

Over 200 Die in Flames While Entombed in Mine Following Gas Explosion

Of 50 Rescued From Canadian Collieries, 36 Succumb to Injuries—Dead Under Tons of Debris.

WIVES OF THE VICTIMS RELINQUISH HOPE AS CRIES FOR HELP CEASE

350 Miners Succeed in Making Escape—Explosion Shakes Countryside and Destroys Buildings—Work of Rescue Begins.

Lethbridge, Alberta, June 13.—A mighty explosion today entombed 250 miners employed in mine No. 20, of the Hillcrest Collieries, Limited.

Despite the efforts of two score mine experts laboring amid the poisoned gases and debris, hope of rescuing alive the 200 men yet in the mine was remote.

The effects of the disaster were: Men in mine when explosion occurred, 600, of whom 350 escaped.

Number rescued, 50, of whom 36 died later.

Miners still entombed, 200, probably killed by fire, which followed the explosion.

WIVES OF MINERS GIVE UP ALL HOPE.

At dusk a group of women stood at the mouth of the mine, which had been closed by the explosion, still hopeful that the cries for help that issued from the inner workings earlier in the day might be repeated.

The explosion, about 9 a. m., shook the countryside, lifted roofs from many cabins and demolished numerous small buildings.

A moment after the explosion a score of panic-stricken surface workers rushed from the mine, followed by a dense cloud of smoke and poisonous fumes.

Appeals for help were dispatched to many towns, and residents organized an emergency crew and began the work of rescue.

When the first rescue crew arrived a large force of men set about to clear the shaft, working desperately as the means of the entombed men came feebly from the mine.

The moans became fainter and finally ceased. Thousands of tons of rock have fallen into the mine and it is feared the men, even had they escaped death from the poisonous fumes, probably were crushed to death by falling debris.

GASES PROBABLY CAUSED DISASTER.

No information as to what caused the explosion has been given, but it is believed it was due to gases.

Thomas Quigley, superintendent of the mine, is entombed.

Early tonight two trains filled with expert mine workers, doctors, nurses and officials of railways arrived and the work of rescue was begun in a systematic way.

The rescue work progressed rapidly and late tonight the entrance had been cleared. Several miners were recovered alive near the entrance and a little farther on a few bodies were found.

The mine in which today's disaster occurred is but one mile from Frank, Alberta, where a disaster occurred ten years ago.

Because of the danger in working them it has been difficult to get men. This is the third great disaster in the mines of this region.

Four years ago thirty-five men were killed in the Bellevue mine, and ten years ago Frank was wiped out by the neighboring mountain toppling over and burying 125 inhabitants.

Thomas Corke, official of the miners' union, was one of those who lost their lives. It was announced tonight.

Several mine rescue experts said it might take a week to reach the bodies of some of those entombed.

MRS. APPELBAUM'S CASE IN ATHENS CONTINUED

Athens, Ga., June 19.—(Special.)—The case of Mrs. Callie Appelbaum against the Jefferson Standard Life Insurance company, in the city court of Athens, to recover \$10,000 on the policy of her late husband, today was continued for the term. The defendant company pleaded surprise.

BAR ASSOCIATION APPROVES REFORMS

Two Atlanta Men in List of Officials to Be Elected. Bennett Choice for President.

Savannah, Ga., June 19.—The Georgia Bar association late this afternoon adopted that part of the report of the permanent commission on judicial reform providing for quarterly sessions of superior courts and placing the bar association on record as favoring no jury trial in any court except it be demanded in the regular petition.

The report of the nominating committee was unanimously adopted and tomorrow the following officers will be elected:

President, S. S. Bennett, Albany; first vice president, George W. Owens, Savannah; second vice president, Judge A. F. Daley, Wrightsville; third vice president, Dwight Willingham, Albany; fourth vice president, H. H. Swift, Columbus; fifth vice president, W. H. Barrett, Augusta; secretary, Orville A. Park, Macon; treasurer, Z. D. Harrison, Atlanta; executive committee, Z. B. Rogers, Elberton, and Eugene Black, Atlanta.

33 Rings Are Found In House of Negro Held in Heavy Bond

Tom Tolbert, negro, living at 228 Edgewood, arrested last Sunday by Detectives Wiley and Barker in connection with a number of burglaries and highway robberies, was found today under bond of \$5,000 Friday afternoon by Recorder Pro. Tom. Preston.

He will be tried under two charges of burglary and one of highway robbery.

At the time of Tolbert's arrest the detectives found upon searching his house thirty-three rings of all descriptions, a number of bracelets and necklaces, twelve pocketbooks, thirteen pairs of scissors and other valuables.

