

PEACE THREATENED BY EFFORT TO SAVE GEN. HUERTA'S FACE

Mediators Want Dictator to Be Allowed to Name as Successor the Man Selected at Niagara Falls.

UNITED STATES FIGHTS EVEN TACIT RECOGNITION

American Delegates Also Insist That Huerta's Successor as Provisional President Must Be Constitutionalist in Sympathy.

Niagara Falls, Ontario, June 10.—Differences of opinion so serious that they imperil the continuance of the conferences here have developed between the American delegates and the Mexican plenipotentiaries. On two vital points there is flat disagreement.

First, the mediators, representing presumably the viewpoint of the Mexican delegates, are insisting that the provisional president of Mexico shall be a neutral who shall not have an active partisan in the constitutionalist cause.

The American delegates have stated emphatically that unless the choice falls on a man of distinct constitutionalist sympathies, not necessarily a military chief or leader, but one who would command their confidence, there can be no hope of constitutionalist acceptance of any peace program adopted here.

Second, the United States government has determined that the method of transmission from the present regime to the new government shall not be through the appointment by General Huerta, as minister of foreign affairs, of the man agreed on for provisional president.

No Recognition for Huerta. To permit him to exercise the constitutional functions of naming his successor according to the American viewpoint will be equivalent to recognition of the Huerta government.

This view is opposed by the mediators, who argue that inasmuch as the world will know the mediation conference had selected the next provisional president, the form of succession is unimportant.

Which in the greater sacrifice, the mediators ask, for General Huerta to name a minister of foreign affairs whose political principles are not in accord with his own, and then to have the latter almost immediately succeed him as provisional president, or to yield on the technicality as to the manner in which the transfer shall be made?

The mediators were occupied today with a discussion of these points among themselves. They did not confer with either the American or Mexican delegates. The Mexicans let it be known that they considered the method of succession a technicality which they would yield in their position. They are anxious that the provisional president shall be a neutral and if possible a man who has not been identified with any political faction in Mexico. They would not accept a constitutionalist partisan, they say, and especially no active worker in that movement.

DRYS AND WETS MARSHAL FORCES FOR HARD FIGHT

Congressmen Opposed to Nation-wide Prohibition Resolved to Force a Vote on Hobson Amendment.

MANY DEMOCRATS FEEL ISSUE IS DANGEROUS

President Wilson Denies He's Taking Part in Fight. Hardwick Wants Vote, But Opposes Amendment

Washington, June 10.—Nation-wide prohibition will be voted on by the house within four or five weeks, according to predictions made at the capital tonight after until July 1 a committee had no special rule to provide for immediate consideration of the proposed Hobson amendment. Members of the committee declared they would consider and probably favorably report the Cantrell rule resolution in July.

The committee's action followed a day of stormy conferences between a group of congressmen without reference to political division. It generally was conceded that opponents of the Hobson amendment were forcing the issue, confident the measure could not pass under the two-thirds vote necessary for passage. Representative Hobson himself does not favor action at this time, though he said tonight a vote would be taken the second week in July.

When the committee by a five to four vote deferred consideration of the rule it was announced that this course had been deemed wise because of important questions before the house for immediate disposition.

Statement by Hobson. Earlier Mr. Hobson submitted a statement to the committee, saying he desired to have the resolution passed in accordance with the amended resolution he introduced yesterday to meet the question of state's rights. The statement said many members of the house had requested him not to press the resolution in consideration until they had time to confer with their constituents. He had respected the requests, and did not request immediate action.

Since opponents of the resolution have precipitated the matter and are urging its immediate consideration, I wish to say that I shall not oppose such action, and will not request friends of the resolution to interpose obstacles in the way of the adoption of the rule allowing adequate debate with the amendment incorporated in the special rule," the statement said.

Mr. Hardwick was one of the four members of the rules committee urging an immediate vote. He is here fighting to prevent a vote at this time. Representative T. W. Hardwick dropped his campaign for the senate to return to Washington today and attempt to convince the rules committee of the need for the resolution for national prohibition.

