

S. H. ARROWOOD, OF "VICE SQUAD," IS SUSPENDED ON THE CHARGE OF IMPROPER PROPOSAL TO WOMAN

Mrs. Lula J. Wood, Widow, Signs a Sworn Affidavit Making Serious Allegations, and His Suspension, Pending Trial, Follows.

ARROWOOD DENIES THAT HE IS GUILTY

Mrs. Wood Alleges That Plainclothesmen Arrowood and Welchell Arrested Her Young Sons, and Later Arrowood Returned and Insulted Her.

S. H. Arrowood, well-known policeman and for two years or more a member of the so-called "vice squad," has been suspended by Chief of Police J. L. Beavers, pending a meeting of the board of commissioners to investigate the charge of Mrs. Lula J. Wood that he made improper proposals to her.

Mrs. Wood, who is a widow, has signed a sworn affidavit setting forth her charges in detail. Arrowood denies the charges in toto and says he will prove his innocence. According to her statement, Arrowood arrested her two young sons for a trivial offense and later came to her and said he would get them out of the trouble if she would "be a friend to him."

Chief Beavers refused to discuss the suspension of the officer or any phase of the case against him.

Arrowood will be tried by the board on next Tuesday night at the regular meeting.

Mrs. Wood related the story of Arrowood's visits to her home as follows: "My boys had been shooting firecrackers the Saturday night after Christmas. Officer Arrowood, accompanied by his partner, a man named Welchell, came to my home, arrested my boys for this trivial offense and carried them to the juvenile detention home."

"Mr. Arrowood talked very nice to me," continued Mrs. Wood, "telling me that he wanted to help me get my boys out of trouble."

"He said he wanted to talk the matter over with me, while I was alone. "I don't want the boys here and I think I can get them away all right," the officer assured me," she says. "I would like to come back later, Mrs. Wood, and talk it over with you, but you will be in bed, won't you?" Arrowood continued," she told the reporter.

Arrowood Returns. "I told Mr. Arrowood, of course, not knowing his real intentions, that he could come back, and that I would not go to bed that night, but would cry all night long about my boys. "He left my house, telling me that he would be back in a few minutes. I think he and Welchell carried the boys to a police box, put them in the patrol wagon in Welchell's custody, for Mr. Arrowood returned to see me in a very short time."

"I do not want to repeat the language he used when we were seated alone in the reception hall of my house. "His language was insulting, and, I will say, that he failed to carry out his promise of talking to me about my boys—he talked very little about them. He did say that he would get them out of the trouble if I would be his friend. I won't repeat his words, but I told him that he was no gentleman, and that he failed to recognize the fact that he was talking to a lady. I ordered him out of the house and he got his hat and left."

"I informed Chief Beavers of the insults his officer had heaped upon me in my own home and he took up the matter, resulting in my furnishing an affidavit."

DEATH AND INJURY IN CYCLONE'S PATH

Three Killed, Many Injured and Several Buildings Are Destroyed by High Wind in South Georgia.

A cyclone that swept over southern Georgia this afternoon killed at least three persons, injured as many more and caused much property damage. A Quitman, W. Spahn, capitalist, was killed when a tree was blown upon him. At Abbeville Mrs. Thomas Sawyer and her son were killed and her brother, A. M. Daniels, was injured when their home was wrecked by the storm. Heavy rainfall is reported throughout this section.

MRS. LILLIE SAWYER AND SON KILLED NEAR ABBEVILLE

Abbeville, Ga., January 6.—(Special.) A terrific cyclone passed over this country three miles northwest of here this afternoon at 2 o'clock, sweeping everything in its path. The residence of A. T. Daniels, three miles northwest of here, was blown down, seriously injuring him and killing his sister, Mrs. Lillie Sawyer, and one young son instantly. It is reported that several parties are injured more or less in that community. A negro schoolhouse at near Rochelle was blown down, hurting several. It is stated, but no deaths are reported. A severe cyclone passed through almost this identical course about two years ago and killed one person within a mile of where Mrs. Sawyer was killed today. In that storm several houses were blown down and a great many people hurt.

J. W. SPAIN KILLED AT QUITMAN WHEN HIT BY FALLING TREE

Quitman, Ga., January 6.—(Special.) The entire city was shocked this afternoon by news that J. W. Spain, had been instantly killed by a falling tree while en route to his place at Lake Aleyonne. Mr. Spain spent the morning in the city arranging some business matters and at noon met his 11-year-old son, Jack, after school. They had only reached Preston Phillips, 2 miles out, when a pine tree blew over on them. Jack's thigh was broken and otherwise slightly injured. Mr. Spain has been a prominent figure in affairs of Quitman and Brooks county since beginning his business some eighteen years ago. He is survived by his wife, Mrs. M. Spain, two sisters, Mrs. Osagood Willingham, Macon; Mrs. Herbert Stubbs, and one brother, Guy Spain, Quitman.

Confirmation of its extent was not available tonight on account of disarranged wire communication.

ROAD IS FINED \$13,000 FOR VIOLATING ORDER

Jackson, Miss., January 6.—The New Orleans, Mobile and Chicago Railroad company today was fined \$13,000 by the Mississippi railroad commission for discontinuing certain trains after a petition for permission to do so had been refused. After the commission's refusal, W. F. Owen, receiver for the railroad, took the matter to the federal court and was granted permission to discontinue the trains both in Mississippi and Alabama. The commission, in a decision, the fine, claims the railroad company failed to obtain an injunction against carrying out the commission's order before the federal court acted on the case, and that it still had jurisdiction in the matter. The company was fined \$500 for each day the commission's order was violated.

MOB LYNCHES NEGRO AND CROPS HIS EARS

Greenville, Ala., January 6.—Dock Hartley, a negro, who was arrested on a charge of lynch law, was found a victim of lynch law, according to an official statement today. The negro had been hanged to a tree, his neck broken and both ears cut off close to the head. The body had been lowered from the tree, the rope removed from the neck and the body thrown into a creek. Shortly before Christmas the store of H. Bryers, in the western part of the county, was burglarized, and a warrant had been issued for Hartley. Officers were scouring the country for him when the Hartley diagnosis of the body by hunters yesterday brought to light what is pronounced to be an unreported lynching.

POLICEMEN ARE TRIED FOR BEING TARDY

Judge Johnson Will Not Stand for Lateness on Part of Patrolmen.

Judge George E. Johnson dismissed five cases of disorderly conduct against defendants in police court Wednesday afternoon because the police officers who had arrested the defendants were not in the courtroom to prosecute their cases when they were called by Clerk W. H. Preston.

"I am not going to stand for this tardiness on the part of police officers," said Judge Johnson, and as broad grins, indicating delight, beamed upon the countenances of three negroes before him, he continued, "I am going to dismiss your cases, boys, and let you go."