The alleged thief was connected with two burglaries and one highway robbery, and the detectives say that they are gaining evidence against him wherever he will be directly connected with a dozen or more of the recent holdups and burglaries which have baffled the Atlanta police for some time.

ARTIFICIAL CONTROL OF SEX ACCOMPLISHED

Atlantic City, N. J., June 19.—That artificial control of sex has passed the experimental stage was the statement made tonight by Dr. Oscar Riddle, of the evolution station of the Carnegie institute, in Chicago. He was addressing the American Academy of Medicine, which opened its twenty-sixth annual meeting here today.

"The station is propagating sexes at will with pigeons and doves," said Riddle. "The sex of frogs and toads is settled by manipulation, and that of cattle to some extent can be regulated through fixing the mating period."

As to human beings, Dr. Riddle declared, the extent of sex control would depend on the success now being secured by scientific experiments with mammals, and he would not be surprised if eventual success were achieved.

ROME MAN MANGLED UNDER SWITCH ENGINE

Rome, Ga., June 19.—(Special.)—Reese Miller, an employee of the Bowie Stove foundry, met a horrible death last night when a switch engine of the Southern railway ran over him, severing his head and left arm from his body.

Engine No. 1566 was in charge of Engineer Artie Smith. Miller had evidently fallen asleep on the track, and was struck by the engine from passing over his body.

Several theories as to the cause of the tragedy are advanced—one that he had fallen asleep on the track; another that he had stumbled on the track and been stunned, while a third is that he might have been killed and his body placed on the track to conceal the crime.

Miller was fifty years of age, and is survived by a family. He was prominent in labor circles.

CONDUCTOR KILLED BY SWITCH ENGINE

John B. Shumate, Railroad Man for 38 Years, Meets Tragic Fate in the South Yards of Southern Railway

John B. Shumate, a yard conductor for the Southern railway, and a railroad man for thirty-eight years, met almost instant death early Friday morning when struck by a switch engine as he was standing on the track in the south yards of the railroad.

The accident occurred near McDaniel street crossing.

The lower part of his body was mangled and by the time that yard employees could reach him he was dead.

It is believed that Shumate was waiting for his own engine to come along, as it was due to appear when the other engine hit him.

Hostler A. P. Paden had charge of the engine which struck him. He was backing from the coal chute to the shop.

Shumate's funeral will be held at 8.30 o'clock Sunday morning from his residence, and burial will follow at West View cemetery. He was 52 years old. He lived at 461 South Boulevard.

He is survived by his widow and five children, Mrs. F. P. Folger, D. F. F. H., C. R. and Chalmers Shumate.

M. J. GILL SECURES SEAT OF L. C. DYER IN HOUSE

Democrat Wins Over Republican in Missouri Election Contest.

Washington, June 19.—L. C. Dyer, of St. Louis, republican, representing the twelfth Missouri district, was unseated by the house late today by a vote of 147 to 93. His election was contested by Michael J. Gill, democrat.

Then by a vote of 128 to 108, a resolution declaring Gill legally elected was adopted. Mr. Gill immediately took the oath of office.

The house had previously voted down, 135 to 107, a minority resolution proposing further investigation of the contest.

The house was treated to the rare scene of being addressed in its own hall by a man not a member. Gill, who, under the rules, has the right to speak for himself, took the floor and made a brief speech supporting his claims to Dyer's seat.

He declared he had been an "honest, life-long, hard working democrat" and resented any intimation that his representatives had tampered with the ballots.

Although many election contests have been tried in the house, it has been several years since a contestant has availed himself of the right to speak for himself.

A majority of the elections committee, which had previously reported resolutions unseating Dyer, and giving Gill the place, contended that the election in 1912 was so tainted with fraud that the returns from seven election precincts should be thrown out. That would give Gill the election by a plurality of 87.

Representatives MacKenzie and Shreve, republicans, presented a minority report with a resolution directing the committee to make a further investigation. They maintained that under the Missouri statute the individual ballot of each voter in the disputed precincts could be investigated and the true vote found, thus obviating the necessity of throwing out the entire poll.

BURGLARIES LEAD TO THE ARREST OF MOTHER AND SONS

Savannah, Ga., June 19.—(Special.)—Two white boys, Frank Win and Gordon Burroughs, were arrested for burglary, and Mrs. Lillie Burroughs, mother of the latter, was arrested for receiving stolen goods today.

The police claim to have evidence that the boys have been stealing under the tutelage of the mother, and she has been conducting a fence for the swag. Retail stores have been the victims of their operations. Much of the stolen goods was recovered by the detectives.

Mrs. Burroughs has been supported by the Associated Charities.