England's Royal Heads Alarmed Over Outbreaks of Vote "Furies"

THE KING AND QUEEN OF ENGLAND. The birthday festivities for King George, who is 49 years old, were marred by the outbreaks of the "furies," as the militant suffragettes are now called. London is tired of their outrages. On the other hand, the world women claim they will continue their crusade until the vote is granted. They consider themselves martyrs in the cause of woman suffrage. The king is closely guarded, and he has ceased his daily rides in the parks. The queen is deeply alarmed. It is known she is against the suffragettes, and she fears they will attack the king in person.

BROTHER MOOSE SCORES PERKINS

Amos Pinchot Denounces Roosevelt's Multi-Millionaire Backer as a Menace to the Progressive Party.

New York, June 10.—Amos Pinchot made public today the text of the confidential letter he recently addressed to Theodore Roosevelt, the members of the progressive national committee and other leaders, denouncing George W. Perkins, chairman of the most executive committee, as a menace to the party principally because of his affiliation with the United States Steel corporation and International Harvester company, "two great monopolies which have succeeded most completely in exploiting the public and crushing organized labor."

Perkins and Private Monopoly. Mr. Pinchot declares "an element in our party leadership, headed by George W. Perkins, favors the protection of private monopoly in American industry. Mr. Perkins is actively opposed to recognition of labor's right to organize and deal with capital through labor unions, and has frequently gone on record to this effect."

Perkins and Rockefeller Alike. Mr. Pinchot says Mr. Perkins' name has been signed to resolutions of the steel corporation declaring against organization within its plants and that Perkins has an extensive private propaganda calculated to convince the party and the public that the trusts are useful and sacred institutions, that those who attack them are guilty of the destruction of all healthy industry on a large scale, and finally that the progressive party fully agrees in these things.

Washington, June 10.—President Wilson has been urged by the executive committee of the Live and Let Live League of New York, for permission to hold a mass meeting Saturday in front of the treasury to protest against the efforts of George W. Perkins to incorporate the Live and Let Live League of New York, for permission to hold a mass meeting Saturday in front of the treasury to protest against the efforts of George W. THREE MURDERS ARE PUT AT DOOR OF 4 YOUNG MEN

Jenkins, Warner, Babbett and Brooks Are Jailed at Columbus for Killing Hindman, Palmer and Allen.

MENACING MOB SURGED AROUND COUNTY JAIL

But Deputies Announced That Prisoners Would Be Protected at All Hazards. \$2,000 Offered for Capture of Murderers.

Columbus, Ga., June 10.—Son Jenkins, Dave Warner, Luther Babbett and G. J. Brooks, four Columbus young men, were last night arrested on murder warrants, and are being held at the Muscogee county jail, charged with being responsible for the three murders which have been committed in this city during the past two weeks. The four were arrested by a squad of city police and deputies, headed by Detective James Palmer, father of Roy Palmer, who was shot and killed early Sunday morning.

The men were primarily arrested in connection with the murder of Frank Allen Monday afternoon. The police state that evidence has been secured which implicates them in the other two cases.

An angry mob surged around the county jail tonight, but was fairly orderly, deputies making it known that the prisoners would be given strong protection.

When the officers visited the home of Son Jenkins, the youth's mother stated that if protection against mob violence was assured she would tell where her son and Dave Warner could be found. Both were at the Warner home and a crowd which had quickly gathered was with difficulty restrained from violence by the officer Babbett was arrested at his home and Brooks was arrested while walking along the street.

The three murders, with which the police declare the prisoners are implicated, claimed as their victims William P. Hindman, Roy Palmer and Frank Allen. Rewards aggregating \$2,000 have been offered for the capture of the men responsible for the crimes.

Anti-Subsidy Forces Win the First Round in Canal Tolls Fight

HEADQUARTERS OF SOUTHERN WANTED

President Harrison Urged to Take This Step by Prominent Citizens at Driving Club Banquet.

Fairfax Harrison, president of the Southern railway, was urged by Mayor James G. Woodward and the leading citizens of Atlanta, at a dinner given in his honor at the Piedmont Driving club last night, to move the headquarters of the Southern railway from Washington to Atlanta. So urgent and serious was this invitation and backed with such strong and reasonable argument that before the evening was over it became almost a systematic campaign.