"Assah! Thank yuh, judge," echoed the chorus of negroes, the smiles increasing in size until they reached from ear to ear on each defendant. A few minutes later, when the cases of two young white men who had been properly affixed after the prosecuting officers again failed to answer to their names.

"This must be stopped," said Judge Johnson. "I will dismiss your cases, too." In a few moments Police Chief Beavers was facing the judge, presenting for trial the five tardy police officers, Tuggle, Milam, Evans, Bishop and Gantt.

Officer Tuggle pleaded guilty, saying that he had waited uptown too long to get to court on time. He exonerated his partner, Officer Gossett, with whom he said he had an understanding that he himself was to prosecute the cases against the two young white men.

Chief Beavers then suspended Officer Tuggle from the force for 24 hours. The other officers, though, assumed a recalcitrant attitude toward the charges against them. Officer Milam entered a plea of "not guilty" and proceeded to defend his own case, explaining that he was not present because he had been before the grand jury testifying in regard to whisky being sold in locker clubs.

His partner, Officer Evans, explained that he thought that Milam, as usual, would try their cases. Bishop, who was connected with the same cases, ex-cused himself likewise. It remained for Officer Gantt to go to the situation for the officers. He said that he was connected with the three cases against the negroes, and that he had been present in the courtroom, but had not heard his name called with the cases.

Clerk Preston produced the papers against the three negroes, on which was stated that Watson, Gantt, Milam, Evans and Bishop were prosecutors, but Gantt's name had been left off by mistake by the station sergeant, who made out the papers. Judge Johnson then accused the officers, declaring that they were not to blame. "Thank you, Judge," again came the chorus, "we promise you to always be in court hereafter."

BANK PRESIDENT HELD ON CHARGE OF FRAUD

Sheraton, Pa., January 6.—William L. Watson, president of the First National bank of Pittston, today was held in \$10,000 bail for a further hearing by a United States commissioner on a charge of over certification of checks to his own account. It is alleged that Watson certified checks to himself for \$49,000 when his account was thousands of dollars short of that amount, that the checks were used in the purchase of securities, and that these securities were used as collateral for loans to meet the checks. Watson is considered wealthy.

Goldman, 19-year-old son of Henry Goldman, a prominent New York banker, began suit in the supreme court today, though his father as guardian, for a divorce from Edith Ostend Goldman, a former chorus girl. It had not been generally known before that the young man was married. The complaint sets forth that on account of his marriage to a divorcee from Edith Ostend Goldman, he had been obliged to leave Williams college in obedience to a rule of the institution against married students. Mrs. Goldman fled suit against her father-in-law for \$100,000, alleging he had alienated her husband's affections.

TODAY IS CHRISTMAS, NOT FOR YOU AND ME, BUT FOR THE GREEKS

There are many people who will be surprised when it is said today is Christmas day, and that last night—Christmas eve—hundreds of stockings were hung up over Atlanta fireplaces to be filled by old Santa Claus.

But this is the Christmas for the orthodox Christians, composed, for the most part, of the Greeks, Russians, Rumanians, Servians and Montenegrins. Services will be held at 1 o'clock this afternoon at the Greek church, Central avenue and Garnett street, presided over by Rev. Demetris Patrides.

AMERICAN COTTON SHIP DETAINED BY BRITAIN

Steamer Denver Has 7,000 Bales of Cotton for German Port of Bremen.

Washington, January 6.—The American steamer Denver, bound for Bremen, Germany, with cotton, from Norfolk, December 23, has been detained at Kirkwall, Orkney Islands, north of Scotland. The owners have asked the state department to make representations to the British government.

The Denver was reported to have been loaded under the inspection not only of United States consular officials, but also of the British consular officers at Norfolk. She had aboard about 7,000 bales of cotton. Arrangements are now under way which, it is believed here, may facilitate shipments. The plan would provide that vessels have their hatches sealed before they leave American ports. American customs officials and British consuls could see that the seal was properly affixed after the loading had been inspected.

The City of Macon, with 3,500 bales of cotton, recently left New York for Bremen, and sealed hatches under that plan. The City of Memphis, now loading at a Gulf port for Bremen, and the City of Savannah, for Rotterdam, both with cotton only, will sail with hatches sealed. Under that plan, it is believed, British authorities will allow such vessels to pass.

FACTS ARE SOUGHT ABOUT NAVAL STORES.

Senator Hitchcock sought to include communications relating to all other contraband declarations, but that was defeated.

BIG INCREASE IN FULTON VALUES

Report of Tax Equalizers Shows Gain of More Than \$3,000,000 in Taxable Values Over 1913.

Reports of the county tax equalizers submitted at the initial meeting of the board of county commissioners, Wednesday, show an increase of over \$3,000,000 over Fulton county tax values of 1913.

The report, together with the election of S. B. Turman, as chairman of the board, and Major E. E. Pomeroy as attorney, to succeed Luther Z. Rosser, Sr., were the features of the meeting. T. J. Hightower, Jr., who was recently elected commissioner from the county-at-large, was elected vice chairman of the board.

The three new members of the board who took part in Wednesday's meeting were T. J. Hightower, Jr., J. O. Mills and Dr. W. L. Gilbert. They take the places of General Clifford Anderson, Tull C. Waters and Shelby Smith, whose terms expired on the first of the year. The two members who retain their places for another year are W. Tom Winn and S. B. Turman.

Co-operation was the keynote of the inaugural address of Chairman Turman. He urged that politics be eliminated, as far as possible, from the service of the commissioners, who are to give to the county. "The high office of commissioner should not be used for the benefit of any special interest," said Chairman Turman, "either through friendship or otherwise to the hurt or injury of other citizens."

Chairman Turman said that the board can hope to accomplish much by the constant cooperation of the citizens, harmony and progress. Chairman Turman announced the appointment of the following committees: Finance, Legislation and Minutes—T. J. Hightower, Jr., chairman; J. O. Mills, S. B. Turman. Public Buildings—W. T. Winn, chairman; T. J. Hightower, Jr., J. O. Mills. Police, Quarantine and Sanitation—J. O. Mills, chairman; W. L. Gilbert, W. T. Winn.

Alms and Juveniles—W. L. Gilbert, chairman; W. T. Winn, S. B. Turman. Public Buildings—S. B. Turman, chairman; T. J. Hightower, Jr., W. L. Gilbert. The report of the tax assessors and equalizers was the first made since the county came under the provisions of the tax equalization act, which was first passed in 1911. The act, which was enacted during the administration of Governor John M. Slaton, Governor Slaton was one of the strongest supporters of the measure, and one of the most remarkable results of which has been an increase of \$3,051,218 in county and city taxable values for 1914 over the previous year.