Railroad Sues Driver Of Wagon Hit by Train For Littering Up Track

Newark, N. J., June 19.—As the result of a collision between a team driven by F. V. Wilkinson and an Erie locomotive, the road today sued Wilkinson for \$100 damages because "divers slats" of the cowcatcher of the engine were broken, the paint on the locomotive was bruised and the track "strewn with litter."

This suit is an answer and counter claim to an action for \$25,000 damages brought against the railroad by Wilkinson, who claims the accident was not his fault, and that he suffered a broken hip, three fractured ribs and other injuries.

FAST MAIL SIDESWIPE. Two Southern Pullmans Derailed—None Badly Hurt.

Danville, Va., June 19.—Two Pullman cars on northbound Southern railway fast mail were derailed near Gretna, twenty-five miles northward, at 4:15 this afternoon, just as the train was passing the southbound fast mail on a double track. The Pullmans sideswiped the whole length of the other train, but the coaches saved it from serious injury.

Atlanta Boy Wins Laurels In Role of Leading Lady

Top: Henry Powers Elliott, as he looks off the stage; big picture, Elliott, in role of Priscilla.

As a leading lady, an Atlanta boy has won historic honors this season. He is Henry Powers Elliott, Atlanta's Julian Eltinge, a graduate of the Boys' high school, graduate of Princeton and newly elected president of the Triangle club, Princeton's dramatic organization.

In the "Pursuit of Priscilla," the play produced this season by the Triangle club, Elliott portrayed the role of Priscilla, the leading character. The play was written by Robert Strain in collaboration with the Atlanta boy. It won praise wherever produced, and was played in New York, Pittsburg, Chicago, Washington and other large cities.

For the past four years Mr. Elliott has been assigned to the role of leading lady of the Triangle club's offerings. He is a skillful female impersonator, and his activity in the Princeton organization culminated in his election this year to the presidency. He graduated from Princeton last week.

Mr. Elliott received his diploma from the Boys' high school of Atlanta in 1909. He spent a year in Lawrenceville preparatory school before entering Princeton. His record, at the Boys' high school was excellent.

His vacations have been spent in Europe with his grandmother, Mrs. Harry Powers, of Atlanta. They will probably go abroad again this year before returning to Atlanta, where Mrs. Powers has large property interests, and where Mr. Elliott intends to enter business.

Alibi Market Is Cornered By Officials in Explaining Delay in Whitehall Work

Another day has come and gone, and not a solitary lick of work has been struck on Whitehall street. And when this day has ended not one bit of paving will have been done.

With Whitehall street life is just one miserable delay after another, and with those of the city government who promised to do the work, there has been a different excuse for every day in the week—truly and literally—there has been a different excuse offered every day this week.

Monday the asphalt plant wasn't ready. Tuesday it was ready and would start to work Wednesday. Wednesday something happened to the asphalt plant. Thursday there was too much rain. Friday the asphalt plant was ready, but everybody was busy elsewhere, or something like that. Today, of course, there is another excuse.

Making Daily Excuses. Since last January the city has been making daily excuses to condone the delay on Whitehall street. When the money was put in the January appropriation sheet to pave Whitehall street from Mitchell to Garnett, the city began making excuses for not starting work immediately after the county finished grading.

"It will be the first work started after the hills settle sufficiently to hold the pavement," was the first assurance given the merchants.

Day after day, week after week, and then months rolled by and no attempt has been made to put the street in condition. Merchants who were happy and prosperous before the work was started, are now impatient and discouraged, and if there was any possible way to do the work without the aid or sanction of the city it is certain these merchants would take the matter into their own hands.

Now Excuses Begin. More than sixty days ago the city promised to start paving. Thirty days elapsed with nothing doing.

Enter—Excuse No. 1. "We are waiting for the new \$15,000 asphalt plant to arrive."

Thirty days have almost elapsed since excuse No. 1 was made. Now comes the excuse that although

Still Hope For Mediation, Declares Minister Naon After Trip to Washington

MEDIATION IS OFF UNLESS MEXICANS YIELD TO DEMANDS

Lamar's Memorandum an Ultimatum Which Must Be Accepted or Conference Ends Today or Monday.

AMERICAN DELEGATES FIRM IN THEIR STAND

Tell the Mediators Their Position Has Not Been Changed in View of Villarranza Split.

Niagara Falls, Ontario, June 19.—Justice Lamar's memorandum to Emilio Rabasa, head of the Mexican mediation delegation, announcing that the United States must insist on the acceptance of its plan for the pacification of Mexico is an ultimatum. Unless the Huerta delegates yield mediation will end tomorrow or Monday. This is the firm determination of the United States as conveyed to the mediators today.

Ambassador Da Gama, of Brazil, and Minister Suarez, of Chile, asked the American delegates if their position had changed in view of the Carranza-Villarranza split, and the reply was no.

