$4,000; Georgia avenue regrading, \$472.77; school penny lunch fund, \$250; Greenferry bridge fund, \$500; Peachtree "bottle neck" fund, \$1,000; streets, \$7,000; contingent fund, \$163.01; bridge repair fund, \$1,500; and insurance account, \$1,000.

The fund providing the interest on the Auditorium bonds was decreased by \$1,250 and \$500 was taken from the appropriation for heaters in the Davis street school.

The above amounts total \$21,137.65 and will make up the deficit of \$22,500 which appeared in the original June sheet, and the remainder was apportioned as follows:

School improvements, \$7,169.82; improvements at police headquarters, \$300; extra pay for policemen during Shrine week, \$1,662; regrading Whitehall street south of Mitchell, \$1,500.

paving of Cherokee avenue, \$4,500; construction of the Atlanta street company's intercepting sewer, \$3,000, and provides an additional \$300 for the engine house in the fifth ward.

Japanese Musicals on Lawn At Mrs. Slaton's Country Place

An event in which artistic and social interest is entering is the musical concert which will be given the evening of June 22 at the country home of Governor and Mrs. John Marshall Slaton, on Peachtree road. The concert is under the auspices of the Atlanta Musical association, of which Mrs. Slaton is president. The concert will present a program

of music of which Japan furnishes the theme. There will be selections from the orchestra from "Madame Butterfly," from the "Geisha Girl" and other operas and music of Oriental subject. There will be Japanese pagoda erected on the grounds and refreshments will be served by young women in Japanese costumes. There will be Japanese folk dances by a group of prominent young people, and many features of entertainment being planned by the program committee. There will be special cars put on by the street railway company for the occasion, and the program will begin at 8 o'clock. The proceeds of the occasion will be given to the general orchestra fund.

Players' Club Elects Officers For the Coming Season

Following the election of officers at the annual meeting last night of the Atlanta Players' club, at the Druid Hills Golf club, the party of sixty gathered for the meeting enjoyed an elegant supper served at fresco, and afterwards dancing was enjoyed.

Mrs. Thomas B. Felder, the retiring president of the club, presided at the meeting and at the supper, and imparted to both occasions a spirit of brilliancy and good cheer. Many toasts were proposed and responded to by leading spirits in the club's success, and there was the same expression of originality and cleverness at the banquet which has characterized every event sponsored by the Players' club.

At the meeting preceding the banquet the grounds and refreshments were proposed and changed in the constitution, one of these to inaugurate two classes of membership, those who will actually participate in the plays will be the members of the "Producers' club," and those who will promote the interest of the plays in giving them publicity and patronage.

A brief history of the Players' club was the theme of a series of short addresses, and the general conversation

which made bright the conversation at the banquet.

Among the prominent Atlantans who have taken part in the plays are Mrs. C. Atkinson, Mrs. Barbour Thompson, Mrs. Thurston Marsh, Mrs. William Lawson Peel, Mrs. Edward Dougherty, Mrs. William Owens, Mrs. Edward Matthews, Mrs. W. C. MRS. BROWNE DIES AFTER LONG ILLNESS

Mrs. Mattie Grev Browne died yesterday afternoon in her apartment in the Corinthian, on West Peachtree street, after a lingering illness of several months. She is survived by her mother, Mrs. John Grev Browne, the late distinguished divine, Bishop Gray, of the Episcopal diocese of Florida.

The funeral will take place this afternoon at 2:30 o'clock at the Patterson chapel, and the interment will take place in Alexandria, La., where the body will be taken by special train.

The passing of Mrs. Browne deprives Atlanta's musical world of one of its most gifted members. Mrs. Browne having taught music in Atlanta since she came here in 1900. She was qualified for several years with the choir of the Sacred Heart church, with the musical department of Central college, and with the Atlanta Conservatory of Music.

Besides her talents and ability as an exponent in the art of music, she was a woman of rare strength and quietness of character, and when ill health manifested itself she worked on bravely and courageously, illustrating her Christian spirit in every act of her life.

