What was declared by many Atlantans the greatest throng in the history of Atlanta witnessed last night the first night pageant of the Harvest Festival—the Fraternal order parade. The crowd was variously estimated at from 75,000 to 100,000.

Downtown was a seeried mass of humanity Men, women and children jammed the streets to the edge of the car tracks Traffic was suspended for more than an hour Trolley cars became practically lost in the compressed mass Automobiles found themselves imprisoned for the time It was an epoch making throng and the majority of the crowd was composed of out-of-town visitors who had come to attend Wednesday's festivities and the events of today when the festival will be at its height

MARCHERS CHEERED.

The cheers that rent the air when the fraternal order pageant, consisting of 8,000 gaily attired secret order members, along the line of march, were undoubtedly heard far from the shopping district through which the procession moved

The pageant was ample excuse for such greeting Most of the 4,000 marchers were equipped with flaming torches that diffused a crimson glow upon the purple and scarlet of their costumes the floats were illuminated, some of them with electricity The automobiles were lavishly decorated

Starting at the capitol, the procession traveled up Mitchell street to Whitehall through which it proceeded to Five Points, turning there into Marietta and thence to Broad Along Broad street the marchers proceeded to the junction of Broad and Peachtree, swinging into the latter street to Edgewood avenue, down which it coursed to Gilmer, proceeding to the Auditorium-Armory, where the Fraternal order ball was held

Five Points was a sea of human beings Traffic policemen—an entire platoon of them—became discouraged at 7 o'clock in their attempt to control the tide The flood of people overflowed the police lines It was thought at first that the parade would be unable to pass The first line of marshals, however, astride prancing black boys, cleared a way in easy manner, the crowds packing back towards the sidewalks

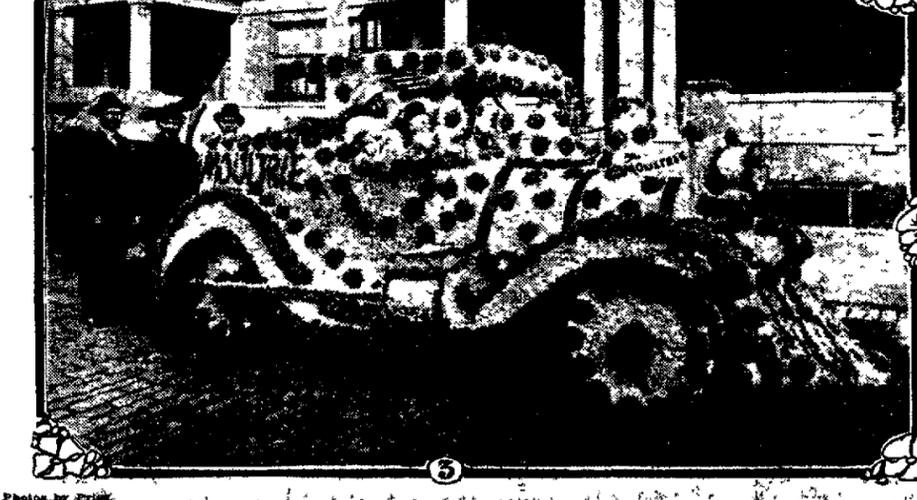

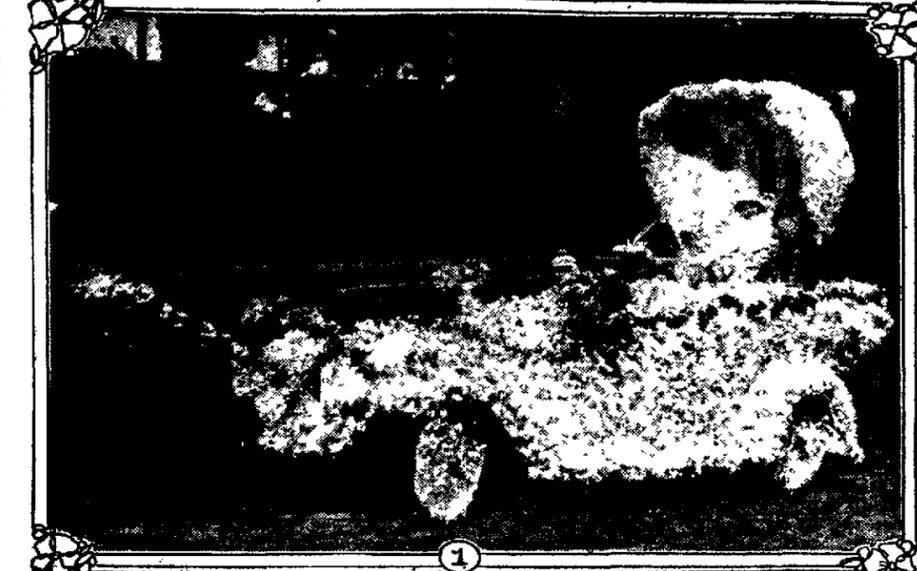

Parade Delayed One Hour. The crowds were forced to wait for an hour before the pageant appeared. This was due to the difficulty encountered in arranging the host of marchers. They were scattered over a wide territory that included Washington street, Mitchell street, Capitol square, Capitol avenue, Central avenue and adjacent thoroughfares

Besides the throng of marchers, there were hundreds of automobiles and floats to be placed in line General Marshal Walter Taylor, with his large staff of aides, had his hands full marshaling the procession. But when it did begin to move, it traveled with precision moving without hitch or mishap along the densely packed line of march to the Auditorium-Armory, requiring less than thirty minutes for the spectacular journey

The crowds were content to wait—and were repaid for their patience. The tribute paid the pageant was heat evidence of this. Satisfied that they would witness one of the most brilliant spectacles of the gala week of Festi-

FACTIONS BURIED AT PROHI BANQUET

Determination Expressed to Work for Enforcement of "Dry" Bills—Felder Praises Governor Harris.

A determination to bury factions and unite in a law enforcement program was the feature of eloquent talks at the dinner given last night by the Atlanta Business Men's Prohibition committee at the Hotel Ansley

Discussing the political significance of the dinner at which were assembled practically all the members of the Georgia legislature, representatives of the press and specially invited guests Thomas B. Felder, master of ceremonies, said "Whenever there is a meeting of twenty or more members of the legislature there is bound to be some political significance attached thereto

Before introducing the speakers, Toastmaster Felder said it had been published that Governor Harris' candidacy for another term would be launched at the dinner. "The good people of the state," he said, "will launch that candidacy."

He spoke of the efforts that had been made to show that the prohibition bills were not constitutional and said they were constitutional from stem to stern. "Some of the newspapers," he said,

BANQUET TO M'COMBS AND M'ADOO CANCELLED

Death of McAdoo's Son-in-Law and Engagement of McCombs Cause Action.

Following the receipt of telegrams yesterday afternoon from William F. McCombs, chairman of the national democratic executive committee, and W. G. McAdoo, secretary of the treasury, to the effect that they will not be able to visit Atlanta tomorrow, the members of the Harvest festival committee have decided to cancel the banquet which was to have been held Thursday night

The decision to abandon plans for the spread was reached at a meeting of the committee in charge of arrangements which was called by President Beaumont Davison of the festival association immediately following the receipt of the telegrams from the two national figures who were to have delivered addresses

Keen regret is expressed by members of the committee that it has been found necessary to cancel the banquet but it is their belief that such action is wise in that the time is so short for securing speakers to take their places. Three days in advance of the date for the banquet more than 800 tickets had been sold and the indications pointed to an event of unusual success

Mr. McAdoo telegraphed that his inability to visit Atlanta is caused by the death of his son-in-law, whose funeral has just been held. He stated that he was greatly delayed in the preparation of his report to congress and that while he would like very much to meet the people of Georgia, he must cancel his engagement to speak to them at this time

Mr. McCombs' message to Mr. Davison follows "It is with great regret that I have to inform you of my inability to come to the merchants' dinner on Friday evening. A professional matter of urgent importance has just arisen which keeps me in New York. I feel deeply disappointed for it always gives me the keenest pleasure to foregather with the forward looking and progressive people of Georgia

We are building upon a sound economic foundation that will give us legitimate feeling of pride for years to come. Pray convey to those present my sincere regrets at not being able to be at the dinner to felicitate with them."

BOMBS DROPPED ON ETERNAL CITY?

Dispatch by Stefani News Agency Seems to Indicate That Austrian Aeroplane Has Shelled Rome.