President Harrison was the guest of some 200 of Atlanta's leading merchants and manufacturers. Captain James W. English, townmaster, and a number of prominent citizens spoke.

Every assurance of co-operation was guaranteed the Southern railway in its plans for expansion, which President Harrison came to Atlanta to further. Whatever of antagonism may have existed toward railroads in days dead and gone, appeared last night to have vanished.

Opposes Discrimination. The sentiment voiced by every local speaker to President Harrison was that all Atlanta asks is not lower rates, but rates that do not discriminate against her in favor of any competing city. Captain English, in introducing President Harrison, sounded this note, and declared that Atlanta did not care if rates were raised, should the road find it necessary to take such a step, providing Atlanta got a square deal.

There was present a marked sentiment that if in the past the railroads have overstepped their bound, they have now been brought to curb, and have the support of thinking and progressive business men.

Will Abide by Laws. General Counsel Thom, of the Southern, emphasized the necessity of such a spirit for the success of the railroads, and expressed the willingness of the railroads to abide by the laws regulating them.

President Harrison gave an extremely enlightening outline of the progress of the south and the Southern railway during the last twenty years, and further outlined something of the growth which might be expected in the future. His address was fraught with faith in the success of the southern states.

President Harrison's address is printed practically in its entirety upon the editorial page of this issue of The Constitution.

Among the speakers of the evening were President Harrison, Sam D. Jones, Mayor James G. Woodward, R. S. West, James B. Gray, John W. Orr, Clark Howell, Holling H. Jones, Keats Speed and Mr. Thom.

Simmons - Norris Amendment Declaring United States Waives No Rights Over Panama Canal Adopted by Senate, 50 to 24.

FINAL VOTE ON REPEAL COMES SOMETIME TODAY

Repeal Measure Will Carry by Not Less Than Ten Votes, According to the Leaders—Party Lines Were Broken in the Simmons-Norris Amendment.

Washington, June 10.—The senate tonight cleared away most of the legislative barriers in the way of a final vote on the canal tolls exemption repeal bill, and unless there are unforeseen developments the fight which has raged in congress over this measure for many months will come to a close before adjournment.

Votes taken tonight on amendments designed to preserve any right the United States possesses under the Havana-Panama treaty with Great Britain to exempt American ships from toll payment through the Panama canal indicated that the forces of repeal will win by a substantial majority.

Senator Simmons, who has led the fight for repeal, has estimated that the bill will carry by not less than ten votes and there was every promise that his estimate will prove correct. There was no real test of strength in the voting tonight but the repeal forces won the first round of the fight when they put through, by a vote of 69 to 24, the so-called Simmons-Norris amendment which declares the United States does not waive or relinquish any right it may have to exempt American ships from payment of tolls.

Two subsequent attempts to change the language of the amendment so that it would refer to a right the United States has instead of any right it may have, were defeated, but neither vote was so decisive as that on the Simmons amendment. One modifying amendment by Senator Sutherland was beaten 49 to 33, and the second proposed by Senator Cummins suffered a like fate—49 to 37.

Party Lines Broken on Vote. Of the fifty senators who voted for the Simmons amendment thirty-six were democrats and thirteen republicans and the other vote was cast by Senator Charles McNary, a republican democrat and fifteen republicans voted against the amendment. In the votes on the two substitutes offered there were several changes, but the alignment of democrats remained about the same as on the first vote.

Attempts will be made tomorrow to put through other amendments, but repeal forces are believed to be sufficiently strong to dispose of them in short order. One modifying amendment by democratic leaders who are anxious to take up pending anti-trust legislation.

The first vote came tonight when the senate was not looking for it and found twenty-one senators absent from the chamber or out of town. One fact that was noticed was the absence of Senator Root, acknowledged leader of the republican senators who favor repeal.

Senator Lodge announced that the New York senator was out of the city, but it is probable that he will return in time to cast his vote for the bill.

BODIES OF FOUR GIRLS ARE FOUND IN CREEK

Corpses Cut and Bruised, and It Is Believed Girls Were Murdered.