To Have Perfect Skin Throughout the Summer

These days the face needs special care and attention. Flying dusts and dirt, the beating sun, are severe on any skin. Their depauperating effects are best overcome by the application of a special mercurized wax. This keeps skin and pores in a cleanly condition, the complexion healthy white and spotless. Discolored, freckled and roughened skin are actually absorbed by it. One ounce of mercurized wax, obtainable at any drug store, is sufficient to completely renovate a soiled complexion. It is used by the method allowed to remain on over night, and washed off in the morning. As the wax is tender and in warm weather, causing wrinkles to form, a good astringent lotion should be used. Rubbin' in a little of the mercurized wax, with blotting paper, in the morning, at the heat of the day, or before going out for center or outdoors. It is a remarkable skin lightener and wrinkle eraser. (Adv.)

Comfort, Durability— Real Rest for the Weary.

Every item entering into the making of this mattress is given minute care and attention. The Cotton Felt is pure long fiber—the Ticking is the best—and the Workmanship is perfect. No holes or hollow places, no seams or ridges to try to avoid; just a soft, smooth surface that brings rest to the tired body.

And then, that sweet fresh smell that is so soothing and which is peculiar to all things that are absolutely clean.

Chickering Pianos

JONAS CHICKERING made his first piano more than ninety years ago, when the spirit of workmanship was that of the guilds practicing their crafts. The spirit of the Chickering of 1823 is within the Chickering of 1914. And it has been enriched by nearly a century's influence of musical genius applied to sympathetic craftsmanship.

You can have one of these noble instruments for as little as \$500, and arrangements can be made so that the purchase will not be a burden to you.

JURY WILL TAKE PLACE OF REFEREE AT OLYMPIC GAMES

Lyons, France, June 9.—The rules committee of the International Amateur Athletic federation today adopted a suggestion that the referee at the Olympic games should be replaced by an international jury of five members. It will be recommended to the Olympic committee at Paris.

Georgia-Alabama League

Newnan 2, Selma 1.—Newnan and Selma battled for ten innings today without forcing a man across the plate, but in the eleventh after Mackey had hit safely Miles threw wild, and Newnan counted twice, two hits and an out in the eleventh gave Selma her only run.

MINER BROWN NOT FIRED BY FEDERALS

St. Louis, June 9.—Rumors that Mordcaai Brown would be deported as manager of the St. Louis Federals were set at rest today by President Steininger and Director Otto F. Stifel. Stifel issued a statement saying Brown would be retained, that the club owners were satisfied it was no fault of Brown's that the team was in seventh place in the league standing.

BRITISH POLO TEAMS HAS A GOOD PRACTICE

New York, June 9.—The English challenging polo team today won from a make-up team by a total score of 11½ to 3½ goals. Only six periods were played. The Hurlingham team displayed good team and combination work.

Chicks Sign Johnson.

Memphis, Tenn., June 9.—Robert Johnson, pitcher, who played last season with the New Bedford, Mass., team, has been secured by the local Southern association club, according to an announcement by Manager Finn today.

SECOND POLO GAME DATE IS ARRANGED

New York, June 9.—The date for the second polo game between the English and American teams was announced today as Tuesday, June 16. Should a third contest be necessary it will probably take place Saturday, June 20.

Captain Cheape, whose injuries caused the postponement until next Saturday of the first game scheduled for today, is improving and is expected to enter practice not later than Thursday.

WILL JOHNSTON GRABS NEW TENNIS HONORS

San Francisco, June 9.—William M. Johnston, Pacific coast tennis champion, New York state champion and holder of the Longwood cup, won the San Francisco tournament today, but he was hard pressed in the final by Roland Roberts a lad of 17, whose play had been the sensation of the tournament. Young Roberts took one set and forced another set into extra games and won a total of nineteen games to the twenty-three of the champion.

BILLIES CAN NELSON; SIGN NEW OUTFIELDER

Montgomery, Ala., June 9.—(Special.) It was announced by President Wilcox, of the Montgomery baseball team, tonight, that Pitcher Red Nelson had been given his unconditional release to make room for Outfielder Exley, who comes from the St. Joseph club, of the Western League. Davis will report with the team next week as his preparation has already been sent him. He is said to be a hard hitter as well as fast runner. Nelson will remain several days before deciding which he will accept.