Rome, November 17—The Stefani News agency has sent out the following dispatch "This morning at 8 o'clock an Austrian aeroplane appeared over the city and dropped five bombs. Only one exploded, slightly wounding five persons. No material damage was done"

The text of the foregoing dispatch might indicate that it has suffered at the hands of the censor, the name of the city being eliminated, or that if a raid was made on Rome merely the briefest details have been permitted to be cabled

AUTO OF DECATUR PARTY IS WRECKED AND GIRL ROBBED

The beautiful auto-float of the maid of honor from Decatur, Ga., was wrecked in an accident at the Carnegie library Wednesday. The maid of honor and her attendants were there prevented from entering the floral parade of the Georgia Harvest festival

The Decatur float were Miss Noble Estelle Clay, maid of honor from DeKalb county, and her attendant, Miss Myrtle Arnold, of Flowilla, Ga. In the confusion a pickpocket robbed Miss Arnold of her pocketbook, which contained some small change. She had just removed her roll of money from her pocketbook, and had placed it in her inside coat pocket

The other machine jared the float and broke the steering knuckle of the Decatur float, making it impossible for it to be guided

Miss Clay's float has been repaired and will be in today's parade. The escort to Miss Clay's car were Robert C. W. Ramspeck and George Ansley, of Decatur

Black Diamond Killed; His Likeness Appears On \$10 Treasury Notes

New York, November 17—Black Diamond, the aged buffalo, whose likeness is printed on \$10 treasury notes and is stamped on the latest five cent pieces, was put to death here today because of old age. He was more than twenty years old, and the largest bison in captivity. He had been in the Central Park corral for many years

Black Diamond's hide, which measured 11 by 12 feet, will be made into an automobile robe. The head, which will be mounted, sold for a considerable amount of money

BUILDING PERMITS FIGURES BRING JOY TO REALTY OWNERS

The skeptic is converted to a booster and the most optimistic booster is amazed at the large volume of local building operations for November. Wednesday's permits, including a \$36,000 application for a northside apartment house totaled \$44,113, bringing November's aggregate up to \$221,617

The middle of the month is barely passed, yet November building is well up with the entire amount of permits issued in November, 1914, which was the banner month of last fall. Permits issued for November 1914, amounted to \$232,104

MURDERED MAN BURIED AT HIS OWN DOORSTEP

He Would Bar Education Of Children of the Poor Above Their Condition

Boston, November 17—Education of children of poor parents above their condition of life should be stopped as a means of improving social conditions, Dr. William A. White, superintendent of a federal hospital for the insane at Washington, said at a meeting of the Massachusetts Mental Hygiene association tonight

"The girls who go to school and learn a little algebra, a little Latin, some history and some music," he said, "are spoiled for their positions in life and are no good for anything else. The same is true of a child born to a bricklayer. Vocational psychology is needed to apply the proper instructions."

DEATH BEST FOR BABY, DECLARES ITS MOTHER

Doctor Who Officiated at Birth Describes Infant's Deformities—Says Baby Would Grow Up a Cripple and Have Fits.

DR. HALSELDEN COMMENDED BY MEDICO LEGAL SOCIETY

New York, November 17—The Medico Legal society tonight commended Dr. Haiselden for refusing to prolong the life of the defective Bollinger baby in Chicago. Speakers said the refusal of Dr. Haiselden to perform an operation was not only saving the child misery, but saving society the responsibility of caring for it

Chicago, November 17—The Bollinger baby, a defective mite whose mother, on a professional advice decided it should not undergo an operation which probably would save its life, died tonight at the German-American hospital. It was known after the decision was reached not to operate that the baby's death was only a question of hours

The child was baptized with the name of John shortly before its death. Mrs. Bollinger was not informed of the death, Dr. Haiselden deeming it advisable to keep the news from the mother until morning

CRISIS FOR ALLIES IN THE BALKANS; GREECE HESITATES AS INVADERS WIN

Main Serbian Army in the North Encompassed on Every Side But One, and in the South Flanking Attack by Bulgars Has Prevented Junction of French and Serbian Forces.

ALLIES ARE RESOLVED TO FORCE GREEK KING TO DEFINE ATTITUDE

Greece Must Join Allies or Declare That She Will Attempt to Disarm Neither Serbs Nor Allied Troops if They Should Be Forced Across the Frontier—Great Britain Already Detaining Greek Ships and France Bars Shipments Destined for Greece.

London, November 17—Both the military and diplomatic situation of the allies in the Balkans is disquieting, if not critical a fact which doubtless led to the visit of the British prime minister Mr. Asquith David Lloyd-George and A. J. Balfour to Paris for a conference with the French cabinet and General Joffre the French commander-in-chief

The main Serbian army under General Putnik, operating in the north, is now encompassed on every side but one and being cut off from the south by the Bulgarian advance beyond the town of Debratza on the rough roads through Montenegro and Albania for any supplies from the sea

In the south the Serbian position is almost as bad. The success of the Bulgarians' flanking attack on Habina, has prevented the junction of the Serbian and French forces. This leaves the Serbians only two lines of retreat, one into Albania where they may be harassed by unfriendly tribes, and the other across the Greek border where they are in danger of being disarmed and interned. It is to prevent the latter eventuality that the allies are putting forth every effort and unquestionably this matter has been discussed in Paris by the British and French ministers

BRITAIN HOLDS GREEK SHIPS

The British government has taken further action by the issuance of an order that no Greek vessel except those loaded or loading, may proceed to its destination, and a dispatch from Marseilles says the French government has ordered the port authorities to accept no further shipments of merchandise destined for Greece

Lord Kitchener, the British war secretary who, it had been stated, was to back M. Cochin, member of the French cabinet who, given an enthusiastic reception at Athens by the municipal authorities and the people, is expected to express firmly the French view of what is considered the unsatisfactory reply of Greece to the entente powers request for the safe conduct of both Serbian and allied forces should they be compelled to retire into Greece

office tonight issued the following: "Army of the East. On November 18 the Bulgarians abandoned their attacks against our front on the left bank of the Corana, to the west of Krivopal. They withdrew on the Archangei heights to the north of the village of Olcevo, leaving many bodies. After three days' fighting the Bulgarians have lost four thousand men. Our losses were slight. To the north of Rabrovo we bombarded an enemy convoy which was proceeding in the direction of the Bulgarian town of Strumitsa."

are still holding Babuna pass. The time at which the message from Saloniki to Athens was filed, however, is not given. "Desperate battles continue between the Serbians and Bulgarians in the Tetovo district," the correspondent telegraphs. "Reinforcements are continually arriving on both sides, which shows the capital importance attached to this point by both sides. The Bulgarians are still carrying on the movement intended to turn the Serbian positions at Babuna pass and reach Perlepe. If the operation succeeds the Serbians will be forced to abandon Babuna, but the Bulgarians in consequence of the lack of practicable roads, will be unable to advance beyond Saloniki. "In the Corana river region the Bulgarians victoriously repelled all Bulgarian attacks and the Bulgarians lost heavily."

Saloniki, November 17—(Via Paris) In addition to the Bulgarian column which turned the Serbian position at Babuna pass, a second Bulgarian force is advancing on Kostovo from Kkendelen. The Bulgarians are reported to be withdrawing from the Corana river section which is held by the French. The French report many desertions from the Bulgarian army. Paris, November 17—A dispatch from Saloniki, Greece filed yesterday to the Havas News agency, says: "Releasable news indicates the Serbians are defending Babuna pass with only 1,000 infantry. The Bulgarians, however, have not yet succeeded in displacing them. "The families of the consuls of the power and the Serbian authorities have arrived here (Saloniki) from Monastir, where great anxiety is manifest. It is said British reinforcements are about to start for Monastir. "Semi-official reports having a Serbian source are that the Serbians are still holding on the Kachanik front."

Attempts to Cross the Dvina River Thwarted—Austro-Germans Attack on River Styrr But Are Repulsed. London, November 17.—Attempts by the Teutons to cross the Dvina river below Dvinsk were repulsed by the Russians, west of Dvinsk the Teutons are declared to have been driven out of their trenches. Further south, in the region of Czartorysk, the Austro-Germans are still carrying on a heavy offensive movement along the left bank of the Styrr river but the Russians have driven them back several times. The presence of Russian warships on the coast of Courland where they have been bombarding the German positions, suggests that General Ruzsky has not concluded the offensive which he undertook west of Riga. Reports from the western front indicate that military activities there are limited to rather general artillery exchanges.

Queen Regina Visits Midway; "Had Great Time," She Says

"Make way for the queen's party," shouted two husky policemen at the carnival last night.
Queen Regina Rambo, with some of her attendants, was taking in the Con Kennedy shows.
Police Chief Mayo extended the queen the courtesy of granting her two of

his huskiest bluecoats to make way in the big crowds for her party.
Directly behind the policemen the queen and her escorts followed, then her attendants and their escorts and the chaperons.
Everybody gave way and looked with eager eyes at the queen.
"The Miracle" was visited, where the actors, as a courtesy to Queen Regina and her attendants, exerted their best efforts. Then came the fancy divers, the auto and motorcycle races, the Russian dancers, the educated mules and ponies, aerial wheel and dozens of other shows. All for nothing—also a courtesy from the Kennedy management.
"I had a great time," said the queen, "and I think the Kennedy shows are wonderful."
Queen Regina and her attendants tried their luck at pitching balls for dolls. Miss Hortense Herrman and the queen each won a big doll.
In the queen's party were Miss Bessie Kempton and Miss Hortense Herrman, attendants; Miss Elizabeth Hines and Miss Mary Lucy Turner; escorts, James Palmer, J. A. Burdett, John Burke and John Wood, Jr.
Mr. and Mrs. Carl B. Rountree chaperoned the party.
The two policemen who were detailed by Chief Mayo to open up a path for her in the crowds were Officers W. L. Eberhart and B. Corington.
All the personal attendants of Queen Regina will meet her at the Piedmont hotel promptly at 2:30 o'clock this afternoon, at which time the official picture of the queen and her twenty-four personal attendants will be made. At 4:00 o'clock a reception will be held for the queen in the reception room of the Piedmont.

100 WOUNDED SOLDIERS LOST WITH THE ANGLIA

British Hospital Ship Sunk by Mine in Channel—Some Nurses Aboard.