It was an informal talk, but served to advise the mediators that the published statements of the American and Huerta delegates, with opposite views on the type of man to be selected for provisional president defined clearly the unalterable attitude of the American government.

Just what would be the American policy if mediation fails or what disposition it would make of the American troops at Vera Cruz is not known even to the American delegates. The Huerta commissioners say they do not know what course of action General Huerta may pursue.

No Formal Session. The mediators held no formal session today because Minister Naon, of Argentina, stopped at Washington instead of returning directly from unincertainties where he has been receiving honorary degrees. Minister Naon is expected back early tomorrow, and will confer first with his colleagues, who are anxious to know whether his conferences with officials of the Washington government today developed a new road toward solution of the problem confronting them. If it has not the various plans will be formally presented.

Rejection by the Americans of the mediators' plan, as well as that offered by the delegates will be recorded as a matter of form, together with disapproval by the Mexicans of the American plan. Automatically that would adjourn the conference, according to the rule of procedure adopted when they first convened. The mediators, however, still have some names to suggest for provisional president, but have little hope that an agreement can be reached.

A report from Mexico City that General Huerta had decided to appoint Pedro Lascurain as minister of foreign affairs may change the entire aspect of things if it develops that Mr. Lascurain is to be made provisional president instead of Mr. Rabasa, head of the Mexican delegation, said he thought it was improbable this would occur. The American delegates could give the mediators no information about it.

Lascurain Opposed. Mr. Lascurain was minister of foreign affairs under Madero and at his overthrow was named provisional president and then relinquished the presidency to him. Many constitutionalists have expressed their opposition to his appointment. The American delegates, however, have expressed their approval of his appointment. The American delegates, however, have expressed their approval of his appointment.

Argentine Mediator Returns to Niagara Falls After Conferences With Wilson, Bryan and Agent of Constitutionalists.

DECLINES TO STATE WHETHER NEW PLAN HAS BEEN DEVISED

Bryan Asserts Satisfactory Progress Is Being Made. Rebel Agent Tries to Conceal Meeting With Minister Naon.

Washington, June 19.—Hope that the watering mediation program still might bring peace to Mexico was expressed here late tonight by Argentine Minister Naon as he took the train for Niagara Falls, after a series of conferences with President Wilson and Secretary Bryan and Luis Cabrera, of the Washington agency of the constitutionalists.

Neither Mr. Naon nor any of those with whom he had conferred would say whether any new plan had been devised to break the seemingly final deadlock at Niagara Falls. In official quarters however, it was made known that there had been no change in the position of the United States that only a constitutionalist could be accepted to head the proposed provisional government in Mexico City.

REBEL AGENT DENIES VISIT TO LEGATION

Mr. Naon arrived here early in the day from New England, where he had gone to receive honorary university degrees. He first consulted with the secretary of state, and they conferred for two hours. Late in the evening the Argentine minister returned to his legation and there met Mr. Cabrera, with whom he talked for two hours. Mr. Cabrera sought to conceal his visit to the Argentine legation, and later denied that he had been there.

He no sooner had left than Secretary Bryan arrived and took the minister to the white house. The Argentine minister said he had not seen Mr. Cabrera since he left the Argentine legation, and that he had not seen Mr. Cabrera since he left the Argentine legation.

Following the conference with the president, Minister Naon said there still was encouragement for mediation, and Secretary Bryan reiterated again his declaration that mediation was progressing satisfactorily. No official word came from the president.

MINISTER INTIMATES THERE IS STILL HOPE.

When Mr. Naon left his first conference with Secretary Bryan he was asked directly if there was still hope for mediation.

"I always look toward the light," he said. "What if the light is put out?" was suggested.

"I never could grope in the dark," was Mr. Naon's reply.

When the secretary of state and Mr. Naon left the white house after 10 o'clock they were besieged by newspaper men. Mr. Bryan said a salute to the correspondents said to the Argentine minister.

"Here are the newspaper men," Mr. Naon said, responding to the introduction, but there is nothing I can say."

"All that can be said," Mr. Bryan asserted, "is that mediation is progressing satisfactorily."

CABRERA DENIES TRIP TO LEGATION

Neither he nor Mr. Naon would admit that there had been a conference with a representative of the constitutionalists. When a representative of the Associated Press, who had asked Mr. Naon to give a salute to the correspondents said to the Argentine minister.

"But you do not deny that you were there?" "Certainly I deny it."

"But you were seen when you drove to the white house?" "I was not seen."

