PEACE CONFERENCE WILL SOON BE HELD BY MEXICAN CHIEFS

Stated That Leaders of Two Larger Warring Factions Have Agreed to Discuss Terms in Two Weeks.

VILLA AND OBREGON WILL MEET ON BORDER

Leaders Fear That Unless They Agree the Movement by Huerta's Friends Will Cause United States to Intervene.

In Paso, Texas, June 29—Jose Isabel Robles, minister of war in the cabinet of Eulalio Gutierrez, announced here tonight that the leaders of the two larger warring factions have agreed to discuss peace terms, perhaps within two weeks.

Since the overthrow of Gutierrez's government Robles has not been identified with either Villa or Carranza. According to his story he was chosen by influential Mexicans anxious to end the fighting.

Robles did not reveal any terms of the agreement he claims to have brought about, but said that by the middle of July Villa will be on the border to meet Obregon, the two sanctioning the conference.

GENERAL ANGELES VISITS WASHINGTON

Washington, June 29—General Felipe Angeles, right hand man of General Francisco Villa, came to Washington today to deny intimations that he was involved in the activities of Victoriano Huerta and his associates and at the same time to learn the sentiment of officials toward the Mexican problem.

The general issued a statement saying he was opposed to Huerta and all that he represented in Mexican politics and that after a brief stay here would go to Sonora on a private mission for General Villa, returning afterwards to the battle front to remain with his chief.

Department of justice officials had no additional news today concerning the charges and evidence on which Generals Huerta and Orozco were arrested at El Paso. They expressed the opinion, however, that whatever might be the outcome of the prosecution, the arrests already had had a wholesome effect in preventing the launching of a new Mexican revolutionary movement.

General Angeles wishes to talk with President Wilson. He was not directed by Villa to do so, he said, but is anxious to learn just what Mexican policy the United States intends to pursue. Continuous fighting by the factions now in the field with no hope of recognition is futile, General Angeles believes, and he agrees with President Wilson's recent statement, that the various elements must come to an understanding. He told his friends that he and General Villa would support for the provisional presidency any capable man who represents the principles and ideals for which the revolution has been fought.

Angelen Called on General Scott. Major General Hugh Scott, chief of staff of the United States army, was the only official on whom General Angeles called today. Enrique C. Lorente, Villa's Washington representative, acted as interpreter. Angeles brought a letter of introduction from General Villa to General Scott. The contents

PROBE COMMITTEE TO URGE REFORMS AT STATE PRISON

Members of House and Senate Investigating Delegation Report Deplorable Sanitary Conditions and Ask Immediate Relief.

THIRTY-FOUR TYPHOID FEVER CASES; 8 DEATHS

White and Negro Women in Same Quarters—Women Ill in Room With Those in Good Health—Ask Funds for New Buildings.

Recommendations will be made to the legislature this morning for a series of reforms at the state prison farms near Milledgeville.

In compliance with a resolution by Representative Ennis, of Baldwin, adopted Saturday, a joint committee of five from the house and three from the senate were instructed to investigate the general conditions at the state institutions, and especially the epidemic of typhoid fever.

The committee is composed of Representatives Ennis, of Baldwin, nor, of Spalding, Spence, of Mitchell, King, of Greene, and Allen, of Jackson, and Senator Walker, of the twenty-fifth, Faulk, of the twenty-sixth, and Bonner, of the thirty-first.

Members of the joint committee, accompanied by Chairman Davidson of the prison commission, spent all of Monday making an inspection of the state farm, the committeemen returning to Atlanta yesterday.

Sanitary conditions, members of the committee say, were found to be very bad so much so, in fact, that it is immediately necessary that the legislature make provision for changes.

Eight Die of Typhoid

The typhoid fever epidemic was found to be even worse than had been reported but it is now under control and its further spread appears to have been stopped. The investigation brought out the fact that there had been thirty-four cases of the fever at the prison, of which eight of the patients have died.

As a result of the investigation the committee will recommend to the legislature this morning that the prison commission be directed to at once get estimates on the cost of installing sanitary tanks, an almost complete change of the outside sewerage system and a very considerable extension to that now in operation, and for two new buildings.

The committee found that the crowded condition of the institution makes it impossible to live up to proper sanitary regulations, and to relieve this congestion it will be recommended that a new building be erected for the female convicts, the building being used at present for female convicts to be devoted exclusively to negroes.

Whites and Negroes Together

In that building it was found that 125 negro women and nineteen white female convicts, the building being used at present for female convicts to be devoted exclusively to negroes.

The committee found about twenty-five women ill in a room with the other women who are in good health. This room, it is said, is very small and crowded and poorly ventilated, thus creating a serious menace to the health of the other women.

It seems also that best sanitary conditions at the farm are not only ready working havoc among the inmates, but are also a menace to Milledgeville itself, since this sewage empties into a small stream which flows through the heart of the town. There have, so far as is known, been no ill effects suffered in Milledgeville from this condition, and any recommendation to remedy this condition for the town's sake would be merely precautionary.

The committee will very probably recommend that the state board of health be allowed to co-operate with the prison commission in working out a system of modern sanitation for the penitentiary.

Recommend New Buildings

Whatever action the committee recommends now it will urge for the immediate consideration of the general assembly, so that more serious consequences may be avoided.

The condition existing in the building occupied by the male convicts was found to be even worse, and to re-

ASK AND ISSUE

The trustees were a first inclined to refuse to consider his resignation, but after a speech from the superintendent, elaborating his reasons for resigning, it was decided to table the communication, pending a strenuous effort to raise the money to authorize a larger amount for Grady hospital in the proposed bond issue than was contemplated, or falling in this, persuade the people to authorize a hospital bond issue.

LANDRUM ELECTED TO HEAD SCHOOLS

Terrell and McEachern Vote for W. M. Slaton, Former Superintendent Bids Accepted.

As predicted by The Constitution, L. M. Landrum, who had been serving as superintendent ad interim since the expiration of William M. Slaton's term of office, was elected superintendent of the Atlanta school system at a meeting of the board of education yesterday noon in the Chamber of Commerce building.

Upon nomination by James L. Key, Mr. Landrum was elected by a vote of 10 to 2. Two votes were cast for Mr. Slaton, who had been nominated by W. P. Terrell, were by Mr. Terrell and J. W. McEachern.

Those voting for Superintendent Landrum were Harvey Hatcher, Dan W. Green, James L. Key, Dr. J. N. Pierce, Aldine Chambers, George F. Bubanka, Robert J. Quinn, A. P. Morgan, Jesse W. Armistead and Mayor J. C. Woodward.

In voting for Mr. Landrum, Mayor Woodward said "In casting my vote for Mr. Landrum I wish to rectify a wrong done him seven years ago, when he was defeated for the superintendency by one vote."

In accepting the office for the ensuing term of one year Mr. Landrum said "I shall serve the school children of Atlanta to the best of my ability. The school exists for the upbuilding of the city's youth and it will be my aim to co-operate in every way possible with the governing body of this system."

Brittain Declined Superintendency. The call for an election of a superintendent was made Monday by Chairman Quinn upon receiving a letter from Mr. L. Brittain declining the election to the superintendency which was tendered him June 5 and which was to have become effective July 1.

Mr. Brittain's declining of the superintendency was a surprise, as Superintendent Landrum's election of an assistant superintendent was indefinitely postponed by a vote of the board. The board formerly decided that this official would have no duties during the summer interim and there is therefore no necessity for this election until the opening of the fall term.

Plans have been completed for the construction of an open court upon the roof of the Day school which is to be erected on South Pryor between Trinity avenue and Garret street for the accommodation of the English Commercial High and the commercial department of the Boys' High. This will have a cement flooring and will be fitted for the gymnastic exercises of the students for their games and fair weather exercises. When finished this roof garden will be as complete as those of similar design now in vogue in the east and will be the only arrangement of this character in the city school system.

Roof Garden at New School. Chairman Quinn stated that this departure from the original plans for the building was due to a suggestion from Mrs. Annie T. Wise, principal of the English Commercial High, and that the Day brothers, who own the building, agreed to make the change upon the committee's agreement to pay them \$10,000 per month rental.

In discussing the Day school, which will be co-educational, Mayor Woodward stated that a strong man should be obtained for the principalship of this school, which will be the first high school to be conducted in Atlanta for both boys and girls. He said that

Federal Prisoners May Operate Plant For U. S. Mail Bags

Attorney General Gregory and Warden Zerbst Favor Use of Cotton and Daily Pay for Inmates.