Dover, November 17.—The hospital ship Anglia, with about 300 wounded men aboard, in addition to the crew, nurses and attendants, bound from France for Dover, struck a mine in mid-channel today and sank. Nearly 100 men, most of them seriously wounded, lost their lives.
The collier Lusitania, which was nearby at the time of the accident, immediately went to the Anglia's aid and her boats had just been lowered when she also struck a mine and foundered. All her crew were saved.
A patrol vessel rescued three hundred of the Anglia's passengers and crew, including some nurses. A number of bodies were recovered.
The following official communication concerning the disaster was made public:
"The war office reports that the hospital ship Anglia struck a mine in the English channel today and sank. The total number on board was 12 officers and 372 men of other ranks, of whom about 300 were saved by a patrol vessel.
"Another ship proceeding to the rescue was also sunk by another mine."
"King George's" was shocked to hear that the Anglia, which so recently conveyed him across the channel, had been sunk. His majesty is grieved at the loss incurred, but trusts that the survivors have not unduly suffered from their terrible experience."
TWO BRITISH SHIPS SENT TO THE BOTTOM.
London, November 17.—The steamer Lusitania of London has been sunk. Her crew was landed.
The Lusitania, which was a vessel of 1,334 tons, was built in 1903 and owned by J. Hall, Jr., & Co. of London, was in the London-Lisbon trade.
The British steamer Tenebris, a vessel of 3,282 tons, owned by the Hain Steamship company, of St. Ives, England, has been sunk. She was built in 1905.

Listing Some of the Fabrics That Distinguish the Silk and Dress Goods Sections

We prepared for this display and this announcement, prepared in good time.
Several weeks ago the Silk and Dress Goods chief went into New York a-seeking and a-searching for whatever was new and attractive; that, after the splendid business of the early season he might keep his stocks fully representative of the fashions.
Today, in the week of visiting crowds, we submit a display that does splendid justice to the fashions.

THE SILKS

- BEAUTIFUL PLAIDS, \$1.50 to \$3.00 a yard**—The Autumnest Autumn colors in striking contrasts, in the richest glowing tones, one blending with another. 40 inches wide. The stripes that carry out the same ideas are \$1.25 to \$3.00 a yard.
- A CREPE DE CHINE AT 98c a yard** is one of the marvels of the display. It is silk, all silk, from selvage to selvage, a heavy quality and a shimmering surface. It is 40 inches wide and comes in navy, Alice, flesh, pink, maize, yellow, black and white.
- OTHER CREPES DE CHINE, \$1.50 to \$2.00 a yard**—Qualities a woman must admit are superb. 40 inches wide, in navy, French blue, light blue, rose, maize, gray, Nile, wistaria, African brown.
- COLORED TAFETAS \$1.00 a yard**—Plain and two-toned effects. 36 inches wide, street and evening shades.
- FAILLES \$1.75 a yard**—It is 36 inches wide, very soft, and comes in black, white and colors. The "Wexbar" faille, one of the rarely superb fabrics of the season, is \$3.00 a yard and comes in all colors; 44 inches wide.
- GEORGETTE CREPES, \$1.50 and \$1.75 a yard**—In white, black and colors. Crepe Lunettes, similar to the above, perhaps a finer weave, 40 inches wide, all colors, \$2.00 a yard.
- COSTUME VELVETS, \$1.25 a yard**—A soft and decidedly usable quality. 24 inches wide, in black, navy and African brown.
- CHIFFON VELVETS**—A black is a special value at \$4.00 a yard, in colors, navy, bronze, Russian green and brown and black, at \$5.00; 42 inches wide.
- CORDUOYS \$1.00 a yard**—In black, navy, gray, green, brown, red, rose and white, 32 inches wide. The imported corduroy as lustrous as velvet 24 inches wide, is \$1.50—black, navy, African brown.

DRESS GOODS

- POPLINS, \$1.00 a yard**—Strong, long wearing; about every color; 44 inches wide.
- EPINGLES, \$1.50 a yard**—A splendid fabric for separate skirts; 52 inches wide; in black, navy, green, gray, African brown, wistaria and peacock.
- GABARDINE, \$1.75 a yard**—One of the favored tailoring cloths; very serviceable, very smart; black and colors; 52 inches wide—other qualities are \$2.00, \$2.25 and \$2.50 a yard.
- PLAIDS, \$1.50 and \$2 a yard**—Decidedly Scotch; for coats, for dresses; 54 and 56 inches wide.
- CLOAKINGS, \$1.50 to \$2.50 a yard**—Plaids, black and white checks, diagonals, 54 to 58 inches wide.
- FUR-TEX CLOAKINGS, \$4.00 to \$5.00 a yard**—It looks like fur, navy, African brown and black; 50 inches wide.
- WHITE CHINCHILLA, 50 inches wide, \$3.00 and \$3.50 a yard.**
- BROADCLOTH, \$1.75 a yard**—Its quality is exceptional at this price; black, navy, green, gray, brown, taupe and plum. 54 inches wide.
- BROADCLOTHS, \$2.00 to \$3.00 a yard**—Their richness grows on you as you compare them with the average sorts at their prices; street and evening shades; 54 inches wide.
- KITTEN EAR CLOTH, \$3.50, \$4.50 and \$5.50 a yard**—The glorified broadcloth; its softness and surface won its name; in many new shades. 54 and 56 inches wide.
- DUVTYNE, \$2.00 to \$3.00 a yard**—in which some of the most notable suit styles have been developed this season. 54 inches wide.
- ASTRAKHAN, \$3.50 to \$6.00 a yard**—Black, woolly, curly!
- FRENCH SERGES**—A notable quality at \$1.00 a yard; 44 inches wide. A still more notable quality at \$1.25, in the color you want.

FACTIONS BURIED AT PROHI BANQUET

Continued From First Page.

"are in a frenzy because the legislature did not go far enough and prohibit the shipping of whiskey in any quantity into the state. The legislature went just as far as it could and that was to limit it for private use. He introduced Governor Harris as Georgia's illustrious, distinguished and patriotic governor.
Governor Harris spoke of the prohibition law and said when he signed the law he said it was the greatest duty of his life for the uplifting of the state.
"You have talked about liquor traffic in the state," he said, "and on May 1 of next year Georgia will be dry as sure as you are born."
"He said he was glad there had been a minority to fight because it made the victory all the greater."
"This is a time of true thanksgiving," he said, "and I call upon all Georgians to get together and see that the law is enforced."
The next speaker was Senator Ogden Persons, president of the senate, who paid a high tribute to the present legislature as a great working body which had but one object in view and that was to transact business.
Speakers of Evening.
He was followed by William H. Burwell, speaker of the house, who stressed his loyalty to the prohibition cause from the time he entered politics. He discussed at some length rights of minorities in legislative assemblies and the wisdom of safeguarding them.
The other speakers were Dr. Stovall, the senator who made such a strong fight for the prohibition bills; Representative H. W. Hopkins, one of the prohibition leaders in the house; Robert B. Blackburn, leader of the anti in the house; Dr. G. W. Eichelberger, of the Anti-Slavery League of Georgia; W. S. Witham, a leading prohibitionist; W. Woods White, another leading prohibitionist; W. C. Nell, member of the house from Muncie county; Marjorie Jackson, editor of "The Way," Atlanta's new weekly.
As Mr. Blackburn was the only anti who spoke his speech was of special interest. He said he had bought the drastic bills because he believed in local option and he had not changed his views. Before he spoke he was presented by one congressman with a beer bottle filled with water.

EDUCATOR SHOE

Unless breaded thus, it is not a genuine, correct-shaped Educator

Have Foot Freedom!

THE binding pressure of narrow, pointed shoes bends the bones and thus causes all corns, bunions, callouses, ingrowing nails, fallen arch, etc.
Wear Educators and free your feet! Nature will relieve you of all foot-ills. And if your children always wear Educators, they'll never know foot-ills.
Get the whole family wearing them. But be sure EDUCATOR is branded on the sole—if not, you haven't the genuine, orthopedically correct Educator shape. Made only by

Corsets That Were \$3.50, \$4.50 to \$6.50 are \$2.19

Here is opportunity that might be written in bold red letters. The savings justify it.
Corsets that, when we had every size of every style, were sold at \$3.50, \$4.50, \$5.00 and up to \$6.50, are marked \$2.19. Every one is a model new this season, and there are a number of models, in—
medium and high busts, medium and long skirts, for the slender, the medium and stout figure. The latter often show the elastic insert and lacing over the abdomen. There are coutils, there are batistes, there are brocades.

Brassieres at 89c, Usually \$1.50
Because we have now but a few of a size. All-over embroidery; neat patterns; they fasten in front. Others of Cluny and Filet laces are \$1.00. Ordinarily they would be \$1.50.
Bandalets, confining the bust, of linen mesh, in white and flesh, are \$1.00.

Outing Gowns, Many Sorts, 50c to \$2.00
Neatly patterned and colored outings—stripes and checks—edged now and then with braids. Some have hoods and foot pockets—for those who sleep in the open. They are \$1.00 to \$1.50.

HOUSE AND SENATE BUSY CONSIDERING STATE ROAD BILLS

Many Objections Are Heard to Appointment of Members of the Assembly on W. & A. Commission.

FIGHT MADE WEDNESDAY ON EXPERIMENT STATION

Objection Is Also Made to Providing \$14,000 for Department of Keeper of Public Buildings.

FAVORS RESTORING CUTS.

Disregarding the cuts made by the house in the appropriations bill, the senate appropriations committee today will recommend that it pass in substantially the same form it was recommended by the house committee.

The bill went to the appropriations committee at Wednesday morning's session and the committee members began immediate consideration of the measure.