Large City Increase. The increase in city real property, according to the report is \$1,458,727 in city personal property, \$10,880. The total increase in city property is \$2,069,607. The increase in county real property is \$920,000, and in county personal property, \$51,600. The total increase in county property, exclusive of city property, is \$981,611. The report shows that the Buckhead district leads all other districts, with an increase of \$315,885.

One of the recommendations made by the tax assessors in their report is to the effect that the commissioners require that hereafter all property owners be required to give the number of their land lots when returning taxable property. This, according to the assessors, will accelerate the work of making assessments. The assessors thanked T. M. Armistead, tax receiver, Andy Stewart, tax collector, and Clerk Henry Wood for their support and co-operation for the year.

In commenting on the report of the tax assessors, Commissioner Mills said that he regarded the document one of the finest ever filed with the commission, and stated that he believed the

CRUSHING BLOW DEALT TO TURKS

Petrograd, January 6.—The following statement of the general staff of the army in the Caucasus was issued tonight: "At the end of November the bulk of the third Turkish army was sent to the region east of Erzerum, preceded by two army corps, besides a reserve corps, near Hassan Kalah. In conformity with the plan of Enver Pasha, the third army was to proceed as follows: The Ninth and Tenth army corps were to advance in the direction of Olti and form the offensive wing, whereas the eleventh corps had orders to hold its powerfully organized position and attract, through a strategic demonstration, the weight of our troops. In case the Russian troops had taken up the offensive energetically the Eleventh corps had been ordered to fall back on the fortress of Erzerum, carrying along with it the Russian forces. "The Tenth Turkish army corps was first to advance in two columns, the first including the division proceeding toward Id by the Olti-Chal valley. The second, two divisions strong, was to advance on Ardost through the Sertak valley. The Ninth corps was to take the offensive in the direction of the Tenth and Eleventh army corps. "Our troops in the region of Olti checked with great courage the Turkish advance, despite the numerical superiority of the enemy, and through several counter-attacks inflicted heavy losses. "In the meantime we detected a strong Turkish column, reinforced by Musulman rebels, which was advancing from the Caucasus, toward the gouguchan pass in the direction of Ardahan. The garrison which we had left at this point, after holding out for seventeen days, fell back a little to the west. "Having received reinforcements we attacked on January 3 the Turkish forces concentrated at Ardahan and inflicted upon the enemy a complete defeat. This movement was undertaken through mountain roads and steep passes buried deep in snow. The number of officers and troops who provided with provisions and war material. The enemy had planned the operation relying on the sympathy and help of the natives, who previously had been influenced by Turkish emissaries. "The task of our troops consisted in holding on the front important forces of the enemy and at the same time in offering a resistance strong enough to make the Ninth and Tenth army corps, in spite of the extraordinary difficulties of the winter and of the necessity of fighting in passes of mountains rising 10,000 feet and over, with our brave and valiant troops, after a fierce battle extending over ten days, fulfilled brilliantly the exceptional task which had been imposed upon them. "They repulsed the frantic attacks of the Turks on the flank and on the front and at Sari Kamysh enveloped and almost annihilated two Turkish corps with its commander, three division generals with their staffs, a number of officers, thousands of soldiers and many guns, rapid-fiers and horses. "The fighting was very fierce on the principal front, and, of course, necessitated the use of our reserves in our forces in regions of secondary importance. We brought certain detachments nearer our frontier. "We have not yet ascertained the extent of our losses, the pursuit of the enemy still continues."

Allied Armies Gaining In the Fiercest Fighting On the Western Front

CRUSHING BLOW DEALT TO TURKS

Two Corps of the Sultan's Army Annihilated in Caucasus—Battle Was Fought in a Deep Snow.

Petrograd, January 6.—The following statement of the general staff of the army in the Caucasus was issued tonight: "At the end of November the bulk of the third Turkish army was sent to the region east of Erzerum, preceded by two army corps, besides a reserve corps, near Hassan Kalah. RUSSIANS HAVE ALSO TAKEN THE OFFENSIVE ON THE EAST PRUSSIAN FRONTIER, AND THEY CONTINUE TO DRIVE THE AUSTRIANS THROUGH PASSES OF THE CARPATHIANS. NEXT MOVE BY RUMANIA IS AWAITED WITH INTEREST.

London, January 6.—Apart from the Russian victory over the Turks in Transcaucasia, which is described in a dispatch to the Russian embassy from Petrograd as "complete," interest in the war centers in the stubborn fight the French and Germans are carrying on for the roads to Cernay and Muelhausen in Upper Alsace. The battle in that region, raging for a week, is described in a Berlin dispatch as the most violent of the war. The Germans regained one trench they had lost, but on the whole the French reports appear to show that the forces of France maintain their advantage, for every inch of which they had to fight, often with the bayonet. Along the rest of the western front the tide of battle continues to ebb and flow. On either side of Belgium, according to reports, the French daily push their lines a few yards forward, while in the Aronne, where more hard fighting is going on, first the Germans and then the French report the capture of the other's entrenchments. Another region where the French seemingly keep nibbling away at the German lines is in the Weover, where gains they reported last night and again today must have gone a long way toward rendering the Germans' long occupation of St. Mihiel, on the Meuse, less comfortable.

RUSSIANS PRESS ON ALL FRONTS.

The Russians, with all their other fronts to cover, have found another army with which to take the offensive against the German position at Mlawka on the East Prussian frontier, and tonight report the capture of a village on the road to that town. The Germans still are hammering at the Russian line, drawn directly across the roads to Warsaw from the west, but, it is reported, with less force behind them. In West Galicia, however, where they have reinforced the Austrians, they have held up the Russian advance near Gorlice. In southern Poland rain has stopped the fighting. Neither side is able to move there, owing to the high water and the mud. The Russians continue to drive the Austrians through the snow-covered passes of the Carpathians and out of Bukovina, and simultaneously are dealing in detail with the remnants of the Turkish armies in Transcaucasia, which are reported either to have been routed or surrounded. The Turkish dash into this distant province of Russia is described by military men here as having been an unwise error. Military operations in that part of the world would be difficult in this season at any time, they say, but in a particularly severe winter there was little chance of the poor, ill-equipped Turkish troops succeeding in their efforts. Altogether the Russians engaged the Turks in ten pitched battles, in many cases knee deep in snow, and at an altitude of from 6,000 to 10,000 feet. In the realm of international politics the next move by Rumania is awaited with interest, while the arrest of Cardinal Mercier, primate of

FLLOWERS REVIVE THE AMBITION OF WOULD-BE SUICIDE

Snatched from the gate of death by the heroic work of Grady hospital physicians, the unknown physician who tried Tuesday night to end a career that he had led through some of Europe's and America's most leading medical colleges, lay Wednesday on a white cot in the observation ward with a wealth of fragrant flowers spread around him. They had been sent by sympathetic society women who were touched by the story in yesterday morning's Constitution. The patient's identity remains as mysterious as when he was first rolled into the operating room, white and quivering on the verge of the grave from strychnine which he had swallowed at the Terminal station. He first gave the name of Dr. E. C. Dalton and then changed it to Dr. E. C. Duvall. Now he declares both names to be false. Wednesday afternoon, however, he lifted the veil of secrecy, telling Grady physicians that he had, in his time, spent \$8,000 on his medical education, studying in London, Berlin, Toronto and practicing in Bellevue hospital, New York. He claims to have delivered lectures for six months in the Toronto Medical college. And now he is going to start anew. "I am going to try it once more," he said to his fellow physicians with renewed hope. "You fellows saved me, and I'm taught a lesson. I won't give up any more. Maybe I'll tell you who I am later. Maybe not. Anyhow, I thank you." His chance for recovery is good.