Unless the ideas and plans of Warden Fred Zerbst, of the Atlanta Federal penitentiary, and United States Attorney General Gregory, who has just completed an inspection of the Atlanta institution, miscarry the inmates of the Atlanta prison will shortly be using Georgia cotton for the manufacture of mail bags for Uncle Sam. The tentative plan is to establish a manufacturing plant at the prison for this purpose.

Attorney General Gregory spent several days at the prison, this being the first of a series of visits he expects to make to various federal penitentiaries. He made a thorough inspection of conditions at the prison and of the work upon the new buildings, including the new cell house, the new hospital and the new laundry, all of which are now in course of construction. He was greatly pleased with what he found.

New Quarters Completed. The new executive quarters of the prison are already complete and are occupied. The new cell house and the other two buildings will shortly be finished also. There will remain then but one of the planned buildings to be completed—the cell house.

Already the number of men in the prison, which is now 1,194, the largest population the institution has ever had is more than enough to man the new buildings to be completed and there would be practically no employment for the prisoners.

Therefore one of the big problems considered by Warden Zerbst and the attorney general was that of furnishing employment to the men.

"Experience has shown," said Warden Zerbst Tuesday afternoon, "that it is never wise to look a man up in a cell and leave him there."

To Teach Vocations. As a result of the inspection by Attorney General Gregory he will recommend that proper industries be established at the Atlanta Federal prison. It is the idea of the attorney general that this employment should not only be a means of keeping the men busy, but should be profitable both to the government and to the men, and at the same time teach the men a business upon which they might rely, if necessary, upon leaving prison.

Of course the employment which first suggests itself, said Mr. Zerbst, "is the manufacture of some article for which the raw material is closest at hand, which in the case of the Atlanta institution would be cotton. It is the plan of the attorney general that these prison products shall be for the use of the government, which, he understands, will not be objected to by labor people. It is very likely that the manufacture of mail sacks will be recommended as the article which the Atlanta institution should manufacture for the government. Another possibility is furniture."

Mr. Zerbst stated that the plan of the attorney general has a very broad humanitarian feature which is that of paying the men for their work.

"It might be possible to pay them only 50 cents per day," said Mr. Zerbst, "but that is a great deal better than nothing, and it would help in a material way to relieve the sufferings of the families of some of the men here, for it is often the families who suffer more than the prisoners. More than that, 50 cents a day for five years, they would give a prisoner a tidy little sum upon which to start anew when he is released from prison. I am heartily in accord with this idea and I sincerely hope it will be inaugurated."

While Attorney General Gregory was in Atlanta he spent practically his entire time in the Atlanta Federal prison. He inspected the prison from the roof to the lowest cell, and paid midnight visits to the prisoners, watched them at work, at their meals and at rest and recreation.

BRITAIN TO FIGHT TO THE BITTER END

Supporting War Loan, Premier Asquith Says Last Farthing and Last Drop of Blood Will Be Put in—Humanity's Future at Stake.

London, June 29—Penny-wise economy heretofore has not been a strong feature of the gatherings at Guild hall, so closely connected with aldermanic banquets of proverbial opulence, but Premier Asquith today chose this home of wealth to initiate a movement in support of the British war loan. He urged personal thrift throughout the nation, to make it possible for the country to bear the strain of the expenditure of \$15,000,000 daily entailed by the cost of the war.

As if to give the campaign a good send-off the premier really had subscribed to the war loan, and he announced simultaneously with the appearance of Premier Asquith on the platform it was by a London assurance company and for 2,000,000 pounds (\$3,000,000).

First Great Democratic Loan Premier Asquith emphasized that this was the first great democratic loan in the financial history of Great Britain. The state, he said, was appealing to all classes, even those whose resources were most limited.

"Waste on the part of either individuals or classes," said Mr. Asquith "which always is foolish and short-sighted, is in these times, nothing short of a national danger."

The premier then discussed how a country which normally had only 300,000,000 or 400,000,000 of pounds sterling to spare yearly could get this huge unprecedented draft out of its resources. He dismissed as impracticable the idea of selling investments, property, or of borrowing abroad.

Mr. Asquith said that could be raised abroad in comparison to the sum required, he said would be practically infinitesimal and if it were possible to raise the money in this way, he would have to face the prospect of ending the war a debtor country.

"The only course he declared was that his countrymen diminish their expenditures and increase their savings. The state of the trade balance between ourselves and other countries is not a matter which I don't care for myself, but for serious thought for the first five months of the present year our exports have increased by 22,300,000 pounds (\$32,500,000), while our imports and re-exports have decreased by 750,000 pounds (\$1,000,000). That means that for twelve months our indebtedness to other countries has been reduced by 23,000,000 pounds (\$33,500,000). The only way to counteract this is by reducing all unnecessary luxuries and by increasing the production of such articles as tea, sugar, wine, petrol, etc. and on goods made in this country the larger quantity may be left to sell abroad."

Future of Humanity Involved. Remarkable that it was not merely a question of self-preservation, Mr. Asquith proceeded.

"There is not a man or woman who has seen what is happening in the battle of the air during the past year become greatly conscious that the battle in which we are engaged touches the very life of the world. The shores of these islands beyond even the confines of our world-wide empire and realize that it concerns the whole future of humanity."

It is right or force to dominate mankind, he declared, the power who, remarking that comfort and prosperity and a secure sheltered existence perhaps in some conventional type of religion could be purchased at a price, concluded.

"But at what a price! At the sacrifice of what makes life, national or personal, worth living other than interest and selfishness. Shall we buy the end to the last farthing of our money, to the last drop of our blood, and to the last drop of our blood?"

STATEMENT WANTED AS TO PEACE TERMS

London, June 29—David Mason, a liberal member of the House of Commons for Coventry, has given notice that he will ask Premier Asquith in the House tomorrow whether he is aware of certain speeches by some members of the German parliament demanding that the British government should consider the advisability of stating more specifically their terms for peace, and whether such a peace would be possible with the object of hastening such a happy consummation.

RUSSIANS HURLED TO OWN FRONTIER BY TEUTON ARMIES

Forces of the Czar Continue to Retreat Before the Austro-Germans Along a Front of About 250 Miles.

RUSSIANS WILL STAND ALONG THE RIVER BUG

This Great Stream Offers Many Advantages for Strong Defense—If Russians Lose on the Bug, It May Mean Fall of Warsaw

London, June 29—Driven back over their own frontier north of Lemberg and forced to cross the River Galla, the Russian armies continue to retreat before the Austro-Germans along a front of approximately 250 miles.

Berlin records progress in virtually the entire southern theater, although violent fighting still is in progress beyond the Galla Lipa, which joins the Dniester at Halls.

Having forced a passage of this stream, General von Linsingen's army is presumably astride the railway running from Halls to Lemberg and Stanislaw, and now doubtless is aiming at the line which runs from Lemberg to Odesa through Tarnopol.

It seems evident that Germany is bent on further punishment for the Russians before relaxing the intensity of her Galician campaign, but with the Russians across the frontier, the Germans will have to rely almost entirely on road transport and their advance will be slow.

RUSSIANS STAND ON RIVER BUG

The Russians are making their stand on the Bug river. This great stream, which offers many advantages for a strong defense, rises near Zloczow, in Galicia, runs almost north, forms a part of the eastern frontier of Russian Poland, and joins the Vistula in the northwest of Warsaw. It is along the Galician course that the army of Grand Duke Nicholas is believed to have taken up strong positions, lines of which would mean further retirement of the Russian forces.

Already the Austro-Germans have pushed back to the Bug, near Kamionka, northeast of Lemberg, and farther north have penetrated Russian Poland, capturing important towns and fortresses, according to Vienna they also have driven the Russians holding ground near Silesia northward as far as Krystynopol, a distance of about eight miles and also the town of Halls, north of Halls. In fact the masses of Austrian and German troops are advancing along their entire front in the south-east, forcing the Russians before them in a broad sweeping movement, and the Austro-Germans are pushing forward, with Warsaw as their objective.

Should the Austro-Germans cross the Bug river in strength, the complete evacuation of eastern Galicia by the Russians would seem probable.

NOTE OF ANXIETY IN ACCOUNTS

The British press still voices the hope that the Russians soon will find a means of escape from a counter blow, but there is a note of anxiety in nearly all the accounts, together with the warning that either the capture of Warsaw or the French on the great railway lines which supply it would be disastrous to Russia and surely would be followed by another general German offensive in the east.