Sapulpa, Okla., June 10.—Cut and bruised and bearing evidences of foul play, the bodies of a Miss Reynolds, aged 18, and three sisters, Bertie, Zula and Vina Sanders, aged 9, 11 and 14 respectively, were found in Rock Creek near here today.

When Henry Sanders, father of the three children, left home yesterday, Miss Reynolds, employed as a housekeeper, took the children for a stroll. Sanders did not return home last night. The discovery of the body of one of the girls at a ford in the creek prompted investigation which revealed the other three floating in the water nearby. The clothes of all were on the bank.

A coroner's jury viewed the bodies and adjourned until tomorrow morning.

and say that the president approves of this amendment," declared Senator Borah, republican, referring to the compromise. "His party is putting him in a position where he must either compromise his intellectual integrity or his courage. Did not the president ask us to grant this repeal ungrudgingly and without reservation?"

Senator Williams, democrat, predicted that after the repeal senators would be eager to vote for arbitration before repeal, he asserted, only a few senators would vote for arbitration.

Senator Newlands, democrat, declared he favored the Vardaman amendment for the suspension of the tolls exemption until July, 1915, and the submission of the right to discriminate to a joint diplomatic conference between the United States and Great Britain. Mr. Newlands said he had great respect for the president for disregarding a party plank when he thought its spirit was in violation of a treaty but little respect for those who, believing otherwise, intended to vote to repeal as a party measure.

"I intend to vote as I did two years ago for the exemption because I believe the improvement of waterways should be a charge upon the public treasury. It included Senator Newlands' explanation why he would vote for the repeal, and Senator Ashurst, democrat, announced he would vote against the compromise amendment.

He did not know what it will be called in history, the Simmons amendment or the Norris amendment, but I think all will be dry, but one step forward, two steps backward and then a side-step."

may well desire and require different laws. For instance, what may suit the city of New York with its great metropolitan city may be utterly unsuited to a great rural state like Georgia.

"We think that that included the president when the leaders returned to Capitol Hill they communicated the president's message to democrats there and was very strange that the members of the cabinet should be going about town talking in a manner without authority of the president."

Forces Behind Resolution.

It was recognized that two forces behind the prohibition resolution were the attention of the rules committee at this time.

White house influence or alleged white house influence and the activities of Representative Thomas W. Hendrick, democrat, and Representative James C. Cantrell, of Kentucky, both members of the rules committee, and the prohibition resolution can be voted down at this time.

Representative Cantrell, of Kentucky, author of the proposed special rule, issued the statement that he had had an interview with the president about the prohibition resolution and was not acquainted with his personal views. What a member of the rules committee said is a matter for the states and for them alone.

Wilson In Holding Aloof.

As soon as it became known that the white house today that certain newspapers accredited the president with directing an early vote on the prohibition question, the president's friends entered details. They said that he was holding aloof, and would take neither one side nor the other.

Several democratic leaders of the white house went to the white house to ascertain the truth of the report in regard to the president's attitude. They were told that there was no authority for the statement that he was taking a hand in the prohibition fight. What happened, they were told, was this: Mr. Burleson, the postmaster general, and other members of the cabinet have been saying that a vote on this (the prohibition) question "we believe it should be cleared up so that it cannot

They Came to See Wedding, But Were Two Months Late

When the wedding guests had assembled at the home of Miss Clara Dora Bell, 182 Cooper street, last night, expecting to witness her marriage to William D. Thomas, of 85 West Harris street, they received a surprise when the groom stepped forth, and displayed before their startled eyes a marriage certificate signed April 30, 1914, by Rev. E. L. Vaughan.

The marriage had been kept a secret for nearly six weeks. Not even their parents apprised of the wedding.

Mrs. Thomas was a pretty High School girl and she quit her class in mid-term for the purpose of marrying William D. Thomas, the young couple was asked why they did not wait until the date set for their marriage, according to the announcement, they both said they loved each other too much to wait.

Thomas holds a responsible position with the American Bell Telephone and Telegraph company, connected with the traffic department.

The afternoon of their marriage, the present bride had told her father and mother that she was going up to the Carnegie library to prepare an essay. There, by appointment, she met Thomas

and, and the essay she then proceeded to prepare was a life story, the first chapter of which was the most important one of her life.