## FRENCH ADVANCE AT FOUR POINTS.

Paris, January 6.—The following communication was issued tonight: "The only notable incidents which have been reported this evening are: To the north a rather lively cannonade in the region of Zellbeke; the maintenance of positions in the Argonne, and slight progress by our troops in the wood of Hirzbach, near Altkirch."

French forces yesterday advanced at the most distinguished points along the front extending from the North sea to Alsace, and gave ground in one case, according to the official announcement issued this afternoon by the war department.

The gains claimed by the French were in the region of the northwest of Rhums, in the forest of La Grurie, near the ravine of Courte Chaussee and in the forest of Argonne. In the Argonne the Germans regained one of their old trenches in the vicinity of Steinbach, and in the forest of Argonne the second Garibaldi reported killed in action on the French battlefield.

Chief of the German army, General von Poppo Garibaldi. Another brother, Lieutenant Bruno Garibaldi, was killed December 30, while leading a charge of Italian volunteers against the Germans in the forest of Argonne. The text of the communication follows:

"In the Argonne the enemy delivered, but without success, two attacks in the region of the dunes and to the southeast of them.

"On the rest of the front to the north of Lys and from the Lys to the east, there has been nothing except artillery fighting.

"In the valley of the Aisne and in the forest of Argonne our batteries gained the upper hand over those of the enemy, reducing them to silence. At the same time our troops have made an advance of about 100 yards.

"In the Argonne there were also a very spirited action which permitted us to retreat 300 yards of trenches in the forest of Argonne. In the Argonne there was recently a slight giving way, as previously reported, from Bagatelle and from Courte Chaussee.

"Near the ravine of Courte Chaussee we blew up, by exploding a mine, 800 German soldiers in the trenches, half of which we subsequently occupied.

"From the Argonne to the Vosges the front continued to be held. There were fog and mud. At different points along this front there have been minor actions, but nothing of importance. In the forest of Le Pretre, near Pont-a-Mousson, we have continued to gain ground.

"In the region of Thann (in upper Alsace), in spite of a violent cannonading we retained the gains achieved by the night attack, as well as in the trenches to the southwest and to the northwest of this village.

"The enemy succeeded in driving one of his former trenches on the eastern flank of a near-by height, the summit of which, however, remains in our possession.

"It should be set forth that in the Argonne we captured several of the enemy's trenches and made prisoners of 200 officers and 200 men. The French again obtained a foothold early yesterday on the much-fought-for height of Sennheim (Cernay), in upper Alsace, but they were again driven off after a strong bayonet attack. They have not dared to attempt further attacks.

"Fifty Alpine Chasseurs were taken prisoners by us.

"In the eastern arena of the war there were no changes yesterday on our eastern frontier or in northern Poland. In Poland west of the Vistula our troops penetrated as far as the branch of the Sucha river, after having captured several of the enemy's points of support. One thousand and four hundred prisoners and nine machine guns were left in our hands.

"The situation on the eastern bank of the river Pilica remains unchanged."

### NOT ONE AUSTRIAN ESCAPED RUSS FIRE.

Petrograd, January 6.—Via London, the Novoye Vremya says a recent sortie by the Austrian garrison defending Przemyel resulted in the complete annihilation of the Austrian force.

The Austrian infantry advanced in force toward the city and, despite Russian fire, gained the cover. The Russians permitted them to advance close to their positions before making a serious effort to halt them, with the fighting thus at close range the Russian opened up their rifle fire from rifles and machine guns.

Was said not one of the force which made the sortie regained the fortress.

### BAYONETS WIN FOR RUSSIANS.

Petrograd, January 6.—The official statement from the general staff in the Mlava region (Poland) issued tonight follows:

"Our troops on January 5 made a sudden attack against the village of Roznowa, to the west of the road from Puzyny to Mlava near Puzyny. The enemy, who occupied this village, were almost entirely bayoneted. We also took some prisoners.

"On the left bank of the Vistula the usual cannonading and rifle fire are continuing. Fighting of secondary importance is proceeding in the region of Borjimon and near the Moghly farm.

"On Galicia the situation is unchanged. "Our position is present in Bukowina, where we have occupied Syot and Kameral, south of Seletin, and Illinest near the village of G. G. Humora and Pleskatchik. On January 1, after an engagement, we occupied Humora and Bukeschola. The latter two places are situated on the best and most direct route to Transylvania by way of Bukowina."

## VICTORY FOR THE ALLIES PREDICTED BY KITCHENER

### British War Secretary Says the Foes of Germany Are Daily Increasing Resources.

London, January 6.—Lord Kitchener, in the house of lords today, informed the nation of the progress of the war so far as military exigencies permitted.

"During the month of December the allied forces made progress at various points, but the tide of battle ebbed and flowed, with varying success," said Lord Kitchener.

"In spite of the unfavorable weather, the French arm made noteworthy progress to the east of Rheims and in southern Alsace.

"The German standing the transfer of German troops to the eastern theater of the war, they left sufficient strength to hold their trenches in the west."

"German aspirations in Poland have suffered a severe check, and it is doubtful that they realize the infinite difficulty of winter operations in Russia."

"One of our brightest spots in the military operations during December has been the extraordinary achievement of the gallant Serbian army."

"Last night we received news, Lord Kitchener declared, of a Russian victory in the east, which should have far-reaching effects on all the Turkish operations."

"The non-fulfillment of advance of the present has failed to materialize, and the great advantage which Germany has derived from her superiority of numbers has been nullified by the fact that our troops have been able to increase their resources in such a way as to enable them to prosecute the war on a high plane."

"The anticipated decrease in the number of recruits during Christmas has not been followed by an increase which has almost restored to our ranks the losses of the previous year."

"The training of the new armies has been carried out in the most favorable conditions, but in spite of the fact that extremely good work has been done during the month."