Notwithstanding the French attacks around Arras, it is argued that the Germans must feel comparatively secure in the east, and the French are backed their tremendous enveloping move against the Russians. The French are attacking in the area of the French neighborhood of Arras, but without appreciable change in the situation.

Fighting also has been going on in the Vosges, where the Germans captured the town of Belfort, and the French on the slopes to the east of Metz, only to have them retaken, there are great losses on both sides in the attacks which to the uninitiated are characterized by a somewhat mysterious interest.

CONCERN IS FELT FOR MEXICO CITY

For a Week Nothing Has Been Heard as to What Has Happened—Fears for Foreigners.

Washington, June 29.—In the absence of direct reports from Mexico City, which for nearly ten days has been cut off by rail and wire from the outside world, there was much anxiety in official quarters today concerning conditions in the old capital and its vicinity. From previous dispatches, it is known that the food supply is short and that the danger of military operations being carried into the city itself has caused grave apprehension among foreigners.

fighting in the city, and for the protection of private property in the event of an evacuation. The Washington government is relying on the initiative of the Brazilian minister and other diplomats to take care of emergencies without awaiting instructions.

Dispatches from the Carranza agency from Vera Cruz tonight said that Gonzalez's attack on Mexico City had been suspended temporarily on account of torrential rains. Arnold V. Shanklin, American consul general, and Charles O'Connor, Red Cross representative, were said to have left Vera Cruz today for Mexico City aboard a special coach provided by Carranza.

Shanklin and O'Connor, who are to co-operate in relieving distress in the capital, expect to be passed through the lines of the contending forces or to enter with General Gonzalez, if he defeats the Zapata defenders.

ARCHIVES REMOVED FROM MEXICO CITY

Galveston, Texas, June 28.—A report that General Carranza's military archives have been removed from Mexico City to Cuernavaca and that trains for the Mexican City are being held at the capital were held in readiness was brought to the headquarters of General Pablo Carranza here today. It also was stated that a committee of diplomats was arranging with the Zapatas for the protection of private property during the evacuation of the city.

SEVERE FIGHTING IS REPORTED

Laredo, Texas, June 29.—There has been severe fighting for the past three days between Villa and Carranza forces at Villa Garcia, between Monterey and El Estero. According to passengers who arrived here today from Monterey it was estimated that the forces were 5000 to 10000 on each side. Losses were said to have been heavy.

Efforts to get the Red Cross to purchase foodstuffs in Mexico have been unsuccessful.

Rail Unions to Be Merged

Denver, Colo., June 29.—William G. Lee, president of the Brotherhood of Railway Trainmen, addressing a meeting of the local branch of the brotherhood here tonight, announced that for purpose of wage and service disputes a practical amalgamation would be effected by the four largest railroad unions—those of trainmen, conductors and engineers and firemen. He said that the employees would unite in demands for an increase of wages and the eight hour day.

GERMANY AND UNITED STATES MISUNDERSTAND EACH OTHER

Dr. Meyer-Gerhard, Bernstorff's Emissary, So Tells the Germans in Explaining the Views of Americans.

PLEA FOR PRESERVATION OF ANCIENT FRIENDSHIP

Dr. Gerhard Says That the Export of Munitions to the Allies Is Opposed by a Majority of the American People.

Berlin, June 29.—(By Wireless to Sayville.)—Dr. Anton Meyer-Gerhard, the attache of the German colonial office, who was sent from the United States to Berlin by the German Ambassador, Count von Bernstorff, to explain the views of the United States regarding the Lusitania case, published an article in Der Tag today on "Germany and America," in which he says his experiences convinced him that the two countries misunderstood each other.

Germany Winning New Friends. "It is true," says Dr. Meyer-Gerhard, "that the American press with some laudable exceptions, especially the German-American papers, have not succeeded in remaining neutral, but the inclination of the press upon public opinion is sometimes greatly exaggerated. Doubtless large sections of the American people are friendly towards Germany, whose efficient organization is daily winning new friends and arousing interest in things German."

The Question of Munitions. Alluding to the discussion over the ammunition question Dr. Meyer-Gerhard says: "Germans often mistake large ammunition orders filled orders for a large extent such orders are changing big factories into ammunition works. This is regrettable, but the writer is convinced that the parts of the American people disapprove of it. A popular vote would show a considerable majority against the practice."

Equally there are Americans who condemn violation of Belgian neutrality and the sinking of the Lusitania, and are unable to understand the German idea of the real conditions, while Germans are unable to understand how Americans could travel on an ammunition ship.

Both peoples are laboring under entirely different opinions. Both have lived hitherto in peace and friendship and should continue so to live. There is no real reason for antagonism existing between them.

SCUTARI IS OCCUPIED BY THE MONTENEGRINS

Triumphal Entry Is Made by Army into the Albanian City.

Paris, June 29.—Describing the occupation of Scutari, Albania, by Montenegrin troops, Havas Rome correspondent says:

Musulmans, Catholics, members of the orthodox faith, the communal authorities, members of the government, the police force, the schools and the population, preceded by flags and bands, marched out of the city to meet the Montenegrins. Following an advance guard were priests in their ceremonial robes, carrying the cross and religious standards, then came the main Montenegrin army and bands. The Montenegrin army lowered the flag and placed the consulate in the care of the Greek consul.

The general staff of the troops occupying Scutari have taken charge of the administration of the city, declaring that citizens must henceforth consider themselves subjects of Montenegro and be judged according to Montenegrin law, and that disturbers of the new regime will be punished by martial law. General Vechovitch, at the head of the army, addressed the foreign consulates, announcing that he was taking possession of the city in the name of King Nicholas.

ANTI-DRUG LAW FOUGHT AS DENYING DRUG USERS PURSUIT OF HAPPINESS

Chicago, June 29.—Arguments that the Harrison anti-narcotic law is unconstitutional in that it denies drug users the pursuit of happiness, were made today before Federal Judge Landis by attorneys seeking a writ of habeas corpus for Dr. Arthur L. It is believed, obtained more than \$500,000 by swindling persons who answered his advertisement promising light work at home to artists.

No Burglars Molest Rajah's Jewels Now; She Has a "Watchdog"

Famous Dancer Needs No Detectives Since Pet Snake Has Guarded Her Jewel Box.

The "watchdog" over the Princess Rajah's jewels isn't any more of a watchdog in the absolute sense as a Peaches chicken is a prize domestic, yet there is hardly any reliable watchdog in the community.

The watchdog over the treasures of the princess lies coiled around sparkling diamonds and glowing rubies in a specially constructed jewel casket in Rajah's apartments in the Hotel Ansley, a constant source of fear to bell boys and chambermaids but a vigilant "watchdog" that can even go to sleep on the job with perfect assurance of safety.

It is a South African python by birth, breeding and early environment and Fatay by name. The princess has three of them, one of which she uses in her act at the Forsyth theater. There have been many curious pets in the Ansley chambers, but never one like this. Florence Tempest, the temperamental vaudeville act, slept in the bridal chamber with her pet pomaranian, while Dazelle the dancer, carried a pet alligator in her trunk, but this is the first instance where a snake has been consigned in state.

The idea of guarding her jewels with a snake occurred to Princess Rajah in Trenton, N. J., a few months back, when her private apartments were ransacked by a burglar who carries an unusual collection of valuables and three snakes. She uses one in her act, "The Cleopatra Dance." The extra new and marvelous product they also noted the simple device used in extracting Vitallitas from the volcanic substance in which it is found.

One drink which is a teaspoon full in a half glass of water as served free at the demonstration will do you good if you are bilious, have stomach troubles, kidney or liver ills or rheumatism. Vitallitas will help you from the start. When you first taste it you will feel and know it will do you good. It is not unpleasant. The action of Vitallitas is natural and there is none of the hurtful effects that come from doped remedies, narcotics and weakening physics. Multitudes are daily finding relief in the treatment of such disorders as indigestion, biliousness, rheumatism, nervous debility, catarrh and in fact, derangements generally of stomach, liver, kidneys, bowels and blood. PEACE CONFERENCE WILL SOON BE HELD

of the letter were not disclosed, but it was understood to have showed clearly that General Villa and Angeles were not at all as has been persistently reported.

A tall, athletic figure, with aquiline features, a copper complexion and flowing black moustache, Angeles attracted much attention as he went to the war department. He wore a dark suit and walked with military bearing.