They took a street car and went out to Buckhead, Ga., where at the home of a Mrs. Tyree, a friend of J. E. Hayes, who arranged the details of marriage for Thomas, they met the preacher, and in the presence of Mrs. Tyree and several guests, they were married.

The young couple in order to keep their marriage secret would not trust the artillery and the various factions at the convention is unimpaired because they feared that some newspaper reporter, prowling around the ordinals, might take a record.

One of the wedding guests, Miss Fannie Pitts, traveled all the way from Chicago to see the wedding. She was the marriage of her girl friend, Mrs. Thomas.

The marriage of a marriage ceremony, a wedding dinner was enjoyed by the guests.

The names of those who attended the wedding dinner are:

Miss Esther Jenkins, Miss Fannie Pitts of Columbia, S. C., Miss Edna Whitaker, Miss Annette Shelton, Messrs James E. Hays, Irvin Beall and several others. They will keep house during the summer months at 182 Cooper street, the home of the bride's parents, who will be away from the city during the summer.

LINES ARE TIGHTENED IN PITTSBURG STRIKE

Pittsburg, June 10.—Tightening of lines by both sides has increased the situation in the Turtle Creek valley today where 10,000 members of the Allegheny Electric company are on strike at three Westinghouse plants.

President E. M. Herr, of the Westinghouse Electric company, in a statement tonight declared the company management had brought a strike situation about the company's action, and sent a note to the president, Herr, informing that the company would not be responsible for any outbreaks on the union side.

At a meeting of the directors of the Westinghouse Electric company, today President Herr said he did not believe a strike situation ought to be discussed. Directors were elected and the strike was not brought before the meeting.

COMMERCIALIZED VICE DRIVEN FROM CHICAGO

Chicago, June 10.—"Open commercialized vice has been driven out of Chicago," said M. L. C. Funkhouser, second deputy superintendent of police of that city, in an address to the City club today.

"There is not an open dive in the city," he said, "and their operation is surrounded with a secrecy that makes them almost invisible."

Funkhouser pleaded for the establishment of a house of correction to deal with the criminals who are committed to learn some legitimate means of making a living.

JAPANESE IS HANGED FOR KILLING AMERICAN

Seoul, Korea, June 10.—Tomitaro Watanabe, a Japanese who on March 29 killed Dr. Edgar De Mont Stryker, an American surgeon, was hanged today.

Watanabe, who had previously strangled his wife, went to the hospital at Hankow, where Dr. Stryker was in charge, to see his wife. He was tried and sentenced to life imprisonment, but appealed. The superior court sentenced him to death.

PEACE THREATENED OVER GEN. HUERTA

President Huerta had been installed and formally had been accepted by the constitutionalists. Such a move would constitute a popular demonstration that would justify the American government in the view of many here, in extending recognition to the broad ground that the national will, in effect, had been expressed.

No word was received today from the constitutionalists. It is not known when answers from the Mexican government will be received. The note of the mediators may be expected.

The obstacles that have arisen in the past twenty-four hours will bring the proceedings. There may be a prolongation of the mediation for two or three days.

The Secret of Hot Springs Waters

The General Ideas Held Regarding These Springs Have Been Proven Erroneous.

The Interior Department of the United States Government has demonstrated under a report made by Prof. Bartram B. Boltwood of Yale College, that the waters of Hot Springs Arkansas, are heavily charged with radium, an active gas, and their curative qualities are due to these causes, present in the water, and not to the presence of salts of radium or other solids as had for so long been supposed.

The water of Hot Springs has a certain relief from Rheumatism, Gout, Malaria, Leucoderma (earlier stages), Bright's Disease, not too far advanced, Liver or Bladder trouble, Dyspepsia, Stomach or Blood disease, Catarrhal trouble, Women's diseases, or any ailments of a kindred nature.

Of course, the wonderful curative qualities of the waters have made Hot Springs Arkansas, world-famous as a health resort.

It is now understood however that this delightful place offers attractions for the pleasure-seeker that are second to none resort in America.

