

SOUTH AMERICANS TIRED OF FIGHTING IN THEIR WATERS

Latin-America Appeals to United States to Aid in Excluding Belligerent Warships From Waters of Two Americas.

RESTORATION OF TRADE PURPOSE OF THE PLEA

Countries to South Claim Their Commerce Is Being Destroyed by Operations of Belligerents in Their Waters—Britain Is Favorable to Plea.

Washington, November 26.—The United States government has been asked by the principal South American nations to cooperate with them in negotiations with European belligerents to bring about the exclusion of all belligerent warships from the waters of the two Americas and safeguard the trade of Pan-American countries with each other.

Argentina, Chile, Peru and Uruguay have led their suggestions before the Washington government while the Brazilian government is considering taking a similar step. Virtually all the Central and South American countries have been circled by some of the principal nations resulting in a series of diplomatic conferences in Washington and the capitals of South America which are now in progress.

Trade Restoration Sought.

While the proposals are different in character and scope they all seek the same end—the restoration of the trade between North and South America, paralyzed by the European war. The movement has also for its object the removal of possible countries of this hemisphere and the European belligerents on questions of neutrality.

Already Chile, Ecuador and Colombia have had serious difficulties with the belligerents over the use of wireless and the coaling of foreign warships whose presence in the Atlantic and Pacific grows so menacing to South American countries.

None of the nations which have made suggestions is committed to any particular plan, but all seek cooperation with the United States. The important that will make any plans effective it is recognized, rests with President Wilson.

The Various Plans.

The various plans thus far formally communicated to the United States are as follows:

1. The establishment of neutral zones on the Atlantic and Pacific oceans within which the belligerents shall be asked to agree not to engage in hostilities.

2. The convocation of a general conference of diplomatic delegates of all American countries, with powers to vote on steps which can be taken to protect and restore Pan-American trade.

3. The appointment by the pan-American union of a commission to recommend steps that would remove dangers to Pan American nations of the two Americas of the privilege hitherto exercised by the belligerents to intercept neutral commerce in the absence of only a sufficient quantity of coal to enable them to reach the nearest port of another country.

4. The use of the powers of Europe to be sounded on the provisions, and it is understood Great Britain is ready to deny her warships entry into Central and South American ports to which she has no right to approve the proposal and other belligerents agree.

Encouraged by England.

While many diplomats believe restriction of coal to be the most effective would not be effective in keeping belligerent warships from American waters the fact that England with her sea power looked upon the proposal as one that would assist the South American countries in preserving their neutrality and restoring their trade has been a source of much encouragement to diplomatic circles here.

The entire movement is as yet in a formative state and depends largely for its progress on the attitude of the United States.

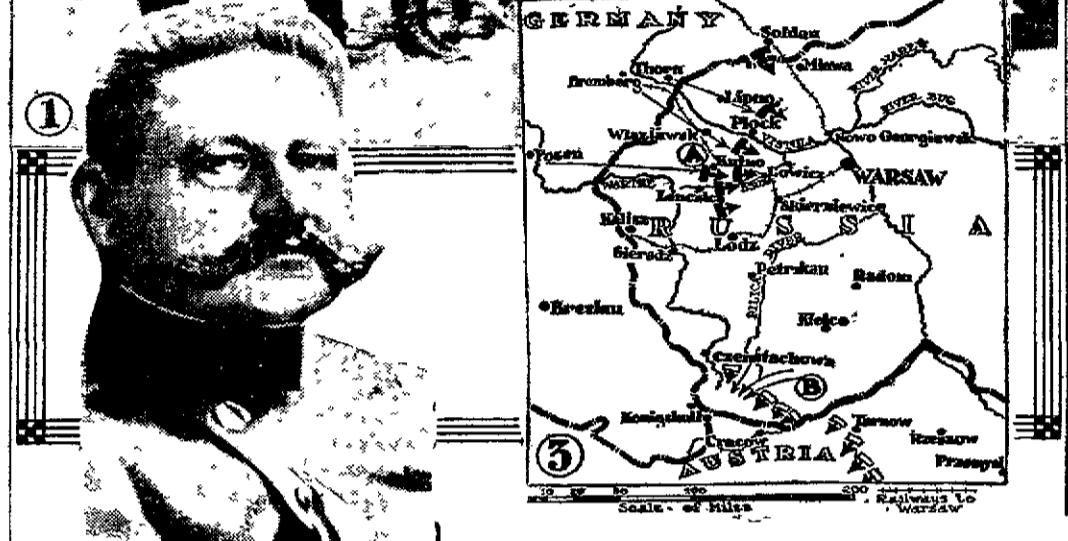

The United States has taken a position to know the preliminary opinions expressed by high officials of the American government in early stages of the negotiations, and the United States was particularly anxious to take no step which might impair the position of the belligerents in the eventual settlement of the European war.

The South American nations are endeavoring to find some common ground on which to act so that tangible and practical results will be obtained without embarrassing the neutrals in their relations with the belligerents.

The present rights as neutrals.

The position of the four American countries is not as representative here as one of earnest and serious effort to find a way out of the present. Their trade has suffered and they feel that it is the innocent victims of a conflict which they have never had. With the very economic life of the South American nations threatened by the European war, the Latin American nations in the United States for capital to promote domestic industries and the belief in the development of their industries in foreign interests will not come to the fore.

Second Drive of the Germans Into Poland

1 GERMAN OFFICERS EXAMINING CAPTURED RUSSIAN GUN 2 GENERAL VON HINDENBURG. 3. MAP SHOWING WHERE TWO BIG BATTLES RAGE.

While the Germans pounded at the Russian center in an advance on Warsaw (A) in the map) the Russians pounded at the combined German-Austrian front between Cracow and Czestochowa (B). Should the Germans break through to Warsaw they would be in position to crumple up the entire left wing of the czar's army by an advance on both banks of the Vistula toward the east and south.

On the other hand, the Russians, having brought up large forces to hold the German before Warsaw, are concentrating their attention near Cracow in an effort to surround that city and to drive a wedge between the German and Austrian forces. Should they do this they could force the Austrians back into Cracow and the Little Carpathians, and then roll up swiftly to guard Breslau and Posen.

General Hindenburg, the hero of Poland, is leading the new invasion of Russia. Victory for him would make a sharp and most ominous passage so far of the war.

OFFICER SHOT DOWN AT NEGRO BARBECUE

County Policeman Peek in a Critical Condition at the Grady—Fellow Officers Search for Assailant.

While making inquiries concerning a shooting which had occurred at the Grady Hotel at 10 o'clock in the evening of a negro barbeque given on the farm of W. B. Lamar, colored near Battle Hill, L. P. Peek, a county policeman detailed for duty there was shot down by an unknown negro assailant.

Mr. Peek was placed in the automobile of W. C. Stephens of 10 Produce Way, who was going home at the time and carried to the Grady hospital. Physicians consider Officer Peek's condition serious.

One shot had been fired among the negroes collected at the barbeque, said Mr. Peek before being taken to the operating room. "Dismissing my horse and approaching the negro whom I believed did the shooting, I asked for the name of the man who shot me. Who did that shooting? Without reply the man commenced firing upon me. We each fired five shots but so far as I know I did not hit him. Although taken somewhat off my guard by the sudden and unprovoked shooting of the black, I am confident that I would recognize him again."

Mr. Peek who is 33 years old, was married five weeks ago to Miss Frons Brooks of Dalton, Ga. When notified of the serious accident to her husband she was visiting the home of her parents. The scene of the shooting was within half a mile of the home of Mr. Peek. He had been to the house of his first wife and to inquire if his father had been to call on her.