"Our troops in the field have been subjected to hardships inseparable from a winter campaign, but the system of relief the severe strain upon the men have undergone in the trenches has been relieved by the fact that the men have exhibited courage, spirit, cheerfulness and resourcefulness in the most remarkable manner."

"Lord Kitchener said that in the future the British expeditionary force had continued its northward advance, and that the British commanders were confident in the British commanders and forces."

### NOMINATION OF BLAND REJECTED BY SENATE

Washington, January 6.—The nomination of Ewing C. Bland, of Kansas City, to be United States senator from the western district of Missouri, was rejected by the senate late today by a vote of 47 to 31.

The nomination was made by the senate in the last few weeks in the appointment of a subcommittee to investigate the matter informally, and would meet in the near future.

Senator Reed, of Missouri, who has fought the Bland nomination since its introduction, was appointed after the fall recess, although the vacancy in the senatorial office occurred before the senate adjourned in October.

It was on this case that the judiciary committee issued its report in naming a subcommittee to inquire into the authority of the president to make recess appointments to vacant offices created during a session of the senate.

The senate spent more than an hour discussing the nomination, and before voting on the Bland case, Senator Reed, of Missouri, who has fought the Bland nomination since its introduction, was appointed after the fall recess, although the vacancy in the senatorial office occurred before the senate adjourned in October.

## ARREST OF CARDINAL STIRS THE CATHOLICS

### German Action Has Aroused Indignation in Vatican Circles.

Amsterdam, Holland, January 6.—The Berlin correspondent of The Times transmits the following semi-official communication concerning the pastoral letter of Cardinal Mercier, reported arrested by the Germans for advising Belgians not to give allegiance to the German administration:

"Everybody, anti or pro-German, agrees that the cardinal was justified in endeavoring in his pastoral letters to console the civilian population in these doubtless severe times and in counseling them to keep quiet. But the cardinal misconstrued the rights and obligations of the church, and transgressed against authority when, in his pastoral letter, he interposed a political question between nations."

### Catholic Leaders Stirred.

London, January 6.—An Exchange Telegraph dispatch from Amsterdam says telegrams received there from Berlin assert that Cardinal Mercier's arrest has caused consternation in Catholic circles. Catholic leaders, it is stated, have today declared the arrest an unpardonable blunder, and that if the Reichstag were in session the members of the cabinet probably would demand an explanation from the chancellor.

Berlin dispatches say that messages from Rome deplore the arrest of Cardinal Mercier. The arrest of the cardinal has aroused indignation in Catholic circles, and that if the Reichstag were in session the members of the cabinet probably would demand an explanation from the chancellor.

Reuter's Amsterdam correspondent says: "The arrest of Cardinal Mercier has created a profound sensation throughout Belgium. According to reports received here, the Germans also arrested in Antwerp several other Catholic leaders, who until recently were burgomasters of Malines, but released them."

It is stated the reading of the pastoral letter has been prohibited. Several priests were arrested for reading the letter, who until recently were burgomasters of Malines, but released them.

### DANISH STEAMER SAVES CREW OF FRENCH SHIP

London, January 6.—The Danish steamship Michael Otonohok, from New Orleans for Aalborg, Denmark, on passing Kinsale, on the Irish coast, today signalled that she had on board the crew of the French ship Amedee. No particulars were obtainable, but it was assumed that the Amedee had gone down.

The British steamer Cheyenne, from Norfolk for Barrow, England, reported by wireless today that the British steamer Amedee, which was on her way from Baltimore on December 20 for London, had met with a serious accident 800 miles off Pastnet.

Marine registers contain no reference to a French ship Amedee.

Captain T. L. Huston, one of the new owners of the local club, also declared the pitcher would be with the team next season. His new contract is said to call for a salary of \$7,000 a year, and the local management has also agreed, it is understood, to return the \$3,000 which the player drew from the Buffalo Federals.

## REALTY CONVEYANCES MUST BEAR STAMPS

Washington, January 6.—Regulations to govern the placing of realty stamps on conveyances of real property were issued today by Commissioner of Internal Revenue Osborne. The tax is 30 cents on deeds that amount to more than \$100 and less than \$500, with 50 cents additional for each \$500 or fraction over \$500.

Where the consideration is nominal the tax must be computed upon the actual value of the property conveyed, liens deducted, and the executor becomes liable for the penalty the proper amount of stamps is not affixed. A quit claim deed is not subject to the tax, but a deed conveying mining leases which convey no title, deeds to cover gifts in a family or from an individual to municipality are not taxable.

The internal revenue bureau also issued further regulations concerning the payment of the tax on bills of lading. It announced that, although it is the shippers' duty to pay the tax, the carrier may pay, and is jointly responsible in case any bill is not stamped.

The law which explained, does not apply to parcel post shipments, but railroads are subject to the requirement when they accept goods for transportation as part of their regular business.

### COAL CASE IS CLOSED AGAINST THE SOUTHERN

Washington, January 6.—Counsel for B. L. Dulaney, of Bristol, Va., who brought charges of coal rate discrimination against the Southern railway, closed his case today before the Senate subcommittee, which has been investigating the allegations since last August.

C. A. Douglas, of Dulaney's counsel, argued that testimony before the committee substantiated the charges of discrimination against coal operators in southwest Virginia, eastern Tennessee and eastern Kentucky; that the Southern railway, while in practical contact with great southern coal deposits that are seeking a market, maintains rates so high as to prevent ports that northern coal via the Norfolk and Western, Baltimore and Ohio and Pennsylvania railroads, while southern coal cannot pass either to the north or the south.

Southern railway directors have no real financial interest in that road, but are interested heavily in securing coal deposits carried by other roads.

Mr. Douglas declared the evidence had shown that the Southern railway, as a separate corporation, "has no power to control rates on coal to the sea-board without the consent of the Norfolk and Western, Pennsylvania and other roads to control rates in violation of the anti-trust laws and that southern coal operators have been secured by the railway."

Officials of the Southern will answer these arguments before the subcommittee takes the matter under advisement.

## DOWN WITH GERMANY! DOWN WITH AUSTRIA!

### Thousands of Italians So Cry at the Funeral of Bruno Garibaldi in Rome.

Rome, January 6.—Three hundred thousand persons marched through the streets today behind the funeral cortege of Bruno Garibaldi, grandson of the famous Italian soldier, who was killed while fighting with the French in the Argonne.

While funeral services were being held news reached here of the death in the same region of Constantino Garibaldi, a brother of Bruno, who was killed in the Argonne.

Five of the brothers have been fighting with the French. Two brought Bruno's body home today.

In the funeral party today were the French, British and Russian ambassadors and the Serbian, Belgian and Montenegrin ministers. From windows flowers were showered down upon the cortege, while the people raised cries of "Long live Garibaldi!" "Long live France!" and "Long live Belgium!"