Angelas received his military education in France and for a long time was superintendent of the military school at Chapultepec, the Mexican West Point. He defended Madero in the street fighting in Mexico City and took a prominent part in the later campaign against Huerta.

It is understood that General Angeles expects to General Huerta that as a precaution against the counter-revolutionary movement of Huerta and his followers, large forces of Villa troops had been dispatched northward and that General Angeles had sent thousands of men to garrison the coal fields, which comprised the base of supplies for his army.

Formal Statement by Angeles. The general issued the following formal statement: In order to contradict certain false rumors concerning himself which have recently found their way into the press of the United States, General Angeles today makes the following statement:

The cordial relations that have long existed between General Villa and myself remain unchanged and I shall shortly report to him in person for a few days in the near future.

I am now, as I have always been, opposed to Huerta, his regime, and all that Huerta and his followers stand for. I have never seen nor conferred with any person or persons representing the reactionary element in Mexico.

Like General Villa, I favor the suggestion of President Wilson that the contending factions should confer, and in a patriotic spirit endeavor to harmonize their differences in order to establish a constitutional government, a government which the United States and the other nations of the world can accept and recognize.

Would Like to Meet Wilson. Shown a dispatch from Cornish, N. H., that Colonel Jesus M. Aguilar and Major Yreco A. Garcia had arrived there seeking to arrange an armistice between the forces of General Villa and General Huerta, Angeles said he would be glad to meet Mr. Wilson, although he was not using an official title.

Colonel Jesus M. Aguilar and Major Yreco A. Garcia, who said they were in Mexico, respectively president of the General Angeles and General Raoul Madero, arrived bearing letters of introduction from General Huerta and General Angeles, but were told that details of the Mexican situation were being handled by the state department and that it would be impossible for General Angeles to see the president.

The two Mexicans denied reports that General Angeles was connected with General Huerta in any movement to start another revolution in Mexico. They said that Angeles and Villa still are warm friends.

According to Aguilar and Garcia, both General Angeles and Villa favor Huerta's resignation and the restoration of the Villa leaders are hopeful, they said, that Huerta can be agreed upon to be recognized by the United States.

The arrival in this small New England town of the two Mexicans, wearing broad-brimmed sombreros, caused a flurry of excitement. After learning that their mission was a friendly one, they would return to Washington to report to General Huerta.

The president worked most of the day on correspondence forwarded to him from Washington. This afternoon the president, with Miss Margaret Wilson, Miss Helen Woodrow Barnes and Miss Grayson, took a 50-mile automobile ride to Morrow the president will play golf.

HUERTA CONFERS WITH MEXICANS. El Paso, Texas, June 29.—Jose Zozaya, a wealthy El Paso merchant, was arrested today on charges of conspiring to set on foot a military expedition against a friend of the president, was released on \$7,500 bond for hearing Thursday. The charges against him are related to a military expedition of Victoriano Huerta and Pascual Orozco.

GOVERNMENT RELEASED AND RESTORED. San Antonio, Texas, June 29.—Querol Gomez, a former general in the Mexican federal army who was in command of the troops guarding the president Madero when the latter was killed, was released from jail here today after serving a six months' sentence, but was immediately rearrested charged with being an undesirable citizen. His detention will be continued by federal officials who caused his arrest.

Gomez was convicted in San Antonio January on charges of attempting to bribe United States officers. He had been arrested on charges of smuggling diamonds into the United States from Mexico and was alleged to have offered the deputy marshal \$1,000 to let him out on parole for \$100 and sentenced to six months in jail.

ROBERT LANSING. The accompanying photograph of Robert Lansing was taken a few days before he was named as secretary of state. It was posed at Hamilton, N. Y., where Colgate university conferred on Mr. Lansing the title of LL.D. News of his appointment and acceptance was given out while the president was preparing to leave for Cornish, N. H., for a short rest.

Publicly recognize the excellence of our country, explained that my compatriots to be no less just." The appropriations were passed unanimously.

FRANCE IS FIGHTING FOR PEACE OF WORLD

Paris, June 29.—To put an end as far as possible to the criticism evident in recent sessions of the chamber of deputies, a speech was made by the president of the chamber, supported by eight members of the cabinet, appeared at the ministerial bench on the occasion of the discussion of the appropriation bill for the third quarter. This bill, which would appropriate \$1,000,000 to cover government expenses for the three months beginning July 1, was passed by the chamber of deputies.

Reasoned Confidence Asked. M. Viviani, speaking with impressive eloquence, explained that the government had no desire to take the upper hand of the representatives of the peace.

"Parliament has the control; the government the execution," said the president of the chamber, "and we wish to see the principle of democracy. We wish neither the part optimism nor bitter disenchantment which arises from the principle of justice. We ask merely reasoned and methodical confidence. It required a great moral exertion for this country, habituated to criticism, to become tractable. Now it is ready for the long and patient effort which will be the ransom of the peace of the world."

Frederic Viviani was accorded the warmest of demonstrations by the senate. Alexandre Millerand, minister of war, then took the floor.

"At the moment the senate is called on to vote the appropriation necessary for national defence," he said, "I wish to give an account of the stewardship of the ministry of war from the outbreak of the hostilities."

When he mentioned possible discouragement he was interrupted by cries of "there is none."

"From August 1 to April 1," continued the minister, "France has finished the military production six fold. The curve for munitions never has ceased to mount nor that representing the manufacture of our arms. I can give satisfying assurances also regarding the heavy artillery and small arms production. The curve for the other branches of the armaments industry is encouraging. We are determined to pursue our enemies, whatever arms they use."

M. Millerand paid homage to physicians, whose devotion and patriotism were saluted. He especially mentioned the sanitary service, and added: "None better than I know the errors and weaknesses, but we must not let details blind our vision. All our allies are with us."

PROBE COMMITTEE TO URGE REFORM

Continued From Page One.

Have this the joint committee will recommend the immediate erection of another building for negro male convicts. It was found that in a wooden barn on the premises the two floors of which is used for stock, there are 137 negro male convicts confined, and the building is entirely unfit for the purpose of sanitary appliances.

In examining into the condition of the reformatory, the committee estimated some time yesterday afternoon that the congestion is so great that releases would be necessary to accommodate the present population.

To correct the faults found in the reformatory department, the committee recommended that the legislature provide for the prompt separation of the reformatory from the penitentiary, and that the reformatory be operated independently.

A lengthy meeting of the joint committee was held at the Kimball house yesterday afternoon, when the recommendations to be made and the general report on conditions at the institutions was formulated.

Make Report Today. Senator John D. Walker was made chairman of the joint committee and was required to report on the conditions of the institutions. The committee will meet in the senate chamber this morning at 10 o'clock to approve the report drafted by Senator Walker.

In discussion of the situation the committee emphasized their satisfaction that the state prison commission is not at fault, and that the conditions because of the fact that it has been entirely on a par with the appropriations, and from year to year has declined to appropriate the money asked for to make those improvements which the state farm which are needed.

May Report New Farm. Some of the members of the joint committee, in discussing their impressions yesterday, were strongly of the opinion that the recommendation for the removal of the prison farm from the state farm should be made today should also provide for agricultural purposes, and that the present property in Marietta should be turned over to the state reformatory.

Though it is understood the committee decided yesterday afternoon not to include that proposition in its report today, Senator J. E. Bonds, of Statesville, who lives at Millidgeville, and who introduced the resolution which brought about the investigation, will very probably introduce a bill during the present session covering the proposition to change the location of the present location. Dr. Spence, of Spaulding, also a member of the joint committee, is of the opinion that the removal of the prison farm.

AMERICANS ARE WARNED TO SECURE PASSPORTS

Continued From Page One.

Liverpool, June 29.—Although the port authorities refused to disclose the names, it is known that three passengers on board the Cunard line steamship Orduna on arriving here last night from New York were detained because the documents necessary to secure their admission to this country were not satisfactory.

When the American line steamship St. Paul arrived in the Mersey two days ago, eight of her passengers were detained because the documents necessary to secure their admission to this country were not satisfactory.

Two of the passengers detained on the Orduna are English women married to Americans, who had signed as British subject and did not believe that passports were necessary.

Two of the passengers who said they had trouble over the documents was Charles Bunt, of New York, an attorney for American owners of detained cargoes.

Washington, June 2.—State department officials again warned Americans today against going to foreign lands without passports. In all countries except Canada passports are necessary, and even in Canada they should be carried by persons whose names are on the state farm which are needed.