Consideration of the Western and Atlantic commission bill featured yesterday's sessions of the senate and house, the Dobbs-McLaughlin measure being passed by the former body and the committee substitute for house bill No. 1 being considered by the lower house.

After marking time for several days, the senate became a busy body Wednesday morning. The motion of Senator Moon to substitute the Dorris bill for the one which was passed was withdrawn after certain amendments had been made in the Dobbs-McLaughlin measure.

As it goes to the house, the senate bill provides that the commission to have charge of the Western and Atlantic and to arrange for the lease of the road shall be composed of the governor, the chairman of the railroad commission, two members of the senate and three members of the house.

The commission is empowered to make investigations and to submit recommendations to the general assembly, authority to perfect the road being withheld from the body provided for in the bill.

The attorney general and the special attorney for the railroad commission are to act as advisory counsel for the commission, the senate rejecting the suggestion that the commission be empowered to employ additional attorneys if they are needed.

An amendment adopted provides that the commission shall gather data and information on the question of extending the road to the sea, the probable cost of such extension and the routes to be traveled.

The general appropriations bill was read for the first time in the senate Wednesday morning and was referred to the appropriations committee. That body considered it Wednesday afternoon and Wednesday night and the indications were that it would be re-

made in the house are likely to be made the basis for a fight before the committee, and it is understood that the final disposition will be made in the house in the restoration of original appropriations.

House Considers Bill. The afternoon session of the house was devoted largely to the reading of the bill for the restoration of original appropriations.

This bill provides for the leasing of other disposition of the Western and Atlantic road, the creation of a commission whose duties and powers are defined, the appointment of a director to have charge of the road, with which to carry on the work of the commission.

Acting as the committee of the whole, with Mr. Spaulding in the chair, the house heard various amendments the majority of which pertain to the personnel of the commission.

State Experiment Bill. The experiment station appropriation went through a stiff fight in committee of the whole, with Mr. Wohlwend, of Muskego, in the chair.

When the bill came into the house, Mr. Wohlwend, of Muskego, moved to table it, but the motion lost and the bill, on the chair ruling that, through lack of a constitutional majority, it was lost.

With such financial skill did John Sherman, when secretary of the treasury, market the bonds which were issued to enable him to prepare thoroughly for the resumption of specie payments on January 1, 1875, that Secretary Sherman is spoken of as one which would of itself rank Mr. Sherman as one of the great governmental financiers. It has been brought to mind within a few days by an announcement, unofficially made, of a change in one feature of the plan for financing the Anglo-French loan.

dren, the state's very life and future, pay the penalty for the moral step forward taken by the state.

THE STATE AUDIT.

The legislature, at the instance of Senator John D. Walker, of Sparta, has enacted a joint resolution calling for an audit of all of the state departments, from the state treasury throughout the list, which receive, handle and expend public funds.

This is purely a business proposition. There is scarcely any business, however small it may be, but needs this service, not simply now and then or at long intervals, but regularly and periodically.

Those interested in any business must depend upon periodic and impartial investigation to place before them the true status of its condition. How much more important is this where the people of a whole state are concerned, not one in a million of whom has time or opportunity to make personal inquiry, is a self-evident proposition.

The state of Georgia, through its treasury department, receives, handles and expends more than \$6,000,000 every year. This is the money of the people. Its various departments and institutions receive, handle and expend these funds.

There is in the Walker resolution not even the remotest questioning of the honesty or the efficiency of any single one of Georgia's officials or public servants.

The state is entitled to this knowledge of the administration of its finances. It should be presented in ultimate detail for all who want to know, and Georgia can make no better investment than the comparatively small one necessary to meet the expenses of an official audit which will give the state double assurance of the economical and careful handling of the people's money.

NO BACKWARD STEP.

Governor Harris has signed the measure writing radical prohibition into the laws of Georgia.

Now the general assembly, responsible for that advance step, can the least of all others afford to cut the maintenance funds of the educational and eleemosynary institutions of Georgia.

The Constitution recently pointed out the inconsistency and the danger of legislation which, in one breath, establishes a great reform, and in another takes a backward step.

The true spirit that should govern this legislature in its consideration of the needs of these important state institutions is well expressed by Superintendent A. H. Moon, of the public schools of Baxley, in a communication published today and directly in line with what The Constitution has contended. Superintendent Moon says:

By passing prohibition that will enforce temperance, our legislators have done more for the state than they have done for the state in any other way.

The situation is this: The appropriations committee of the house of representatives went thoroughly into the subject of the needs of these Georgia institutions, and gave them maintenance appropriations which, while they fell short of actual needs, were within the limit of the state's ability.

The Milwaukee Journal settles the problem in this fashion: "We were succinctly informed that women wear fur-topped shoes for the same reason men wear cuffs on their trousers, after which we held our peace for a long time."

The Florida Times-Union says Editor Bok, of The Ladies' Home Journal, is a millionaire. And, just think: We knew him when he didn't have a magazine to dress in!

In accordance with custom, Georgia will sing at the close of the extra session of the general assembly: "Praise God, From Whom All Blessings Flow!"

Still, when a barbarian hears a nation assert that it is fighting for "civilization," he doesn't feel like relapsing into the light.

Don't overlook the fact that the money American tourists have spent at home this year has helped to make prosperity.

If one stops to sum up, he will find so much prosperity he will be in favor of a continuous festival.

England doesn't care to make the kaiser "take water" as far as the Suez Canal.

German officers in Greece make the situation more complex for the anxious allies.

Anyway, they can't say they haven't made Greece fight to keep her neutrality.

At last Georgia became fully resigned to preparedness for the extra session.

It is also time for a Suez Canal slide out of trouble.

Prohibition Legislation

(From The Savannah News.) It may be considered settled that Georgia will go dry again May 1, 1916. The senate is expected to concur in the house amendment to the most important of the prohibition bills, which would make the season of drought begin with that date.

OFFICERS ADDRESS U. D. C. CONVENTION

Address by Mrs. Lamar Features Morning Session. Delegates Tendered Elaborate Reception at Night.

Thomasville, Ga., November 17.—(Special.)—The delegates to the twenty-first annual convention of the Georgia division, United Daughters of the Confederacy, in session here, tonight enjoyed a large reception tendered to them by the members of the residence of Mrs. James Watt, vice president of the chapter. Today the delegates were entertained at a very beautiful luncheon by the John B. Gordon chapter. At both entertainments there were quantities of lovely roses, the flowers for which Thomasville is noted, used profusely in the confederate colors of red and white.

At the meeting this morning the chief feature was the annual address of the president, Mrs. W. D. Lamar, which was listened to with close attention by the delegates and visitors. It was very full and comprehensive and told most interestingly of the work that has been accomplished by the Georgia division and the progress of the new work ahead. At the close of the address reports were heard from other officers of the division and from various committees, including the free scholarship committee, the educational committee and the Helen Plane Endowment fund.

At the afternoon session there were more reports from the text book committee, Mrs. Z. Walker, Georgia room at Richmond, committee, Mrs. R. L. Night, North Monument committee; Mrs. J. K. O'Leary, Arlington Monument committee, Mrs. Roushville, and also reports from the recorder of crosses, Miss Rebecca Dupont, the state historian, Mrs. J. W. Reeves and the state historian, and committee on historical research, Miss Mildred Rutherford. It was at first feared that Miss Rutherford would not be able to reach here as she had somewhat delayed her leaving Savannah, where she had been since the meeting of the general convention of the United Daughters of the Confederacy, but she arrived this morning and will deliver her costume lecture tomorrow evening.

The officers of the state division are: president, Mrs. Walter D. Lamar, of Macon, first vice president, Mrs. Herbert Franklin, Tennesse, second vice president, Mrs. Zebulon Walker, Canton, third vice president, Mrs. B. C. Brown, Macon, recording secretary, Mrs. J. E. Hayes, Montezuma, corresponding secretary, Mrs. Duncan Brown, Macon, treasurer, Miss Mattie Shobley, Rome, registrar, Mrs. Howard McCall, Atlanta, historian, Miss Mildred Rutherford, Athens, auditor, Mrs. J. W. Wilson, of Macon, official reader for 1915 convention, Mrs. Albert Riley, Thomasville.

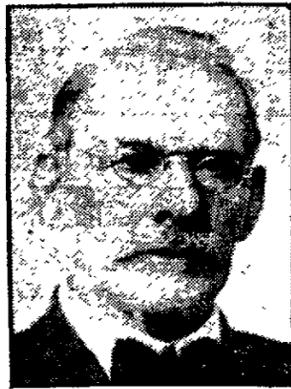

With 137 delegates in attendance, the convention is proving one of the largest and most interesting in the history of that organization.

The question of a president to succeed Mrs. Walter Lamar, who having held the office for four years is no longer eligible, is one of the most important matters being discussed in this connection are Mrs. Zebulon Walker, of Canton, Mrs. Herbert Franklin, of Tennesse, and Mrs. McCall, of Atlanta.

HON. M. H. COUCH DIES SUDDENLY AT SENOIA HOME

Senolia, Ga., November 17.—(Special.)—Hon. M. H. Couch, of Senolia, merchant, banker and ex-legislator, died suddenly of heart failure Tuesday night at 10:30 o'clock at his home here.

Mr. Couch was a native Georgian, born in Coweta county on February

HON. M. H. COUCH. Who died suddenly Tuesday at his home in Senolia.

14, 1837. His father was Matthew Couch, a native of South Carolina, who moved to Georgia and settled on a farm in Coweta county where Mr. Couch was born and the earlier years of his life spent.