When the county police authorities had been notified of the shooting of Peek by J. T. Carter, a fellow officer, several members of the county force were sent to the scene of the shooting and are scouring the country for the black.

SHOT ON HUNTING TRIP, JAMES GRADEN DIES

Boy Fatally Wounded by Accidental Discharge of Lamar Stephens' Gun.

James Graden, 19 years old of Ellenwood, Ga., died last night at the Grady hospital as the result of a gunshot wound in the stomach which he received from the accidental discharge of the gun of Lamar Stephens, of Atlanta, while the two were out hunting with a number of friends, near Conley Thursday afternoon.

Stephens is 16 years old and lives on Windsor street. The shot, said W. A. Johnston, of 425 Pulliam street, also a member of the party, came so suddenly that he did not grasp the situation at first. They were crossing a swamp on the farm of R. E. L. Jones at the time of the accident. Appleton Calloway fired at a rabbit which he had just jumped. Graden who had been standing on the high log beside him, leaped down to grab the animal as it limped away with a broken leg. As he seized the rabbit and turned with it in his hand, the shot which wounded him rang out.

Lamar could not state how his gun became discharged. In all probability the boy had cocked the trigger when the rabbit was first jumped, and in the excitement pending its capture by Appleton the trigger was accidentally pulled.

W. A. Johnston, Appleton Calloway, George Folds, Henry Farnell and A. D. Rawls members of the hunting party, carried the wounded boy about a mile to the home of E. L. Le Jones, upon whose farm the accident occurred. Dr. J. Z. Henry of Ellenwood, and the family of James Graden were summoned. After medical treatment had been rendered, the boy, accompanied by his mother Mrs. John Graden, his sister Corine and A. D. Rawls were hurried to the Grady hospital.

The body was removed to Patterson's mortuary chapel, and will be taken this morning at 7:45 o'clock to Ellenwood, Ga. for funeral and interment. He is survived by his mother, Mrs. John S. Graden three brothers, Zack, Roy and George Graden, three sisters, Mrs. J. C. Cates, Mrs. D. Z. Williamson and Miss Corine Graden two aunts, Mrs. Joe Elster and Mrs. J. M. White, and an uncle James H. Graden, Sr.

NO BAN ON FOOTBALL BY BRITISH GOVERNMENT

London, November 26.—"The situation at present does not demand legislation for the suppression of football," said Premier Asquith in the house of commons today, replying to a question as to whether such a move was under way. The premier added that negotiations with the football magnates were progressing from satisfactory results were expected.

The agitation against football because it is interfering with recruiting continues in the British press.

BOND ISSUE PLAN TO HELP SCHOOLS

GAINING GROUND

Members of Council May Make Tour of City's Buildings to Learn Needs of the Department.

MASON BELIEVES PEOPLE WILL VOTE FOR BONDS

Council of Jewish Women Indorses Campaign by The Constitution to Improve System in Atlanta.

Before The Constitution began its campaign to relieve the congestion in Atlanta's public school system by directing attention to the constant crowding of students in the city hall, a move made in the foot by high school members of council and city officials whose duty it is to look after the needs of the city departments gave little attention to schools.

This is not the situation today. Atlanta's general council has awakened to the realization that it has allowed the board of education to shoulder the burden too long, and according to reports around the city hall, a move made in the foot by high school members of council make a tour of all the schools of the city with a view of acquainting every member with the conditions as existing today.

Hill Two More Meetings. The present council will hold two more meetings before adjourning sine die. The next meeting will be on December 2. At this meeting Alderman James H. Nutting, chairman of the subcommittee of the general bond committee, says a report will be made urging that the city float an issue of \$3,500,000 in bonds.

Alderman Nutting and other conservative members of council have agreed that \$3,500,000 bonds will take care of the school situation, improve the police and fire departments, and build more in the foot by high school departments have been urged to keep their demands down to a minimum in order that every department will get its full share of the bond money.

The most pressing demand comes from the school department. It has been estimated that the schools need \$1,277,000 for new buildings and repairs and \$1,223,000 for the purchase of land and buildings. Alderman Armstrong, chairman of the school committee, who is, perhaps, better posted than any man in the city government, says that \$500,000 to carry out the plan of the board. Alderman Armstrong will strongly urge council to put the schools down for that amount.

Separate Vote Planned. The tentative plan of the bond committee is to list the bonds proposed for each department separately, so that the people can vote on the bonds proposed for each department without voting on the entire issue. The above plan was first suggested by Councilman Claude Mason who is responsible for the revival of interest in the school situation. Councilman Mason says that the people will vote for an issue of bonds if they are given the choice of voting for the bonds they are in sympathy with.

Because of the fact that he revived interest in bonds council is likely to entertain a resolution from Councilman Mason providing for a bond election.

Such an election would be handled by City Clerk Walter Taylor. He will have the authority to name the clerks and managers and make all the arrangements for the election.

The time for holding a bond election was never more opportune than the present.

Every section of the city is aroused and interested. The Constitution's campaign has caused civic organizations, parent-teacher's clubs and other associations to take up the question.

GREAT BATTLESHIP AND 800 SAILORS BLOWN TO PIECES

The Bulwark of the British Navy Destroyed While Anchored Off Sheerness, on the Thames.

MAGAZINE EXPLOSION DESTROYED THE VESSEL

Band Was Playing When the Magazine Let Go—Bulwark Fifteen Years Old and Not First-Class Ship.

Sheerness, England, November 26.—(Via London)—The British battleship Bulwark was destroyed by an explosion as she lay off here early today. There are only fourteen survivors from the crew of 700 or 800 men who were aboard.

The explosion is believed to have occurred in her forward magazine. Whether it was caused by accident or design is a question to be determined by a commission appointed to investigate.

Internal Explosion. In the opinion of naval men, it was an internal explosion that put an end to the battleship which for twelve years has done service at home and abroad and lately had been guarding England's shores. There was no great upheaval of water such as would have occurred if she had been torpedoed or struck by a mine. Instead the ship was enveloped in smoke and flame, and when this had cleared nothing could be seen but wreckage floating on the water.

Houses in towns seven and eight miles away were shaken by the explosion, and even before men on ships anchored nearby could reach their own shores the Bulwark had disappeared. The sea was strewn with wreckage, while pieces of the ship were thrown six or seven miles on to the Essex shore.

Considering the size of her navy, Great Britain has been singularly free from disasters of this character. Nevertheless, when the French warship Jena was destroyed by an internal explosion in 1907, all cordite ammunition was taken from all the British ships and carefully examined. Refrigerators were installed in the ships to keep the cordite cool.

The Bulwark, which was one of the older battleships, cost £1,000,000 sterling (\$5,000,000).

Story by Eyewitness. An eyewitness who was on a ship a short distance from the British battleship Bulwark when she was blown up off Sheerness, gives this account:

"I was at breakfast at about ten minutes past 2 o'clock this morning when I heard an explosion and went on deck. My first impression was that the report was produced by the firing of a salute by one of the ships when I got on deck I soon saw something awful had happened. The water and the sky were obscured by dense volumes of smoke. We were ordered at once to the scene of the wreck. My first assistance we could do at first we could see nothing but when the smoke cleared we were horrified to find that the battleship Bulwark had gone. She seemed to have entirely vanished but a little later we detected a portion of the huge battleship showing about four feet above the water.