RITCHIE SIGNS FOR GO WITH FREDDIE WELSH

New York, June 9.—Willie Ritchie, of California, world's champion, tonight signed with the English champion, Freddie Welsh, for a twenty-round bout in London, July 4 next, with Freddie Welsh, the English champion, for the world's lightweight title.

Eastman 8, Douglas 5.

Douglas, Ga., June 9.—(Special.) Eastman took the second from Douglas in a thrilling game, and evened up the series last afternoon by defeating the locals by a score of 8 to 5. Errors played a prominent part in Eastman's scoring, while Douglas' runs were scored mainly on clean hitting. Despite errors, however, some sensational fielding was done on both sides. Freddie Douglas hit safely the first four times up, once for two bases and once for a triple. The locals hit the ball hard and great fielding by the visitors' outfield kept the score down. A large and enthusiastic crowd witnessed the game. The two teams play the third and deciding game here tomorrow.

Women's Tennis.

Philadelphia, June 9.—Rapid progress was made in the women's singles today and play was begun in the championship doubles. In the women's singles, Miss Marie Wagner, national indoor champion, and Miss Claire Cassel, of New York; Miss Carrie Neely, Chicago; Miss Ann Schaefer, Boston; and Mrs. Willard Sullivan, Richmond, Va., advanced to the third round. Miss Mary Browne, Chicago, national champion, and her partner, Mrs. Robert Williams, New York, holders of the doubles championship, defended their title in that event today. They won their preliminary match from Miss Fleischer and Miss Hirsch, Philadelphia.

Ministers Play Ball.

Chicago, June 9.—The Chicago Baptist Ministers' association cancelled their weekly meeting yesterday, went to Lincoln Park, organized two baseball teams, the Blues and the Reds, and played a nine-inning game. The sensation of the contest was the Rev. R. E. Manning, 72 years old, the hard-hitting center fielder of the Blues. Dr. Manning was all over center garden, stabbing them in the air and scooping up low ones like a professional. He made several hard catches and in five times at bat got three hits and drove in two runs. The Blues won 15 to 7. Dr. Manning was a pioneer ball player in his seminary days. He said he had not played in a game for thirty years.

K. O. GIVEN COULON BY "KID" WILLIAMS

Stiff Right to Chin Did the Work in the Third Round. Champion Was Outclassed From the Beginning.

Ringside, Vernon, Cal., June 9.—Johnny Coulon, bantamweight champion of the world, lost his title tonight to "Kid" Williams, of Baltimore, who knocked him out with a stiff right hand punch to the chin in the third round of their twenty-round contest.

The fighting was all Williams' own from the start. Coulon seemed to be unable to solve the problem and land anywhere in the short interval of the first two rounds and was saved at the close of the second round only by the timely ringing of the bell.

Betting Favored Williams. The result proved the wisdom of the bettors, who favored Williams from the start, holding that Coulon's illness, which kept him out of the ring a year, had robbed him of championship form. The odds on Williams were as high as 2 to 1. At the ringside, while no betting was in evidence, it was plain there was plenty of money placed just before the contest at 10 to 6.

At the opening of the first round the crowd and the referee called Williams to "get in and do it," evidently assured that he was capable of making good his claim to the championship title. Coulon landed but one really effective blow during the short contest toward the close of the first round he managed to reach Williams' face.

Although the champion was obviously outclassed from the beginning, his blow to Williams' countenance elicited cheers from the crowd. Williams was fast and exciting from the start. Williams held the center of the ring and kept Coulon from reaching the ropes. When the former champion received the blow which deprived him of his title, his hands were within a few feet of Williams' corner.

Coulon Could Hardly Walk.

As Referee Eytan raised the new champion's arm, signifying him to be the winner the crowd roared and cheered lustily. Williams ran around the referee and attempted to assist the champion to his feet. Coulon appeared shaky and scarcely able to walk. As soon as he had gone a step or two he went to his corner unassisted, however, and refused Williams' proffered aid. Before Coulon had reached his corner the seconds of both men had leaped into the ring, followed by other ring officials and several policemen.