At the outbreak of the war he was twenty-four years old. He immediately enlisted in the Second Georgia battalion in a company commanded by Captain L. T. Doyle, the battalion being under the command of Major Thomas Hardeman. In 1862 he was elected sergeant of his company and served in that rank until the end of the war. His battalion was attached to the army of northern Virginia, and Mr. Couch participated in all the famous campaigns of that great army. Upon his return home he engaged in the mercantile business and up to a few years ago operated the most successful and largest business establishment in Senolia. At one time he was president of the Farmers and Merchants' bank and proved to be successful as a banker as a merchant.

Mr. Couch was also a prominent Mason, having held many positions of honor in the fraternity. Though a staunch democrat he refused to accept any public office beyond the mayor of his town until he was finally induced to become a candidate for the legislature, to which he was elected and served for four sessions, 1867-1910, and his career in the legislature was the same as in business—that of a steady, conservative and honorable man.

As a citizen of Senolia and Coweta county he not only always held a prominent place by reason of his splendid business connections, but also for his kind, genial nature, which made him loved and appreciated by the whole town of Senolia, to which he proved a true friend and neighbor.

He is survived by his wife and three daughters, Mrs. George D. Pollock, of Birmingham, Mrs. Sterling J. Elder, of Atlanta, and Mrs. George N. Nolan, of Orlando, Fla. several grandchildren and a large number of relatives in the state. A sister, Mrs. T. H. Carlton, also survives.

The funeral will be held at the Baptist church here Tuesday afternoon at 2 o'clock. The interment will also be here.

COMMITTEE TO URGE RIVER IMPROVEMENT

Gov. Harris Expected to Name Georgians to Appear Before Congress.

Governor Harris is expected to appoint within the next few days a committee of fifteen prominent Georgia citizens to go to Washington, without expense to the state, at some time during the coming session of congress, to carry out the purposes of a joint resolution just passed by the Georgia legislature in urging upon congress and the democratic administration the importance and value of improving certain rivers in Georgia, Alabama and Tennessee.

The legislatures of Tennessee and Alabama have already passed similar resolutions and will likewise send committees to Washington for this purpose at the same time.

The rivers mentioned in the resolution and to which it is proposed to direct the attention of congress include the Coosa, the Chattahoochee, in which Atlanta is especially interested, the Ocmulgee, the Savannah, the Altamaha and particularly the Muscle Shoals section of the Tennessee river, and the improvements has not only to do with navigation, but with the establishment ultimately of an extensive industry for the manufacture of nitrate of which Chili is now this country's sole supply.

The resolution as passed by the legislature strongly commended President Wilson's program of preparedness and suggested in this connection the importance of developing and utilizing our own natural resources, as has been done with such success in

the case of Germany. In the last fifty years this country has bought \$300,000,000 of nitrate from Chili to make fertilizers and gunpowder. It is now claimed all these nitrate can be produced at home if the proper power is developed.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has notified a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. "Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back."

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

I would be willing to back Prudence of the Parsonage as the cleanest, sweetest, most wholesome and entertaining piece of fiction of the season.

Youth Tells Recorder Of Wholesale Thefts Of Autos in Atlanta

After confessing that he stole nine automobiles in three weeks, Stewart Orgain, a white youth, aged 18, was held in a bond of \$500 by Recorder Johnson yesterday afternoon.

Orgain had stolen the cars and after taking them into the outskirts of the city removed the tires and parts of the machinery which he sold. All of the wheels and the parts he had sold were recovered by the Detectives.

Orgain made a full confession. He said he jumped into autos and after driving them to a secluded spot took off what he thought he could sell.

KILLED WHILE TRYING TO JUMP MOVING TRAIN

Waycross, Ga., November 17.—(Special.)—To board a moving Waycross and southern train at Hopkins, twenty miles south of Waycross, J. O. Davis, 24, was thrown under the train and instantly killed today.

He had been employed by the Hebard Cypress company four years, coming here from Hartsville, where his mother and other relatives live. Coach wheels passed over his head. Before he was thrown under the train he made two efforts to get aboard, missing a hold each time. The body was brought here tonight and buried for burial. He was very popular and a member of a well known family.

THE WAY will hold that—

Co-operation forms and maintains the family, community and state.

Co-operation shelters, feeds and clothes mankind.

Co-operation connects farm, factory, store and bank; it joins home to home; and links country to city, city to state, state to nation, and the nation to the world.

Where it is lacking, lawlessness reigns. Where it is pretended, hypocrisy is added to contempt for law. Where it is half-hearted, the home breaks, city and state divide, and wretchedness begins to undermine the whole.

But when men and women work together and with God, they make an end of disregard for the rights of others, commercialized vice, cut-throat competition, the imperfect distribution of capital, labor and food, the liquor traffic and all other causes of human misery; they reach the highest goal, the happiness of all.

CO-OPERATION WILL BE THE PLATFORM OF THE WAY.

HOW TO GET RID OF DANDRUFF

This Home Made Mixture Removes Dandruff And Stops The Hair From Falling Out

The following simple recipe which can be mixed at home or put up by any druggist will quickly remove dandruff and stop the hair from falling out. To a half pint of water add 1 oz. of 83 rum, 1 small box of Barbo Compound and 1/4 oz. of glycerine. These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks then once every other week until the mixture is used. A half pint should be enough to rid the hair of dandruff and kill the dandruff germs. It stops the hair from falling out and relieves itching and scalp diseases. Although it is not a dye it acts upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promoted the growth of the hair and makes harsh hair soft and glossy.

WILL PRESENT PRIZES IN THE HOUSE TODAY

Corn Club Boys and Canning Club Exercises Will Be Held Today.

Preparations have been completed for the exercises which will be held at the hall of the house of representatives today for the presentation of prizes to the members of the Boys' Corn clubs and the Girls' Canning clubs. The committee on arrangements has named 9 o'clock as the hour for the beginning of the ceremonies and privileges of the floor of the house will be extended to the hundreds of club members who will be here for the event. Governor Harris will be the principal speaker, while the prizes will be presented by President Persons, of the senate and Speaker Burwell, of the house. President Persons will present the prizes to the girls of the canning clubs and the boys of the corn clubs will receive their awards from Speaker Burwell. Professor Andrew Soule, of the Agricultural college, will deliver a short address to the boys and girls, dealing with the work in which they are engaged. Extensive preparations have been made for the meeting, and keen interest is being manifested in it by the boys and girls. It is expected that the galleries will be crowded Thursday for the occasion.

Brings Familiar Phrase Here

"BABE" BROWN, Who helps to keep the crowds merry at the Con T. Kennedy shows

Babe Brown, the clever ballyhoo girl on the Dolly Varden candy wheel at the Georgia Harvest festival, won the hearts of the midway patrons who thronged the streets yesterday afternoon and last night. Babe is an artist in her line. She is pretty, she is attractive and she is well educated, all of which combine to make her the most successful operator ever with the Con T. Kennedy shows. 'The Little Boy Got It' is a stock phrase with Babe. One she has used from the Atlantic to the Pacific coast and never is she a city more than a day or two from the younger set. Babe is using the expression, and like slang makes a hit immediately. When some young man, even an elderly gentleman, wins a box of candy, he gets his reward from Babe who waves the candy in the air and pointing at the lucky fellow with the other hand shouts, 'The Little Boy Got It.' The crowds enjoy the humor of the situation and many have stood around her wheel for an hour or more being as well entertained and as satisfied as though they were in show. Yesterday afternoon there were so many around Babe's wheel at Fuckle and Cone streets that traffic was temporarily blocked and all of them wanted to buy tickets on the candy wheel to get the best candy of the

DODGE BROTHERS MOTOR CAR

When you ride in it you will realize that it has all the responsiveness, comfort and power you want in a car. It gets away instantaneously and skims the road silently and smoothly without motor vibration or sideway at high speed. The motor seems always to have more and still more power when occasion requires. There is no choking at low speed in high gear, and there is an unusual freedom from gear shifting. At full speed there is scarcely a tremor of the motor. The motor is 30-35 horsepower. The price of the Touring Car or Roadster, complete, is \$785 (fob Detroit).

PROHIBITION MEASURE SIGNED BY GOVERNOR

Three More "Dry" Bills Will Be Signed at 9 O'Clock This Morning.

The omnibus prohibition bill became a law of Georgia yesterday afternoon when Governor Nat E. Harris, in the presence of many of the friends of the measure, affixed his signature to the measure. The bill was signed with a gold pen which later was presented by the governor to Senator Skovall who introduced the bill in the senate. Nine o'clock Thursday morning was named as the time for the signing of the other prohibition measures. It originally was intended that they should be signed Wednesday with the principal prohibition bill. However, they were not ready for the governor's signature, which was responsible for the delay. The three bills to be signed Thursday are known as the anti-shipping bill, the anti-advertising bill and the bill repealing the tax on locker clubs near beer saloons and breweries. One of the bills to be signed Thursday morning will be presented to Representative Hopkins, who led the fight for the prohibition bill in the house. In addition to the authors of the bills there were in attendance upon Wednesday afternoon a number of the representatives of the W. C. T. U. and a number of Atlanta citizens who have been active in the movement looking to the making of Georgia a "dry" state. The fact that beauty is only skin deep is mighty comforting to those who haven't any.

GOOD ROAD BUILDERS WILL MEET IN MACON

Legislature Urged by Commissioners to Establish State Highway Commission.