"We kept a vigil for the unfortunate crew, but saw only two men. I don't know whether the other boats rescued anyone. One man we saw was dead."

Another eyewitness said that when the wreck occurred a great volume of flame and smoke shot in to the air. The ship seemed to split in two and then leaped over and disappeared in less than five minutes.

Force of the Explosion. The force of the explosion about the boat was so great that houses in Sheerness and even in Southend, seven miles away, and on the other side of the Thames, were violently shaken. The explosion was heard in the streets in alarm. When the great ship blew up dense clouds of smoke and flame shot into the air. The vessel disappeared beneath the waves in three minutes. So terribly was the Bulwark rent that it was impossible to render her any assistance immediately after the explosion the vessel was hoisted out by smoke and the water slowly lifted a handful of men were seen struggling in the water. Small craft rushed to their aid and picked them up. Some of the crew were badly mutilated. A touch of the dramatic was added to the catastrophe by the fact that the band of the Bulwark was playing when the explosion came.

The battleship Bulwark, 15,000 tons displacement, was laid down in 1899 and completed in 1902. She was sent to sea on her first voyage in 1902.

Continued on Page Two.

GERMAN SANDWICH FOR THE RUSSIANS.

The Germans, who advanced from the north and south these military observers add, doubtless intended to seize the railway between Skerniewice and Pietrkow, and interrupt communication between the northern and southern Russian armies, but that Grand Duke Nicholas with an enormous number of men at his command, sandwiched them and defeated his attacks from all points except due west.

It is said in Petrograd that one, if not two German corps are almost enveloped and that they are making desperate effort to fight their way out to the north. Already a large number of prisoners are reported to have passed through Warsaw. This is considered in London to confirm unofficial reports and the statement of Lord Kitchener in the house of lords today that the reinforced Russian troops in this neighborhood have been able to check and defeat the Germans with, I believe, heavier losses than they ever sustained before.

VICTORIOUS MARCH FOR THE RUSSIANS.

The Russians are said to be continuing their advances through the Carpathians in Western Galicia and against Cracow, and Professor Bernard Pares the British government's representative with the Russian headquarters staff said: "The Moscow force are forming a half circle around East Prussia to avoid the well fortified and difficult Mazurian lake region. They also are declared to be operating with success against the Turks in the Caucasus."

Except for artillery fighting the battle in the west remains virtually at a standstill, although in isolated attacks the Russian progress is making no indication where the next German

blow is to be struck in the attempt to reach the French coast.

Lord Kitchener, in the house of Lords, today declared, all the gaps in the British army, which for a long time had fought against great odds, now had been filled and that both British and French reinforcements had reached the front.

MORE MEN NEEDED, SAYS KITCHENER.

White Lord Kitchener expressed confidence in the result of the war and asserted that 30,000 recruits were joining the British army each week, he warned the public that still more men would be required.

The secretary of war added that an Indian force was in touch with the Turks 39 miles east of the Suez canal, while Indian and British troops were busy on the shores of the Persian gulf

and throughout Africa. He said that the Indian government had announced its intention to continue to support the Indian contingents fighting in France and elsewhere.

WAR GOING WELL FOR THE ALLIES, SAYS KITCHENER

London, November 26.—"The Russians have defeated the Germans with the heaviest loss yet suffered."

"The Germans have made no advance since I last addressed this House," said Lord Kitchener, in the house of Lords, today declared, all the gaps in the British army, which for a long time had fought against great odds, now had been filled and that both British and French reinforcements had reached the front.

The secretary of war added that an Indian force was in touch with the Turks 39 miles east of the Suez canal, while Indian and British troops were busy on the shores of the Persian gulf

Lord Kitchener paid tribute to the gallantry of the Belgian army and to the gallantry of the British army, though great, were slight compared with those of the enemy, he announced, he decried the Germans, inflicting losses far greater than the latter ever suffered before.

Regarding recruitments, he said he still had room for men, and he was confident that the British would answer the call of the gallantry of the British army, though great, were slight compared with those of the enemy, he announced, he decried the Germans, inflicting losses far greater than the latter ever suffered before.

The time will come when we shall require many more, and I will make it my duty to call for them. In the meantime all the gaps in the British force on the continent had been filled.

Referring to the German advance on Dunkirk and Calais, after the capture of Antwerp, Lord Kitchener mentioned that in spite of the German's overwhelming numbers, the British vigorously attacked the German's primary division, extending over seven miles of trenches threw back the fierce attacks of a whole German army corps for more than two days. The arrival of the Indians on the scene, however, proved a great advantage, and when fresh reinforcements pushed forward the German march on Calais stopped.

Great Fighting by French.

Lord Kitchener spoke also of the splendid fighting qualities of the French troops.

In the early days of November, said Lord Kitchener, no less than eleven army corps were attacking the British position at the battle of the Somme. The eighth division was dispatched from England to join the forces in the field and the valuable co-operation of our allies in the field materially strengthened the British position.

On November 11 a supreme effort was made by the Germans. The Prussian guard was ordered to force its way through our lines at all costs, and to carry them by sheer weight of numbers. But this desperate attempt failed, like its predecessors.

Strong French reinforcements occupied a considerable portion of the British trenches in front of Ypres, and with their front thus appreciably shortened the British who for over fourteen days and nights, never had left the trenches were enabled to enjoy a partial rest.

Several battalions of territorials Lord Kitchener announced, had joined the British forces and had made themselves felt.

Lord Kitchener briefly touched on the Turkish intervention, and said the Russians successfully were advancing in the Caucasus, while an Indian expeditionary force had twice defeated the Turks at the head of the Persian gulf, where they had occupied the important towns of Herat and Kandahar, and were also in touch with Turkish forces 39 miles to the east of the Suez canal.

DIXMUDE RETAKEN BY ALLIED FORCES.

London, November 26.—The correspondence of the London Daily Telegraphs that Dixmude had been retaken by the allies. He says the French and British troops had taken the town strongly on Tuesday night and drove the Germans out of three lines of advanced trenches. On Wednesday they followed this up by entering the town in an irresistible charge.

The enemy did not halt in their retreat until they were 100 miles out of the town. The marines lost 200 men.

LITTLE FIGHTING ON WEST FRONT.

Paris, November 26.—The following official communication was issued at 11 o'clock tonight:

"In Belgium today complete calm prevailed in the center, there was no fighting, but no infantry attacks. There is nothing of importance to report from the Argonne."

The official announcement given out in the afternoon reads as follows:

No important development marked the day of November 25 in the north of France, the fighting in the Argonne and no infantry attack was directed against our lines, which made slight advances at certain points.

In the region of Arras there was a continuation of the bombardment on the front of the town.

On the line the enemy endeavored to deliver an attack on the village of Masny. This movement resulted in complete failure with considerable losses to the Germans.

We have made some progress in the region of the Vesges mountains.

"In the Argonne, in the Vosges district, in Lorraine and in the Vosges there is almost complete calm along the entire front."

There has been a heavy fall of snow particularly in the higher portions of the Vosges mountains.

FRENCH REPULSED, BERLIN CLAIMS.

Berlin, November 26.—(By Wireless to London)—An official announcement given out in the afternoon reads as follows:

"In the western arena of the war the situation remains unchanged. The French opened an attack in the region of St. Hilaire with strong forces. The strength of this attack gradually dwindled, and the movement was finally repulsed with heavy losses to the enemy."

"The French have made progress at Apremont."