For eight minutes' work in the ring and taking a beating at the hands of the champion, Coulon received about \$3,000. Before he would agree to meet Williams he demanded a guarantee of \$5,000, which was granted with the privilege of taking 40 per cent of the "gate." The crowd was one of the largest seen at Vernon for months and Coulon took the gate percentage. In addition to this he received \$1,000 from the new champion, who had an agreement between the two men. Besides acquiring the bantamweight title, Williams received \$2,500 as his end of the purse.

Twenty-Inning Game.

Minneapolis, June 9.—Minneapolis and Louisville established a new American association record today when they played a twenty-inning game that was won by Minneapolis, 3 to 2. The previous record was set by Milwaukee and Columbus, July 18, 1913, when Milwaukee won in nineteen innings. Joe Lake pitched the whole game for Minneapolis.

Memorial to Confederates.

Petersburg, Va., June 9.—In the annual memorial celebration here today, the Ladies' Memorial association unveiled a granite arch to the memory of the confederate dead buried in historic Stafford cemetery. The monument is 50 feet high, spans 25 feet and was designed by Richard A. Menden, of Petersburg. Confederate Veterans, Daughters of the Confederacy and Sons of Veterans participated in a parade to the cemetery.

OGLETHORPE PARK vs. ANSLEY PARK

1914 vs. 1904

Prosperity vs. "Croakers"—Oglethorpe Park vs. Ansley Park

Oglethorpe Park is as directly in the line of development as Ansley Park was in 1904, and its increase in property values will be just as great.

Ten years from today Oglethorpe Park will have as many handsome homes in it as Ansley Park has today.

The Croakers will tell you differently, but watch my prediction. There are only two classes of citizens in Atlanta: THE ONES WHO LIVE ON THE NORTH SIDE and the ONES WHO WANT TO LIVE ON THE NORTH SIDE.

Visit Oglethorpe Park immediately, and you will be surprised at what you find there today. The streets are all graded and the lots are all staked. You can select anything from a three-quarter-acre building lot to a fifteen-acre chicken farm. Every lot will double in value within

five years. You can buy these lots with your salary, or any way you please.

Have your own agent help you to select your lot, and take his judgment as to future values, if you are not willing to accept mine.

More homes have been built north of Peachtree Creek in the last twelve months than in the ten preceding years.

Peachtree road will be built up solid to Oglethorpe University within ten years.

Peachtree road frontage to the DeKalb county line is a good investment today at any price under \$75 per front foot, and will double up in ten years.

The Peachtree Battlefield will be the handsomest and most popular National Park in America within the next ten years.

1914 vs. 1904

In 1904 the city limits ended at Sixth street
In 1914 Ansley Park was assessed by the City of Atlanta at \$2,250,000 and paid \$30,000 in taxes to the city and \$20,000 to Fulton county
Its taxable value increased 11,000 per cent in eight years
In 1914 Atlanta's population is 230,000—an increase of 1 per cent
What will it be in the next ten years?
In 1904 Atlanta's bank clearings were \$50,733,113
In 1914 Atlanta's bank clearings were \$158,000,000
An increase in 20 years of 1094 per cent
The report of the bank makes Atlanta the south's financial center
Postoffice receipts for 1914 \$1,175,000
Increase 19 per cent
From 1906 to 1911 investments in 1,000,000 long term bonds to \$15,517,000
In the past three years it has averaged over 1,000 new homes per annum
What will the next 10 years produce?
In 1914 the assessment of Atlanta real estate was \$1,100,000,000 in 1914 it will be over \$1,500,000,000
Increase 40 per cent
The total city assessment for 1914 was \$1,100,000,000
Ponce de Leon avenue is now built up solid to the county line and the streets many handsome homes in Druid Hills
In 1904 there was not a house in Druid Hills and only one good house on Ponce de Leon avenue between the railroad and the county line

Every section in the extended city limits has shown the same wonderful development
The next extension of the city limits will take in Kirkwood, Oakhurst, Decatur, East Point and Buckhead.