Owned and controlled by the U. S. Government every consideration is shown to the pleasure-seeker. The baths are strictly regulated, the accommodations are extremely reasonable, accommodations practically unimpaired, and many attractions are offered. WEEKLY PAY OF WOMEN IN NEW YORK STORES

New York, June 10.—In a hearing on department stores before the United States commission on industrial relations today, Miss Gertrude Becks, of the National Civic Federation, told the commission that the average weekly wage of women in the city is \$13.50. She recommended the establishment of a commission or adjustment boards, with representatives of the employers and the employees.

Charges of low wages and an immoral system of payment to women have been reiterated so often, the witness said, that there are few people who do not believe there is some truth in them.

The minimum wage on which a woman can live in New York, Becks said, was \$3. Representatives of large dry goods stores testified regarding the average weekly income of women in their stores. In one store, employing 1700 persons, 40 was the average weekly income of the women. In another store the average wages of saleswomen was \$13.50. In a third store, 118 from whom receipts for the past week, 350 received less than \$3, and 268 received less than \$4.

CLUB WOMEN HOT, AND TO BE HOTTER

By Mrs. Harvie Jordan.

Chicago, June 10.—(Special)—Heat has been the most burning subject of the moment since the 15,000 delegates and visitors arrived in Chicago for the biennial convention of women's clubs. But Mrs. Pennybacker, general federation president, predicts that the temperature will go up to 200 degrees when the suffrage question is broached. Present indications are that when the artillery of the various factions at the convention is unlimbered there will be a hotter time. Mrs. Pennybacker's call for a referendum on the equal suffrage question arouses hostility.

Mrs. George Wilbur Trout, president of the Illinois suffrage association, has declared for the indorsement of suffrage.

Mrs. Fitzpatrick Opposes.

The opposite viewpoint was taken by Mrs. Z. Fitzpatrick, president of the Georgia federation.

"I am against woman suffrage," she said. "Women's clubs of Georgia have had no difficulty in getting their measures passed by the legislature. We are the power behind the throne now and we do not intend to give up our power. I am opposed to bringing the question with its attendant train of politics into the federation. Politics means dissolution."

"Suffrage remains an open question," was the declaration of Mrs. Percy V. Pennybacker, of Austin, Texas, president of the federation. Personally however, she favors it.

"I do not think it would be wise for this convention to indorse a suffrage amendment," said Mrs. F. C. Stand on, recording secretary of the federation.

This is a question for the suffragists themselves to decide in their states. As an individual I am a suffragist.

Mrs. Burdette on Dress.

The subject of dress came before the women today. Mrs. Robert J. Burdette of Philadelphia, Cal. discussed the subject in relation to morals while the assembly itself by a great majority exemplified the beauties of dress simplicity.

Mrs. Burdette spoke to an expert and appropriate audience.

"With forbidden knowledge," said the speaker, "came self-consciousness, and with self-consciousness came the sense of shame and the protective garment—and thus did the transgressions of our first parents cover all future generations with a blanket mortgage of clothes which we are paying off with heavy interest."

"Whether clothes were first worn as an ornamental covering or for protection matters little for we seem even to this day to consider the best of prime importance. No matter if the neck be exposed nearly to the waist line and the limbs nearly half way to the knees if only the style be followed, health and suggestiveness are lost sight of in the craze to be in fashion."

Mrs. Grace Hutchins costume designer of Columbus, Ind., said that the gowns of a woman are read in her gowns and that slovenly dress and careless hair tell more about a woman who is addicted to extreme styles, is sure to be an extremist in everything else. But she adds she does not believe that every woman who wears immoral clothes is necessarily immoral. She rather believes a large per cent of them recklessly and relentlessly follow prevailing fashion without knowing why.

"As the fashions are today a woman would have to design nearly every article of her wardrobe, but she is not so immoral clothes. The reason is plain enough."

Demolish-Your Fashions.

Fashions change all the time, but fashions are not designed for good women. They will not stand a cash money to suit the merchant, but it is in the fact that every new fashion is designed originally for the demoralized class.

The speaker herself said in unostentatious white asserted that American things are not made for good women, where else is seen the same class of over-dressing save among the actresses who are in the limelight.