Is Suit for Alimony Today.

Continued From Page One.

Macon, Ga., June 29.—(Special.)—Saying that he brought a certain Mrs. Upton Sinclair, whom he met at a socialist gathering in Cleveland, into his home and brutally informed his wife "that he cared more for Mrs. Sinclair than he did for her."

Mrs. Raoul has brought suit for divorce and alimony against her husband, William G. Raoul, Jr., of Atlanta, who is known as a socialist.

Raoul is under arrest in the jail here under a \$25,000 bond. A hearing on the petition for alimony will be held by Judge Hammond, of Augusta, tomorrow.

"I have nothing to say for publication," he stated in jail today, "except that all of my troubles are the result of misunderstandings, which, I think, when cleared up, will bring about an adjustment satisfactory both to my wife and her relatives and myself."

"Soulmate of Artist." "Mrs. Sinclair" is described in the petition for divorce as "the woman who was generally known as the soulmate of the artist, Upton Sinclair, these parties living together without the ceremony of marriage having been performed, until the woman was deserted by the said Sinclair."

Mrs. Raoul is a well-known young society woman of Macon, and Mrs. Raoul were married last January, being over two years together at that time.

A Message to Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get the matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative force of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may be stored, shrunken, run-down tissues and build them up. This person's body is like a sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the assimilative force to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad.

Take a little Sargol tablet with every meal and notice how quickly your curls fall out and rolls of firm, healthy flesh are deposited over your body, covering each tiny angle and protecting point. Jacobs' Pharmacy and other good druggists have Sargol, or can get it from their wholesaler. It costs only a few cents for your money if you are not satisfied with the guarantee it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly beneficial.

Customer.—While Sargol has produced remarkable results in overcoming nervous and general debility in each trouble, it should not be taken unless you are willing to gain ten pounds or more in a few weeks. It is a wonderful flesh-builder.—(adv.)

THAW NEVER INSANE, SAYS DR. BANCROFT

Expert Alienist Declares That White's Slayer Is Not a Paranoiac.

New York, June 23.—Dr. Charles P. Bancroft, head of the New Hampshire State Hospital for the Insane and a member of the federal commission which examined Harry K. Thaw during his sojourn in New Hampshire, swore on the witness stand today that in his opinion Thaw not only was sane, but always had been sane. Dr. Bancroft testified as an expert alienist in the jury proceedings to determine Thaw's mental condition.

It is that Thaw expressed regret for his deed. A paranoiac never expresses regret. He continually tries to justify the deed and no amount of persuasion can convince him he has done wrong.

Challenge to Religious Teachers.

The war has flung a challenge to teachers of religion. What is our ethical duty? If two men are doing a death grip, do we question about neutrality or ethics?

For instance, the heroic cathartics sold in purgatives used by our forefathers to relieve constipation are now known to be not only ineffective but really harmful. Constipation can be more effectively relieved without the discomfort of these old-time remedies.

Will You Spend 15 Cents For a Columbia Grafonola "Favorite"?

(Cash Price \$50.00)

What the Plan Is

On a payment of 15 cents we will deliver the Grafonola "Favorite" to any responsible resident of this city or immediate suburbs. The balance of \$49.85 you pay at the increasing rate of 15c weekly until the seventeenth week, when your payment reaches \$2.55, high-water mark, then it decreases 15c weekly until at the 36th week you pay 15c and secure full title to the Favorite. Observe that the weekly payments do not double, they merely increase 15c weekly; 15c first week, 30c second, 45c third, 60c fourth, etc.

Note to Out-of-Town Readers

We cannot offer you the "Favorite" on above plan, but we will be glad to have your business on very easy monthly terms, and we cordially invite you to write for literature and particulars.

BIG BOND ISSUE SOLD BY CITY OF NEW YORK

New York, June 29.—Unusual interest in the city of New York of \$71,000,000 of 4 1/2 per cent bonds not only because of the magnitude of the offering, but more particularly because of its bearing upon the current investment situation at this time...

It was freely predicted in the financial district a few days ago that the average bid for the 50-year issue which comprises \$46,000,000 of the whole, would be 102 or around 102 while the serial issue was expected to average at least 102. Only a few of the small bids opened today came within range of the estimate, all or none bids made by a leading banking syndicate falling short of the figures...

To a large extent the disturbed financial conditions in Europe were responsible for the high bids. All told bids were more than four times in excess of the total issue, amounting to about \$286,000,000. Demand for the long term issue was at most twice as large as for the serial...

CLEMENCY HEARING FOR CHARLES BECKER

New York, June 29.—Counsel for Charles Becker has arranged to meet Governor Whitman in Albany on Thursday to make application for a hearing on Becker's plea for clemency. The appointment was made by Martin T. Manton yesterday in a telephone talk with the governor, who was at Rochester, Mass., attending commencement exercises at Amherst college. The governor will return from Albany tomorrow night and will hold an early date for the hearing, as he has said that he is willing to hear any plea in the matter...

It was understood that an effort will be made to have the hearing take place in New York city. The governor has ample time to reach a decision. Becker's execution for the murder of Herman Rosenthal has been set for the week beginning July 12. This leaves him thirteen days in which to fight for his life...

Virtually all street railway employees in central Massachusetts will be affected if the agreement is ratified by the men tomorrow night...

HE LIFTED THEIR LEGS AND SUBMERGED HEADS

Noted Pathologist Tells Jury How Smith Drowned Brides in Bath Tub.

London, June 29.—At today's session of the trial for murder of George Joseph Smith, husband of three wives, who died in their baths, Dr. Spilsbury, a noted pathologist, gave expert testimony of the effects of a sudden fit of fainting spell on a person in a bath. Regarding Alice Burnham, one of Smith's brides, drowned in her bath tub at Blackpool, Dr. Spilsbury declared it would have been impossible for a person of her size to have been in such a condition, submerged in either a sitting or lying position, in the bath tub produced in court...

Referring to the prisoners' evidence that he had found the woman lying on her left side in the tub, the physician remarked: "If this is true, it would have been impossible for her arm to have been bruised as it was found to be." Both Dr. Spilsbury and Dr. Wilcox, another expert, expressed the opinion that the deaths of all three women were consistent with their legs having been lifted and their heads thereby submerged. Dr. Wilcox said he considered none of the deaths was consistent with accidental cases. An outburst by the prisoner who denounced the Scotland Yard witness who arrested him as a scoundrel, and pleaded "I don't care whether you sentence me to death or not, marked the close of the evidence. No evidence was adduced by the defense and Prosecutor Hopkins began his address to the jury...

AT THE THEATERS

Keith Vaudeville. (At the Forrest) From the viewpoint of the three critics in the vaudeville newspapers, and from the endorsement evidenced by four capacity seating galleries, an advance note that indicates a tremendous attendance at all remaining performances of the Keith Vaudeville company is the fact that the company has refused to let hundreds of interlovers with their pleasure last night and crowded the theater and his crowd was well repaid for the moment. The bill is a combination of high grade acts, every one a feature. Princes is the famous dancing couple who have elapsed her great success registered here six years ago. Her Arabian chair dance is one of the most interesting features yet seen on a local stage. Henry Lewis the secure and artistic comedian, has won a favorite position and dainty Florrie Mittership is already a real artist. The sketch presented by pretty Julie Ring and her company is unusually good. The bill for the week will bring in many other stars in vaudeville and a bill that is made up of acts in their respective lines of the theatrical business.

"The Flaming Sword." (At the Strand) The latest Metro Pictures corporation release The Flaming Sword will be the attraction at the Strand theater today and Thursday. Two distinguished stars, Lane Grey and Lionel Barrymore are featured in this biggest story picture of the season. The picture is in five parts and contains over two hundred scenes. The story it tells is a fascinating one in which the hero's life of life goes to sea in a small boat with a view of ending it at the beach upon an island whose lone occupant is the lighthouse keeper. He is found by the daughter of the lighthouse keeper and a strong attachment springs up between the two which after many complications develops into joy and happiness for all.