Prosperity vs. Croaker

Ten years ago the world did not believe the Panama canal would ever be built. Today it is a finished product. Its opening means that the tide of trade will change in the United States and that the South and her Southern ports will enter upon an era of untold prosperity.

Ten years ago the farmers of the South could not get money to properly improve their farms at any price. Today President Wilson has proven himself the greatest real estate agent the world has ever known, and is forcing the water out of the "boasted" listed stocks in the gambling houses of the United States, and is removing the embargo laid on America's greatest producer—the farmer, and allowing him to use his only security as an asset for National Bank loans.

The world now realizes that mortgages secured by productive farm lands are the safest and best securities obtainable, and from this day forward they will be the most popular securities for all classes of trust funds, because man's mismanagement cannot affect them and no water has to be squeezed out of them.

Ten years ago there were only a few automobile garages in Atlanta. Today every automobile manufacturer either has a salesroom here or will soon have one, and will be forced to locate a branch of his factory here to save freight rates.

Only a few years ago all the cotton factories of the country were located in the East. Within a few years they will all be located in the cotton fields for the same reason.

The same reasons that force the automobile and cotton factories to come South will force all the large manufactories to locate branch factories here.

Ten years ago there was not a good road in Georgia outside of the counties in which her largest cities were located, and the average price of Georgia farm lands was \$10 to \$15 per acre. Today every county in Georgia is planning a system of good roads and farm lands are worth from \$25.00 to \$100 per acre, and will double within the next five years.