With the selection of Macon for the 1915 convention of the Association of County Commissioners of Georgia and the adoption of resolutions calling upon the legislature of next summer to establish a state highway commission, a two days discussion of good roads by Georgia commissioners and road engineers from many parts of the south came to a close yesterday afternoon in the Kimball house. Clark Howell, Georgia commissioner of the Dixie Highway association, emphasized the state-wide importance of good roads. He said that their benefits fell not so much to the cities and towns of the state as to the communities and that the establishment of such a system was a development in the direction of state-wide improvement. The county commissioners were unanimous in agreeing that a state highway commission should be created as soon as possible and that the smaller counties may have the benefit of an expert engineer in the construction of their roads together with data as to their construction and maintenance and that the state of Georgia may align itself with the other states of the union so as to receive any benefits of government appropriation or government work through the proper medium. This body it was agreed should be established on a non-partisan basis and its membership should serve with no compensation other than their expenses in connection with their duties. They should however have power to employ expert assistance in carrying out their construction of a state-wide net of good roads. In this connection it was also suggested to the legislature that if the bill which will act or law passed at this or any succeeding session divert the funds arising from the automobile tax in order road working purposes to which it is now applied by law. The committee upon which will fall the work of bringing such a bill for the highway commission to the attention of the legislature will be composed of a county commissioner from each of the Georgia congressional districts. The members of the committee have been appointed follows: F. J. Frederick (third district), I. U. Garard, county of De Kalb, fourth district, George Moxes Wright (seventh), F. E. Fields, ninth and M. C. Holoy tenth. The officers of the association for the ensuing year are: W. Tom Winn, re-elected president; W. J. Hedgcock, county of De Kalb, vice president; Mallory Taylor, Macon, second vice president; B. Black, faculty of University of Georgia, secretary; Fred Houser, secretary of the Atlanta Convention bureau, treasurer. Manufacturer and builder of the Atlanta Journal of Atlanta, was selected as the organization's official organ. The delegates and their engineers and road specialists enjoyed a dinner Wednesday in the Kimball house. There were 100 present.

OVER \$1,500,000 SAVED BY CAREFUL PACKING

Chicago, November 17—More than \$1,500,000 was saved shippers and railroad companies during the first nine months of 1915 by efficient and careful packing, marking and handling of freight shipments, according to reports made at the semi-annual meeting of the American Railway Association here today. Reports also were made of decreased number of injuries and fatal accidents during the year, attributed to safety first appliances and regulations in operation on the railroads of the country. Sam W. Divine Dead. Chattanooga, Tenn., November 17—Sam W. Divine, aged 67, founder of the electric street railway in Chattanooga, and a veteran industrial promoter, died suddenly of pneumonia. He was prominently connected with financing and construction of the Electric Railway of Chattanooga, now a part of the Queen and Crescent system.

10 to 60% Advance on Oil Stock, Dec. 1

Another advance on oil indicates war demands may force \$200 barrel crude. The Uncle Sam Oil Company looking far ahead, raised new capital and bought up a big property in the Eastern District of the Great Cushing Oil field and also secured another big lease across the Arkansas River from the rich Boston Oil Pool. This Company has three Refineries, two of which are connected with our exempted pipe line 166 miles long connecting these two refineries with 129 of our 127 producing wells and the greater percentage of our 1500 acres of deeded land and about ten thousand acres of oil and gas leases. This Company has over Two Hundred locations on proven grounds in the high grade oil district that it should drill at once. To start the balance of 15 to 20 drills the stockholders increased the capital of the Company one third and the stock has been allotted on a dividend basis among the over 16,000 stockholders who are rapidly paying in new capital. The Company expects to raise over a million dollars from the new capital and soon increase the crude oil production to over ten thousand barrels per day. We are at work at this hour on 6 different locations that may increase our production an additional 5,000 to 10,000 barrels per day. A visit to the oil fields on our property will convince you that we have properties that can easily develop oil pools that should pour out millions of dollars. There have been made in Oil and millions will be made in oil, but it takes a lot of capital to build up on a big substantial basis. The present stockholders would not approve a sale now for our combined properties, including good well and established trade at less than Twenty Million Dollars. The stockholders believe in the future of the Company. We have a good fighting chance to protect our great Ocala Lease of 438,000 acres or uncover sufficient evidence to maintain a suit against the Trust under the Sherman Anti Trust Law of three times Four Hundred Million Dollars or a total of Twelve Hundred Million Dollars. The Uncle Sam Oil Company is the only real practical effort ever made against the Oil and Gas Monopoly in the Middle West. It has gone from perception to prosperity. Join a winner by becoming a stockholder at once in this growing, independent and help drive the oil and proven grounds while crude oil is rapidly advancing and may soon reach \$2.00 per barrel. The demand now grows greater each week and will be greater after the war. STRIKES RICH OIL POOL. Since this advertisement was first published one of our deep wells on our big Cushing property has developed a flowing well in the Wheeler sand. The well is now 2492 feet deep and flowed oil clear over the top of the derrick. Our field men estimate that it will make from 100 to 200 barrels natural. When completed it should make about 600 barrels daily for awhile. MAY MEAN REAL GUSH IN THE DEEPER SANDS. This well at this depth is a big surprise to everyone and is proof that we have a rich property. The rule has been in the Great Cushing field that usually under the Wheeler sand wells the great gushers have been found by deeper drilling 150 feet more and reach one big producing sand while 300 feet should reach the second. Our chances are good now to soon have from 6000 to 7000 barrel wells. Our other Cushing wells should reach the top of the Wheeler sand in two days. When all are completed a great production is assured. We have put up tankage—made six more ducts and rushed our pipe line extension from both ends. We have now sold at eighteen cents per barrel bonus or \$1.18 per barrel all the oil we do not need for our own refineries with chances good for \$1.50 per barrel within a few weeks. Under these conditions this real oil stock will probably be advanced sixty percent on December first—if not all sold by that date. A 10,000-barrel production will soon pay stockholders more than they need now to remit to cover the stock and such a production may be actually secured within a few days. We have our own prospecting wells for over one hundred producers in the different sands on this Cushing property alone. Also a new well on our big Ranch Creek lease in Pawnee County we have developed over one hundred feet of deep Bartlesville sand and proved up a district larger than the Rich Boston oil pool with oil wells and deep tests containing oil or gas on all sides. We will at once drill in the heart of this big property where from 200 to 2,000 barrel wells may be expected. If you want to join with an army of Red Blooded Americans in a just cause that will give you the power of criminal money with chances good for a profit of 200 to 1, then get busy quick and full payment if the Company approves your subscription to its stock. If you should not be approved your money will be promptly returned to you. For Reference—You can write to either of the big Mercantile Agencies at Kansas City. The par value of this stock is one dollar and our capital stock is equal to the developed value of our Ocala Lease when validated. By becoming a stockholder at once you will secure a stock allotment which is a conditional dividend. We are not trying to load you up, but will give you a fair rule for your money. You will like this Company when you get acquainted. This advertisement will reach over Twenty Million people. Thousands are figuring on the stock. Help yourself and this worthy Company by becoming a stockholder on a substantial basis, so we can push the drills on our proven properties and buy up and develop other properties. The Uncle Sam Oil Company will be the big successful competitor of the rich Monopoly. Join our Company and help build The Uncle Sam Oil Company so strong financially that it can protect all its big properties and become a National Benefactor to the public and a great profit-maker on an honest basis for its stockholders. The stock is non-assessable and the cash payment together with your agreement to remain loyal to the Company is accepted by the Company as full payment if the Company approves you as a stockholder. It wants none but loyal patriotic liberty-loving citizens as its stockholders and therefore reserves the right to approve or reject any subscriptions to its stock. If you should not be approved your money will be promptly returned to you. For Reference—You can write to either of the big Mercantile Agencies at Kansas City. Plainsmen Are Hard at Work

INEXPERIENCED SUBS COST AUBURN GAME

But Plainsmen Will Be Ready for Yellow Jackets on Turkey Day.

Auburn, Ala., November 17.—(Special.)—After the blow-up by the substitutes on the Auburn team in the Vanderbilt game, Auburn has set down to work in an effort to stage a come-back against the Yellow Jackets, who will be tackled on Thanksgiving day in Atlanta. Since the Yellow Jackets appeared off form in their game with Georgia, they, too, will be busy staging come-backs on field goal.

The weakness of the Auburn team all year has been the lack of experienced substitutes. It was realized that the team could not stand any losses because of injuries and when they did come in the way of injuries to the two field generals, the two men who had run the Auburn team all season, the blow was too great. The substitute backs had not had the proper training or experience for such an important contest.

The Auburn backs showed poor form in covering forward passes and poor judgment in handing punts. Auburn's young backfield candidates "cracked under the strain." That tells the tale of the game. An uncovered forward pass netted the Commodores their first score, poor judgment in handling a punt led to a second touchdown and a fumbled punt, which Vandy recovered, placed them in a position where they could make a field goal.

Line Molded Firmly.

The Auburn line had been molded from a green squad into a veritable stone wall through good fortune in that few injuries were received and the line has been practically intact all season. They showed themselves fully capable of caring for the cracked Vanderbilt backs only in covering punts did they appear off color, but this was to be expected on such a field, as it was a condition to which the Auburn men were not accustomed. The Auburn goal is of such a nature that it never gets so soft, even after very hard rains.

Auburn's experience "cropped out." Auburn took to Vanderbilt a squad of 28 men and of this number 20 were playing on the varsity squad for their first season. There were three men who played the game that had had as much as two years' experience; they were Fred Taylor and Fred Taylor and Fred Taylor. Of the 20 that played in the backfield for Auburn only Prendergast was a regular performer and this filling in with inexperienced men cost Auburn the game. In another year these men will be rapidly playing such a game with much credit to themselves and honor to Auburn, but they were not sufficiently experienced to go grilling a contest this season.