Throughout Europe she continued "the women of high ability and serious things or serious women would not wear fashionable women follow with avidity."

The speaker gave especial emphasis to this statement:

"The following of fashion, that thing which is so common to our hearts out with longings that cannot afford to gratify, leads to the oppression of the soul, the loss of the balance of virtue itself."

Mrs. Burdette said that women should determine for themselves what women should dress more modest than that and stick to that style. Americans are too independent to be content with a traditional costume.

"Do one thing today in a woman's life more says her strength, time, money and nervous system in the future, than that which she does in the event of daily life in the form of the question of how shall we wear. How shall it be made and how shall it be paid for?"

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism untried for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The inextinguishable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

YOUR BLOOD

is the canal of life but it becomes a sewer if clogged up. All life consists of building up and tearing down and just in the same manner that the blood carries to the various parts of the body the food that the cells need for building up, so it is compelled to carry away the waste material that's torn down. These waste materials are poisonous and destroy us unless the liver and kidneys are stimulated into refreshed and vigorous life.

DR. PIERCE'S Golden Medical Discovery

is the balancing power—a vitalizing power. It acts on the stomach and organs of digestion and nutrition—on the purifying filters which clean the blood. Thus fresh vitalized blood feeds the nerves, heart and brain.

Blood Risings Not Sign of Health

Boils are Caused by Sluggish and Impure Blood

Look Out for Volcano Effects

When there are swellings, gatherings or risings of the skin it is a sure sign that the blood needs help. It needs the cleansing that can be had only by the famous blood purifier S. S. S. Any eruption of the skin shows the body is retaining impurities, and either continue to circulate and impoverish the blood or are deposited here and there in the form of abscesses or surface risings and eruptions.

A host of people use S. S. S. every spring and summer to withstand those habits that leave the system tired out. Get a bottle of S. S. S. today of any druggist. Give your blood a good bath. It will cause your liver to convert impurities, your lungs to burn them, your kidneys to excrete them and your skin to carry them off thus leaving your entire system fresh and clean to revive and again be conscious of renewed health. Write to The Swift Specific Co., 106 Swift Bldg., Atlanta, Ga., for their great book on skin afflictions "What the Mirror Tells."

ALLEGED GAMBLERS BRANDED PERJURERS

One Man Bound Over, But Cases Against Eight Others Are Dismissed.

Judge Nash Broyles Wednesday afternoon dismissed the charges of gambling against eight of the nine men arrested Tuesday night in a police raid on the Scotia apartments, on Peachtree street, but bound J. A. Marx, a roomer over under bond of \$100 for running a gambling house.

The police officers, led by Assistant Chief E. L. Jett, made the raid, following a telephone message received at headquarters stating that a "shoot-out" and fighting scrape was going on on the third floor of the Scotia apartments.

Thinking that someone had been shot, on their arrival at the apartments they rushed upstairs, and ran into Marx's room, where they found several sets of poker chips, \$45.10 in silver, several decks of cards, and many dice. Three dozen bottles of beer were on ice in a closet.

No game was in progress, though, and when the police officers rushed into the room, some of the men were discovered asleep on the beds, and another hidden in a closet.

All eight men swore that they had not seen or heard of any gambling in the room while they were there. Judge Broyles dismissed their cases, and swore them in as witnesses against Marx, since Marx claimed the \$45.10 silver change, and confessed to be a roomer in the apartment.

Judge Broyles swore each of the witnesses as perjurers, and declared that there was not a man in the courtroom who believed them.

DANIEL'S CLOSES EARLY WEDNESDAY AFTERNOONS

All the employees of the Daniel clothing store, at 45 Peachtree street, were given a half holiday Wednesday, leaving work at 1 o'clock in the afternoon. This will be repeated each Wednesday during the hot summer months.

The Daniel's store is the first clothing store in the city to grant half holiday on Wednesdays to their employees.

L. J. Daniel, president of the company, said Wednesday in regard to the half holiday:

"We think that our men ought to have an afternoon off during each week in summer, and as it is impossible to give them off on Saturday afternoons, Wednesday is given instead. If anyone wants to buy a tie, a shirt or a clean collar, and cannot arrange to buy it from us before 1 o'clock on Wednesday, he will have to purchase promptly at 1 o'clock, to allow the men to get out in the fresh air and enjoy themselves."