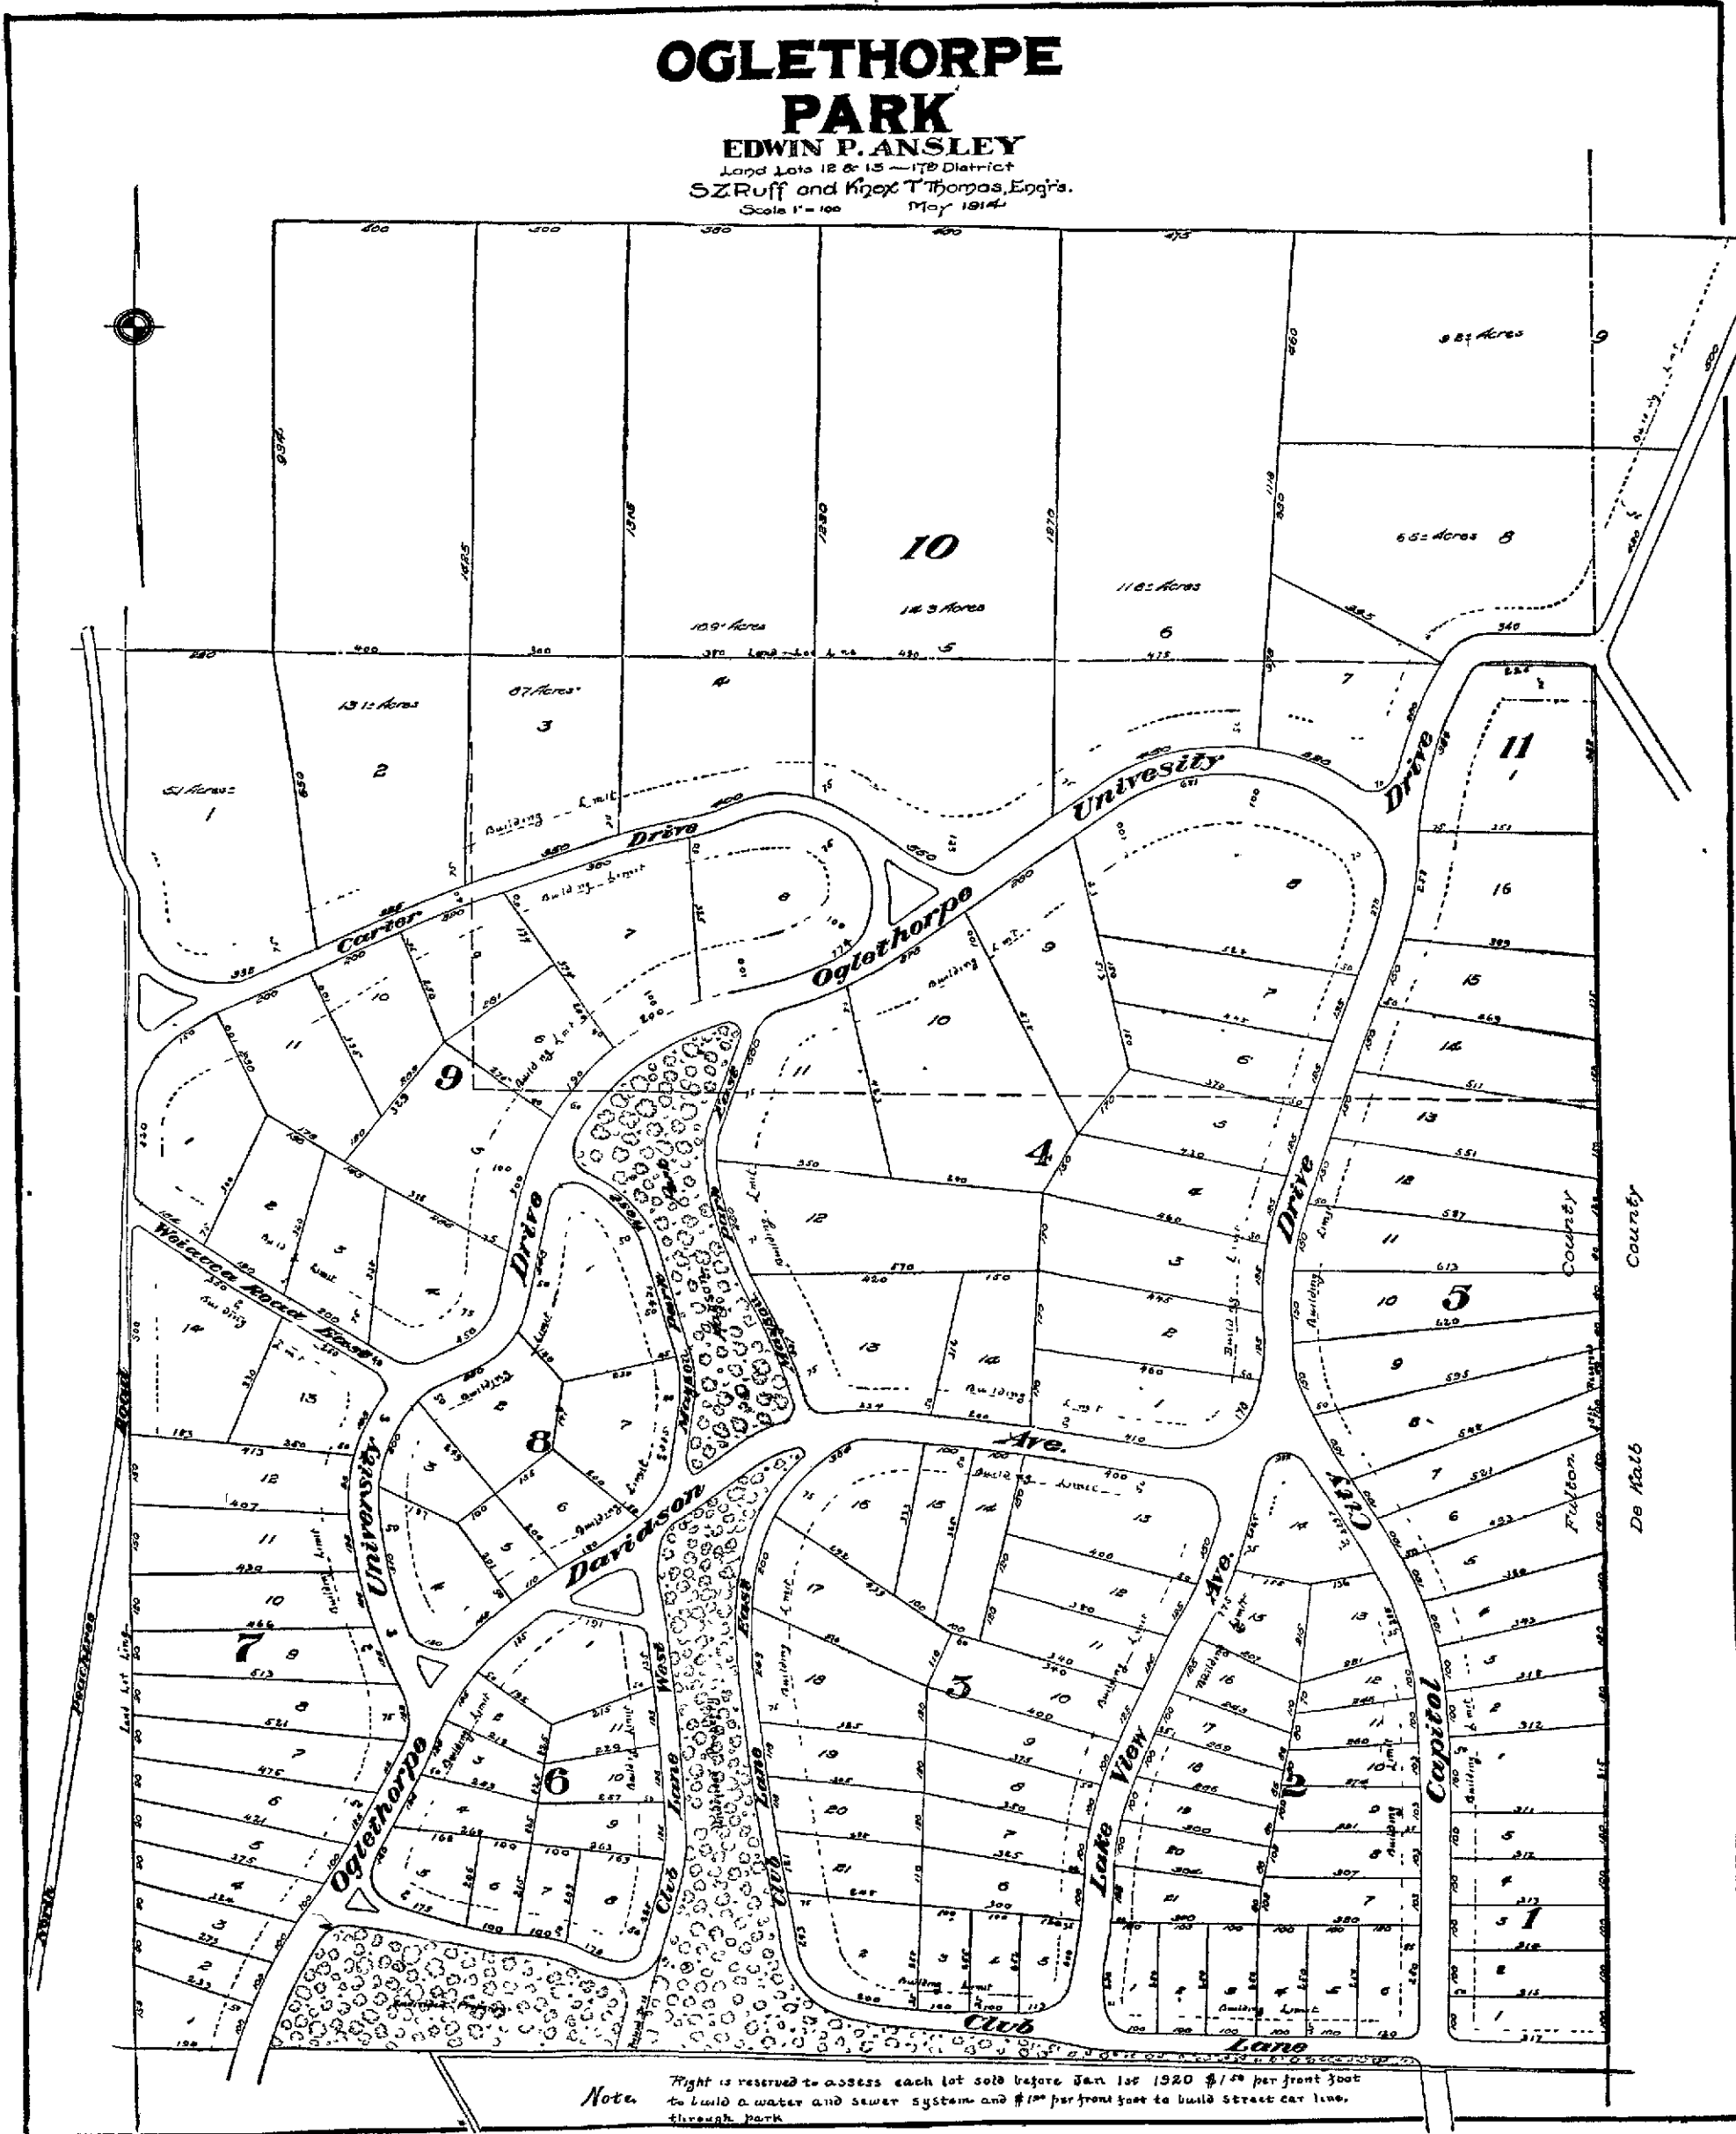

Ten years ago the average yield of cotton per acre was one quarter to one half bale per acre. Today intensive farming produces from one to five bales per acre.

Ten years ago Georgia's average corn crop yield was 15 to 20 bushels per acre. Today boys under 20 years of age are making from 100 to 200 bushels per acre.

Georgia's agricultural crop for 1913 was \$458,000,000 and her manufactured products were valued at \$300,000,000 making a total production of nearly one billion dollars.

Figure for yourself the thousands of other things that show Atlanta and the South's wonderful growth within the last ten years that guarantees the wonderful future growth of this wonderful development.

COFFEE EARLY IN SESSION But the Scattered Selling Brought on a Decline and the Market Closed Steady and Lower.

New York June 9.—The favorable average of today's weather and crop news caused scattered selling in the coffee market but offerings were well enough absorbed to keep prices generally steady and under one cent to one and a half points.