KIDNEY TROUBLE CAUSES LAME BACK

I am pleased to say a good word for Dr. Kilmor's Swamp-Root, as I was troubled for a year or more with my kidneys and annoying symptoms. My brother advised me to try Swamp-Root and I bought a bottle of it. I found it with excellent results. At the time Swamp-Root was recommended to me the French opened an attack in the region of St. Hilaire with strong forces. The strength of this attack gradually dwindled, and the movement was finally repulsed with heavy losses to the enemy.

Very Truly Yours,
 E. ALVEY,
 704 Division St., Van Cleave Flats, Evansville, Ind.

Subscribed and sworn to before me, this 21st day of December, 1911.
 EDW. J. O'NEILL, Notary Public.

AVIATORS COMMENDED FOR BRILLIANT RAID

Belfort, November 26.—(Via Paris)—The governor of the Belfort fortress has commended the British aviators, J. T. Babington, S. Y. Sippe both of the Zeppelin sheds at Friedrichshafen. Babington and Sippe have been decorated with the Legion of Honor.

Paris, November 26.—Lieutenant S. Y. Sippe, who was shot down at Friedrichshafen yesterday, has arrived here from Belfort yesterday. He said eleven bombs were dropped on the Belfort fortress. If there could be no doubt they were effective since they were dropped from the Zeppelins when a few feet above the roof.

The weather was misty, Sippe said, and this enabled them to fly low, just high enough to clear the roof of the Zeppelin shed. The thick weather also prevented the Germans from seeing them until too late.

HEAVY SUBSCRIPTIONS TO FRENCH WAR LOAN

Paris, November 26.—Subscriptions to the short term 5 per cent national defense bonds amounted today to 700,000,000 francs (\$140,000,000) for France alone. In addition 200,000,000 francs of treasury bonds already are in circulation.

The minister of finance submitted to the cabinet a decree raising to 1,400,000,000 francs the amount of treasury bonds to be issued. It is proposed to issue bonds in denominations as low as 100 francs. Subscriptions will be taken at all tobacco shops, postoffices and savings banks.

WOOD IS CONTRABAND, GERMANY DECLARES

Stockholm, November 26.—The German declaration that wood is contraband of war has brought out considerable comment in the Swedish press. Swedish steamers laden with wood, it is recalled, have recently been stopped in the South Baltic by German cruisers and are being taken to Sweden.

The suggestion is now made in the press that Swedish cruisers carrying Swedish commercial vessels loaded with wood past the lines of German warships.

Oxford university will send out an expedition of English scientists with a Polish guide for a study of the origin of the native tribes of Siberia.

GERMANS CAUGHT IN RUSSIAN TRAP AND CUT TO PIECES

Crushing Defeat of Kaiser's Forces in Poland Seems to Be Confirmed—Berlin Claims No Decision Has Been Reached.

Petrograd, November 24.—(Via London)—Semi-official advices received from Poland show a German defeat at Lodz culminating in the capture of a Russian army corps was the result of a Russian maneuver which the Germans were led into an inextricable trap. The Russian left wing, resting on the river Warta and the Russian right wing on the Vistula-Kalisz railroad, moved forward in unison in the last two days.

Simultaneously the Russian center gave ground and the Germans retreated apparently relying upon a German column from Wielun to repulse the Russian left wing and to form a juncture with the main German forces.

Others thought that the Germans were led into an inextricable trap. The Russian left wing, resting on the river Warta and the Russian right wing on the Vistula-Kalisz railroad, moved forward in unison in the last two days.

Thousands of Germans Taken.

In the meantime, Russian reserves had come up and they surrounded the Germans, thousands of whom surrendered. Others sought to break through in an effort to join the German left in the vicinity of Lowicz a town 43 miles southwest of Warsaw.

The following official communication from the general headquarters was issued today:

"In the battle of Lodz which continues to develop, the advantage remains with the Russian army."

"The Germans are making strenuous efforts to facilitate the retreat of their troops. In the direction of Brzeziny, are now retreating in the direction of Strykow under conditions very unfavorable for them."

"On the Austrian front our action has not changed. In the night of November 25 we took as many as 8,000 prisoners including two regular army units. Their commanders and other officers."

ROUT OF GERMANS DECLARED COMPLETE.

London, November 26.—Official advices received in Russian circles in Lodz today declare the rout of the German and Austrian forces in Poland has been complete.

It is not clear, however, is not yet able to give any details of this fighting.

It is now clear that the Russian victory in Poland is decisive, says the Petrograd correspondent of The Exchange.

The Russian loss is estimated at 50,000. The Germans have begun a retreat along the entire front. The fighting continues and in many places the flight is a disordered rout, marked by the abandonment of artillery, machine guns and transports.

Berlin meanwhile is beginning to talk about repulsing Russian attacks, which is a subtle method of announcing that the German troops are on the defensive.

The Petrograd correspondent of The Chronicle, describing the reported German defeat in Poland, says:

"The weakness of General von Hindenburg's position was that he was isolated from the crown prince's army, which was fighting south of Czenstochowa. When von Hindenburg found himself surrounded, he ordered the retreat to the gap at Wielun the Austrian troops who were intended to turn the Russian left flank, pressed forward and the fate of all Austrians who have been made to fight the Prussian battles. The Russian Grenadiers put them to flight capturing 5,000 prisoners."

General von Hindenburg's position is now hopeless and the thousands of prisoners streaming into Warsaw speak eloquently of his failure.

The crown prince's army the Russians are winning.

The Russian army advancing westward from the river San is within 12 miles of Cracow. This civil population, fearing the destruction of the city, has fled to the east.

The military governor ordered the wholesale expulsion of civilians.

GERMANS CAUGHT IN RUSSIAN TRAP AND CUT TO PIECES

Crushing Defeat of Kaiser's Forces in Poland Seems to Be Confirmed—Berlin Claims No Decision Has Been Reached.

Petrograd, November 24.—(Via London)—Semi-official advices received from Poland show a German defeat at Lodz culminating in the capture of a Russian army corps was the result of a Russian maneuver which the Germans were led into an inextricable trap. The Russian left wing, resting on the river Warta and the Russian right wing on the Vistula-Kalisz railroad, moved forward in unison in the last two days.

Simultaneously the Russian center gave ground and the Germans retreated apparently relying upon a German column from Wielun to repulse the Russian left wing and to form a juncture with the main German forces.

Others thought that the Germans were led into an inextricable trap. The Russian left wing, resting on the river Warta and the Russian right wing on the Vistula-Kalisz railroad, moved forward in unison in the last two days.

Thousands of Germans Taken.

In the meantime, Russian reserves had come up and they surrounded the Germans, thousands of whom surrendered. Others sought to break through in an effort to join the German left in the vicinity of Lowicz a town 43 miles southwest of Warsaw.

The following official communication from the general headquarters was issued today:

"In the battle of Lodz which continues to develop, the advantage remains with the Russian army."

"The Germans are making strenuous efforts to facilitate the retreat of their troops. In the direction of Brzeziny, are now retreating in the direction of Strykow under conditions very unfavorable for them."

GREAT BATTLESHIP BLOWN TO FRAGMENTS

Continued From Page One.

was 411 feet long, 75 feet wide and drew 29 feet of water. Her armament consisted of four 12-inch, twelve 8-inch guns, sixteen 12-pounders, six 3-pounders and four 2-pounders. She had a complement of 750 men.

Sheerness is on the Thames, at the mouth of the estuary of the Medway. It is 25 miles down the river from London.

FIRST SEA LORD TELLS OF DISASTER.