WEIGHS VALUE OF MEN AND REVENUE FROM RUM... Clinton Mo June 19.—The big question that confronts the American public today is which has the greater value—the revenue derived from the liquor traffic or the lives of the men and women who are ruined by it. Miss Leonard, Lake of St. Louis, in addressing the National Conference of Workers of the Prohibition Party today, said: Men and women are the nation's best asset, continued the speaker, and every nation which neglects them is sure to come down to ob. lision. Men and women make a nation great. The question is whether we will decide and decide at once whether it values men above liquor revenue.

OPIMUM CONFERENCE REACHES AGREEMENT... The Hague June 19.—The third international opium conference has reached an agreement that the international convention looking to the suppression of the opium traffic drafted by the conference in 1912 should come into operation as soon as the adhering powers have ratified it despite the opposition of some of the powers.

MEN AND RELIGION BULLETIN NO 122

'IT COSTS'

'Christ, though he was rich, yet for your sakes He became poor, that you through His poverty might become rich.'

Governor Slaton says: 'It costs the taxpayers money to maintain the convict camps.'

He fails to mention the men chained leg to leg—men sleeping chained to one another and to the walls—men spending Sundays and holidays in chains—men beaten and dying beneath the cruelty of convict guards.

Governor Hooper of Tennessee more rightly estimates the cost. He says of Georgia's prisons:

'I cannot trust myself to express my feelings concerning the gross and shocking brutality of such a prison system. I would rather Tennesseeans should travel on foot for a thousand years the rude trails blazed through the wilderness by our forefathers than to ride in luxury upon a system of HIGHWAYS CONSTRUCTED AT SUCH A SACRIFICE OF HUMANITY AND CHRISTIANITY.'

'Costs the taxpayers money?'

Yea. These convict camps of our state cost more than money, which our Governor seems to have forgotten.

There are things which cannot be measured in dollars and cents—

Disregarding Georgia's liquor law—

Women and children slaving for the lack of a living wage paid to the man of the house—

The brothel—

The drunk reeling in his ruined home—

The convict's bleeding back—

EACH ONE OF THESE MAY BRING GOLD TO A CLASS, YET COST SO MUCH IN SUFFERING AND SOUL DESTRUCTION THAT MEN'S HEARTS GROW SICK AND COLD AT THE VERY THOUGHT: AND THEY REVOLT.

You know—

He who prattles of necessary evils—

Or, advocates licensing the sale of liquor—

Or, consents to little children laboring in mills—

Or, glibly defends strike breakers by talking of man's right to sell his labor—

Or, sneers at the thought of trying to save the fallen—yea, even though the man or woman whom men seek to save has been convicted of crime—

SUCH A MAN, WHEN GREAT QUESTIONS OF HUMAN RIGHTS ARE AT STAKE, WILL BEGIN TO JEST, OR DO THAT WHICH IS WORSE, URGE INACTION, OR, ANOTHER COURSE, BECAUSE OF THE COST IN DOLLARS AND CENTS OF DOING RIGHT.

He forgets—

Christ, when He died, put a value upon lives and souls: He was crucified for the lowest of the low: He sought—He seeks to save that which is lost.

Oglethorpe, following Him, founded Georgia with the dream and hope, that men here would be helped and saved, not damned by inhuman treatment in jails. What has been the cost of disregarding his wish that neither liquor, nor slavery, should ever be permitted within her borders?

COST? GEORGIANS ARE UNWILLING LONGER TO PAY THE PRICE IN HUMAN DEGRADATION FOR THE CONVICT SYSTEM WHICH GOVERNOR SLATON VAINLY TRIES TO DEFEND.

They will not always tolerate the cost in crime of our liquor laws being broken by men in office.

Today they are understanding the frightful price paid in despoiling children of childhood to make dividends—The cost of forcing families to live upon less than a living wage.

It costs—

Putting men in office, who will refuse to betray their fellowman, regardless of his place or position in life, will cost you time and thought.

But Georgians are seeing that with the ballot they may serve God.

With a vote they may destroy or save life by putting the wrong or right man in office.

The man in public office is but the expression of your will.

You will pay the price.

WHEN NEXT YOU GO TO VOTE, YOU WILL REMEMBER THE MAN IN CHAINS, THE BROKEN LAWS AGAINST THE LIQUOR TRADE, THE BROTHEL, THE CHILD IN THE MILL, AND THE LACK OF A LIVING WAGE: AND YOU WILL THINK, BEFORE YOU VOTE.

Jesus asked:

'What is a man profited if he gain the whole world, and lose or forfeit his own self?'

It costs.

WEST SUBMITS CHOICES FOR DISTRICT ATTORNEY

His New List Includes Bennett, Luke, Smith, Adams and Colson.

By John Corrigan, Jr.
Washington, June 19.—(Special)—Senator West has formally submitted to the department of Justice his new list of leading south Georgia attorneys from whom he invites Mr. McRee to select a district attorney.