Already a tennis club has been organized among the employees, who will play each Wednesday at Piedmont park. A baseball team is being organized and will challenge all comers.

All of the Daniel's employees were wearing Wednesday afternoon large handkerchiefs inscribed "Daniel's Closes Every Wednesday."

KELLEY MAY OPPOSE MAYOR WOODWARD

If He Makes Race, Either McCord or Knight Will Enter Aldermanic Contest.

Politics around the city hall began to boil Wednesday when it became known that friends of Alderman C. H. Kelley, of the second ward, are boosting him into the mayoralty race against Mayor

DR. JOHN C. WHITE, who will enter race for council from the seventh ward.

James G. Woodward in the event "Uncle Jim" decides to make the race again. If Alderman Kelley jumps into the contest against Mayor Woodward, it is almost certain that either Councilman C. D. Knight or Joseph McCord will make the race for the aldermanic board. Councilman Knight has served two years in the general council, but his friends say that that fact does not disqualify him from entering the aldermanic race. Councilman Knight and Alderman Kelley stood shoulder to shoulder in the fight for \$15,000 for widening and paving South Pryor street, and the fact that they landed the biggest improvement project in the ward in years has given them considerable prestige.

Councilman Knight's efforts in the interest of the school teachers when they were fighting for increased pay and the success which followed has also added to his strength. However, Councilman Knight is not talking about his ambitions. It is known that he is contemplating a trip abroad this summer and if he leaves Atlanta for any great length of time he will not be in a position to give personal attention to his campaign.

Two councilman announcements were made Wednesday. Councilman A. J. Colcord, of the seventh ward, will seek re-election. He will be opposed by Dr. John C. White, a physician, who lives at 46 Park street. Councilman Colcord will have served his first term at the end of this year. Since he has been in council he has been given a number of important committee appointments by Mayor Woodward. Dr. White is an aggressive citizen and has many strong friends in the ward.

In the ninth ward, Councilman Charles W. Smith will make the race for alderman. He has no opposition up to the present time.

Actors at Lyric Will Present One-Act Play For the Atlanta Club

A complimentary performance of "The Dragon's Claw" was presented to the Atlanta club, on the club's roof garden, last night by the Lucille Laverne stock company, which presented the play so ably at the Lyric theater last week.

The play began about 11 o'clock, and was preceded and followed by dancing. The play was elaborately staged, and was greatly enjoyed by the officers, members and friends of the club.

BOARD RAPS M'WORTH AND REVOKES LICENSE

W. D. McWorth, the Burns detective who was not fined by Recorder Broyles in the recent trial of several Burns operatives, was rapped by the police board Tuesday night, and his license to continue operation in the city as a detective was revoked.

The revocation of McWorth's permit followed the recommendation of Police Chief Beavers that he be no longer continued on the list of approved private detectives.

A letter from Dan S. Lehon, a Burns detective, charging that twenty-two Pinkerton detectives had been operating in the city with approval of the police board, was referred to Chief Beavers, with orders that he investigate the charges and report back at the next meeting.

No action was taken in regard to

INMAN PARK CITIZENS MAKE FIGHT FOR PARK

Inman Park citizens have carried into Judge Ellis' court the fight over the plot of land at Euclid avenue and Waverly way called "Mesa," which they wish to retain for park purposes.

An injunction was granted a year ago restraining the land company which owned the property from disposing of it, on the ground that when persons purchasing adjoining properties took over the deeds they were assured that the Mesa would permanently remain a park.

The case will probably be concluded today.

GRAND JURY TO PROBE COUNTY BOARD CHARGES

The grand jury upon going into session yesterday, decided to begin the requested probe of charges of graft and irregularities that were made during the recent election campaign against the county commissioners.

The jury, it was stated, will start the investigation with a weak at present, its activities are confined to ordinary routine and jail cases. It is expected that the investigation will be promoted into the untouched phases of the Frank case, which involved C. W.
