MARRIAGE IS TOO EASY, SAYS JUDGE W. D. ELLIS

Laws Governing Issuing of Licenses Should Be Changed, He Says.

The lax marriage laws, which have already been the object of many attacks from bench and bar, were scored by Judge W. D. Ellis Thursday morning in an address to a divorce jury that had been formed in his division of superior court. "Not only should trial laws be changed in regard to divorce cases," he said,

"but there should also be a revision in the laws pertaining to marriage licenses. I have known of licenses being issued to mere children. But we can't blame the ordinary who issues them. We can blame only the laws, as they are entirely responsible." Judge Ellis' address was not made until the jury had ended the last of one hundred divorce cases of which it had disposed in the past three days—a record number, by the way. "And another thing," he continued, "I think that an inquiry should be made into ministers who perform the marriage of young and unfit couples. Matrimony is certainly a perilous plight if our laws continue as loose as they now are."

AMERICUS WAREHOUSES FILLED WITH COTTON

Americus, Ga., October 8.—(Special) The cotton holding movement here, while effective to a considerable extent, does not preclude the sale of cotton altogether. The sale of a lot of 600 bales at Plains near Americus, would indicate this large lot was purchased by W. W. Taylor, the Americus representative of the Taylor Cotton company, at a price based on good middling of 7 1/2 cents. The Americus warehouses are crowded with cotton bales, notwithstanding two large warehouses have recently been completed and likewise filled to the roofs. Many farmers would willingly sell at fair prices.

DEAD MAN IS BLAMED.

Two Alleged Moonshiners Are Acquitted.

Because of insufficient evidence, Dennis Webster and his son, Virgil, charged with moonshining, were acquitted in the case of the late Ed. Fryar. Webster attempted to show that the still he was charged with was not his, but that it belonged to Ed. Fryar. Fryar's deputy declared that Fryar was killed in Alabama about the time of the raid in which Webster was arrested.

COMPANY PLANS TO MOVE FROM MACON TO ATLANTA

Macon, Ga., October 8.—(Special) The decision of the Fireman's Fund insurance company to move its district offices from Macon to Atlanta, has brought forth a protest from the Macon Chamber of Commerce and other business organizations of the city. An effort will be made to retain the headquarters here. The company has announced its intention to move to Atlanta within the next 90 days.

The announcement of the plan to move to Atlanta was made today by Edgar Gentry, general manager for the southeastern division, who was recently elected to succeed the late Edgar Wilson. ETHERIDGE IS INDICTED FOR KILLING MRS. BERRY

Charged With Murder by the Grand Jury of Houston County.

Macon, Ga., October 8.—(Special) Word was received here this afternoon that the grand jury of Houston county, now in session, had returned an indictment against J. S. Etheridge, charging him with murder in connection with the shooting to death on September 23, last, of Mrs. Fannie W. Berry, of Perry.

The news was a surprise in view of the fact that the coroner's jury which sat at the inquest had exonerated Etheridge, the testimony developed showing that he had shot in self-defense.

Mrs. Berry, a former resident of Macon was shot and killed during a dispute with Etheridge over the cutting of some hay on her farm near Perry. Etheridge being her tenant. She had sent him word that if he cut the hay she would kill him. During the dispute Mrs. Berry is said to have drawn a pistol and advancing on Etheridge, snapped the gun at him two times, but for some reason it did not go off. Etheridge is then said to have drawn his gun and fired three shots at Mrs. Berry all taking effect.

STATES ARE URGED TO CARRY COTTON

Senator Bankhead Thinks States Should Issue Bonds and Buy and Carry One-Half of the Present Crop.

Washington, October 8.—A plan for the issuance of state bonds to buy one-half of each planter's cotton and carry it until the market becomes normal was proposed in the senate today by Senator Bankhead.

He declared the federal government had made ample provision for the issuance of emergency currency and said the plan would enable the cotton farmer to take advantage of federal relief measures.

There is already a rift in the clouds, Senator Bankhead concluded. Conditions generally are improving. War-stricken Europe must be clothed and fed. The time is near when the cotton crop must move.

He declared the federal government had made ample provision for the issuance of emergency currency and said the plan would enable the cotton farmer to take advantage of federal relief measures.

BUY GA. BEEF CAMPAIGN SAUGHTON IN MACON

Facilities Offered Local Farmers for Storing and Selling Their Meats.

Macon, Ga., October 8.—(Special).—A "Buy-Georgia" beef campaign has been launched in Macon, and the indications are that western beef, which has been used in great quantities for many years, will soon become an unknown quantity.

For years an effort has been made here to stimulate the cattle raising industry, but always the farmers have pointed to the fact that there is no suitable market for their product.

A big national packing concern with a agency in Macon announces that for some time it has been handling nothing but Georgia-raised beef, killing from twenty to thirty head a week.

The Southern Ice and Coal company has established an abattoir, which has a capacity of from thirty to forty head a day, sufficient to supply the demands of the entire city.

It appears that congress is unwilling to grant the campaign is to educate the people of Macon to use nothing but Georgia-raised beef and the effect of it on general health.