It has been known for several days whom Senator West would recommend in this second batch but only today did he submit the list which includes John W. Bennett, Waycross; Roscoe Luke, Thomasville; J. E. Smith, Cornelia; John S. Adams, Dublin; and J. T. Colson, Brunswick.

If the department is unable to find a competent man in that list I am convinced there is something wrong somewhere, said Senator West. The most formidable opponent of these nominees is Robert L. Berner of Macon.

Senator West has been named on the committee of the senate to inspect the military academy at West Point. He will leave Washington on Monday night accompanied by Mr. West and William From New York they will go to West Point by rail and return by water.

Thomas Iason of M. P. R. who has been endorsed by both Senator Bacon and Senator West for first assistant district attorney, called by appointment today upon Samuel J. Graham, assistant attorney general. He said he had a very pleasant interview.

Home Treatment for Sallow, Wrinkled Skin

A C. F. asks: What should I do for my sallow complexion and how can I get rid of my wrinkles? Sallowness is best removed by removing the skin itself. This is effectively accomplished by the use of ordinary mercurized wax which causes the sensitive outer skin gradually to peel off in fine particles scarcely noticeable to the naked eye. Within a week or so you will have an enviable complexion. The new skin exhibits a beautiful youthful tint incomparable with artificial coloring. Get an ounce of this wax at your druggist, apply a portion of cold cream only don't rub it in. Wash it off in the morning with warm water. For a sure striking result a portion of powdered savitine, 1/2 oz. dissolved in 1/2 pint with hazel. Bathe your face in this every morning for a while. The result will surprise you.—Beauty's Mirror.—(adv.)

Sister: Read My Free Offer!

Know a woman's trials. Know her need of sympathy and help. Know how my offer will help her. If you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What if women know from experience we know better than any man. I want to help you. I will cure yourself at home at a cost of about 12 cents a week. If you suffer from women's peculiar ailments causing pain in the back, or bowels, feeling of weight and dragging down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and pain, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT and learn how these ailments can be easily and surely cured and you able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters. I will explain how to overcome green sickness, indigestion, irregularities, headaches, and assist in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give my home treatment a ten days' trial and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet "Women's Own Medical Adviser." I will send all in plain wrappers postpaid. To save time, you can cut out this offer, mark your feet and return it today, as you may not see this offer again.

NIGHT SCHOOL AT TECH DOING SPLENDID WORK

One of Many Beneficial Departments of the Institution. Workers for Fund Pleased.

Machinery and materials for the erection of the new power plant to be erected at Tech are arriving in Atlanta, and all the available space in the buildings has been impressed into service to hold them temporarily, until the campaign in Atlanta is completed, and the funds necessary for the erection of a building have been secured. The aim of the workers will be to have \$50,000, half of the fund to be raised, in hand by Sunday morning. One feature of the benefits received by Atlanta from the Georgia Tech is the work being done by the night school. So far during the year, according to Dr. Nesbit, two hundred students have been enrolled in the night school. Anyone who can read and write is eligible for entrance, and there is no tuition fee—the instruction given there is absolutely free. The students we have received in the school come from every walk of life—grown men, who have had no opportunity to get an education while they have grown up, and boys who are compelled to work in the daytime. They come from the shops and factories, clerks from stores, all in earnest, and all striving to better themselves, anxious to be of more value to the community. There are offered in the night school courses in English, mathematics, architectural drawing and designing, electrical engineering, mechanical engineering, civil engineering, physical chemistry, mechanical drawing, and shop practice. The courses are all necessarily more or less elementary, but enough is offered in each course to give the man

FRIENDS GIVE DINNER TO JOHN K. McDONALD

John K. McDonald, who is to be married on June 24 to Miss Eloise Bradshaw, of Paducah, Ky., was given a dinner Thursday night at the University club by ten members of the class of '07 of the University of Georgia. Those present were Elliott Cheatham, Harrison Jones, W. G. Brantley, Jr., Philip Weltner, James A. Watson, Nathan Copeland, Grover Middlebrooks, T. A. Perry, Jr., George Gillon and John K. McDonald. All ten men are lawyers in Atlanta, and most are married. The sentiments of the married faction was expressed in a poem by George Gillon, dedicated to Mr. McDonald.

cannot be started before next Monday because, well, just because the city is not ready to start on the job. Meanwhile, Whitehall street merchants are suffering. They know that they have been fooled, but want it understood that they belong in that class of people "you can't fool all the time."

Whitehall merchants were fooled last Wednesday for the last time. They confidently expected the city to start paving the street. So absolute was their trust in the city and so certain were they that the construction department would fulfill its promise, they went to the expense of hiring a brass band to welcome the laborers when they should arrive.

