

REBEL ARMY WITHIN TORREON IN DESPERATE BATTLE TRIES TO SUBDUDE THE ENTIRE CITY

Villa Leads His Forces to Join Those of Rebel General Herrera Which Are Already in Federal Stronghold. FEDERALS DRIVEN BACK WHEN MAKING ATTEMPT TO ESCAPE FROM CITY Huerta Troops Concentrate in Western Part of Torreon in Endeavor to Resist Combined Attack by Rebels.

Juarez, Mex., March 27.—A message dated at 5 p. m. at Gomez Palacio, signed by General Villa, said that he had concentrated his forces to force his way into Torreon, there to join General Herrera and take supreme command. Officials here declared that the federals already had tried to escape from the city, but were driven back and were in no condition to withstand such an attack as that of which Villa gave notice in this telegram.

A second telegram from Villa amended the first to show that the federals were concentrated in their last defenses in the western portion of the city. Rebel officials here say that if the federals do not hold their position there, they inevitably must be captured. The same telegram says that General General Penon Reyna and Anaya have been killed and General Ocaranza seriously wounded.

Building Captured. If information given out at military headquarters here today is correct, the rebel attack on Torreon is being made today. It was stated that General Herrera had captured the Torreon mill ring in the northern edge of the city. General Angeles was said to be directing a heavy artillery fire on the federal garrison from the city.

PERSONAL TRIUMPH SCORED BY WILSON IN REPEAL BATTLE

Cloture Rule Adopted in House by Vote of 200 to 172 Despite Opposition of Clark and Underwood. ULTIMATE PASSAGE OF BILL PREDICTED

Washington, March 27.—President Wilson today won the opening skirmish of the great legislative battle of his administration when the house, over bitter protests from recognized democratic leaders and almost solid minority opposition, adopted a special rule for the consideration of the bill repealing the free tolls provision of the Panama canal act. Speaker Clark, Democratic Leader Underwood, Republican Leader Merritt and Progressive Leader Maddox headed those lined up against the administration, but the house responded to the president's personal appeal for prompt consideration of the repeal bill as a means of supporting his administration's foreign policy.

Washington, March 27.—After the senate today passed a bill to regulate cotton futures trading, Senator Kenyon, who with others had misunderstood an amendment to legalize pooling operations, moved for reconsideration and paved the way for reopening the fight on the measure tomorrow. Two votes demonstrated the president's commanding influence with his party in congress. On the first test, a motion to end debate and preclude amendment on the rule carried by a vote of 207 to 176, the rule itself was adopted 200 to 172.

COTTON FUTURES BILL HITS ROCKS

The passage of the bill ends a fight led by Senator Smith, of South Carolina, for legislation against practices on cotton exchanges denounced as injurious to the cotton industry. Senator Smith, of Georgia, and Congressman of Louisiana, also introduced bills. The three senators today, after a two days' debate, reached an agreement on a compromise measure and it passed without a roll call.

### HEADS OF BRITISH ARMY STICK TO RESIGNATIONS

#### Refuse to Alter Decisions Despite King and Cabinet Ministers.

London, March 27.—Field Marshal Sir John French and Adjutant General Sir John Ewart stood firmly to their resignations today in spite of the efforts of the king and the cabinet ministers to induce them to retain their posts as the working heads of the British army.

After a long cabinet meeting Premier Asquith announced to the excited house of commons that neither the chief of the general staff nor the adjutant general would give way. He announced the issue of a new army order intended to prescribe the duties both of the war office and of officers on service in contingencies such as that of Ulster.

The order forbids superiors asking officers and soldiers what they will do in hypothetical contingencies and is designed to prevent repetition of General Sir Arthur Paget's action. It also prohibits officers and soldiers from asking for assurances and sets forth the duties of the army almost in the words of the king's speech.

The inclusion of soldiers with officers in the terms of the order is the result of the attitude taken by the labor members in the debates and is intended as a compromise. The leader of the opposition declared the new order to be the result of a blunder by the cabinet and by Colonel Seely.

The house of commons afterward adjourned for the day. Prior to his announcement to commons, the premier had said in relation to the new order:

"The government has conveyed to them its wish that they should not desert in their resignations the carrying out of which the government would regard as a serious misfortune to both the army and the state."

# ATLANTA CLEAN

**"A city which hath foundations, whose builder and maker is God"**  
—Hebrews 11:10

"Is Christ divided?—  
"As the body is one, and hath many members, and all the members of that one body, being many, are one body; so also is Christ.  
"If the foot shall say, 'Because I am not the hand, I am not of the body,' is it therefore not of the body?—  
"Now you are the body of Christ."  
Would you divide your Lord?