These shouts were intermingled with cries of "Down with Germany!" and "Down with Austria!" The police endeavored to repress the foremost of the demonstrators and a suffrage ensued. The demonstrators later recaptured it. Several arrests were made.

Rosetti Garibaldi, father of the five, said that two of his sons had already fallen in France, and that he had a few days to wait for the third to fall on that land, which, before dying, he desired to kiss.

SCHLOMBERG RETURNS. Will Display Moving Pictures and Give Lecture.

Commodore Ben H. Schlonberg, of the United States volunteer lifesaving corps, who was life guard at Piedmont park in 1912 and Lakewood in 1913, and is well known in Atlanta, will show two reels of interesting moving pictures on modern lifesaving methods and give accompanying demonstrations at one of the theaters in the city Sunday.

This announcement will be of much interest to the life guard's many friends in Atlanta. The entertainment will be given in honor of the Florida branch of the lifesaving corps, the money being used to pay the cost of instruction in lifesaving to be taught subsequently in various Georgia schools, and to pay for work on the life line in schools where bathing can be indulged in.

This is Commodore Schlonberg's seventeenth year as a life guard, during which he has saved 117 lives. He went to Dover, England, last year to attempt the English Channel, but as the war broke out suddenly on the other side, swimmers became so anxious to go across, and Mr. Schlonberg returned to America instead, and lectured through the New England states.

One reel of pictures that he shows was taken in New York at an exhibition attended by Governor Clark and other state officials. The other reel was taken in Washington of demonstrations witnessed by officials of the capitol.

Mr. Schlonberg is at present preparing a bill to be presented to the next legislature, asking for an annual appropriation of \$10,000 for the maintenance of lifesaving work in the state. There are at present 1,800 expert swimmers who are members of the Georgia division of the United States volunteer lifesaving corps.

LODGE SCORES WILSON FOR MEXICAN POLICY

BAD BLOOD.

Hatred of the Nations for One Another.

This European war was born of the hatred caused by earlier warfare—it will engender other wars between the same nations in the future. The sons yet unborn will carry this hatred in their blood to battle in the wars when the spark is touched by kings of Statesmen who are yet in infancy.

Dr. Pierce's Golden Medical Discovery is not a secret remedy for all its ingredients are printed on wrapper. Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys, and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will replace all the bad blood it drives out with rich pure blood full of vital force. It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles will never again be troubled.

# Miss Martha Ryder Weds Mr. W. H. Barnwell, Jr.

The marriage of Miss Martha Ryder and Mr. W. H. Barnwell, Jr., was a beautiful event of last night, taking place at the home of the bride's parents, Mr. and Mrs. Robert A. Ryder, 342 Ponce de Leon avenue.

There was a large wedding company, and the ceremony was followed by a handsome reception. Miss Helen Thorne was maid of honor; Miss Emily Cassie was bridesmaid; Mr. George Barnwell, best man; Messrs. Julian and R. E. Barnwell, groomsmen, and Misses Elizabeth Dunson and Mary Blalock, ribbon bearers.

The ceremony was performed by the groom's father, Rev. W. H. Barnwell, of South Carolina. The bride, entering the drawing room with her father, was beautiful in her wedding gown of white satin, characterized by its simple and charming design. It was fashioned with coat-effect of point lace and a drape of tulle bordered with pearls. Her veil hung from a coronet of orange blossoms, and her bouquet was a shower of lilies of the valley.

The bridesmaids were gowned in blue crepe meteor and their bouquets were of roses tied with blue tulle showered with valley lilies. The ribbon bearers were gowned in white. Mrs. Ryder wore black chantilly lace over white satin. Mrs. Barnwell, the groom's brother, was gowned in black satin.

The bridal party was grouped for a photograph in the parlor before an improvised altar in white, garlanded with smilax. The altar vases held Easter lilies, and at each side were cathedral candelabra. In the background palms were banded to the ceiling. The walls had a frieze of wild smilax; the chandelier was decorated with smilax and white tulle, and the mantel was banded with ferns, out of which were placed the palms.

A buffet supper was served from the dining room. There the mantel and buffet were banded with ferns and pink roses, and the center table was in pink and white, the central decoration a basket of pink roses and valley lilies. Throughout the house there was a tasteful decoration in foliage plants, and pink and white flowers. An orchestra provided music during the evening.

Mr. and Mrs. Barnwell went to Florida, and on their return they will make their home with Mr. and Mrs. Ryder.

## Pan-Hellenic Society Vaudeville.

Among the most interesting meetings of the week among the clubs was that held at the Atlanta Pan-Hellenic on Tuesday morning at the University club.

An unusually large number of fraternities were represented and the meeting was filled with interest and enthusiasm.

Miss Bessie Kempton made an able address, in which she summarized the work of the Pan-Hellenic during the past year, and the annual reports of the other officers showed that every club in this organization has been very successful.

Though these fraternity women banded themselves together less than a year ago, they have already become identified with the city and also with the state Federation of Women's Clubs and have interested themselves in different kinds of charity work, besides awarding a scholarship at the Tallulah Falls industrial school.

Plans were discussed for work to be taken up during the new year, and the Pan-Hellenic decided to center their efforts on the needy children who attend the free orthopedic clinic for crippled children. And this for this purpose that they will give a society vaudeville at the Atlanta theater late in January.

A paper, entitled "Fraternity Publications" was read by Mrs. Omar F. Elder, after which the following officers were elected: President, Miss Bessie Kempton; first vice president, Miss E. M. Linton; second vice president, Miss V. E. Bickland; recording secretary, Miss Elizabeth Hines; corresponding secretary, Mrs. Omar F. Elder; treasurer, Miss Eloise Walker.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Your Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it crashes into it, causing cramps and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugist and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

FROM OLD WOMEN'S HOME MRS. BARCLAY SENDS HER THANKS

The spirit of a rarely sweet nature is expressed in the attitude of Mrs. Lucy Barclay, widow of the beloved philanthropist, the late John Barclay.

Though an invalid for many years, confined to a rolling chair, her interest in the world around her is live and cheerful. She has courageously borne the loss of her devoted husband and tried to continue in spirit the great and loving work he did for needy humanity.

A small income, and the comfort of the Home for Old Women, makes it possible for Mrs. Barclay to receive every care. This year she received many evidences of affection from countless friends, and to these she has addressed a note of thanks as follows:

To the Public and to My Personal Friends:—As the New Year is a time for universal retrospect, I chose it as a fitting opportunity to express the gratitude that fills my heart for the many blessings which have come to me in the year just past.

I wish to thank the board of management of the Home for Old Women, for their constant and intelligent care which is given me under that hospitable roof.