Play Was Rugged.

Auburn's team was a ragged looking aggregation for a November Auburn machine and appeared especially so against the smooth working Vanderbilt machine. The Commodores deserve great credit for the come-back which they staged against Auburn as they were at the top of their form. It is only to be regretted that Auburn was not in good shape for this game as the resulting contest would have been one of the best ever staged at Rickwood.

Tech Has Beaten Auburn But Once in History of Elevens

Has Tech ever defeated Auburn? Through the aid of J. E. Lovelace, graduate manager of the Auburn football team, we are enabled to answer this question, which has been put to us several times in the past few days.

Yes—once.

That was in 1906, when the Jackets were winner 11 to 0. The teams have engaged in seventeen contests in their history and of this number Auburn has won 15, scoring 450 points to 41 for the Jackets.

In eleven of the sixteen Auburn victories the Yellow Jackets were shut out, while they were able to score but six points in the other five.

Here are the former scores:

1892—Auburn 25, Tech 0.
1893—No game.
1894—Auburn 24, Tech 0.
1895—No game.
1896—Auburn 40, Tech 0.
1897—No game.
1898—Auburn 26, Tech 0.
1899—Auburn 83, Tech 0.
1900—No game.
1901—No game.
1902—Auburn 25, Tech 0.
1903—Auburn 10, Tech 0.
1904—Auburn 12, Tech 0.
1905—Auburn 12, Tech 0.
1906—Tech 11, Auburn 0.

EXHIBITS AT FAIR WIN HIGH PRAISE

Live Stock Showing the Best Ever Held in South, According to J. W. Van Natta and C. A. Tow.

With an even larger crowd than that which visited the grounds Tuesday at the opening, the Southeastern fair at Lakewood went on record as the best and biggest ever held in the state, following a review Wednesday evening of the day's exhibits.

Thousands of people visited the grounds from early morning until late in the evening, delighting in the showing of prize winning products of the "Southland."

Awards on the corn and canning clubs will be made today. The live stock awards are being made hourly.

J. W. Van Natta, of Lafayette, Ind., and C. A. Tow, of Norway, Ind., are the judges of the live stock. They have stated that the Southeastern fair's showing of live stock is the best ever held in the south.

Hereford Cattle.

Chief among the live stock exhibits is that of Hereford cattle. Herefords are specifically a beef breed and are remarkable for their size. Those exhibits are under the auspices of the American Hereford Cattle Breeders' association, which has brought entries from all parts of the country.

One of the most interesting exhibits at the fair is that of the Girls' Canning clubs in which are shown over 3,000 jars and cans containing almost every kind of fruit and vegetable. Forty-two counties are represented by the Canning club exhibit.

The pick of crops of over 2,400 young farmer members of the Boys' Corn clubs form another attractive exhibit. The corn is arranged neatly on long, red cloth covered tables in bundles, each bundle representing a youthful farmer. Over 120 counties are represented by the corn club exhibit.

The Southern Ruralist Magazine has a section of one of the large buildings in which it exhibits all kinds of products of rural and domestic importance.

Mrs. T. E. Fuller, of Atlanta, is in charge of the needlework section of the Ruralist exhibit. This section has been judged the finest ever shown in the United States, several pieces of handwork being shown which are valued as high as \$200.

Many Useful Exhibits.

In the two big buildings which house the fair are every known device and method shown which goes to increase the thriftiness of Georgia's rural citizenship. All kinds of implements bearing on domestic or agricultural development as well as every product turned out by those machines and devices are shown.

A steady stream of people poured into the buildings all during the day passing expert judgment on the exhibits and some of them openly making notes for future reference.

Some of the stock shown seems almost too large to be real. In the cattle exhibits there are some animals which look as if it was necessary for special doors to be cut in the building to admit them.

On many are to be seen bits and ribbons of former conquests and Wednesday the winners were decorated with awards made by the Southeastern Fair association judges.

Prizes for Cattle.

The prizes on cattle which have been awarded up to date are as follows:

In the Hereford exhibit: For bull 3 years or over, first, \$50, won by Gay Lad, owned by H. Taylor, Jr., Evans, Ky.; second, \$40, Beaux Fairfax, owned by W. T. McCray, Kentland, Ind.; third, \$35, Britton, Jr., owned by John Brown, Lexington, Ky.; fourth, \$30, McCray Fairfax, owned by W. J. Davis, Jackson, Miss.; fifth, \$25, Impet Fairfax, owned by F. E. King, Stock Farm, Ashburn, Ga.; sixth, \$20, Progressive, owned by J. J. Early, Barling, Mo.; seventh, \$15, Beau Love, owned by Anderson farm, Marietta, Ga.; eighth, \$15, British Baron, owned by Glaser Bros., Emporium, Dist. Arch. Co., Louisville, Ky.; ninth, \$10, Hiss, owned by Anderson farm, Marietta, Ga.

For bulls over 2 years old and under 3, first prize, \$100, won by Vernal King, owned by W. J. Davis, Jackson, Miss.; second, \$40, Letham Fairfax, owned by W. T. McCray, Kentland, Ky.; third, \$35, Superior Fairfax, owned by W. T. McCray, Kentland, Ky.; fourth, \$30, A. owned by J. V. Hill, Houston, Ohio; fifth, \$25, Perfection, Jr., owned by Charles C. Talliferro, Jr., Orange, Va.; sixth, \$20, 28-B, owned by People Stock Farm, Ashburn, Ga.; and seventh, \$15, 28-C, owned by J. J. Early, Barling, Mo.

Wash's Men's Statement.

Enthusiastic over the first two days of the exposition, Ivan E. Allen, chairman of the building committee of the Southeastern Fair association, gave out the following statement Wednesday: "I want to thank the people of Atlanta, especially to visit the Southeastern fair at Lakewood. It will open the eyes of Atlanta to the fact that the forgotten in cities—that the fundamental industry is agriculture—the tilling of soil and breeding of stock, the most important in the world, and not merely in Georgia or in America, rests primarily the social development of each."

"The small farm, with its hens, its cows, its pigs, its grain fields and meadows, is a permanent farm building, more so than that which nomadic life stopped and the nature of civilization and civilization began. Upon the product of farms today depends the prosperity of nations, the financial strength of the world, and the health of armies and navies. The maintenance of means of scientific research that are productive of victories in agriculture are the least years of business."

"Dumber crops mean better years for all fields of human activity. City people may think that they are not interested, but we are, and automobiles and good roads are being built, and we are closer to the real life—the independent life."

NO \$2,800 SALARY LIMIT FOR SOUTHERN LEAGUE

And More Than 14 Players May Be Carried, According to Clyde Shropshire.

New Orleans, November 17.—Southern association football club owners will be asked to operate under the \$2,800 salary and fourteen-player limit adopted for Class A leagues for the 1916 playing season by the National Association of Minor Leagues in annual convention in San Francisco last week, according to a statement published here today and attributed to Clyde Shropshire, president of the Nashville club.

Shropshire said the Southern association had been exempted from the ruling. Southern association clubs here have had a \$3,200 salary limit and were allowed to carry fifteen players.

EMORY FRESHMEN DEFEAT JUNIORS

Emory College, Oxford, Ga., November 17.—(Special.)—The freshman football team of Emory college Monday afternoon, on Weber field, won a splendid game from the juniors. Score, 15 to 0. Until this year it had been some eight years since a freshman team had made a touchdown. One week ago the freshmen won from the sophs, 13 to 0. As the score now stands the freshman team has won two games and lost two. The sophs have won one and lost one. If the sophs win from the juniors next Monday all the teams will be tied for the championship and post-season games will be necessary to decide which team gets the pennant. The fine showing of the freshman team is due largely to the coaching of Noel McConnell, a freshman and a member of the team, who won his letter at Gordon last season. The other team was coached by members of the faculty.

The Monday game was called six minutes before the end of the last quarter on consent of both captains, and because the junior team was on a substantial loss. McConnell and Teasley made touchdowns on line bucks, and Melton kicked both goals.

FRESHMAN POSITION JUNIOR

McCord	L. E.	Christian
Horsale	L. T.	H. K. Smith
Lane	L. E.	Lane
Lancaster	L. G.	Murray
Melton	R. G.	Wofford
Arnold	R. G.	Ross
Suffold	R. T.	English
Coker	R. E.	H. K. Smith
McConnell	Q.	Patillo
Teasley	(Capt.)	L. H. Weaver
Bivings	F.	Shaw

The junior star was Patillo. McConnell starred in the game. Freshmen team, Bivings, of the freshman team, made many gains through the line. Freshman, Fred Taylor, head line-man, Bart Rumble, time keeper, and Ross R. Mizell. Time 15-15-15.

QUERIES ANSWERED

Under this head the sporting editor will endeavor to answer all questions pertaining to all branches of sports.

(1) How many first downs were made by Tech in Georgia last Saturday? (2) Bet B that Tech wins game from Georgia last Saturday. Who wins? (3) Who wins? (4) Tech made eight six of seven on penalties while Georgia made seven, no penalties. (5) Bet is off.

CORRECTION

L. S. U. IS DEFEATED BY RICE INSTITUTE

Houston, Texas, November 17.—Rice Institute, of Houston, defeated the heavy Louisiana State university team here today, 6 to 0, in a football game featured by the frequent marches of both teams to the goal line only to be stopped by a sturdy defense.