Band There, No Workers. "Monday morning, bright and early. Sure." This was a promise made last week, but Monday morning no laborer was in sight, nor Tuesday, nor Wednesday, nor Thursday, nor Friday morning.

The city cannot shift the blame for the delay. The county commissioners have agreed to furnish the men to lay the pavement, and have also promised to haul the material from that \$15,000 plant to the job.

Commissioner W. T. Winn stated Friday that the Whitehall street matter will probably occupy a part of the session of the public works committee Saturday morning.

Since the "shake-up" in the county affairs, the working force has been somewhat demoralized. The records of the commissioners show that there has been a shortage of between 150 and 180 convicts so far this year. The commissioners admit that the improvement work this year will not compare with last year, and they are anxious to put what men are available to work on other important projects.

Work to Take Four Days. Whitehall street can be paved from

Whitehall street can be paved from

Mitchell to Garnett in four days. The county wants the work completed so that something else can be started. There is no chance of starting work today.

Assistant Chief of Construction Nym Hurl stated Friday afternoon that work will begin positively Monday morning. Whitehall merchants are hopeful. But they are a long way from being convinced.

ALCOHOL AND CORSETS DENOUNCED BY DOCTORS Indianapolis, Ind., June 19.—Alcohol is the chief cause of insanity, according to Dr. T. D. Alderman, a specialist in nervous and mental diseases of New York, who, in addressing the National Electro Medical association here yesterday declared that the United States is rapidly progressing toward the stage where it will be one large insane asylum.

We have practically become known as a nervous nation," asserted Dr. Alderman. "We rush and we hurry, turning night into day, and we hurry the body to decay with tobacco, alcohol, drugs, sexual excesses and abuses. We must stop this disastrous rush and heaping hurry."

Dr. M. A. Cariker, of Nebraska City, Neb., denounced the corset as responsible for most of women's illness. Dr. F. E. Huffman, of Minneapolis, said he could not see how much harm in corsets as he did in high-heeled shoes.

Girl Scientist Dies Of Disease for Which She Sought Antitoxin New York, June 19.—Miss Marion C. Mable, 20 years old, died yesterday at her home in New Rochelle, of diphtheria, a disease she had been working for eight months to combat by means of an antitoxin.

Miss Mable became infected with diphtheria germs while experimenting in the laboratories of the Polytechnic hospital in this city. Her efforts to perfect an antitoxin or serum which would make persons infected with it immune from diphtheria had been closely watched by leading physicians and bacteriologists.

RESTAURANT ANNEX DAMAGED BY FLAMES

Several Women in Childs' Hotel, Badly Frightened, Rush Into Streets. The annex to Verner's Barbecue restaurant, at No. 4 South Broad street, was damaged to the extent of about \$500 by a fire of unknown origin this morning shortly after 1 o'clock.

The fire was first discovered when it burst forth from the window into the streets. Large volumes of heavy dense smoke had filled the entire building, and for a while it looked as though the entire building would be consumed.

Several women guests of the Childs' hotel, adjoining, gathered their belongings, and rushed into the street for safety, scantily clad.

The quick arrival of the fire department prevented a spread of the fire.

EMPRESS JUST MISSED HITTING ANOTHER BOAT

Liner Steering Badly When It Passed Alden, Declares Second Mate. Quebec, June 19.—Odin Sabje, second mate of the steamship Alden, testified at the Empress of Ireland inquiry today that when the Empress was on the collision course with the collier Stordard, he noticed that the Empress was steering badly, and had to port his helm to avoid her.

This inquiry was introduced by counsel for the Stordard's owners in corroboration of the testimony yesterday of James Galway, the quartermaster of the Empress, who said the vessel's steering gear was defective.

"I was afraid of a collision," Sabje was asked. "I was going to call the captain," said the witness. He added that the Empress had passed on the port side half a mile east of the Alden, corroborated Sabje.

The inquiry opened today with explanations and apologies by C. S. Haight, of counsel for the owners of the Empress. He said he had not meant to imply yesterday that the Canadian Pacific railway, owners of the Empress, had tried to spirit witnesses away. This was the impression made by Mr. Haight yesterday when he placed on the stand James Galway, a quartermaster of the Empress, who testified that the ship's steering gear was defective. Galway had told him, he said, that he was about to be sent to England.

LAST BONUS OFFER WILL CLOSE TONIGHT

Continued From Page One. that it is not too late to enter the contest and win one of the big prizes. If the proper effort is put forth.

Prizes Are Attractive. The particular phase of this contest that should interest reasonable people is the intrinsic value of the awards offered. The price of any car to be given away would be a little nice nest egg if placed in the bank. Inasmuch as any car in the list will be had for free votes, it would seem as though the good people of Georgia and contiguous territory are overlooking grand opportunities for profit right at home.