Secondly, I should thank my many friends who have endeavored to make my life pleasant throughout the year, but more particularly those who have contributed so generously to my happiness at this Christmas season. It would give me pleasure to write individually to each one of these friends, but as that is impossible for me at this time, I would ask each to accept this as a personal note.

As the New Year is a time for universal retrospect, I chose it as a fitting opportunity to express the gratitude that fills my heart for the many blessings which have come to me in the year just past.

The board of trustees of Georgia Tech, of which Governor-elect Nat E. Harris is chairman, held its regular quarterly meeting yesterday at the college and decided to go ahead as soon as practicable with the work of constructing the proposed \$200,000 power laboratory, for which such a strenuous campaign was carried on last summer.

The building will cost approximately \$200,000. This includes about \$100,000 worth of power and mechanical equipment, donated to the proposed plant by a number of big northern corporations. The erection of the plant will be the consummation of the campaign of the previous summer.

It has not been definitely decided at what time active steps will be taken.

Holtsbeck for county school commissioner, J. W. Nowell for treasurer, A. M. Williams for tax collector, J. A. Still for tax receiver, R. L. BAD FORTUNE TRAILS THIS ALBANY FAMILY

Albany, Ga., January 6.—(Special.)—One of the saddest cases of a family pursued by ill fortune brought to public attention here in years is that of the Watkins family, residing on North street. The head of the family has been out of employment for some time, charitable organizations have provided the household with the necessities of life. Several days ago, however, one of the younger boys developed a bad case of pneumonia, and in a short time three others were down with the same affection. They were carried to a hospital, and there one of the boys, Willie Watkins, has just died. The other pneumonia victims are in a desperate condition and doctors are fighting to keep the remaining members of the family from having to follow the others to the hospital. All are threatened with pneumonia.

ON GETTING PARDON LIFE-TERMER DIES

Thomasville, Ga., January 6.—(Special.)—That a man should drop dead the day after receiving a pardon from a life sentence seems the irony of fate, but that is what happened to Lovett Bryant, a negro, who had recently been pardoned by Governor Statton, and was working for J. H. Flowers, of Jakin.

NINE LOCKER CLUBS SECURE LICENSES The Police Committee Confers With Mayor Woodward Regarding Recommendations. Following a brief meeting of the 1915 police committee of council Wednesday, Chairman Edwin F. Johnson and the members of the committee held a lengthy conference with Mayor Woodward. The committee discussed with the mayor the various recommendations he made in his inaugural address touching the regulation of beer saloons, locker clubs and rathskellers and other places where intoxicants are served. Chairman Johnson declared after the conference that it will be the object of the committee to cause a strict regulation of all public places which come under the surveillance of the committee, and he explained that all places about which there is the slightest question will be regulated. Members of the committee said that they will give Mayor Woodward's recommendations their support during the year.

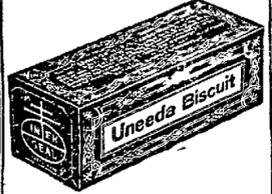

RUNAWAY MARRIAGE SURPRISES FRIENDS Miss Dora Stevens, the 14-year-old daughter of J. M. Stevens, 529 South Moreland avenue, and Marvin McDowell, of Inman Park, were the participants Wednesday in a romantic runaway marriage. Mrs. McDowell is the sister of Mrs. V. Y. Moore, 70 Pearl street, with whom the young lady lived. Her family objected to the match on account of her age. They were not surprised, however, when it occurred, as the matter of marriage had been talked over in the household for several months.

NEW GRAND JURY NOW HARD AT WORK The new grand jury got into action yesterday morning, but during its administration there will be no investigation of the city's locker club system. This much is gathered from the remarks of Judge Ben Hill when he charged the jury Wednesday morning. At the business session, the committee acted on the applications of locker clubs for permits to continue operation during the year. One permit was refused. It was made in the name of the Sixth Ward club, and was signed by Oscar H. Staines, N. A. Chastain and Plennie Minor. The club has just been organized and chartered, and its officers proposed locating at No. 111 1-2 Marietta street. The following clubs, which have been holding permits and which have been operating in strict conformity with the law, were granted permits to continue operation: Piedmont Driving club, University club, Atlanta club, Order of Owls, the Metropolitan club, the Order of Beavers, the Theatrical and Mechanical association and the Standard club. Members of the committee say that when the matter of renewing saloon licenses comes up the committee will require that pool tables be removed from the saloons. This is one of the recommendations made by the mayor in his message.

SHOT AT OWN HEAD, BUT BULLETS WENT WIDE OF THE MARK

Green tired of life, G. G. Wells, age 67, sat alone Wednesday morning in the back room of the store of H. H. Butler, on Marietta street, and with a dilapidated revolver used his own head in target practice. Twice Wells fired at his own head and as many times he missed his aim. The bullets missing their target, sped through the door to the Butler shop striking pieces of furniture in the store. The occupants of the store led by Butler himself, rushed into the rear room and found the would-be suicide standing in the middle of the room, wrapping cotton thread around the chamber of the ancient revolver. He was turned over to the police, and bound over by Judge Johnson on the technical charge of carrying a weapon. Wells admitted that he was an adept in the drug habit. He will be sent to jail, where he will be given the anti-dope treatment.

FOR COLORED SCHOOL RECITAL TO BE GIVEN

The managers of the Gate City Free Kindergarten association, will give a benefit recital at Atlanta university Friday evening, January 9. The association has under its direction and control five kindergarten schools for colored children, for which funds must be raised to carry on the work. It has been a rather hard task to secure enough money for the monthly expense during the past year, because of the general conditions in the city. Under the leadership of Miss Gertrude Ware, and a group of women associated with her, the work continues. This recital by Miss Angelo-Edwards, of the university, promises to be of a very high order. She will be assisted by other members of the faculty, and the University Glee club. The public is invited to attend on Friday evening, January 9.

A. S. COLYAR AGAIN IN TOILS OF LAW

This time, according to information from Chattanooga, he is being held in that city upon request from officials of Oklahoma City in which place he is said to be wanted on a charge of obtaining money on false pretense. Colyar is the familiar character in the Frank case who spang such a sensation at the time Frank was indicted by his detouring episode, in which a number of Atlanta's most prominent civic and legal figures were involved.

Gentlemen: Your Mr. Hilton, by persistent efforts, induced us to apply the "Massengale Service" to our 1914 advertising campaign. Although International Sugared Feeds are distributed by the most progressive jobbers in the South, the demand was materially stimulated and we brought our feeds to the attention of many large buyers on the markets where we were not represented and got the business. We were pleased with the results of the campaign and heartily recommend the Massengale Agency for results. Yours very truly, Will A. Hall Southern Manager INTERNATIONAL SUGAR FEED CO.