Brown scored for Rice in the third period on a 25-yard forward pass and a gain of ten yards through the line. White played the play in the fourth quarter, and kept the ball in L. S. U. territory the greater part of the game.

WASHINGTON HURLER HURT WHILE HUNTING

Pittsburg, Pa., November 17.—James Shaw, pitcher of the Washington Americans, was probably fatally injured yesterday while hunting in Westmoreland county.

Shaw's gun was accidentally discharged as he climbed over a fence. The charge entered his neck. He was brought to a hospital here.

WHITE ELEPHANTS WIN FROM THE OLD STYLES

In a special match between two bowling teams—the Old Styles and the White Elephants—the White Elephants won by 133 pins. They also made the largest team score, 3,602 pins.

LIGHT WORK PROGRAM FOR YALE AND HARVARD

Teams End Hard Scrimmages in Preparation for Saturday's Big Battle.

Cambridge, Mass., November 16.—The Harvard football squad was called out for its last hard practice before the Yale game. The work tomorrow will be light and chiefly in the nature of a review of the game.

In their work this week the regulars have faced a second team, which has been put together by the Yale players. "Reggie" Brown, a Harvard scout, who has seen every game played by the Harvard team, says the Yale team is being kept in good shape by a covering of straw each night to keep out the frost.

New Haven, November 17.—Only light work was outlined for the Yale football team today, in preparation for Saturday having ended yesterday when the regulars were scrubbed by the strongest team of the coaches could put together. Tomorrow the eleven will leave for Auburn, Mass., where it will be quartered until the day of the game at Cambridge.

Behind closed gates as has been the custom for some time, the eleven had its final drill of the season here, the men being sent to the long signal drill and given individual coaching.

GEORGIA-TECH GAME AFTER SEASON CLOSES

Athens Student Body Favors Proposal, and Coach Cunningham Also Willing.

Athens, Ga., November 17.—(Special.)—Despite the taboo by authorities heretofore on such a program, there is much talk here of a proposal to stage another football game between Georgia and Tech, say on December 4, or in the holiday season.

There is great desire among the student body for such a game. Coach Cunningham is quoted as saying tonight that he would welcome the proposition, the game to be played at any time, anywhere and in any sort of weather.

The matter may yet be referred to the athletic and school authorities of the two institutions.

PIEDMONT INSTITUTE DEFEATS DOUGLAS

Waycross, Ga., November 17.—(Special.)—Piedmont institute of Waycross won the preparatory school football championship of south Georgia by winning a hard fought game with Douglas today, score 22 to 6.

Thirteen of Piedmont's points were scored in the first quarter, and the visitors rallied and made their only touchdown in the second quarter.

Hackett's 25-yard end run and Chapman's 40-yard run got the first two touchdowns for Piedmont. Smith kicked one goal. Scrubs of Douglas carried the ball over visitors.

Charlie O'Quinn's drop-kick for a field goal at 33 yards was a feature. Chapman's 35-yard run and line plunge added the final touchdown in the last quarter. Douglas worked the forward pass successfully twice for good gains.

The weight of the victors was overcome by Piedmont's speed and line work.

The game was witnessed by one of the largest crowds ever present at a football contest in Waycross.

Hope and Yamada Win.

New York, November 17.—Willie Hope and Koi Yamada won their games today in the handicap 15.2 built line billiard tournament.

Hope, the only scratch man, defeated George Slosson (375) in the evening contest, 509 to 480. Hope averaged 4 1/2-2-6, and Slosson 11-16.

Hope's best run was 87, and Slosson's 14.

Yamada (375) beat Joseph Mayer (225) of Philadelphia, in the evening game 375 to 283.

The same was witnessed by one of the largest crowds ever present at a football contest in Waycross.

Waite Heads City Managers.

Dayton, Ohio, November 17.—The City Managers' association in session here elected the following officers today: President, Henry M. Waite, of Dayton; vice president, J. G. Barnwell, of Rock Hill, S. KNOCKS AND BOUQUETS FOR ATLANTA POLICE

Miss Raoul Blames the Officers, and Mrs. Whiteside Blames Miss Raoul.

Judging from an exchange of opinions on the manner in which the police handled the suffrage parade on Tuesday morning, war is on again in suffrage ranks. Miss Eleonore Raoul, marshal of the parade and one of the leaders in the Equal Suffrage Party of Georgia, has issued a statement severely criticizing the police while Mrs. Frances S. Whiteside, president of the Georgia Woman's Suffrage League, has made a statement defending the officers and laying the blame on the marshal.

Miss Raoul's card follows:

Editor Constitution: I noted by The Constitution yesterday that Chief of Police Mayo said the confusion during the suffrage parade was due to a misunderstanding. I wish to state that there was absolutely no misunderstanding. For several days previous to the parade, officers of the suffrage association and myself had been to see both city and Harveist Festival officials in order to prevent any trouble.

Mr. Beaumont Davison gave me a letter to the chief of police, saying that special protection would be necessary, and to please do what I asked in the matter. The following is my letter to the chief:

November 13, 1915.

Mr. W. M. Mayo, Chief of Police.

Atlanta, Ga.

My Dear Mr. Mayo: Referring to Mr. Davison's letter in regard to police protection for the suffrage parade on Tuesday, November 16, I would like to say that the parade committee is desirous of having perfect order preserved.

While we anticipate no trouble, we realize, from the experience of suffragists, that it is important to have special police protection.

We would like two mounted policemen to head the parade at North Avenue and Peachtree street, where the procession begins, the women marchers fall into line, and in standing to this, we want as many policemen stationed along the line of march as you think necessary.

We know that if the slightest disturbance occurs the papers all over the country would be only too glad to take it up.

Trusting that you will see order preserved, I am,

Sincerely yours,

ELEONORE RAOUL,
Chairman of Parade Committee.

November 13, 1915.

Miss Eleonore Raoul, Chairman of Suffrage Parade Committee.

Dear Madam: Replying to yours of the 12th inst. relative to suffrage parade on Tuesday, November 16, I beg to advise that I will furnish the necessary police protection on this occasion.

(Signed) Very respectfully,
W. M. MAYO,
Chief of Police.

My letter was presented to the chief in person and that he said he would have two policemen to head our parade, but that all the mounted police that he could get would be back in the Spring street and head the suffragists at Ponce de Leon and Peachtree street. This meant that there be an intervention between the arrival of the officers and the end of the city parade, and we consider the arrival of the police a signal for our departure?

He said "Yes."

Previous to this I had seen Mayor Woodward. He told me he preferred us to let the parade go on and that he would not interfere. He wanted two distinct parades. I then saw Mr. Walter Taylor, who was to march in the city parade, and let me time elapse between the parades. It was made known to me that the city parade and ours. He wanted two distinct parades. I then saw Mr. Walter Taylor, who was to march in the city parade, and let me time elapse between the parades. It was made known to me that the city parade and ours. He wanted two distinct parades.

I then saw Mr. Clarke, manager of the Harveist Festival, and he said that the streets would be cleared even if a little time did elapse between parades. I saw Mr. Clarke several times and he said that the streets would be cleared even if a little time did elapse between parades. I saw Mr. Clarke several times and he said that the streets would be cleared even if a little time did elapse between parades.

Yesterday, after waiting one-half hour on the policemen and hearing by telephone that the parade was not ready, I went to the parade, and it started. The parade and I succeeded in turning some machines and wagons off of Peachtree until a rescuing party came. The first officer marching leaving Ponce de Leon. The confusion there was hopeless and I telephoned the chief of police and he said that he would send each one who they had received no orders. The ladies marching were crowded at Mitchell street and the officers and lookers who were not kept on the sidewalk. At Mitchell street the chief of police ordered the parade to start. The suffragists felt that as they were asked to parade during the Harveist Festival as much courtesy should have been shown to them as was shown to the other parades.

Sincerely yours,

ELEONORE RAOUL,
Chairman of Parade Committee.

November 17, 1915.

Mrs. Whiteside, on the other hand, says the criticism of the police is unwarranted. "All of the trouble was caused by the fact that Miss Raoul did not start her parade on time. The suffrage parade was scheduled to start at 10 o'clock, but she did not start until 11 o'clock. Instead it was nearly half past one when the parade started, and naturally the police could not hold the streets open.

"The women who were along the line where the suffrage parade formed, especially Sergeant Ryan, a very efficient officer, had to parade during the Harveist Festival, and he was very tired. He had to go ahead because we had parades to wait for Miss Raoul's automobile division.

"The parade was stopped twice after it finally got under way. The motorized automobiles were out of order, and Miss Raoul, instead of letting it drop out, tried to force it through the streets.

"When we got downtown the streets were crowded and we had very little trouble."

Chief of Police Mayo says that the suffrage parade was scheduled to start at 10 o'clock, but it did not start until 11 o'clock, and it was nearly half past one when it started. He says that the parade was held in the city, and that it was a very successful one.

BANK PORTER IS HELD NOT TO BE BANK AGENT

Richmond, Va., November 17.—Judge Edmund Waddill handed down a long-considered decision in the United States district court here today declaring that a bank porter is not a bank's clerk or agent and cannot be indicted as such for stealing money from the bank.

James Bradshaw, a negro porter, is charged with having stolen \$4,900 from the teller's cage of the Merchants National bank. The case was said to be the nature of a test of the statute in the suggestion of the United States attorney general.

Judge Waddill sustained the demurrer.