London, November 26.—It was official news today that the British battleship Bulwark had been blown up off Sheerness. Only twelve men out of the crew of 750 on board the Bulwark were saved.

According to the admiralty, the explosion which resulted in the destruction of the Bulwark is believed to have originated in her own magazine.

The cause of the disaster to the Bulwark was made by Winston Spencer Churchill, first lord of the admiralty, shortly before 4 o'clock this afternoon.

Magazine Exploded.

The explosion which destroyed the Bulwark occurred at 7 55 a. m. A vice admiral at sea reported that the vessel was blown up. The cause of the disaster was caused by an explosion in the magazine. There was no upheaval of the water. When the smoke had cleared the ship had entirely disappeared.

An inquiry will be held tomorrow, and the admiralty believes that it may result in a court-martial.

Mr. Churchill, speaking in the house of commons concerning the disaster, said:

"The loss of the ship does not sensibly affect our military position, but I regret the loss of life which was very great. Only twelve men were saved. All the officers and the rest of the crew, which, I suppose, amounted to 700 or 800 men."

Bulwark at Anchor.

The disaster occurred while the Bulwark was lying at anchor off the port side of the Thames, and the officers of the vessel sought the public impression that the vessel was the victim of a German submarine. This seems to be supported by the absence of an upheaval in the water. The first lord of the admiralty explained.

Although twelve years old and no longer on the first fighting line the Bulwark still was a useful unit. The loss of the ship, however, was not only a loss to the navy, but a loss to the admiralty. The vessel was a fine ship and her crew was a fine crew. Mr. Churchill expressed in the house of commons his regret that the vessel was lost.

The Bulwark, in her early career, was quite a favored ship. For a long time she was the finest ship in the fleet. She was the first of the Bulwark class. She was built at the Portsmouth Dockyard.

SUBMARINE SINKS BRITISH STEAMER.

Hayre, November 26.—(Via Paris)—The British steamer Melchite has been sunk by a German submarine near Cape La Hève, which is about three miles from Hayre.

The Melchite, a steamer of about 2,000 tons belonging to the Cunard company, was bound for Havre. She was stopped by the submarine and the crew was given ten minutes to get into the lifeboats.

After this was done the submarine sank the Melchite and then closed her own hatches and drove down beneath the sea, leaving the crew of the steamer to make their way to Havre.

They arrived safely a few hours afterward.

WHOLESALE EXECUTIONS IN WAR-SWEPT GALICIA

Terrible Excesses Charged to Austrian Officials—Thousands of Homes Burned.

Lemberg, Galicia, November 26.—(Via Petrograd and London)—A committee appointed to investigate conditions in Galicia reports that there have been wholesale murders, executions and excesses of every description in war-swept Galicia. Thousands of starved and homeless families give evidence of these conditions.

The Russian population, the committee says, suffered most severely, less from natural consequences of war than from the cruelty of Austrian officials, who always suspected the loyalty of the Galician population, and have acted with marked severity since the beginning of the war.

The committee reports it established the fact that in seven counties 28 men have been shot or hanged, including two priests. Throughout Galicia it is estimated 10,000 arrests have been made and 1,000 executions have taken place.

In six counties, the committee states, its members counted 4,050 burned homes. In the county in which Zygmunt is located there are 322 families, with 3,800 children, under the years of age who are homeless.

Robbery and the sacrifice of churches and monasteries, including the whole families, including babies children and decrepit old men in one instance, have been reported. Many have been thrown into prison.

The proposal to deny coal to warships, some South American diplomats believe, is equally valuable as a General Tonic because it contains the well known tonic proper to the climate of Virginia. It is prepared at Mataria, whence Blood Builders up the Whole System 50c.

WAR WILL NOT AFFECT THE TWO PANAMA EXPOSITIONS.

Plan now to go and visit Grand Canyon of Arizona on the way.

Four Santa Fe trains a day including California Limited The Santa Fe de Luxe extra fare weekly in winter

San Francisco Exposition opens February 20, closes December 4, 1915; San Diego Exposition opens January 1, closes December 31, 1915.

For both exhibitions round-trip tickets will be sold at direct rates at about one fare for the trip. March 1 to November 30, 1915, with liberal stop-overs and return limit.

The special water excursions from California are effective now. Ask for folders.

Write to C. L. Seagraves, Gen'l Commissioner Agent, 2001 Jackson Exchange, Chicago, for Arizona and San Joaquin Valley leaflet booklets.

PERU TAKING STEPS TO GUARD NEUTRALITY

Lima, Peru, November 26.—The Peruvian cruiser Coronel Bolognesi has been assigned to patrol the coast of Peru and to guard the neutrality of the country be preserved.

Another cruiser will sail tomorrow to do so. Both cruisers are under orders to protect British steamers by force if necessary. As result of this action steamships will renew their voyages immediately.

Are Cigarette Smokers Fickle? That depends! Many smokers flit from one brand to another, never satisfied—until through some good fortune they try FATIMA.

Smoke a few packages of FATIMA and you will understand why this 20 for 15c "Turkish Blend" cigarette is the biggest seller of all quality brands.

Liggett & Myers Tobacco Co.

WOOD IS CONTRABAND, GERMANY DECLARES

Stockholm, November 26.—The German declaration that wood is contraband of war has brought out considerable comment in the Swedish press. Swedish steamers laden with wood, it is recalled, have recently been stopped in the South Baltic by German cruisers and are being taken to Sweden.

The suggestion is now made in the press that Swedish cruisers carrying Swedish commercial vessels loaded with wood past the lines of German warships.

Oxford university will send out an expedition of English scientists with a Polish guide for a study of the origin of the native tribes of Siberia.

It's healthy and good for them, and you too, MR. MAN AND WOMAN.

ORDERING KEPT BY ZAPATA FORCES

Washington Advised That There Is No Disorder in Mexican Capital—Carranza Has Entered Vera Cruz.

Washington, November 26—Zapata forces are preserving order in Mexico City and Villa agents are co-operating according to state department officials tonight. It was not known tonight whether Villa's troops had entered the city.

An official report from American Consul Carothers accompanying Villa received tonight said Villa had received his promises that there would be no looting or disorder and that the rights of residents, native or foreign, would be respected.

The message was sent from the vicinity of Mexico City. Secretary Bryan said, and while it did not state that the northern contingent expected to enter it was taken to indicate that he was fully advised as to conditions there and acting in harmony with General Zapata.

Officials believed the entrance of the northern army in Mexico City was to be expected at any time and that Villa's troops would be expected to enter immediately would proceed to the capital and be formally installed in office there with the reassembling of the Aguas Calientes convention of United States officials still were in doubt tonight as to the whereabouts of General Zapata himself. No mention of his presence in the capital has been made.

VILLA IS ACTING WITH CAUTION.

El Paso Texas, November 26—Reports received today in Juarez said the Villa forces were acting with caution before entering Mexico City. It was declared Villa had sent a commission for a preliminary conference with Zapata. Villa himself supposedly remained at Juarez with the vanguard.

The permanent committee of the Aguas Calientes convention, headed by Provisional President Gutierrez, has left San Luis Potosi and was expected today at Queretaro on its way to Mexico City. With it was Leon Canova, American state department representative. Officials are appointing local government officials on their trip.

All has been quiet in the interior, as far as is known here, although officials of all factions admitted they had received no direct telegraphic advices for several days.

VERA CRUZ GREETED GENERAL CARRANZA.