"The Sins of the Mothers." (At the Grand) Anita Stewart and Eerie Williams the famous Vitagraph stars who have become decidedly popular with a strong following in Atlanta will be the features of the Vitagraph Blue Ribbon feature. The Sins of the Mothers. This tremendously interesting feature picture has created a sensation among the people who have seen it in private exhibition—for its release for public exhibition is not scheduled until today. The plot is a bold effort to show what some mothers do. It has a wonderful gambling room scene and it has that punch that is so refreshing in the best of photographs. There is already real interest in the program for Friday and Saturday when Mary Pickford in the character of a queer Indian girl will be seen in the western drama Little Fox. Daniel Fox has devoted much time and money on this production and it is declared that it is superior to Miss Pickford's splendid production of "Tess of the Storm Country." The picture that made her the highest salaried actress in photo plays...

SOUTH CAROLINA GOVERNOR INVOLVED BY DECISION

Columbia, S. C., June 29.—Attorney General Peoples renounced today an opinion holding that officers of the seven militia companies mustered out of service by Governor Manning during the recent re-organization of the state militia, immediately following the disbanding by former Governor Blease of the entire organization, can retain their citizenship. The attorney general's opinion raised the point that Governor Blease's proclamation which was ignored by the Manning administration was legal and intimated that this re-organization of the militia might be nullified. This re-organization reduced from three to two the number of regiments in the militia. The opinion was addressed to Shapter Caldwell, inspector general, national guard of South Carolina. About twenty new officers were elected to replace those removed. These elections occasioned this opinion. One possible effect of this ruling of the attorney general pointed out by officials, would be the refusal of the state treasurer and the state auditing officer for this state to honor warrants for expenses of the militia encampments ordered by the state pending determination of the troops status in the courts. Colonel A. E. Legare, of Columbia, one of the militia officers removed issued a statement late today declaring that Adjutant General Legare had countenanced the elimination of high officers by the simple expedient of an order and seemingly placed, his desire and opinions above the military code. The opinion of the attorney general he said, "not only shows that the adjutant general has misled the governor when requesting him to issue the orders covered by the opinion but that he has also again placed the militia of the state in a muddle."

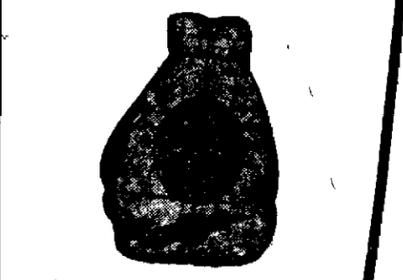

COMBINATION URGED TO CRUSH PROHIBITION

Utica, N. Y., June 29.—A combination of interests to crush prohibition was advocated in speeches at the first session today of the New York Liquor Dealers' convention. David Newberger, of New York, attacked William Jennings Bryan, calling on his hearers to disavow all allegiance to the former secretary. He termed the prohibition crusade the "result of ignorant prejudice or hypocritical intelligence," declaring John L. Sullivan represented the first class and Bryan the other. John J. Hanley of the American Federation of Labor, declared that his organization would work with liquor interests to defeat local option and prohibition.

SOME SHARP CRITICISM DIRECTED AT ORATORS

San Francisco, June 29.—Fourth of July orators, trial lawyers, actors and electioneers were adversely criticized by speakers before the twenty-fourth annual session of the National Speech Art Association. "Orators as a class know how to act, but not how to speak," said John D. Barry, of San Francisco. "Orators are applause-seekers, innocent of the open, assume to voice their forgetful and arbitrary opinions," declared George C. Williams, of Ithaca, N. Y., president of the association.

THE CONSTITUTION... THE NEWSPAPER... Telephone Main 2000. Entered at the postoffice at Atlanta as second-class mail matter.

From one hundred million to a quarter of a billion—a legitimate conclusion when we realize that without the war, the annual drain would have gone on just as in the past.

ANOTHER BILLION—WHO PAYS? Cables announce the voting of another \$1,120,000,000 by France for the continued prosecution of the war.

There is evidently no overestimation in the announcement that the European war would cost all the governments engaged a total of \$35,000,000,000 for the first year of its duration.

Somebody at some time has got to pay these tremendous sums. Who is it? It is, in last analysis, the man with the hoe, the man at the plow, at the lathe or the forge—the man who earns his daily bread by hard and perspiring labor.

How long will the toilers of the warring nations submit? It is a problem. Usually the most loyal, the most patriotic of citizens, he thinks little of the burden that must ultimately fall upon his shoulders.

It is a tribute to Superintendent Landrum and his long experience and service that the board recognized in him the qualities and the ability commensurate with the crisis that confronts the schools.

Superintendent Landrum has the necessary experience. He knows the Atlanta schools thoroughly; of that there can be no question, and he has filled every position to which he has been called in connection with them, both ably and loyally.

Atlanta will look in earnest hope and great expectation to the rebuilding of her school system upon a permanent standard basis; and when achievement is recorded she will be ready proudly and cheerfully to applaud it.

SAVING A HUNDRED MILLION. The savings bank advertisements all tell us that saving is the foundation of fortune; that the man who never saves anything never gets anywhere.

Today the nation is practicing the savings bank doctrine, at least that portion of it which would have joined the usual annual begira to Europe, and it is estimated that the country as a whole is keeping at home more than \$100,000,000 which would otherwise have gone to enrich the European hotel keepers, merchants, railroads and other institutions that depend for business in no small degree upon the American traveling public.

In any event, we are keeping a whole lot of money at home that would otherwise have gone abroad. Much of what would have been spent in Europe may not have been spent at home; still a large proportion of it will undoubtedly go to cover expenses in visiting the California expositions and the various American resorts which will, no doubt, do a considerably larger business than they have ordinarily been accustomed to.

As a matter of fact, we are, as a nation, both earning and saving more than ever before. The end of the fiscal year, now here, promises us a trade balance of a round billion dollars, and that we may very properly and with good reason be proud of our savings of anywhere

JUST FROM GEORGIA... A Song to Old July. Some singers pipe the month of June, but give us old July.

WALKING FOR HEALTH. The United States public health service gives good advice as to the taking of daily exercise in the interest of an improved health record.

That is a fine, free health prescription, and many that have followed it faithfully have become sturdy witnesses to its benefits.

THE YAQUI UPRISING. As to the six thousand Yaqui Indians that have taken the warpath and placed themselves in opposition to just any and every country, making threats against all foreigners.

When the other nations study the conduct of this government they must surely note not only the vigilance with which it watches over the safety of its citizens on land and sea, but also the painstaking care with which it proves its absolute freedom of any wish to interfere with the property or rights of any other people, high or low.

There are all sorts of "jolly good fellows." One has to toll three months to pay for a three weeks' vacation.

The war fire is hot enough, but each little nation wants to have a brand in the burning.

New Bills Introduced in Both Branches of Legislature Yesterday

New Bills in the House. The following bills were introduced in the house Tuesday: By Coveta Delegation—To establish public schools in Newnan.

By Jones of Coweta—To amend act regulating inspection fees of commissioner of agriculture.

By Swift of Muscogee—To provide damages for killing of dogs.

By Jones of Coweta—To adjust differences between accounts in state treasurer's office and comptroller's office.

By Senator Lawrence of the First—A bill to authorize county authorities of counties having a city therein to have or may hereafter have a population of not less than 60,000 nor more than 150,000.

By Senator Walker of the Twentieth—A bill to exempt college endowments from taxation.

By Senator Thomas of the Third—A bill amending the law against incest by making the penalty from five to twenty years.

By Senator Tison of the Tenth—A bill to establish a state depository in the city of Sylva, North Carolina.

By Senator Dobbs of the Thirtieth—A bill to create a state board of electrical examiners, etc.

FULL POWERS TO QUELL DISTURBANCES GIVEN AUTHORITIES BY CODE OF STATE

The almost unlimited power of both civil and military authority for quelling riotous gatherings and the heavy penalty attached to participation in such occurrences, may be found somewhat surprising to such as are not familiar with the penal code of the state.

Whatever may be the cause of such incidents, it would certainly not seem to be a lack of power to stop them or lack of machinery for prosecuting the participants.

The law clothes the military with ample power to put an immediate and effective stop to any gathering of riotous persons.

SALE OF MANSION PROPOSED IN BILL

House Measure Calls for Commission to Determine Disposal of Property—Other Bills Introduced.

The third avalanche of bills rolled into the house yesterday morning and the total for three days is now close to the 200 mark.

A bill to arrange for the sale of other profitable disposition of the executive mansion property was introduced by Mr. Ledbetter, of Polk county, in which the following provisions are made:

Resolved by the house of representatives, the senate concurring, that a commission be and the same is hereby created, consisting of three members, to be appointed by the speaker and two members of the senate, to be appointed by the president of the senate, to determine the best method of disposing of the executive mansion and situated on Peachtree street in the city of Atlanta, Ga., and to report to the house and senate on or before the 1st day of July next, with recommendations as to the best method of disposing of the same, and also the best price that could be obtained for a sale of the same.