Can you make one part of Him approve law breaking and perjury, another sustain the greed which would feed upon the lives of women and children, another countenance the damnation of men and the torturing of their wives and mothers by the sale of liquor?

Business, the building of a city?  
Even before the cross of Christ was reared to teach us love, Habakkuk warned—

"Woe to him that getteth an evil gain for his house—woe to him that buildeth a town with blood and establisheth a city by iniquity—woe unto him that giveth his neighbor drink; TO THEE that addeth thy venom and maketh him drunk.

"Thou art filled with shame and not glory."  
And Isaiah, with lips cleansed by the flaming coal from the altar of God, cried—

"Wash you; make you clean; put away the evil from before mine eyes; cease to do evil; learn to do well; seek justice, relieve the oppressed, judge the fatherless, plead for the widow.

**"COME NOW AND LET US REASON TOGETHER, SAITH THE LORD; THOUGH YOUR SINS BE AS SCARLET, THEY SHALL BE WHITE AS SNOW; THOUGH THEY BE RED LIKE CRIMSON, THEY SHALL BE AS WOOL—**

"How is the faithful city become a harlot! She that was full of justice! Righteousness lodged in her, but now murderers—  
"Every one loveth bribes and followeth after rewards; they judge not the fatherless, neither doth the cause of the widow come unto them—  
"Zion shall be redeemed with justice."  
Then came Micah, answering and asking—  
"What doth the Lord require of thee, but to do justly, and to love kindness, and to walk humbly with thy God?"  
"You are the body of Christ."  
"Walk humbly with thy God."  
"Wash you; make you clean; put away the evil from before mine eyes."  
And His Church, your Church, calls—Make the whole city clean!

**BRICK AND MORTAR, STONE AND CONCRETE, PAVEMENT AND WALL SHOULD BE MADE SPOTLESS IN THE LIGHT OF HIS DAY, BUT OUR HEARTS AND LIVES, THE REAL CITY IN WHICH WE LIVE, SHOULD BE FREED FROM EVERY STAIN IN THE LIGHT OF HIS LOVE.**

Protected vice has gone from our midst.  
Cruelty to convicts has been condemned, and men already see its end.  
The thousands who visit our beloved home, Atlanta, should bear away the word—Neither cranks, nor libertines, but Justice, God's Law of Love, rules within our gate.  
Yea, they should say to the world—  
"We have found 'a city which hath foundations; whose builder and maker is God.'"  
Brothels, gin mills and bars—  
Blind tigers, whether in the form of locker clubs, or near-beer saloons—these have no abiding place in such a city. They cannot stay. These spots must go. Atlanta will be clean.  
Think of these things.  
And Sunday, will you not lay aside prejudice, passion and greed, and go to your church, God's house of prayer, and there hear His word, not in order that men may dictate to you, but that you may hear and heed that Law of Love which your Father would write within your heart.  
Christ is not divided.  
Our city is one "which hath foundations, whose builder and maker is God."

And His Church, your Church, calls—Make the whole city clean!

Atlanta always keeps up the lick. Atlanta is always at it. Atlanta saw the need for expenditure on a big scale when she authorized the \$3,000,000 bond issue.

Everybody rolled up coat sleeves and went at the proposition. It passed. If it were not for that bond issue Atlanta would today from the point of view of municipal health education streets etc be tragically in arrears.

DAILY GRIST from the STATE'S POLITICAL GRIND

If all south Georgia should unite in his support for the United States senate and upon the further condition that Governor Slaton absolutely does not want to run for the United States senate.

Senator West made this statement to The Constitution Friday when he stopped over in Atlanta on his way home for the first time since his appointment by Governor Slaton to the senatorship.

Senator West stated that the present trip home is for purely business and personal reasons. His stay in Atlanta was so brief that he did not have time to call upon Governor Slaton at the capital.

Senator West will remain at his home with his family with the exception of possibly a single business trip into Florida until next Friday afternoon or Saturday morning when he will return to Atlanta to attend the meeting of the state executive committee of which he is a member.

Senator West would make no comment upon the present political situation in Georgia nor would he predict its final outcome.