The market showed considerable firmness during the earlier trading. After opening at an advance of 1 to 4 points prices sold a couple of points under last night's closing figures as a result of liquidation promoted by the forecast for continued fair weather in the western belt but the market soon firmness on reports of a comparatively better demand from domestic trade sources and local support. The advance carried active positions about 9 to 8 points net higher. There was some little broadening of demand through the weekly report which indicated that crop conditions had improved during the past week in both the western and eastern sections of the belt. The bearish view of this situation did not create any general or aggressive selling but prices gradually advanced to a net gain of 1 1/2 to 2 points.

A traveling expert reporting on crop conditions from New Orleans said that two thirds of Texas and one third of Louisiana were in good condition. Farmers were rapidly working out their fields and that the balance of the crop was in good condition. There were also more favorable advices from central sections of the belt but in some sections there was a rather serious condition. There were complaints of boll weevil reported numerous.

Jay, Bond & Co. New York June 9.—Although weather conditions and reports are more favorable the market today continued to display steadiness in Texas and Oklahoma the absence of rain in the western belt went on and while the dry weather east of the Mississippi causing complaint recent offers have been of some benefit. Notwithstanding the market is without selling pressure and its strength is being maintained in an advance and in face of an improvement in the crop forecast. It is believed that the trade is fully aware of the accuracy of a large price and is covering at least a part of its requirements.

Hubbard Bros. & Co. New York June 9.—(Special)—For some time today the market advanced in face of the weather and the crop in the western belt. The market was generally steady and under one cent to one and a half points.

Chicago June 9.—Bearish deduction from the government report sent wheat down today to about the lowest price this season. The market closed steady at a loss of about 1 1/2 to 1 3/4 net.

Official announcement of wheat crop figures from Washington proved to be more of a weight than the trade and the public seemed able to withstand it. It was pointed out that disregarding the government's estimate of probable completion of harvest and figuring on the basis of present conditions being maintained a total crop of 6,000,000 bushels greater than the huge total indicated by the government would be by no means impossible.