Resolved further, that said commission shall proceed at once to ascertain the best method of disposing of the executive mansion and situated on Peachtree street in the city of Atlanta, Ga., and to report to the house and senate on or before the 1st day of July next, with recommendations as to the best method of disposing of the same, and also the best price that could be obtained for a sale of the same.

Resolved further, that said commission shall secure in writing any and all proposals for the sale of the executive mansion and situated on Peachtree street in the city of Atlanta, Ga., and report back to this house for such action as may seem best.

LEWMAN ENTERTAINED BY ATLANTA BUILDERS

President of National Association of Builders' Exchanges Tendered Banquet Here.

Complimenting Harry L. Lewman, of Louisville, Ky., president of the National Association of Builders' Exchanges, the Atlanta Builders' exchange entertained him with a banquet at the Hotel Ansley at 7 o'clock Tuesday night.

HARRY L. LEWMAN.

change entertained with a banquet in the "New York" club room of the Hotel Ansley at 7 o'clock Tuesday night. Thirty of Atlanta's prominent builders and contractors were present at the banquet and entered into the festivities, which are known for their good fellowship and fraternal spirit.

At the close of the last course of the banquet the custom of each introducing his neighbor was carried out.

Before the address of President Lewman, Walter G. Cooper, secretary of the Atlanta Chamber of Commerce, introduced the speaker, who was then called upon to deliver short talks on the work of the Atlanta exchange.

President Lewman in his address stated that the building interests of Atlanta are known throughout the south in account of the energetic part taken by its members in all building activities.

"Some from Atlanta is always on hand when there is building to be done," he said, "and it is for this reason as well as for the reason that the Atlanta builders are recognized business men of the south, that they stand high among other exchanges in the country."

President Lewman emphasized the growth of the organization of which he is so proud. He attributed much of the success of the Atlanta exchange and individual members.

He said that conditions were improving throughout the country, and also that the builders of the country were the ones who would benefit most from the improvement in conditions, but would help other factors to benefit.

Those present were the following: Robert S. Stephens, A. A. Craig, C. B. Moore, Clayton L. W. Johnson, F. C. Gilman, William W. Horn, W. G. Cooper, R. H. Taylor, Charles W. Burdette, H. E. Lewis, J. T. Rose, William Wilson, R. S. West, J. E. Smith, J. D. Hoffman, J. E. Smith, C. A. Alexander, Oscar Veranda, J. E. Smith, T. F. Kennedy, W. E. Sims, R. E. Smith, J. E. Withers, J. E. Smith, Paul Wesley and Ivan E. Allen.

BOY WILL FACE CHARGE TO REGAIN PROPERTY

Lawton Bennett Declares False Accusations Made Against Him at Alamo.

Macon, Ga., June 29.—(Special).—Lawton Bennett, an 13-year-old orphan boy from Alamo, Ga., gave himself up to the local police today and announced a desire to be taken back home to face a grave charge, which he says has been trumped up against him by relatives in an effort to gain possession of money and property left to him in trust by his grandfather.

The boy's story so appealed to the police that they have decided to assist him in getting work, if the authorities at Alamo do not come for him.

"I am tired of being a fugitive when I know that I am not guilty of the charge against me," sobbed young Bennett this morning as he sat in the sergeant's office at police headquarters. "I am an orphan and no one knows how hard my lot has been. They may say that I am guilty of the charge they have brought against me, but I swear that I am innocent and I want to go back and prove that I am a just and upright boy."

Bennett said his mother died when he was four years old and two years later he lost his father. Last February, he says, he left home because relatives were trying to get possession of his property. Now he declares he is tired of roaming about from pillar to post.

The lad was clad in a pair of overalls and a blue shirt that had seen many days' service.

He declined to state the exact nature of the charge against him at Alamo.

BOWDEN IS NAMED AS READING CLERK BY BOIFEUILLET

John T. Boifeuille, clerk of the house of representatives, has appointed J. E. Bowden, of Waycross, to the position of reading clerk today.

John T. Boifeuille, clerk of the house of representatives, has appointed J. E. Bowden, of Waycross, to the position of reading clerk today, to succeed the late D. F. McClatchey as secretary of the senate. In fact, the appointment was made before the convening of the legislature, but no announcement of it had been made until now for the reason that Mr. Bowden was arranging some of his business affairs before entering upon the duties of his new place.

Mr. Bowden is one of the most popular and best known men in Georgia. He is a member of the board of education of Waycross, and is also a member of the state board of education of that city. He was recently elected state president of the Order of Deacons, when Woodrow Wilson delivered an address in Waycross in 1912, while on his tour through Georgia for the presidential nomination. He was introduced to the audience by Mr. Bowden, and Mr. Bowden had charge of his campaign in that section of the state.

Mr. Bowden has participated in many political campaigns in Georgia and is known as a splendid stump speaker. He has a state-wide acquaintance.

Mr. Bowden has an excellent voice and fine presence and is a gentleman of most agreeable personality.

GOOD PEOPLE OF STATE WITH ME, SAYS SLATON

Ex-Governor, in New York, Says Demonstrations Caused No Serious Inconvenience.

New York, June 29.—Former Governor John M. Slaton, of Georgia, declared in a statement here tonight that the good people of Georgia approved his action in commuting the death sentence of Leo M. Frank to a life term in the penitentiary. Only the mob caused him any trouble, he said. He added that time would show the right and wrong in the Frank case.

Mr. Slaton, who was accompanied by his wife, arrived here tonight. He will spend a few days in the Adirondacks and will leave next week for San Francisco. He expects to return to Atlanta on September 1.

"It is untrue that I was caused any serious inconvenience by the demonstrations in Atlanta," Mr. Slaton asserted. "I attended to my duties there as usual. I practiced law in Atlanta for twenty-eight years before I became governor, and I will practice there again next fall."

OXFORD STUDENT WILL TELL STORY OF EUROPEAN WAR

Howard S. Hilley, of Acworth, Ga., who has just returned from Oxford university, England, where he spent last year taking a course under the provisions of a Rhodes scholarship, will be tendered a reception Thursday evening at 8 o'clock at the East Point Christian church.

Mr. Hilley was pastor of the East Point church prior to his departure for England. Wright T. Moore, the present pastor of the church, will make an address of welcome at the reception and T. A. Moyer, president of the Christian Endeavor society, will be in charge of the exercises.

A number of interesting and entertaining features have been arranged for the program of the evening, the most important being a talk by Mr. Hilley, in which he will tell of his adventures in England and of the return trip across the water, now thickly populated with battleships. The public is invited to attend the reception.

WILL UNVEIL MONUMENT TO MARY PHAGAN FRIDAY

Marietta, Ga., June 29.—(Special).—J. Old Morris, commander of Marietta camp No. 763, U. C. V., announces that on Friday morning, July 2, at 9 o'clock the camp will unveil, with short and appropriate ceremonies, at the City cemetery in Marietta, a monument erected by the camp in memory of Mary Phagan.

The camp invites all confederate soldiers and the public generally to attend the unveiling.

Much Corn in Butts.

Jackson, Ga., June 29.—(Special).—Rain which fell throughout the greater portion of Butts county Monday afternoon has boosted the prospects for a record corn crop considerably. Never before since the civil war has there been such a large acreage planted in corn and peas as is to be found in Butts county this season.

PALM BEACH WEEK

THREE NEGROES SHOT AT RELIGIOUS FEST

Athens, Ga., June 29.—(Special).—In a general row which marked the conclusion of the celebration of a mystical religious "feast in the wilderness" as it was termed, three negroes were shot Sunday night at a colored speaker in Danielsville, one of them so seriously wounded that he is expected to die.

Fifteen arrests were made by the town marshal and fifteen trials held yesterday morning by the mayor of Danielsville; some of the defendants were fined various amounts and several were dismissed. Bee Hancock, who is alleged to have done the actual shooting, is at large.

Cured of Pellagra; Woman Is So Happy

Ratiff, Miss.—Ida Creek, of this place, writes: "I am enjoying fine health, better than I have in years. My weight is 116; when I began taking your treatment it was 98. I sure can praise your treatment; can eat anything I want and it don't seem to hurt me."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn, skin peeling of nose, mouth, the lips, throat and tongue a flaming red, with much mucus and choking; indigestion and nausea, either diarrhoea or constipation.