Why not awake to the possibilities of this competition and take your share of the good things to be had freely. It costs nothing to compete, and competition is not nearly as keen as the value and number of awards offered warrant. Take the proper step, send in your nomination today, if you are not already a candidate. If you are a candidate, put forth from this time on your very best efforts in the contest.

These days are momentous. The outcome of the contest is coming rapidly. The present big ballot offer closes today at midnight. It gives but little time in which to gather the clubs of new subscriptions yet those who exert themselves during the time that their disposal will profit greatly, and may even gain a place almost unassailable with a reserve vote balance. These few days are momentous. The outcome of the contest may be determined by them. Some of you have done fairly well so far, but you must not lose what you have gained by resting on your laurels. You should never feel that you have enough subscriptions. The one club that you could have gotten, but did not think necessary, may give the other fellow just the big powerful car that you might have had with just a few more subscriptions. The outcome is warned in time, do not let your competitors take greater advantage of this present extra vote period than you do. Short as it is, it may decide just what you are to receive.

Additional Votes Issued. For every club of \$34 worth of new subscriptions turned in or mailed to this office by midnight, June 20, a certificate for one hundred thousand additional votes will be issued. These clubs may be composed of new subscriptions for three and six months as well as yearly subscriptions. At this rate one club of \$24 worth of new subscriptions will amount to nearly two hundred thousand votes. It is therefore to the advantage of each and every candidate to secure all the new subscriptions possible during this week.

RAIN HELPS CROPS AROUND THOMASVILLE Thomasville, Ga., June 19.—(Special.) There has been an abundance of rain in this section of south Georgia within the past few days, and it did not come any earlier than it was needed. The result is that the crops are beginning to suffer very much from the unusually dry, hot weather and the growers were getting very anxious for fear the crop would be cut short. While shipments were going forward, the melons were of inferior quality, as a result of the sun causing them to mature before they were fully grown. Corn and cotton were both beginning to show the bad effects of the drought and heat, and it is hoped that the rains have come soon enough to benefit them.

LORIMER'S BANK PLACED IN HANDS OF RECEIVER

Chicago, June 19.—The La Salle Street Trust and Savings bank, which was closed by a state bank examiner last week, was placed in the hands of a receiver today. W. C. Niblack, vice president of the Chicago Trust and Savings Trust company, was named for the position by Judge Windes, who placed his bond at \$2,500,000.

Charles E. Ward, whose name was placed on a list of unsecured notes for \$162,925, found among the bank's assets, said today he never borrowed the money. Ward was William Lorimer's private secretary when the former occupied a seat in the United States senate. He was a director of the bank.

The closing of the La Salle Street bank was followed by the closing of a number of smaller institutions linked with the Lorimer-Munday bank. The petition for a receiver was filed by Patrick J. Lucey, attorney general of Illinois. Lucey said that when developments warranted, grand jury proceedings might be looked for.

Lucey asserted the La Salle Street bank was a trust company. "What are the assets?" asked the court. "They are actually \$4,000,000; with certain questionable assets they amount to \$5,000,000."

Edwin M. Ashcroft, attorney for minority holders of the bank's stock, said today he would not sue for the return of the company and for an injunction restraining the majority stockholders from "manipulating to their personal profit the securities of the perpetual fund for the care of burial lots."

MacLay Hoyne, states attorney, announced that he would begin an immediate investigation of the affairs of the La Salle Street Trust and Savings bank. He said he would bring charges would be brought against its officers. The announcement followed a conference with Patrick J. Lucey, attorney general, and Daniel Harkin, bank examiner, at which an agreement was reached to sue for the return of the possible criminal prosecution was left in his hands.

SOUTHEAST GEORGIA CROPS SAVED BY RAIN

Brunswick, Ga., June 19.—(Special.) Thousands and thousands of dollars have been saved the farmers of this section of Georgia by the heavy rains of the past few days. With only one or two small showers since the crop season began in the early spring, the situation in this section had reached an alarming stage, and, although heavy damage had resulted before this week, still a large portion of the crops have been saved.

In some sections of Glynn, Wayne, Camden, and other nearby counties, the entire crops of many farmers were reported to be simply burned. The heavy rain, however, when it did, the loss would have been the heaviest that farmers in this section had ever sustained. It has rained here every day this week, and the situation has been relieved to a great extent.

Small High-Grade Investment

WE OFFER No. 64 W. Linden street for \$2,000. This is a well-built, 5-room house that has recently been put in "tip-top" shape; new roof, freshly painted and the inside gone over thoroughly. This has a pretty good speculative feature, being very close to the north side trading section that has attracted so much attention. Reasonable terms.