Vera Cruz, November 26—General Venustiano Carranza reached here today from Cordoba. His arrival brought thousands of enthusiastic citizens into the streets. He spoke from the balcony of the municipal palace he was greeted with loud cheers.

Tomorrow the general will take up his official duties and from this city as his temporary capital. He directed the campaign against Generals Villa and Zapata.

General Carranza arrived in the presidential train. He was accompanied by Generals Obregon and Alvarado, his secretary, Juan Carranza, and other civilians who attained national distinction during the Madero regime.

Troop trains followed Carranza's train. Most of these new soldiers are of a type superior to those he had seen here, and are reasonably well equipped and disciplined.

To make it there should be no unpleasant incident in Carranza's arrival, saloons and many commercial houses are closed. Local officials are providing a magnificent mount for the general at Los Cocos a suburb, where the presidential train halted. He waved the horse away, however, saying he preferred to walk, as did the common people.

And so from Los Cocos Carranza trudged in the midst of a shouting crowd and under a shower of confetti over the mile of highway leading under the triumphal arches of the center of the city. Later he was a guest of officials at a dinner.

General Carranza headquarters will be in the light house building. In front of this structure is moored the Mexican training ship Zaragoza which arrived today. Near the light house buildings are parked cars containing aeroplanes in charge of Joe Dean, an Englishman. Troops are camped all about the building.

In general the plan now will be to besiege Zapata and Villa cutting every railroad and starve them into surrender if possible but forcing their capitulation at that point in any way which may become necessary.

Isidro Fabella, Carranza's minister of foreign affairs, who has located his office here, expressed the conviction last night that the task of subduing Zapata and Villa would not be nearly so difficult as appeared. He admitted that the consequences for Mexico City would be bad. He also admitted that already there had been received news that followers of Zapata had sacked certain parts of the capital, although there were no reports to indicate the extent to which this had been carried out. He regarded this as one of the necessary consequences incident to warfare.

GERMAN TRAIN WRECKED BY BRITISH BIRDMEN

London, November 27—(31st a. p.)—A Daily Chronicle dispatch from northern France says:

"About noon a tremendous explosion was felt for miles along the allies lines. The source of the explosion apparently was behind the German line. Later it was learned that a British naval aviator had dropped a bomb on a German ammunition train which blew up."

FLIGHT OF AVIATORS OVER SWITZERLAND

London, November 26—Winston Churchill first lord of the admiralty replied in the house of commons today to allegations that French and British aviators in a recent raid on the Zeppelin factory at Friedrichshafen had crossed Swiss territory.

"Aviators flying at high altitude," he said, "it is almost impossible to determine the course they are taking. However the British aviators who made the raid on the Zeppelin factory had explicit instructions to avoid crossing neutral territory. They carried out these instructions and the course which they were to follow."

Mr. Churchill added that no agreement had been reached at the Paris conference regarding passage of flying aircraft over neutral countries.

ACTOR ROBERT LORAIN WOUNDED IN FRANCE

London, November 26—Robert Loraine the English actor and aviator who is a second lieutenant in the British flying corps, has been wounded at the front.

Mr. Loraine, one of the earliest of English flying aviators, narrowly escaped death in a flight across the Irish sea.

Lieutenant Hon. J. Fitzroy of the First Life Guards also has been wounded. He is a member of parliament.

MASSACRE OF RUSSIANS REPORTED IN PERSIA

London, November 26—Telegraphing from Amsterdam the correspondent of Reuter's Telegram company says the Berlin Tageblatt has published a dispatch from Constantinople to the effect that 2,000 Russians have been massacred at Tabriz by Persians.

The British official press bureau while assenting to the publication of the above dispatch, says it appears to be false, and to have been spread under German instructions.

RUSSIA SENDS TROOPS TO ASSIST THE SERVIANS

Fifteen Regiments, Completely Equipped, Have Arrived. Austrian Defeat Reported.

London, November 26—The correspondent of The Times at Sofia, Bulgaria, reports that Russian troops have arrived in Serbia to assist the Servians in fighting the Austrians.

"Fifteen regiments of Russian troops, with seventy burge loads of ammunition and supplies, have arrived at the Serbian town of Raduovatz," The Times correspondent says. They made the 500-mile trip up the Danube river from Russian territory. They will be rushed to the front to assist the Servians.

VICTORY FOR SERVIANS OVER THE AUSTRIANS.

Paris, November 26—Victory for the Servians in their fighting with the Austrians in north-western Serbia is reported today in a dispatch from Nish to the Havas agency.

"Combats occurred on November 25," says the dispatch, "along the positions to the east of the Regatchitz, where being made by us on the enemy's forces. On our left wing along the front from Lazarevatz to Montevaz, we maintained all our positions. Attacks of the enemy to the southwest of Lazarevatz were repulsed. From our point of view the day ended favorably for us."

"After the fighting on November 23 the enemy was constrained to retire. The retreat was disorderly at some points. We took a number of prisoners."

SERVIANS AIDED BY THE WEATHER.

London, November 27—(3:03 a. m.)—Telegraphing from Saloniki, European Turkey, The Morning Post's correspondent says:

"The news from Serbia is optimistic. The Austrians are not following up their successes at Valjevo, mainly because of appalling weather conditions. There has been a heavy snowfall between Nish and Uskub. At Kumanovo the snow is six feet deep."

"The weather will aid the Servians, who already occupy positions of great natural strength. The public is determined to carry the war to the bitter end."

"Forty thousand new troops, counting young men from 18 to 18 years of age, have joined the army before Kraguyevatz."

GERMANS ARE SENTENCED FOR LOOTING IN FRANCE

Paris, November 26—The permanent court-martial today sentenced Surgeon Major Colline and Wolfart, who are in charge of the principal field hospital of the second German corps, to a year's imprisonment for alleged pillage. Nine doctors, attaches to the hospital, were given sentences of from one month to three months and twenty subordinate sentences of from one month to three years on the same charge. Eleven persons connected with the hospital were acquitted.

The hospital was captured by the French at Peronne September 16. The bulk of the baggage aroused the suspicion of French army officials. In the baggage of Surgeon Major Colline it was charged, there were found three tinners' stinkettes with the labels of the Peronne museum attached to them. It was alleged that in the baggage of the doctors there were pieces of silk, carpets and fine linens, which the doctors claimed had been given them by Carmelite sisters in appreciation of their kindness to French wounded.

MANY HORSES SHIPPED TO FRENCH GOVERNMENT

New Orleans, November 26—What is said to be the largest single shipment of horses for service in the European war from an American port will leave here tomorrow on board the British steamer Rowanmore. The horses, 1,620 in number, arrived here today on two special trains from the middle west. It is said the Rowanmore will clear for a French port, and that the horses would be used as mounts for the French cavalry.

THE BOY'S "DAY"
And the Business of Clothing Him

It was a good game and all "boys that will be boys" were there. It was a well-dressed, youthful, yelling contingent of Atlanta optimism.

Was your boy among that good-looking "gang?"

Yes? And did you appreciate just how much his well-dressed, self-satisfied enthusiasm meant to his holiday?

Once you get the Muse "spirit" added to your splendid Atlanta spirit, you will continue to be a patron of the MUSE Boys' Department—continue to enjoy life with your boys—

Making a Two-Day Affair of Thanksgiving With a Great, Fine Sale of Ready-to-Wear

A sale of Ready-to-Wear—suits, dresses and waists—done in the best Chamberlin-Johnson-DuBose Co. fashion.