### MUST PAY MILLIONS FOR KODAK PATENT

New York, March 27.—Representatives of the Eastman Kodak company and the Anaco Kodak company today confirmed reports that a money settlement, the amount of which they would not state, had been agreed upon in the matter of the Goodwin patent, which the Anaco company has held for years until the federal court of appeals decided in favor of the Anaco company.

The suit involved the use since 1888 of the Goodwin process of making Anaco company and covers all cartridge films, film packs and cinematograph films made by the Eastman company.

It was said that the widow of the Rev. H. H. Goodwin, who invented the process, will receive a substantial sum as her share of the settlement. Mr. Goodwin was 86 years old and lived in Newark, N. J.

The settlement will do away with an account which the Anaco company has been paying for royalties on every film it sold in the last five years.

Estimates of the amount paid in settlement run into the millions of dollars.

### OVER 25,000 INDIANS ILL WITH WHITE PLAGUE

Washington, March 27.—Health conditions among the Indians are described as deplorable by Indian Commissioner Cato Sells, in his annual report today. Approximately 25,000 Indians are suffering from tuberculosis, he says, while available hospital facilities for their care are only 300 beds.

During the past fiscal year 1,905 Indians died from tuberculosis. The Indian death rate was 22.25 per thousand, against 16.60 per thousand for the entire registered area of the United States.

Most of the cases of tuberculosis are shown to exist among the government wards. The report says there are 5,000 Indian families without homes, many of whom live under revolting conditions.

Need of increased appropriations to provide the Indians more sanitary homes, better school facilities, medical attention and measures to prevent disease is emphasized.

### SEN. CLARKE SURE OF RETURN TO U. S. SENATE

Little Rock, Ark., March 27.—Practical certainty of return to the United States in Wednesday's primary today indicate the nomination of Hester C. Clarke by Senator P. C. Clarke, over William F. Kirby, justice of the state supreme court.

Clarke's lead, which last night fluctuated considerably, ranging between 500 and 2,000, was today placed at about the latter figure, and his standing returns are from small counties and the vote, it is believed, will not be material.

In the congressional districts returns today show that W. A. Oldfield, in the second, is leading his opponent, Thomas Campbell, by about 2,500 votes. Oldfield's home county yet to be heard in the third, John M. Sherman today took the lead over Claude Butler, his nearest competitor, by 100 votes. In the fourth, W. S. ### BANK PRESIDENT GIVES HIGH PRAISE TO BAGWELL GRADUATE

Arthur E. Anderson Masters Bookkeeping and Banking at Bagwell Business College in Two Months—Is Elected Cashier of Bank and the President Writes That He Is Giving Perfect Satisfaction.

The Strong Endorsement of Bagwell Graduates by Leading Business Men Is Drawing Many Students to the Institution.

Cave Springs, Ga., March 9, 1914. Mr. C. Bagwell, President, Bagwell Business College, Atlanta, Ga.

My Dear Sir: Mr. A. E. Anderson has been serving as cashier of the Bank of Cave Springs since last summer, and I take pleasure in saying that he is giving perfect satisfaction.

Very truly yours,  
(Signed) W. O. CONNOR, President Bank of Cave Springs.

The splendid success which has attended the graduates of Bagwell Business college, and the high esteem in which they are held by leading business men throughout the south, affords substantial evidence of the thorough, practical and efficient training which this institution gives.

The records of the many successful students who have accepted positions in two to four months are by no means exceptions, but the rule.

When it is considered that the pupils of Bagwell Business college complete their courses in about one-half the time usually required, the rapid growth and the increasing enrollment of the school is easily understood.

It is remarkable success, in the main, is due to the fact that the most modern and up-to-date systems of shorthand and bookkeeping are taught, giving the

ARTHUR E. ANDERSON.

student the most practical business training in the shortest time, and at the least expense; that its graduates are uniformly successful in securing and holding the best positions, and that they are given the highest praise of their employers.

Today's students of business are tomorrow's executives. The young men and women who are determined to make success a fact rather than a dream are making business preparation today which will guarantee them positions as executives tomorrow.

Just a few months ago young Mr. Anderson, without experience, was a student of bookkeeping, banking and penmanship at Bagwell Business college. Today he is a bank cashier and is rapidly forging his way upward, as is shown by the enthusiastic letter of his employer printed above.

All pupils of Bagwell Business college are placed in positions free of charge immediately upon completing their courses.

A large number of new pupils will enroll for the spring term during the month of April.

Shall you be one of these? Write today for catalog and full information. Address Bagwell Business College, 24-26 Luckie St., Atlanta, Ga. (Adv.)