SALES HELPS---No. 9 The efficiency in modern manufacturing has reduced the cost of production almost to a minimum, and the lowering of expense in that end of a business is usually small, if practical at all. Distribution, however, is still comparatively crude in most concerns, and it is in that direction that a logical basis for expense reduction is found. Advertising, properly applied, is undoubtedly the most efficacious method of facilitating distribution. Hundreds of cases might be readily cited where the impetus, given distribution by advertising, has resulted in remarkable increases in the rate of turn-over, and resultant increases in profit. The International Sugar Feed Co. has accomplished this through our Service. MASSENGALE ADVERTISING AGENCY Candler Building Atlanta, Georgia

ATLANTANS TO SEND "KITS" TO SOLDIERS IN ARMY OF FRANCE

In view of the fact that Lafayette, the famous Frenchman, gave his whole-hearted services to the United States in time of war, a committee of Americans have organized to contribute to the comfort of the French soldiers and their allies fighting in the cold, damp trenches of Europe.

The committee, of which many Atlantans will doubtless become a split-part, will send "Lafayette kits" to the soldiers, each kit being made up of a pair of wool gloves, two pairs of wool socks, a fleeced-lined shirt, a muffler and other warm clothing. The kits will cost \$2 each, and contain only made-in-America goods. The name of the sender will be indicated in the package. Atlantans have been invited to send at least one kit each. Money to cover cost should be sent, with contributor's name, to Archer M. Huntington, treasurer, room 122 Vanderbilt hotel, New York city.

SOUTHERN SELLING SENT COTTON DOWN

During the Session December Broke Through the 9-Cent Level, But Offerings Became Heavy.

New York, January 6.—There was an active selling movement in the cotton market here today, and prices broke sharply, with the close barely steady at a net decline of 9 to 15 points. Part of selling seemed to come from local spot people or southern shippers.

The market opened steady at a decline of 3 to 5 points in sympathy with disappointing cables. The market was relatively easy, and seemed to be influenced by the circulation of a few new style January notices, but the strong showing of the southern spot markets reported last yesterday caused a renewal of yesterday's late buying movement here, and the market soon turned firmer, with the active cargo becoming very heavy later in the day, and the appearance of southern selling orders here in great volume caused a renewal of the indication of increased offerings in the interior.

Wall street houses who bought on the early rally seemed to be liquidating cotton on the afternoon break, and in sympathy with the aggressive selling by local traders who were predicting a further reaction.

The first of American cotton for the season is reported to have arrived safely in Bremen, with a second lot expected to be reported from there in the near future.

Loss in New Orleans.—Cotton felt selling pressure from both bulls and bears today, and fell off for a net loss of 12 to 17 cents, closing at the bottom.

Early in the session fresh buying was sufficiently heavy to cause the market to rally after the initial break in sympathy with poor cables. This brought about a net advance of 2 to 3 points on the strongest months, but the heavy buying was not sufficient to overcome the aggressive selling that had gone far into the long cotton was sold by timid longs.

The short selling was based on the theory that the advance had gone far enough for the time being, and that a reaction was overdue. Bulls still relied on the large export movement and the good spot demand as the foundation for their position. Locally, spots were quoted firm at an advance of one-eighth on sales of 8,400 bales, all told. It was an active session, and outside traders took a prominent part in the market.

Spot cotton firm; sales on the spot 3,100 bales; to arrive 3,900; good ordinary 12 1/2; strict ordinary 13 1/2; low middling 14 1/2; strict low middling 15 1/2; middling 16 1/2; strict middling 17 1/2; good middling 18 1/2; strict good middling 19 1/2; receipts 14,800; stock 347,375.

BETHEHEM STEEL SETBACK TO HEAT MARKET FEATURE

Stock of Bethlehem Passes Quotation for U. S. Steel the First Time in Years. Bonds Irregular.

New York, January 6.—The local stock market again proved its independence today by making further, though uneven, progress toward betterment, regardless of the London market. While the iron list showed most greater heaviness, Canadian Pacific, Southern Pacific and St. Paul were the most buoyant under last night's market, but Pennsylvania and New York Central also manifested selling pressure.

Initial dealings here had all of their recent irregularity, with an abrupt decline in the first hour, early reports of the subway accident causing an all-around break in interborough issues. Gold stocks later exhibited renewed weakness, Missouri Pacific, Denver and Rio Grande, preferred, and St. Louis Southwestern fell to low records. Among the specialties, Virginia-Carolina Chemical, preferred, declined 10 points to its minimum price of 80, with Bethlehem Steel led the industrial division, the stock for the first time dropping below par. The current quotation for United States Steel. The price was 81 1/2.

The war market, after European interests, according to report, but held steady throughout. A majority of the metal dealers here exhibited an ordinary importance, the list closing with moderate firmness after a further decline.

Light was thrown on the recent transfer of \$2,000,000 gold from the U. S. Treasury to the Bank of France, the metal had been deposited at one of the leading national banks in the city. The transaction, which was said to be without precedent, probably implies the U. S. Treasury is in possession of a large gold reserve by the French government.

News bearing upon the foreign situation included reduced discounts by the national banks of Denmark and Sweden. London's market was quiet, with some broadening of operations.

Bonds were irregular, with wide decline in some vulnerable issues. Total sales, par value, amounted to \$1,335,000. United States government bonds were unchanged on call.

**WILSON TELLS WOMEN TO FIGHT IN STATES**

Washington, January 6.—President Wilson declined today for the sixth time since he entered the White House to support a federal constitutional amendment for woman suffrage. When a delegation of democratic women, who declared they had helped elect him, presented a plea that he support the proposed amendment, he reiterated his previous declaration that he considered suffrage a state issue.

Mrs. George A. Armes, president of the District of Columbia Wilson and Marshall league; Miss Alberta Hall, of New York, and Dr. Frances McGowan, spokesman for the delegation, mumbled the president that the house would vote on the suffrage amendment January 12.

"I am most unaffectedly complimented by this visit you have paid me," the president told the women. "I have been called on several times to say what my position is on the very important matter that you are so deeply interested in. If it were not a matter of state, I would hold the same opinion. It is a long-standing and deeply matured conviction which I deeply regret, therefore, I would be without excuse to my own constitutional principles. But I am heartily in sympathy with your important movement for an amendment to the constitution of the United States."

"Frankly, I do not think that this is the wise or the permanent way to build a nation," he said. "I know that you perhaps may not seriously disagree with me, but you will not think the less of me for being perfectly frank in the avowal of my own convictions on that subject; and certainly that avowal represents no attitude of antagonism, but merely an attitude of principle."

"I want to say again how much I am gratified by your call and also by the confidence that you have so generously expressed in me. I hope that in some respects, I may live to justify that confidence."