The milk of the coconut is that, having decided to treat certain suits, dresses and waists in the light of odd lots, we go about their disposal in the thorough and gingery way that has long characterized our advertised sales.

acterized our advertised sales.

So now, Madame, for the best Ready-to-Wear news told this season. That it should come the day after Thanksgiving tinges it with poetic justice, for thereby do we give the day to an economic value that must appeal to the woman with a suit to buy.

But read on—

With Two Hundred Suits at Prices Very Near Half Now Is the Time to Choose Yours

Two hundred suits! "How can any store call two hundred suits an odd lot?" You may well ask. But the point is, we do, in the treatment of prices, and prices are the objective since the styles are what they are—modish, charming, elegant.

Suits at	Suits at	Suits at	Suits at
\$11.75	\$15.00	\$20.00	\$25.00
Were \$18.75 to \$21.75	Were \$25 to \$29.75	Were \$29.75 to \$39.50	Were \$40 to \$57.50
The Prices	The Styles	The Materials	

A Chamberlin-Johnson-DuBose Co. sale price is a very unreasonable thing, but unreasonable in a way that is attractive to women. In this instance let us record—the prices do not even closely approach the value of the suits. We take this opportune time to effect a clearaway of two hundred suits. And at these prices we will do it! Let those who have suits to buy be advised.

There must be upwards of forty different styles to choose from—we can picture them only in generalities—very severe tailored suits, suits very much trimmed with braids, velvets, furs, buttons—coats of medium length and long, graceful redingotes, cutaways that combine the beauties of both long and short coats, short in front, long behind. Plain tunic and plaited skirts.

At \$11.75 serges and poplins; at \$15.00 gabardines, serges, chevots and poplins; at \$20.00 broadcloths, serges and gabardines; at \$25.00 rich broadcloths, serges and gabardines.

There is not a wanted shade missing; plenty of blues and browns, a scattering of greens, another few of plum shades, a host of black suits—there are two hundred suits. All from our own stock.

\$3.75 For \$5.75 to \$11.75 Blouses

Nets, Laces, Chiffons

Some fine waists, styles most liked for wear with suits. Black, navy, Copenhagen, brown, black-and-white efforts; chiffons over nets, laces over nets, figured nets. High and low necks, with soft plaited ruchings, vest effects; yoked affairs; long and three-quarter length sleeves—about as many styles as there are waists. It is a clearing up of stocks—not one of these was less than \$5.75 and from that they went through \$7.50, \$8.75 to \$11.75.

The Coats! The Coats!

One smart affair after another.

Such a display that must mean satisfaction to the woman who is in search of a coat. Inexpensive coats? Yes. Many kinds that look, that are worth more than their price, \$9.75. From that they go gradually up to \$35 and \$45. Novel styles in broadcloths, zibelines and velvets—in which belts play an attractive part.

Smart, Trim Serge Dresses---A Sale

The power of just doing things! Here we are with an as likely and likeable a little collection of serge dresses as a woman could possibly enjoy, and yet we have done such pricing as the veriest January Sale would hardly bring. But we will do things in the way of selling dresses, and that at the time when women are seeking little dresses to wear with coats.

Dresses at	Dresses at	Dresses at
\$5.75	\$8.75	\$11.95
Usually \$6.95 to \$8.75	Usually \$10 to \$12.50	Usually \$18.50 to \$25

Those now \$5.75 are simple, neat little affairs of navy and black serge, with trimmings of silk braids, several styles of skirts, full length sleeves, low collars. Among those now \$8.75 are a number of styles with belts placed low, with natural waist line; many are serge and satin combined—in tunics, in sleeves. Those now \$11.75 are notable values, recently arrived, they show advance style ideas, plain flare skirts, fur trimmings, choker collars, metal embroidery, sashes and girdles of self materials—black, navy, brown, green.

WINNERS ANNOUNCED IN GEORGIA ALL-AGE

Augusta, Ga., November 26.—(Special.)—The winners in the Georgia all-age football game were announced tonight—John Proctor of Augusta second, Ty Cobb and Nellie third.

Chivington Weds Widow.

Chicago, November 26.—Thomas M. Chivington, president of the National Association of Professional Baseball Players, and Mrs. Edith Parks Reynolds, of Chicago, were married today in a ceremony at a wedding trip through the south.

here this afternoon by the score of 24 to 0.

The score shows great improvement on the part of the local over the game played in Atlanta last Saturday, when they were defeated by the cadets by the score of 45 to 0.

Battle for the visitors, played good ball. He intercepted a forward pass, and ran for a touchdown. Porter also was a star for the visitors.

Weekly and Lockhart were the star players for the local team. The game was witnessed by a large holiday crowd.

Texas 29, Wabash 0.

Austin, Texas, November 26.—Playing their opponents off their feet, the defeated of Texas football team defeated the Wabash eleven here today, 29 to 0, completing the season without defeat. The game was played on a muddy field, and open play was not successful. In line-backing and old-fashioned tactics the extra weight of the Texas players counted.

East.

Cornell 24, Penn 12.
 Philadelphia, November 26.—Cornell defeated Pennsylvania, 24 to 12, today in their annual game, which was an interesting but loosely played contest. The Quakers gave the Ithacans a bad score in the third period when with the score 10 to 0 against them, the Pennsylvania suddenly reversed form. Before Cornell could recover the home eleven had forced to the front, 12 to 10. Cornell then put its scoring machine in motion again and at the end of the period had the advantage 17 to 12.

Cornell had been looked upon as an easy winner but did not play with the smoothness that was expected, fumbles and penalties costing her much ground. The visitors showed clever play, however, and barring the fumbles seldom were stopped in their progress. Forward pass play was not successful, but in scoring its two touchdowns Barrett contributed 17 to Cornell's 24 points and stopped many of Pennsylvania's plays.

Notre Dame 29, Syracuse 0.
 Syracuse, N. Y., November 26.—Terrific plunges by Fullback Eichenlaub into the heavy Syracuse line and frequent fumbles by the Orange, enabled Notre Dame to defeat Syracuse today 29 to 0. The game was played on a muddy field, and open play was not successful. In line-backing and old-fashioned tactics the extra weight of the Texas players counted.

Columbus, Ga., November 26.—(Special.)—The Georgia Military academy team won from the Columbus Industrial high school in the football game today.

SEWANEES UPSETS DOPESTERS AGAIN Breaking All Auto Records Pullen Wins 300-Mile Race

Tigers Defeat Vanderbilt in a Close Game—Failure to Kick Goal Loses 14-to-13 Count for Vandy.

Nashville, Tenn., November 26.—Failure to kick goal after a touchdown resulted in Vanderbilt's defeat here tonight by Sewanee in one of the closest football games of the season. The score was 14 to 13, and accurately represents the strength of the two teams.

Sewanee's first touchdown came at the end of the second period and in the third quarter Tolley ran 76 yards through the Vanderbilt team after catching a punt, making the second touchdown for the Tigers.

With the score 14 to 0 against them, Vandy came back in the fourth period, making two touchdowns, both on forward passes, one for 40 yards and another for 22 yards.

Wanees first touchdown came at the end of the second period and in the third quarter Tolley ran 76 yards through the Vanderbilt team after catching a punt, making the second touchdown for the Tigers.

With the score 14 to 0 against them, Vandy came back in the fourth period, making two touchdowns, both on forward passes, one for 40 yards and another for 22 yards.

Wanees first touchdown came at the end of the second period and in the third quarter Tolley ran 76 yards through the Vanderbilt team after catching a punt, making the second touchdown for the Tigers.