There is hope; get Baughn's big Free book on Pellagra and learn about the remedy for Pellagra that has at last been found. Address American Compounding Co., box 2002, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure.—(adv.)

GRAND JURY TO HEAR CHARGES OF RIOTING

John Ben Hill will deliver a charge to the grand jury this morning, turning over the twenty-six prisoners in the rioting arrests by the militia Saturday morning in vicinity of the State grounds.

Local members of the Constitution today morning the men will be arraigned before the civil courts instead of the grand jury. This was agreed upon Tuesday morning following a conference between Governor Nat Harris and Adjutant General J. Van de Nash. A written report of the twenty-six arrests has been submitted to Governor Harris and the civil authorities by Colonel Orville Hall, commandant of the fifth regiment and director of the militia. The Constitution this morning men will be prosecuted by Solicitor Hugh Dorsey in event indictments are returned by the grand jury and has been fixed for any of the prisoners, and this is not probable until after the grand jury.

Charges are charged in the proposed indictments. The first of "rioting" is a misdemeanor and punishable by a fine of twenty dollars or imprisonment, while the second, "rioting and disturbing the peace," is a felony and punishable by a fine of one to five years.

BRITAIN'S DECISION INDORSED BY TEACHERS

Clarksville, Ga., June 29.—(Special).—The following resolutions were introduced and unanimously passed today by the 140 teachers in attendance at a normal institute at the Ninth District Agricultural school at Clarksville today. The Constitution this morning brought the news that Superintendent J. Brittain had declined the superintendentship of the Atlanta schools to join with the public schools of Georgia.

Resolved, That we hereby express gratification at his decision and at cordially pledge to him our loyalty and hearty co-operation in his effort to build up for the state of Georgia a system of public schools adequate to the demand of the times and the needs of her children.

Resolved, That we as a rural school district of northeast Georgia take new pride at Superintendent Brittain's decision and will consecrate ourselves to the work under his leadership and constructive leadership.

COMPULSORY EDUCATION INDORSED BY TEACHERS

Athens, Ga., June 29.—(Special).—Six hundred teacher-students of the University of Georgia this morning unanimously adopted resolutions, suggested by President Pound, of the State Normal school, and offered by the faculty of the same institution, insuring two measures which are to come before the legislature this morning. The first is a resolution endorsing compulsory education for Georgia, and a measure to insure more prompt payment to teachers for their services.

The passage of the measures and resolution is the first step toward giving publicity to the state to aid in the work under his leadership, expressing the belief that an informal public opinion is a willing public in such matters, and that the movement if presented to it generally by the press.

Berry Crop Fine.

Lverly, Ga., June 29.—(Special).—There is an abundant crop of berries of all kinds in this section this year, according to reports from the farmers. The blackberry and huckleberry crop is unusually fine, considering the dry season, and the berries are already being made for the gathering of the peach crop, which promises to be a record.

MATCH PLAY STARTS IN CITY TOURNEY

Good Matches Played - No Matches Will Be Played Today, Courts Wet.

Match play in the first round of the city tennis tourney was started Tuesday afternoon on the courts at Piedmont park, the entire first round, with the exception of one match being completed.

Every match was a hard fought affair, and some spectacular tennis was witnessed during the afternoon.

The McMullan-Wickie match, was probably the best of the afternoon. Although McMullan won in straight sets, 6-0, 6-1, Wickie put up a good game.

The Rhett-Martin match was also a pretty affair. Rhett, after losing the first set, 6-3, came to life and won the next two, taking the match 3-2.

The champion last year, won his first match, defeating Frank Owens in the second round, 6-0, 6-0.

Owing to the severe rain which drenched Atlanta last night, no matches will be played today, as the courts will not be in shape. Matches will be continued Thursday, provided no more rain intervenes.

The results of all matches played so far, is:

SINGLES: P. L. Wooten defeated Earl Hardwick, 6-0, 6-1.

Mrs. Hoke Smith Ill; Senator Smith Will Join Her Thursday

In response to the joint resolution passed yesterday, Senator Hoke Smith will address the legislature today at 11 o'clock in the hall of the house of representatives.

Senator Smith had intended to leave Atlanta for Atlantic City yesterday, at 2:30, but stayed over a day in response to the joint resolution inviting him to address the general assembly.

Mrs. Smith has been in Atlantic City for ten days, and information that she has not improved as much as it had been hoped causes Senator Smith to abandon his purpose of spending a month here, and he will join Mrs. Smith at once in Atlantic City.

Senator Hardwick, who is also invited by the joint resolution to address the general assembly, will do so at a later date.

DIXIE ROUTE BOOSTERS MEET AT EASTMAN TODAY

Eastman June 29—(Special)—From the responses received from the several counties along the proposed route of the Dixie highway between Macon and Jacksonville a large and enthusiastic attendance is assured for the meeting to be held in Eastman tomorrow.

The efforts being made by the advocates of other routes have had the effect of increasing the interest in the Dixie route to renewed exertions and the object of this meeting is to discuss the whole situation and to make weak points so as to strengthen them and to unite and concentrate the work so as to achieve the best possible results.

LABOR IN THE SOUTH DISCUSSED BY SHIPMAN

Detroit Mich. June 29—Labor Conditions in the South and Industrial Progress in New England were the topics taken up today by the convention here of the Association of Governmental Labor Officials of the United States and Canada.

Mr. Davie compared the average working hours in the textile manufacturing business of the south with the present improved system.

Tenant labor in the south taken as a whole is not what can be called satisfactory, said Mr. Shipman.

The principal reason for this situation is that the large supply of cheap land available makes the tenant farmer careless of fertilization and general improvements.

30 BIG ZINC MINES CLOSED BY STRIKE

Joplin Mo. June 29—Thirty big zinc mines of the Webb City-Carterville district had shut down tonight as a result of a strike of miners which began yesterday.

SEVERAL LOCKER CLUBS MAY SEEK INJUNCTIONS

Some, Denied Licenses by Council, Will Close Lockers Tonight and Await Action.

That the nine clubs that on Monday were denied by general council renewal of their licenses to operate locker club features will not submit to the council without a fight was indicated Tuesday.

The attitude of some of the clubs was to take no step until general council next Monday passes on the six applications that have been held up pending further investigation by the police committee.

The nine clubs denied locker club privileges were The Atlanta club, M & M club, Theatrical club, Greek society, Metropolitan club, the Owls, the Beavers and the Terrace club.

At a conference last night of officers of the Atlanta club it was decided to take no steps until council acts Monday on the remaining six clubs.

Several of the clubs will have representatives at a caucus to be held this morning to determine whether or not to attempt to operate by injunction proceedings.

The Atlanta club and M & M club will close their locker club features tonight at midnight in compliance with the action of council and it is understood that others will take the same course if it is agreed on at the caucus this morning.

Mayor Woodward was non-committal Tuesday as to what course he would adopt in handling the licenses granted Monday to the following five clubs: Capital City club, Turn Verein Standard Transportation and University club.

He said that he did not believe it fair to discriminate, but did not say he would veto the applications already granted. He has until Friday night to approve or disapprove the licenses.

AGED COUPLE KILLED BY THEIR SON-IN-LAW

Westbrook Angered Because Old People Refused to Surrender His Children.

Summit, Miss. June 29—Mr. and Mrs. C. C. Cleveland, both about 70 years of age and prominent residents of Amite county, were shot and killed by their son-in-law, Allen Westbrook, late Monday, according to reports received here today.

Westbrook, who today Westbrooke surrendered to the sheriff at Liberty and admitted that he had killed his wife's parents, the authorities say.

The double killing took place, it is said, upon the refusal of the Clevelands to deliver to Westbrook his three children, who had been in the custody of their grandparents since an estrangement between Westbrook and his wife.

WEST VIRGINIA ARRESTS REDUCED BY PROHIBITION

Charleston, W. Va. June 29—Enforcement of the prohibitory laws, which became operative a year ago, have cut the number of arrests in thirty five towns and cities throughout West Virginia more than one half, according to statistics made public by the department of prohibition today.

During the fiscal year 1914, the last in which statistics were legal, arrests in these communities numbered 14,000, of which approximately one-third were for intoxication. During the fiscal year of 1915, the first in which saloons were closed, the number of arrests was 6,000.