With the score 14 to 0 against them, Vandy came back in the fourth period, making two touchdowns, both on forward passes, one for 40 yards and another for 22 yards.

With the score 14 to 0 against them, Vandy came back in the fourth period, making two touchdowns, both on forward passes, one for 40 yards and another for 22 yards.

Wanees first touchdown came at the end of the second period and in the third quarter Tolley ran 76 yards through the Vanderbilt team after catching a punt, making the second touchdown for the Tigers.

LEE TAYLOR WINS MOTORCYCLE RACE

Savannah, Ga., November 26.—One rider was killed instantly and two were seriously injured in the second annual Savannah road race today and established a new record. Eddie O'Donnell, a newcomer, was second, and Barney Oldfield third. Times were: O'Donnell, 2:23.55; De Palma, fourth, 2:31.55.

The race was in doubt until the last lap. O'Donnell drove up from the rear toward the end. Until the last few laps, Eddie Pullen was the favorite. Nineteen cars started. Eight went out and a series of accidents were going on when the leader completed the 103 laps of the race. The terrific dust and mud raised by the surface of the speedway, and the emergency quality of the dust quickly wore down the tires, leaving the riders jeopardized.

The former speedway record was 23 minutes and 40 seconds by Thomas at Indianapolis last May.

WALTER LOCKE BREAKS RECORD

Walter Locke again proved himself the peer of the cross-country runners of the city yesterday morning, when he broke the record for the Atlanta Athletic club.

Locke led the field from the start, and completed the course in 29 minutes and 16 seconds, bettering the record for the Atlanta Athletic club.

The winner of the team prize was the Tres Moutard team, which had a record of 1:04.40 for four miles better than the Marist college team.

The splendid form shown by the Tres Moutard team was the surprise of the race. Out of the first six men to finish, Tres Moutard had four, who finished in the following order: first, Walter Newman; second, Tres Moutard; third, Henderson; fourth, Brown; fifth, Henderson; sixth, Brown; seventh, Henderson; eighth, Gillem; ninth, Gillem; tenth, Gillem.

The following is the way the first ten men finished: Newman (Tres Moutard), second, Dodge (Marist); third, Neal (Marist); fourth, Henderson (Tres Moutard); fifth, Henderson (Tres Moutard); sixth, Brown (Marist); seventh, Henderson (Marist); eighth, Gillem (Marist); ninth, Gillem (Marist); tenth, Gillem (Marist).

Carlton made the entire eighteen holes of the course and almost two on the winners by the club. Over fifty golfers participated in this meet.

The Story of a Wine Supper And of a Missing Referee

To paraphrase a trite saying, there's many a slip betwixt the wine supper and the lip.

To illustrate the paraphrase, lend ear to the following:

On Wednesday there was a squabble in Richmond about the referee of the Virginia-Carolina football game, every person suggested for the place, being persons not given to one side or the other. A series of telegrams were sent, it seems, a series of telegrams each way, the exact objects of which are not known, but suffice it to say that from all obtainable reports the last wire from Richmond reported Mr. Brown the referee of the game.

Now, Mr. Brown had a paper to report in Atlanta for his game. Thanksgiving which circumstance offered difficulties, but as has been said, Mr. Brown is a bon vivant, and seventy-five bones in no more trifle to be considered as such, and as a means to bon vivants.

After some deliberation over this dilemma, Mr. Brown devised a way to copy the change and called aside sundry of his coworkers, conversing with them thusly:

"Look ye here, Dud; you cover that Tech-Clemson game, and Jim, you handle the sports page for me, while I hike up to ole Virginia and cop this here extra change. See? And when get back with you one more swell wine supper, bo—some wine supper! Get me?"

The parties of the second part in the foregoing conversation, recalling, no doubt the days of the "Red Heeler" at Hughie Cardozo's theater, got him. Nay, more. Rumor said invitations to the wine supper were issued.

These details arranged, Innis sidled up his horse to depart for Richmond. "Pretty soft, was it not? It was not. Why?"

Because, in his dreams of bon vivants—possibly, Innis, poor Innis—it moves one to tears in the telling—Innis got the wrong timetable and when he reached the Terminal station (heart-rendering sob here) his train—his train—(sob)

His train had been gone THREE MILES! Good-bye, and continued sob and lamentations.

CHAMBERS AND AGENTS GUILTY OF LAND FRAUDS

Convicted in the Federal Court for Dealing in Florida Everglades.

Kansas City, November 26.—E. C. Chambers of Kansas City, president of the Chambers Land company, and four of his agents were found guilty here today of misusing the mails in connection with the sale of Everglades land in Florida. Sentence was deferred.

In addition to Chambers, the defendants were the Rev. A. E. Gamble, of Kansas City; F. W. Hildebrand, of Kansas City; J. H. Russell, of Miami, Fla.; and Charles H. Hubbard, of Pittsburg, Kan.

The jury had been out since 5 o'clock when the verdict was returned. It was reported that a disagreement was imminent.

What Government Charged. Chambers and his agents were indicted December 9, 1913. The government charged that Chambers purchased from the state of Florida 50,000 acres of undrained land in the swamps of Dade and Palm Beach counties in July, 1910, for \$100,000. He was to pay \$15 an acre. Arrangements had been completed, according to the company's literature, with the state of Florida for the drainage of the land and a declaration was made that the land was suitable for all kinds of agriculture. The land was sold on the installment plan at from \$50 to \$85 an acre and the government realized from the sale of 17,000 acres.

The government maintained the land was not suitable for agriculture and never was drained. The operations of the Chambers company ceased in February, 1913.

The defense maintained the state of Florida's plan for draining the lands was not suitable for agriculture and not only was possible, but would be profitable to certain companies. Only a few of the drainage plans were made uniform and the drainage work, the Florida office, maintained.

Guilty on Twelve Counts. Chambers, Russell and Harper were found guilty on twelve counts. Gammage and Hubbard were found guilty on one count only. The jury recommended that Gammage and Hubbard be given the lightest sentence possible.

Chambers was sentenced to work up by the government involving the sale of Florida lands. The defendant was sentenced to a maximum term of five years in the penitentiary and a fine of \$1,000 on each count on the charge of obstructing justice.

The court allowed the defendants fifteen days in which to perfect an appeal and said sentence would not be passed for two weeks. All the defendants furnished bond and were released pending the filing of their appeal.

URGE BRAM'S PARDON. Man Now on Parole Innocent, Declares Atlantian.

The Thanksgiving edition of the Atlantian, edited by E. Walter Tripp, has editorial on "The State Board of Pardons and Paroles" and "The Case of Bram." An excerpt from the latter article is as follows:

Thomas M. Bram, a paroled prisoner from the Federal prison in Atlanta, has served many years of unrepented punishment

SEARCHING FOR SLAYERS OF BOGGS AND DAUGHTER

No New Clues Found—Large Rewards Are to Be Offered.

Miami Fla., November 26—Authorities investigating the mystery surrounding the double murder of Adam A. Boggs, a prominent Florida attorney, and his 18-year-old daughter, Marjorie, whose charred bodies were found early yesterday in the ruins of their country home near here today had discovered no new facts or clues tending to establish the identity of the slayers.

That robbery was the motive for the murder and that the ax found under shrubbery near the Boggs home was the weapon used. The further theory that the house was burned in an effort to hide the crime still is entertained by the officers at work on the case.

Earl & Wilson Shirts. Even the thread used in Earl & Wilson Shirts is tested for strength, quality and twist. Only "live" thread is used.
